

# Structural Biology Forum

**UAB** THE UNIVERSITY OF  
ALABAMA AT BIRMINGHAM.

**Michael Marty, Ph.D**

Department of Chemistry and Biochemistry, University of Arizona

## **Revealing membrane protein-lipid interactions with native and lipidomic mass spectrometry**

March 12, 2025  
11:45 am–1:00 pm  
BBRB 170

The UAB Structural Biology Forum (SBF) brings together specialists and non-specialists in structural biology to promote collaborative structure–function research in diverse disciplines including infectious diseases, cancer, immunology, cell biology, drug discovery and design, cell biology, and microbiome/metabolomics.

Refreshments will be served. For more information, please contact Dr. Jamil Saad ([saad@uab.edu](mailto:saad@uab.edu))
