

**UAB Catalog**  
2010-2011

The UAB Undergraduate Catalog is published by the University of Alabama at Birmingham, 1530 3rd Avenue South, Birmingham, AL 35294-0001.

This catalog can be accessed on UAB's web page (<http://www.catalog.uab.edu>).

**UAB Equal Opportunity Policy** information is on page 527. UAB provides equal opportunities in education and employment.

**Disclaimer:** Although this catalog intends to reflect currently any policies or rules of the Board of Trustees of the University of Alabama referred to or incorporated herein, students are cautioned that changes or additions to such policies or rules may have become effective since the publication of this material. In the event of such a conflict, the current statements of the Board policy contained in the official minutes and manual of rules, bylaws, and guidelines shall prevail. Thus, the provisions of this catalog are not to be regarded as a contract between the Board of Trustees of the University of Alabama, the University of Alabama at Birmingham (or any of its schools) and the student. The University reserves the right to make changes as required in course offerings, curricula, academic policies, and other rules and regulations affecting students, these changes to be effective when determined by the appropriate authority within the University. These changes will govern current and formerly enrolled students. Registration of all students is accepted subject to these conditions

Produced through UAB Office of Academic Programs and Policy.

# **UAB Catalog of Undergraduate Programs**

**2010-2011**

This catalog contains information on UAB's academic programs offered in the following schools:

- Arts and Sciences
- Business
- Education
- Engineering
- Health Professions
- Nursing

## **Accreditation**

UAB is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award degrees at the baccalaureate, master's, specialist's, and doctoral levels. Many academic programs have additional accreditation from organizations appropriate to the academic discipline.

### **Commission on Colleges**

## Fall 2010

---

March 29 - April 2	Assigned Time Registration
April 5 - August 16	Open Registration
August 17 - August 24	Registration after Classes Begin
August 16	Book Discussion
August 17	Classes Begin
August 24	Last Day to Drop/Add
August 24	Last Day to Submit Undergraduate Application for Degree
August 25	Early Alert Begins
August 26	First Payment Deadline
September 6	Labor Day Holiday
September 28	Final Payment Deadline
October 14 - October 17	Fall Break
October 22	Early Alert Ends
October 29	Last Day to Withdraw (Undergraduate)
November 25	No Classes Held
November 25 - November 28	Thanksgiving Holidays
December 6	Last Day of Class
December 6	Last Day to Withdraw (Graduate)
December 7 - December 8	Weather Make-up Day
December 9 - December 15	Final Exams
December 18	Commencement
December 18	Diploma Date
December 21	Grades Available Online

## Spring 2011

---

November 1 - November 5	Assigned Time Registration
November 6 - January 3	Open Registration
January 4	Classes Begin
January 4 - January 11	Registration After Classes Begin
January 11	Last Day to Drop/Add
January 11	Last Day to Submit Undergraduate Application for Degree
January 12	Early Alert Begins
January 17	Martin Luther King Holiday
March 11	Early Alert Ends
March 13 - March 19	Spring Break
March 24	Last Day to Withdraw (Undergraduate)
April 25	Last Day of Class
April 25	Last Day to Withdraw (Graduate)
April 26 - April 27	Weather Make-up Day
April 28 - May 4	Final Exams
May 7	Commencement
May 7	Diploma Date
May 10	Grades Available Online

## Summer 12-Week Session 2011

---

March 28 - April 1	Assigned Time Registration
April 2 - May 9	Open Registration
May 10	Classes Begin
May 10 - May 17	Registration After Classes Begin
May 17	Last Day to Drop/Add
May 30	Memorial Day Holiday
July 4 - July 5	Independence Day Holiday
July 9	Last Day to Withdraw (Undergraduate)
July 27	Last Day of Class
July 27	Last Day to Withdraw (Graduate)
July 28 - August 3	Final Exams
August 6	Diploma Date
August 9	Grades Available Online

## Summer May Session 2011

---

March 28 - April 1	Assigned Time Registration
April 2 - May 9	Open Registration
May 10	Classes Begin
May 10 - May 11	Registration After Classes Begin
May 11	Last Day to Drop/Add
May 20	Last Day to Withdraw (Undergraduate)
May 26	Last Day of Class
May 26	Last Day to Withdraw (Graduate)
May 27	Final Exams
June 1	Grades Available Online
August 6	Diploma Date

## Summer 9-Week Session 2011

---

March 28 - April 1	Assigned Time Registration
April 2 - May 31	Open Registration
June 1	Classes Begin
June 1 - June 8	Registration After Classes Begin
June 8	Last Day to Drop/Add
June 8	Last Day to Submit Undergraduate Application for Degree
June 9	Early Alert Begins
July 1	Early Alert Ends
July 4	Independence Day Holiday
July 7	Last Day to Withdraw (Undergraduate)
July 27	Last Day of Class
July 27	Last Day to Withdraw (Graduate)
July 28 - August 3	Final Exams
August 6	Diploma Date
August 9	Grades Available Online

## Summer A Session 2011

---

March 28 - April 1	Assigned Time Registration
April 2 - May 31	Open Registration
June 1	Classes Begin
June 1 - June 3	Registration After Classes Begin
June 3	Last Day to Drop/Add
June 21	Last Day to Withdraw (Undergraduate)
June 29	Last Day of Class
June 29	Last Day to Withdraw (Graduate)
June 30	Final Exams
July 3	Grades Available Online
August 6	Diploma Date

## Summer B Session 2011

---

March 28 - April 1	Assigned Time Registration
April 2 - June 30	Open Registration
July 1	Classes Begin
July 1 - July 5	Registration after Classes Begin
July 4	Independence Day Holiday
July 5	Last Day to Drop/Add
July 20	Last Day to Withdraw (Undergraduate)
July 27	Last Day of Class
July 27	Last Day to Withdraw (Graduate)
August 28	Final Exams
August 6	Diploma Date
August 9	Grades Available Online

[Academic Calendar](#)

## General Information

In a brief period of time, UAB has evolved from an academic extension center into an autonomous, comprehensive urban university and academic health center within the University of Alabama System. UAB has established wide-ranging programs in six liberal arts and professional schools and six health-professional schools, with graduate programs serving all major units. Annual UAB enrollment exceeds 16,000 students. Classes are offered seven days a week.

UAB is situated near downtown Birmingham and the historic Five Points South district. The campus stretches across 83 square blocks and occupies more than 100 primary buildings. UAB is the city of Birmingham's largest employer and the second largest in the state, with an estimated annual operating budget of more than \$1.7 billion [budget, including hospital] and with more than 18,000 employees, including faculty, staff, and support personnel.

## Role Statement

UAB's undergraduate instructional programs are broad-based and designed to serve the needs of a diverse student body without sacrificing a strong general education foundation. Programs range from the liberal arts and sciences to professionally oriented studies, including business, education, engineering, and the health disciplines. UAB's baccalaureate offerings are shaped by its location in the state's largest metropolitan area, by its mandate to serve a large and heterogeneous constituency, by its responsibility to contribute to the economic and professional development of Birmingham and the state, and by its role of providing support to a nationally recognized academic health sciences center.

At the graduate level, programs serve the career needs of educators and business leaders, as well as those involved in advancing the frontiers of the health sciences. Training for health professionals is available through programs at the baccalaureate, master's, doctoral, and professional degree levels.

UAB also has the primary responsibility for meeting the state's health professional needs. It offers a comprehensive range of programs which encompass both basic preparation and sophisticated graduate and specialty training in medicine, dentistry, optometry, nursing, the health professions, and public health.

As one of the nation's leading research institutions, UAB emphasizes both basic and applied research. Although the majority of the university's research effort is in the biomedical sciences and related areas, all instructional programs are expected to participate in research activities. UAB's urban setting necessitates the development of research programs that are responsive to the city's economic, social, and cultural needs. Much of the research conducted at UAB is interdisciplinary in nature and is organized through centers that bring together experts in a number of related fields to concentrate on a particular problem or issue. UAB attracts more than \$350 million in training and research grants each year. According to the Carnegie Classification of Institutions of Higher Education, UAB is a Doctoral/Research-Extensive University.

As the senior public doctoral-level institution in the state's major urban area, UAB is also committed to providing comprehensive programs in continuing education consistent with the quality and diversity of its other offerings. The university's faculty, staff, and students also serve as resources to the area through activities related to professional, economic, and cultural growth and development.

## Cultural Opportunities

UAB's urban location offers students unique cultural opportunities. Located within walking distance of the campus is the Five Points South district, where ethnic-style restaurants, shops, art galleries, and music clubs are located. Not far from campus are the Birmingham Museum of Art, the Civil Rights Institute, the historic Alabama Theater, and the Birmingham-Jefferson Convention Complex. Other nearby sites include Sloss Furnace, a post-Civil War iron foundry which has been converted into a museum and informal music hall, and Oak Mountain Amphitheater, an outdoor facility that features music-industry headliners during the spring and summer concert season. Each spring the city of Birmingham hosts "City Stages," a three-day musical extravaganza staged in the heart of the city, featuring both national and local artists and performers.

UAB also has a flourishing arts program. As many as 30 major music events are produced each season at UAB, in addition to numerous theater productions and student and professional art exhibitions. The Alys Robinson Stephens Performing Arts Center is a state-of-the-art facility which now houses a 1,400-seat concert hall, a 350-seat theater, and a 150-seat recital hall, and eventually will house a fine arts computer center, a band room, electronic music laboratories, practice rooms, and rehearsal hall. The Center regularly schedules nationally and internationally known artists and orchestras and features faculty and student productions and concerts.

## **Student Life**

UAB offers a rich variety of student life activities through its many academic organizations, honor clubs, fraternities and sororities, and volunteer groups. The university houses more than 200 campus organizations, including 30 national honoraries, more than 100 professional clubs and interest groups, cheerleaders, the Golden Girls dance team, intramural and recreational sports, and an established student government organization. Interested students can also participate in producing any of three student publications: Kaleidoscope, Phoenix, and Aura.

Students meet to enjoy recreational activities, lectures, and films at the Hill University Center. The center also provides meeting space for organizations and a cafeteria. Hill University Center houses the Student Life offices, the Undergraduate Admissions Office, the Office of Registration and Academic Records, the Graduate School, the Financial Aid office, the Women's Center, the Center for Counseling and Wellness, the Division of General Studies, the Blazer Bookstore, and the student publications office.

UAB's athletic program is a Division I member of the NCAA and a founding member of Conference USA. UAB athletes participate in 17 intercollegiate sports and have earned championships in baseball, men's tennis, women's tennis, women's basketball, and men's golf. In 1996, the UAB Blazers football team became a NCAA Division I-A team and was accepted into Conference USA. In addition, UAB offers a wide selection of both men's and women's intramural sports.

## **The University of Alabama System**

The University of Alabama was foreseen in the Constitutional Convention in Huntsville, Alabama Territory, on July 5, 1819. At the second session of the General Assembly, December 18, 1819, an act was passed establishing a seminary of learning "to be denominated the University of Alabama." The university opened for admission of students on April 18, 1831, in Tuscaloosa. All public buildings except the observatory were burned by federal cavalymen on April 4, 1865. Erection of new buildings began in January 1867 and classroom instruction resumed in April 1869.

During the first half of the twentieth century and in addition to its regular educational programs at the Tuscaloosa campus, the university began to offer additional educational opportunities to residents in urban communities throughout Alabama. Extension centers, offering both day and evening classes, were established in Birmingham, Huntsville, Montgomery, Mobile, Dothan, and Gadsden. The Birmingham and Huntsville centers evolved into new university campuses, which were established in addition to the Tuscaloosa campus.

In September 1966, all university operations in Birmingham were designated as the University of Alabama in Birmingham (UAB) by the University of Alabama Board of Trustees. This action established the University of Alabama in Birmingham as one of the three major campuses of the university. The University of Alabama in Huntsville had been initiated as a four-year school in 1964.

In June 1969, the campuses were given autonomy within the framework of the University of Alabama System, each having its own administrative structure with a president as the chief executive officer. A chancellor was appointed in June 1976 as chief administrative officer of the system. In 1984, the name of the University of Alabama in Birmingham was changed to the University of Alabama at Birmingham.

## **Schools, Degrees, and Majors**

This catalog contains information about programs in the College of Arts and Sciences, School of Business, School of Education, School of Engineering, and School of Health Professions. Information on the Graduate School and the Schools of Dentistry, Medicine, Nursing, Optometry, and Public Health is available from the specific school's catalog.

Most UAB students are working toward a degree; however, some have other educational goals. Degrees are usually characterized by the level (baccalaureate, master's, or doctoral) and the principal subject area (known as the "major") in which the student specializes.

Students pursuing undergraduate degrees with majors in the College of Arts and Sciences, Business, Education, and Engineering, will find complete information in this catalog beginning on page 105.

## **College of Arts & Sciences**

### **Bachelor of Arts**

African American Studies, Anthropology, Art, Communication Studies, Economics, English, Foreign Languages, History, International Studies, Music, Philosophy, Political Science, Sociology, Theatre

**Bachelor of Fine Arts**

Art

**Bachelor of Science**

Biology, Chemistry, Computer and Information Sciences, Criminal Justice, Mathematics, Natural Science, Physics, Psychology, Social Work

**Master of Arts**

English, Anthropology <sup>(7)</sup>, Art History <sup>(1)</sup>, Communication Management, History, Sociology, Psychology

**Master of Public Administration****Master of Science**

Biology, Chemistry, Computer and Information Sciences, Computer Forensics <sup>(2)</sup>, Criminal Justice, Forensic Science, Mathematics, Physics

**Doctor of Philosophy**

Applied Mathematics<sup>(4)</sup>, Biology, Chemistry, Computer and Information Sciences, Medical Sociology, Physics, Psychology

(1) Jointly with the University of Alabama, (2) Certification program, (3) Cooperatively with the University of Alabama and the University of Alabama in Huntsville, (4) Jointly with the University of Alabama and the and the University of Alabama in Huntsville, (5) Jointly with the University of Alabama in Huntsville, (6) Shared with the University of Alabama in Huntsville, (7) Cooperatively with the University of Alabama

**School of Education****Bachelor of Science**

Early Childhood Education, Elementary Education, Health Education, High School Education, Physical Education, Special Education

**Master of Arts in Education**

Arts Education, Early Childhood Education, Educational Leadership, Elementary Education, Health Education, High School Education, Physical Education, Special Education

**Master of Arts**

Counseling

**Educational Specialist**

Educational Leadership, Education

**Doctor of Education**

Educational Leadership <sup>(1)</sup>

**Doctor of Philosophy**

Early Childhood Education, Educational Leadership <sup>(1)</sup>, Health Education Promotion <sup>(1)</sup>

**School of Business****Bachelor of Science**

Accounting, Economics, Finance, Industrial Distribution, Information Systems, Management, Marketing

**Master of Accounting****Master of Business Administration****Doctor of Philosophy**

Administration/Health Services

## **School of Engineering**

### **Bachelor of Science**

Biomedical Engineering, Civil Engineering, Electrical Engineering, Materials Engineering, Mechanical Engineering

### **Master of Science**

Biomedical Engineering, Civil Engineering, Electrical Engineering, Materials Engineering, Mechanical Engineering

### **Doctor of Philosophy**

Biomedical Engineering, Civil Engineering <sup>(5)</sup>, Computer Engineering <sup>(6)</sup>, Electrical Engineering <sup>(3)</sup>, Environmental Health Engineering, Materials Engineering <sup>(1)</sup>, Mechanical Engineering <sup>(3)</sup>, Materials Science <sup>(4)</sup>

(1) Jointly with the University of Alabama, (2) Certification program, (3) Cooperatively with the University of Alabama and the University of Alabama in Huntsville, (4) Jointly with the University of Alabama and the University of Alabama in Huntsville, (5) Jointly with the University of Alabama in Huntsville, (6) Shared with the University of Alabama in Huntsville, (7) Cooperatively with the University of Alabama

## **Additional Programs**

### **Nursing and Health Professions**

Students working toward baccalaureate degrees with majors in the Schools of Nursing or Health Professions will find information on at least the first one or two years of their programs in this catalog. For information on completion of the degree programs, see the catalog of the specific school.

### **Honors Academy**

#### **University Honors Program**

For students who desire an advanced baccalaureate program, UAB provides an opportunity for independent research, close contact with faculty and community members, and innovative learning opportunities within an interdisciplinary context. For complete information on the Honors Program, as well as honors tracks in specific disciplines.

#### **Early Medical Schools Acceptance Program (EMSAP)**

The Early Medical Schools Acceptance Program (EMSAP) offers superior high school seniors the assurance that after completing undergraduate studies at UAB, they will enter the UAB School of Medicine, Dentistry, or Optometry. EMSAP students can complete an excellent undergraduate program and reserve their place in world-renowned medical programs.

#### **Global and Community Leadership Honors Program**

Joining UAB's Honors Academy in 2007, the Global and Community Leadership Honors Program is designed for students who are searching for a deeper understanding of global and community issues and a way to relate those issues academically to their own values and life goals. Faculty mentoring, specially designed courses, service learning courses and experiential learning in international and community settings prepare students to be leaders and global citizens in the 21<sup>st</sup> century. For information on the Global and Community Leadership Honors Program, see page 496 of this catalog.

#### **The Science and Technology Honors Program**

The Science and Technology Honors Program at UAB revolutionizes the undergraduate experience. Acceptance to the program places students in the company of fellow scholars and world-renowned researchers. Science and Technology Honors students take part in unique academic and research experiences specifically designed to give them a head start on a scientific or technical career.

This unique program is the only one of its kind in Alabama. It is designed for the best and brightest students whose academic and extracurricular achievements demonstrate intellectual curiosity, energy, creativity, and leadership abilities. As a graduate of the Science and Technology Honors Program, a student is well prepared for graduate and doctoral study

### **Experiential Learning Scholars (ELS) Program**

The newest honors option in UAB's Honors Academy, Experiential Learning Scholars Program is designed for students who are searching for a way to intentionally enhance their academic course work with applicable, real-life experiences. In the Experiential Learning Scholars Program, students will thoughtfully construct learning plans suited to their unique academic, personal, and career aspirations. Overall, a unique combination of faculty mentoring, specially designed courses, service learning courses, undergraduate research opportunities and experiential learning in international and community settings will allow students to create a unique educational opportunity to meet their academic, career and personal goals.

### **Medicine, Dentistry, Optometry, or Law**

Students wishing to pursue careers in medicine, dentistry, optometry, or law complete a program of undergraduate study (usually culminating in a baccalaureate degree) before entering the appropriate professional school. "Pre-medicine," "pre-dentistry," "pre-optometry," and "pre-law" are not majors.

### **Individually Designed Majors**

Students whose educational objectives are not well served by any of the regular majors may propose an individually designed major. Such program proposals require approval of the appropriate dean.

### **ROTC**

UAB has Army and Air Force ROTC (Reserve Officer Training Corps) units in which Birmingham-area college students may participate.

### **Cooperative Education Program**

UAB's Cooperative Education Program helps students identify work opportunities that combine practical experience with academic studies. Some academic departments give credit for carefully structured work experiences.

## Student Life Activities and Organizations

Student life at UAB offers many activities and organizations for students. Each individual will find something uniquely suited to his or her own tastes. Events range from relaxing at free movies or comedy shows to the rigors of rappelling down a cliff or hiking the Grand Canyon. Each academic term brings new events, new adventures, and opportunities to make new friends, learn, socialize, relax, and have a good time.

Funded in part by student service fees, special activities range from those found on most campuses to some unique to UAB. Many enhance students' academic experiences; others enrich their social life. Regardless of the activity, students are encouraged to get involved.

This section of the catalog contains an alphabetical list of many of the organizations and activities available to

students. For a complete list, consult the student handbook, *Direction*, available at [students.uab.edu](http://students.uab.edu) or go to Blazernet, click on Student Resources Tab, then find Student Handbook under the Quick Links Channel, or call the Office of Student Life, Telephone (205) 934-4175

### Ambassadors

These energetic, dedicated, and service-oriented students are the official hosts and hostesses for UAB. Ambassadors represent the University at most UAB functions and events including new student orientation, athletic events, The Alys Robinson Stephens Center, and much more. They are selected during the spring semester and are awarded partial scholarships. For more information, come by the Office of Student Involvement, Room 440, Hill University Center, (205) 934-8020.

### Athletic Team Support Groups

Blazer support groups include the UAB Golden Girls, Cheerleaders (small coed), mascot (Blaze), Blazer Band, and the UAB Marching Blazers. These groups perform at UAB basketball, volleyball, and football games and at a variety of events in Birmingham. Each spring a committee composed of UAB staff, students, and professionals in the field selects members of each group based on performance and interviews. For more information on cheerleaders, mascot, and Golden Girls, contact the Athletic Team Support Office, Room 136, Hill University Center, (205) 935-5376. For information on the Blazer Band and the UAB Marching Blazers, call the Department of Music, (205) 934-7375.

### Black Student Awareness Committee

The Black Student Awareness Committee (BSAC) was created to enhance the UAB collegiate experience through the promotion of educational events and programs that expose the true diversity of the black culture. In addition to sponsoring year-round activities such as the Umoja New Student Welcome, Kwanzaa, and Dr. Martin Luther King Day Celebrations, the committee also programs and coordinates a majority of the UAB Black History Month festivities. For more information, come by the Office of Student Involvement, Room 136, Hill University Center, (205) 934-8225.

### Blaze Productions Committee

Blaze Productions is made up of student volunteers who assist in choosing artists, securing contracts, hosting entertainers, running technical equipment, and promoting and producing campus entertainment. Its focus is to provide the UAB community with a quality music or comedy experience at little or no expense. Blaze Productions operates year round, which also gives students entertainment options during the summer terms. Events are held in a variety of venues on campus and off, and attempt to mirror the diversity of the UAB campus. No experience is necessary to join this committee. For more information, come by the Office of Student Involvement, Room 136, Hill University Center, Telephone (205) 934-8225.

## **Blazeradio**

Tap into the UAB groove 24 hours a day with Blazeradio, the student Web radio station. Tune in online for the newest alternative, hip hop, jazz, dance, country, and more spun by UAB DJs. Or check out the news, sports, and talk shows.

If a job in radio sounds good, Blazeradio offers volunteer spots on the air and behind the scenes. Check the Blazeradio site for details on programming, promotion, technology, and management positions. On-air slots require an audition.

To start the tunes, click over to the official BlazeRadio site at [www.blazeradio.org](http://www.blazeradio.org) or stop by the studio in Hill University Center Room 151, 975-WBLZ (9259).

## **Camille Armstrong Memorial Scholarship Stepshow**

The Camille Armstrong Memorial Scholarship Stepshow was established to honor the dreams and aspirations of Ms. Camille Yvette Armstrong. In 1986, only a few weeks prior to graduation, Camille was tragically killed in a motor vehicle accident. As an outstanding student leader involved in multiple organizations throughout campus, her death affected the entire UAB community. To preserve the memory of her dedicated service and love for UAB, a scholarship was established and is continually funded by this charitable event. Student leaders work dutifully to recruit the best NPHC step teams from the southeastern region of the US, and the event continues to be one of the largest stepshows in the state of Alabama. All proceeds fund the Camille Armstrong Memorial Scholarship, which is awarded to qualified African American students with aspirations to enter the field of Law or Political Science. Applications for the scholarship are made available each fall semester. For more information on the scholarship or the stepshow, contact The Office of Student Involvement, HUC 136, Hill University Center, (205) 934-8225.

## **Campus Recreation**

The Campus Recreation Center (CRCT) offers students, faculty, staff and alumni access to a state-of-the-art recreation facility. The 150,000-square-foot facility features an indoor lap pool, basketball, racquetball, multi-purpose courts, a climbing wall, cardiovascular fitness areas, weight-lifting areas and an indoor running track. The facility also offers a variety of group fitness classes including yoga, pilates, Spinning®, and aquatics. Patrons can take advantage of the many amenities including wellness services, which offers nutritional counseling, personal fitness assessments, and personal training. The CRCT is located at 1501 University Boulevard across from the Hill University Center.

### **Intramural Sports**

Team sports, including flag football, soccer, basketball and softball are offered in league formats during each semester. Special events, including individual competitions such as billiards, tennis, and golf are also offered throughout the year as one-day or self-paced competitions. The intramural sports program employs more than 50 students a semester to work as sports officials, scorekeepers, and event supervisors. No prior experience is required; training is provided to all interested participants.

### **Outdoor Pursuits**

A 35-foot climbing wall with a variety of routes is available for all climbing levels. The rental center offers a variety of equipment for students planning to make their own adventure. The trip series offers outdoor excursions to some of the United States' most beautiful locations, from the Southeast to the Southwest and the Carolinas to the Rockies.

### **Ufit**

The packed schedule of fitness classes, as many as 65 sessions a week, is designed to fit your scheduling needs. From seasoned steppers to those wanting to try yoga for the first time, Ufit has a class that will get you moving at convenient times and varying intensities.

## **Career Center Mentor Program**

UAB Career Services along with UAB National Alumni Society offers an annual Mentor Program for all sophomores and juniors who are currently enrolled at UAB. The Mentor Program was established to foster relationships with UAB students, UAB Alumni and UAB Community Partners who are willing to share their professional insights. The program provides an opportunity for students and mentors to interact and discuss career goals, critical networking opportunities and practical advice. For more information, visit our website [www.careerservices.uab.edu](http://www.careerservices.uab.edu) or come by our office Hill University Center Room 532, (205) 934-4324.

## **Films and Novelties Committee**

The UAB Films and Novelties Committee is made up of student volunteers who assist in choosing the latest movie releases, magicians, hypnotists, novelties and more. This eclectic committee has many options for providing entertainment to UAB students ranging from speed dating and drag shows to glow in the dark dance parties. Students are involved in all aspects of event planning from conceptualization to clean up. For more information, come by the Office of Student Involvement, Room 136, Hill University Center, Telephone (205) 934-8225

## **Fraternities and Sororities**

Fraternities and Sororities are represented in every facet of college life and are a driving force in campus activities, academic honoraries, special interest groups, and community service activities. Motivation to be more involved originates from the sisterhood and brotherhood within the organization. There are sixteen Greek organizations on campus. Alpha Gamma Delta, Alpha Xi Delta, Alpha Omicron Pi, and Delta Gamma make up the Pan-Hellenic Council, while the National Pan-Hellenic Council encompasses Alpha Kappa Alpha, Delta Sigma Theta, Sigma Gamma Rho, Zeta Phi Beta, Alpha Phi Alpha, Kappa Alpha Psi, Phi Beta Sigma, and Omega Psi Phi. The Interfraternity Council members include, Delta Sigma Phi, Lambda Chi Alpha, Pi Kappa Phi, and Tau Kappa Epsilon. For more information, come by the Office of Student Involvement, Room 440, Hill University Center, (205) 934-8020.

## **Homecoming Committee**

One of the best aspects of attending a young university is the opportunity that exists to start traditions that can last a lifetime. The UAB Homecoming Committee is just one of those opportunities. The week of homecoming is filled with fun and spirited events that have included the Homecoming Parade, Fight Song Competition, and the Bonfire/Pep Rally. The planning committee begins meeting in the spring semester; however, new members are welcome up to the week of homecoming. For more information, come by the Office of Student Involvement, Room 136, Hill University Center, (205) 934-8225.

## **Honor Societies**

UAB recognizes many national honor societies that acknowledge scholastic achievement, citizenship, and outstanding leadership among students. For more information, come by the Office of Student Involvement, Room 136, Hill University Center, (205) 934-8225.

## **Leadership**

The Office of Student Involvement houses the Leadership Foundations Program, the Leadership and Service Council, and the Leadership Book Guild, which offers creative opportunities to learn leadership skills for problem solving in student organizations and for personal improvement. Retreats, programs, and service learning are provided throughout the year to any UAB student. Each year, the office awards two Emerging Leaders Scholarships to students with a strong potential for leadership. The program also hosts Leadership Foundations to learn about individual leadership style. For more information, come by the Office of Student Involvement, Room 440, Hill University Center, (205) 934-8020.

## **Lecture Series**

The Lecture Series allows the UAB community to share in the most recent, informed perspectives on a wide range of significant issues. Thought provoking lecture topics range from current world concerns such as the environment to issues related to academe. Guest lecturers have included prominent political leaders, historical figures, popular television and movie stars, including Green Party Presidential candidate Ralph Nader, Animal Planet star Jeff Corwin, Frank Warren of PostSecret, "Push" (adapted for the film "Precious") author Sapphire and author Michael Shermer. For more information, come by the Office of Student Involvement, Room 440, Hill University Center, (205) 934-8020.

