**INTRODUCTION**

**DEAN’S WELCOME MESSAGE**

Welcome to the University of Alabama at Birmingham School of Health Professions (SHP), one of the nation’s leaders in the health care industry.

We are home to one of the largest health professions schools in the nation with more than 25 programs at the baccalaureate, master’s, and doctoral levels with over 2,000 undergraduate and graduate students enrolled. The School of Health Professions is part of UAB’s thriving academic health center. As one of our students, you will have the opportunity to work side-by-side with world-renowned researchers and faculty, utilize advanced technologies and experience cutting-edge approaches to clinical treatment.

We understand that healthcare needs are constantly changing. That is why we continue to add innovative programs such as Biotechnology, Genetic Counseling, our one-of-a-kind Low Vision Rehabilitation graduate certificate, Healthcare Quality and Safety, Ph.D. in Rehabilitation Science, and a Master’s in Biomedical and Health Sciences, which can be completed within eleven months. Our newest program is Health Physics, and we have many other well-established curriculums.

Our degrees and programs are fully accredited by their respective professional organizations. This means you will be eligible for licensure, national certification or registration, and enjoy being in high demand within the job market. Our first-time student exam pass rate on credentialing exams is an astounding 98 percent.

All of our programs with rankings preside among the nation’s top 25 of the *U.S. News and World Report*. We continue to be rated at the top of the list in research funding from the National Institutes of Health, and SHP is the only school in the country to house both an NIH-funded Nutrition and Obesity Research Center and an NIH Diabetes Research and Training Center.

Graduating from SHP means you will have acquired an esteemed degree, enjoy choosing among a host of job options in healthcare, an industry that continues to grow rapidly, and be well-prepared to make a difference in your field.

Our alumni give advice to current students that is worth repeating: ‘be a sponge, learn your craft, be a better professional for your patients, be open minded to future possibilities, and remember to have a healthy work/ life balance’. I look forward to seeing you grow in your respective field and watching you become the professional we know you can be.

Harold P. Jones, PhD
Dean, UAB School of Health Professions
OVERVIEW OF THE SCHOOL OF HEALTH PROFESSIONS

A leader in federally funded research, the UAB School of Health Professions (SHP), is the largest academic institution of its type in the United States and currently boasts nationally ranked programs. What began in the 1950’s as a collection of courses in various para-professional disciplines has grown into an internationally recognized center of academic excellence.

The SHP initially took shape in 1969 as UAB gained autonomy within the University of Alabama System. Originally christened the School of Community and Allied Health Resources (SCAHR), the school incorporated the School of Health Services Administration and the Division of Allied Health Sciences from the College of General Studies with parts of the Department of Public Health and Epidemiology from the medical school. An innovative facility designed to meet the growing needs of the health care industry, the SCAHR was divided into four academic divisions that functioned like regular academic departments: Health Services Administration, Public Health and Environment, Allied Health Sciences, and the Regional Technical Institute for Health Occupations.

Throughout the 1970’s and 80’s the school’s offerings were amended to reflect the changing health care industry. As a result of the changes, SCAHR became the School of Public and Allied Health (SPAH). Next it became the School of Community and Allied Health (SCAH) and later the School of Health Related Professions (SHRP). During this time, the school added several new areas of study including the consistently nationally ranked program in Nutrition Sciences.

Dr. Harold Jones became the school’s dean in 2001. Through his visionary leadership and guidance, the school is experiencing unparalleled success. Up until that time, the SHRP’s programs were housed in various locations throughout the UAB campus. However, in the spring of 2002, many of the classrooms, laboratories and faculty offices moved to the newly completed School of Health Professions Building (SHPB). This was the first building dedicated to housing health related programs since their original grouping more than 30 years prior.

Today, the school is the School of Health Professions, and is comprised of more than 25 programs – at the baccalaureate, master’s and doctoral levels – across five academic departments: Clinical and Diagnostic Sciences, Health Services Administration, Nutrition Sciences, Occupational Therapy, and Physical Therapy. The school is housed in three buildings, the Susan Mott Webb Nutrition Sciences Building, the Learning Resource Center Building, and the School of Health Professions Building (SHPB).

With more than 2,200 faculty, staff, and students, SHP is one of six schools comprising the world-renowned UAB Academic Health Center. Students have access to vast academic resources, state-of-the-art facilities, and progressive research.

SHP is proud of many accomplishments including:

- U.S. News & World Report ranks SHP programs in the nation’s top 25
- Research funding is over $14 million and growing
- The school is at the top of the list in research funding from the National Institutes of Health for schools of its type and has been either first or second in funding received since 1969
OFFICE FOR STUDENT RECRUITMENT, ENGAGEMENT AND SUCCESS (OSRES)

The SHP Office for Student Recruitment, Engagement and Success (OSRES) supports UAB’s mission and values with a focus on achievement, collaboration and diversity. It furthers the School of Health Professions’ mission to be a leader shaping the future of healthcare by recruiting the best and brightest to SHP; developing students to impact the campus and communities; and graduating tomorrow’s healthcare leaders. Guided by these commitments, the OSRES provides support to all students through a number of programs including the following:

- Academic Coaching
- Tutoring and Supplemental Instruction
- Campus Resource Referral
- Management of school-wide Scholarships in SHP

The OSRES also coordinates the School of Health Professions Student Affairs Committee (SAC.) SAC is responsible for student activities, services, programs, organizations, policies and procedures consistent with the university’s non-academic conduct policies. Subcommittees of SAC include the following:

- Homecoming
- Orientation
- Student Activities
- Non Academic Misconduct/ Breaches in Professional Behaviors

Additionally, the OSRES team recognizes that with classes and labs, internships, and studying, students have particularly demanding schedules. In response, we bring resources to you and serve as liaison between SHP and university departments across student services.

The team at OSRES is here to support students. We have an open-door policy and encourage students to connect. Students should feel free to drop-by, no appointment needed; call, email or schedule a meeting. We are here to help students in the School of Health Professions make the most of their UAB experience.

OSRES - Location: SHPB 230  Telephone: 205-934-4195 or 205-934-4194  Email: shp@uab.edu
SECTION 1 – SCHOOL AND UNIVERSITY INFORMATION

ACADEMIC CALENDAR

All dates related to registration, payments of tuition and fees, drop/add dates, other administrative requirements, and official school holidays are recorded on the UAB Academic Calendar available at www.uab.edu/academiccalendar.

ACADEMIC HONOR CODE (UAB)

The University of Alabama at Birmingham expects all members of its academic community to function according to the highest ethical and professional standards. Students, faculty, and the administration of the institution must be involved to ensure this quality of academic conduct. Academic misconduct undermines the purpose of education. Such behavior is a serious violation of the trust that must exist among faculty and students for a university to nurture intellectual growth and development. Academic misconduct can generally be defined as all acts of dishonesty in an academic or related matter. Academic dishonesty includes, but is not limited to, the following categories of behavior:

ABETTING is helping another student commit an act of academic dishonesty. Allowing someone to copy your quiz answers or use your work as their own are examples of abetting.

CHEATING is the unauthorized use or attempted use of unauthorized materials, information, study aids, the work of others, or computer-related information.

PLAGIARISM means claiming as your own the ideas, words, data, computer programs, creative compositions, artwork, etc., done by someone else. Examples include improper citation of referenced works, the use of commercially available scholarly papers, failure to cite sources, or copying another person’s ideas.

FABRICATION means presenting falsified data, citations, or quotations as genuine.

MISREPRESENTATION is falsification, alteration, or the misstatement of the contents of documents, academic work, or other materials related to academic matters, including work substantially done for one class as work done for another without receiving prior approval from the instructor.

Violations of the UAB Academic Honor Code are punishable by a range of penalties, from receiving a failing grade on an assignment, to an F in the course, to dismissal. Any course grade of F for academic misconduct supersedes any other grade or notation for that class. Withdrawal from a course while a possible violation of the Academic Honor Code is under review will not preclude the assignment of a course grade that appropriately reflects the student’s performance prior to withdrawal if the violation is substantiated.

For more information go to: www.uab.edu/students/one-stop/policies/academic-honor-code
**AskIT**

AskIT is the technology help desk for faculty, staff, and students. They provide free support via telephone, email, or in-person. You will be asked to supply your BlazerID when you request assistance.

Phone: (205) 996-5555  Email: askit@uab.edu  Website: https://uabprod.service-now.com/ess_portal/home.do

**Attendance**

Class attendance is expected in all SHP programs. Specific class, laboratory or clinical site attendance requirements may be more stringent than university guidelines. Refer to the program requirements in this handbook and in course syllabi for policies. The UAB policy for undergraduates follows:

The University of Alabama at Birmingham recognizes that the academic success of individual students is related to their class attendance and participation. Each course instructor is responsible for establishing policies concerning class attendance and make-up opportunities. Any such policies, including points for attendance and/or participation, penalties for absences, limits on excused absences, total allowable absences, etc., must be specified in the course syllabus provided to students at the beginning of the course term. Such policies are subject to departmental oversight and may not, by their specific prescriptions, negate or circumvent the accommodations provided below for excused absences.

The University regards certain absences as excused and in those instances requires that instructors provide an accommodation for the student who misses assignments, presentations, examinations, or other academic work of a substantive nature by virtue of these excused absences. Examples include the following:

Absences due to jury or military duty provided that official documentation has been provided to the instructor in a timely manner in advance.

Absences of students registered with Disabilities Services for disabilities eligible for "a reasonable number of disability-related absences" provided students give their instructors notice of a disability-related absence in advance or as soon as possible.

Absences due to participation in university-sponsored activities when the student is representing the university in an official capacity and as a critical participant, provided that the procedures below have been followed:

Before the end of the add/drop period, students must provide their instructor a schedule of anticipated excused absences in or with a letter explaining the nature of the expected absences from the director of the unit or department sponsoring the activity.

If a change in the schedule occurs, students are responsible for providing their instructors with advance written notification from the sponsoring unit or department.

Absences due to other extenuating circumstances that instructors deem excused. Such classification is at the discretion of the instructor and is predicated upon consistent treatment of all students. In these instances, instructors must devise a system for reasonable accommodation including, for example, policies allowing for dropped exams/quizzes, make-up exams, rescheduling of student classroom presentations or early or later submission of written assignments.
AWARDS AND HONOR SOCIETIES

All students in the School of Health Professions are eligible for consideration for following University of Alabama at Birmingham awards or society memberships.

- Alfred W. Sangster Award for Outstanding International Student – This award is presented annually to an international student in recognition of his or her academic and non-academic achievements.

