

Working with CWRH

October 8, 2021

UAB MEDICINE

OBSTETRICS & GYNECOLOGY

CENTER FOR WOMEN'S REPRODUCTIVE HEALTH

AGENDA

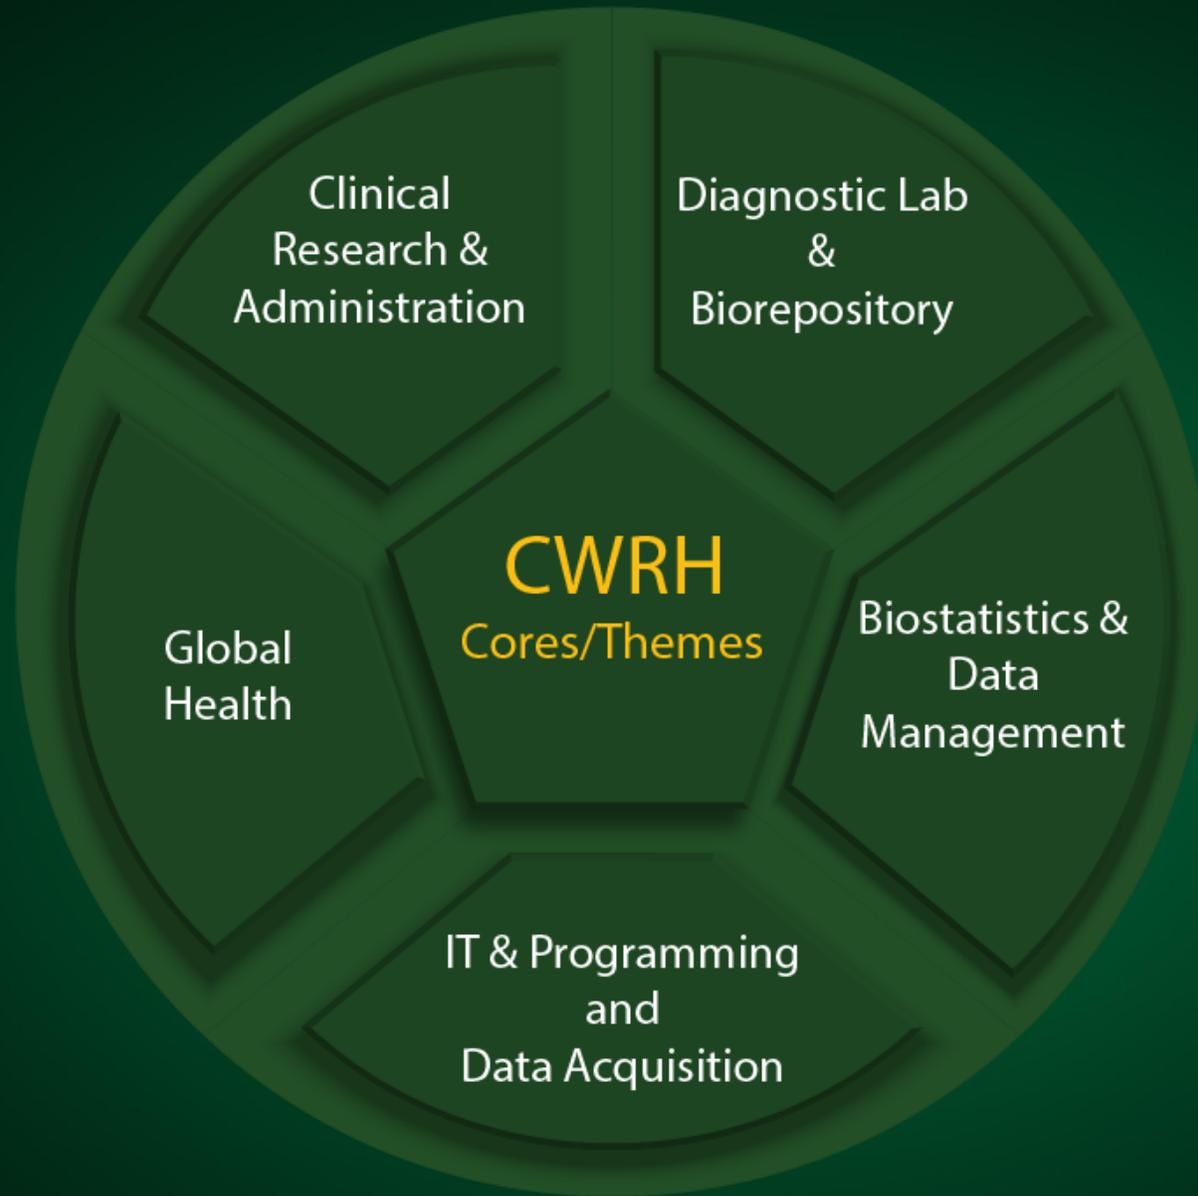

1. Brief overview of CWRH
 - Organization
2. Services and Contacts
 - Concept/Project requests
 - Regulatory/IRB
 - Project implementation
 - Biostatistics and data management
 - Pre-award
 - Post-award
3. Other- Service to match faculty with students/trainees

CWRH Mission

- To conduct research aimed at improving the reproductive health of all women, especially under-served women and their families.
- Facilitate collaboration between UAB researchers and developing scholars interested in women's reproductive health issues

Clinical
Research &
Administration

Diagnostic Lab
&
Biorepository

Management

IT & Programming
and
Data Acquisition

Center for Women's Reproductive Health Current Research Resources

CWRH Concept/Project Request

- Step 1 – Discuss and Submit concept – via CWRH portal
- Step 2 – Time will be allocated to present the study
- Step 3 – Send concept proposal 1-2 weeks prior to presentation (brief 2 page overview of the proposed research)
- Step 4 – Plan up to 30 minutes for presentation and discussion.
- Decision (via faculty vote)
 - Reject
 - Defer - refine the concept based on feedback and present revised concept
 - Approve
- Schedule prep meeting with relevant staff (IRB, lead coordinator, pre-award, etc.)

CWRH Concept/Project Request Submission

Submit research request

- CWRH services requested
- Funding
- Complete form

Directors

Gynecology

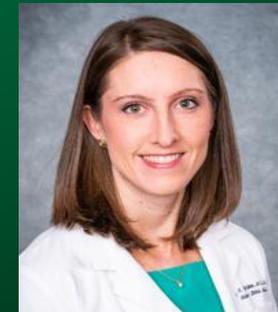

Holly Richter, MD, PhD

Global Health

Jodie Dionne, MD, MSPH

Obstetrics/ Maternal Child Health

Ashley Battarbee, MD, MSCI

Alan Tita, MD, PhD

Concept Proposal Outline

- **Title of Project and list of investigators**
- **Abstract** - brief summary of the proposed research including primary hypothesis and research question;
- **Background & Significance** - brief summary of supporting research and preliminary studies;
- **Study design** - preliminary description of how the study will be executed including the study population, inclusion criteria, exclusion criteria, randomized groups (if applicable), and methods, and sample size.

OBGYN Research Support

Grants

- **Pre-award/Submission (Traci Oden)**
 - Grant guideline document
 - Key timelines
 - Budget/CWRH Admin Fees
 - Other Support

- **Post-award (Kenny Adams/team)**
 - Notify of all grants esp outside of OBGYN
 - Monitor budgets