## Miss UAB Scholarship Pageant

An official preliminary to the Miss Alabama Pageant, the Miss UAB Pageant offers young women the opportunity to further their educational goals through scholarship and personal growth. Planned and produced by UAB students, the Miss UAB Scholarship Pageant is held during the fall semester. For more information on being a contestant or to join the planning committee contact the Office of Student Involvement located in the HUC 136 or call (205) 934-8225.

## Music Ensembles

Students of all majors are invited to participate in instrumental or vocal music ensembles offered through the Department of Music. Each group performs on campus several times each year; some also perform for selected off-campus events. Some prior experience and brief auditions are required. Several scholarships are available each year for students who perform with these groups. For more information, contact the Department of Music, (205) 934-7375.

### Choral Groups

#### *Chamber Singers*

This advanced choral group performs a variety of choral music representing different periods and styles. The group is open to students of all majors. A short audition is required. For more information, please contact the Music Office at (205) 934-7376.

#### *Concert Choir*

This choral group performs music representing a variety of periods and styles. Some music-reading ability is needed. The group is open to students of all majors. A short audition is required. For more information, please contact the Music Office at (205) 934-7376.

#### *Gospel Choir*

This ensemble performs traditional and contemporary gospel choral music. It is open to students of all majors. Students with significant skill in playing gospel, jazz and/or pop keyboard, rhythm guitar, bass guitar, saxophone, and drums are also encouraged to participate in the Gospel Choir.

#### *Opera Workshop*

This ensemble performs opera scenes as well as fully staged, complete operas. It is open to students of all majors. A short audition is required. For more information, please contact the Music office at (205) 934-7376.

### Bands

#### *Blazer Band*

As part of the university band program, the Blazer Band provides support for UAB Blazer basketball. It performs at all home and selected away games and for post-season events such as the annual Conference USA tournament. For further information, please contact the band office at (205) 975-BAND (975-2263).

#### *Jazz Ensemble and Jazz Combos*

Instrumentalists can further their musical knowledge and creative skills by performing classic and contemporary jazz, swing, and rhythm and blues. For further information, please contact the band office at (205) 975-BAND (975-2263).

#### *UAB Marching Blazers*

The UAB Marching Blazers is part of the university band program supporting UAB Blazer football. The Marching Blazers performs for all home football games and selected away games and for area marching festivals and parades. Scholarships are available. For further information, contact the band office at (205) 975-BAND (975-2263).

#### *Wind Symphony and Symphony Band*

As part of the university band program, the Wind Symphony and Symphony Band perform the finest concert band literature in campus concerts, selected special performances, and an annual spring tour. Band placement is contingent upon a brief audition. Scholarships are available for students who participate in the Wind Symphony or Symphony Band and the Marching Blazers. For further information, please contact the band office at (205) 975-BAND (975-2263).

## **Springfest**

Springfest is an all-day celebration that includes great food, music, fun games and novelties. Springfest provides a day filled with fun, laughter, and relaxation for UAB students, faculty and staff. Students on the committee help plan and promote the event. For more information, visit the Office of Student Involvement HUC 136 or call at (205) 934-8225.

## **Student Diversity Programs**

The programs within the Office of Student Involvement are designed to provide a wide array of multicultural services. We assist in creating a richly diverse and unified campus. Our mission is to provide an outlet for students of different backgrounds to meet, interact, and form lasting relationships. Do you want to learn about new cultures ideas or simply want to get involved in a worthwhile activity? One of the Student Diversity Programs is sure to engage your curiosity and expand your interests. Our doors are open to all members of the UAB community. For more information contact the Student Involvement Diversity Programs Office, Room 133, Hill University Center, Telephone (205) 975-9509.

### **UAB Community Week**

UAB Community Week is a campus-wide celebration of the diversity that exists within the UAB Community. The week and many of its events are sponsored by Student Involvement Diversity Programs in conjunction with the Department of Student Life, the Division of Student Affairs, and the Office for Equity and Diversity. The programs and events are designed to create awareness of different cultures and social groups by way of art, food, and musical presentations. Community Week also encourages dialogue and celebrates different racial and ethnic groups by its diverse lectures, programs, and activities. One of the signature events of the week is the President's Diversity Award Banquet. At this event, an undergraduate, graduate and professional school student along with a faculty and staff member, are given an award for their efforts in diversity. For more information, please contact the Student Involvement Diversity Programs Office, Room 133, Hill University Center, Telephone (205) 975-9509.

### **Free Food for Thought**

Established in the Spring of 2002, Free Food for Thought is designed to promote the use of dialogue on a diversity of topics that could be considered somewhat polarizing. With the variety of cultures, lifestyles, and personalities at UAB, learning from one another through discussion help us understand the ideas and opinions of others. In exchange for the participants' opinion, free food is provided.

### **Film for Thought**

Adapted from the Free Food for Thought program, Film for Thought utilizes thought-provoking ethnographic films and dialogue to increase the awareness and understanding of issues related to diversity. Attendees participate in a lively dialogue about controversial issues with ethnographic film as a primary vehicle for both recruiting audiences and for generating discussion. The short films are produced by students in the Digital Community Studies film-making course that sends students into the field to learn about a local community or subculture and investigate a relevant social justice issue. The intended outcome of our program is a greater understanding of ideas and opinions of others.

### **Interculture**

Interculture is UAB's first university-wide multicultural programming committee. Resources are available to educate and encourage cross-cultural interaction among students of all races, nationalities, and ethnic origins. Heritage celebrations are held throughout the year. Past events have included the International Bazaar, Chinese New Year, Australia Day, and Cinco de Mayo. For more information, come by the Office of Student Involvement, Room 136, Hill University Center, (205) 934-8225.

### **International Mentor Program**

The UAB International Mentoring Program assists International Scholar and Student Services by providing valuable information about UAB, Birmingham, and the United States to incoming international students. Chosen in early February each year, this dedicated group of students plays a crucial role in helping new international students make the best of their new environment. For more information, please contact the Student Involvement Diversity Programs Office, Room 133, Hill University Center, Telephone (205) 975-9509.

## **Student Media**

There are three award-winning student-run and student-edited publications that serve the UAB student body along with new multimedia web sites. Kaleidoscope, the weekly student newspaper, has a circulation of 8,000 and a readership of more than 25,000. Aura, the literary/arts magazine, prints poetry, photography, short stories, and artwork submitted by students. Phoenix, the student life monthly magazine, features entertainment news and calendar events of interest to UAB students. For a view of the online version point your web browser to [www.UABKscope.com](http://www.UABKscope.com) or <http://studentaffairs.sass.uab.edu/aura/> or [InsideUAB.com](http://InsideUAB.com) or [www.UABTV.com](http://www.UABTV.com) for exciting student video coverage of news and events on campus. For more information, contact the Student Media Office, Room 135, Hill University Center, Telephone (205) 934-3354.

## **Student Organizations**

UAB recognizes many organizations concerned with the academic, social and personal development of students. Organizations include groups with interests in religion, music, athletics, and cultural diversity. In addition, nearly every academic major is represented by a student organization. For more information, come by the Office of Student Involvement, Room 136, Hill University Center, Telephone (205) 934-8225.

## **Super Jazz/Big Band**

This activity brings to campus the best of Birmingham's professional jazz musicians to perform big band music several times each year. For more information, contact the Department of Music, (205) 934-7375.

## **Talent Search**

The annual Talent Search allows students to showcase their talent and compete for cash prizes. Members of the Talent Search Committee develop the program from the ground up, including staging auditions, scripting the show, and handling the promotion of the event. For more information, visit the Office of Student Involvement HUC 136 or call at (205) 934-8225.

## **Theatre Activities**

### **UAB Department of Theatre**

Productions by the UAB Department of Theatre, presented in the new Morris K. Sirote Theatre and the Odess Theatre, are open to students of all majors for credit or as an extracurricular activity. For further information, contact the Department of Theatre, (205) 934-3236.

## **UAB TrailBlazers**

The UAB TrailBlazers are UAB's official student recruitment team. TrailBlazers assist the Office of Undergraduate Admission by providing in-depth information about UAB to prospective students and their families. Chosen annually, TrailBlazers strive to ensure that students know about the diverse academic, cultural, and extracurricular interests found within the UAB community. Thirty highly motivated, energetic, and dedicated students are chosen to represent the Office of Undergraduate Admission at special on-campus recruitment events and campus tours. For more information, contact the Office of Undergraduate Admission Campus Tour Center, Room 123, University Boulevard Office Building, (205) 934-9012.

## **Undergraduate Student Government Association (USGA)**

The Undergraduate Student Government Association provides programs and services for undergraduate students in the Schools of Business, Education, Engineering, Health Professions, Nursing, Division of General Studies and the College of Arts and Sciences. Elections for these positions are held each February. Students can also serve by running for a Senator-At-Large position or serving on a USGA committee. The USGA also represents student issues, concerns, and views to the administration. For more information, come by the Undergraduate Student Government Association Office, Room 440, Hill University Center, (205) 934-8020.

## **Volunteer Program**

The Volunteer Program offers students an opportunity to make a difference for those in need in the community. A volunteer fair is held twice a year in the Hill University Center to give students an opportunity to meet with local volunteer agencies. Alternative Spring Break and the Summer Service Weekends allow a group of students to travel and provide service to a community chosen by the Volunteer Program Coordinator. The Volunteer Program also encourages students to participate in one time and on-going service focused on the immediate community in the Birmingham area. For more information, contact the Office of Student Involvement, Room 440, Hill University Center, (205) 934-8020 or search volunteer opportunities posted on DragonTrail located on BlazerNET under the Student Resources tab.

## Student Services & Facilities

The following is an alphabetical list of facilities and services available to UAB students. For further information on these and other facilities and activities, contact the UAB Information Center (see "Information Center" below) or refer to the UAB student handbook, Direction, available in the Office of Student Media, Suite 135, Hill University Center, at [students.uab.edu](http://students.uab.edu), and on [BlazerNET](#) on the Student Resources tab.

### Academic Advising

Academic advising is designed to assist students in identifying and achieving their educational and career goals. Specific guidance is given in selecting majors and choosing courses to satisfy degree requirements. Each student is assigned an academic advisor based on their choice of school and major.

### **Management, Information Systems, Quantitative Methods & Undeclared**

Ms. Jessica Smith 934-8813

### **Industrial Distribution**

Ms. Kristen Craig 975-5810

## **Education**

Ms. Sha'Niethia Johnson, (Senior, Post-Baccalaureate) 934-7530

Ms. Awilda Jones, (Juniors, Post-Baccalaureate) 934-7530

Ms. Samara Massey, (Freshmen) 934-7530

Ms. Janine McCoy, (Freshmen) 934-7530

Mr. Brent Patterson (Physical Education Majors, Sophomores) 934-7530

## **Engineering**

Any PRE or Undecided first term student 934-8410

Biomedical Engineering 934-8420

Civil, Construction, and Environmental 934-8430

Electrical and Computer 934-8440

Materials 934-8450

Mechanical 934-8460

## **General Studies**

### **Undeclared**

Ms. Holley Radford (Freshman) 934-6135

Ms. Brigitte Weatherby (Sophomores, Juniors, Seniors A-L) 934-6135

Ms. Hadyn Swecker (Sophomores, Juniors, Seniors M-Z) 934-6135

Mr. Kevin Jerrolds (all Athletes, Temporary, Transient, Non-Degree Seeking, and Post Baccalaureate) 934-6135

### **Pre-Nursing**

Ms. Melissa Scott 934-6135

### **Pre-health Majors: Pre-medicine, Pre-dentistry, and Pre-optometry**

Ms. Linda Luck (Juniors, Seniors, and Post-Baccalaureate) 934-6135

Ms. Cheryl Moser (Freshmen and Sophomores) 934-6135

## **Health Professions**

### Pre-Health Professions

Mr. Bernard Harris 934-5963

Ms. Elaine Robinowich 975-2925

### Pre-Health Sciences and Pre-Health Information Management

Ms. Susan Packa 934-5173

## **ROTC**

### **Army**

Major Savage 934-8749 or 934-7215

## **TRIO Academic Services**

Ms. T. Lyons 934-2729

## Birmingham Area Consortium for Higher Education (BACHE) Library Cooperation

The Birmingham Area Consortium for Higher Education (BACHE) consists of UAB, Birmingham-Southern College, Miles College, the University of Montevallo, and Samford University. Students, faculty, and staff at BACHE institutions may access the resources of all member libraries by simply presenting their valid ID cards. It is best for students to discuss research projects first with the reference staff at UAB's library before using other member libraries. The rules and regulations of the lending library are in effect.

### Bookstore

Barnes & Noble at UAB is located on the first floor of the Hill University Center. The bookstore posts official lists of UAB courses and stocks the textbooks and all other items necessary for successful UAB coursework. The bookstore has entered into an agreement with Microsoft to offer name brand computer software to students, faculty and staff at substantially reduced prices. The bookstore carries study aids, reference materials, school and office supplies; the largest assortment of medical reference books in the Southeast; medical instruments, lab coats, and scrubs; and the largest assortment of UAB logo apparel and gifts available. Contact Barnes & Noble at UAB at (205) 996-2665 or visit the store online at [www.uab.edu/bookstore](http://www.uab.edu/bookstore).

### CampusCard

The UAB CampusCard serves as the official student ID and offers access to a variety of services and resources on campus. Students use their CampusCard to enter residence halls and the Campus Recreation Center, attend UAB athletic and cultural events and check out materials from UAB libraries. With their CampusCard, students can enjoy discounts on software purchases at the Barnes & Noble UAB Bookstore and tickets to a variety of on and off-campus events through the UAB ticket office. The CampusCard also functions as a debit card, allowing students a convenient and secure way to pay for goods and services at a variety of on campus and local area merchant locations.

The CampusCard office is located in Room 158 in the Hill University Center. A photo ID is required to have a CampusCard made. Further information can be obtained at [www.uab.edu/campuscard](http://www.uab.edu/campuscard), or by contacting the CampusCard staff at [campuscard@uab.edu](mailto:campuscard@uab.edu) or (205) 996-6273.

### Career Services

UAB Career Services exists to engage students in the career development process of **exploring** career options, gaining **experience** in a chosen field, **preparing** for the job search, and **succeeding** in their career goals. Our services are extended from the moment students are admitted to UAB and continue until one year after graduation. Career Services offers the following services to successfully prepare you to enter the competitive job market:

- Career Consulting
- Career Action Plan
- Job Listings & On-Campus Interviews
- Career Assessments
- Career Fairs, Seminars & Workshops
- Experiential Education (co-op, internships, mentoring, job shadowing & volunteering)
- Career Management Courses

Managing your career is a lifelong, exciting, evolving process you need to begin NOW! Please visit us at the main office in 532 Hill University Center, or the two satellite offices in the School of Business, BEC 202 and School of Engineering, HOEHN 115-C or online at [www.careerservices.uab.edu](http://www.careerservices.uab.edu).

*Explore ~ Experience ~ Prepare ~ Succeed*

## Counseling and Wellness

The UAB Counseling & Wellness Center assists in developing students' potential in physical, academic, spiritual, psychosocial, emotional, and vocational areas. This office also provides a variety of wellness programs, group opportunities, and educational resources. Confidential personal counseling is available to all currently registered UAB students at no cost. The director of the Counseling and Wellness Center also serves as the university liaison to the Campus Ministry Association. For more information about counseling services or the Campus Ministry Association, contact the Counseling & Wellness Center, Room 150, Holley-Mears Building, 924 19<sup>th</sup> Street South, (205) 934-5816.

Counseling services are also provided by the UAB Women's Center.

## Disability Support Services

Disability Support Services (DSS), located in 516 Hill University Center, serves as the central campus resource for students with disabilities. The goal of DSS is to provide a physically and educationally accessible university environment that ensures an individual is viewed on the basis of ability, not disability. DSS staff members work individually with students to determine appropriate accommodations. To be eligible for services, students need to complete an application, submit documentation of their disability and meet with our counseling staff.

For more information, contact Disability Support Services at (205) 934-4205 (voice) or 934-4248 (TTY) or [www.uab.edu/dss](http://www.uab.edu/dss) E-mail contacts are welcome at [dss@uab.edu](mailto:dss@uab.edu).

## Food Services

Conveniently located within walking distance of classes, residence halls, many off-campus apartments and the Campus Recreation Center, UAB Campus Restaurants offers delicious food at a great value with an inviting atmosphere where you can hang out with friends. Just off the center's main lobby you'll discover Jazzman's Freshens Cafe, serving up your favorite hot and cold drinks, frozen yogurt, and more. Blazer Café, also located in the HUC, was recently renovated and boasts a Grill 155, Chick-Fil-A and Taco Bell Express.

Overlooking the campus green and located between the Campus Rec Center and Blazer Hall the Commons on the Green offers something for everyone! Choose from the made to order deli or grill, the classic or international station with their rotating menu, or pizza, pasta, soup or salad. Dinners and weekend brunch are all-you-can-eat while breakfast and lunch are served a la carte on weekdays, allowing you to choose what you wish and pay for what you eat. Upstairs the Diner is the ideal late night hang out open from 2pm until 2am daily. Enjoy a burger and a milkshake or shop for snacks and dorm room essentials in the C-Store.

Walking around campus, stop in Café A La Cart in the Business and Engineering Complex to pick up a sandwich or snack on the go. Take a study break and visit Starbucks in Mervyn Sterne Library for a quick coffee fix. Or heading to the gym? Make sure to stop at the RECFreshment Center Juice Bar to grab a bottle of water and stay properly hydrated.

For more information about Campus Restaurants, please stop by the UAB Campus Restaurants office located on the top floor of the Commons on the Green next to the Diner, or call (205) 996-6567. You can also visit us online at [www.uab.edu/dining](http://www.uab.edu/dining). For complete up-to-date information regarding meal plans, visit the UAB CampusCard website at [www.uab.edu/campuscard](http://www.uab.edu/campuscard).

## Health Plan

A voluntary, comprehensive plan of accident and illness insurance is available to full- or part-time undergraduate and part-time graduate students who meet eligibility requirements. The plan may be extended to cover the student's spouse and dependents for an additional premium. In addition to accident and illness insurance, an optional outpatient service plan is also available for students. The Medical Center Student Health Service, located at 930 20th Street South, Room 221, provides outpatient service to participants under this plan. For further information concerning both the accident and illness insurance and the optional outpatient service plan, call the Medical Center Student Health Service at (205) 934-3580.

## Information Center

Information regarding programs, services, and activities at UAB is available at the UAB Information Center. Referrals to the appropriate department, office, or person may be made for more specific information. The Information Center is located on the first floor of the Hill University Center, 1400 University Boulevard. For additional information, call (205) 934-8000, or see the Web page at <http://main.uab.edu/sites/students/facilities-finance/hill-center/>.

## **International Programs (Study Abroad and Exchanges)**

UAB International Programs (Study Abroad and Exchanges) offers opportunities for international study either through UAB or non-UAB programs. UAB International Programs include various academic disciplines and their complementary courses abroad, and are offered in partnership with UAB academic departments. Study abroad options include work/study abroad, internships, and direct enrollment; short term, semester, and full-year exchanges; and opportunities in cross-cultural training, service, and international health research. Application, enrollment circumstances, possible credits, and deadlines vary according to the program. Contact the UAB Study Abroad Program, (205) 975-6611, for further information concerning various programs, the resource room, references for peer consultation and academic advising, and financial aid applicability and contacts.

UAB International Programs located in the Hill University Center at 1400 University Boulevard is also responsible for oversight over 70 international university and medical exchanges in about 40 countries around the world. Faculty can also participate in opportunities abroad through Faculty Development seminars offered by organizations outside UAB. For further information, visit our Web site at [www.studyabroad.app.uab.edu](http://www.studyabroad.app.uab.edu).

## **International Scholar and Student Services**

International Scholar and Student Services is dedicated to providing quality services, programs, and activities that enhance cultural awareness, expand international educational and research opportunities, and provide global perspectives for students, faculty, and staff. International Scholar and Student Services serves as a collaborative community resource that facilitates, promotes, and strengthens international understanding.

Services include immigration and nonresident alien tax advising, orientation, seminars on legal issues, and cultural programs and activities. International Scholar and Student Services also operates the Smolian International House and the Samuel Ullman Museum. For additional information, call (205) 934-3328 or visit our Web page at <http://www.uab.edu/iss>.

## **Smolian International House**

The Bertha and Joseph Smolian International House, 1600 10th Avenue South, offers services and activities for international students and scholars and their families. Known as the I-House, it provides a focal point for programs and activities designed to foster a free exchange of information and international understanding. The facility includes temporary lodging for foreign nationals and meeting space for campus groups, as well as community groups having an international purpose. Regularly scheduled programs include conversational English classes, Friendship Partners, and the International Women's Group. For additional information or a schedule of activities, call (205) 934-1205.

## **Mervyn H. Sterne Library**

The Mervyn H. Sterne Library is located at 917 South 13<sup>th</sup> Street. Named in memory of the late Birmingham philanthropist and civic leader Mervyn H. Sterne shortly after it opened in 1973, the facility has a special collection area, seminar rooms, group study rooms, lockable study carrels, computers, color and black and white printers, copiers, and seating for 1,000 users. Sterne Library houses a collection of more than a million items selected to support current teaching and research at UAB. In addition to books and periodical subscriptions, the collection consists of microforms and other print and non-print materials. Sterne Library provides electronic access to the contents of over 34,679 serials, 59,044 electronic books, and the full text of thousands of journals from a variety of publishers. The online catalog provides rapid access to the Sterne Library collection, as well as other major library collections in Alabama.

The library staff continues to provide all services to its patrons, even though the first floor is currently under construction. The construction project is scheduled to be completed by the fall 2010. When the renovations are complete, the Library will have additional computers and more collaborative study space in an attractive and comfortable new environment. New features already in place in the Library are Starbucks and the University Writing Center. Starbucks is open the same hours as the Library, which gives library users ready access to food and beverages without leaving the building.

Reference services are provided by general and subject-specialist librarians. Reference and information desks are staffed to assist patrons in identifying and locating materials and information. Reference services include research assistance, citation clinics, scheduled classes, assistance with locating and using microforms, and interlibrary loans. The User Services Department, through its automated circulation system, tracks materials continuously and can determine the location or status of a book. The Reserve Desk circulates high-use materials placed on reserve by instructors.

The Educational Technology Services Department (ETS) houses the Annex materials which include older books and the audiovisual collections for Sterne Library. Located in the Education Building, Room 238, ETS has computers available for anyone with a Blazer ID and password. Student assistants help with hardware problems and provide limited software assistance.

Through inter-institutional reciprocal borrowing agreements, UAB students and faculty may use library facilities at a number of other colleges and universities in the area. For additional information, inquire at the Information Desk or the Circulation Desk in the lobby area. Telephones: (205) 934-2379 (Reference Services), (205) 934-4338 (User Services), and (205) 934-2379 (Educational Technology Services). Library home page: <http://www.mhsl.uab.edu>.

## Parking

All students who desire to park in UAB student parking facilities must purchase a permit from Parking and Transportation Services. These permits can be purchased by the term or for the academic year (September through August). Location and fees vary according to lot. Contact Parking and Transportation Services, (205) 934-3513, for details, or go on-line at [www.uab.edu/parking/](http://www.uab.edu/parking/).

Both the university and the City of Birmingham issue citations in student lots to vehicles illegally parked or not displaying a proper permit. Students are responsible for paying all fines and fees imposed. If a student is a member of the parking system, any delinquent ticket payments will be added to his or her account in the Student Accounting Office. If a student is not a member of the parking system and accumulates three or more delinquent tickets, the student's vehicle may be immobilized or impounded at his or her expense. Handicapped spaces are conveniently located throughout campus. A valid handicap permit must be displayed to park in a handicapped space in addition to the applicable parking permit.

For additional information and a campus parking map, contact UAB Parking and Transportation Services, 608 Eighth Street South, Telephone (205) 934-3513, E-mail: [park@its.uab.edu](mailto:park@its.uab.edu), Website: [www.uab.edu/parking/](http://www.uab.edu/parking/)

## Physical Education and Recreation Facilities

Physical education and recreation facilities are open to all UAB students upon presentation of a valid UAB ID card. Faculty, staff and alumni have the option to purchase memberships at the Campus Recreation Center. Students, faculty, staff, and alumni may also purchase household memberships for those residing in their immediate household.

### *Tennis Courts*

UAB maintains 4 lighted tennis courts on campus at the block of 16<sup>th</sup> Street and 11<sup>th</sup> Ave South. Students, faculty, and staff can access the courts by using their UAB ID card. All cards must be programmed by the campus card office for students and at UAB Physical Security for faculty and staff. For more information concerning the courts please call 934-5008.

### *Track Field*

Also enclosed and lighted, this field covers the entire block of 12<sup>th</sup> Street and 6<sup>th</sup> Ave South. This field primary serves the Blazer Football and Track team practices, Intramural flag football, ultimate Frisbee competition and physical education classes. It is surrounded by a quarter mile, synthetic running track and is also equipped with a field events area. For further information concerning this area please call 934-5008.

### *George C. Wallace Physical Education Complex*

Primary function is for physical education credit classes and athletic department practices and training. It is located at 608 13<sup>th</sup> Street South. For more information please call 934-5008.

## Placement Test

The Office of Academic Programs and Policy provides individual placement testing in English, mathematics, and foreign languages. Group testing is also available at times and locations listed each term in the UAB Class Schedule. For further information, contact the Testing Office, Hill University Center, room 470, (205) 934-5503.

## Student Retention Programs

The Office of Student Retention Programs helps students to improve the quality of their undergraduate experience and strives to retain students through graduation. The office's premiere retention program is the Multi-cultural Scholars Program (MSP). MSP provides special resources and services to better prepare students for options after graduation from UAB, including admission to graduate and first-professional schools or initial entrance into a competitive job market. This multi-faceted program focuses on academic excellence and social development. The program takes students from the freshman year of college to graduation and beyond, which exemplifies the program's motto "each one, reach one." All programs and services are designed to help students ease their transition to college,

All programs and services are designed to help students ease their transition to college, achieve their goals, and prepare for the next phases of their lives. Other assistance includes graduate/professional preparation, which provides books, flyers, and other materials about graduate programs and entrance examinations. For more information, contact the Office of Student Retention Programs, Room 524, Hill University Center, Telephone (205) 934-8804, electronic mail [studentretention@uab.edu](mailto:studentretention@uab.edu), or read about our programs and services on the UAB website, [www.uab.edu](http://www.uab.edu), and then click Current Students

## Student Housing and Residential Life

Student Housing facilities include a suite-style residence hall, and four apartment-style residence halls. Student Housing is centrally located on campus and is within walking distance of all classroom buildings, libraries, campus dining facilities, the Medical Center, and the Campus Recreation Center and other student recreation facilities.

Student Housing is limited to undergraduate students who are admitted to UAB and who are in good standing. "Good Standing" means not on academic or disciplinary suspension. As an additional eligibility requirement, a student must be enrolled for twelve credit hours as an undergraduate during the academic year. The summer term is treated under a separate contract. The student will be required to satisfy these eligibility standards throughout the term of their Student Housing Contract and to inform the Department of Student Housing and Residential Life of any changes in his/her status, which may affect his/her eligibility.

Residence Life Coordinators and Resident Assistants (RAs) serve as live-in professional staff and student leaders within the residence halls. The Residential Life Program consists of educational, cultural, recreational, and social events based on the needs and interests of the residents. In addition to planning these programs, trained staff members are available to answer questions, make appropriate referrals, and assist residents with personal or academic problems.

Freshmen students who receive a scholarship from UAB are required to live on campus their Freshman year. Freshmen must share a suite/apartment with a roommate. Roommate requests must be mutual in order to be considered, and applications for Student Housing should be completed at approximately the same time. Although every effort will be made to place applicants with the roommate of their choice, the Department of Student Housing and Residential Life cannot guarantee roommate requests and reserves the right to assign an applicant to any available space.

Current housing room fee rates are available online at [www.uab.edu/housing](http://www.uab.edu/housing) and from the Department of Student Housing and Residential Life. Rates include utilities and cable television in all residence halls, and WiFi and high speed internet connections (ResNet) in all residence halls. Telephone service is available under separate contract through UAB Communications.