- Alpha Eta Society – The UAB Chapter of this Society recognizes students registered in the final term of a baccalaureate or graduate health professions program. Inductees must have a cumulative grade point average of 3.0 (4.0 = A), and be in the upper 10% of their program. Nominations are made by program directors in spring and summer terms.

- Cecile Clardy Satterfield Award for Humanism in Health Care – This award is made annually to recognize one outstanding student for humanitarianism, professionalism, and commitment to health care. Nominations are coordinated by program directors, but may also be made by faculty, students, patients, or preceptors.

- Charles Brooks Award for Creativity – This award is made annually in recognition of creative accomplishments such as written publications or artistic contributions which complemented the student’s academic activities. Nominations are made by program directors.

- Dean’s Leadership and Service Award – Presented to a maximum of three outstanding SHP students annually, this award recognizes leadership to the School, UAB, and the community. Nominations are made by program directors or faculty.

- Phi Kappa Phi – This is the oldest, and most selective, all-discipline honor society in the nation. Membership is by invitation to the top 7.5% of junior students and the top 10% of seniors and graduate students. Nominations are made by program directors.

Please refer to the program section of this handbook for awards and honors available to students in individual programs.

BACKGROUND CHECK

SHP students are required by policy, to undergo a background check using the school’s approved vendor, CastleBranch www.castlebranch.com, at the time of program admission, and again, prior to placement in a clinical rotation. Instructions for requesting the background check and appropriate consent forms are provided to students by their programs. Please refer to the policy section of this handbook for the policy statement.

BLAZERID / BLAZERNET / EMAIL

BLAZERID: All students receive a unique identifier, the BlazerID, established at: www.uab.edu/blazerid. Your BlazerID is required for accessing BlazerNET and other campus resources. To activate one’s BlazerID, select “Activate Accounts.”

BlazerNET is the official portal of the UAB information network and is accessible from any Internet-accessible computer, on- or off-campus. Access BlazerNET from UAB home page www.uab.edu then choose UAB Quicklinks.
Email: uab.edu Monitor your email regularly, i.e. at least daily. Your UAB email is the official communication medium for courses, news, information and announcements. UAB student email is provided through Microsoft Office 365, a cloud based system. Students have 50 GB of email space and 25 GB of free file 1 TB storage.

Blazer Express

The UAB Blazer Express Transit System provides transportation throughout the UAB campus. With a valid UAB ID badge, students can enjoy fare-free bus transportation. All buses are ADA-accessible and can seat approximately 35 riders. For an updated schedule, route maps, and hours of operation please go to www.uab.edu/blazerexpress/.

Bookstores

Two bookstores are located on the UAB campus, both offering a wide variety of products and services to students, including online purchasing and shipping. Both bookstores stock UAB memorabilia and college wear in addition to all required textbooks and course material.

UAB Barnes and Noble Bookstore
Location: 1400 University Blvd, 35233
Hours: M – F 9:00 a.m. – 5:00 pm.; Sat 7:00 a.m. – 6:30 p.m.; Sun --Closed
Telephone: (205) 996-2665  Website: http://uab.bncollege.com

Snoozy’s Bookstore
Location: 1321 10th Avenue South
Hours: M – F 7:45 a.m. – 6:00 p.m.; Sat 10:00 a.m. – 2:00 p.m.; Sun - Closed
Telephone: (205) 328-2665     Fax: (205) 933-2229
Email: info@snoozysbookstore.com   Website: www.snoozysbookstore.com

Campus OneCard

The UAB OneCard is the official university identification card. It is used for personal identification, for entry to campus events and the recreation center, for library checkout, and other UAB services. It also serves as a declining balance card for the UAB meal plans and for Blazer Bucks accounts. Additional information is available at www.uab.edu/onecard.

Campus Map

UAB’s campus map can be found at the following: www.uab.edu/map/

Canvas Learning Management System

The Canvas Learning Management System is the platform used for managing instructional materials online. Canvas course sites are accessed through BlazerNET or at www.uab.edu/elearning/canvas. Students should monitor their course sites routinely for communication from faculty and manage course assignments.
**COUNSELING SERVICES**

The Counseling and Wellness Center offers no cost, confidential counseling for UAB students related to physical, emotional, social, intellectual, or spiritual concerns. The Center is located in Student Health and Wellness Center at 1714 9th Ave. South. For more information, call 205-934-5816 or www.uab.edu/studenthealth/counseling

**STUDENT ADVOCACY, RIGHTS AND CONDUCT (SARC)**

Student Advocacy, Rights and Conduct (SARC) is responsible for upholding the integrity and purpose of the university through the fair and consistent application of policies and procedures to students’ behavior to ensure a community that respects the dignity and right of all persons to reach their highest potential. SARC delivers programs and services in order to promote student safety and success, the pursuit of knowledge, respect for self and others, global citizenship, personal accountability and integrity, and ethical development. The UAB student conduct code may be accessed online: http://www.uab.edu/students/sarc/services/student-conduct-code

**DISABILITY SUPPORT SERVICES (DSS)**

“DSS provides an accessible university experience through collaboration with UAB partners. These partnerships create a campus where individuals with disabilities have equal access to programs, activities, and opportunities by identifying and removing barriers, providing individualized services, and facilitating accommodations.”

“DSS serves as the university-appointed office charged with providing institution-wide advisement, consultation, and training on disability-related topics which include legal and regulatory compliance, universal design, and disability scholarship.”

To apply for accommodations, contact DSS. **Note: You must have your Blazer ID and password.**

Telephone: (205) 934-4205 or (205) 934-4248 (TDD)  Fax: (205) 934-8170

Email: dss@uab.edu  Website: www.uab.edu/students/disability/

**DRUG SCREENING**

By policy, SHP students are required to undergo a routine drug screen using the school’s approved vendor, CastleBranch (www.castlebranch.com), at the time of program admission and again prior to placement in a clinical rotation. Instructions for requesting the drug screen and appropriate consent forms will be provided to students by their programs. Please refer to the policy section of this handbook for the school and university policy statements. The Office for Student Recruitment, Engagement and Success (OSRES) manages the procedures and compliance for the school. If you have questions, contact them at (205) 934-4194 or shp@uab.edu or visit room 230 in the School of Health Professions Building.

For more information visit: http://www.uab.edu/shp/home/about-shp/student-services
EMERGENCIES

Report suspicious or threatening activity to the UAB Police Department immediately. Law officers are available 24 hours, seven days a week. Also, more than 300 emergency blue light telephones connected directly to the police dispatch are located throughout campus.

**UAB Police:** Dial 911 from a campus phone or call: 934-3535; 934-HELP (4357); or 934-4434

Emergencies affecting campus are communicated via the following:

- Weather & Emergency Hotline: (205) 934-2165
- University home web page: www.uab.edu
- Webpage: www.uab.edu/emergency
- Announcements on BlazerNET
- Twitter @UABALERT: www.twitter.com/uabalert
- Facebook.com/UABALERT
- Cell phone messages and SMS text – register for B-ALERT notices via www.uab.edu/balert

DIVERSITY, EQUITY AND INCLUSION (DEI)

The mission of DEI is to “… champion equity and inclusion and, in particular, to advocate for inclusive excellence and equity so that UAB students, faculty, staff, community partners and friends can flourish and excel.” Inspired by “… what we value, what we learn from research and what we teach and share with the world.” DEI’s goal is “… to inspire our people to take a courageous step to inspire equity and inclusive excellence throughout our state, nation and world, every day.” Dr. Paulette Patterson Dilworth is the Vice President responsible for the activities of this office. Information: [http://www.uab.edu/dei/](http://www.uab.edu/dei/)

FERPA

The Family Educational Rights and Privacy Act (FERPA) of 1974 provides protection for all educational records related to students enrolled in an educational program. Information about your rights and protection of your records is available at the following sites: [https://sa.uab.edu/enrollmentservices/ferpa/](https://sa.uab.edu/enrollmentservices/ferpa/); If you have questions or concerns about FERPA issues, you may email FERPA@uab.edu, or contact the SHP Office for Student Recruitment, Engagement and Success.

FINANCIAL AID

Located at 1700 University Blvd., Lister Hill Library, Room G20. Hours of Operation are from 8:00 am to 5:00 pm Monday thru Friday. Phone: (205) 934-8223; Fax: (205) 975-6168. Additional information can be located on the website [www.uab.edu/students/paying-for-UAB](http://www.uab.edu/students/paying-for-UAB).

FOOD SERVICES

Dining facilities available on campus, closest to the SHP buildings include:

- Commons on the Green – located on the Campus Green, south of 9th Avenue and the Campus Recreation Center
- Einstein’s Bagels – located at the plaza entrance to the Learning Resource Center. Hours vary per semester.
• Hill Center – located at 1400 University Ave. and includes Full Moon Bar-B-Que, Mein Bowl, Panera and Starbucks.

Vending machines are located in the basement of the Learning Resource Center and on the 6th floor of the Webb Building. Additional information about meal plans and campus dining facilities is available at www.uab.edu/dining.

**GRADUATE SCHOOL**

The UAB Graduate School offers doctoral programs, post-master’s specialist programs, and master’s level programs. Graduate programs in SHP are coordinated through the Graduate School and students must adhere to the Graduate School policies and procedures. Graduate School information for current students is available at www.uab.edu/graduate/.

**GRADUATION**

All students must complete an application for degree six months prior to graduating. For more information and important deadlines please go to www.uab.edu/commencement/degree-applications. SHP holds a special commencement ceremony for graduates in the professional masters programs in the spring and fall semesters. The SHP ceremonies are scheduled on the Friday afternoon prior to the university commencement ceremonies being held the next morning on Saturday. The University holds commencement every semester. Check the commencement website for the most current information: http://www.uab.edu/commencement/

**STUDENT HEALTH AND WELLNESS**

The University provides prevention, counseling, and treatment services to students through the UAB Student Health and Wellness located at 1714 9th Avenue South. The clinic is open from 8:00 a.m. – 5:00 p.m. Monday – Friday, but is closed between noon and 1:00 p.m. daily. Detailed information about services and operating practices is located on the SHS website at www.uab.edu/studenthealth. Appointments may be scheduled by calling 205-934-3581.

**MEDICAL CLEARANCE**

SHP students are required to receive medical clearance at the time of program admission. UAB Student Health and Wellness utilizes a secure web-based process for the storage of required documents accessed through BlazerNET. More information is available at the Student Health and Wellness website: www.uab.edu/students/health/medical-clearance/immunizations.

