

INNOVATION IN RESEARCH AWARD

The Innovation in Research Award recognizes particularly innovative and creative research activities and pioneering discoveries accomplished over the past 2-3 years.

Eligibility

Qualified candidates will demonstrate a sustained track record of outstanding research achievements. The candidate should demonstrate research excellence both as an independent investigator and through collaborative and multidisciplinary research initiatives. In addition, qualifications of the candidate may further include substantial mentorship of others in research, and professional service activities involving research.

Submission Requirements

Demonstrated evidence of research accomplishments includes, but is not limited to:

- 1) Publications generating frequent citations
- 2) Findings accompanied by invited editorials or reviews
- 3) Research receiving awards or other recognitions from journals or professional societies
- 4) Findings that are cited or disseminated in 'lay press' publications, evidence of research innovation and impact, or other public, high-visibility venues
- 5) Findings that have led to the initiation or continuation of grant funding to support this line of research

Please note that **any UAB Faculty Member** may nominate.

Deadline

5:00 pm Monday, April 1, 2019