Since housing at UAB is limited, students should apply as early as possible, particularly if on campus housing is desired for the fall semester. Housing accommodations can not be guaranteed for applications completed after May 31 for the fall. Application should be made on-line at [www.uab.edu/housing](http://www.uab.edu/housing). Questions may be directed to [studenthousing@uab.edu](mailto:studenthousing@uab.edu) or by telephone at (205) 934-2092. A \$25 non-refundable application fee is due at the time the application for housing is submitted. Applicants will be assigned a space on a first come, first served basis. When an assignment is made, applicants will be mailed a contract agreement for their assigned space. Upon receipt of the contract, applicants will have two weeks to read, sign and return the contract agreement along with a refundable (if cancelled by designated deadline) \$250 prepayment of room fees.

## Online Resources for Student Success

These self-paced, online student success modules are designed to help you improve your academic and life-management skills. Topics include note-taking, test-taking, time management, money management, and many more. Modules can be found at the Student Success Center under the Student Resources tab on BlazerNet and are available 24 hours a day. For more information, call 996-7818.

## TRIO Academic Services

Fully funded by the U.S. Department of Education, TRIO Academic Services (Student Support Services) offers assistance to UAB's degree-seeking undergraduate students who are either first generation college students (neither parent has a bachelor's degree), are low-income, or have a disability. The program seeks to increase eligible students' chances of graduating from UAB in four years. Students participate in the program from their entrance to UAB as freshmen or sophomores until graduation.

Intensive services are provided during the freshman and sophomore years; fewer services are provided during the junior and senior years. Services offered include free tutoring from freshman courses through senior courses, workshops to improve study skills, computerized basic skills assistance, computer training and usage, counseling and referral, graduate and professional school admission assistance, and educational and cultural activities. Students also receive a UAB-funded incentive stipend that increases yearly, culminating in \$1,000 to participants who enter the project as freshmen and graduate in four years. Students are required to be full time and complete a minimum of 27 semester hours with at least a 2.0 grade point average each year. Required developmental courses are counted in these 27 semester hours. Students must maintain eligibility for financial aid if needed and participate fully in needed program services.

Priority acceptance is given to conditionally admitted freshmen who are attending UAB for the first time during fall semester. Limited space is available for freshmen and sophomores who are already attending UAB. Applications for the program are accepted from April 1 through July 1 of each year. For additional information, contact TRIO Academic Services, Suite 540, Hill University Center, Telephone (205) 934-2729.

## UAB Testing

The UAB Testing Office provides testing services for UAB students, prospective students, and the community at large. The following tests and/or services are available:

- Admissions examinations for undergraduate and graduate programs
- American College Testing Program (ACT)
- Scholastic Aptitude Test (SAT)
- Medical College Admission Test (MCAT)
- Miller Analogies Test (MAT) (acceptable to some graduate programs)
- College Level Examination Program (CLEP)—General and Subject Examinations
- Correspondence examination monitoring
- Professional licensing/certification/registration examinations
- Registration and general information for Test of English as a Foreign Language (TOEFL)

For further information on any of the above, contact the UAB Testing Office, Room 470, Hill University Center, 1400 University Boulevard, Telephone (205) 934-3704.

## UAB Ticket Office

The UAB Ticket Office is an excellent source for acquiring the best seats to campus events, including performances at the Alys Stephens Center, and UAB Blazers Football and Basketball. It also serves as the point-of-purchase for events sponsored by the Department of Student Life and other UAB organizations and off-campus agencies. In addition, the UAB Ticket Office offers discounted tickets for Carmike and Regal Cinemas, and Rave Motion Pictures, and to most major theme parks across the southeast, including Six Flags Over Georgia, Alabama Adventure and Dollywood. First-class postage stamps are also available for purchase (UAB internal requisitions are accepted). For additional information, contact the UAB Ticket Office, located in Room 118A, Hill University Center. Telephone: (205) 934-8001. Visit our website <http://main.uab.edu/Sites/students/facilities-finance/hill-center/> (Click on UAB Ticket Office on the left sidebar.)

## **Veterans Services**

UAB Veterans Services (UAB-VS) assists veterans, reservists, guardsmen, and dependents of disabled or deceased veterans to access their educational benefits. UAB-VS serves as a liaison between the student and the local and federal agencies, including the State Department of Education, Department of Defense, and the Department of Veterans Affairs. The office staff assists students in applying for educational benefits, securing tutorial assistance and obtaining veterans work-study positions. For further information, contact UAB Veterans Services, Room 524, Hill University Center, telephone (205) 934-8804 or read about our programs and services on the UAB website, [www.uab.edu](http://www.uab.edu).

## **Women's Center**

The Women's Center offers personal (non-academic) counseling services to currently enrolled UAB students. The services are confidential, are provided by a Licensed Professional Counselor, and are free of charge to all UAB students. In addition to counseling, the center provides educational programs on sexual assault, sexual harassment, eating disorders, and other mental health issues that affect women. The Women's Center supports and encourages women seeking a balanced and meaningful life. For further information, contact the Women's Center, Suite 150, Holley-Mears Building, 924 19th Street South, Telephone (205) 934-6946.

## Admission to Undergraduate Programs

UAB welcomes applications from all individuals whose preparation and abilities give them a reasonable chance of success in its programs. All applicants must offer acceptable evidence of ability and intent to meet the academic standards of the university. Admission into and placement within the university is determined by the Office of Undergraduate Admission utilizing the criteria approved by the university. Admission decisions are based on a number of factors including a previous record of satisfactory academic performance, strength of curriculum, and test scores. Admission to the university is valid for one academic year.

The application for admission, application instructions, and application deadlines can be accessed at [www.uab.edu/apply](http://www.uab.edu/apply). Applications are processed in the order in which they are complete and ready for a decision.

Prospective students currently attending high school may apply the summer before their senior year. Tentative admission will be granted on the basis of ACT or SAT scores and high school records through the junior year. A final official transcript reflecting work completed in the senior year and confirmation of graduation will be reviewed before a student's final admission.

Prospective students currently attending another college or university may apply one year prior to the date of the desired term of enrollment. Tentative admission will be granted with no more than one term pending on the basis of an evaluation of coursework from all colleges and universities attended. A final official transcript reflecting work completed will be reviewed before a student's final admission.

Credentials and documentation required for admission vary by application status. To be considered official, all academic documents required for admission must be mailed to UAB directly from the high school, colleges/universities attended, and testing agencies. All credentials submitted as part of the application for admission become and remain the property of the university and will not be returned to the student, duplicated, or transferred to another institution.

Any change in a student's record prior to enrollment will necessitate a new review of the application. Any omissions or misrepresentations on a student's application for admission will automatically invalidate consideration by and acceptance to UAB. If, after a student is admitted to the university, information comes to light that indicates an applicant did not meet all admission requirements, the applicant's offer of admission will be rescinded.

### Priority Application Deadlines

Prospective students are encouraged to apply well in advance of the date of the desired term of enrollment but no more than one year.

<b><u>Entry Term</u></b>	<b><u>Deadline</u></b>
Fall	May 1
Spring	November 1
Summer	April 15

The application for admission, application fee, and all supporting official academic documents must be complete and received in the Office of Undergraduate Admission by 5 p.m. on the respective deadline date. If the deadline falls on a weekend or university holiday, applications will be considered the following business day.

### Admission to Specific Schools or Programs

Admission to the university as an undergraduate student may not be the final step required to gain admission to the desired school or academic program. For the undergraduate programs listed below, significant additional steps are required:

- College of Arts and Sciences (Music)
- School of Business
- School of Education (Teacher Education Program)
- School of Engineering (Biomedical Engineering)
- School of Health Professions
- School of Nursing

Further information on the additional steps required is given in the section of this catalog devoted to the particular school/college

## Declaration of School and Major

Applicants are asked to indicate an intended major field of study on the application for admission. Those applicants who are undecided about a specific major but know their general field of interest may ask to be admitted as undeclared within the appropriate school/college. Those applicants who do not have a general field of interest may request admission as undeclared to the Office for Exploratory Studies within the Division of General Studies. International students must declare a major.

## Admission as a Degree Student

### Freshman Admission

#### High School Graduates

1. Completion of a college preparatory curriculum to include the following:

English	4 units	To include composition and literature
Science	3 units	To include two courses with laboratory components
Mathematics	3 units	To include algebra I and II, geometry, pre-calculus or other college preparatory or advanced level senior math
Social Science	3 units	History, psychology, sociology, etc.
Foreign Language	1 unit	One Language
Additional Core Courses	3 units	
2. Minimum high school grade point average (grades 9-12) of 2.25 on a 4.0 scale
3. Minimum ACT score of 20 or SAT score of 950 (critical reading + mathematics)

#### Advanced Placement (AP), International Baccalaureate (IB), College Level Examination Program (CLEP)

UAB awards credit to students who have earned designated scores on Advanced Placement (AP) Program examinations of the College Entrance Examination Board. AP examinations are usually taken at the end of an AP-designed course of study in high school. Credit, if awarded, will be recorded without grades or quality points and will not, therefore, be included in the calculation of the grade point average.

Credits awarded by other institutions for Advanced Placement (AP), International Baccalaureate (IB), and the College Level Examination Program (CLEP) must be reevaluated to determine if credit will be awarded at UAB. Students wishing to submit such credits should send an official score report to UAB Academic Programs and Policy.

UAB score requirements for Advanced Placement, International Baccalaureate, and the College Level Examination Program are available online ([www.uab.edu/testing](http://www.uab.edu/testing)).

#### Non-Traditional Freshmen

Minimum admission requirements for students who graduated from high school 4 years ago or more and have not attended college or have attended college earning fewer than 24 semester hours:

1. Minimum high school grade point average of 2.25
2. Applicants must take and pass the COMPASS examination; must achieve satisfactory minimum scores in all 3 (Algebra 37, English 60, and Reading 74) test sections. Go to [www.uab.edu/testing](http://www.uab.edu/testing) for more information regarding the COMPASS exam.

#### General Education Development (GED) Recipients

Applicants who have not graduated from high school must meet the following requirements in order to be considered for admission:

1. Must be at least 19 years old
2. Minimum score of 520 on the GED test
3. For persons 21 years of age or younger a minimum ACT score of 20 or SAT score of 950 (critical reading + mathematics) or for persons 22 years or older minimum COMPASS exam scores of 37 in Algebra, 60 in English, and 74 in reading.

## **Home Schooled Students**

UAB welcomes applications from students who are schooled at home. Home schooled high school students are reviewed for admission and for academic scholarships following the same criteria utilized for students who attend public and private high schools. The official high school transcript should contain the titles of courses in each subject area beginning with grade nine, course grades, overall GPA on a 4.0 scale, course grading scale, signature and contact information of the school administrator. The teaching credentials of the home school teacher should be included.

## **Early Admission**

Students who have exceptional academic credentials and who have strong endorsements from their parents and high school may be considered for admission without completing the senior year of high school. Requirements include 1) minimum grade point average of 3.0; 2) minimum ACT score of 25 or SAT score of 1140 (critical reading and math); 3) a letter of support from a parent or guardian; 4) a letter of approval from the high school principal; 5) a one-page personal essay; and 6) a personal interview with the Director of Undergraduate Admission.

## **Transfer Admission**

Applicants with a minimum of 24 transferable college semester hours must (1) have a minimum grade point average of 2.0 in all such work and (2) be considered in good standing at all previously attended colleges or universities. Applicants who have earned college credits, but fewer than 24 semester hours, must have a 2.0 grade point average in all transferable college work attempted and also satisfy freshman admission requirements (See "Freshman Admission").

## **Eligibility of College Credits for Transfer**

The eligibility of credit for transfer to UAB depends both on the subject matter of the credit and on the accreditation status of the institution that awarded the credit.

Technical/vocational credits or remedial credits, whether earned at UAB or at any other institution of higher education, are not eligible for transfer and may not, therefore, be used to satisfy degree requirements. The exception to this rule is when the transfer of certain courses applicable to specific professional degree programs is approved in advance by the appropriate department. The accepted courses will be posted only while the student is in the degree program approving the credit. If the student changes programs, the courses will be removed. Credits earned while on academic suspension from UAB or another institution may be eligible for transfer. However, the UAB forgiveness policy can only be applied to grades earned at UAB.

Credits in academic subjects are usually eligible for transfer to UAB if they were awarded by an institution of higher education that has been accredited by one of the regional agencies recognized by the American Council on Education.

If an institution is not yet accredited, but has acquired candidate status from a regional accrediting agency, then academic credits from the institution are eligible for transfer to UAB. Academic credit earned at Alabama Community Colleges during the initial organization of the Alabama College System (1965-1967) will be acceptable for transfer to UAB.

College courses completed at unaccredited non-candidate institutions do not normally transfer to UAB. However, applicants with credits in this category may contact Academic Programs and Policy for information on the "Credit by Portfolio" option.

The official determination of acceptability of courses from other institutions is the responsibility of the Office of the Provost. Students having credits from institutions outside the United States should contact the international admission counselor prior to transfer to receive information on the transfer of international credits.

Credits awarded by other institutions for Advanced Placement (AP), International Baccalaureate (IB), and the College Level Examination Program (CLEP) must be reevaluated to determine if credit will be awarded at UAB. Students wishing to submit such credits should send an official score report to UAB Academic Programs and Policy. See page 92 for Transfer Credit Policy.

## **Limitations of Transferred Credit**

One half of the credit hours required for a degree may be transferred from a two-year college provided the courses are numbered as freshman- (100) and sophomore-level (200) courses.

## Acceptance of Transfer Credits toward a Degree

College-level coursework transferred from a regionally accredited institution will be shown on the UAB transcript; however, applicability of the course toward a degree is determined by the student's major department.

## Readmission of Former UAB Students

Former students who have not been enrolled in undergraduate courses at UAB for one academic year or more, or who have attended another college since their enrollment at UAB, must apply for readmission. Former students are subject to the same conditions as newly-admitted students.

Former UAB students who are returning to continue their programs of study should consult with their academic advisor or department chair to determine whether curriculum or degree requirements have changed since their last enrollment.

## Admission as an International Student

International students are defined as any applicant who is not a U.S. Citizen or Permanent Resident. International students should apply at least six months in advance of desired attendance date in order to facilitate timely admission and enrollment.

### Freshman Admission

Applicants who have completed secondary school abroad under a grading system different from the U.S. system must submit: (1) a document-by-document evaluation which includes a minimum grade point average (GPA) computation of 2.25; (2) an official TOEFL score of at least 500 on the written examination, 173 on the computer-based version, or 61 on the Internet-based version or an IELTS score of 5.5 is required if English is not the applicant's native language.

Applicants who have completed secondary school in the U.S. system must submit: (1) an official high school transcript mailed directly from the high school. If coursework completed at a secondary school abroad is not included on the U.S. high school transcript, a document-by-document evaluation which includes a minimum grade point average (GPA) computation of 2.25 is also required; (2) an official TOEFL score of at least 500 on the written examination, 173 on the computer-based version, or 61 on the Internet-based version, or an IELTS score of 5.5 is required if English is not the applicant's native language. A TOEFL or IELTS score is not required if English is the applicant's native language or if the applicant has attended a U.S. high school for at least two years.

### Transfer Admission

Applicants who have attended a college or university outside the United States must submit:

1. a course-by-course evaluation and translation of work completed at each institution. Applicants must have a minimum grade point average of 2.0 in all such work; and
2. an official TOEFL score of at least 500 on the written examination or a score of 173 on the computer-based version, or 61 on the Internet-based version, or an IELTS score of 5.5 is required if English is not the applicant's native language.

Applicants who have attended a college or university in the United States must submit:

1. official transcripts from each U.S. college attended must be mailed directly to the Office of Undergraduate Admission and have a minimum grade point average of 2.0 in all college work; and
2. an official TOEFL score of at least 500 on the written examination or a score of 173 on the computer-based version, or 61 on the Internet-based version, or an IELTS score of 5.5 is required if English is not the applicant's native language. A TOEFL or IELTS score is not required if English is the applicant's native language or if the applicant has completed at least 24 transferable semester hour of U.S. college coursework.

*NOTE: Applicants who have earned fewer than 24 semester hours at a postsecondary institution will also need to meet the minimum admission requirements for freshmen.*

Evaluations must be requested from one of the following agencies:

1. Educational Credential Evaluators, Inc. (ECE) or
2. World Education Services, Inc. (WES).

Evaluations must be sent directly from the agency to the UAB Office of International Scholar and Student Services.

In order to receive credit toward specific degree requirements, a detailed printed syllabus or course outline (translated in English) for every course will be requested.

## **Student Visa**

Immigration requirements include a letter verifying support from the student's financial sponsor, an original or certified copy of a bank statement confirming a balance sufficient to cover the first year's tuition, fees, and living expenses, and a clearance form if transferring from another school within the United States.

To meet the requirements of the F-1 visa, international students must be full-time students. Full-time students are defined as those earning a minimum of 12 semester hours of credit for two consecutive semesters.

## **Health Insurance**

All international students are required to register with the UAB Student Health Service and to carry a health and accident insurance policy approved by the UAB Student Health Service.

## **Post-Baccalaureate Admission**

### **Degree Seeking**

Persons with a baccalaureate degree who wish to seek a second baccalaureate degree should apply as a degree seeking student. Applicants must have a minimum grade point average of 2.0 in all college coursework attempted.

### **Non-Degree Seeking**

Persons with a baccalaureate degree who wish to

1. meet prerequisites for advanced programs or
2. to satisfy requirements for professional certification should apply as a non-degree seeking student. Applicants must submit an official transcript from the college or university from which the baccalaureate degree was earned.

## **Admission as a Non-Degree Student**

Students who wish to enroll in undergraduate courses with no intent of pursuing a degree should apply as a non-degree seeking student (Temporary, Transient, and Post-Baccalaureate). The following restrictions apply to non-degree students:

1. Ineligible for financial aid or for priority registration.
2. If a course is over-enrolled, non-degree students may be dropped in favor of degree-seeking students.
3. May not participate in intercollegiate sports.

## **Temporary**

A prospective student seeking personal enrichment or career enhancement may be admitted as a Temporary student. Temporary students are limited to applying a maximum of 24 semester hours to a UAB degree program.

Applicants in this category must be at least 25 years of age unless enrolling in an approved certificate program. Students must provide a letter of good standing if they have attended another college or university within the last year.

## **Transient Students**

Persons who want to transfer credit earned at UAB back to another institution where they are enrolled as a full-time student may be admitted as Transient students.

Requirements: Applicants for Transient status must submit an official transcript or letter of good standing from the home institution. Enrollment as a Transient student is typically for one term, with a maximum of two consecutive semesters.

## **Change from Non-Degree to Degree Status**

A student may apply for a "change of status" from a non-degree classification to degree-seeking by submitting a "Change of Status" form and processing fee to the Office of Undergraduate Admission. The deadline for submitting a "Change of Status" form and all required documentation is the application for admission deadline for the desired term of change. In order for a change of status to be approved, the individual must meet all admission criteria and submit all documentation required for a degree-seeking applicant. See "Admission to Undergraduate Programs" for criteria.

## **Concurrent Enrollment and Dual Enrollment/Dual Credit**

UAB welcomes applications from exceptional high school juniors and seniors who wish to earn college credit while still enrolled in high school. Evidence must be presented that enrollment at UAB would enhance the student's educational experience beyond that available in high school.

Requirements include:

1. a minimum grade point average of 3.0;
2. a recommended ACT score of 25 or SAT score of 1140 (combined critical reading and mathematics);
3. a letter of support from a parent or guardian;
4. a letter of approval from the high school principal; and
5. a one-page personal essay (Concurrent Enrollment only).

### **Concurrent Enrollment**

A student applies for Concurrent Enrollment in order to take courses as a non-degree student at UAB, while concurrently enrolled as a junior or senior in high school. This option may be appropriate for students whose high schools do not participate in the Dual Enrollment/Dual Credit program.

### **Dual Enrollment/Dual Credit**

The Dual Enrollment/Dual Credit option is available only to those students whose high schools have a formal Dual Enrollment/Dual Credit agreement with UAB. A high school junior or senior may apply for dual enrollment/dual credit in order to take courses as a non-degree student at UAB while still completing high school and apply credit earned at UAB both toward college requirements and toward the high school diploma.

Individual courses taken by dual enrollment/dual credit must be pre-approved by the student's high school. Prior to each term of enrollment under the dual enrollment/dual credit option, the student must submit a letter from the high school identifying the pre-approved course(s) to be taken for dual credit.

## **Admission as an Auditor**

Applicants who wish to audit credit courses must follow standard admission procedures and meet minimum admission requirements.

## **Admission Appeal Procedure**

Applicants denied admission to the undergraduate program who believe they have extenuating circumstances that might justify a different decision may appeal for further consideration.

## **Freshman**

1. Applicants must complete and submit a *Supplemental Admission Application*. Any academic or personal information that would help the committee to make a fair and informed decision should be provided. A *Supplemental Admission Application* may be obtained from the Office of Undergraduate Admission.
2. Applicants must submit a letter of recommendation from an individual (not a family member) who can speak knowledgeably about the applicant's academic background and potential.
3. Students who are admitted through this procedure will be conditionally admitted. All conditionally admitted students are required to participate in New Student Orientation and confer with an academic advisor prior to registering for their first term at UAB. In addition, conditionally admitted students must limit their first-term course load to a maximum of 14 semester hours, which must include UNIV 101. Students admitted conditionally will be required to confer with an academic advisor for at least two consecutive terms.

Students who are admitted through this procedure will be admitted to and advised through the Office of Exploratory Studies within the Division of General Studies.

## **Transfer/Former UAB Students**

1. Applicants must submit a letter addressed to the Admission Appeals Committee which addresses several issues regarding educational goals: (a) Reasons the applicant did not do satisfactory academic work when previously enrolled; (b) What the applicant has done since last enrolled in school; (c) What steps the applicant has taken to prepare for academic success at UAB; (d) Goals for personal development, career and education; and; (e) Why the applicant is now better able to complete goals than when last enrolled in school. In addition, former UAB students are highly encouraged to contact his/her former advisor to request information related to the student's past performance prior to leaving UAB. This information should be sent directly to the Office of Undergraduate Admission by the academic advisor.
2. Students who are admitted through this procedure: (a) will be admitted to and advised through the Office for Exploratory Studies within the Division of General Studies; (b) must adhere to all policies and procedures of probation status; and (c) must limit their first-term course load to a maximum of 12 semester hours.

Both freshman and transfer/former student appeal documentation should be submitted to the attention of the Director of Undergraduate Admission. Students who wish to appeal are highly encouraged to do so well in advance of the deadline. The deadline to submit all required appeal documentation is one week after the application for admission deadline of the desired term of enrollment.

## **Immunization Policy**

In response to outbreaks of rubella (red measles) on college campuses throughout the United States and in accordance with the American College Health Association's recommendation that students be immunized against certain diseases, UAB has established an immunization policy. For a summary of the UAB Immunization Policy, which applies to UAB students and to international scholars, see page 529.

## **Equal Opportunity Policy**

UAB administers its educational programs and activities, including admission, without regard to race, color, religion, sex, sexual orientation, age, national origin, disability unrelated to job performance or Vietnam-era or disabled veteran status. The full text of this policy can be found on page 527.

# New Student Orientation

Orientation is offered several times prior to the beginning of each term for all incoming freshmen and transfer students. Sessions include information about resources and services available to students to help them be successful. Additionally, new students meet with faculty and academic advisors and register for classes. Attendance at New Student Orientation is required for all new freshmen and transfer students prior to their first term of enrollment.

# Financial Information

## Tuition and Fees

### Tuition Schedule

#### 2010-2011 \*BASIC CHARGES

	In-State Student Rate**	Out-of-State Student Rate
<b>Tuition for courses taken in the College of Arts &amp; Sciences, Business and Engineering:</b>		
Undergraduate - First credit hour	\$395.00	\$703.00
Undergraduate - Each additional credit hour	\$228.00	\$536.00
<b>Tuition for courses taken in the School of Health Professions:</b>		
Undergraduate - First credit hour	\$438.00	\$804.00
Undergraduate - Each additional credit hour	\$271.00	\$637.00
<b>Tuition for courses taken in the School of Nursing:</b>		
Undergraduate - First credit hour	\$438.00	\$804.00
Undergraduate - Each additional credit hour	\$271.00	\$637.00

### Estimated Tuition and Fees

To ascertain Tuition and Fees Fee Schedule please visit BlazerNET located online at <http://blazernet.uab.edu>

### Deadlines

Student account payment deadlines are available on the Academic Calendar for each term. Fifty percent of your total student account must be paid by the first payment deadline and the entire account balance must be paid in full by the second payment deadline. Payment deadline dates are available on the Academic Calendar located online at [www.uab.edu/registrar](http://www.uab.edu/registrar)

### Penalties

Students who fail to pay by the deadline are subject to substantial late fees. Students with delinquent accounts will not be allowed to register at UAB, and transcript requests will not be honored until all accounts are paid in full.

### How to Pay

Payments can be made via the web with a Blazer ID and Password at <http://blazernet.uab.edu>. For detailed instructions please visit the website [http://www.uab.edu/images/stuaff/pdf/Making\\_a\\_payment\\_in\\_BlazerNET.pdf](http://www.uab.edu/images/stuaff/pdf/Making_a_payment_in_BlazerNET.pdf). Payments can also be made in Student Accounting Services located in the Hill University Center, Room 322. All fees are due by the published deadline, as indicated on the UAB Academic Calendar at [www.uab.edu/registrar](http://www.uab.edu/registrar). For tuition questions please call Student Accounting Services at (205) 934-3570.

## Contact

Student Accounting Services  
1400 University Blvd.  
322 Hill University Center  
Birmingham, AL 35294  
(205) 934-3570

## Withdrawal from Courses

### Required Procedures

Withdrawal from courses can only be accomplished online through BlazerNET or through the Office of Registration and Academic Records by submitting a completed withdrawal form. This office will date stamp the form and return a copy. This document should be carefully retained by the student. The date printed on the receipt is the official date of withdrawal.

In extraordinary circumstances, if it is impossible for the student to withdraw online or obtain an official withdrawal form, the student may mail a withdrawal letter to the Office of Registration and Academic Records. The official date of withdrawal will be the date the letter is received in this office.

Failure to attend class does not constitute a formal drop or withdrawal. For financial aid purposes, the date of last class attendance will be the official date of withdrawal unless otherwise documented.

### Adjustment of Charges

Generally, students will not be charged tuition and fees for classes officially dropped prior to the published drop deadline each term. All tuition and fee payments may be refunded for the credit hours and fees associated with each class dropped before or during the add/drop period. The deadline for dropping classes without incurring charges is published each term in the UAB Class Schedule.

Students who completely withdraw from school on or after the first day of the term will be charged a \$30.00 withdrawal fee.

Any credit balance resulting from a change in course load during the add drop period of the term will be distributed in accordance with the Order of Return of Title IV Funds Policy. Add drop period deadlines for each term are posted in the Academic Calendar available online [www.uab.edu/registrar](http://www.uab.edu/registrar).

### Exceptions

All students are responsible for adhering to UAB's academic policies, as published in the UAB Undergraduate Catalog and the current UAB Class Schedule. The Provost may make exceptions to policies. Exceptions will only be made in extraordinary circumstances. Only in cases of serious illness, which precludes a student from attending classes, or a call to active military service, can a student qualify under this policy for either administrative or academic withdrawal from courses from that semester. In such instances, students requesting an exception to policy must provide the cause specific documentation in order for the request to be considered.

Requests are evaluated only from written documentation (see address below) and not through appointments or telephone calls. (Please note that grievances of an academic nature are addressed through the Academic Grievance Policy see page 98). Requests for exceptions must be submitted at the earliest possible time. Consideration will not be given to any request submitted later than the term immediately following the term for which the exception is being requested. A full reduction in tuition and associated fees will be made for appropriately documented serious illnesses or military service activation, which preclude a student from continuing his/her studies at UAB. For students receiving refunds, such refunds will first be applied to any outstanding obligations and to any scholarship, grant, or loan the student has received for that term. A student who is receiving any form of Federal Title IV Financial Aid will be liable for any unearned funds received as determined by the Federal Return of Funds Policy (check with Student Accounting Office for details.)

Failure to adhere to the published drop and withdrawal deadlines (as outlines in the UAB Catalog and the UAB Class Schedule) does not qualify under this policy as an Academic Exception.