**HIPAA TRAINING**

The Health Insurance Portability and Accountability Act includes significant requirements for protecting individual privacy of health information. All students in the School of Health Professions must complete an online tutorial and be tested on HIPAA regulations at the time of program admission. A BlazerID is required to access the training site, located at www.uab.edu/learningsystem. Compliance with the training requirement is monitored monthly. Students who have not completed the training are reported to the Office for Student Recruitment, Engagement, and Success for follow-up with the appropriate program director.
INSTITUTIONAL REVIEW BOARD FOR HUMAN USE (IRB)

Student researchers must comply with all requirements for protection of human subjects. Detailed information is available on the IRB website www.uab.edu/irb

INTELLECTUAL PROPERTY

Intellectual property refers to an asset that originated conceptually, such as literary and artistic works, inventions, or other creative works. These assets should be protected and used only as the creator intends. Training materials defining inventor status, patent criteria, and other intellectual property issues is available at www.uab.edu/research/administration/offices/OSP/Pages/Training.aspx.

LACTATION CENTERS

Through the work of the UAB Commission on the Status of Women, the University has provided several lactation centers for students, faculty, and staff across the campus. Locations of the centers are available at www.uab.edu/women/resources/campus-lactation-centers.

LIBRARIES AND LEARNING RESOURCE CENTER

UAB’s libraries house excellent collections of books, periodicals, microforms, and other media. have online remote access to catalogs and online collections. Computers are available for student use during regular hours of operation.

Learning Resource Center (LRC)
The School of Health Professions Learning Resource Center (LRC) provides a unique set of enterprise solutions that promote an exciting, intriguing and innovative learning environment. It provides a state-of-the-art media studio; audio/visual support; and information technology management of public, classroom and testing labs. Web: http://www.uab.edu/lrc/

Located: 1714 9th Avenue S. Phone: (205) 934-5146 Email: shplrc@uab.edu

Hours: Monday – Thursday 7:00 am – 8 pm; Friday 7 am – 5:30 pm; closed weekends

Lister Hill Library of the Health Sciences
This is the largest biomedical library in Alabama, and one of the largest in the south. Located across the crosswalk from the School (which is currently closed), the LHL has extension libraries in University Hospital and The Kirklin Clinic. Dedicated librarians hold “office hours” in the Learning Resource Center weekly.

Location: 1700 University Boulevard Phone: (205) 934-2230
Website: www.uab.edu/lister/

Mervyn H. Sterne Library
A collection of more than one million items supporting teaching and research in the arts and humanities, business, education, engineering, natural sciences and mathematics, and social and behavioral sciences.

Location: 913 13th Street South Website: www.mhsl.uab.edu
Phone: (205) 934-6364 (Reference) (205) 934-4338 (User Services)
ONESTOP STUDENT SERVICES

If you have questions or need assistance with an academic or administrative process, the UAB OneStop is where to go! Advisers will help you solve your problem or do the legwork for you if another UAB resource is needed. OneStop is located in the Hill Student Center 1400 University Blvd. You may contact the OneStop office by phone or email at (205) 934-4300; 855-UAB-1STP; (855) 822-1787. onestop@uab.edu. Additional information is available at www.uab.edu/onestop.

PARKING

Student vehicles must be registered with UAB Parking and Transportation Services, located at 608 8th Street South. The office is open Monday – Friday from 7:30 a.m. – 5:00 p.m. Parking is allocated on a first-come, first-served basis. Parking fees are established by location, payable by semester or year, and are billed to the student’s account. Additional information is available at www.uab.edu/parking.

PATIENT CARE PARTNERSHIP

Students in health professions programs learn general information about the health care industry as well as knowledge and skills specific to their chosen profession. The American Hospital Association (AHA) (www.aha.org) is an excellent resource for industry information. One role fulfilled by the AHA is that of patient advocate. The Patient Care Partnership brochure (link below) outlines rights and responsibilities of patients during hospital stays.

PLAGIARISM AND TURNITIN

Plagiarism is academic misconduct that will result in a grade of zero and may result in dismissal from the School of Health Professions and UAB (see Grievance Procedures for Violations of Academic Standards). All papers submitted for grading in any SHP program may be reviewed using the online plagiarism monitoring software. Please note that all documents submitted to Turnitin.com are added to their database of papers that is used to screen future assignments for plagiarism.

RECREATION CENTER

The campus Recreation Center, located at 1501 University Blvd, Birmingham, AL 35294, is open to faculty, staff, students, and their families. A valid student identification card or membership card is required for access. Facilities include basketball courts, racquetball courts, weight rooms, swimming pools, exercise rooms, and indoor track. Check the website for information about hours and services at www.uab.edu/campusrecreation.
Scholarships: Blazer Scholarship Management and Resource Tool (B-SMART)

The OSRES manages the School of Health Professions’ scholarship offerings and will send reminders to students when applications are open. Visit B Smart and start an application to automatically be considered for scholarship opportunities in SHP.

OSRES manages the following:

National Alumni Society Dean’s Scholarship – Funding from the UAB National Alumni Society for two scholarships per year, one to a graduate student and one to an undergraduate student.

Ethel M. and Jessie D. Smith Endowed Nursing and Allied Health Scholarship – Funding for students enrolled in SHP programs with GPA 3.0 or above and unmet financial need. Student must be a resident of the state of Alabama at the time of enrollment.

Carol E. Medders Endowed Scholarship – Funding for students enrolled in a graduate program in the School of Health Professions. Awards are based on academic achievement and unmet financial need.

Lettie Pate Whitehead Foundation Scholarship – Funding for female students from selected states (AL, FL, GA, LA, MS, NC, SC, TN) enrolled in SHP programs. Award amounts are variable and are based on unmet financial need.

Matthew F. McNulty Jr. Health Services Emergency Loan – Students enrolled in any SHP program may apply for this low interest loan to address emergencies. Loan amounts are variable based on need.

SHP Dean’s Scholarship – Funding to recruit or retain outstanding students. Awards are based on academic achievement, and unmet financial need.

Sandra Dunning Huechtker Endowed Memorial Award – Funding for students enrolled in SHP program with GPA 3.0 or above and unmet financial need.

You must visit B-SMART http://www.uab.edu/students/paying-for-college/ to apply.

Many programs in SHP also have scholarships available to currently enrolled students. Please see the program section of this handbook for that information.
SOCIAL MEDIA

Social media can serve as useful communication tools. However, health professions students should use the forums judiciously. The School’s official sites are the following:

- Twitter: https://twitter.com/uab_shp
- Vimeo: http://vimeo.com/uabshp
- Facebook: www.facebook.com/UABSHP
- LinkedIn: www.linkedin.com/groups?gid=3596638
- YouTube: www.youtube.com/uabshp
- Website: www.uab.edu/shp

The School’s Academic Affairs Committee published the following guidelines:

The Academic Affairs Committee proposes the following for social networking vehicles. Online communities like provide opportunities to share and explore interests that enrich the higher education learning experience. However, use them with discretion. UAB social media users are expected to act with honesty, integrity, and respect for others.

Professional Use - Only UAB employees authorized by their departments may use social networking Web sites to conduct University business. The authorized employee/position will serve as the point of contact for the web site. In keeping with University policy, the authorized employee may post on a social network profile: the University’s name, school, department, and/or unit information, a University email address or University telephone number for contact purposes, or post official department information, resources, calendars, and events. The employee should use care that any personal opinions or opposition to the University either by direct statement or perception not be published.

General Use - The following guidelines are strongly suggested:

1. Use networking sites legally and appropriately. Consider your personal obligation as a citizen of the university. Use proper conduct in your posts regarding the university and your colleagues/fellow students.

2. Consider the use of a student, staff or faculty member to monitor any departmental social pages. All parties need to understand the guidelines presented.

3. Remember, you cannot ensure who does and does not have access to your information. Any text or photo placed online is available to anyone in the world – even if you limit access to your site.

4. Information that you post online may continue to stay on the World Wide Web even after you erase or delete that information from your profiles or blog. Do not post anything that could reflect negatively on you, your family, your friends, and the university.

5. Do not post any confidential or sensitive information online.

6. By agreeing to the terms of use, online communities have your permission to republish your content worldwide and share information with advertisers, third parties, law enforcement, and others.

7. You are legally responsible for your posts on the social networking sites. Be discreet, respectful, and as accurate/factual as you can be in any comments or content you posted online.

8. Potential employers, admissions officers, and scholarship committees often search social networking sites to screen candidates. Your profile will be a part of how others know you.
**TUITION AND FEES**

Tuition and fees for the University are published annually under the “Current Students” tab of the UAB website. They may be paid through BlazerNET. There are two tuition rates: Alabama resident (in-state) and Non-resident (out-of-state). Currently, non-resident students who register for online course sections pay resident tuition. Non-resident tuition is charged for on-site courses such as: clinical practicums, independent study courses, and project courses.

SHP programs have specific fees attached to programs, courses or laboratories. These fees are addressed in the program section of this handbook. Current standard tuition and fees for the School are posted at [www.uab.edu/shp/home/admissions-tuition/](http://www.uab.edu/shp/home/admissions-tuition/).

Payment deadlines for each semester are published on the official academic calendar and on the UAB website at [www.uab.edu/whentopay/](http://www.uab.edu/whentopay/). Please note that failure to meet payment deadlines can result in being administratively withdrawn from courses.

**WEATHER**

Severe weather situations that may affect the safety of students, faculty, and staff are communicated through the same channels as other emergencies. Severe weather precautions are published at [www.uab.edu/emergency/preparedness](http://www.uab.edu/emergency/preparedness). Other information sources include:

- Webpage: [www.uab.edu/emergency](http://www.uab.edu/emergency)
- B-ALERT system: [www.uab.edu/balert](http://www.uab.edu/balert)
- Hotline: (205)-934-2165
- WBHM Radio (90.3 FM)

**WITHDRAWAL FROM COURSE / PROGRAM**

Withdrawal from a course or from your program is an official process and should be discussed with your academic advisor and / or program director. Most programs in the School are full-time and the curricula specifically sequenced. Withdrawal from a course may risk your wait time to register for the class again. You might have to wait for a full year before resuming enrollment in the program. Withdrawals are made through the UAB registration system via the Student Resources tab in BlazerNET. Notice of program withdrawal should be given in writing to the program director. Please refer to the handbook for additional information.

Check the Academic Calendar for deadlines: [https://www.uab.edu/students/academics/academic-calendar](https://www.uab.edu/students/academics/academic-calendar)

SECTION 3 – DEPARTMENTAL POLICIES

DEPARTMENT OF PHYSICAL THERAPY PROGRAM INFORMATION

DEPARTMENT VISION:
To create and translate knowledge that will enhance movement, health, wellness, and quality of life for individuals in a diverse society.

