

Dept. of Medicine Hosts New Fellows Welcome Reception

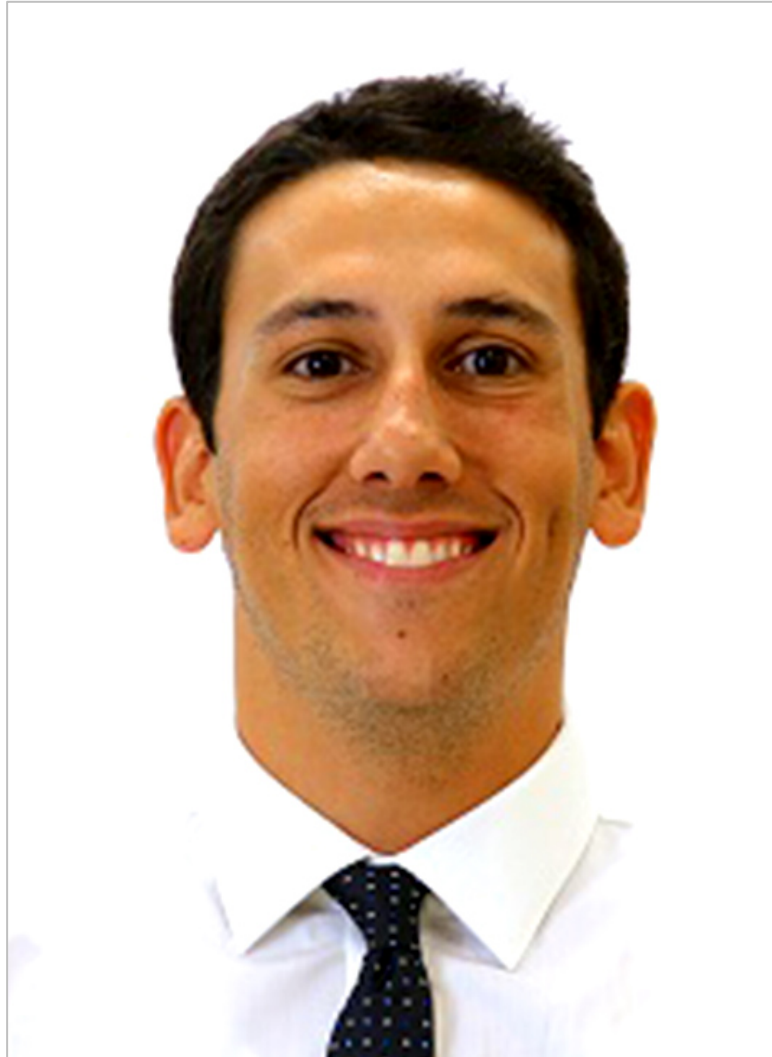

L to R: Hospice and Palliative Medicine fellows Katelyn Briggs, MD, and Carolyn Kezar, MD, with Associate Program Director Heather Herrington, MD, and Program Coordinator Elizabeth McAlister.

Patient Care Kudos:

Dr. Elrod's curiosity and follow-through unearthed important health details and spared his patient unnecessary procedures.

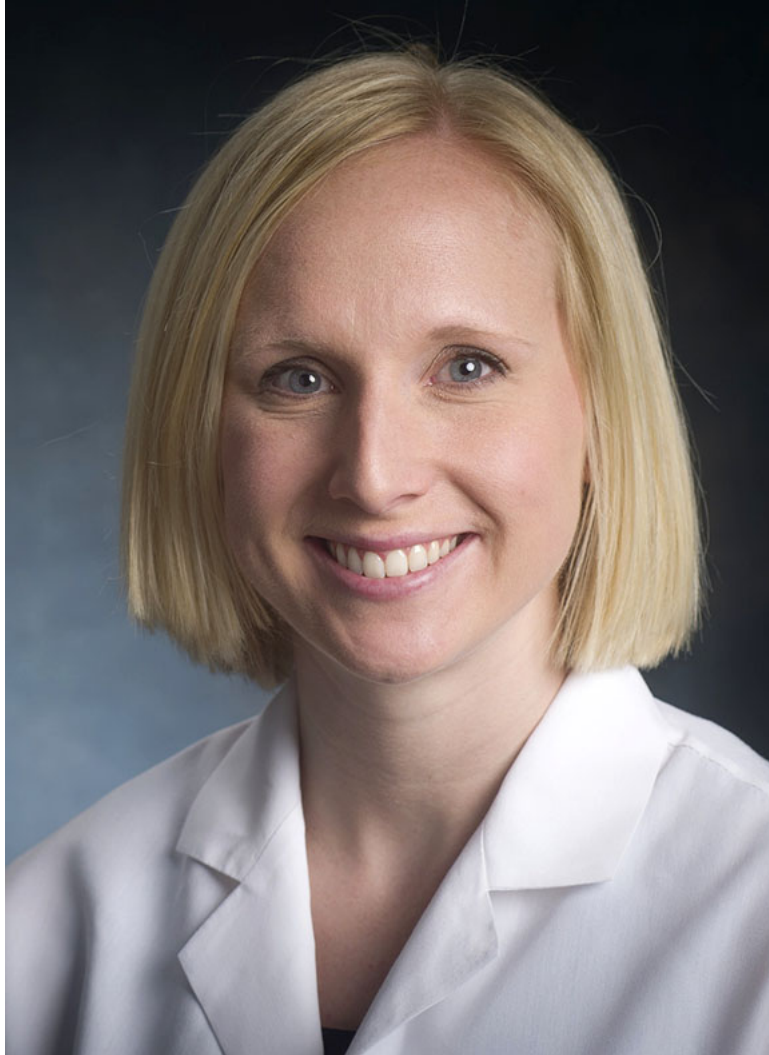

Jacob Elrod, MD
PGY-1

Lever Receives F31 Grant from NIDDK

His research focuses on the role of kidney macrophages in healing after acute kidney injury.

Jeremie Lever
MD/PhD Student, Nephrology

Larson-Casey Recognized for Research

Both a Parker B. Francis Fellowship Award and American Lung Association Biomedical Research Grant will support her research on cigarette smoking.

Jennifer Larson-Casey, PhD

Instructor, Pulmonary, Allergy, and Critical
Care Medicine

Ingram is Employee of the Month for July

Problem solver, great attitude, goes above and beyond, and happy to help are just a few of the phrases used to describe Jonathan's work ethic. We never see him without a smile!

Jonathan Ingram
Information Systems Specialist

UAB Medicine Taps Jones as First Chief Physician Executive

He will focus on improving quality and patient safety by promoting integration of the clinical service lines and developing innovative, value-added care models.

Keith A. "Tony" Jones, MD

Career-Building as a Trainee

A panel of female residents and fellows will discuss the challenges trainees frequently encounter as they begin their careers as women in medicine, including:

- Finding mentorship
- Developing leadership skills
- Identifying a clinical or research niche
- Balancing personal & professional responsibilities

Friday, August 11 at Noon
