New to the NIH Grants Process? Register for the 2019 NIH Regional Seminar in Baltimore, MD

Meet Face-to-Face & Talk with Experts from NIH & HHS This May in Baltimore, MD

NIH Regional Seminar on Program Funding & Grants Administration - May 15-17, 2019

Can you relate to this? When I started working with NIH grants, I was told it would take at least two years to feel confident with my knowledge of the NIH process and policies, but I still wouldn’t know everything. I kept a list of NIH acronyms next to my computer and a hard copy of the NIH Grants Policy Statement on my desk at all times! I wish I had known earlier about these NIH seminars and the opportunity to learn directly from so many different NIH & HHS experts, all in one place. Plus, the opportunity to get so many contacts to help…what a valuable experience!

Are you new to working with NIH or know someone who could benefit from a comprehensive seminar on the NIH grants process? If so, read on...The NIH Regional Seminar on Program Funding & Grants Administration provides an unparalleled opportunity for you to gain a better perspective of NIH policies and programs, network with peers, gather helpful NIH contacts, and return to your office or lab with useful information, resources, and tools to assist in obtaining and managing NIH awards. (For an inside look at the seminar, check out the 2-minute video image above, also found on the seminar’s Welcome Page!)

Registration is OPEN for the Spring 2019 NIH Regional Seminar Baltimore, MD:
- Wednesday, May 15 Optional Pre-Seminar Workshops
- Thursday-Friday, May 16-17 2-Day Seminar

In a nutshell, here is why you should plan on attending and reserve your seat today!

Who Attends? Over 650 new investigators, research administrators, grant writers and others working with NIH grants and contracts will be in attendance from almost every state and numerous countries around the globe.

Who Presents? Over 65 presenters from various NIH Institutes and Centers participate! An additional number of IC experts are also available for our 1:1 Meet the Expert opportunities. Get your questions answered by NIH officials representing program, grants management, review, and policy during these unique (and popular) 15 minute chat times. From HHS, hear experts from the Office of Human Research Protections (OHRP), Office of the Inspector General (OIG), and the Office of Research Integrity (ORI).

What are the Topics? The focus of this seminar is to provide the basics for those who are new or relatively new to working with NIH grants. Over 45 different topics during the 2-day seminar with unique tracks specifically designed for Administrators and New Investigators, as well as an All Interests track with topics of wide appeal.

Need an In-Depth Look at a Topic? Check out the Optional Pre-Seminar Workshops on topics such as electronic Research Administration (eRA), Human Subject Research Protections (co-presented by OHRP and NIH experts), Intellectual Property (Rights, Responsibilities & Requirements, iEdison, Bayh-Dole, etc.), and an Administrators Boot Camp.

Find all the details on the Baltimore, MD Seminar website! Find sample agendas (as we currently update some of our session topics), session descriptors, seminar hotel discount info, and so much more.

What are you waiting for? Register today!
