OVERVIEW OF THE SCHOOL OF HEALTH PROFESSIONS

The UAB School of Health Professions (SHP) is one of the largest academic institutions of its type in the United States. What began in the 1950s as a collection of training programs in various para-professional disciplines has grown into an internationally recognized center of academic and research excellence.

Today, we have five academic departments – Clinical and Diagnostic Sciences, Health Services Administration, Nutrition Sciences, Occupational Therapy, and Physical Therapy – that are housed in four buildings: Susan Mott Webb Nutrition Sciences Building (WEBB), Learning Resource Center (LRC), the School of Health Professions Building (SHPB), and the Center for Biophysical Sciences and Engineering (CBSE).

We are proud of many accomplishments including:

- *U.S. News & World Report* ranks all eligible SHP programs in the nation's top 25.
- Research funding is at an all-time high of \$26+ million and growing.
- Nearly 10 of our programs you will only find in Alabama at UAB.

- Our school has never been stronger or better positioned as a national leader in health professions education. And this status will only grow stronger as we continue to welcome students like you.

SECTION 1 – SCHOOL AND UNIVERSITY INFORMATION

ACADEMIC CALENDAR

All dates related to registration, payments of tuition and fees, drop/add dates, other administrative requirements, and official school holidays are recorded on the [UAB Academic Calendar](#).

ACADEMIC INTEGRITY CODE

The University established a new Academic Integrity Code effective August 23, 2021. This Code, which applies to undergraduate, graduate, and professional students as well as all academic activities, defines academic misconduct and outlines procedures for breaches of the code. The Academic Integrity Code process is managed by the Academic Integrity Coordinator (AIC). In the School of Health Professions, the AIC is the Associate Dean for Academic and Faculty Affairs, and the office is located in SHPB 660. [You can see the full text of the Academic Integrity Code online.](#)

Advisor and recruiter contact information can be found on the [Office of Student Services Website](#). Graduate student advising is provided through the SHP graduate programs.

AMBASSADORS

Ambassadors help to spread awareness of the School of Health Professions and its multifaceted undergraduate and graduate programs, serve as liaisons between the department and university-wide student organizations, and serve as a student voice in school and university committees. The SHP Ambassadors help to support the programs within the school that will impact recruitment and retention initiatives. [You can learn more about the SHP Ambassadors on their webpage.](#)

ATTENDANCE

Class attendance is expected in all SHP programs. Specific class, laboratory, or clinical site attendance requirements may be more stringent than university guidelines. Refer to the program requirements in this handbook and in course syllabi for policies. The UAB attendance policy is as follows:

The University of Alabama at Birmingham recognizes that the academic success of individual students is related to their class attendance and participation. Each course instructor is responsible for establishing policies concerning class attendance and make-up opportunities. Any such policies, including points for attendance and/or participation, penalties for absences, limits on excused absences, total allowable absences, etc., must be specified in the course syllabus provided to students at the beginning of the course term. Such policies are subject to departmental oversight and may not, by their specific prescriptions, negate or circumvent the accommodations provided below for excused absences.

The University regards certain absences as excused and in those instances requires that instructors provide a reasonable accommodation for the student who misses assignments, presentations, examinations, or other academic work of a substantive nature by virtue of these excused absences. Examples include the following:

- Absences due to jury or military duty, provided that official documentation has been provided to the instructor in a timely manner in advance.
- Absences for students who have approved disability-related absence accommodations through Disability Support Services may follow the reasonable number of absences outlined in their flex plan or as determined by the instructor. Students are responsible for notifying instructors of these and any other approved accommodations through their Notice of Accommodations letter.
- Absences due to participation in university-sponsored activities when the student is representing the University in an official capacity and as a critical participant, provided that the procedures below have been followed:
 - Before the end of the add/drop period, students must provide their instructor a schedule of anticipated excused absences in or with a letter explaining the nature of the expected absences from the director of the unit or department sponsoring the activity.
 - If a change in the schedule occurs, students are responsible for providing their instructors with advance written notification from the sponsoring unit or department.
- Absences due to other extenuating circumstances that instructors deem excused. Such classification is at the discretion of the instructor and is predicated upon consistent treatment of all students.
- Absences due to religious observances provided that students give faculty written notice prior to the drop/add deadline of the term.

In these instances, instructors must give students the opportunity to complete assignments in a way that corresponds as much as possible to the nature, scope, and format of the original. Options may include making up exams or other assignments, rescheduling student classroom presentations, or arranging for early or late submission of written assignments. The course make-up policy should be included in the syllabus.

BACKGROUND CHECK AND DRUG SCREEN POLICY

Students in SHP programs are required to undergo a background check and drug screen using the school's approved vendor, [Disa Healthcare Technology](#), at the time of program admission, and again, prior to placement in a fieldwork placement (clinical, internship, practicum, residency, etc.). Instructions for requesting the background check and drug screens are provided to students by their programs. Students in SHP undergraduate programs must complete a module on drug screening and background checks during their first semester. The module will be located in Canvas, UAB's learning management system.