DEPARTMENT MISSION:
To be a leader in the preparation of physical therapists and other professionals through innovative educational programs, creation and translation of knowledge, and the provision of service to address the needs of individuals, communities, and society.
STATEMENT OF PHILOSOPHY

We believe in the inherent worth of the human being and that sensitivity and responsiveness to human needs serves as the foundation for our endeavors. One of the determinants of society’s progress and growth is the collective health of its individuals. Members of the health professions share with the individual citizens, responsibility for maintenance and promotion of health. We believe in the right of each individual to quality health care; furthermore, we are committed to the promotion of effective cost and quality control measures in the health care system.

Physical Therapy is an integral and unique component of health care. We believe that the services of physical therapy must be directed to all phases of health care—promotion of health, prevention of illness, and rehabilitation of the total person—and that the physical therapist is a legitimate point-of-entry into the health care system. This belief requires personnel who are prepared to function in different and changing roles. While there are common basic elements for all roles in physical therapy, society benefits most through expansion in the depth and breadth of preparation of individuals in the diverse roles in physical therapy enabling them to function in an ever-changing environment.

We believe that a diversity of people, thoughts and ideas, educational and experiential backgrounds augment the scope and quality of physical therapy services. Maximum benefits are derived from physical therapy services when physical therapy practitioners are committed to work collaboratively with the health care team.

The choice of a career is a personal decision, but, having chosen a given profession, an individual must assume the inherent responsibilities. Each member must adhere to established professional ethics in order to maintain membership in that profession.

As educators in Physical Therapy, we assume the responsibility for selection of students and provision of educational excellence to prepare physical therapists that provide high quality physical therapy service for society and leadership to the profession.

Education is a means of facilitating self-realization leading to the enrichment of human life. Learning is a dynamic process. We view the teacher as a facilitator of learning. Opportunity to learn through problem-solving and decision-making experiences enhances the process. We believe that the curriculum must reflect these values and views and should be developed in such a way that the content is presented in an integrated and holistic manner.

We hold faculty communion and unity of purpose as essential and vital elements for effectiveness in an educational endeavor. Members of the faculty must be competent and accountable. Competency and accountability extend beyond the immediate educational environment to the areas of service and research. The faculty is committed to excellence in all that it undertakes. We accept the concept, and all that is inherent with the concept, that educators serve as change agents, and we share with colleague’s responsibility for growth and development of the profession toward continuously meeting needs of society.

UAB: Dept. PT
Adopted: August, 1987
Periodic Review/Revisions/
Last revision: September 2014
STATEMENT OF ETHICAL PRACTICE

The faculty of the Department of Physical Therapy is committed to the practice of ethical standards in our educational endeavors and fully supports the activities of the School of Health Professions that foster and ensure compliance with established standards regarding admission and academic policies, establishment and publication of just and equitable fees, publication of full and accurate information concerning educational programs, provision of adequate health and other student services, and policies/procedures for ensuring students' rights to due process. The Department of Physical Therapy adheres to the following practices:

1. All brochures and other published material accurately reflect the education programs offered by the Department of Physical Therapy and are written as clearly as possible to avoid misinterpretation by the reader.

2. All applicants for admission will be considered without regard to an applicant’s race, color, religion, sex, sexual orientation, age, national origin, disability unrelated to program performance, disabled veteran status, or Vietnam era veteran status.

3. An effort is made to ensure that each student upon entry into one of the educational programs is of sound physical and mental health and that any physical dysfunction or disorders are within safe limits for the student and the patients with whom the student will come in contact.

4. Academic and clinical education policies/procedures are distributed and reviewed with all students at the beginning of each school year.

5. Written agreements are made with each clinical facility and include a statement to the effect that students are there for the purpose of educational experiences and are not to be used in lieu of staff or professional personnel.

6. The faculty makes every effort to adhere to student-faculty ratios in both academic and clinical education that will facilitate optimal educational experiences.

7. Academic credit is awarded in compliance with the policies established by the SHP Academic Affairs Committee and the Graduate School of the University of Alabama at Birmingham.

8. All efforts are made to ensure that the student has developed at least minimal competencies for that particular stage in classroom and laboratory experiences prior to clinical education assignment in a patient care situation.

9. The faculty, in its concern for the health and safety of the general public, is committed to ensuring that each student possesses at least the minimal competency levels essential to his/her role in the practice of physical therapy before allowing that student to graduate.

10. The faculty is committed to the educational preparation, personal development, and general welfare of each individual student within the curricula and demonstrates a respect for the human dignity and individual rights of each student in all aspects of the curricula.
DOCTOR OF PHYSICAL THERAPY PROGRAM

The Doctor of Physical Therapy (DPT) program is a course of study for the student who holds a baccalaureate degree in a field of study other than Physical Therapy; satisfactory completion of this program leads to a Doctor of Physical Therapy degree and serves as initial preparation for practice as a physical therapist. The student will gain knowledge, skills, and behaviors needed for the initial practice of Physical Therapy in a variety of settings. In addition to practice, the graduate will be prepared to assume responsibilities in areas of administration, consultation, education, and discovery and application of new information as these relate to physical therapy.

Mission

The mission of The University of Alabama at Birmingham Doctor of Physical Therapy Program is to prepare physical therapists that are evidence-based practitioners with the skills, knowledge and behaviors to deliver value-based physical therapy services, consultation, education, critical inquiry and administration, with a primary focus on clinical practice involving diverse populations.

Graduate Outcomes:

At the completion of the UAB PT program students should be able to:

1. Deliver value-based and consumer-centered patient/client management to diverse populations to optimize movement, function and health
2. Abide by national and state regulatory and legal standards and adhere to the core values and ethical principles adopted by the American Physical Therapy Association (APTA)
3. Engage in interprofessional collaborative practice by effectively educating, communicating and partnering with consumers, peers, other healthcare and non-healthcare providers, regulatory agencies, third-party payers, and other stakeholders
4. Critically appraise the literature and other resources to guide evidence-based physical therapy practice
5. Influence the ever-changing health care landscape through personal leadership, advocacy, life-long learning in the clinic, community, professional organizations and society

UAB:Dept.PT
Adopted by faculty: October 2002
Revision: September 2006
Revision: March 2016
Policies and Procedures

Except for special circumstances described in the policies stated below, the Department of Physical Therapy abides by those policies established by the School of Health Professions and the Graduate School.

Attendance

Student Request for Leave

UAB policy requires that students attend all scheduled classes including labs, clinical assignments and other off-site scheduled events. Failure to do so may result in an “unexcused absence”.

Students in the Doctor of Physical Therapy Program are adult learners and are personally responsible for communication and management of requests for absences. Special circumstances may arise in an individual’s life that requires absences from class such as illness or death of an immediate family member (parents, grandparents, aunts/uncles and first cousins). Absences due to student illness, family emergency and death of a family member as noted above will be considered excused absences per UAB policy. Medical appointments of a non-urgent nature should be scheduled during open times on the schedule. All absences must be communicated to the Course Director and Program Director PRIOR to the start of any class. Failure to do so will be considered as a violation of core abilities.

Other circumstances may occur such as weddings of family members and close friends or trips that are of a “once in a lifetime nature”. Course Directors will address these situations on an individual basis. Please complete the “Request for Leave Form” at least 5 business days in advance for any absence of this nature. The form must then be emailed to the course director(s) with a copy to the Program Director. Failure to do so will result in the denial of the request.

REMEMBER: All requests for leave from each class must be submitted in writing and sent to the Course Director and Program Director. Any absence whether excused or unexcused must be communicated to the Course Director prior to the start of class. Failure to do so may result in disciplinary action. The Program Director will track all requests to ensure that the policy is ensured with fairness across all requests.

Designated university holidays and breaks are available on the University calendar. Projected weekly class schedules are made available prior to the beginning of each term. Revised schedules are made available one week ahead of time. Please review the weekly updates for schedule revisions.

Tardiness

Students are expected to be prepared to start all classes and return from class breaks on time. Habitual tardiness will result in disciplinary actions, for violations of core abilities (i.e. communication and responsibility) and policy and procedure, including dismissal from the program.

Inclement Weather Days

Department-Only Cancellation of Classes. The Chair of the Department has the authority to cancel
classes for the Department. The Department Chair has developed a "telephone tree" system to inform all physical therapy students when classes have been cancelled. Students will be instructed in the use of the telephone tree system before the onset of the winter weather season and be given a copy of the telephone tree.

**BACKGROUND CHECK**

SHP students are required by policy, to undergo a background check using the school’s approved vendor, CastleBranch (www.castlebranch.com), at the time of program admission, and again, prior to placement in a clinical rotation. Instructions for requesting the background check and appropriate consent forms are provided to students by their programs. Please refer to the policy section of this handbook for the policy statement. In the Doctor of Physical Therapy Program, clinical sites may require students to complete a criminal background check from their vendor prior to the start of a part-time or full-time clinical education experience.

**COURSES AND GRADES**

**Grading System**

- 90 – 100 = A
- 80 – 89.99 = B
- 70 – 79.99 = C
- < 70 = F

Any student completing a course with a grade below a C (<70) will receive a grade of F. A specific course may have performance requirements more stringent than listed above and these requirements will be identified in the course syllabus. Grades will not be rounded up.

**NOTE:** Only Course Directors or the UAB Office of Registration and Records will report Grades to students. Students are requested not to call the Department’s main office or ask staff members for grades, as they are not at liberty to give this information.

**Practical Exam Policy**

Practical examinations in the patient-client management courses will have at least one section on the exam in which a skill/knowledge from previous semesters is tested and students are responsible for all material from previous semesters. Failure to demonstrate competence on a previously learned skill may require remediation of that material.

A passing grade on a practical exam is a “B” or ≥ 80 score. Students must pass the practical exam in order to pass the course. Specific sections on practical exams may be designated as “must pass” sections (i.e., if students do not pass this component of the practical exam, they will not pass the exam). For example, students must demonstrate safe practice in all aspects of practical exams; students who demonstrate unsafe practices during the practical exam will fail the exam. Students will be given one opportunity to retake the practical exam, which will be observed and graded by two examiners. Prior to retaking the exam, students will be required to complete remedial work if so designated by the instructor(s). If students pass the retake, they receive a score of 80% for that practical exam/content
material, representative of minimal competence. Failure of the retake exam results in an F for the course.

