The Certificate in Public Health is a 17-credit hour program of study. Each student is required to take the 6 public health core courses. The content is the same as the core content taught in UAB's masters of public health program. All courses are offered via distance education. Students are able to register, receive materials, interact with faculty, order books and successfully complete this program without traveling to the UAB campus. Only students who have enrolled and completed the certificate program are eligible to receive a certificate. Students enrolled in an MPH degree seeking program are not eligible to receive a Certificate of Public Health.
