

The University of Alabama at Birmingham (UAB) 2020 Partnership Research Summer Training Program (PRSTP)

The University of Alabama at Birmingham (UAB) invites honors-level undergraduate students majoring in a scientific discipline with interest in cancer medicine, basic cancer research, health disparities, or similar, to participate in its eight-week Partnership Research Summer Training Program (PRSTP), which takes place in June and July 2020.

Eligible Applicants: We are accepting applications for these paid internships from undergraduate or graduate students currently enrolled in masters programs from the historically black colleges/universities (HBCU), minority-serving institutions (MSIs), and UAB. Students will receive a stipend for at least 30 hours per week. All applications must be received **by Wednesday, April 1, 2020, by 5 pm CST.**

The overall goal of the PRSTP is to establish a program that will encourage interest and facilitate student training in laboratory-based or translational cancer research. Through attendance and participation in designated seminars, research students will be able to enhance their knowledge, scientific techniques, and expertise in cancer and cancer research. Participants in these programs will become stronger candidates for cancer-related Master's, and PhD programs as well as medical school.

The Partnership Research Summer Training Program will run from **June 1st- July 24th, 2020 (8 weeks)**, and includes three components:

1. **Course work:** Students will attend weekly noon cancer education seminars provided by UAB faculty.
2. **Practical/Field Training:** Students will be linked with a mentor in their respective fields to work in their laboratory on a cancer-related research project. The student may work with a specific research interest or an existing data set to identify ideas or proposals for future research.
3. **Seminars:** Students will attend a two-day Cancer Education Course as well as a two-day Cancer Research Symposium (CRS). At the CRS they will each present a research abstract and poster based on their summer research experience. UAB will pay for poster printing and travel expenses including one night in the hotel.

We encourage interested and qualified undergraduate or master's students of all majors to apply. All students are required to submit an application form, essay, undergraduate and master's transcripts, as well as two letters of reference.

Applications must be submitted by **Wednesday, April 1st, 2020, UAB PRSTP Committee** at the address on the application page or via email to Dr. Ramsey, (tramsey@uab.edu).

We thank you for your interest and encourage you to return your completed application as soon as possible.

Regards,

Upender Manne, PhD, MS
