POSITION ANNOUNCEMENT
Researcher II (Part-Time/6 Hours per week)
Sexual and Reproductive Health in Women with Cystic Fibrosis Research Project
PI of Study: Sigrid Ladores, PhD, RN, PNP, CNE

SUMMARY:
The purpose of this research study is to learn about the sexual and reproductive health experiences and attitudes of adult women with cystic fibrosis (CF), their partners, and their healthy counterparts. Online surveys will be collected from adult women with CF ages 25 and older, their partners age 18 and older and healthy controls age 25 and older.

RESPONSIBILITIES:
- Work under the direct supervision of the Principal Investigator in accordance with UAB, School of Nursing, and Office of Research and Scholarship policies and procedures.
- Assist with recruitment of study participants and data collection in accordance with established protocols. Assist in communicating with the study participants; obtain baseline and follow-up data, and other as assigned by Principal Investigator. Schedule data collection efforts.
- Prepare participant materials, plan for meetings, and send out correspondence.
- Compiles documents and equipment for use at data collection activities.
- Ethical conduct is a fundamental expectation for every UAB community member. All employees must abide by the standards of behavior outlined in the UAB Enterprise Code of Conduct. Upon hire, new employees are required to attest to the Code by completing the online training that is assigned to them. Behaviors inconsistent with the Code may result in appropriate consequences.
- Performs other related duties as directed to support the missions of the School of Nursing.
- Non-benefitted position to last for one year or as funding allows.
- Work up to 6 hours per week.

QUALIFICATIONS:
- Bachelor’s degree in related field or Associate’s degree and two (2) years of related experience or HS diploma and four (4) years of related experience required. Bachelor’s degree and 1 year of related experience strongly preferred.
- Data management proficiency.
- Must be able to communicate well orally and in written form.
- Must be self-directed and possess strong organizational skills.
- Successful completion of training in the responsible conduct of research and protection of human subjects.
