The University of Alabama at Birmingham

7th Annual Gary R. Hunter Award lecture

“Mechanisms Regulating Post-Exercise Improvement in Insulin-Stimulated Glucose Uptake by Skeletal Muscle”

Tuesday, May 14, 2019
4 - 5 p.m.
West Pavilion Conference Center – Room E

Gary Hunter, PhD, Professor Emeritus in the UAB School of Health Professions has been an international leader in exercise adaptation, energy metabolism and body composition research. The Gary R. Hunter Award recognizes Dr. Hunter’s contributions through more than 30 years at UAB and his goal as a researcher of passing knowledge along to others.

Gregory Cartee, PhD
Professor of Movement Science
Associate Dean for Research
School of Kinesiology, University of Michigan
