

2014 Nephrology Essentials for the Advanced Practitioner

PROGRAM OVERVIEW

This conference is designed for the Advanced Practitioner to help evaluate, diagnose and treat patients with renal disease. Topics range from chronic kidney disease, guideline integration, challenging DM nephropathy, advances in PD, renal and pulmonary diseases and more. All topics are presented by practitioners and physicians specializing in nephrology.

OBJECTIVES

- To advance the knowledge of health care providers involved in the care of patients with kidney disease.
- To provide a didactic program directed at relevant topics impacting the progression of chronic kidney disease.

CONTACT HOURS
