

## Participants Needed

The UAB Office of Interprofessional Simulation (OIPS) is seeking participants for a study to better understand perceptions of interprofessional relationships and collaboration.

- Study procedures involve participation in 3 focus groups and the completion of 2 brief surveys. The duration of each focus group is 1 hour for a total time commitment of 3 hours over 8 months.
- To participate you must be a UAB or UAHSF employee and must work in a health related profession with no previous simulation experience or training.
