Explain all my passwords

This is an **encore** Tip of the Week.
 Re-sending it because it's potentially
 so useful to so many people.

Brought to you by
Lisa Schwaiger
 - DOPM HelpDesk Triage and
 Computer Tech in MT-403

SITUATION:

The 21st century can be a confusing place; sometimes it feels like I've got too many usernames and passwords at work.
 Please help clarify which is which and when to use what.

SOLUTION:

To help clarify the differences among your 3 work-related usernames/passwords:

	Used for	When password has to change
Blazer	UAB stuff as a whole, such as Oracle, Kronos, VPN, UABwifi, IRAP, Jabber, REDCap, Adobe Sign, Adobe Acrobat DC, UAB BOX	Never (Unless notified by ASKIT to change it)
DOPM	DOPM stuff, such as using DOPM computers and terminal servers, Kyocera copiers in Medical Towers, and Sharepoint websites hosted by DOPM.	every 4-5 months
Email aka: <ul style="list-style-type: none"> • Webmail • @uabmc • HSIS • "ONE Password" 	Email and ShareFile and anything related to "the Hospital"	about every 6 months

If you want Lisa to provide you a customized chart with your individual info, just email us at dopmHelp@uabmc.edu

Was this helpful? Do you have suggestions for a future Tip of the Week? Do you have any other comments?