Academic and Nonacademic Performance

Students in the Department of Physical Therapy must maintain “good academic standing” in the Graduate School and in the Doctor of Physical Therapy (DPT) Program in order to satisfactorily progress toward completion of the program and the degree. “Good academic standing” is defined by the following three components (Figure 1):

A. Cumulative grade point average (GPA) of $\geq 3.00$ in the DPT program,
B. Earning $\leq 2$ Cs, and
C. Successful completion of all DPT course work (grade of $\geq C$, or pass (P) in pass/fail courses).

Nonacademic Performance (including Core Abilities)

Students must meet all policies and procedures as noted in the UAB Student Handbook, School of Health Professions Student Handbook and the DPT Student Handbook. Failure to do so may result in disciplinary action, up to and including dismissal from the program.

Students are expected to meet all core ability requirements. Failure to demonstrate core abilities in a consistent manner may result in disciplinary action, up to and including dismissal from the program.

Probation and Dismissal

A student who fails to maintain a cumulative GPA $\geq 3.00$ in DPT coursework will be placed on probation. Such a student must re-establish good academic standing by the end of the next semester. Students who do not establish “good academic standing” in this timeframe will be reviewed following the Department Review Procedure and are subject to dismissal.

A student earning $> 2$ Cs, or a failing (F) grade in the program will be reviewed following the Department Review Procedure and is subject to dismissal.

Causes for student review that may result in probation or dismissal include: poor academic standing, academic misconduct, non-academic misconduct, and significant “core ability” deficits.
The Student Performance Review Committee (SPRC) consists of four physical therapy faculty members. The SPRC serves as the primary mechanism to review student problems that result from: 1) poor academic standing, 2) academic misconduct, 3) non-academic misconduct, or 4) significant core abilities deficits. After reviewing the case, the SPRC makes a recommendation to the entire faculty. Note: Issues of poor academic standing occurring at the end of a semester are generally reviewed by the entire
faculty and not the SPRC. Actions may include any one of the following:

1. Probation for a semester with a possible action plan
2. Dismissal from the program
3. Re-matriculation with a future academic class
4. Leave of absence

The final decision for action rests with the entire faculty. A student has the right to appeal the faculty’s decision with the Department Chair. Figure 2 shows a general scheme for the process, but as noted above, all decisions in the Department Review Procedure may not necessarily go through the SPRC.

Figure 2. Department Review Procedure
**DISABILITY SUPPORT SERVICES (DSS)**

Disability Support Services (DSS) provides an accessible university experience through collaboration with UAB partners. These partnerships create a campus where individuals with disabilities have equal access to programs, activities, and opportunities by identifying and removing barriers, providing individualized services, and facilitating accommodations.

Disability Support Services serves as the university-appointed office charged with providing institution-wide advisement, consultation, and training on disability-related topics which include legal and regulatory compliance, universal design, and disability scholarship.

To apply for accommodations contact DSS. *Note: You must have your Blazer ID and password.*

- Telephone: (205) 934-4205 or (205) 934-4248 (TDD)
- Fax: (205) 934-8170
- Email: dss@uab.edu
- Website: [www.uab.edu/students/disability/](http://www.uab.edu/students/disability/)

For those students requesting a quiet testing space for written exams, course directors require that students schedule space with DSS at the scheduled written exam times.

**DRUG SCREENING**

By policy, SHP students are required to undergo a routine drug screen using the school’s approved vendor, CastleBranch ([www.castlebranch.com](http://www.castlebranch.com)), at the time of program admission and again prior to placement in a clinical rotation. Instructions for requesting the drug screen and appropriate consent forms will be provided to students by their programs. Please refer to the policy section of this handbook for the school and university policy statements. The Office for Student Recruitment, Engagement and Success (OSRES) manages the procedures and compliance for the school. If you have questions, contact them at (205) 934-4194 or shp@uab.edu or visit room 230 in the School of Health Professions Building.

In the Doctor of Physical Therapy Program, clinical sites may require students to complete a drug screening from their vendor prior to the start of a part-time or full-time clinical education experience. For more information visit: [http://www.uab.edu/shp/home/about-shp/student-services](http://www.uab.edu/shp/home/about-shp/student-services)

**LEAVE OF ABSENCE**

A graduate student may request a leave of academic absence. The request for a leave of academic absence may not exceed one (1) academic year. The Request for Leave of Academic Absence form can be found at the Graduate School Web site: [http://www.uab.edu/graduate/graduate-school-quicklinks/online-forms](http://www.uab.edu/graduate/graduate-school-quicklinks/online-forms)

Students are advised to consult with his/her Advisor as well as the Program Director if considering a leave of academic absence from the Doctor of Physical Therapy Program. The student's Graduate Program Director and the Graduate School Dean must approve the request. Before a student can return from an approved leave of academic absence, the Graduate Program Director must submit to the Graduate School a request to allow the student to re-enroll in courses.
As courses are only offered once per year and serve as prerequisites for later courses, students electing a leave of absence from the program may return to the program under an adjusted curriculum plan approved by the faculty members. The adjusted curriculum plan may extend students’ time in the program beyond the normal program completion time.

HONOR CODE AND HONOR SYSTEM

The Student Honor Code of the Department of Physical Therapy belongs to all the students and relates to academic matters. By signing the Code, each student accepts the responsibility not only for his/her personal academic conduct, but for the conduct of all physical therapy students. In accepting this responsibility, the students in the Department of Physical therapy will not lie, cheat, nor steal. A student found guilty of academic misconduct such as knowingly giving and/or receiving unauthorized aid in tests and examinations, plagiarizing, falsifying data, or any other acts of dishonesty in academic work will be recommended for immediate dismissal from the Department of Physical Therapy. In addition, students who knowingly are involved in or tolerate, either actively or passively, a violation of the Honor Code by another student will be subject to disciplinary action. Students accept this responsibility because of a commitment to personal and professional honor.

PROCEDURES FOR THE STUDENT HONOR SYSTEM

1. The Student Honor Council is made up of students from each year of the Doctor of Physical Therapy Program. The purpose of the Student Honor Council is to investigate student concerns relate to academic misconduct.
2. Students entering the program shall sign the Honor Code within the first semester. The selection of the first-year class representatives shall be made by the 5th week of Spring Semester.
3. Each class will elect a representative(s) to the Honor Council based on one representative per 15 students. Individuals are nominated and then elected by ballot by class members. The presiding Chair is responsible for the election process.
4. The position of Honor Council Chair shall be determined by the second-year students. The second-year class will select the chair from one of its current representatives at the beginning of the Spring Semester of the 2nd year. The new Chair assumes the role beginning Summer Semester. At the time that the Council Chair is selected, a replacement representative will be elected from the second-year class.
5. In the event of suspected Honor Code violations, the student complainant shall report the nature of the alleged violation and identity of all parties involved to the Honor Council Chair. (Note: In the event the complainant is a member of the faculty, the faculty member reports directly to the Program Director.)
6. The Honor Council shall gather and review the evidence pertinent to the allegations and the accused shall have the opportunity to review and make rebuttal to the evidence before the Council.
7. If the Honor Council does not see cause to charge the student, all evidence will be destroyed in the presence of the accused and the Council will make no further deliberation on the matter.
8. If the Honor Council suspects that probable cause exists that an Honor Code Violation has been committed, the Council will communicate the findings to the Program Director who will notify the student that a charge of academic and/or nonacademic misconduct has been made, provides the student with the procedure to be followed, and an opportunity to respond to the charge. If the Program Director or Chair is the Course Director of the coursework involved, or if a potential conflict of interest exists, the Honor Council may opt to inform the SHP Assistant Dean for Academic and Student Affairs.
9. The Honor Council does not make decisions regarding disciplinary actions. The Program Director will determine actions according to Department and SHP guidelines.

PUBLICATION POLICIES

All research performed by faculty, students, and staff of the University of Alabama at Birmingham, which utilizes University time, space or resources is the property of the University of Alabama at Birmingham regardless of the funding source. In most instances, research performed by faculty, students, and staff of the Department of Physical Therapy should be disseminated through publication as rapidly as possible.

It is desirable that a written manuscript of the worthy research project be submitted for publication in a refereed journal. However, the nature of the study (such as preliminary data, pilot study or case study) may preclude journal submission that may have stringent requirements. However, every effort should be made to disseminate information in the appropriate forum (platform, poster, paper).

STUDENT RESEARCH

Intent to Publish

a. Each student who plans to submit a product that resulted from a mentored project must sign a written agreement or letter of intent to publish by or on the date of the student's research presentation.

b. If the principal investigator/research mentor approves of the student's intent to submit the research project for publication, a "plan for publication" will be filed with the Department of Physical Therapy by the date of the graduation. Failure to file such a plan or failure to meet the guidelines established in the "plan" will be considered a waiver of his/her authorship rights. The investigator/research mentor will have final authority to approve or deny the product for dissemination.

Guidelines for Author Order

a. Final determination of the order of authorship will be at the discretion of the principal investigator/mentor. For group projects in which all students participate equally, authors will be listed alphabetically.

c. Courses in the Department of Physical Therapy often require written papers. A cover sheet using Graduate School format is expected. (see sample pg. 29)
LETTER OF INTENT TO PUBLISH

I, ____________________________________________________________ have discussed my alternatives for publication of my research with the mentor of my scholarly activity project and have read the publication policies of the Department recorded in the student handbook. I plan to submit my research for publication (or portions thereof) in collaboration with:

______________________________________________________________________
______________________________________________________________________
______________________________________________________________________
______________________________________________________________________

A "plan for publication" will be filed in the Department of Physical Therapy by the date of graduation. I understand that failure to file the "plan" or failure to meet the guidelines established in the plan shall be considered a waiver of my "first" authorship rights.

for PT 799 – Use of Cover Sheets

School of Health Professions
Department of Physical Therapy
University of Alabama at Birmingham

January 8, 2018
PROFESSIONAL IMAGE

Our status as individuals is reflected by the initial image we portray to others. Professional competency is judged initially by the outward appearance and manner of health care professionals in under one minute. Trust and acceptance by patients entrusted to our care is an important factor in how well they respond to our treatments, despite our technical skills. Dress regulations, in many instances, serve to protect the patient, to identify the professional to the consumer and to other health professionals, and to allow us to do our jobs safely and effectively. Guests to our department, patients, research volunteers, applicants to the program, and a host of health care professionals notice our campus attire. When one accepts the individual responsibilities inherent in becoming a physical therapist, one assumes the collective responsibilities of professional image that reflects upon the profession as a whole. Bearing these thoughts in mind, the faculty has established standards of dress that serve these purposes best. **UAB photo identification must be worn at all times on campus, during off-campus activities affiliated with UAB and during clinical affiliations.**

Unprofessional attire may not be worn at any time when a student is representing UAB as an institution – on or away from campus.

