

THE UNIVERSITY OF ALABAMA AT BIRMINGHAM

The Department of Pathology, Division of Molecular & Cellular Pathology, invites applications for a non-tenure earning research Instructor position, to study the regulation of stem cell differentiation in vascular disease. Clearly demonstrated expertise in investigating the regulation of mesenchymal and/or hematopoietic stem cells in the pathogenesis of cardiovascular disease is essential. Experience with animal models of atherosclerosis and other vascular diseases is desirable. The successful candidate will be expected to initiate an independent extramural funding program. Applicants must hold a Ph.D. in cell biology or similar field, and candidates with less than 5 years relevant postdoctoral experience are preferable. Salary will be commensurate with years of experience and training. A Pre-employment background investigation is performed on candidates selected for employment. Interested candidates should submit a letter of interest together with a comprehensive curriculum vitae that outlines research interests to: PATH-MCPI@mail.ad.uab.edu
