

Genetics and Genomics Seminar Series

Andrew J Carroll, PhD
Professor, Department of Genetics UAB

“Utilization of Cytogenetics for Risk Stratification in Children with Acute Lymphoblastic Leukemia”

Friday, September 17, 2021
12:00pm

Register in advance for this meeting:

<https://uab.zoom.us/meeting/register/tZclc-qrpjkjE9a2gBqsoSGJPGfDPbvGRW0z>

Target Audience: UAB Broader Genetics Community

Disclosures and acknowledgements:

- Andrew Carroll has no actual or potential conflict of interest in relation to this program/presentation.
- The following planners, speakers, moderators, and/or panelists of this CE activity have no relevant financial relationships with commercial interests to disclose: Lizhong Wang, PhD; Runhua Liu; PhD

There is no commercial support for this session

Objectives: After attending this session, participants should be able to understand:

1. The clinical markers used for risk stratification in pediatric ALL
2. The different karyotypic subgroups associated with pediatric ALL
3. Which karyotypic subgroups are associated with favorable/unfavorable outcome
4. How the karyotypic groups can be used to develop targeted therapies

Sponsored for CME Credit by UAB Division of CME

The University of Alabama School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The University of Alabama School of Medicine designates this Regularly Scheduled Series session for a maximum of 1 *AMA PRA Category 1 Credit(s)*TM. Physicians should claim only the credit commensurate with the extent of their participation in the activity. The University of Alabama School of Medicine is an equal opportunity/affirmative action institution.