## Financial Aid to Students

Students should apply for financial aid if they need assistance in paying for the cost of education. Students applying for financial aid are considered for all programs for which they are eligible. Assistance generally takes the form of a combination of grant, loan, and employment. The amount of the award is based on the financial need of the student, taking into consideration the student's total expenses and the family's financial circumstances. A nationally recognized method of analysis approved by the federal government is used to determine the family's ability to pay toward the cost of education.

### Applying for Financial Aid

Students are encouraged to complete the Free Application for Federal Student Aid (FAFSA) available online at [www.fafsa.gov](http://www.fafsa.gov) in early February. The earliest students can submit the FAFSA is January 1. Instructions and UAB forms are available online at [www.uab.edu/financialaid](http://www.uab.edu/financialaid). Since some of the aid programs have limited funding, students are encouraged to submit all required forms to the financial aid office by March 1 for financial aid for the following fall to ensure they receive aid from all programs for which they are eligible. In order to meet the tuition and fee deadlines, completed applications should be submitted no later than 45 days prior to the beginning of a term. Students must reapply for financial aid each academic year.

Since procedures and rules are subject to change, students interested in applying for financial aid can receive further information online at [www.uab.edu/financialaid](http://www.uab.edu/financialaid).

## Financial Aid Programs

### Federal Pell Grants

The federal government has allocated funds that currently provide grants up to \$5,550 per year for eligible students. All undergraduate students needing financial assistance should apply.

### Federal Supplemental Educational Opportunity Grants

Federal Supplemental Educational Opportunity Grants provide assistance for undergraduate students who demonstrate financial need. The maximum annual grant at UAB is \$1,500.

### Academic Competitiveness Grant

This federal grant provides \$750 for eligible students in the first year of their undergraduate program and \$1,300 for eligible students in the second year of their undergraduate programs. Students must be Pell Grant eligible.

### National Smart Grant

This federal grant provides up to \$4,000 per year for eligible undergraduate students in the third or fourth year of their degree program. Eligible student must major in physical, life, or computer sciences, mathematics, technology, engineering or in a foreign language determined critical to national security. The U.S. Department of Education has designated eligible majors.

### Federal College Work-Study Program

Eligible undergraduate and graduate students may work part time and earn money to help pay their educational expenses while attending school. On-campus and off-campus jobs are available in areas related to the student's educational interests.

## **Federal Perkins Loan**

Perkins loans are available to undergraduate and graduate students on a long-term, low-interest basis and are repayable in monthly installments. The total amount available for a student's undergraduate study is \$27,000; the total amount of loans made to a graduate student for all years, including any loans received as an undergraduate, may not exceed \$60,000. The interest rate is five percent, and repayment of principal and interest begins nine months after graduation or withdrawal from school.

## **Federal Direct Stafford/Ford Loan**

The Federal Direct Stafford Loan is a need-based loan with a fixed rate of 6.0% for undergraduates and 6.8% for Graduate and Professional Students. Repayment begins six months after the student's enrollment level drops below half time. Annual loan limits are \$3,500 for freshmen, \$4,500 for sophomores, \$5,500 for juniors and seniors, and \$8,500 for graduate students. The aggregate limits are \$23,000 for dependent undergraduates and \$46,000 for independent undergraduates. The aggregate loan balance for graduate students is \$138,500.

## **Federal Direct Unsubsidized Stafford/Ford Loan**

This is a non-need-based loan with a fixed rate of 6.8%. Interest must be paid while the student is in school or must be capitalized as agreed upon by the borrower and lender. Repayment of the principal and any capitalized interest begins when the student's enrollment status drops below half time. The maximum annual loan amount is the Federal Direct Stafford Loan annual limit minus the student's amount of eligibility for a Federal Direct Stafford Loan.

## **Additional Federal Direct Unsubsidized Stafford/Ford Loan**

Independent students or dependent students whose parents cannot borrow under the Federal Direct PLUS Program may borrow \$4,000 as freshmen and sophomores, \$5,000 as juniors and seniors, and \$12,000 as graduate students.

## **Federal Direct Parent Loan for Undergraduate Students**

This is a non-need-based loan with a fixed rate of 7.9%. Repayment of principal and interest begins immediately after the loan has been disbursed. Annual loan limits are the cost of living minus other aid.

## **Federal Direct PLUS Loan for Graduate and Professional Students**

This is a non-need-based loan with a fixed rate of 7.9%. Annual loan limits are the cost of living minus other aid.

# **Scholarships and Merit Awards**

## **Freshmen**

New freshmen are automatically considered for all university-wide academic scholarships once they are accepted to UAB. Merit scholarships are awarded on a first-come, first-served, funds available basis to eligible entering freshmen. Students who wish to be considered for merit scholarships should postmark the undergraduate admission application and all supporting credentials (official transcript and official ACT and/or SAT scores) as early as possible after the completion of the junior year and no later than December 1 of the senior year. Admission applications completed after December 1 of the senior year of high school will be considered on a funds available basis only.

Along with scholarships offered by the university, individual schools and departments may award their own scholarships. Students should check with the school of their major for scholarship for which they may be eligible.

### ***For Alabama Residents who are Freshmen:***

**Presidential Scholarship:** Full tuition and fees up to 15 hours per semester and housing with an ACT of 33 or higher and a cumulative GPA of 3.0 or higher

**Golden Excellence Scholarship:** \$6000 with an ACT of 28-32 and a cumulative GPA of 3.3 or higher .

**Collegiate Honors Scholarship:** \$3000 with an ACT of 25-27 and a cumulative GPA of 3.5 or higher.

**UAB Breakthrough Scholarship:** \$2000 with an ACT of 24 and a cumulative GPA of 3.5 or higher.

**UAB Academic Achievement Scholarship:** \$1000 with an ACT of 24-27 and a cumulative GPA of 3.0-3.49 or ACT of 28-32 and a cumulative GPA of 3.0-3.29.

***For Out-of-State Residents who are Freshmen:***

**Blazer Elite Scholarship:** \$9000 with an ACT of 28 or higher and a cumulative GPA of 3.8 or higher .

**Blazer Gold Scholarship:** \$5500 with an ACT of 26 or higher and a cumulative GPA of 3.5 or higher.

**Blazer Achievement Scholarship:** \$3500 with an ACT of 26 or higher and a cumulative GPA of 3.0 or higher.

**Blazer Pride Scholarship:** \$2500 with an ACT of 24 or higher and a cumulative GPA of 3.0 or higher.

## Transfer Students

Transfer students transferring from 2-year community colleges or 4-year colleges or universities are automatically considered for all university-wide transfer academic scholarships once they are accepted to UAB. Transfer scholarships are awarded only to students beginning in the fall term of the year. Students who wish to be considered for transfer academic scholarships should be admitted no later than February 1 prior to the fall semester they plan to begin. For the Transfer Excellence Scholarship and the Transfer Scholarship of Distinction, preference will be given to any 2-year or 4-year transfer student who is admitted by the February 1st deadline date and has earned 60 hours of transferable credit by the time the student transfers to UAB the following fall term. For the Phi Theta Kappa Scholarship, preference will be given to 2-year community college transfer students only who have been admitted by the February 1st deadline date, are a member of Phi Theta Kappa, and have 60 hours of transferable credit by the time they transfer to UAB in the fall.

Along with scholarships offered by the university, individual schools and departments may award their own scholarships. Students should check with the school of their major for scholarship for which they may be eligible.

### *Transfer Scholarships*

**Phi Theta Kappa Scholarship:** Renewable scholarship for two years, valued at \$3,000 per year, is reserved for community college transfer students ONLY who are members of Phi Theta Kappa, have a 3.5 minimum transfer GPA, and 60 hours of transferable credit by the time the student transfers to UAB in the fall. Documentation of PTK membership must be provided to the Undergraduate Admission Office upon acceptance for consideration.

**UAB Transfer Excellence Scholarship:** Renewable scholarship for two years, valued at \$1,500 per year, is reserved for 2-year and 4-year transfer students with a minimum transfer GPA of 3.75 and 60 hours of transferable credit by the time the student transfers to UAB in the fall.

**UAB Transfer Scholarship of Distinction:** Renewable scholarship for two years, valued at \$1,000 per year, is reserved for 2-year and 4-year transfer students with a minimum transfer GPA of 3.5 and 60 hours of transferable credit by the time the student transfers to UAB in the fall.

## Current UAB Students

The university-wide scholarship application for currently enrolled students is available in the Financial Aid Office from October to February of every year. All applications and supporting documentation must be submitted by February 1 for consideration. Most scholarships are awarded in the spring term and go into effect the following academic year.

Along with scholarships offered by the university, individual schools and departments may award their own scholarships. Students should check with the school of their major for scholarship for which they may be eligible.

**Alabama Society of CPA's Educational Foundation Scholarship:** A scholarship, valued at \$1,500, is awarded to full-time accounting major in the School of Business. The recipient must have completed AC 310, have a 3.0/4.0 GPA overall and in all accounting courses completed, and have at least one full year left in school (4<sup>th</sup> or 5<sup>th</sup> year). For further information, contact the School of Business at (205) 934-8813.

**American Society of Women Accountants:** A scholarship, valued at \$1,000, is awarded to a senior in accounting with at least a 3.0/4.0 GPA overall and in accounting. The recipient must have completed 60 hours of coursework and have completed AC 300. Need is considered. For information, contact the School of Business at (205) 934-8813.

**Association of Certified Fraud Examiners (ACFE) Scholarship:** Student must be enrolled or admitted to the School of Business and be an accounting major with an interest in forensic accounting. Recipient must demonstrate involvement in student or community activities and have a minimum 2.5/4.0 GPA. The value of the award and the number of awards are variable. For further information, contact the School of Business at (205) 934-8813.

**Ayers Scholarship in Marketing:** A scholarship, valued at \$500, is awarded to a student with minimum 3.0/4.0 GPA. Student must be marketing major. Recipient must demonstrate balance in course work, work hours and external commitments. For further information, contact the School of Business at (205) 934-8813.

**Earle Baker Memorial Scholarship:** One scholarship, valued at \$1,500, is awarded to a student majoring in accounting who has completed AC 300 and has earned a minimum 3.0/4.0 GPA in all coursework completed. Financial need is a major factor in the award decision. For further information, contact the School of Business at (205) 934-8813.

**Barfield, Murphy, Shank & Smith Scholarship in Accounting:** A scholarship, valued at \$1,000, is awarded to a senior in Accounting who has an interest in public accounting and who is enrolled in or completed AC300. GPA is important. For further information, contact the School of Business at (205) 934-8813.

**Becker CPA Review Scholarship:** Free Becker CPA Review Course is awarded to a graduating senior planning a career in public accounting. GPA is important. The Accounting Scholarship Committee must receive a letter of interest by February 1. The number of awards is variable. For further information, contact the School of Business at (205) 934-8813.

**Birmingham Chapter of the Alabama Society of CPA's Scholarship:** A scholarship, valued at \$2,000, is awarded to a full-time accounting major entering his/her senior year. Recipient must have earned and maintain a 3.0/4.0 GPA in all coursework. For further information, contact the School of Business at (205) 934-8813.

**Birmingham Chapter of the IMA Scholarship:** Two scholarships, valued at \$2,500 each, are awarded to an undergraduate accounting major or a Master of Accounting student. Recipients must have a 3.0/4.0 GPA in their accounting coursework and overall. They should intend to pursue a career in managerial accounting and show an interest in attaining the CMA or CFM designation. For further information contact the School of Business at (205) 934-8813

**John F. Breyer Endowed Scholarship:** A scholarship of variable value is awarded to a student enrolled or admitted to The School of Business with a 3.0/4.0 or better GPA. Financial need and academic promise are considered. For further information, contact the School of Business at (205) 934-8813.

**Keith Bryant Scholarship:** A scholarship of a variable value is awarded to an entering freshman or currently enrolled student with an accounting major or a Master of Accounting student who demonstrates solid academic promise or achievement. For further information, contact the School of Business at (205) 934-8813.

**William D. Burg Memorial Scholarship:** In May 2006, Dr. William (Bill) Burg was tragically killed in a car accident. Family, students, and friends immediately established a memorial scholarship in his name because of the unique care and mentoring he provided to students. Gifts and pledges were sufficient to create an endowment for an annual scholarship to an IS student who exhibits character and show potential in IS. For further information, contact the School of Business at (205) 934-8813.

**CFA Society of Alabama:** Annual scholarship(s) is awarded to a senior(s) who wishes to pursue the Chartered Financial Analyst (CFA) designation. All those selected to receive this scholarship receive a waiver of all CFA Level I fees and CFA Society registration fees. The value of the award and number of awards are variable. As of 2007, the value of each scholarship is \$760 and up to 10 may be awarded each year. For further information, contact the School of Business at (205) 934-8813.

**CISCO Information Systems Endowed Scholarship in Business:** Must be currently enrolled in or admitted to the School of Business Department of Informational Systems. Applicants must have a 3.0 GPA. Students must demonstrate a commitment to community service. This scholarship is restricted to minorities (including minority female).

**Colonial Properties Trust Business Scholars Practicum:** A scholarship, valued at \$10,000 plus a practicum, is awarded to a junior or senior majoring in finance. For further information, contact the School of Business at (205) 934-8813.

**Colonial Properties Trust Scholarship Program:** One annual scholarship, in the form of a rent-free, one-bedroom apartment for a full-time student in the School of Business for an entire calendar year, is awarded to a student with a major in Finance. For further information, contact the School of Business at (205) 934-8812. Deadline: February 1.

**Charles & Patsy Collat Endowed Scholarship in Industrial Distribution:** An annual scholarship is awarded to an entering freshman, transfer or currently enrolled student who designates Industrial Distribution as their major. High school GPA, ACT or SAT scores, participation in extra-curricular activities, financial need, and career goals will be considered. Currently enrolled ID students with good academic standing, commitment to completing degree requirements in ID, participation in extracurricular activities and community service will also be considered for the scholarship.

**Computer Technology Solutions (CTS) Scholarship:** Scholarships, valued at \$2,500, are awarded to students who major in Information Systems and who demonstrate capabilities and aptitude for systems development and emerging IT issues. CTS is one of Birmingham's premier consulting firms for IT development and systems development. The number of awards is variable. For further information, contact the School of Business at (205) 934-8813.

**Cooper Industries Industrial Distribution Scholarship:** Scholarships of variable amounts are awarded to entering freshmen, transfer or currently enrolled students who designate Industrial Distribution as their major. High school GPA, ACT or SAT scores, participation in extra-curricular activities, financial need, and career goals will be considered. Currently enrolled ID students with good academic standing, commitment to completing degree requirements in ID, participation in extracurricular activities and community service will also be considered for the scholarship.

**Culver Scholarship in Economics:** A scholarship, valued at \$500, is awarded to a student currently enrolled or admitted as an economics major in either the School of Business or the College of Arts and Sciences. Applicants must have a 3.0/4.0 overall GPA and demonstrate financial need. Applicants should also demonstrate leadership and be active in student activities. For further information, contact the School of Business at (205) 934-8813.

**Tommie G. Cummings Endowed Scholarship in Accounting:** A scholarship of variable value is awarded to an entering freshman or currently enrolled student or MAC student who demonstrates solid academic performance or achievement. For further information, contact the School of Business at (205) 934-8813.

**T Kevin Dunnigan Endowed Scholarship in Industrial Distribution:** Awarded based on Financial Need.

**Economagic Scholarship in Economics:** A scholarship, valued at \$500, is awarded to a currently enrolled or admitted student majoring in Economics in the School of Business or the College of Arts & Sciences. Applicants must have a 3.0/4.0 or higher overall GPA. For further information, contact the School of Business at (205) 934-8813. Deadline: February 1.

**El Paso Corporation Diversity Accounting Scholarship:** A scholarship, valued at \$3,500, is awarded to a minority accounting undergraduate, graduate, or equivalent student. Recipient must have and maintain a 3.0/4.0 GPA and have a year of coursework remaining. For further information, contact the School of Business at (205) 934-8813.

**Ernst and Young/John L. Rhoads Scholarship in Accounting:** Two scholarships, of variable value, are awarded to either undergraduate accounting majors entering their senior year or accounting equivalent majors. The recipients must have a minimum 3.25/4.0 accounting GPA and minimum 3.0/4.0 overall GPA. Must be involved in professional and other activities and have an interest in public accounting. Equivalent majors must have completed AC 310. For further information, contact the School of Business at (205) 934-8813.

**Faculty Scholarships in Management:** A scholarship, valued at \$500, is awarded to a student majoring in Management. The recipient must have at least a 3.25/4.0 GPA overall and have taken between 60-90 semester hours of coursework. Previous recipients are not eligible to reapply. For further information, contact the School of Business at (205) 934-8813.

**Fetherston Scholarship in Finance:** A scholarship, valued at \$1,500, is awarded to a currently enrolled or admitted finance major. The recipient must have at least a 3.0/4.0 GPA, demonstrate leadership, and be active in student activities. For further information, contact the School of Business at (205) 934-8813.

**Roy S. Fogas Memorial Scholarship:** At least one scholarship, valued at \$1,000, is awarded annually to a currently enrolled UAB School of Business student entering his/her junior or senior year. Selection is based upon academic promise, leadership potential and financial need. Award is renewable so long as the recipient maintains a minimum overall GPA of 3.0/4.0 and an average 3.0/4.0 in his or her major. Number of awards is variable. For further information, contact the School of Business at (205) 934-8813.

**Katherine Bridges Freeland Endowed Scholarship:** A variable value scholarship is awarded to student enrolled or admitted to UAB. Recipient must have a major in FN or IS with a 3.0/4.0 or better GPA. Low income or minority given priority. For further information, contact the School of Business at (205) 934-8813.

**Edward M. Friend III School of Business Endowed Scholarship:** A variable value scholarship is awarded to a new or currently enrolled student in the School of Business. Applicants must have a 3.0/4.0 overall GPA. For further information, contact the School of Business at (205) 934-8813.

**A.G. Gaston Endowed Memorial Scholarship:** A scholarship is awarded to an African American student enrolling as a freshman or currently enrolled in the UAB School of Business. Recipient is eligible to re-apply in following years with total awards limited to no more than four years. Financial need and superior academic achievement are considered. For further information, contact the School of Business at (205) 934-8813.

**GE Industrial Distribution Endowed Scholarship:** Scholarship(s) is awarded to an entering freshman with an Industrial Distribution major. High school GPA, ACT or SAT scores, participation in extra-curricular activities, financial need, and career goals will be considered. Currently enrolled ID students with good academic standing, commitment to completing degree requirements in ID, participation in extracurricular activities and community service will also be considered for the scholarship. Recipients may re-apply in following years but will be limited to four academic years. The value of the award and the number of awards are variable. For further information, contact the School of Business at (205) 975-5810 or (205) 934-8813.

**Green and Gold Student Managed Investment Fund Scholarship:** These scholarships are funded by earnings from the Green and Gold Student Managed Investment Fund and vary in amount according to fund performance. The scholarships are awarded to those students involved in the Green and Gold fund. For further information, contact the School of Business at (205) 934-8813.

**Hackney Family Endowed Scholarship in Business:** Preference given to entering freshman who demonstrate solid academic promise and have at least a 3.0 overall GPA.

**Tommy and Anne Hagwood Endowed Scholarship in Commercial Real Estate:** Must be a junior or senior currently enrolled or admitted to the UAB School of Business Finance Department with plans to pursue a career in commercial real estate. Must have a 3.25 GPA. Must also demonstrate a commitment to community service and exhibit outstanding involvement in extracurricular activities.

The recipient must complete a minimum of 27 hours in one academic year and maintain a 3.0/4.0 GPA. For further information, contact the School of Business at (205) 934-8813.

**Opportunities for School of Business Scholarship:** Twenty (20) renewable four year scholarships, valued at \$5000 each, are available to freshmen and transfer students. Entering freshmen, who have selected a major in the School of Business, must have a minimum GPA of 3.25/4.0 and at least a 24 ACT score. Transfer students, who have selected a major in the School of Business, must have a minimum GPA of 3.0/4.0 in all college courses and have completed at least 24 semester hours of college credit. Preference will be given to students who bring diversity to the School of Business student body. For further information, contact the School of Business at (205)934-8813.

**OSRAM Sylvania Scholarship:** Scholarship(s) is awarded to an entering freshman or currently enrolled student with an Industrial Distribution major. High school GPA, ACT, or SAT scores, participation in extracurricular activities and career goals will be considered. Currently enrolled ID students must maintain a 3.0/4.0 GPA, be committed to the degree requirements of the ID program and participate in community service. The value of the award and the number of awards are variable. For further information, contact the School of Business at (205) 975-5810.

**Pearce, Bevill, Leesburg & Moore Scholarship:** A scholarship, valued at \$2,000, is awarded to either an undergraduate accounting major entering his/her senior year, an accounting equivalent major, or a Master of Accounting student. Recipient must have a minimum 3.25/4.0 accounting GPA, have completed AC 310, and be actively involved in at least one professional organization. Need is considered if there are equally deserving students. For further information, contact the School of Business at (205) 934-8813.

**Pearce, Bevill, Leesburg & Moore/AL Society of CPA's Minority Scholarship:** A scholarship, valued at \$1,500, is awarded to a minority accounting major in the School of Business. The recipient must be a full-time student, must have completed AC 310, have a 3.0/4.0 GPA overall and in all accounting courses completed, and have at least one full year left in school (4<sup>th</sup> or 5<sup>th</sup> year). For further information, contact the School of Business at (205) 934-8813.

**Pizitz Endowed Scholarship:** Scholarships, valued at \$2,500 for four years, are awarded to at least one entering freshman that intends to pursue a degree in the UAB School of Business, earns at least 27 hours per academic year and maintains a 3.0/4.0 GPA. Selection is based on grades, ACT or SAT scores, extracurricular activities and career goals. The number of awards is variable. For further information, contact the School of Business at (205) 934-8813.

**Ollie S. Powers Endowed Scholarship in Accounting:** A scholarship of a variable amount is awarded to an entering freshman or currently enrolled student or MAC student with an accounting major in the School of Business who demonstrates solid academic promise or achievement. For further information, contact the School of Business at (205) 934-8813.

**Powers Scholarship in Marketing:** One annual scholarship is awarded for \$500 to a currently enrolled or admitted Marketing major in the UAB School of Business. Applicants must show academic promise, have a 3.0 GPA in all course work, and be active in student activities. Previous recipients are not eligible to reapply.

**PricewaterhouseCoopers Scholarship/Jimmy Bent Memorial Scholarship:** A scholarship of variable value is awarded to a currently enrolled student with an accounting major or a Master of Accounting student. Recipient must have and maintain a 3.0/4.0 GPA and preferably have completed AC 300. For further information, contact the School of Business at (205) 934-8813.

**PricewaterhouseCoopers Recruiting Scholarship:** A scholarship, valued at \$2,000, is awarded to an entering freshman who has demonstrated academic excellence with a GPA of at least a 3.0/4.0 and will pursue a degree in accounting. For further information, contact the School of Business at (205) 934-8813.

**Project Management Institute Scholarship:** The Birmingham Chapter of PMI provides scholarships to students who major in IS and who demonstrate skills and abilities in project management. The funds are generated through the UAB IS/PMI Project Management Certificate Program, which is periodically offered to the public. For further information, contact the School of Business at (205) 934-8813.

**Protective Life Corporation/NABA Scholarship:** A scholarship, valued at \$1,500, is awarded annually to an undergraduate accounting major at any level in the School of Business with a minimum 3.0/4.0 GPA in his/her accounting coursework. The recipient must have completed at least one semester at UAB prior to receiving the scholarship and be an active member and heavily involved in the UAB student chapter of the National Association of Black Accountants. The recipient will be eligible to intern at Protective Life Corporation based on availability of an opportunity and the company interview process. For further information, contact the School of Business at (205) 934-8813.

**Protective Life Corporation Information Systems Scholarship:** A scholarship, valued at \$2,500, is awarded to student with an information systems major in School of Business with a minimum 2.5/4.0 GPA. Must be a junior or senior. Internship is encouraged. Low income and minority encouraged to apply/given priority. For further information, contact the School of Business at (205) 934-8813.

**Regions Bank Endowed Scholarship in Business:** Scholarships are awarded to students currently enrolled as finance majors in the School of Business. Selection is based upon academic promise, leadership potential, merit and high moral character. Applicants must have and maintain a 3.0/4.0 GPA. Recipients are eligible to reapply in subsequent years as long as they continue to meet the requirements. The value of the award and the number of awards are variable. For further information, contact the School of Business at 934-8813.

**Regions IS Scholars Practicum:** A scholarship, valued at \$4,000 plus \$18,000 for an on-site practicum, is awarded to a student with information systems major in the School of Business. Must be a junior or senior with a 3.0/4.0 GPA or better. For further information, contact the School of Business at (205) 934-8813.

**Roberta M. and John L. Rhoads Accounting Scholarship:** Scholarships of variable value are awarded to rising seniors majoring in accounting. Recipients must have at least a 3.25/4.0 accounting GPA and a minimum 3.0/4.0 overall GPA. Financial need, extracurricular, civic and professional activities will be considered. The recipient must have completed AC 310. For further information, contact the School of Business at (205) 934-8813.

**Rime Endowed Scholarship:** A scholarship, valued at \$2,500 for four years, is awarded to an entering freshman that intends to pursue a degree in the UAB School of Business. Recipient must earn at least 27 hours per academic year and maintain a 3.0/4.0 GPA. Selection is based upon grades, ACT or SAT scores, extracurricular activities and career goals. For further information, contact the School of Business at (205) 934-8813.

**Joe and Louise Robertson Scholarship:** A scholarship, valued at \$2,000, is awarded to a senior or graduate student with a 3.0/4.0 or above GPA. Student must be majoring in Accounting. For further information, contact the School of Business at (205) 934-8813.

**Harvey C. Smith Scholarship in Marketing, presented by the AMA, BI Chapter:** A scholarship, valued at \$500, is awarded to a junior or senior level student with a designated major in Marketing. Recipient must have a 3.2/4.0 overall GPA. Leadership and membership in the UAB chapter of AMA is considered.

**Society for Information Management (SIM) Scholarship:** Scholarships are awarded to entering freshmen, currently enrolled students, or transfer students in the School of Business with an interest in information systems as a major. The value of the award and the number of awards are variable. For further information, contact the School of Business at (205) 934-8813.

**South Birmingham Chapter of Institute of Management Accountants Scholarship:** A scholarship valued at \$1,000 is awarded to an undergraduate student majoring in accounting with an interest in managerial accounting or financial management. A minimum 3.0/4.0 GPA is required. For further information, contact the School of Business at (205) 934-8813.

**Southern Pulp and Paper Industry Labor Management Endowed Scholarship (SPPILMC):** A scholarship of variable value is awarded to an undergraduate student with a 3.0/4.0 GPA. Preference will be given to Human Resource Management majors and students who have worked in the paper industry or who have a parent or guardian who has worked in a primary mill within the paper industry. For further information, contact the School of Business at 934-8813.

Accounting major is preferred, although the scholarships may be awarded to finance, economics and information systems majors also. Minimum 3.0/4.0 GPA required. For further information, contact the School of Business at (205) 934-8813.

**UA System Scholarship in Finance:** A scholarship valued at \$1000 is awarded to a junior or senior majoring in finance with a 3.0 overall GPA.

**UAB Accounting Alumni Scholarship:** Scholarships of variable value are awarded to accounting undergraduate students, equivalent majors, and Master of Accounting students. Recipients are expected to have and maintain a 3.0/4.0 GPA. For further information, contact the School of Business at (205) 934-8813.

**Juanita and William H. Van Matre Endowed Scholarship:** \$1000 is awarded to at least one entering freshman or transferring junior college student who intends to pursue a degree in the UAB School of Business. The recipient is preferred to be from a rural area and have good character. They must earn at least 27 hours per academic year and maintain a 3.0 GPA. Recipients are chosen based upon academic promise and need.

**David J. Vanzandt Scholarship in Finance:** \$250 is awarded to a UAB School of Business student majoring in Finance. Applicants must have completed 12 hours in-residence, have a minimum 3.0 GPA on all completed coursework, have a proven record of community service, and submit a 200-250 word essay on how he/she plans to use a college education to further benefit his/her community.

**Warren, Averett, Kimbrough & Marino Scholarship:** A scholarship, valued at \$1,500, is awarded annually to a senior accounting major or Master of Accounting student in the School of Business with a minimum 3.0/4.0 GPA. For further information, contact the School of Business at (205) 934-8813.

**Young Men's Business Club Scholarship:** At least one scholarship valued at \$2,000 is awarded annually to a currently full time enrolled UAB student In the School of Business who will be entering their junior or senior year. Selection is based on high academic standing, financial need, and community service.

