Non Peer Reviewed Publications

Book Chapters

Oral Presentations & Workshops

6. White ML, Youngblood AQ, Zinkan JL, Peterson DT, Tofil NM. The day the simulator died -- Using simulation to foster communication about death and dying. 5th International Pediatric Simulation Symposia and Workshops, New York, NY, April 2013.

7. White ML, Zinkan JL, Youngblood AQ, Peterson DT. One size fits all: Adapting scenarios for non-traditional audiences and varying levels of learning. 5th International Pediatric Simulation Symposia and Workshops, New York, NY, April 2013.

8. White ML, Tofil NM, Bateman L, O'Neill L, Youngblood AQ, Zinkan JL, Dure L, Needham B. Use of high-fidelity simulation to explore pediatric critical care and emergency physicians' communication surrounding end-of-life care. 5th International Pediatric Simulation Symposia and Workshops, New York, NY, April 2013.

resident simulation. 12th Annual Meeting on Simulation in Healthcare, San Diego, CA, January 2012.

33. Tofil NM, Hughes, JT, Harrington KF, Zinkan JL, Youngblood AQ, Peterson DT, Bartolucci AA, White ML. Teaching fellows to teach through the use of simulation. 1st Annual Research and Innovations in Medical Education Week – University of Alabama at Birmingham, Birmingham, AL, September 2012.

35. Strachan S, Tofil NM, Zikan JL, Youngblood A, White ML. Development of interactive simulation video cases for medical students in the large group setting. 1st Annual Research and Innovations in Medical Education Week – University of Alabama at Birmingham, Birmingham, AL, September 2012.

42. Belle A, Watts PI, King J, Brown M, Langston SB, Peterson DT, Epps C, Skipper MW, Prince C, White ML. An Interprofessional Intensive Care Unit Simulation Experience—Laboratory Science, Medicine, Nursing and Respiratory Therapy Students, Submitted to the 2nd Annual Research and Innovations in Medical Education Week – University of Alabama at Birmingham, Birmingham, AL, September 2013.

45. Lewis L, White ML. 3rd Year Resident Self Reporting of Lumbar Puncture Success in Attempt to Quantify Baseline Success Rates, Submitted to the 2nd Annual Research and Innovations in Medical Education Week – University of Alabama at Birmingham, Birmingham, AL, September 2013

46. White ML, Tofil N, Batemen L, O’Neal L, Youngblood A, Zinkan L, Roth C, Dure L, Needham B. Use of High-Fidelity Simulation to Explore Pediatric Critical Care and Emergency Physicians Communication Surrounding End-of-Life Care, Submitted to the 2nd Annual Research and Innovations in Medical Education Week – University of Alabama at Birmingham, Birmingham, AL, September 2013

47. White ML, Scalici P, Gilbert S, Peterson DT, George D, Youngblood A, Zinkan J, Tofil N. An Exploratory Study of Fatigue and Alertness Among Attending Physicians, Submitted to the 2nd Annual Research and Innovations in Medical Education Week – University of Alabama at Birmingham, Birmingham, AL, September 2013

49. Larson-Williams L, White ML, Youngblood A, Peterson DT, Abdullatif H, Zinkan JL, Tofil NM. Teaching Residents to Diagnose, Treat, and Manage Pediatric Patients with Diabetic Ketoacidosis Using Simulation-Based Education, Submitted to the 2nd Annual Research and Innovations in Medical Education Week – University of Alabama at Birmingham, Birmingham, AL, September 2013

57. McDonald JM, Tofil NM, Winter LW. Rapid Cycle Deliberate Practice: Implementing a new approach to team building and education in neonatal resuscitation team training. Research and Innovations in Medical Education Week – University of Alabama at Birmingham, Birmingham, AL, September 2014.