The [SHP Office of Academic and Faculty Affairs](#) is responsible for ensuring student compliance with the Background Check and Drug Screen Policy throughout the program. Students found to be non-compliant with this policy will not be allowed to matriculate in the program (orientation, attend class, fieldwork placement, etc.) until all requirements are met. - Fees for these screenings will be the responsibility of the student.
- The rules and regulations governing individual fieldwork placement sites may include additional provisions and/or more stringent guidelines which supersede this policy. Fees for these screenings are the responsibility of the student.
- Should your criminal background check contain issues, or if you fail a drug screen that may prevent you from receiving or sitting for board certification/licensure, a representative from the Office of Academic and Faculty Affairs will contact you. Depending upon the outcome, students will have a registration hold placed on their account until in compliance and this may result in being dismissed from the program. See your program's guidelines regarding specific consequences.

ACCIDENT / INJURY REPORTING PROCEDURE

When a student, visitor, faculty, or staff is involved in an accident or sustains an injury while involved in a program associated with the School of Health Professions, an accident / injury report is required. The faculty member in charge of the class where the injury occurs, or who is the first point of contact following the injury should download and complete this [Incident Report Form](#).

SECTION 3: PROGRAM SPECIFIC INFORMATION

BIOTECHNOLOGY REGULATORY AFFAIRS CERTIFICATE

PROGRAM OVERVIEW

INTRODUCTION

Welcome to the Biotechnology Regulatory Affairs (BTR) Certificate Program. This section provides program-specific information to guide you through the certificate. If you need further explanation of any policy or procedure described here, contact the Program Director. For current program information and updates, [visit the program website](#).

MISSION, VISION AND VALUES

The mission of the Biotechnology Regulatory Affairs Certificate program is to provide a quality education that prepares students for careers in regulatory affairs and related disciplines. The program provides training and education in:

- Basic core concepts for careers across clinical research, quality assurance, and the development of biologics, drugs, and medical devices.
- Scientific concepts related to the design, implementation, management, and analysis of clinical trials.
- Regulatory affairs concepts related to ethical standards, communication and teamwork, and human subject protection.

OVERVIEW

The Biotechnology Regulatory Affairs Certificate is a single, non-thesis certificate program offered entirely online. As the biotechnology industry grows, there is increasing demand for a workforce trained in regulatory affairs to guide therapeutics, biologics, diagnostics, and medical devices through development, manufacturing, and marketing. The program prepares students in the philosophies and roles of domestic and international regulatory agencies; the laws governing the development, manufacturing, and distribution of drugs, biologics, and medical devices; major concepts in clinical trial design; the roles of the FDA, Institutional Review Boards, and the Code of Federal Regulations; and the complexities of clinical trial site and data management.

FACULTY AND STAFF

Information about the program's faculty and staff for the Department of Clinical and Diagnostic Sciences is available on the [CDS Faculty and Staff page](#).

ADMISSIONS & ENROLLMENT REQUIREMENTS

CRITERIA AND REQUIRED MATERIALS

In addition to the admissions criteria set by the UAB Graduate School, BTR students must be able to meet the following essential requirements throughout the program:

Communication: Read and comprehend technical and professional materials; follow verbal and written instructions; communicate effectively with faculty, peers, and other professionals in writing and other recorded formats; prepare manuscripts, proposals, and reports, and complete examinations within specified times.

Intellect: Apply skills in comprehension, measurement, mathematical calculation, reasoning, analysis, and comparison; exercise judgment to recognize and correct performance deviations.

Behavior: Manage time and complete tasks within faculty-defined deadlines; maintain professionalism under stress; adapt to professional and technical change; and evaluate one's own and others' performance constructively.

DEFERRAL POLICIES

There is no BTR-specific deferral policy beyond [the Graduate School's general Academic Progress policy](#).

TRANSFER CREDIT POLICIES

There is no BTR-specific transfer credit policy beyond the Graduate School's general [the Graduate School's general Transfer Credit policy](#).

CONTINUOUS ENROLLMENT REQUIREMENTS

There is no BTR-specific continuous enrollment policy beyond the Graduate School's general policy, available on the [Current Students](#) page.

LEAVE OF ABSENCE, RE-ENTRY & WITHDRAWAL PROCEDURES

There is no BTR-specific leave of absence or re-entry policy beyond the Graduate School's general policy, available on the [Current Students](#) page.

A student who wishes to withdraw from one or more courses, but not the entire program, should meet with the Program Director beforehand to discuss the impact on their progression. A student who wishes to withdraw from the program entirely must have Program Director approval prior to the withdrawal, submit a written statement of intent that includes the effective date, and meet with the Program Director to discuss the withdrawal. Once approved, the student completes the official UAB withdrawal through One Stop Student Services.