## ***School of Engineering***

Entering freshmen are automatically considered for all School-wide academic scholarships after being accepted to UAB in the School of Engineering. The admissions application serves as the application for engineering scholarships. No additional application materials are required. Students who wish to be considered these scholarships should postmark their undergraduate application and all supporting credentials (official transcript and official ACT and /or SAT scores) no later than December 1 of their senior year.

All scholarships are merit based, and most are renewable for a total of four years. School of Engineering Scholarship Awards range from \$1,000 to \$7,500 per year, and may be combined with other scholarship offers. Support for scholarships is provided by Alabama Power Foundation, American Cast Iron Pipe Co., BE&K, Francis J. Dupuis Endowed Fund, El Paso Energy, Jay and Renitta Goldman Scholarship Fund, Hack Sain Scholarship, LYBD, Clayton V. Reuse/Birmingham ASHRAE Endowed Fund, Southern Company Services, Thompson Tractor, and Vulcan Materials.

A limited number of need-based scholarships are available for students transferring to UAB and majoring in engineering. These scholarships are provided through the National Science Foundation, and students may contact Dr. Gregg Janowski ([janowski@uab.edu](mailto:janowski@uab.edu)) for additional information.

## ***School of Health Professions***

**Dean's Merit Scholarship:** These scholarships are used to recruit or retain outstanding students enrolled in SHP academic programs. Selection is based upon academic achievement, including but not limited to, grade point average and standardized test scores. Selection of awardees is made by each SHP academic program.

**Dean's Diversity Scholarship:** These scholarships are used to recruit or retain students from under-represented groups who will enhance the diversity of SHP academic programs, and consequently the diversity of the health professions workforce. Recipients must meet the University's definition of under-represented groups. Selection of awardees is made by each SHP baccalaureate and master's degree program.

**SHP Scholarship:** These scholarships are funded through a combination of allocated budget monies from the Dean and proceeds from the SHP Endowed Scholarship, which was established in 1988 through gifts from faculty, staff and friends of the School. These scholarships are used to recruit or retain students who will enhance the diversity of SHP programs or who have outstanding academic credentials including but not limited to grade point average and standardized test scores. Selection of awardees is made by the SHP Scholarship Committee; applications are submitted by SHP program directors on behalf of qualified students. The number and amount of awards are left to the discretion of the Scholarship Committee based upon available funds.

**Lettie Pate Whitehead Foundation Scholarship:** These scholarships are made possible by an annual grant from the Lettie Pate Whitehead Foundation, based in Atlanta, Georgia. The Whitehead family was the first to secure an exclusive contract to bottle and sell Coca-Cola throughout most of the United States. Applicants must be young women from the Southeastern states who are pursuing an undergraduate education in one of the SHP baccalaureate programs and who demonstrate a financial need. Selection is made by the SHP Office of Student Services. For more information contact Student Services at (205) 934-5963 or by email at [bharris@uab.edu](mailto:bharris@uab.edu).

**Ethel M. and Jessie D. Smith Endowed Nursing and Allied Health Scholarship:** This endowment provides scholarships for both the School of Health Professions and School of Nursing. SHP applicants must be admitted to or enrolled in a SHP baccalaureate program and be a resident of the state of Alabama at the time of enrollment. Selection is made by the SHP Office of Student Services. Selection is made by the SHP Office of Student Services. For more information contact Student Services at (205) 934-5963 or by email at [bharris@uab.edu](mailto:bharris@uab.edu).

**Matthew F. McNulty, Jr., Health Services Emergency Loan:** Students enrolled in the professional phase of programs in the School of Health Professions are eligible to apply for this low-interest loan. The fund was originally established by the University Hospital Auxiliary, and its purpose is to provide support for students needing emergency assistance. The amount of the loan will depend upon the student's needs. Inquiries should be directed to the Office of Student Services: (205) 934-5963 or [bharris@uab.edu](mailto:bharris@uab.edu).

**SHP Student Government Association (SGA) Scholarship:** Initiated in 1998, the SHP SGA funds four annual scholarship awards (2 undergraduate; 2 graduate) from student activity fee income that is allocated to the SGA. Applicants must be full-time enrolled students in good standing in an undergraduate or graduate SHP program. For more information contact Student Services at (205) 934-5963 or by email at [bharris@uab.edu](mailto:bharris@uab.edu).

**Patricia Ann Amos Endowed Scholarship (Medical Technology):** The Patricia Ann Amos Scholarship endowment was established in 2002 through gifts given by Ms. Amos and other donors. Ms. Amos retired from UAB in 1988 after 28 years of service as a medical technology faculty member, department chair and assistant dean. Applicants must be accepted into the professional phase of the Medical Technology Program and have satisfactory academic performance. Selection is made by a committee comprised of the Clinical Laboratory Sciences faculty. The number and amount of the awards given each year is determined by the committee based upon the availability of funds.

**Cooperative Clinical Laboratories of Huntsville Endowed Scholarship/Loan (Medical Technology/Clinical Laboratory Sciences):** The CCLH Scholarship/Loan Fund endowment was created in 1991 by the Huntsville Cooperative School of Medical Technology, Huntsville Hospital, Crestwood Hospital, Huntsville Diagnostic Laboratory and Humana Hospital Huntsville. Applicants must be full-time students in the UAB Clinical Laboratory Sciences Programs with preference given to those who reside in northern Alabama or who wish to obtain employment as a clinical laboratory scientist at a Huntsville institution. Scholarship awards are an amount equal to 25% of UAB tuition and fees; loan recipients may receive an amount equal to the total of tuition and fees for the duration of the program. The loan is repaid subsequent to graduation; however recipients who are employed as clinical laboratory scientists for one year at a designated Huntsville institution are forgiven the total. Selection is made by a committee comprised of the CCLH representatives and a UAB Clinical Laboratory Sciences faculty member.

**M. May Williams Memorial Endowed Scholarship (Radiography):** The M. May Williams endowment was established in 1993 through gifts from colleagues, family and friends in memory of Ms. Williams, who served as a technologist in the Radiology Department of the original Jefferson-Hillman Hospital and started the School of Radiologic Technology in 1944 for the Hospital. Applicants must be admitted to or enrolled in the professional phase of the Radiography program, maintain satisfactory academic progress and demonstrate financial need. Selection of recipients is made by the Radiography program faculty.

**Elbert and Panzie Purser Scholarship (Surgical Physician Assistant):** The Purser Scholarship was established in 1979 and subsequently endowed in 1983 through a gift from the Elbert. H. Purser Trust. Applicants must be admitted to or enrolled in the UAB Surgical Physician Assistant program and must be natives of the state of Alabama. Selection is made by a committee of the Surgical Physician Assistant program faculty; the number and amount of the annual awards are determined by the committee based upon the availability of funds.

**Earl W. Hall Loan (Surgical Physician Assistant):** Seniors in the Surgical Physician Assistant Program with emergency financial needs are eligible to apply for this low-interest loan. Inquiries should be directed to the Director, Surgical Physician Assistant Program.

**Henry L. Laws Scholarship Loan (Surgical Physician Assistant):** Students with financial need who are enrolled in or accepted for enrollment in the Surgical Physician Assistant Program may apply for this loan. Inquiries should be directed to the Director, Surgical Physician Assistant Program.

**Alabama HIMSS President's Endowed Award in Health Informatics:** The Alabama HIMSS Endowed Award Fund was established in 2004 by a generous gift from the Alabama chapter of the Healthcare Information and Management Systems Society to be awarded annually to recognize and provide financial support to an outstanding senior student enrolled in the UAB Master of Science in Health Informatics program as determined by a committee of the MSHI faculty and the President of Alabama HIMSS or his or her chosen representative.

**Alabama Hospital Association Scholarship (Health Administration):** This scholarship is sponsored annually by a gift from the Alabama Hospital Association for a student admitted to or enrolled in the UAB Master of Science in Health Administration program, based upon criteria established by the Association. Eligible students are identified by the MSHA program faculty; selection is made by the Alabama Hospital Association leadership in consultation with the faculty.

**Robert C. Chapman Endowed Scholarship (Health Administration):** The Robert C. Chapman Endowed Scholarship was established in 2003 through a generous gift from Robert C. (Bob) Chapman, an alumnus of the M.S. in Health Administration program and a long-time supporter and preceptor for the program. Applicants must be enrolled in or admitted to the MSHA program, demonstrate solid academic promise, financial need, leadership potential and high ethical standards. Selection is made by a committee of the MSHA program faculty; the number and amount of the annual awards are determined by the committee based upon the availability of funds.

**Michael E. Garrigan Endowed Scholarship (Health Administration):** The Michael E. Garrigan Endowed Scholarship was established in 2000 by a generous gift from Mike Garrigan, an alumnus of the MSHA program and long-time supporter and preceptor for the program. Applicants must be enrolled in or admitted to the MSHA program and demonstrate solid academic promise as well as financial need. Selection is made by a committee of the MSHA program faculty; the number and amount of the annual awards are determined by the committee based upon the availability of funds.

**HSA 25th Anniversary Endowed Scholarship (Health Administration):** This scholarship endowment was established through generous gifts made by faculty, alumni and friends of the MSHA program given to commemorate the 25th anniversary of the Health Administration program. Applicants must be enrolled in or admitted to the MSHA program and demonstrate solid academic promise as well as financial need. Selection is made by a committee of the MSHA program faculty; the number and amount of the annual awards are determined by the committee based upon the availability of funds.

**Health Services Administration Endowed Scholarship (Health Administration):** This scholarship was established in 2000 through the generosity of an anonymous donor. Applicants must be enrolled in or admitted to the MSHA program and demonstrate solid academic promise as well as financial need. Selection is made by a committee of the MSHA program faculty; the number and amount of the annual awards are determined by the committee based upon the availability of funds.

**The Richard A. Lind Endowed Scholarship Fund (Health Administration) –** This scholarship endowment was established in 2000 by a very generous gift from MSHA alumnus and healthcare entrepreneur Michael E. Stephens in honor of his friend and fellow alumnus, Richard A. Lind. Applicants must be enrolled in or admitted to the MSHA program and demonstrate solid academic promise as well as financial need. Selection is made by a committee of the MSHA program faculty; the number and amount of the annual awards are determined by the committee based upon the availability of funds.

**Medical Group Management Association Endowed Scholarship (Health Administration) -** The MGMA Scholarship Endowment was established in 1987 through gifts from the Medical Group Management Association of Alabama and the MGMA Birmingham Chapter to support students who are committed to entering the profession of medical practice management. Applicants must be residents of the state of Alabama, have completed two terms of study in the MSHA program and demonstrate academic promise as well as an interest in the area of medical group practice management. Selection is made by a committee of the MSHA program faculty in consultation with the immediate past presidents of the Birmingham and Alabama chapters of MGMA; the number and amount of the annual awards are determined by the committee based upon the availability of funds.

**J. Kenneth Roan Memorial Endowed Scholarship (Health Administration):** This scholarship endowment was established in 1985 in memory of J. Kenneth Roan, a native of Decatur, Alabama and a pioneer in the field of psychiatric care facilities. Applicants must be enrolled in or admitted to the MSHA program and demonstrate solid academic promise as well as financial need. Preference is given to students interested in pursuing a career in the administration of mental health facilities. Selection is made by a committee of the MSHA program faculty; the number and amount of the annual awards are determined by the committee based upon the availability of funds.

**Scott Braxton Ryland Memorial Endowed Scholarship (Health Administration):** The Scott Ryland Memorial Scholarship endowment was established in 2004 through gifts made by family, friends and colleagues of Mr. Ryland, an alumnus of the MSHA program and a student in the Administration-Health Services Ph.D. program at the time of his death at age 33. Applicants must be enrolled in or admitted to the MSHA program and demonstrate solid academic promise as well as financial need. Selection is made by a committee of the MSHA program faculty; the number and amount of the annual awards are determined by the committee based upon the availability of funds.

**Jon E. Vice Scholarship (Health Administration):** This scholarship was established in 2005 in honor of MSHA alumnus Jon E. Vice and in recognition of his financial support and volunteer leadership for both the Department of Health Services Administration and the School of Health Professions. The scholarship is funded by a portion of the proceeds from the Health Services Administration 25th Anniversary Scholarship endowment, which was established through a fund-raising drive chaired by Mr. Vice. Applicants must be enrolled in or admitted to the MSHA program and demonstrate solid academic promise as well as financial need. Selection is made by a committee of the MSHA program faculty; the number and amount of the annual awards are determined by the committee based upon the availability of funds.

**Robert J. Zasa Endowed Scholarship (Health Administration)** – The Robert J. Zasa Scholarship endowment was established in 2000 through a generous gift by Mr. Zasa, an alumnus of the MSHA program who has provided long-time support to the program as a student mentor and guest lecturer. Applicants must be enrolled in or admitted to the MSHA program and demonstrate solid academic promise as well as financial need. Selection is made by a committee of the MSHA program faculty; the number and amount of the annual awards are determined by the committee based upon the availability of funds.

**The Alabama Power Service Organization/Glenda Harris Scholarship (Dietetic Internship/Clinical Nutrition):** This scholarship is sponsored by the Alabama Power Service Organization to honor Glenda Harris and to promote educational opportunities to deserving young adults in the Department of Nutrition Sciences. Selection is made by the Clinical Nutrition faculty; the number and amount of the awards are subject to the availability of funds.

**Rebecca L. Bradley Endowed Scholarship (Dietetic Internship):** This scholarship endowment was established in 2005 in honor of Rebecca L. Bradley for her many years of dedicated service as a faculty member and director of the UAB Dietetic Internship program, a position she retained until her retirement in 1998. Applicants must be admitted to or enrolled in the UAB Dietetic Internship Program. Selection is made by the Dietetic Intern program faculty; the number and amount of the awards are determined annually by the faculty based upon the availability of funds.

**Carol Brewster Craig Endowed Scholarship (Dietetic Internship/Clinical Nutrition):** The Carol Brewster Craig Endowed Scholarship was established 1992 by gifts made in honor of Ms. Craig, professor and director of the Division of Human Nutrition and Dietetics until her retirement, to commemorate the occasion of the 25th anniversary of the Dietetic Internship program at UAB. Applicants must be admitted to or enrolled in the professional phase of either the Dietetic Internship or the M.S. Clinical Nutrition degree programs and demonstrate solid academic promise. Selection of the recipients is made by a departmental scholarship committee; the number and amount of the annual awards are determined by the committee based upon the availability of funds.

**Howerde E. Sauberlich Endowed Award for Excellence in Nutrition Sciences Research:** The Sauberlich Award endowment was established in 2003 in memory of Dr. Howerde E. Sauberlich, longtime nutrition sciences faculty member and a pioneer in the study of macro- and micronutrients, through a generous gift from his wife, Irene, along with gifts from other donors. The award is used to recognize and financially support students for superior performance in research of an area of the nutrition sciences. Selection is made by departmental committees for the Clinical Nutrition master's program and the Nutrition Sciences Ph.D. program; the number and amount of the awards are determined by the committees based upon the availability of funds.

**Carroline Amari Endowed Scholarship:** The Carroline "Cat" Amari Endowed Scholarship was established in 2006 in honor of Cat Amari for her many years of service as a faculty member, program director and mentor to many OT students. It is the first endowed scholarship to have been established for Occupational Therapy students at UAB. Selection is made by a committee of the Department of Occupational Therapy faculty; the number and amount of the annual awards are determined by the committee based upon the availability of funds.

**Elizabeth Davis Scholarship (Occupational Therapy)** – The Elizabeth Davis Scholarship is made possible by contributions made by family and friends of Ms. Davis in appreciation for care she received from an occupational therapist. Selection is made by a committee of the Department of Occupational Therapy faculty; the number and amount of the annual awards are determined by the committee based upon the availability of funds.

**Occupational Therapy Memorial Scholarship (Occupational Therapy):** The OT Memorial Scholarship is funded through contributions by alumni, faculty and friends of the program wishing to honor their loved ones. Selection is made by a committee of the Department of Occupational Therapy faculty; the number and amount of the annual awards are determined by the committee based upon the availability of funds.

**Randy Gilner Emergency Loan:** This no interest loan may be awarded to students enrolled in the Physical Therapy Division. Inquiries should be directed to the Physical Therapy Division.

**HEALTHSOUTH Rehabilitation Corporation Endowed Scholarship (Physical Therapy)** – This scholarship endowment was established in 1991 by a gift from HealthSouth Rehabilitation Corporation. Applicants must be Alabama residents, must be enrolled in the first professional degree program in Physical Therapy at UAB and should demonstrate solid academic progress. Selection is made by the Department of Physical Therapy Financial Aid Committee; the number and amount of the annual awards are determined by the committee based upon the availability of funds.

**Shirley Shaddeau Memorial Endowed Scholarship (Physical Therapy)** – The Shirley Shaddeau Memorial Scholarship endowment was established through a generous gift from Sue Shaddeau to honor the memory of her sister, Shirley Shaddeau, and her dedication to the profession of physical therapy. The fund has received additional contributions from family, alumni and friends. Applicants must be enrolled in the first professional degree program in Physical Therapy, demonstrate solid academic promise, financial need and be of high moral character. Selection is made by the Department of Physical Therapy Financial Aid Committee; the number and amount of the annual awards are determined by the committee based upon the availability of funds.

## *School of Nursing*

The School of Nursing at UAB has an excellent scholarship program in which many students participate. Because of the size of some of these scholarship endowments, the school is able to award multiple students scholarships from the same endowed fund. The scholarship application process is simple. One application is needed to be considered for all undergraduate or graduate scholarships except the Marie L. O'Koren Alumni Association Scholarship, Mable E. Lamb Endowed Nursing Scholarship and the Gladys F. Colvin Endowed Scholarship for PhD Study. Please call the School of Nursing Office of Alumni Affairs at 205-934-5483 or visit the website at: <http://www.uab.edu/nursing/development-a-alumni-relations/scholarships-fin-aid/son-scholarships> for complete details regarding eligibility and application deadlines.

*The following is a listing of scholarships at the University of Alabama School of Nursing at UAB.*

**Deans Scholarship:** Four scholarships are available per year to undergraduate students. Three of these scholarships are two-year renewable scholarships and one is for one year only. The amount of the scholarship is \$1,000 per year. Criteria: a "B" (3.0) average on all collegiate pre-nursing work attempted. For renewal of a two-year scholarship, a student must maintain a 2.5 grade point average on nursing courses. All applicants for admission to study leading to the BSN degree at the School of Nursing are automatically considered for the Dean's Scholarship.

**Jo Ann Barnett Endowed Nursing Scholarship:** Established with funds from friends, colleagues and family of the late Jo Ann Barnett (BSN 1987, MSN 1990), this scholarship was created to honor Ms. Barnett's memory and to benefit students in the School of Nursing. Criteria: admission to or current full-time enrollment in the School of Nursing MSN program, with preference given to those students pursuing a career in neonatal nursing or oncology nursing. Applicants must demonstrate financial need as determined by the UAB Office of Financial Aid.

**Board of Visitors Endowed Scholarship:** Established with funds generated by the members of the Board of Visitors of the School of Nursing. Criteria: admission to or current full-time enrollment in study leading to a degree in the School of Nursing at UAB, and a cumulative grade point average of at least 3.0 on a 4.0 scale. Preference will be given to those who are residents of Alabama, and who express a desire to live and work in Alabama following graduation.

**Marie Carter Bonner Scholarship:** Established by friends and associates, this scholarship is a memorial to Mrs. Bonner, who worked as a nurse at UAB Hospital for more than 20 years and served as Director of Psychiatric Nursing. Criteria: admission to or current full-time enrollment in study leading to a degree in the School of Nursing at UAB, and a cumulative grade point average of at least 3.0. Preference will be given to applicants who express an interest in psychiatric-mental health nursing.

**Carolyn Farrior Boone Endowed Nursing Scholarship:** Established with gifts from Mr. and Mrs. James B. Boone, Jr., of Tuscaloosa, Alabama. Mr. Boone is the chairperson of Boone Newspapers, Inc., and Mrs. Boone is a registered nurse and is a member of the School of Nursing's Board of Visitors.

**Rachel Z. Booth Endowed Nursing Scholarship:** Established with funds received from the School of Nursing Board of Visitors 2005 "MASH: Make Another Scholarship Happen" fundraising event. Dr. Booth served as the School of Nursing's third dean from 1987-2005.

**Terri J. Broach Nursing Scholarship:** Established by friends and family members as a memorial to the late Terri J. Broach, who was a student at the University of Alabama School of Nursing at UAB. Criteria: must be a resident of the State of Alabama, be admitted to or enrolled in full-time study leading to the BSN degree in nursing at UAB, and have a cumulative grade point average of 2.5 or above. Preference will be given to those who have an active relationship with a church, synagogue, or other religious institution or order, and those who show financial need as defined by the UAB Financial Aid Office.

**The Brock Family Endowed Nursing Scholarship:** The Harry B. and Jane H. Brock Foundation has made generous gifts to create an endowed scholarship for the School of Nursing, in recognition of the nursing career of their daughter, Barrett Brock MacKay (MSN 1979), who is a member of the School's Board of Visitors. Criteria: admission to or current full-time enrollment in a degree-seeking program in the School of Nursing. Applicants must have at least an overall 2.8 grade point average on a 4.0 scale at the time of the scholarship application. Preference will be given to applicants that demonstrate financial need as determined by the UAB Office of Financial Aid.

**William Groce Campbell Endowed Nursing Scholarship:** Established by Myrtle Campbell Bell in memory of her brother, William Groce Campbell, this scholarship was created to benefit students in the University of Alabama School of Nursing at UAB. Criteria: admission to or current full-time enrollment in a degree-seeking program in the School of Nursing, and a minimum grade point average of a 2.8 on a 4.0 scale.

**The Violet Terrell Clark Nursing Scholarship:** Established by Mr. and Mrs. Steve M. Bates in memory of Jean Clark Bates' mother, Violet Terrell Clark. Criteria: admission to or current full-time enrollment in study leading to a degree at the School of Nursing, and a cumulative grade point average of at least a 3.2 on a 4.0 scale. Preference will be given to applicants who plan to work with underprivileged patient populations upon graduation. The School of Nursing Office of Development and Alumni Affairs announces application deadlines and procedures.

**Gladys Farmer Colvin Memorial Scholarship:** Established with funds from the family of Gladys Farmer Colvin, who was a nurse for many years at the Jefferson County Department of Public Health. Criteria: admission to or current full-time enrollment in the PhD program in the University of Alabama School of Nursing at UAB.

**Comer Nursing Scholarship:** Established with funds received from the Comer Foundation. Criteria: must show financial need as defined by the UAB Financial Aid Office, be a resident of the State of Alabama, have a cumulative grade point average of 3.0 or above, intend to practice nursing in the State of Alabama, and be enrolled full-time in study leading to the BSN degree at the University of Alabama School of Nursing at UAB.

**School of Nursing Dean's Endowed Scholarship:** Established with funds from alumni and friends, this scholarship was created to assist those students whose qualifications are meritorious in the School of Nursing. Criteria: admission to or current full-time enrollment in a degree-seeking program in the School of Nursing. Preference will be given to those that have demonstrated leadership ability and academic promise, by earning at least a 3.5 (on a 4.0 scale) grade point average in coursework prior to the time of application. The School of Nursing Office of Development and Alumni Affairs announces deadline and procedures.

**School of Nursing Faculty and Staff Endowed Scholarship:** Established with funds from School of Nursing Faculty and Staff, this scholarship was established to benefit the training and education of deserving nursing students. Criteria: admission to or current full-time enrollment in a degree-seeking program in the University of Alabama School of Nursing at UAB and an overall 3.5 (on a 4.0 scale) grade point average in coursework completed prior to time of application. The School of Nursing Office of Development and Alumni Affairs announces the application deadline and procedures.

**Francis S. Falkenburg Endowed Nursing Scholarship:** Established with funds from the family of Francis S. Falkenburg, former member of the State Legislature of Alabama and lobbyist for UAB and the Alabama State Nurses Association. Criteria: admission to or current full-time enrollment in the undergraduate program in the School of Nursing and demonstrate financial need as determined by the UAB Office of Financial Aid. The School of Nursing Office of Development and Alumni Affairs announces application deadline and procedures.

**Dr. Charles E. Flowers Jr. Endowed Nursing Scholarship:** Applicant must be enrolled in the School of Nursing at UAB and have an overall 3.0 GPA.

**Dr. Elwynn "Chick" Hale Endowed Nursing Scholarship:** Preference given to Alabama residents who express a desire to work as a nurse in Alabama following graduation. Applicants must have a 3.0 GPA

**Elizabeth Jane Harper Memorial Scholarship:** Must be enrolled as a full time student, be in good standing, and show financial need.

**Mary J. Harwell Nursing Scholarship:** Applicants must have at least a 2.5 GPA. Preference given to residents of Elmore County with Financial Need.

**Florence A. Hixson Nursing Scholarship:** Established by family, friends, and associates in honor of Dr. Florence Alberta Hixson, the first dean of the University of Alabama School of Nursing. Criteria: current full-time enrollment in study leading to an advanced degree at the University of Alabama School of Nursing at UAB and a cumulative grade point average of at least 3.0 on a 4.0 scale.

**Marie S. Ingalls Endowed Nursing Scholarship:** Established by funds from the estate of Marie S. Ingalls, a noted civic leader and philanthropist, who was a member of the School of Nursing's Board of Visitors. Criteria: admission to or current full-time enrollment in a degree-seeking program in the School of Nursing. Applicants must have at least an overall 3.0 grade point average on a 4.0 scale at the time of the scholarship application.

**Fay Belt Ireland Endowed Nursing Scholarship:** Established with funds received from Mrs. William R. Ireland, Sr., to support Alabama students pursuing degrees in nursing at the University of Alabama School of Nursing at UAB. Criteria: applicants must demonstrate financial need as determined by the UAB Office of Financial Aid.

**Jernigan Nursing Scholarship:** Established with funds received from Mr. and Mrs. Thomas E. Jernigan, Sr. Criteria: must have a cumulative grade point average of at least 3.0 on a 4.0 scale, and be eligible to enroll full-time in a junior level clinical nursing course at the University of Alabama School of Nursing at UAB. Preference will be given to those who demonstrate leadership potential or ability through participation in extracurricular activities or similar experiences.

**Margaret Parks Kendrick Nursing Scholarship:** Established by Dr. Marvin Hayne Kendrick as a memorial to his mother, Margaret Parks Kendrick. Criteria: must show financial need as defined by the UAB Financial Aid Office, be admitted to or enrolled in full-time study leading to the BSN degree at the University of Alabama School of Nursing at UAB, and have a cumulative grade point average of at least 3.0 on a 4.0 scale. Preference will be given to residents of Crenshaw County, Alabama.

**Margaret and Bradford Kidd Endowed Nursing Scholarship:** Preference will be given to first year nursing students. Applicants must possess solid academic promise and have earned at least an overall 3.0 grade point average in completed coursework. Applicants should also be deserving of financial assistance.

**Mable E. Lamb Nursing Scholarship:** Established with funds from a planned gift to honor Dr. Lamb's commitment to educating the nurses of the future. Criteria: must have a cumulative grade point average of at least 2.8 on a 4.0 scale, and must demonstrate financial need as determined by the UAB Office of Financial Aid. The School of Nursing Office of Development and Alumni Affairs announces application deadline and procedures.

**James Coleman Lee, Sr., Endowed Nursing Scholarship:** Established by Mr. and Mrs. James C. Lee, Jr., through the Buffalo Rock Company to honor the memory of Mr. Lee's father, James Coleman Lee, Sr., this scholarship was created to encourage students to enter the nursing profession and to make it possible for many future nurses to focus on their studies without the burden of financial pressure. Criteria: admission to Nursing at UAB. Applicants should demonstrate solid academic promise and have earned at least a cumulative 2.8 grade point average on a 4.0 scale in coursework prior to the time of application. Preference will be given to applicants who are deserving of financial assistance as determined by the UAB Office of Financial Aid.

**Jarman F. Lowder Endowed Scholarship in Nursing:** Established by Mr. and Mrs. Thomas H. Lowder to encourage students to enter the nursing profession and to make it possible for many future students in the School of Nursing to focus on their studies without the burden of financial pressures. Mrs. Lowder (BSN 1973) serves on the Board of Visitors for the School of Nursing. Criteria: must be admitted to or enrolled in a full-time degree-seeking program at the School of Nursing, have a cumulative 3.0 grade point average on a 4.0 scale in coursework at the time of application. Applicants will demonstrate high moral character and preference will be given to applicants who are deserving of financial assistance as determined by the UAB Office of Financial Aid.

