SITUATION/QUESTION:

I got an email about a Security Vulnerability last week.
Was I supposed to do something?

SOLUTION/ANSWER:

Yes.
In today's world, keeping software updated is vital to ensuring our DOPM network remains secure and nothing happens to the important work that makes Preventive Medicine a great organization.

If you have:
· the Edge web browser or
· the Chrome web browser
….on any of your computers, please make sure you have followed the instructions in the email.

This is the symbol for Edge	
This is the symbol for Chrome (also known as Google Chrome)
