

# Head and Neck Cancer Survivors Choir

The Head and Neck Cancer Survivors Choir is dedicated to using the power of music to be a voice of hope for all those whose lives have been touched by cancer.

## Who it's for

The choir is for those living with head and neck cancer, survivors of head and neck cancer, and family, friends, or caregivers who enjoy singing or playing an instrument.

## How it works

Each session will be hosted online via Zoom. All you need is a desire to express yourself through music and a computer or smartphone with video capabilities.
