

DEPARTMENT OF PATHOLOGY, DIVISION OF ANATOMIC PATHOLOGY
UNIVERSITY OF ALABAMA AT BIRMINGHAM

Anatomic Pathologist

UAB is seeking a highly motivated senior level, tenured or tenure earning, Anatomic Pathologist faculty member [Associate Professor or Professor] to serve as the head of a functioning laboratory focused on translational research in cancer and to lead a dynamic NIH-funded tissue/tumor resource covering cancer and multiple other diseases.

The ideal candidate will be an MD or MD/PhD who is eligible for medical licensure in the state of Alabama and board certified in Anatomic Pathology, possesses a strong record of publishing in experimental, translational and/or clinical research and has a strong record of extramural funding. A transitional period of collaboration with an established and successful senior faculty member can be arranged to aid in the transfer of the candidate's research to UAB.

Rank and salary are commensurate with training and experience and potentially additional leadership opportunities are available. UAB has a large and diversified outstanding faculty and offers training to more than 75 residents, clinical fellows, graduate students and post doctoral associates. Ample research and clinical space exists in multiple facilities across the campus and interdisciplinary research is fostered among the members of our myriad of Centers, Departments and Institutes.

Interested candidates should submit a cover letter that includes research interest/experience, curriculum vitae, and the names of three references to the attention of Steven L. Carroll, M.D., Ph. D., Professor of Pathology and Director, Division of Neuropathology, Department of Pathology, University of Alabama at Birmingham, path-aprecruits@mail.ad.uab.edu. All applications will be accepted until position is filled.

The University of Alabama at Birmingham is an Affirmative Action/Equal Opportunity Employer and encourages applications from qualified women and minorities.