In All Settings

**Personal Hygiene:** Students need to manage their own personal hygiene to avoid offensiveness in close physical interactions with patients, visitors, students and instructors. Body odor/smoke or other odors are not acceptable. Use of deodorants and/or antiperspirants is encouraged. Perfumes or offensive fragrances are never acceptable.

**Nails:** Fingernails are to be kept short and clean to avoid skin trauma or contamination. Nail polish should be conservative and well maintained in classes and labs. Please note that nail polish is not appropriate in the clinic and should not be worn in clinical situations to minimize infections/disease concerns.

**Hair:** All hair should be clean and well-groomed at all times. Hair should be styled so that it is not distracting or in danger of interfering with the leaning during lab sessions, management, of patients or use of equipment.

**Jewelry:** Jewelry should be professional in nature and not pose a risk to other students, instructors or patients. Sharp edges should never be worn.

Exemptions will be made on a case-by-case basis by the Program Director. Please e-mail the Program Director to set up a meeting.
## Classroom and LRC/SHP Attire

The professional standards, goals, and objectives of the Physical Therapy program require appropriate behavior and attire in the classroom/educational environment at all times in any UAB Building. Professional behavior and attire may be denoted by, but is not limited to, the following standards.

<table>
<thead>
<tr>
<th>Appropriate = ALWAYS</th>
<th>Inappropriate = NEVER</th>
</tr>
</thead>
<tbody>
<tr>
<td>Personnel hygiene reflects cleanliness.</td>
<td>Body/smoke, or other odor, disheveled, visible uncleanliness.</td>
</tr>
<tr>
<td>All hair, including facial, and nails are neatly trimmed and short. Nail polish should be conservative and well-tended.</td>
<td>Untended, untrimmed hair of any kind; nails that are discolored, long or with inappropriate nail polish.</td>
</tr>
</tbody>
</table>
| **Tops:**
  Women: cover shoulders, upper chest area, and torso. Sleeveless tops must be at least 3 finger widths wide at the shoulders. The back must be covered at all times.
  Men – Shirts have collars | Athletic t-shirts, tank tops, low cut V-necks, low-cut, short tops that do not fall below the level of the pant or skirt waistband. Tops with cutouts of any kind are not to be worn. Tops/shirts should not gap when bending forward nor ride up over the low back region when moving or raising your arms overhead. Cleavage should never be evident. |
| **Bottoms:**
  Must be modest by covering low back, hip and buttock region during ALL movement. Capris are permissible in class. |
  Denim on casual Fridays is acceptable with exceptions noted in the next column. |
  Skirt and dress hems should reach the top of the knee. | Shorts of any kind except for lab. Pants that do not cover the torso region appropriately with movement, i.e. bending over. |
  Denim pants of any color except for Fridays when guest speakers are scheduled. If guest speakers are scheduled on Fridays, then denim pants may NOT be worn. |
  Leggings of any type are never appropriate unless the buttock region is completely covered by a tunic or dress. |
| **Headwear:**
  Only if previously approved by Program Director. | |
| **Footwear:**
  Closed toe shoes, sandals that cover the majority of the foot and made of leather. Running shoes. | Chaco’s, flip flops, thong sandals, Tevas that do not include a least a heel strap. No athletic sandals. |
| Clothes and footwear must be in good repair, clean and ironed. If in doubt regarding appropriateness | |
of clothing, please consult with the program director.

Wearing inappropriate clothing, hygiene, hair, nails, or jewelry at any time is not permitted and will result in disciplinary action per the handbook.

Presentation Dress Code (classroom or external)

Appropriate dress for all classroom or other presentations is illustrated at the end of this section. For female students, appropriate attire includes suits (with either pants or skirts), dress pants with blazers, or business-type dresses with dress shoes. For male students, dress pants and shirt with sports coat or suits and dress shoes are appropriate.

Laboratory Dress Code

Wearing appropriate attire has a direct effect on learning experiences. Specific guidelines are required to ensure that you will be able to examine the body, move appropriately and maintain modesty. You show respect for your classmates by presenting yourself in a clean, appropriate lab “uniform”.

Appropriate lab attire includes:

<table>
<thead>
<tr>
<th><strong>Appropriate = ALWAYS</strong></th>
<th><strong>Inappropriate = NEVER</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td>PT logo clothing available through the Student Physical Therapy Association: sweat shirts, sweat pants, shorts and short sleeved t-shirts.</td>
<td>Non-UAB school clothing. Gym attire such as tight leggings are never appropriate. Under wear must be worn under lab clothes.</td>
</tr>
<tr>
<td>Plain colored (no logos) sweat shirts, sweat pants, shorts and short sleeved t-shirts</td>
<td>Leggings and other workout/yoga clothing is NOT appropriate.</td>
</tr>
<tr>
<td>Athletic shoes in good condition</td>
<td></td>
</tr>
<tr>
<td>Conservative one-piece swim suit, cover-up/dress to wear over it, shower shoes for aquatic lab</td>
<td>Two-piece suits, Speedos</td>
</tr>
<tr>
<td>Females: bra-like halter top or sports bra that is opaque and allows for observation of anatomical landmarks</td>
<td>Regular bras</td>
</tr>
<tr>
<td>Watch capable of measuring seconds.</td>
<td></td>
</tr>
</tbody>
</table>

When may lab attire be worn?

- All sessions indicated as lab on the schedule (no exceptions).
- Course Directors may designate that wearing lab clothes to class is acceptable when class is followed by a lab but this is up to the individual Course Director.
- When lab sessions are scheduled for 10-12 and 1-3, lab attire may be worn over lunch in the PT lab or OT/PT lab areas.
- When the purpose for wearing lab attire is to practice clinical skills students may wear lab attire
in the School of Health Professions Building or the Learning Resource Center.

- Sport bras must be covered by a t-shirt when outside the OT/PT lab or PT lab.

Clinical Education Dress Code (Any time you are in a clinical or simulation setting for any reason)

Clothing worn in patient or clinical care/simulation areas must be neat and clean to avoid contamination in the clinical setting. They should be removed for cleaning as soon as possible after leaving the clinical setting to reduce contamination of your personal surroundings. Students should pay attention to their own personal hygiene to avoid offensiveness in close physical interactions with patients. Body odor/smoke or other odors are not appropriate. Use of deodorants and/or antiperspirants is encouraged. Perfumes or offensive fragrances are never acceptable. In clinical, community, or research settings where the school uniform and/or lab coat is not required, your attire is expected to be conservative, appropriate and professional.

<table>
<thead>
<tr>
<th>Appropriate = ALWAYS</th>
<th>Inappropriate = NEVER</th>
</tr>
</thead>
<tbody>
<tr>
<td>UAB photo ID that states that you are a “Student Physical Therapist” should be worn at all times. Students may also be required to wear a photo ID made at the assigned clinic</td>
<td>Lost ID’s must be replaced immediately or you may be in violation of Alabama state law. THIS IS SERIOUS!! Notify the Director of Clinical Education (DCE) immediately, if this occurs.</td>
</tr>
<tr>
<td>Shoes and socks: Supportive, non-slip, close toe and heeled shoe must always be worn with shoes or hose. Shoes should allow easy pivoting</td>
<td>Clogs and sandals of any kind are NEVER appropriate.</td>
</tr>
<tr>
<td>Shirts with logos or other writing on them are only appropriate if the logo represents the facility and is worn by the staff therapists. Shirts must cover the upper chest area, torso and axillary/shoulder region. Pants must be conservative in nature and cover the low back region at all times.</td>
<td>Our students are NEVER permitted to wear t-shirts, jeans, or shorts regardless of the dress code of the clinical setting WITHOUT approval from the DCE. Sleeveless tops in clinic or in any clinical or simulation setting. When bending over, tops must not gap at the top nor ride up over pant area in low back region. When reaching overhead, shirts must cover the midriff area. Tight clothing should never be worn in the clinic, e.g. leggings or form fitting shirts/tops.</td>
</tr>
<tr>
<td>Hair: Hair must be secured away from the face at all times. Hair should be styled so that it is not distracting or in danger of interfering with the management of patients or use of equipment.</td>
<td>Hair that is unsecured and in danger of falling into the faces of students, patients/individuals or equipment. Styling that is not conservative as deemed by the DCE and clinical site.</td>
</tr>
<tr>
<td>Fingernails are to be kept short and clean to avoid skin trauma or contamination.</td>
<td>Nail polish is not appropriate and should not be worn in clinical situations for infectious disease purposes.</td>
</tr>
<tr>
<td>Jewelry must be kept to a minimum (plain ring bands, watches capable of measuring seconds, and stud-type earrings.)</td>
<td>Visible jewelry piercings in areas other than the ears (2 sites/ear maximum) is unacceptable for the clinic unless for religious reasons previously discussed with the Program Director and DCE. NOSE piercings are not acceptable in clinic. Jewelry with sharp edges MUST NOT be worn in clinical settings.</td>
</tr>
<tr>
<td>---</td>
<td>---</td>
</tr>
<tr>
<td>Visible jewelry piercings in areas other than the ears (2 sites/ear maximum) is unacceptable for the clinic unless for religious reasons previously discussed with the Program Director and DCE. NOSE piercings are not acceptable in clinic. Jewelry with sharp edges MUST NOT be worn in clinical settings.</td>
<td>Tattoos of any kind may not be visible to the public except by previous approval by the DCE and Program Director.</td>
</tr>
<tr>
<td>If scrubs are permitted as attire in the clinic setting, students must ensure that they are conservatively clothed and that the scrubs are neat and clean. Students are required to wear a t-shirt under scrub tops.</td>
<td>Cell Phones and Computers</td>
</tr>
</tbody>
</table>

**Cell Phones and Computers**

**Classroom and Lab Settings:**
Students are expected to contribute to the development of an optimal learning environment for themselves, classmates and the instructor. Cell phones are extremely distracting in class. ONLY when expecting an urgent/emergency call and after being given permission from the instructor should these devices be on in the classroom and the set to vibrate. Text messaging is never allowed during class. Violations may result in student dismissal from the remainder of the class and further disciplinary action for repeat offenses.

Use of a computer for purposes other than note taking is not permitted. Violations may result in:

1. Student dismissal from the remainder of the class.
2. Loss of the privilege to use a computer or other related device in class for the remainder of the semester and/or program.
3. Further disciplinary action for repeat offenses.

