

Short-Term Research Experiences Advancing Medical Students (STREAMS) 2020 Summer Research Opportunities

The following Department of Surgery faculty and staff have expressed interest in mentoring medical students. Listed below are potential projects. Note that this list is not comprehensive and that students are welcome to contact faculty who are not on the list below to inquire about potential options as well.

Interested students should send their résumé to each potential mentor via email to express interest and request a brief meeting to discuss.

Eight- or ten-week experiences are available. **Students desiring stipend support must apply via the [UAB SOM MSSRP Common Application](#).**

If you have questions and need additional guidance to identify a mentor, please contact Rebecca Turner at rebeccaturner@uabmc.edu or 205-934-2592.
