In Appreciation

Prof. Richard J Harvey, MD PhD

Richard currently works as a dedicated rhinologist (nose, sinus, allergy and endoscopic sinus and skull base surgery) at Macquarie University and St Vincent's Hospitals in Sydney. He is the program head of Rhinology & Skull Base Surgery at the Applied Medical Research Center of UNSW and is Professor at both the University of NSW and Macquarie University. After several years of post-training fellowships, including formal fellowships in the USA and UK, Richard practices in Sydney, Australia, as one of only a few dedicated rhinologists in the country. He has authored over 300 publications, books, book chapters and completed his PhD in trans-nasal skull base surgery. Richard has presented over 800 lectures and talks on sino-nasal disease management. He is the current Editor-in-chief of the Australian Journal of Otolaryngology (ww.w.TheAJO.com) as well as an associate editor for the Cochrane ENT disorders group currently. Richard contributes to the editorial board for Rhinology Journal, American Journal of Rhinology & Allergy and the International Forum of Allergy and Rhinology and is actively involved in research programs in Sydney. He is the recipient of the Australian Society of Otolaryngology Head & Neck Surgery Medal for *Distinguished Contribution to the Art and Science of Otolaryngology Head and Neck Surgery*, intended to recognise members who are providing outstanding OHNS services beyond their normal practice activities. Along with training surgeons in both developed and emerging countries, Richard runs a series of courses with Sydney every year to further rhinologic education and training in Australia.

Prof. Ray Sacks, MD

Ray Sacks is deputy President of ASOHNS (Australian Society of Head and Neck Surgery) and Federal Council of RACS (Royal Australian College of Surgeons) and a Professor of Otolaryngology-Head & Neck Surgery at Macquarie University in the Faculty of Medicine and Health Sciences. He is also a Clinical Professor at Sydney University and is the Academic Head of the Department of ENT Surgery at Concord Hospital in Sydney. Professor Sacks was the Chief Examiner in Otolaryngology/Head and Neck Surgery for the Royal Australasian College of Surgeons from 2012-2014 and was the President of the Australian and New Zealand Rhinologic Society from 2008-2013. He is a Past President of the NSW branch of the ASOHNS Society and has convened multiple conferences, Endoscopic Sinus Surgical courses and workshops throughout Australia, Asia and North and South America. Ray is an associate editor on multiple journals and sits on the Editorial Boards of both the American Journal of Rhinology and Allergy and the Journal of Laryngology and Otology. He has published over 100 scientific papers in peer reviewed journals and 13 book chapters. He was awarded the Australian Society of Otolaryngology - Head and Neck Surgery Medal for 2015 for "Outstanding Contribution to the Art and Science of Otolaryngology-Head and Neck Surgery" and was awarded the International Rhinology Society certificate for "Distinguished service to the International Rhinologic Community" in Brazil in May 2015. He has previously received medals and certification from the University of Sydney, the Royal Australasian College of Surgeons and the College of Medicine of South Africa.

In Memory of Dr. Julius N. Hicks

"Through his efforts in patient care, teaching, and scientific investigation, he set in motion processes that would carry us to a position of national recognition and prominence in otolaryngology."

Glenn E. Peters, MD

On September 6, 2006, in celebration of their 50th wedding anniversary, Dr. and Mrs. Julius N. Hicks endowed the Ann B. and Julius N. Hicks Lectureship in Otolaryngology to help support education in Otolaryngology—Head and Neck Surgery. Dr. Hicks directed the Division of Otolaryngology—Head and Neck Surgery, from 1985 to 1992. He passed away on January 5, 2009, at the age of 80.

Dr. Hicks earned his medical degree from Duke Medical School and completed his residency at Harvard University's Massachusetts Eye and Ear Infirmary. He joined the UAB faculty in 1960 and retired in 1992. "Dr. Hicks will always be remembered as the driving force behind our program," said Glenn E. Peters, MD.

This lectureship is a tribute to Dr. and Mrs. Hicks in appreciation for all the personal and professional contributions they have made to the department and to resident education. It continues to provide distinguished guest speakers from throughout the country to assist in the education of the residents.

We are honored to have Mrs. Hicks, her family, and friends continue to attend this important event as we remember Dr. Hicks.