**Clinical Settings:**
Students are expected to contribute to the development of an optimal learning environment, their patients/clients, and clinical instructor. Cell phones and/or electronic devices are permitted only during non-patient care times (i.e. lunch hour, breaks, etc.). Cell phone and/or electronic devices should be set to vibrate or shut off during normal clinic hours to prevent a distraction to you, patients/clients, staff members, and/or clinical instructors. Cell phones may not be used during patient care hours for texting, checking email, or making personal phone calls. Cell phones or other electronic devices, with permission of your clinical instructor, can be used for patient/client use, such as looking up information on the web and designing home programs.
Examination Protocol

During all written examinations, students must follow these procedures:

1. No “smart” devices are to be kept in the student’s testing area, e.g. SMART watches, cell phones, tablets or other devices;
2. All back packs, purses, totes, gym bags or other carrying satchels are allowed at the student’s testing area. Such items are to be placed at the back or side of the testing area and not accessible to the student;
3. Any test aids of any kind will be considered cheating and the student will be subject to immediate dismissal from the program;
4. No food may be bought to the student’s testing area;
5. Only water in an approved bottle/container may be brought to the student’s testing area;
6. No notes or paper is allowed at the student’s testing area; a Course Director will provide plain paper if needed which is then turned in to the Course Director at the end of the exam;
7. The dress code must be followed, e.g. no hats, overcoats, bulky sweaters will be allowed;
8. One bathroom break is approved per 2-hour session; if additional breaks are necessary, the student is required to seek approval from the Course Director. Only one student may leave the classroom at one time;
9. Any communication between students during an exam will be considered as cheating and the student will be subject to immediate dismissal from the program;
10. Any other behavior by the student that is considered as a violation of the honor code or academic misconduct will be brought to the Student Performance Review Committee for disciplinary action that may include dismissal from the program.
11. Any student with DSS accommodations for quiet testing space for written exams must schedule such space with DSS at the scheduled exam time.

Professionalism: Core Abilities/Core Values

Core abilities/core values are attributes, characteristics, or behaviors required for success as a physical therapist. Throughout the curriculum, students will periodically use self-assessment tools to facilitate professional growth required for graduation from the Doctor of Physical Therapy program. Academic and clinical faculty will evaluate the development of student’s core abilities and values throughout the program using similar assessment tools.

During the first year in the program, students will complete the core abilities self-assessment each semester. The second year of the program, students will submit the core abilities self-assessment prior to the start of the summer term. During the final year in the program, students will transition to the Core Values self-assessment to be completed prior to leaving campus for full-time clinical education courses. The Program Director will electronically communicate deadlines for submission of each self-assessment.

Upon completion of each self-assessment, the student is responsible for arranging a meeting with his/her faculty advisor. Because of the professional nature of the Doctor of Physical Therapy program, students must appropriately demonstrate core abilities/core values progression during the curriculum in addition to remaining in good academic standing. Failure to demonstrate appropriate progress with core abilities/values may result in the student being reviewed by the Student Performance Review Committee.
Accidents / Injuries

All accidents/injuries occurring in the Department of Physical Therapy are to be promptly reported to the faculty member in charge of class. Incident reports for accidents and injuries must be filed with the Department Administrative Office within 48 hours of the incident. Failure to report accidents immediately may result in lawsuits or other serious consequences.

Accident / Injury Reporting Procedure
When a student, visitor, faculty, or staff is involved in an accident or sustains an injury on the UAB premises, an accident / injury report is required. Please go to this link https://riskmgt.hs.uab.edu and complete the Incident Report; the form should accompany the injured individual when medical attention is sought. The original or a copy should be brought back to the program division office. Please be sure that all of the sections are completed and signed by, the injured party, the reporting party, and attending physician. A copy should be submitted to the Department Chair. The incident report should be signed by a witness, the program director, and the Dean. The Department Chair sends the incident report form to Risk Management, The UAB Safety Office and SHP Administration. It is very important to thoroughly complete the form, recommend to the injured that he/she go to either Student Health or the Emergency Room (as appropriate), secure the appropriate signatures, and process promptly to the Department Chair’s office. Injuries sustained during a laboratory session are included in this procedure and should be reported by the student as soon as the injury is noted.

Access to Secure Buildings

The School of Health Professions Building (SHPB) and Lab in Volker Hall (VH) require your ONE Card for access after regular hours. Your One Card can be obtained at the following issuing offices: Burleson Building, 909 18th Street South, Birmingham, AL 35294 or One Stop Student Services, Residence Life Center of Blazer Hall. SHPB lab and locker room access is via OneCard. Use of the OneCard is tracked centrally for purposes of monitoring security of these areas. All students, faculty and staff are responsible for making sure these areas remain secure by keeping doors closed/locked at all times.

Class Breaks

The scheduling of breaks is the prerogative of the faculty and/or clinical instructors. Courtesy will be shown to the faculty and clinical instructors by not eating during classes without permission and by returning promptly upon completion of the break. Failure to do so is considered tardiness. Please review our Attendance and Tardiness policy.

Support Staff

You will find that the members of the Department of Physical Therapy Support Staff are eager to assist you. Please remember that all staff have their own work areas and those areas are not available for student use (i.e., telephones, typewriters, computers and printers). Also, please respect staff breaks as these may be federally mandated downtimes. Confidential materials that cross their desk daily are for their eyes only.
Faculty Offices

Faculty members’ policies vary regarding entry into and/or use of their office by other people. Please be aware of and respect individual preferences.

Faculty Availability

Students are of primary importance to the faculty members. Please be aware that while our primary goal as faculty members is to facilitate your learning, each of us has other responsibilities, which demand our time and attention. These roles range from involvement on school-wide committees to research and patient care. We each want to be responsive to your needs but ask that you respect our involvement in these other activities. Please ask us how and when we can be available to you. Each faculty member has preferences for how he/she can best be reached (email, phone messages, written note, etc.). Please know we want to be available when you have a need. You are encouraged to contact your advisor or, in advisor’s absence, another faculty member whenever the need arises.

UAB Telephone

For calls within UAB, dial the extension number. Local off-campus calls can be made by dialing “9” and telephone number. Long distance calls cannot be made on these phones. Telephones located in the class and laboratories are not for student use. Students may use the Department’s main number (934-3566) for incoming calls, however, office staff members will trace the location of a student only in an emergency. In all other cases an e-mail message will be sent to the student. It is expected that discretion will be displayed in the use of the telephone and this privilege will not be abused.

Financial Aid

In addition to aid programs administered through the Office of Financial Aid located at 2700 University Blvd. Lister Hill Library G20; Telephone 205/934-8223), there are scholarships available to students within the Department of Physical Therapy.

CPR Certification

A student’s CPR certification must be current at all times during the program. CPR certification will be completed through the DPT program in January 2018 and January 2020.

On Campus Recruiting Activity Policy

Meetings with recruiters may be scheduled twice a month on the first and third Tuesday or as otherwise approved by the Program Director.

The time of the event shall be 5:00 p.m. – 6:00 p.m. (recruiting activity may not be scheduled between 8:00 a.m. and 5:00 p.m.)

The PT Department usually receives the initial request from a recruiter. The PT Department will contact the Class President or designee with the recruiter contact name, company name, and phone number.
The Class President or designee should notify classmates and make all arrangements with the class and recruiter, except reserving meeting space.

The Class President or designee will contact the Department of Physical Therapy Office Services Specialist at 934-3566 to request a room. The Support Staff will secure the room and notify the Class President or designee. The room will always be reserved under the Department Chair’s name, Dr. David Morris. If any problems arise after 5:00 p.m. on the scheduled day of the event, the Class President or designee will directly contact the Learning Resource Center (LRC), at 934-5156.

Attendance is voluntary; however, a sign-up sheet will be required in order to obtain a head count. The recruiter should be notified in advance of the number of attendees.

UAB/SHP/Dept.PT
Policy established April 2008
Revised October 2008

ESSENTIAL REQUIREMENTS OF PHYSICAL THERAPY EDUCATION

Introduction

The physical therapy degree is recognized as a broad undifferentiated degree requiring the acquisition of general knowledge and basic skills in all applicable domains of practice. The education of a physical therapist requires assimilation of knowledge, acquisition of skills and development of judgment through patient care experience in preparation for independent and appropriated decisions required in practice. The current practice of physical therapy emphasizes collaboration among physical therapists, other health care professionals, the patient, and the patient’s family. In order to graduate from the program, all students must complete required course and program requirements.

Policy

The University of Alabama at Birmingham (UAB) Department of Physical Therapy endeavors to select applicants who have the ability to become highly competent physical therapists. As an accredited physical therapy program, the UAB Curriculum adheres to the standards and guidelines of the Commission on Accreditation for Physical Therapy Education of the American Physical Therapy Association. Within these guidelines, the University of Alabama at Birmingham Department of Physical Therapy has the freedom and ultimate responsibility for the selection and evaluation of its students, the design, implementation, and evaluation of its curriculum, and the determination of who should be awarded a degree. Admission and retention decisions are based not only on prior satisfactory academic achievement but also on non-academic factors that insure that the candidate can complete the essential functions of the academic program required for graduation.

The Department has responsibility to the public to assure that its graduates can become fully competent and caring physical therapists, capable of doing benefit and not harm. Thus, it is important that persons
admitted possess the intelligence, integrity, compassion, humanitarian concern, and physical and
emotional capacity necessary to practice physical therapy.

The Department of Physical Therapy, as part of the University of Alabama at Birmingham, is committed
to the principle of equal opportunity. The Department does not discriminate on the basis of race, color,
religion, gender, sexual orientation, age, national origin, disability, and disabled veteran or Vietnam era
veteran status. When requested, the University will provide reasonable accommodation to qualified
students with disabilities as approved by DSS, the program and clinical partners.

Program Essential Functions

Technical standards, as distinguished from academic standards refer to those physical, cognitive, and
behavioral abilities required for satisfactory completion of all aspects of the curriculum, and the
development of professional attributes required by the faculty of all students at graduation. The
essential abilities required by the curriculum are in the following areas: motor, sensory, communication,
intellectual (conceptual, integrative, and quantitative abilities for problem solving and patient
assessment) and the behavioral and social aspects of the performance of a physical therapist.

The University of Alabama at Birmingham/Department of Physical Therapy curriculum requires essential
abilities in information acquisition. The student must have the ability to master information presented
in course work in the form of lectures, written material, and projected images. The student must have
the cognitive abilities necessary to master relevant content to basic science and clinical science courses
at a level deemed appropriate by the faculty. These skills may be described as the ability to
comprehend, memorize, apply, analyze, integrate and synthesize material. He/she must be able to
discern and comprehend dimensional and spatial relationships of structures and be able to develop
reasoning, critical thinking and decision-making skills appropriate to the practice of physical therapy.

