\* Indicates a virtual Zoom link will be offered on these dates.

## UAB PA: You Deserve More

The UAB Physician Associate Studies program is the 2nd oldest PA program in the country. Being a part of it means more for you. More knowledge. More demand. More opportunities.

**More knowledge.** Our program is committed to excellence in learning inside and outside the classroom. We feel a service mindset is essential in graduating competent and compassionate providers.

**More demand.** Our program's rich history and reputation means excellent employment opportunities for our graduates. Demand for Physician Associates continues to increase across the country.

**More opportunities.** We offer hands-on training through surgical skills and immersive simulation experiences, which means better training for you.

**Choose UAB PA. Save lives. Be fulfilled.**