Students should refer to the [Institutional Refund Policy](#) for refunds on tuition and fees.

Those who withdraw for medical reasons may appeal to the Provost for an exception; details are in the [Tuition Refund Appeals Policy](#). Students who withdraw voluntarily may be considered for re-enrollment only if they departed in good academic standing. Failure to attend class does not constitute a formal withdrawal.

DEGREE REQUIREMENTS

ADVISING & MENTORING

ADVISOR/MENTOR ASSIGNMENT PROCESS

The Program Director serves as academic advisor for all BTR Certificate students. Students are assigned to the Program Director for advising upon admission to the program.

CHANGING ADVISORS/MENTORS

Because the Program Director serves as advisor for all BTR students, there is no formal advisor-change process. Students with concerns about advising should contact the Program Director directly or, if needed, the Department Chair.

EXPECTATIONS FOR FACULTY MENTORS AND STUDENTS

Faculty are expected to provide guidance on curriculum, program requirements, and professional development. Students are expected to demonstrate dependability, stability, and professionalism, including completing assignments on schedule, maintaining a professional demeanor under stress, and communicating respectfully with faculty, staff, and peers.

POLICIES & STANDARDS

PROGRAM POLICIES

The policies below are specific to the BTR Certificate program. General UAB and School of Health Professions policies are covered in Parts 1 and 2 of this handbook.

EXPECTATIONS REGARDING ACADEMIC PROGRESS

Students must maintain a cumulative GPA of at least 3.0 (B average) and earn at least as many hours of P grades as the combined total of NP and WF grades to remain in good academic standing, as defined by the Graduate School's [Academic Progress](#) policy. A student who fails to meet this standard at the end of any semester is placed on academic probation and must re-establish good standing within two subsequent semesters of enrollment or will be dismissed. Students admitted on contingency must maintain a 3.0 GPA and meet all requirements outlined in their acceptance letter.

GRADE POLICIES

Courses are graded A, B, C, F, P, or W (withdrawn), I (incomplete) and N (no grade submitted) are temporary notations used by the course instructor or Registrar. An incomplete may be assigned only when a student has performed satisfactorily but has not finished course requirements due to unforeseen circumstances; it converts automatically to an F at the end of the following semester unless an extension is approved by the instructor, Program Director, and Graduate School. A student cannot complete the program with an I or N on their record.

Completion of the BTR Certificate requires a grade of C or better in every course and an overall GPA of 3.0 or better.

ACADEMIC PROBATION & DISMISSAL PROCEDURES

A student who earns an F in a required BTR course must meet with the Program Director to discuss their standing in the program. A second F in any required course results in immediate dismissal from the program. Students placed on graduate probation for falling below a 3.0 GPA must re-establish a 3.0 GPA within two subsequent semesters, per the Graduate School's [Academic Progress](#) policy, or will be dismissed from the School of Health Professions, the Graduate School, and the BTR program. A student may request a maximum of one additional consecutive year to complete all requirements, with approval from the Program Director and the Dean of the Graduate School. Dismissed students may appeal the decision, and may, at the Program Director's discretion, request consideration for readmission; re-entry is not guaranteed.

PROFESSIONALISM EXPECTATIONS

PROFESSIONAL EXPECTATIONS

BTR students are expected to attend class, be on time for all commitments, submit assignments by the designated due date, use proper grammar and professional email etiquette (no “text speak”) in communication with faculty, staff, and classmates, and use electronic devices courteously during lecture and any live sessions.

CONDUCT/INTEGRITY

Students are expected to maintain integrity in all program assignments, including refraining from unauthorized aid on exams and assignments, treating patient and official-document information as confidential in compliance with HIPAA, and refraining from plagiarism or falsification of results or records. Students are expected to carry out assignments on schedule, accept constructive criticism, and report violations of expected behavior or other unethical conduct to program faculty.

DRESS CODE

Clothing should be clean, neat, in good repair, and appropriate for any academic or professional activity, including video conferencing or virtual presentations.

TRAINING & FACILITY ACCESS

Because all BTR courses are delivered online through Canvas, students must have reliable access to a computer, webcam, microphone, speakers, and a high-speed internet connection (1.5 Mbps or higher recommended). Adobe Reader is required to view course PDFs, and the Java plug-in is required for screen sharing during Conferences. Students should regularly check Canvas not just the To-Do List for syllabi, announcements, and assignments. For technical support, [visit the AskIT website](#), or call (205) 996-5555, or [email AskIT](#).

FUNDING & FINANCIAL INFORMATION

TYPES OF FUNDING

There is no BTR-specific funding, assistantship, or scholarship program. Students should refer to the Graduate School's [Scholarships and Funding Opportunities](#) page, or the university's [Cost & Aid](#) page, for general funding information. The UAB Office of Student Financial Aid can also be reached at (205) 934-8223 or [via email](#).
