# Structural Biology Forum

**Corinne Augelli-Szafran, Ph.D**

Department of Biochemistry and Molecular Genetics, UAB

## A Drug Discovery Overview

October 1, 2025  
11:45 am–1:00 pm  
BBRB 170

The UAB Structural Biology Forum (SBF) brings together specialists and non-specialists to foster collaborative structure–function research across diverse fields, including infectious diseases, cancer, immunology, cell biology, microbiology, and drug discovery. Refreshments will be served. For more information, please contact Dr. Kevin Pawlik ([iSB@uab.edu](mailto:iSB@uab.edu))
