

# ATTIS AND AI SYMPOSIUM 2025

The inaugural "AI Nephrology Symposium"  
(*Augmented Intelligence and Digital Health in Kidney  
Care: A Multidisciplinary Symposium*) is scheduled to take  
place on **April 8-9, 2025**, jointly with ATTIS at UAB

## OBJECTIVES

- Promote collaboration among experts in medicine, biomedical informatics, and related fields
- Showcase cutting-edge research of latest findings and innovations in AI-driven diagnostics, prognostics, and therapeutics
- Identify future research and implementation directions
- Promote further development of AI and Digital Health in Nephrology

## COLLABORATION

This Symposium is a sponsored collaboration of the **UAB-UCSD O'Brien Center** for Acute Kidney Injury Research, the **Divisions of Nephrology at UAB** and the **University of California San Diego**, the Division of Data Driven and Digital Medicine (D3M) at **Mt. Sinai Healthcare System**, and the **UAB Nephrology Research and Training Center**.

## SYMPOSIUM LAYOUT

The symposium will feature keynote presentations from renowned experts, Q&A sessions, and panel discussions. Young investigators and trainees, particularly from UAB as the inaugural host institution, will also have the opportunity to present their work and receive feedback from established researchers and key stakeholders.

**REGISTER HERE:**

## AT A GLANCE
