

## Medical Student Summer Program

### UAB-UCSD O'Brien Center 2022

#### Potential opportunities

Name of Mentor	Department/ Division	Topic of lab/ Research Projects
<b>Malgorzata Kasztan, PhD</b> <a href="mailto:mkasztan@uabmc.edu">mkasztan@uabmc.edu</a>	Division of Pediatric Hematology & Oncology, Department of Pediatrics	<i>sickle cell kidney disease</i>
<b>Yabing Chen, PhD</b> <a href="mailto:yabingchen@uabmc.edu">yabingchen@uabmc.edu</a>	Molecular and Cellular Pathology; Comprehensive Diabetes Center	<i>Understanding pathogenesis of cardiovascular disease and aging</i>
<b>Zhengrong Guan, PhD</b> <a href="mailto:zhengrongguan@uabmc.edu">zhengrongguan@uabmc.edu</a>	Medicine – Nephrology	<ul style="list-style-type: none"> <li>• <i>Role of S1P in microvascular function and in IR-AKI animals</i></li> <li>• <i>Reactive oxidative species (ROS), cytokines and inflammation in IR-AKI</i></li> <li>• <i>Sex differences in renal autoregulation and in renal microvascular injury in IR-AKI</i></li> </ul>
<b>Carmen De Miguel, PhD</b> <a href="mailto:mdemiguelgarijo@uabmc.edu">mdemiguelgarijo@uabmc.edu</a>	Section of Cardio-Renal Physiology and Medicine Medicine – Nephrology	<i>Understanding the role of inflammation and inflammatory mediators in leading to kidney disease in hypertension and diabetes</i>
<b>Kyle Wood, MD</b> <a href="mailto:kylewood@uabmc.edu">kylewood@uabmc.edu</a>	Department of Urology	<i>Understanding hyperoxaluria in a stone-forming population within UAB</i>
<b>Claretha Lyas, MD</b> <a href="mailto:clyas@uabmc.edu">clyas@uabmc.edu</a>	Medicine – Nephrology	<i>Evaluating Remote Blood Pressure Monitoring on Black Chronic Kidney Disease Patients as a Metric for Renal Disease Progression</i>
<b>David Pollock, PhD</b> <a href="mailto:davidpollock@uabmc.edu">davidpollock@uabmc.edu</a>	Medicine – Nephrology	<i>The impact of circadian rhythm on regulators of blood pressure and sodium excretion</i>
<b>Subhashini Bolisetty, PhD</b> <a href="mailto:sbolisetty@uabmc.edu">sbolisetty@uabmc.edu</a>	Medicine – Nephrology	<i>Determining the role of ferritins on sepsis-associated acute kidney injury</i>
<b>Javier A. Neyra Lozano, MD</b> <a href="mailto:jneyra@uabmc.edu">jneyra@uabmc.edu</a>	Medicine – Nephrology	<i>AKI risk-classification for management and adaptive trial design</i>
<b>Vineeta Kumar, MD</b> <a href="mailto:vkumar@uabmc.edu">vkumar@uabmc.edu</a>	Medicine – Nephrology	<ul style="list-style-type: none"> <li>• <i>Living Kidney Donation</i></li> <li>• <i>Incompatible Kidney Transplant</i></li> </ul>
<b>Lisa M. Curtis, PhD</b> <a href="mailto:lisacurtis@uabmc.edu">lisacurtis@uabmc.edu</a>	Medicine – Nephrology	<i>Transgender kidney health</i>

The summer program will involve **primarily research**, but will **also include opportunities** to engage with nephrologists and kidney researchers to improve your awareness of the field and grow your network.
