University of Mississippi Medical Center in Jackson
Instructor Position in Microbiology-Immunology

The Department of Microbiology and Immunology at the University of Mississippi Medical Center in Jackson, MS invites applications for a faculty position at the instructor rank. There are presently 12 microbiology faculty members in the department with interests in bacteriology, immunology, parasitology, and virology. Faculty salaries are traditionally 100% supported from institutional funds. A successful candidate must have a Ph.D. or equivalent degree. This twelve month position involves teaching, research, and service. Teaching responsibilities will primarily involve lectures to students in the master’s program in Biomedical Sciences.

The University of Mississippi Medical Center campus includes the Schools of Medicine, Nursing, Health Related Professions, Dentistry, Pharmacy, and Graduate Studies in Health Sciences. The Medical Center has five interconnecting hospitals and a variety of clinics serving the entire state. The metro Jackson area offers affordable living with one area being named among the Top Towns for Families in America.

Interested individuals should submit a curriculum vitae and the names and contact information of three references to:
