

GBS 723 – Topics in Professional Development

Syllabus

Fall 2018

Time: Wednesdays, from 3:30 – 5:00 p.m.

Place: Shelby building, conference room 415

Moderators: Harry Schroeder, MD, PhD, Laurie Harrington, PhD and Ada Elgavish, PhD

Topic: *Immune-Mediated Diseases:* The objectives of this course are: (1) To provide graduate and postdoctoral immunology trainees with an opportunity to learn medical aspects of immunological diseases and discuss these with UAB experts in the respective medical area; (2) To train the students in searching the literature for medical aspects of immunological diseases; and (3) To encourage discussion and help the students discern differences between information obtained in polished articles in the literature and the medical picture emerging at the patient's bedside.

Session #	Date	Immune Disease Discussed	Trainee Assigned	Moderator
