

Tuesday Tip

Browser Wars

Have issues uploading items to Canvas? Viewing projects in SpeedGrader? Entering grades in Banner? Before you contemplate throwing your computer off the roof, here's a hint: try switching browsers.

Not all internet browsers are created equal, and right now, there seem to be clear winners and losers (ESPECIALLY when it comes to using Canvas).

Winners:

Chrome and Firefox

Losers:

Internet Explorer, Edge, and Safari (sorry, Mac users)