The student must have the ability to complete and document an appropriate history, and perform a
physical examination. Such tasks require the ability to communicate with the patient and family in a
manner appropriate to the individuals. The student must also be capable of perceiving signs of disease
and dysfunction, especially emergency situations but that also include at a minimum neurological,
musculoskeletal, cardiovascular, pulmonary and integumentary dysfunction, as manifested through
physical examination. Such information is derived from observation and palpation of the body surfaces,
palpable changes in various organs and tissues, and auditory information (such as patient voice and
heart sounds). The student must have the ability to discern skin, subcutaneous masses, muscles, bones,
joints, lymph nodes and intra-abdominal organs (for example, liver and spleen). The student must be
able to perceive the presence of abnormalities, which are not within the musculoskeletal system, such
as masses in the abdomen.

A major component of the practice of physical therapy is the assessment and management of
movement disorders. Therefore, the student must have the ability to safely assist a patient in moving,
for example, from a chair to a bed, or from a wheelchair to a commode. The student must also have the
ability to move himself or herself and the patient in a three-dimensional space in order to perform
motor function tests and treatments. Additionally, the student must be able to ensure the physical
safety of a patient at all times.

The student must be able to communicate effectively with patients and family, physicians and other
members of the health care team. Communication skills require the ability to assess all information,
including the recognition of the significance of non-verbal communication and immediate assessment of information provided to all for appropriate, well-focused follow-up inquiry. The student must be capable of responsive, empathic listening to establish rapport in a way that promotes openness and sensitivity to potential cultural differences and issues of concern. The student must be able to process and communicate information on the patient’s status, with accuracy, in a timely manner, to physical therapist colleagues and other members of the health care team. This information needs to be communicated in a succinct, yet comprehensive and timely manner. Written documentation assessments, etc., must be complete and accurate. Appropriate communication may also rely on the student’s ability to make a correct judgment in seeking supervision and consultation in a timely manner. The student must be able to understand the basis and content of ethical physical therapy practice. He/she must possess attributes, which include compassion, empathy, altruism, integrity, responsibility, and tolerance. He/she must have emotional stability to function effectively under stress and to adapt to an environment that may change, rapidly without warning and/or in unpredictable ways.

These essential functions of physical therapy education identify the requirements for admission, retention, and graduation of applicants and students at the University of Alabama at Birmingham Department of Physical Therapy. All functions must be performed within a reasonable time frame as would be expected in a clinical situation. Graduates are expected to be qualified to enter the field of physical therapy. It is the responsibility of the student with disabilities to request those accommodations that he/she believes are reasonable and are needed to execute the essential requirements described.

Students must also meet all core ability requirements regarding professionalism and leadership as defined by the Doctor of Physical Therapy Program at The University of Alabama at Birmingham.

The inability of a student to perform any of these essential functions while in the program may result in the student receiving an incomplete for a course, requesting a leave of absence, or student withdrawal/dismissal from the program.

Reasonable Accommodations:

In accordance with the Americans with Disabilities Act of 1990, the University of Alabama at Birmingham will provide “reasonable accommodations” to any individual with a documented disability. It is the responsibility of the student to contact the coordinator of Disability Support Services, or DSS, to document the disability (9th Ave. Office Building, 1701 9th Ave. South, 205-934-4205). Students who have registered with DSS and are seeking accommodations for a course should identify themselves to every course director during the first week of class each semester. The student is responsibility for making an appointment with each course director to discuss any eligible accommodations that he/she intends to use in class. The student may consult with DSS for conflict resolution related to requests for accommodation. Requests for additional time and quiet testing areas must be made to the Course Director and scheduled with DSS at a minimum of 48 business hours prior to the exam in which accommodations are being sought. Failure to do so may limit our ability to provide the requested accommodations.
UAB Disability Support Service (DSS) provides a broad array of services and technologies to make the UAB campus – and a UAB education – accessible for everyone. For more information, contact DSS at dss@uab.edu or (205) 934-4205.

Clinical Education

Students are to refer to Canvas for the current Clinical Education policies and procedures or they can contact the Director of Clinical Education or the Associate Director of Clinical Education.

Email

All students are required to have email through on-campus student accounts. Information pertaining to classes, schedules, and program are disseminated regularly via email. You are required to check email at least daily, if not more frequently. **E-mail distribution lists should be used only for activities associated with the Department of Physical Therapy program/activities.**

Student Lockers

Locker facilities are provided for Department of Physical Therapy students in their respective locker rooms. Students are responsible for providing their own locks. Students are responsible for maintaining a clean and safe locker room environment and for reporting any maintenance issues to a staff member or the Program Director immediately.
Scholarships

- **HealthSouth Scholarship**: An academic scholarship is awarded to student(s) in the first year of the entry-level professional degree program. Selection is based on academic merit and financial need. Applicants must be a native of the State of Alabama. Applications must be made by early September prior to entering the program. Awardees are notified of the award before entering the program in January.

- **Shirley A. Shaddeau Memorial Scholarship Fund**: A scholarship is awarded to a student entering the final year of study. Selection is based on academic merit, financial need, and expression of commitment to the profession of physical therapy. Students are notified by memo of application deadline.

- **Therapy South Sponsored Scholarship Award**
  This scholarship is proved annually in the amount of $2000 to a physical therapist student in the second year of their studies. This award of this scholarship will be made during the fall semester of the second year to a single recipient. Students will be notified when to submit an application for this scholarship to the Director of Clinical Education (DCE). The application consists of a maximum two-page reflection on the student’s desire to be an outpatient orthopedic physical therapist after graduation along with professions goals for the first five years’ post-graduation. Students need to include strategies to obtain their professional goals. The student selected for this scholarship must complete a full-time clinical education experience in a Therapy South clinic for their orthopedic graduation requirements. In addition, the student must write a thank you letter to Therapy South. The Director of Clinical Education and Associate Director of Clinical Education will mentor the student through these requirements.

- **Sharon Shaw Scholarship Fund**
  Sharon E. Shaw, Pt, DrPH was a longtime Faculty Member and Chair of the UAB Department of PT from 1998-2013 when she retired. Dr. Shaw was passionate about community services and participated in AIDS related charities in Alabama for many years. She passed away to soon in January 2016. Through generous gifts from a variety of contributors, the Sharon E. Shaw PT Student Scholarship was established in her memory. The Scholarship fund continues to grow with the continuing generosity of family and friends of Sharon, alumni, and the DPT “family”. Recipients of this scholarship must meet the following criteria: 1) be enrolled in the program as a 2nd or 3rd year DPT student 2) demonstrate solid academic promise and the potential for completing the course of study in Physical Therapy 3) demonstrate financial need 4) demonstrate a passion and aptitude for community service. The amount of the scholarship is currently $1,000.00. The scholarship is paid to one awardee. The announcement is made during the fall of each year. Each applicant must 1) show confirmation of financial aid by the UAB Office of Financial Aid 2) Complete the UAB DPT Scholarship Application 3) Letter of request for the scholarship that includes why you need/want the scholarship, your goals following graduation, and commitment to community service 4) Two personal references from individuals other than current faculty within the Department of Physical Therapy 5) Current resume”.
• **Bridging the Gap Scholarship Award**
  This scholarship is awarded to a third-year student who has completed all program requirements. The funds are intended to reduce the burden of licensure and National Physical Therapy Exam costs.

• **Adams Denton Award**
  This award is given to third year student(s) with financial need associated with long-term clinical education costs.

### SEMESTER IX (Fall)
- PT775 Clinical Education VI 9

Total Credit Hours for Program: **119**
MILESTONES FOR DOCTOR OF PHYSICAL THERAPY DEGREE PROCESS

1. Meet with Academic Advisor:

A physical therapy faculty member will be assigned to serve as the student’s academic advisor throughout the course of the program. The student and the advisor should meet throughout the program to confer about courses, core abilities, and other issues the student wishes to discuss.

<table>
<thead>
<tr>
<th>Meeting with Students</th>

2. Doctor of Physical Therapy Scholarly Activity Project:

Students will complete three semesters of PT 798 during the 2nd year of the program. Students will either be assigned to a faculty research mentor or will participate in scheduled journal club meetings. The process for implementation of the Scholarly Activity Project is as follows:

   a) Semester 3  
   Faculty mentors will discuss specific projects and students will have the opportunity to request to be a part of a project or to participate in journal club. Students who are assigned to a faculty mentor will meet with the mentor to determine duties to begin in the spring (semester 4).

   b) Semester 4  
   Research students will spend between 40-45 hours over the semester working on the assigned project. Research projects will be faculty driven with students having a specific role in the project. Each student will keep a log of hours and specific activities (e.g. data collection; data entry; meetings). The log will be reviewed by the faculty mentor. Time will be allotted on the schedule for scholarly activity time. However, faculty mentors have the flexibility to change this depending on the time constraints of the project.

   Students in journal club will attend assigned journal club meetings and will prepare for each meeting by reading and critiquing each article.

   c) Semester 5  
   Activities will continue as in term 4.

   d) Semester 6  
   Reflection of scholarly activity experience that may include a presentation or written product.
3. **Completion of Application for Degree**

   Students must complete the Application for Degree during Graduation prep session prior to leaving for the final clinical education course.

4. **Successful Completion of All Coursework**

   Upon successful completion of all coursework, the candidate will be recommended for the Doctor of Physical Therapy degree by the Department of Physical Therapy.

5. **Final Program Review**

   Faculty and students will meet, after the final clinical education experiences (PT 773, 775, 775) prior to graduation, for a general discussion/feedback regarding experiences during the program. Students will complete paperwork regarding curriculum review and alumni data.

6. **Graduation Exercises**

   Students and faculty members are expected to participate in the hooding ceremony in December.
Comprehensive Examination

Policy
Comprehensive examinations will be given to students in the Doctor of Physical Therapy degree program at the beginning of the 4th and 7th semesters and during PT 775.

The purposes of the comprehensive examinations as endorsed by the faculty of the Department of Physical Therapy are as follows:

1. To identify areas of strength / weakness in the professional preparation of individual students.
2. To provide guidance for the continued preparation of each student to enter the practice of physical therapy.

Performance
1. Passing standard: 70%. Second year students who earn a score below 70% must remediate the examination content by the end of the 4th spring semester. Third year students will remediate content prior to beginning PT 773.
2. The performance on the comprehensive exam will be considered in conjunction with classroom performance and core abilities in making recommendations/decisions regarding student status in the professional program.

Students/graduates are responsible for preparation of acceptable performance on the licensure examination once the members of classroom and clinical faculty have judged performance in the professional degree program to be acceptable for successful completion of the program.