**Lois Drolet Luckie Nursing Scholarship:** Established in memory of Mrs. Luckie by her husband, Robert Luckie, Jr., and is awarded in honor of Hollie Kemper (BSN 1985), one of Mrs. Luckie's oncology nurses. According to Mr. Luckie, Ms. Kemper constantly "went the extra mile" during Mrs. Luckie's terminal illness, carrying out her duties with great professionalism, cheerfulness and sympathetic skill. Criteria: must be admitted to or enrolled full-time in the School of Nursing, a cumulative grade point average of at least 3.0 on a 4.0 scale. Preference will be given to applicants who express an interest in oncology nursing.

**Luckie Family Endowed Nursing Scholarship:** Established with funds received from Robert Luckie, Jr., to enable deserving nursing students attending the University of Alabama School of Nursing at UAB realize their dream of receiving a quality education. Criteria: admission to or current full-time enrollment in a degree-seeking program in the University of Alabama School of Nursing at UAB, a cumulative grade point average of 2.8 on a 4.0 scale. Preference will be given to students who are citizens of Alabama or who express a desire to work in Alabama following graduation and demonstrate financial need as determined by the UAB Office of Financial Aid.

**Eileen Marie Mahan Endowed Nursing Scholarship:** Established in memory of Eileen Marie Mahan (MSN 1980), who died in an automobile accident. This memorial scholarship is to enable deserving graduate students in the School of Nursing. Criteria: admission to or current full-time enrollment in a degree-seeking graduate program in the University of Alabama School of Nursing at UAB, a cumulative grade point average of 3.0 out of 4.0, and must demonstrate financial need as determined by the UAB Office of Financial Aid.

**Peggy Spain McDonald Endowed Nursing Scholarship:** Established with funds received from Peggy Spain McDonald, a longtime community leader in Birmingham. Criteria: admission to or current full-time enrollment in study leading to a degree at the School of Nursing, a cumulative grade point average of at least a 3.0 on a 4.0 scale, and must demonstrate financial need as determined by the UAB Office of Student Financial Aid. Preference will be given to those who have demonstrated an interest in geriatric nursing.

**Alma B. McMahan Endowed Nursing Scholarship:** Established with funds received from dear friends of Alma McMahan, a member of the School of Nursing Board of Visitors. Mrs. McMahan received her nursing degree later in life and worked for 13 years as a Registered Nurse at St. Vincent's Hospital in Birmingham, with 12 of those years caring for heart patients after they left the intensive care unit. Criteria: admission to or current full-time enrollment in study leading to a degree at the School of Nursing, a cumulative grade point average of at least a 3.0 on a 4.0 scale, and must demonstrate financial need as determined by the UAB Office of Student Financial Aid.

**Mary G. Nash Endowed Nursing Scholarship:** Established by colleagues and friends to pay tribute to Dr. Mary G. Nash and her service to the School of Nursing, University Hospital, and UAB. Criteria: admission to or current full-time enrollment in study leading to a degree at the School of Nursing Preference will be given to applicants who plan to work in Alabama upon graduation. The School of Nursing Office of Development and Alumni Affairs announces application deadlines and procedures.

**Marie L. O'Koren School of Nursing Alumni Association Endowed Scholarship:** Established with funds received from Dr. Marie L. O'Koren and members of the alumni association of the University of Alabama School of Nursing at UAB, in honor of Dr. O'Koren's many years of service as dean of the School. Criteria: admission to or current full-time enrollment in study leading to a degree in nursing at the University of Alabama School of Nursing at UAB, cumulative grade point average of at least a 3.0 on a 4.0 scale, and a demonstrated financial need as determined by the UAB Office of Student Financial Aid.

**Barbara and Emmet O'Neal Endowed Nursing Scholarship:** Established with gifts from friends of Barbara O'Neal and the late Emmet O'Neal. Mr. O'Neal left a legacy as a generous benefactor and supporter of the people of Birmingham, and Mrs. O'Neal is a member of the School of Nursing's Board of Visitors.

**Emmet and Mary Anne O'Neal Endowed Nursing Scholarship:** Established with gifts from family and friends of the late Emmet and Mary Anne O'Neal, who, during their lifetime, set an example of grace and benevolence for their family and for the Birmingham community. Criteria: admission to or current full-time enrollment in study leading to a degree in nursing at the University of Alabama School of Nursing at UAB, cumulative grade point average of at least a 3.0 on a 4.0 scale, and a demonstrated financial need as determined by the UAB Office of Student Financial Aid.

**The Reese Phifer, Jr. Nursing Scholarship:** Established by the Reese Phifer, Jr., Memorial Foundation to support Alabama students pursuing degrees in nursing and to honor the late Mr. Phifer. The scholarship assists Alabama residents who are currently enrolled in, or have been admitted to, the baccalaureate, masters or doctoral degree-seeking program within the University of Alabama School of Nursing at UAB. Criteria: admission to or current full-time enrollment in study leading to a degree in the School of Nursing, a grade point average of at least a 3.0 on a 4.0 scale, and must be a resident of the state of Alabama.

**Delia and John Robert Endowed Nursing Scholarship:** Established with funds from the Delia and John Robert Trust to support students seeking a professional nursing career. Criteria: current full-time enrollment in study leading to a degree in nursing at the University of Alabama School of Nursing at UAB and a cumulative grade point average of at least 3.0. Preference will be given to those for whom the decision to return to school is a second life choice; or who may have pursued a degree in nursing earlier in life and been forced by circumstances to stop that education; or who are returning to school in order to seek an advanced degree in nursing.

**John Wilson Rodgers Memorial Scholarship:** Established by Dr. Marguerite Rodgers Kinney (DIPL 1961), a faculty member at the University of Alabama School of Nursing at UAB, as a memorial to her father. Criteria: good academic standing, current full-time enrollment in study leading to the MSN degree. Preference will be given to applicants who are pursuing, or their program of study shows that they plan to pursue, advanced study in cardiovascular nursing and those who show financial need.

**Benjamin and Roberta Russell Nursing Scholarship:** Established with funds received from the Benjamin and Roberta Russell Foundation. Criteria: admission to or current full-time enrollment in study leading to a degree in nursing at the University of Alabama School of Nursing at UAB, cumulative grade point average of at least a 3.0 on a 4.0 scale, and must demonstrate financial need as determined by the UAB Office of Student Financial Aid. Preference will be given to those who are residents of Alabama or who express a desire to live and work in an underserved area of the state following graduation.

**Rylee/Casper Endowed Nursing Scholarship:** Preference will be given to applicants from Bibb, Chilton, or Perry Counties. Applicants must be residents of Alabama.

**Dr. Paul W. Skobel III and Mary Lou Skobel and William A. Honeycutt and Christine R. Honeycutt Endowed Scholarship:** Established by Mr. and Mrs. Paul S. Skobel in honor and memory of their parents Dr. Paul W. Skobel III and Mary Lou Skobel and William A. Honeycutt and Christine R. Honeycutt. Criteria: must show financial need as defined by the UAB Financial Aid Office, earned at least an overall 3.0 grade point average, and be currently enrolled in, or admitted to a degree-granting program at UAB School of Nursing.

**Ethel M. and Jesse D. Smith Nursing and Allied Health Scholarship:** Established by Dr. Bettye Jane Smith as a memorial to her parents, Ethel McCarty Smith and Jesse Doswell Smith. Criteria: must show financial need as defined by the UAB Financial Aid Office, be an Alabama resident, have a cumulative grade point average of at least a 3.0 on a 4.0 scale, and be admitted to or enrolled in full-time study leading to the BSN degree at the University of Alabama School of Nursing at UAB. Awarded every other year to students in the School of Nursing and the School of Health Professions.

**School of Nursing Faculty and Staff Endowed Scholarship:** Applicants should demonstrate high moral character, as well as the potential for a nursing career that will reflect positively on the nursing profession and on the University. This scholarship is merit-based and applicants are required to have at least a 3.5 GPA.

**SOS Foundation of Jefferson County Scholarship:** Established with funds received from the Sabin Oral Sunday Foundation of Jefferson County. Preference will be given to a Jefferson County, Alabama, resident enrolled full-time in study leading to the BSN degree at the University of Alabama School of Nursing at UAB.

**Dorothy Sterne Nursing Scholarship:** Established with funds received from the Dorothy Sterne estate through the provisions of her will. Preference will be given to Calhoun County, Alabama, residents enrolled full-time in study leading to the BSN degree at the University of Alabama School of Nursing at UAB.

**Student/Alumni Endowed Nursing Scholarship:** Established with funds raised from current and former students, this scholarship was developed by former students who wanted to make a difference in the lives of future students. Every year, former students contribute through the School of Nursing's Annual Fund. Criteria: admission to or current full-time enrollment in study leading to a degree at the School of Nursing, and a cumulative grade point average of at least a 3.0 on a 4.0 scale.

**Thelma Walker Mitchell Endowed Nursing Scholarship:** Established with funds from the estate of Thelma Walker Mitchell, who was a 1941 graduate of the Hillman Hospital School of Nursing at what is now UAB. She made maternal and child health nursing her life's work, including many years as a nursing consultant to the Alabama State Department of Public Health Bureau of Maternal and Child Health in Montgomery.

**Thor-Louck Endowed Scholarship in Nursing:** Established with funds from Isobel H. Thorp and Phyllis M. Loucks, beloved former faculty members of the School of Nursing. Criteria: admission to or current full-time enrollment in study leading to a degree at the School of Nursing, and a cumulative grade point average of at least a 3.0 on a 4.0 scale.

**Martha F. Tilt Endowed Nursing Scholarship** - Established with funds from her three sons, family, and friends with the intent that students will be given a helping hand into a profession through the scholarship and memory of at least one inspirational role model who lived and defined the profession, a lady who gained her rewards in life through befriending, comforting and caring for others. She had the heart of a nurse and shared it freely with everyone she met. Criteria: admission to or current full-time enrollment at the School of Nursing, and a cumulative grade point average of at least a 2.5 on a 4.0 scale. First preference will be given to mature, non-traditional, first-year nursing undergraduate students, as defined by the university, and to those applicants who plan to practice nursing either in a clinical or a hospital setting upon graduation. Preference will be given to applicants who are deserving of financial assistance as determined by the UAB Office of Student Financial Aid.

**Jean Riley Tomlinson Endowed Nursing Scholarship:** Established by Mrs. Tomlinson, longtime member and former chair of the School of Nursing Board of Visitors. This scholarship pays tribute to the nurses and physicians specializing in cardiovascular illnesses who have provided excellent care to her husband, Jack O. Tomlinson, Sr., in recent years. The Tomlinsons intend that this scholarship will make a significant difference for students in need of financial assistance for higher education. Criteria: admission to or current full-time enrollment in study leading to a degree at the School of Nursing, a cumulative grade point average of at least a 3.0 on a 4.0 scale, and must demonstrate financial need as determined by the UAB Office of Financial Aid. Preference will be given to those who have demonstrated an interest in cardiovascular nursing.

**Governors Lurleen B. and George C. Wallace Memorial Fund:** Established by Mr. and Mrs. James T. Parsons to honor Mrs. Parsons' parents, Governor Lurleen Burns Wallace and Governor George Corley Wallace. Gov. Lurleen Wallace respected and admired the work of nurses, and Gov. George Wallace was a strong supporter of UAB and provided significant support through funding and legislation. This fund is used for scholarships and many other worthy purposes within the University of Alabama School of Nursing at UAB.

*Please note that the following sources are outside of the School's Scholarship office. Please contact the programs at the appropriate phone number or address which accompanies each description.*

**Alabama Board of Nursing Scholarships:** Visit the Alabama Board of Nursing Website at <http://www.abn.state.al.us/> for the most up to date information about this funding opportunity.  
**Alabama State Nurses' Association Educational Loan:** Educational loans are available to registered nurses who are members of ASNA and are working to complete advanced

# Progress Toward a Degree

## Responsibilities

The student is responsible for selecting and registering for courses necessary for reasonable progress toward the degree sought. The minimum requirement for reasonable academic progress is that the student must pass a minimum of 24 semester hours of coursework in an academic year.

The Office of Registration and Academic Records is responsible for registration, recording and reporting grades, maintaining current and permanent records on all students, enforcing rules on academic warning; probation and suspension, certifying students for graduation, and issuing transcripts. The office is located in Room 207, Hill University Center, 1400 University Boulevard, Birmingham, Alabama 35294-1150, (205) 934-8222.

Students must notify the Office of Registration and Academic Records of address changes so that notices and other materials are sent to the current address. Changes may be made online in [BlazerNET](#) or in person.

## Terms and Course Offerings

There are three academic terms during a calendar year: fall semester, spring semester, and summer term. The fall and spring semesters each consist of approximately 15 weeks of classes, followed by one week of final examinations. The summer term consists of five sessions, each with its own time and format. The five summer term sessions are as follows: a twelve-week session that runs throughout the summer term; the intensive May session, consisting of the first three weeks of the summer semester; a nine week session, beginning after the May session ends and running until the end of the summer semester; and the summer A and summer B sessions, which are both four and a half weeks long and run back-to-back concurrently with the nine-week session. The courses to be offered during a particular term are listed in the online Class Schedule. Summer/Fall class schedules are available to students in early March; spring semester schedules are available in late October. Early registration in April allows current students to enroll in fall semester classes on a priority basis. To view class schedules go to the following web address: [www.uab.edu/registrar](http://www.uab.edu/registrar).

## Course Enrollment

### Course Numbering System

Course Numbers	Primarily for:
000– 099	developmental courses
100– 199	freshmen
200– 299	sophomores
300– 399	juniors
400– 499	seniors
Courses numbered 500 and above are for graduate students.	

## Undergraduate Students in Graduate Courses

With the approval of their advisor, the undergraduate program director or department chair, and the instructor, UAB undergraduate students may be allowed to register for a graduate course. Credits earned by undergraduate students may be applied to either an undergraduate degree or a graduate degree, but not both. If the student is subsequently admitted to the Graduate School, use of this credit toward a graduate degree requires the approval of the graduate program director and the Graduate School dean. (The Graduate School does not give credit for any grade below a "C".) Credits that have been used toward the baccalaureate degree cannot be used a second time toward a graduate degree.

## Classification of Students

Students are classified as sophomores when they have earned 30 semester hours of credit, juniors when they have earned 60 semester hours of credit, and seniors when they have earned 90 semester hours of credit.

## **Declaration of a Major**

Degree students must declare a major within their first 60 semester hours of course work before registering for additional courses. Students enrolling at UAB for the first time and who already have earned 60 semester hours will have a maximum of two terms within which to declare a major. Conditions for acceptance of a student into a major vary by department and school. Majors should be declared or changed online at <http://blazernet.uab.edu> or by using the official form available from the Office of Registration and Academic Records. Some majors are subject to additional admission requirements and enrollment limitations.

## **Credit Hours and Loads**

The unit of credit at UAB is the semester hour. Course descriptions indicate the number of semester hours that may be earned for a particular course. A standard course load for a full-time student is 15 semester hours of course work in a semester. At least 12 semester hours of course work are required for full-time status. Registration for more than 18 semester hours in a term or more than three semester hours in the May Session requires approval by the dean or the dean's representative of the school in which the student is majoring.

## **Freshman Year Experience**

Students entering UAB with less than 24 hours of college credit must take and pass (with a C or better) a first year experience (FYE) course in their first 24 credit hours at UAB. FYE courses include freshman learning communities, U101, and school-specific FYE courses.

## **Capstone Course**

Freshman students entering UAB in fall 2009 or after, must successfully complete the capstone course or experience required by their major program or school in order to graduate. All students graduating in 2013 or later must complete a capstone requirement.

## **Mandatory Measles Immunization**

All UAB students must have written proof of immunization against rubeola (red measles) in order to register for classes. See page 529 for more information on UAB's official immunization policy.

## **Registration**

A student wishing to attend any of the three academic terms must register for that specific term. A student is eligible to register if he/she has been admitted to UAB, the student's financial records in the Student Accounting Office are clear, and the student is in good academic standing. An early registration period for fall semester will occur every spring immediately before registration for summer term.

A degree student who has not registered for course work over a period of one academic year must reapply for admission to resume study as a degree student. If accepted, the student is subject to the policies of the catalog current at that time.

Registration can be accomplished online through BlazerNET located at <http://blazernet.uab.edu>.

## **Prerequisites for a Course**

Prerequisites are enforced for UAB students. Prerequisites are waived for transient students taking courses at UAB. It is the student's responsibility to ensure that prerequisites for a course are met before registering for the course. Advisors are available to help with this determination. Prior to the end of the designated drop period, the instructor has the prerogative to drop from the course a student who does not meet the prerequisites.

## **First Class Attendance**

An instructor has the prerogative to drop a student from a course if the student is absent without prior notification from the first class of a term. Such action is at the discretion of the instructor, and absence from the first class does not automatically drop the student from the course. If a student wishes to drop or withdraw from the course, the student must follow official drop or withdrawal procedures. A student who misses the first class of a term is responsible for determining his/her status in the class.

## Add/Drop Procedures

Drop/Add deadlines are published in the Academic Calendar available online at [www.uab.edu/registrar](http://www.uab.edu/registrar). In the case of fall and spring semesters, the last day to drop a class without paying full tuition is the eighth calendar day of the term; the last day to add a class is also the eighth calendar day of the term.

It is the student's responsibility to initiate add/drop procedures. Students may drop and add courses online after they have registered and until the drop/add deadline online using BlazerNET available online at <http://blazernet.uab.edu> or in person in the Office of Registration and Academic Records.

Students are required to use the add/drop form and receive an instructor's signature for classes that are filled to capacity. A student beginning the registration process during the late registration period will be assessed a late registration fee of \$25.

## Attendance and Excused Absence Policy

UAB recognizes that the academic success of individual students is related to their class attendance and participation. Each course instructor is responsible for establishing policies concerning class attendance and make-up opportunities. Any such policies, including points for attendance and/or participation, penalties for absences, limits on excused absences, total allowable absences, etc., must be specified in the course syllabus provided to students at the beginning of the course term. Such policies are subject to departmental oversight and may not, by their specific prescriptions, negate or circumvent the accommodations provided below for excused absences.

The University regards certain absences as excused and in those instances requires that instructors provide a reasonable accommodation for the student who misses assignments, presentations, examinations, or other academic work of a substantive nature by virtue of these excused absences. Examples include the following:

- Absences due to jury or military duty, provided that official documentation has been provided to the instructor in a timely manner in advance.
- Absences of students registered with Disabilities Services for disabilities eligible for "a reasonable number of disability-related absences" provided students give their instructors notice of a disability-related absence in advance or as soon as possible.
- Absences due to participation in university-sponsored activities when the student is representing the university in an official capacity and as a critical participant, provided that the procedures below have been followed:
  - Before the end of the add/drop period, students must provide their instructor a schedule of anticipated excused absences in or with a letter explaining the nature of the expected absences from the director of the unit or department sponsoring the activity.
  - If a change in the schedule occurs, students are responsible for providing their instructors with advance written notification from the sponsoring unit or department.
- Absences due to other extenuating circumstances that instructors deem excused. Such classification is at the discretion of the instructor and is predicated upon consistent treatment of all students.
- Absences due to religious observances provided that students give faculty written notice prior to the drop/add deadline of the term.

In these instances, instructors must devise a system for reasonable accommodation including, for example, policies allowing for dropped exams/quizzes, make-up exams, rescheduling of student classroom presentations or early or later submission of written assignments.

## Withdrawing from Courses

To avoid academic penalty, a student must withdraw from a course by the withdrawal deadline shown in the academic calendar and the UAB Class Schedule and receive a grade of W (withdrawn). The withdrawal period ends at approximately 75% of the academic term. Failure to attend class does not constitute a formal drop or withdrawal.

Withdrawal from courses can only be accomplished using official procedures. The official withdrawal must be completed online in BlazerNET or by submitting a completed withdrawal form to the Office of Registration and Academic Records. This office will date stamp the form and return a copy. These documents should be carefully retained by the student. The date printed on the receipt is the official date of withdrawal.

In extraordinary circumstances, if it is impossible for the student to withdraw online or obtain an official withdrawal form, the student may mail a withdrawal letter to the Office of Registration and Academic Records. The official date of withdrawal will be the date the letter is received in this office. If the official date of withdrawal is after the last day to drop without paying, no tuition or fees will be refunded.

For financial aid purposes, the date of last class attendance will be the official date of withdrawal unless otherwise documented. Note that individual schools may have withdrawal rules in addition to the above.

## Exceptions

All students are responsible for adhering to UAB's academic policies, as published in the UAB Undergraduate Catalog and the current UAB Class Schedule. The Provost may make exceptions to policies. Exceptions will only be made in extraordinary circumstances. Only in cases of serious illness, which precludes a student from attending classes, or a call to active military service, can a student qualify under this policy for either administrative or academic withdrawal from courses from that semester. In such instances, students requesting an exception to policy must provide the cause specific documentation in order for the request to be considered.

Requests are evaluated only from written documentation and not through appointments or telephone calls. (Please note that grievances of an academic nature are addressed through the Academic Grievance Policy). Requests for exceptions must be submitted at the earliest possible time. Consideration will not be given to any request submitted later than the term immediately following the term for which the exception is being requested. A full reduction in tuition and associated fees will be made for appropriately documented serious illnesses or military service activation, which preclude a student from continuing his/her studies at UAB. For students receiving refunds, such refunds will first be applied to any outstanding obligations and to any scholarship, grant, or loan the student has received for that term. A student who is receiving any form of Federal Title IV Financial Aid will be liable for any unearned funds received as determined by the Federal Return of Funds Policy (check with Student Accounting Office for details.)

Failure to adhere to the published drop and withdrawal deadlines (as outlines in the UAB Catalog and the UAB Class Schedule) does not qualify under this policy as an Academic Exception.

## Contact

Academic Programs & Policy  
1400 University Blvd.

Birmingham, AL 35294-1150  
(205) 934-5504

## Auditing Courses

As an alternative to full participation in a course, students may audit the course. Auditors do not receive grades and do not usually participate in the examinations; however, instructors have the option of establishing requirements for a satisfactory audit.

Audit is similar to regular enrollment. Students choosing this option must be admitted to UAB; enroll in the course by completing a UAB registration form, indicating "AU" in the column labeled "Sem. Hrs."; obtain the signature of the instructor; and pay the same tuition and fees as regular enrollees. Provided the instructor's requirements are met, the course will appear on the transcript with the notation "AU" and zero semester hours credit. If the requirements are not met, a "W" will be entered on the transcript.

Course registration, withdrawal, and drop policies apply to audited courses. In instances of over-enrollment, preference is given to students taking courses for credit, and auditing students may be dropped. A student is not permitted to change from audit to credit or credit to audit at any time.

## Courses Taken on a Pass/Fail Basis

A degree student who is in good standing may request permission from an instructor to register for a course on a pass/fail basis. The course must be one for which the student is eligible to register and cannot be among those used to satisfy core requirements. The department must approve all courses taken on a pass/fail basis if used to satisfy major and minor requirements. A student must declare the intention to take a course on pass/fail basis by notifying the instructor prior to the first class meeting. It is recommended that students consult their academic advisors prior to taking any course as pass/fail.

Grades awarded for a pass/fail course are "P" (pass) or "F" (fail). A grade of "P" carries full credit for the course, but the course is not counted in calculating the grade point average. At most, twelve semester hours take on a pass/fail basis may be used to satisfy degree requirements (not including courses for which "P" or "F" is the only grade awarded).

## Course Completion

### Final Examinations

The final examination for each course is scheduled for a period during finals week. This cannot be changed without the approval of the appropriate dean. A student with three or more exams scheduled in one day or two exams scheduled during the same final exam period may request to have one exam rescheduled by mutual agreement between student and instructor. The student's request to the instructor should include appropriate written documentation of his/her schedule and should be provided to the instructor at least 14 calendar days prior to the last day of classes. Faculty are encouraged to work collaboratively with students and other faculty when such situations arise. Faculty reserve the right to administer an alternate examination at the rescheduled time.

## Grading Policies and Practices

### Grade Report

Final grades of all students are recorded and posted to their transcripts. In determining these final grades, the faculty may consider such things as grades received in daily recitations, written work, laboratory work, tests, and final examinations. Grade reports are available online and upon request.

### Grades Assigned by the Faculty

**A (superior achievement)**

**B (above average)**

**C (average)**

**D (minimally adequate)**

**F (failing)**

**P (passing)** Applicable only to a course taken on a pass/fail basis.

**I (incomplete)** is a temporary notation which is assigned at the discretion of the instructor, and only if the following three conditions are met.

- The student, for nonacademic reasons beyond his or her control, is unable to complete course requirements.
- The student is according to the instructor's assessment, currently passing or has demonstrated the potential for passing the course.
- The student has made arrangements with the instructor, prior to the grade submission deadline, for completing the course requirements.

It is the responsibility of the student receiving an Incomplete to arrange with the instructor whatever action is needed to remove the Incomplete at the earliest possible date. If make-up work requires classroom attendance in a subsequent term, the student must register for the course as an auditor (with the instructor's permission) and must pay tuition and associated fees.

An Incomplete will not be calculated in the student's grade point average for the term in which the notation appears. However, an Incomplete that is not changed by the Instructor by the grade submission deadline of the next semester automatically converts to an F. A notation of Incomplete may not be used to meet a prerequisite requirement. A student cannot graduate with an Incomplete notation on his or her academic record.

**MT (Multi-term)** is a temporary notation which may be assigned in departmentally approved courses, including theses, practica, and internships, if work cannot be completed within one semester. A notation of MT will not be calculated in the student's grade point average for the term in which the notation appears. However, an MT notation that is not changed by the instructor by the grade submission deadline of the next semester automatically converts to an F. A student cannot graduate with an MT notation on his or her academic record.

### Notations Assigned by the Office of Registration and Academic Records

**W (withdrawn)** A notation assigned by the Office of Registration and Academic Records reflecting an administrative action initiated by the student in accordance with regulations governing withdrawal from courses. "W" (withdrawn) may not be assigned by the instructor.

**N (no grade submitted)** A temporary notation made by the Office of Registration and Academic Records if no grade (A, B, C, D, F, I, or P) is assigned the student by the course instructor. This notation is used only when the Office of Registration and Academic Records is unable to obtain a grade from the instructor prior to the issuing of grade reports or when the course is designed to extend beyond a single term. It remains the instructor's responsibility to assign a permanent grade. If the instructor has not submitted a grade by the end of the following term, the "N" (no grade submitted) is changed automatically to an "F" (failing) by the Office of Registration and Academic Records. The notation "N" cannot be extended.

## Academic Honors

UAB compiles and publishes an honor roll at the close of each regular term. Only UAB work is considered. To be eligible for the Presidential Honors List, students must be registered for and complete at least 12 semester hours of credit and have a 4.0 grade point average for the term. Students who register for and complete at least 12 semester hours of credit and who attain a grade point average of at least 3.6 are included in the Dean's List for the term. Superior scholastic achievement may be further recognized by election to membership in appropriate national honorary societies. For the requirements for graduation with honors, see page 102.

## Grade Change Policy

Final grades for an I (Incomplete) or an MT (Multi-term) should be submitted no later than the grade submission deadline of the semester after the notation was originally awarded; Incomplete and Multi-term notations not changed by that time will convert to Fs. Grade submissions for an I or an MT must be submitted to the Office of Registration and Academic Records with a Grade Submission Form signed by the instructor of record. In general, end-of-course grades submitted to the Office of Registration and Academic Records are final and are not subject to change by reason of revision of the teacher's judgment; nor are submitted grades to be revised on the basis of a second trial (e.g., a new examination or additional work undertaken or completed). Grade changes submitted in order to correct an error in computation or transcription must be made within two semesters after the grades were originally submitted. These grade changes must be submitted on a Grade Change Form and require the teacher's signed statement as to the reason for the change, the approval of the department head, and the approval of the dean of the school in which the course is taught.

## Transfer Credits

Collegiate coursework earned at postsecondary institutions that are fully accredited (or in candidacy status) by regional accrediting associations will transfer to UAB and may be applied toward the fulfillment of degree requirements. Coursework earned at institutions not meeting this criterion will be evaluated on a case-by-case basis upon request through the Office of Academic Programs and Policy.

