

UAB Research Methods and Secondary Data Analysis Seminar Series 2017

Mark Your Calendars -

- **1st Thursdays of the month at noon** (11:45am-1:15pm Central Time/ 1:00pm ET/ 11am MT/ 10am PT)
- UAB Medical Towers 634 and
- via Video Conference (VC) and Phone connecting to partners via RealPresence <http://iits.uasystem.ua.edu/RP.html>
- RSVP to Dawn Fizer at dfizer@uabmc.edu (Lunch provided for reservations)

Schedule 2017 –

Dates 2017	Topics	Speakers
Feb 2	How To Establish A New And Collaborative Line Of Research	Burel Goodin, PhD UAB School of Medicine and College of Arts and Sciences
Mar 2	Toward the Understanding of Mechanisms Contributing To Ethno-Racial Disparities in Health	Irena Stepanikova, PhD UAB College of Arts and Sciences
Apr 6	UAB Mentoring Week Keynote Address at The Edge of Chaos (Lister Hill Library 4 th floor)	Jabbar Bennett, PhD Northwestern University
Friday, Apr 28	Next Steps in Using Medicare Claims Data for Health Services Research - Face-to-face Workshop, 8am-1pm	Meredith Kilgore, PhD et al – UAB School of Public Health
May 4	How Needs Assessment and Asset Mapping Can Improve Your Research	Lisle Hites, PhD UAB School of Public Health
June 1	Is This the Dataset for You? – Looking at Cognitive Interventions on Everyday Functions in Older Adults – The ACTIVE Study	Karleen Ball, PhD UAB College of Arts and Sciences
July 6	(No seminar due to holiday)	
Aug 3	Chronic Hepatitis C: Public Health Response and Health Disparities	Ricardo Franco, MD UAB School of Medicine
Sept 7	Measurement Metrics in Research	Olivio Clay, PhD UAB College of Arts and Sciences
Oct 5	Reducing Racial Disparities in Fracture Outcomes: Examining Racial Disparities in Osteoporosis Prevention	Nicole Wright, PhD UAB School of Public Health
Nov 2	Sociodemographic Patterns of Chronic Disease: How the Mid-South Region Compares to the Rest of the Country	Gabriela Oates, PhD UAB School of Medicine
Dec 7	(No seminar due to end of semester)	

To Connect via Video Conference (VC) or Phone:

- Download and install free RealPresence video conference software to your computer to connect. This must be installed and tested with IITS at least one day **in advance**. <http://iits.uasystem.ua.edu/RP.html>
- **All desktop participants dial in to the video conference via: 99900634**
- You may **call into the VC using phone number 205-930-6575** (if you are off-site, or there are internet connection problems with our video conferences)
- If you have connection or technical issues please contact IITS at 205-975-6854

This seminar series is sponsored by the:

UAB Minority Health & Health Disparities Research Center (MHRC)
Deep South Resource Center for Minority Aging Research (RCMAR)
UAB Center for Outcomes and Effectiveness Research and Education (COERE)
UAB Center for Clinical and Translational Science (CTS)

Research Methods and Secondary Data Analysis (RMSDA) Seminar Series

Secondary Data Analysis & Health Services, Outcomes, and Effectiveness Research Methods Seminars

We record the session and make the PPT available to the audience who attends, as well as those on the distribution list, and those who may view the video on the website later. We connect via video conference to scholars at our partnering institutions which include Alabama State University, Morehouse School of Medicine, Tuskegee University, Jackson State University, Creighton University, the University of Alabama, and others.

Secondary Data Analysis (SDA) Seminars

Provide an overview of secondary data sets available for analysis

Goals:

- Present an overview of the dataset and its data elements
- Provide examples of research questions that can be addressed with dataset
- Include participation of junior investigators that have used data (if possible)
- Discuss protocol for access to data and resources for data management/analysis

Health Services, Outcomes, and Effectiveness Research (HSOER) Methods Seminars

Review HSR/OER methods in current research projects, grants, and/or publications

Goals:

- Present work with detail on research methods that may be applied to other areas of research
- Focus on scientific methods with attention for potential cross-pollination in terms of application/adaptation of methods and/or new collaboration
- Discuss research methods and tools with potential for wider implementation. How can x technology or approach that has been used to successfully study disease y, in setting z, translate, or be applied to study another disease in another setting.

This seminar series is sponsored by the:

UAB Minority Health & Health Disparities Research Center (MHRC)

Deep South Resource Center for Minority Aging Research (RCMAR)

UAB Center for Outcomes and Effectiveness Research and Education (COERE)

UAB Center for Clinical and Translational Science (CCTS)
