This event will help fund student travel grants to attend the 2017 American Academy of Optometry meeting. Don’t miss this informative evening while supporting a great organization!

February 9, 2017
6:30-8:30 PM
UAB School of Optometry - Room 301

Rapid Fire: Current Topics in Eye Care

In rapid fire format, late-breaking trends, treatments, and technologies in eye care are highlighted. UABSO faculty members, who are also Academy Fellows, representing diverse areas of expertise will be the featured speakers. Topics will span the entire spectrum of eye care including pediatrics, contact lenses, ocular surface disease, ocular imaging, health care policy, and medical coding.