## Study Away Grading Policy

**Auditing:** Auditing of any UAB Study Away approved classes/courses/programs will not be permitted. This policy has been put into effect to ensure full participation by all students on such approved programs. This policy includes faculty-led, 3rd party, and reciprocal exchange programs.

**Grade Assignment and Posting of Study Away Grades to the UAB Transcript:** For those programs in which a UAB faculty member is teaching a class, the faculty member/instructor will assign the final grade as is normally done for any regular UAB class taught on campus. See the Grading Policies and Practices section of the UAB Catalog of Undergraduate Programs. In most cases letter grades shall be assigned. Assignment of a pass/fail grade will be left to the discretion of the faculty leader/instructor of the course and will be determined on a case-by-case basis.

In all cases, students must participate fully in all course activities and meet all stated course requirements. In cases where a student is receiving final grade evaluation from a foreign institution, UAB will honor the U.S. equivalent of the final grade that is assigned by that host institution and posted to the official transcript of said host institution. If a foreign institution assigns a pass/fail grade on the official host institution transcript, then the UAB transcript will reflect such a pass/fail final grade.

**Grade Assignment and Posting of National Student Exchange or the Washington Center Grades to the UAB Transcript:** UAB students participating in these programs are subject to the grading policies of the host institution. Assignment of grades will be left to the discretion of the host university instructors of the students' courses.

In all cases, students must participate fully in all course activities and meet all course requirements. In cases where a student is receiving final grade evaluation from a foreign institution, UAB will honor the U.S. equivalent of the final grade that is assigned by that host institution and posted to the official transcript of said host institution. If a foreign institution assigns a pass/fail grade on the official host institution transcript, then the UAB transcript will reflect such a pass/fail final grade.

## Course Repeat

Any course taken at UAB may be repeated at UAB; however, students should be aware that course repeats might not be looked upon favorably by some employers and professional schools. Courses are normally repeated to achieve a passing grade or an improved understanding of the course content. Students are encouraged to seek advice of an academic advisor before repeating courses.

For courses repeated at UAB, both the original grade and the repeated grade(s) will show on the student's transcript. Further both grades will be calculated in the student's grade point average (GPA) unless the forgiveness policy is applied.

Academic departments and schools may have additional provisions regarding repeat courses and the calculation of GPA.

It is the student's responsibility to notify the Office of Registration and Academic Records of a repeated grade, since recognition of a repeated grade is not automatic.

## University Forgiveness Policy

UAB offers the undergraduate student a forgiveness option by which courses taken at UAB may be repeated at UAB, and the grade for the first course will be excluded from the calculation of his/her grade point average (GPA). Only courses for which the student has received a grade of C, D, or F may be repeated under this option. The forgiveness policy may be used a maximum of four (4) times, only once for any course, which allows a student to use the forgiveness for four different courses. The transcript will show both the original grade and the course repeat grade, but only the grade points and credit hours earned in the repeated courses will be counted toward degree completion and averaged into the student's GPA. Once a course grade is declared forgiven, the decision is irrevocable. (The forgiveness policy can be invoked at any time for a repeated course; however, all forgiveness requests must be made prior to application for degree). It is the student's responsibility to notify the Office of Registration and Academic Records of his/her applying the forgiveness policy to a repeated course. The process is not automatic.

The Forgiveness Policy can only be applied to grades earned at UAB. Forgiveness forms are available online at [www.uab.edu/registrar](http://www.uab.edu/registrar) and also in the Office of Registration and Academic Records.

Note that individual schools may have course repeat and forgiveness policy rules in addition to the above.

## Courses Taken as a Transient Student

To take a course at another institution while enrolled as a degree-seeking student at UAB, a student must submit a Transient Student Request form to the UAB Office of Registration and Academic Records prior to enrolling in the course. The request must be approved (1) by the student's academic advisor to assure the course is transferable and will be applicable toward a degree at UAB and (2) by the Office of Registration and Academic Records to indicate the student is in good standing (i.e., has a minimum 2.0 GPA at UAB). Approval to take coursework at another institution as a transient may be granted for one term. However, subsequent transient requests may be filed.

A student will not be approved to take a course as a transient if the equivalent course or its UAB prerequisite has been attempted but not successfully completed at UAB. Any course taken at another institution by a degree-seeking UAB student without prior approval and a Transient Student Request form on file may not be approved for credit at UAB. Transient student request forms are available online at [www.uab.edu/registrar](http://www.uab.edu/registrar)

## Cooperative Exchange Programs

### Birmingham Area Consortium for Higher Education (BACHE)

UAB, Birmingham-Southern College, Miles College, the University of Montevallo, and Samford University have established the Birmingham Area Consortium for Higher Education (BACHE) to expand educational opportunities for their students. Please visit the web site <http://www.bache.app.uab.edu/> for more information on BACHE.

### The University of Alabama System

UAB students may also enroll in courses at the University of Alabama and the University of Alabama in Huntsville through the University of Alabama System Cooperative Exchange Program. Any full-time, degree-seeking UAB student who is in good academic standing may, with written permission from his/her academic advisor and dean, and at no additional charge, take a course at another cooperative exchange institution if it is not offered at UAB and it is deemed to be beneficial to the student's overall educational program. All courses eligible to be taken through the cooperative exchange programs must be articulated by UAB prior to the student's registration. Credit for work completed under the cooperative programs will be posted on the student's record as UAB credit.

### National Student Exchange (NSE)

The National Student Exchange (NSE) is a consortium of 190 member colleges and universities in the U.S., Canada, and Puerto Rico. UAB was accepted as a member in July, 2007. Once these study away courses have been approved by the UAB Office for Study Away Director and by the student's academic advisor, chair of the department in which an equivalent course would be offered and the chair of the department responsible for the student's major; and upon successful completion of said program and receipt of the official transcript from the host institution, course grades and credits will be treated as UAB Credit and will be posted as follows:

NSE 100-199 SA Level I Special Topics	NSE 400-499 SA Level IV Special Topics
NSE 200-299 SA Level II Special Topics	NSE 500-599 SA Grad Level I Special Topics
NSE 300-399 SA Level III Special Topics	NSE 600-699 SA Grad Level II Special Topics

**NOTE:** *NSE course prefixes will also be designated with the letter A or B (NSEA or NSEB) to indicate the enrollment/payment method chosen by each student. A (0 tuition/fee hours) indicates that students pay tuition and fees to host institution and B (0 to 18 tuition/fee hours) indicates that students pay tuition and fees to UAB.*

## Alternative Credit Opportunities

In some instances academic credit may be awarded for work done in a format other than a college course. Credits earned in this way are recorded on the transcript with a grade of P. Such credits may not be used in repeating a course and may not be awarded for work equivalent to a course that is a prerequisite to a course already taken for credit. No more than 45 semester hours of alternative credit may be applied toward a degree. For more information on the following opportunities for alternative credit, testing schedules, fees and study guide information contact the Office of Academic Programs and Policy, Room 470, Hill University Center. See [www.uab.edu/testing](http://www.uab.edu/testing) or call (205) 937-5503.

### Opportunities for earning credit outside the normal course format include:

**1. Advanced Placement (AP):** The amount of credit awarded and the examination score required are stated in the current policy. To determine which tests are eligible for UAB credit please visit <http://main.uab.edu/show.asp?durki=51823>.

**2. College Level Examination Program (CLEP):** The CLEP General Examination must be taken before 15 semester hours of college work have been completed. The subject-area examinations are assigned credit as listed in the UAB CLEP Policy statement. To determine which tests are eligible for UAB credit please visit <http://main.uab.edu/show.asp?durki=44684>.

**3. International Baccalaureate Credit (IB):** Academic credit may be awarded for scores of five or higher on IB higher-level examinations. No credit is awarded for subsidiary-level examinations. To determine which tests are eligible for UAB credit please visit <http://main.uab.edu/show.asp?durki=68894>

**4. Credit by Examination (CBE):** A degree-seeking student may petition to obtain credit for a course by taking an examination; however, not all programs will accept CBE. It is the student's responsibility to verify the applicability of CBE courses for major/minor requirements. The relevant department must agree to create and grade the examination. If a student takes CBE in a course that he/she has already taken for credit, the grade for CBE will not replace the grade for the previous course. The fee for CBE is based on the current rate of tuition according to level (undergraduate/graduate) and residency status.

**5. Credit by Portfolio (CBP):** A degree-seeking student may petition to receive credit for a course on the basis of a portfolio of information documenting knowledge of the course material. The chair of the appropriate department and dean of the school make the final decision on acceptability of the materials for credit. The fee for CBP is based on the current rate of tuition according to level (undergraduate/graduate) and residency status.

**6. Non-collegiate Courses:** Credit may be awarded for non-collegiate courses in accordance with American Council on Education recommendations and approval of the appropriate department chair and dean.

**7. Credit for Military Experiences:** UAB evaluates military service and educational experiences completed by active-duty military service and Coast Guard personnel. UAB is an institutional member of Service Members' Opportunity Colleges.

**8. Dante's Subject Standardized Tests (DSST):** The DSST, prepared by the Chauncey Group, is a nationally recognized credit by examination program that awards college credit for courses taken by examination. DSST Examinations are scheduled individually, by appointment.

## Cumulative Credits and Grade Point Average

The official determination of "credit hours earned," "credit hours attempted," and "grade point average" are made only by the Office of Registration and Academic Records. The following sections indicate how these figures are calculated. Transfer work and courses taken at UAB are treated on the same basis. Developmental courses are not included in calculations of credit hours earned, credit hours attempted, or grade point average.

### Credit Hours Earned

The student's "credit hours earned" are increased by:

1. earning a passing grade (D or better) in a course for which the student was registered for credit,
2. obtaining the "Pass" grade in a course taken on a pass/fail basis, or
3. obtaining the "Pass" grade for alternative credit.

### Credit Hours Attempted

The student's "credit hours attempted" are increased by:

1. receiving an A, B, C, D, or F in a course for which the student was registered for credit, or
2. receiving the "Fail" grade in a course taken on a pass/fail basis.

### Grade Points

Four quality grade points are awarded for each semester hour for which the student received an A grade; three quality grade points are awarded for each semester hour in which a B is obtained; two quality grade points are awarded for each semester hour in which a C is obtained; and one quality grade point is awarded for each semester hour in which a D is obtained. No quality grade points are awarded for an F.

### Grade Point Average

The grade point average is determined by taking the grade points obtained and dividing by the credit hours attempted (not credit hours earned). The UAB grade point average is determined using only work attempted at UAB. The higher education grade point average is determined by calculating all college work attempted.

## The New Start Option

The New Start Option serves the student who previously accumulated a poor academic record, but who has recently demonstrated the ability to succeed in college-level work at UAB. The option enables the student to eliminate from the grade point calculation all grades and credit hours earned prior to the date of the New Start and begin anew with work from that point forward. To be eligible, a student must not have been enrolled in an academic institution for at least five (5) consecutive calendar years. The policy does not apply to college graduates or to admission policies in the Schools of Nursing, Health Professions, or Education (Teacher Education Program).

To apply for the New Start Option, the student must obtain the written approval of an academic advisor. The application must be filed with the Office of Academic Programs and Policy prior to graduation and must specify a date, called the New Start date, prior to which all grades and notations are voided.

### **The application will not be considered until the following are met:**

1. the student's transcript contains at least 24 semester hours of course work applicable to a degree (i.e. hours earned, but not necessarily to a particular major) at UAB, posted after the requested New Start date;
2. the Higher Education GPA on all work taken after the requested New Start date, as well as the UAB GPA, must be at least 2.0.

### **Policies governing the New Start Option are as follows:**

1. Upon approval of the application, all grades (including passing grades) and notations listed on the transcript prior to the New Start date are placed in a separate listing on the transcript and are voided for purposes of satisfying UAB degree requirements and computing GPA. The transcript carries the notation: "Approved for New Start (date); work prior to this date is not calculated in GPA or applied toward a degree."
2. All work completed after the New Start date is counted toward completion of a degree, in accordance with policies of the catalog in effect at the New Start date. The transcript will be re-evaluated from the New Start date. The forgiveness policy applies only to courses taken after the New Start date.
3. A course completed before the New Start date, and which is a prerequisite for a course to be taken later, must be taken again even if successfully completed before the New Start date, unless explicit exception is made by the chair of the department in which the course is taught.
4. The student may employ alternative credit to replace some voided courses taken prior to the New Start date.
5. A student may not use the New Start Option to graduate with honors.
6. The New Start Option may be granted only once during the student's academic career at UAB and is irrevocable.

## Academic Warning, Probation, and Suspension

### **Academic Warning**

A first-term freshman (a student with no previous college credit, except through dual enrollment) will be placed on academic warning if a 2.00 grade point average is not earned during the first term of enrollment. The freshman must meet with his/her academic advisor before the next registration period. If the second term's UAB grade point average is not 2.00 or higher, then the freshman will be placed on academic probation.

### **Academic Probation**

A student (other than a first-term freshman) will be placed on academic probation if his/her UAB grade point average falls below 2.00 and will be required to meet with his/her academic advisor before the next registration period. At this meeting, the student and advisor will agree on a plan of action that will best help the student with his/her academic progress (e.g., courses to take or repeat, supplemental instruction, reduced credit hour load, basic skills seminars, etc.). The Academic Plan will be monitored by the student's academic advisor throughout the probationary period. The student will have a maximum of 24 semester hours to achieve a UAB grade point average of 2.00 or better to clear academic probation.

## Academic Suspension

If a student does not clear probation (achieve a UAB grade point average of 2.00 or better by the completion of 24 additional semester hours,) the student will be placed on suspension for one term. When returning from the one-term suspension, the student must meet with his/her academic advisor to be reinstated prior to registering for classes. The student will be reinstated on academic probation and must achieve a 2.00 or higher grade point average each term until the UAB grade point average is at least 2.00. The student must achieve a UAB grade point average of at least 2.00 to have the academic probation removed.

After a one-term suspension, a student will be placed on a one-year suspension when both the term grade point average and the UAB grade point average are less than 2.00.

Students wishing to return to UAB after a one-year suspension must submit an application for readmission and a letter of appeal for readmission to the Office of Undergraduate Admission. The deadline for a student to submit an application and letter of appeal for readmission will be eight weeks prior to the date of intended enrollment. By this deadline, an applicant must have submitted any attending documentation to support the appeal.

If readmitted to UAB after a one-year suspension, the student will be admitted under probation and must achieve a 2.00 grade point average each term until the UAB grade point average is at least a 2.00. If both the term grade point average and the UAB grade point average fall below 2.00, the student will be placed on suspension for one year.

Credits earned while on academic suspension from UAB or another institution may be eligible for transfer. However, the UAB Forgiveness Policy can only be applied to grades earned at UAB.

Note that individual schools may have probation and/or suspension rules in addition to the above.

All notations of academic warning, probation or suspension are a permanent part of a student's transcript.

### Appeal of a One-Term Academic Suspension

Students are academically suspended from the UAB for one term. During this time frame the student is not allowed to register for classes until the end of the suspension period. If a student appeals successfully, he or she will be immediately eligible for readmission.

#### **The procedure for a student to appeal an academic suspension decision is as follows:**

- A. The suspended student must present a petition describing the extraordinary personal circumstances that contributed to his or her academic deficiencies. Such events must be highly unusual such as the death of an immediate relative, a serious illness, severe financial distress, or personal crisis. Each individual wishing to appeal an academic suspension is required to submit a petition outlining the reasons for the applicant's previous academic problems and how the applicant plans to correct the problems. Each petition must be accompanied by appropriate documentation relative to the need for additional consideration and/or substantiating the extenuating circumstances related to the appeal. The student petition should be received in the Office of Academic Programs and Policy no later than five working days prior to the beginning of the desired semester of entry. The suspension appeal documentation will be forwarded to the Suspension Appeals Committee.
- B. The Suspension Appeals Committee is composed of four members (two faculty members appointed by the Provost's designee, one student designated by the Student Government Association, one representative from the Office of Academic Programs and Policy, and one representative from the University Registrar's Office) who will review all petitions.
- C. Should the suspension appeals committee determine that indeed an extraordinary personal event contributed significantly to the student's academic deficiencies, and there is evidence of an adequate plan to address these extraordinary circumstances, they will recommend that the student be reinstated on academic probation. The student must maintain a minimum 2.0 grade point average or reach the retention standards each semester he or she remains in this status. The decision of the suspension appeals committee is final.

The Office of Academic Programs and Policy is the administrative unit responsible for the academic suspension appeals process. This unit is responsible for coordinating the appeals process, maintaining the official records and producing annual reports.

## Transcripts

Transcripts may be requested online ([www.uab.edu/registrar](http://www.uab.edu/registrar)) or by completion of a request form available in the Office of Registration and Academic Records.

Upon request by the student, the Office of Registration and Academic Records will send an official transcript directly to the recipient designated by the student. Official transcripts will not be issued to the student; however, an unofficial transcript may be issued to the student. There is a \$5.00 charge for each transcript. Transcript requests will be honored only for students whose financial accounts with UAB are clear, including payment of charges for the current term.

## School, Major, or Address Changes

Changes or corrections to a student's address, telephone number, school, or major can be made online at [www.uab.edu/registrar](http://www.uab.edu/registrar) or in person at the Office of Registration and Academic Records, Room 207, Hill University Center, 1400 University Boulevard, Birmingham, Alabama 35294-1150.

## Conduct and Complaints

### Student Conduct

The university expects mature and honorable behavior from every student and reserves the right to take appropriate disciplinary action when such behavior is not forthcoming.

### Academic Conduct

All UAB students are expected to be familiar with the UAB Academic Honor Code as well as any honor codes that are specific to their schools or disciplines.

The code represents a commitment to integrity in the academic community and a respect for an individual's educational endeavors:

*I have read and, by choosing to become a member of the UAB academic community, accept the UAB Academic Honor Code. I understand that violation of this code will result in penalties as severe as expulsion from the university. I promise and confirm that I will not, at any time and under any circumstances, involve myself with abetting, cheating, plagiarism, fabrication, or misrepresentation while enrolled as a student at the University of Alabama at Birmingham.*

### The UAB Academic Honor Code

UAB expects all members of its academic community to function according to the highest ethical and professional standards. Students, faculty, and the administration of the institution must be involved to ensure this quality of academic conduct. Academic misconduct undermines the purpose of education. Such behavior is a serious violation of the trust that must exist among faculty and students for a university to nurture intellectual growth and development. Academic misconduct can generally be defined as all acts of dishonesty in an academic or related matter.

Academic dishonesty includes, but is not limited to, the following categories of behavior:

**ABETTING** is helping another student commit an act of academic dishonesty. Allowing someone to copy your quiz answers or use your work as their own are examples of abetting.

**CHEATING** is the unauthorized use or attempted use of unauthorized materials, information, study aids, the work of others, or computer-related information.

**PLAGIARISM** means claiming as your own the ideas, words, data, computer programs, creative compositions, artwork, etc., done by someone else. Examples include improper citation of referenced works, the use of commercially available scholarly papers, failure to cite sources, or copying another person's ideas.

**FABRICATION** means presenting falsified data, citations, or quotations as genuine.

**MISREPRESENTATION** is falsification, alteration, or the misstatement of the contents of documents, academic work, or other materials related to academic matters, including work substantially done for one class as work done for another without receiving prior approval from the instructor.

Violations of the UAB Academic Honor Code are punishable by a range of penalties, from receiving a failing grade on an assignment to an F in the course to dismissal. Any course grade of F for academic misconduct supersedes any other grade or notation for that class. Withdrawal from a course while a possible violation of the Academic Honor Code is under review will not preclude the assignment of a course grade that appropriately reflects the student's performance prior to withdrawal if the violation is substantiated.

### **Procedure for Suspected Violation**

In the event of a suspected violation of the Academic Honor Code, UAB follows this procedure:

1. Upon reaching the conclusion that academic dishonesty may have occurred and that action is warranted, the instructor should inform the student of the charge as soon as possible. The student has the right to hear the instructor's reasons for making the charge, to inspect all relevant evidence in the instructor's possession, and to respond to the charge. Based on the student's response and all the evidence, the instructor will determine if a penalty is appropriate. If a penalty is deemed appropriate, the instructor will inform the student of the action to be taken. If the student is not in agreement with the findings or the penalty, the instructor will provide the student with a written statement of the action taken and the basis for it. A copy of this letter will be sent to the chair of the department.
2. Within two weeks of this notification of a judgment of academic dishonesty, the student may appeal the instructor's decision by letter to the chair of the department or his/her designated representative. The chair, acting expeditiously, should take testimony from the student, the instructor, and all appropriate witnesses and make a decision. If the chair reverses the finding of academic misconduct, the instructor must reexamine the work in question and assign credit without prejudice. In the event that the chair is the instructor in the course, the dean will replace the chair in the appeal process.
3. In cases where a grade of F is assigned in the course and the student has utilized the appeal process described above (in section 2), the student has two weeks to appeal the decision by letter to the dean of the school responsible for the course. The dean should acknowledge receipt of the student's appeal and inform the student of the course of action within 10 working days of the date the appeal is received in the dean's office. At the dean's discretion, an advisory panel may be appointed to study the appeal and make a recommendation to the dean. However, it is the responsibility and prerogative of the dean alone to make, in a timely manner, the final decision. The decision of the dean is final.
4. In cases where the final decision concerning an academic misconduct charge is an F for the course, a letter to this effect will be sent to the Office of the Associate Provost for Undergraduate Programs and be kept on file. The course repeat policy will not apply to course grades resulting from instances of academic misconduct. In these cases, the grades of F received will be computed in the UAB grade point average.

A student who has received the grade of F for two instances of academic misconduct will be expelled from the university. Under certain circumstances, a student may be expelled on the first offense. The student will be duly informed of the pending expulsion and will be provided the opportunity to be heard. The student has two weeks after notification to request in writing a hearing with the Associate Provost for Undergraduate Programs. Students expelled from UAB for academic misconduct will have that noted on their transcripts.

In addition, students should consult the policies of the school/program in which they are enrolled to determine school/program guidelines and penalties regarding academic misconduct and suspension for academic misconduct. Schools that suspend a student on the first offense may post this offense on the student's UAB academic record.

A student suspended from a UAB school for academic misconduct will have a hold placed on his/her registration and will not be permitted to enroll in another UAB school without that school's permission. Some UAB programs have policies preventing enrollment of students with past academic misconduct offenses.

Note that individual schools may have academic misconduct rules in addition to the above.

### **Non-academic Conduct**

The university is a community of scholars and learners; therefore, all participants are expected to maintain conduct which (1) facilitates the institution's pursuit of its educational objectives, (2) exhibits a regard for the rights of other members of the academic community, and (3) provides safety to property and persons. Through appropriate due process procedures, disciplinary action will be taken in response to conduct that violates these principles. A more detailed description of non-academic misconduct can be found in the student handbook, *Direction*, available online [http://www.uab.edu/images/stuaff/pdf/Direction\\_Handbook2007-09.pdf](http://www.uab.edu/images/stuaff/pdf/Direction_Handbook2007-09.pdf). It is the student's responsibility to be fully aware of the policies and procedures described in *Direction*. The Vice President for Student Affairs has the responsibility for coordinating policies and procedures regarding students' non-academic misconduct.

## **Student Complaints**

### **Academic Matters**

Judgments on academic matters are most appropriately made by individuals with expertise in the particular academic discipline involved. For this reason, complaints by students on academic matters are the responsibility of the department and school involved. Normally, such complaints can be resolved quickly through discussion with the faculty directly involved. In rare situations where such resolution does not occur, the student should contact the chair of the appropriate academic department to file a formal grievance. The student's grievance should be submitted in writing and accompanied by any appropriate documentation. Grievances should be submitted at the earliest possible time. Consideration will not be given to any grievance submitted later than the end of the term immediately following the term in which the matter in question arose. The department should acknowledge the date the grievance is received and provide notice to the student of when an answer may be expected. It is the responsibility of the department chair to provide an answer to the student within 10 working days. If the matter cannot be settled within the department, the student has 10 working days from the day the department's response is received to appeal to the dean of the school in which the department is located. The dean should acknowledge receipt of the student's appeal and inform the student of the course of action within 10 working days of the date the appeal is received in the dean's office. At the dean's discretion, an advisory panel may be appointed to study the disagreement and make a recommendation to the dean. However, it is the responsibility and prerogative of the dean alone to make, in a timely manner, a decision on any academic disputes which have not been resolved at lower levels, and the decision of the dean is final.

### **Non-academic Matters**

When complaints on non-academic matters cannot be settled by the persons directly involved, a written complaint should be forwarded to the appropriate office. If the administrative officer is unsuccessful in resolving the complaint, it may then be forwarded in writing to the Provost or a designee for further consideration. For specific information concerning the procedures and processes for non-academic complaints and grievances, contact the Judicial Officer, Room 101, Hill University Center, 1400 University Boulevard, Birmingham, Alabama 35294-1150.

**For complete Non-Academic Policy see page 527 of this catalog.**

# Completion of a Degree

## Requirements

### Baccalaureate Degrees

Requirements for the baccalaureate degree at UAB include at least 120 semester hours of appropriately distributed courses, a UAB GPA of 2.00, a 2.00 GPA on all college work attempted (Higher Education grade point average), and satisfaction of the Core Curriculum, major, minor (if required), and residency requirements, along with all other criteria specified by the school or department governing the major.

Students are subject to the catalog policies in effect at the time of their most recent admission as a degree student, with the following exceptions. Seven years after the date of their first enrollment as a degree student, policies of the catalog currently in effect become applicable. The student who is not enrolled at UAB for 12 consecutive months must meet the requirements of the catalog in effect at the time of re-enrollment. For courses required for the major or minor, the administering department(s) may establish written policies for the re-certification of courses taken more than seven years previously.

### Residency

At least 25 percent of the total semester hours required for graduation, including at least 21 of the last 30, must be taken at UAB. Courses taken as alternative credit or as a non-degree student (excluding post-baccalaureate students) may not be used to satisfy the residency requirement. A minimum of nine semester hours required for the major (at or above the 400 level) must be completed at UAB. Individual departments may have additional requirements.

### Total Credits and Averages

The minimum total credit hours required for a baccalaureate degree is 120 semester hours. The student must have a higher education grade point average of at least 2.00(C) in all credit hours attempted at all institutions including UAB and an average of at least 2.00(C) in all credit hours attempted at UAB.

### Distribution of Credits

In addition to the overall requirements mentioned above, there are important requirements for the distribution of credits. All programs of study leading to the baccalaureate degree have as an essential component a common Core Curriculum. Students majoring in the Schools of Business, Education, Engineering, Nursing, and Health Professions satisfy Core Curriculum requirements in addition to specific school requirements and requirements in their chosen major. In the College of Arts and Sciences students meet (1) Core Curriculum requirements, (2) college-wide arts and sciences requirements, (3) requirements for a major specialization, and (4) any requirements for a minor specialization or concentration, if required. The Core Curriculum is described fully beginning on page 107.

### Major

The available majors are shown in the list beginning on page 22. Requirements for these majors vary and can be found in the sections of this catalog on the specific academic unit responsible for the major. A minimum C average in the major is required for graduation. Furthermore, the academic unit responsible for the major may require the student to repeat, or otherwise compensate for, any course required for the major in which a grade below C was earned. Majors should be declared or changed online at [www.uab.edu/registrar](http://www.uab.edu/registrar). Some majors are subject to additional admission requirements and enrollment limitations.

### Double Major

Students who wish to double major must maintain an affiliation with one school and graduate under that school's core curriculum and major requirements. In addition, the student must complete the requirements for the second major including all prerequisites. It is important for students to maintain contact with advisors of both majors so that requirements are completed for both majors.

## Dual/Multiple Degrees

A bachelor's degree is based on at least 120 semester hours of coursework. For each additional degree, a student must complete at least 30 semester hours of work over and above the work done for the first degree. As with the first degree, work done for each additional degree must include any necessary prerequisites for the new major and all major requirements. The residency requirement must be met for each degree.

## Second Bachelor's Degree

After graduating with a bachelor's degree, a student may earn a second bachelor's degree by completing in residence, with an average of C or better, at least 30 semester hours of work taken subsequent to awarding of the first degree. Work done for the second degree must include any necessary prerequisites for the new major and all major requirements. The first degree, whether earned at UAB or another regionally accredited institution, must be based on at least 120 semester hours of fully accredited work. No minor is required for the second degree. A student interested in earning a second degree is required to have the program of study approved by the school in advance.

## Minor

The availability of minors is indicated in the sections of this catalog on the various schools. The course requirements for the minor are specified in the catalog section for the department offering the minor. The department offering the minor may require the student to repeat, or otherwise compensate for, any course required for the minor in which a grade below C was earned. Whether a minor is required for a particular major is specified in the catalog section for the school in which the major resides.

## Individually Designed Majors and Minors

Students with specific career goals or with unique intellectual objectives may propose majors and minors designed to meet their individual academic needs. The Individually Designed Major requires a minimum of 40 semester hours in the major, of which at least 20 semester hours must be in courses numbered at or above 300 and approved for use towards a major, with a minimum of a C average. In addition, students must prepare a rationale for a nonstandard major-level course of study, complete Core Curriculum requirements, and complete any additional requirements set by the school in which the degree will be awarded. The Individually Designed Minor requires completion of 21 semester hours, of which nine semester hours must be in courses numbered at or above 300, with a minimum of a C average. The Individually Designed Major or Minor must be reviewed and approved by the departments involved, by the dean of the school in which the degree will be awarded, and by the Office of Academic Programs and Policy. For advising on program development and approval procedures, consult the Office of Academic Programs and Policy, (205) 934-5503, <http://www.app.uab.edu/altcredit.asp>.

## Limitations on Some Types of Credit

For some types of credit, there are limitations on the amount that can be applied toward the minimum hours required for a baccalaureate degree (usually 120 semester hours).

1. For credits transferred from a two-year college, the limit is no more than one-half the number required for a baccalaureate degree, provided that the work is freshman (100) or sophomore (200) level.
2. For alternative work, including Advanced Placement, College Level Examination Program, credit by examination, evaluation of non-collegiate-sponsored courses, credit for armed services courses, International Baccalaureate credit, and credit by portfolio, the limit is no more than 45 semester hours.

## Bachelor's Degree with Honors

The Higher Education grade point average is used in conferring academic honors at graduation and is based on all college work attempted. Honors designations are conferred according to the following GPA Ranges:

GPA Range	Designation
3.50 - 3.69	cum laude
3.70 - 3.89	magna cum laude
3.90 or above	summa cum laude

## **Procedures for Applying for a Degree**

Students are advised to file an online application for degree at least two terms prior to completing work for a baccalaureate degree. This will allow time for the application to be processed and completion of degree requirements to be verified. The absolute deadline to apply for degree is the tenth day of the term in which the student plans to graduate. Online applications are available at [www.uab.edu/registrar](http://www.uab.edu/registrar).

## **Graduation**

Official UAB graduation ceremonies are held in May for graduates of the preceding spring semester and in December for graduates of the preceding summer term and fall semester. Graduates are listed in the commencement program. Students who have completed the requirements for baccalaureate degrees are urged to attend.

Although degrees are officially conferred in May and December, students receive their diplomas approximately four weeks after the end of the regular term in which they complete their degree requirements.

# The UAB Experience

UAB's Quality Enhancement Plan (QEP) developed a single Shared Vision for a UAB Graduate as a critical, first step toward reconceptualizing the core curriculum and enhancing student competencies, initially in writing, quantitative literacy, and ethics and civic responsibility. By directing attention towards the end goal of an undergraduate education at UAB, the QEP reinforces how the core curriculum functions synergistically with major curricula regardless of the particular discipline. In addition to ensuring that students will be better prepared when they take courses in their majors, the core curriculum creates the foundation for general academic success, professional achievement, and personal fulfillment. The Shared Vision for a UAB Graduate reflects high expectations in the areas of Communication, Knowledge, Problem-Solving, and Citizenship:

## Shared Vision for a UAB Graduate

### Communication - A UAB graduate

- Participates effectively in the world of ideas and information.
- Reads with comprehension, attention to detail, and an awareness of context, tone, and interconnections with other texts, life experiences, and public events.
- Writes correctly and effectively in response to specific needs and for diverse audiences and contexts.
- Speaks effectively as determined by audience, setting, and circumstances.
- Uses information technology effectively for professional communication.

### Knowledge - A UAB graduate

- Possesses a depth and breadth of knowledge sufficient for informed decision-making.
- Demonstrates substantial knowledge in a disciplinary major.
- Differentiates among methodologies, major ideas and figures, and specific information or issues relevant to the sciences and humanities.
- Uses effectively the technology appropriate for one's discipline.

### Problem-Solving - A UAB graduate

- Collects and evaluates data and analyze complex issues, using appropriate methods.
- Demonstrates critical thinking skills by synthesizing information, making reasonable arguments, and arriving at logical conclusions.
- Demonstrates quantitative reasoning by interpreting data in multiple formats and applying quantitative methods to solve complex problems.
- Demonstrates the ability to achieve goals through collaboration.

### Citizenship - A UAB graduate

- Is aware of contemporary issues and prepared to engage responsibly in the community.
- Understands civic responsibility and engages in informed decision-making with respect to social and political issues.
- Recognizes that values and ethics are integral to one's academic, personal, and professional life.
- Respects the significant role of diversity in the contemporary world.

## The Quality Enhancement Plan (QEP)

The QEP identifies a strong initial focus on three essential competencies with specific learning outcomes. These competencies will be introduced in the freshman year, reinforced in a range of mid-curricular courses designated as writing, QL, and/or ECR courses, and integrated into the capstone course in discipline-specific ways.

### Writing

Effective communication skills are fundamental to competent functioning across the undergraduate curriculum and in life beyond graduation. Improving writing contributes to the development of other communication competencies, such as reading and public speaking. Writing is crucial to critical thinking and effective problem-solving, as well as for the communication of knowledge. The ability to write effectively is a key skill that contributes to professional advancement, successful personal relationships, and responsible civic involvement. Writing designated courses are shown with a "W" designation in their course description.

Learning Outcomes for Writing Include

1. Respond to an assigned topic in a way that shows responsible concern for an identified audience.
2. Write a logical argument that makes an unambiguous claim, marshals reasonable and appropriate evidence, and takes seriously the perspectives of others by fairly presenting and responding to alternative claims.
3. Incorporate external sources pertinent to the argument and document such sources accurately and appropriately, demonstrating academic integrity when referencing the ideas of others.
4. Demonstrate an appropriate level of competence in grammar, usage, and mechanics.
5. Accurately use the writing conventions appropriate to the discipline.

### Quantitative Literacy

Quantitative literacy is fundamental to solving quantitative problems that occur in school, life, and work, and in communicating solutions to those problems to others. Quantitative literacy builds on mathematics, but unlike "pure math" it emphasizes the application of quantitative methods in a wide variety of contexts. Quantitatively literate students are able to understand and, as necessary, interpret a problem in quantitative terms and then solve it using appropriate methods. Like verbal literacy, quantitative literacy is critical to effective citizenship, communication, and personal and social responsibility. Quantitative Literacy courses are shown with a "QL" designation in their course description.

Learning Outcomes for Quantitative Literacy

1. Compute using arithmetic and algebra, work with units of measurement, translate verbal descriptions into mathematical form, and/or evaluate the reasonableness of quantitative assertions.
2. Interpret and construct tables, graphs, and schematic representations of relationships among objects and concepts.
3. Draw conclusions based on probabilities, costs, benefits, and risks.
4. Use quantitative evidence as a basis for reasoning, problem-solving, and argument
5. Design empirical research, evaluate research designs, and analyze data to draw conclusions about research hypotheses.
6. Communicate quantitative information using numbers and words appropriate to the audience.

### Ethics and Civic Responsibility

The role of a university is to prepare students to function effectively and engage responsibly in both the academic community and post-graduation life. Excellence and integrity should be academic, personal, and professional goals for everyone. Effective and responsible living depends upon the ability of individuals to strive for excellence, to make informed and ethical decisions, to accept responsibility for one's choices, and to practice good citizenship as part of multiple larger social units. Ethics and Civic Responsibility courses are shown with an "ECR" designation in their course description.

## Learning Outcomes for Ethics and Civic Responsibility

1. Understand and practice ethical reasoning and decision-making
2. Be knowledgeable about contemporary events and issues
3. Understand civic responsibility
4. Understand the role and value of diversity

## First Year Experience

Every UAB first year student should share a common foundation for learning, whatever their majors or professional goals. This common foundation is found in the Discussion Book and the FYE course.

### Discussion Book

Beginning in 2005, UAB has selected an annual UAB Discussion Book as one focal point for uniting the students, faculty, and staff of this research extensive campus. The Discussion Book always has literary merit, raises complex ethical questions, is relevant to contemporary social issues, and broadens the reader's understanding of diversity in a meaningful way. It also serves as a means to introduce entering freshmen to the concept of difficult dialogues and learning outcomes central to our goals for undergraduate education.

Students are able to purchase the book at the Barnes & Nobles UAB Bookstore during New Student Orientation. The day before fall classes begin, President Garrison welcomes all new students into the UAB family. After a presentation by the discussion book author, new students participate in small group discussions facilitated by the President, Provost, deans, chairs, faculty, and staff of UAB.

The UAB Discussion Book is the focus of a monthly Discussion Book Dialogue series, an online publication of student work *Campus Conversations*, and off-campus events scheduled throughout the academic year. Developed as part of UAB's [Quality Enhancement Plan](#), the UAB Discussion Book project promotes civic involvement, respectful dialogue about often controversial issues, and more knowledgeable participation in a global society.

### First Year Experience Course Requirement

Students entering UAB with less than 24 hours of college credit must take and pass (with a C or better) a first year experience (FYE) course in their first 24 credit hours at UAB.

First Year Experience (FYE) courses are the gateway to undergraduate education at UAB. FYE courses improve student retention by helping to bridge the gap between high school experiences and university expectations and enhance successful progress towards graduation by establishing the foundations for academic achievement and holistic development. First Year Experience Courses include:

- **Freshman Learning Communities (FLC)**
- **University 101 (U101): The University Experience**
- **School- or Department-focused Freshman Year Experience (FYE) Course**

## The Core Curriculum and the Quality Enhancement Plan (QEP)

### Core Curriculum Requirements

The Core Curriculum consists of four areas, and all students must fulfill requirements in each area. Specific school restrictions for each area are listed below the description of the Core. See the appropriate section in this catalog for specific major requirements in each area.

#### Area I. Written Composition (6 hours)

Effective written communication skills are essential in a literate society. Requirements include six semester hours in written composition. UAB students must complete EH 101 and EH 102 with the grade of C or better.

## Area II. Humanities and Fine Arts (12 hours)

Study in the humanities addresses the ability to deal with questions of values, ethics, or aesthetics as they are represented in literature, philosophy, religion, and the arts, and is fundamental to general education. Requirements include at least 12 semester hours in humanities with a minimum of three semester hours in literature, three semester hours in the fine arts, and the remaining hours from the humanities and/or fine arts. In addition to literature, disciplines in the humanities include, but are not limited to, philosophy, religious studies, speech, foreign languages, art, music, theatre, and dance. As part of the common Core Curriculum, students must complete a six-semester hour sequence either in literature (Area II) or in history (Area IV).

The following courses satisfy Area II of the Core Curriculum:

AAS 200	Introduction to African American Studies	3 hours	GN 102	Introductory German II	4 hours
ARA 101	Introductory Arabic I	3 hours	GN 201	Intermediate German I	3 hours
ARA 102	Introductory Arabic II	3 hours	GN 202	Intermediate German II	3 hours
ARH 101	The Art Experience	3 hours	GN 204	Readings in German Literature	3 hours
ARH 203	Ancient and Medieval Art	3 hours	ITL 101	Introductory Italian I	3 hours
ARH 204	Renaissance through Modern Art	3 hours	ITL 102	Introductory Italian II	3 hours
ARH 206	Survey of Asian Art	3 hours	JPA 101	Introductory Japanese I	3 hours
CHI 101	Introductory Chinese I	3 hours	JPA 102	Introductory Japanese II	3 hours
CHI 102	Introductory Chinese II	3 hours	LA 101	Introductory Latin I	3 hours
CM 101	Public Speaking	3 hours	LA 102	Introductory Latin II	3 hours
CM 105	Introduction to Human Communication	3 hours	MU 120	Music Appreciation	3 hours
EH 216	Introduction to Literature	3 hours	PHL 100	Introduction to Philosophy	3 hours
EH 217	World Literature I (Before 1660)	3 hours	PHL 115	Contemporary Moral Issues	3 hours
EH 218	World Literature II (Since 1660)	3 hours	PHL 116	Bioethics	3 hours
EH 221	British and Irish Literature I	3 hours	PHL 120	Practical Reasoning	3 hours
EH 222	British and Irish Literature II	3 hours	PHL 125	Introduction to Ethics	3 hours
EH 223	American Literature I (1620-1865)	3 hours	PHL 203	Philosophy of Religion	3 hours
EH 224	American Literature II (1865-Present)	3 hours	SPA 101	Introductory Spanish I	4 hours
FLL 120	Foreign Cultures	3 hours	SPA 102	Introductory Spanish II	4 hours
FLL 220	Foreign Literatures in English Translation	3 hours	SPA 108	Introduction to Intensive Spanish	4 hours
FR 101	Introductory French I	4 hours	SPA 201	Intermediate Spanish I	3 hours
FR 102	Introductory French II	4 hours	SPA 202	Intermediate Spanish II	3 hours
FR 108	Introduction to Intensive French	4 hours	THR 100	Introduction to Theatre	3 hours
FR 201	Intermediate French I	3 hours	THR 105	Introduction to Dance	3 hours
FR 202	Intermediate French II	3 hours	THR 200	Plays on Film	3 hours
GN 101	Introductory German I	4 hours			

## Area III. Natural Sciences and Mathematics (11 hours)

Study in the natural sciences and mathematics emphasizes the scientific method and applies quantitative or inductive reasoning. Requirements include at least 11 semester hours with at least three semester hours in mathematics at the pre-calculus algebra level or higher and at least eight semester hours in the natural sciences. All courses in the natural sciences must include laboratory experiences. Disciplines in the natural sciences include, but are not limited to, astronomy, biology, chemistry, geology, and physics.

The following courses satisfy Area III of the Core Curriculum:

AST 101 and 111	Astronomy of the Universe and Laboratory	4 hours
AST 102 and 112	Astronomy of Stellar Systems and Laboratory	4 hours
AST 103 and 113	Astronomy of the Solar System and Laboratory	4 hours
AST 105 and 115	Extraterrestrial Life and Laboratory	4 hours
BY 101 and 102	Topics in Contemporary Biology and Laboratory	4 hours
BY 111 and 112	Extended Topics in Contemporary Biology and Laboratory	4 hours
BY 123	Introductory Biology	4 hours
BY 124	Introductory Biology	4 hours
CH 105 and 106	Introductory Chemistry I and Laboratory	4 hours
CH 107 and 108	Introductory Chemistry II and Laboratory	4 hours
CH 115 and 116	General Chemistry I and Laboratory	4 hours

CH 117 and 118	General Chemistry II and Laboratory	4 hours
ENV 108 and 109	Human Population & the Earth's Environment and Laboratory	4 hours
ES 101 and 102	Physical Geology and Laboratory	4 hours
ES 103 and 104	History of the Earth and Laboratory	4 hours
MA 105	Pre-calculus Algebra	3 hours
MA 106	Pre-calculus Trigonometry	3 hours
MA 107	Trigonometry	4 hours
MA 109	Survey of Calculus	3 hours
MA 110	Finite Mathematics	3 hours
MA 125	Calculus I	4 hours
MA 126	Calculus II	4 hours
MA 227	Calculus III	4 hours
MA 252	Introduction to Differential Equations	3 hours
MA 260	Introduction to Linear Algebra	3 hours
PH 201	College Physics I	4 hours
PH 202	College Physics II	4 hours
PH 221	General Physics I	4 hours
PH 222	General Physics II	4 hours
PHS 101	Physical Science	4 hours

#### **Area IV. History, Social, and Behavioral Sciences (12 hours)**

Study in history and the social and behavioral sciences deals primarily with the study of human behavior, social and political structures, and economics. Requirements include 12 semester hours with at least a three-semester hour course in history and at least six semester hours from among other disciplines in the social and behavioral sciences. Disciplines include, but are not limited to, anthropology, economics, geography, political science, psychology, and sociology. As part of the common Core Curriculum, students must complete a six-semester hour sequence either in literature (Area II) or in history (Area IV).

The following courses satisfy Area IV of the Core Curriculum:

ANTH 101	Introductory Cultural Anthropology	3 hours	ITS 101	Introduction to International Studies	3 hours
ANTH 106	Introductory Archaeology	3 hours	PSC 101	Introduction to American Government	3 hours
ANTH 120	Language and Culture	3 hours	PSC 102	Introduction to Comparative Politics	3 hours
EC 210	Principles of Microeconomics	3 hours	PSC 103	Introduction to International Relations	3 hours
EC 211	Principles of Macroeconomics	3 hours	PSC 221	American State and Local Government	3 hours
GEO 121	World Regional Geography	3 hours	PY 101	Introduction to Psychology	3 hours
HY 101	Western Civilization I	3 hours	PY 201	Honors Introduction to Psychology	3 hours
HY 102	Western Civilization II	3 hours	PY 212	Developmental Psychology	3 hours
HY 104	World History to 1600	3 hours	SOC 100	Introduction to Sociology	3 hours
HY 105	World History, 1600 to present	3 hours	SOC 245	Contemporary Social Problems	3 hours
HY 120	The United States to 1877	3 hours	WS 100	Introduction to Women's Studies	3 hours
HY 121	The United States Since 1877	3 hours			

#### **Satisfying Core Curriculum Requirements with Alternative Credit**

Students may satisfy certain goals of the Core Curriculum by presenting credit earned through the following: Advanced Placement (AP), International Baccalaureate (IB), College Level Examination Program (CLEP), and Credit by Examination (CBE). Students with AP, IB, or CLEP credit must have official documents sent to the Office of Academic Programs and Policy, 470 Hill University Center, 1400 University Boulevard, (205) 934-5503, for evaluation and acceptance before credit can be posted on the UAB transcript.

## **Who is required to fulfill the Core Requirements?**

First time college freshmen who have no credit for college work (excepting credit earned while still enrolled in high school);

Those returning UAB students or transfer students who are enrolling as a degree student after an absence from college of more than 12 months;

Students who enrolled for the first time in any institution of higher education in Fall 1998 or later and who subsequently transferred to the University of Alabama at Birmingham.

Any student with a valid articulation contract from an Alabama two-year school will be able to enroll under the terms of the contract. Contracts prior to Fall 1998 must have been submitted to UAB's Office of Admission according to the procedures in place at the time.

Since Fall Term 2000, all undergraduate students entering UAB have been subject to the 1998 Core Curriculum requirements.

## **College-wide Requirements**

In addition to fulfilling UAB's Core Curriculum as described above, students with majors in the College of Arts and Sciences must satisfy college-wide requirements. Please consult the appropriate school section of this catalog for these specific requirements.

## **Capstone Course Requirement**

Freshman students entering UAB in fall 2009 or after must successfully complete the capstone course or experience required by their major program or school in order to graduate. All students graduating in 2013 or later must complete a capstone requirement

Every program at the University of Alabama at Birmingham has developed or is in the process of developing a senior capstone course or experience. The capstone provides a summative opportunity for students to draw upon, synthesize, and apply what they have learned to an original project and/or real life application. Depending on the discipline, the capstone may involve such components as collaborative projects, internships, service learning, fieldwork, independent research, community outreach, and/or thesis writing. In every case capstone courses include a set of well-defined learning outcomes, significant writing, and integration of discipline-specific competencies in quantitative literacy and in ethics and civic responsibility. Most importantly the capstone provides an enriching bridge experience for students between their undergraduate education and post graduation lives.

# College of Arts & Sciences

**Dean: Thomas DiLorenzo**  
**Associate Dean for Research and Faculty Development: David E. Graves**  
**Associate Dean for Academic Affairs: Catherine Daniélou**

The College of Arts and Sciences includes departments in the arts, humanities, mathematics, social, behavioral, natural and physical sciences, and programs leading toward certification for teaching, counseling and leadership in the field of education.

The college offers 58 degree programs leading to a Bachelor's degree and 36 programs leading to a masters or doctoral degree. Inclusion of the School of Education within the College of Arts and Sciences is an innovative configuration designed to insure that the experts in teaching methods work closely with the subject are experts to prepare the best possible future teachers and educational leaders.

Situated at the center of an internationally renowned research university and academic medical center, students and faculty in the College of Arts and Sciences have unparalleled opportunity to be part of the innovative and ground-breaking research and creative work that is the

signature of UAB.

We offer a student-centered, experiential curriculum designed to prepare students not only for the careers and challenges of the 21st century, but also to be the leaders in the global marketplace of ideas. Every undergraduate program in the arts and sciences is designed to insure that students cultivate strong oral and written communication skills, proficiency in mathematical and analytical reasoning, and sophisticated appreciation of ethics and civic engagement. Graduates with an arts and sciences major develop the ability to understand diverse perspectives making them better prepared to work creatively and productively with others to solve the most important problems of our times.

Honors programs and honors level study are offered in every department, along with mentored research and study abroad for interested students. Our metropolitan location provides an endless number of internship placements coordinated with an academic program of study. Each year about 20% of our students pursue at least one of these opportunities.

Interdisciplinary programs of study are increasingly popular as we realize the benefits of multiple perspectives and methods to advance understanding and improve solutions. Students in the College of Arts and Sciences can pursue formal interdisciplinary programs such as African-American Studies or International Studies. We also encourage motivated students to work with their academic advisor and faculty to design an individualized, interdisciplinary major in a focused area. Among the fields that some of our students have chosen are *Film Studies, Japanese Studies, Asian Studies, Sports and Health in Society, Environmental Sciences, Environmental Science Filmmaking, International Health, or Arabic.*

The UAB Core Curriculum requirements, College-wide courses for each track (excluding the School of Education), and the specific major and minor requirements for graduation are listed below for each Bachelor's degree option.

## THE CORE CURRICULUM FOR COLLEGE OF ARTS & SCIENCES

Requirement	Fulfilled By:	Hrs.
Area I: Written Composition	Take both of the following courses (must earn a C or better): <b>EH 101    EH 102</b>	6
Area II: Literature	Select one of the following courses: <b>EH 216    EH 218    EH 222    EH 224</b> <b>EH 217    EH 221    EH 223</b>	3
Area II: Fine Arts	Select one of the following courses: <b>ARH 101    ARH 204    MU 120    THR 105</b> <b>ARH 203    ARH 206    THR 100    THR 200</b>	3

Area II: Fine Arts/Humanities	Select two of the following courses: <b>AAS 200 EH 217 FR 201 PHL 100 SPA 201 ARA 102 JPA 101</b> <b>ARH 101 EH 218 FR 202 PHL 115 SPA 202 CHI 101 JPA 102</b> <b>ARH 203 EH 221 GN 101 PHL 116 THR 100 CHI 102 JPA 201</b> <b>ARH 204 EH 222 GN 102 PHL 120 THR 105 CHI 201 JPA 202</b> <b>ARH 206 EH 223 GN 201 PHL 125 THR 200 CHI 202</b> <b>CM 101 EH 224 GN 202 PHL 203 FLL 120 ITL 101</b> <b>CM 105 FR 101 GN 204 SPA 101 FLL 220 ITL 102</b> <b>EH 216 FR 102 MU 120 SPA 102 ARA 101 ITL 201</b>	6
Area III: Mathematics	Select one of the following courses: <b>MA 105 MA 107 MA 110 MA 126 MA 252</b> <b>MA 106 MA 109 MA 125 MA 227 MA 260</b>	3
Area III: Natural Sciences	Select two of the following courses (with laboratories): <b>AST 101/AST 111 BY 111/BY 112 CH 115/CH 116 PH 201/PH 201L</b> <b>AST 102/AST 112 BY 123 CH 117/CH 118 PH 202/PH 202L</b> <b>AST 103/AST 113 BY 124 ENV 108/ENV 109 PH 221/PH 221L</b> <b>AST 105/AST 115 CH 105/CH 106 ES 101/ES 102 PH 222/PH 222L</b> <b>BY 101/BY 102 CH 107/CH 108 ES 103/ES 104 PHS 101</b>	8

Area IV: Social & Behavioral Sciences	Select one of the following courses: <b>ANTH 101 EC 211 HY 104 ITS 101 PSC 221 SOC 245</b> <b>ANTH 106 GEO 121 HY 105 ITS 205 PY 101 WS 100</b> <b>ANTH 120 HY 101 HY 120 PSC 101 PY 212</b> <b>EC 210 HY 102 HY 121 PSC 102 SOC 100</b>	3
Area IV: Social & Behavioral Sciences (Non-History)	Select two of the following courses: <b>ANTH 101 EC 210 ITS 101 PSC 102 PY 212 WS 100</b> <b>ANTH 106 EC 211 ITS 205 PSC 221 SOC 100</b> <b>ANTH 120 GEO 121 PSC 101 PY 101 SOC 245</b>	6
Sequence Requirement:	As part of Area II or Area IV, students must complete a two course sequence in Literature or History. Approved sequences are listed below: <b>EH 217 + EH 218 HY 101 + HY 102</b> <b>EH 221 + EH 222 HY 104 + HY 105</b> <b>EH 223 + EH 224 HY 120 + HY 121</b>	-
<b>Total Core Curriculum Requirements:</b>		<b>41</b>

### COLLEGE-WIDE REQUIREMENTS FOR ARTS AND SCIENCES

Requirement	Fulfilled By:	Hrs.
College-Wide Requirements:	Students must satisfy two of the three tracks listed below. A student may NOT use the same course to satisfy this requirement and other requirements within the core curriculum; however, a course may apply toward this requirement and a requirement within the major.	6
Track A: Foreign Language and Culture	Track A may be satisfied by completing one of the following courses: <b>ANTH 101 FR 102 FR 311 HY 257 PY 213 SPA 304 CHI 206</b> <b>ANTH 106 FR 106 FR 320 HY 258 PY 319 SPA 310 ITL 102</b> <b>ANTH 120 FR 108 GN 102 HY 263 SOC 200 SPA 311 ITL 201</b> <b>ANTH 241 FR 201 GN 201 JS 115 SOC 325 SPA 312 JPA 102</b> <b>ANTH 243 FR 202 GN 202 PSC 102 SPA 102 SPA 313 JPA 201</b> <b>ANTH 244 FR 210 GN 203 PSC 103 SPA 108 SPA 314 JPA 202</b> <b>ANTH 248 FR 220 GN 204 PSC 250 SPA 180 ARA 102 JPA 203</b> <b>ANTH 249 FR 305 GN 205 PSC 251 SPA 201 ARA 201 JPA 204</b> <b>ARH 203 FR 306 GN 206 PSC 252 SPA 202 CHI 102</b> <b>ARH 205 FR 307 HY 245 PSC 253 SPA 206 CHI 201</b> <b>ARH 206 FR 308 HY 247 PSC 254 SPA 210 CHI 202</b> <b>FLL 220 FR 310 HY 248 PSC 262 SPA 300 CHI 203</b>	-

Track B: Philosophy and Critical Reasoning	Track B may be satisfied by completing one of the following courses:  <b>PHL 100    PHL 203    PHL 230    PHL 270    PHL 335    PHL 350</b> <b>PHL 115    PHL 204    PHL 232    PHL 305    PHL 341    PHL 372</b> <b>PHL 116    PHL 205    PHL 233    PHL 343    PHL 342    PHL 375</b> <b>PHL 125    PHL 208    PHL 239    PHL 314    PHL 343    PSC 104</b> <b>PHL 135    PHL 215    PHL 240    PHL 315    PHL 348</b>	-
Track C: Computers	Track C may be satisfied by completing one of the following courses (alternatively, students may satisfy this track by completing a computer technologies competency examination, where permissible; this option will reduce the number of hours required in the College-Wide Requirements by three):  <b>ARS 103    CS 101    CS 106/106L    CS 201    MU 115</b> <b>BY 245    CS 105/105L    CS 109/109L    MA 261</b>	-
<b>TOTAL COLLEGE-WIDE REQUIREMENTS HOURS:</b>		<b>6</b>

### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
General Electives for Majors in the College of Arts & Sciences	Departments within the College have policies on the grade level of acceptable work that may be applied towards the major in minor. A student must take general electives to reach the 120 semester hour requirement. In addition, no more than 4 semester hours in physical education activity courses will be counted toward elective credit in the school.
Other Requirements	<p>Requirements for students majoring in <u>Biology, Chemistry, Computer and Information Sciences, Mathematics, Physics</u> are successful completion of 30 semester hours approved and offered by one department (designated the major) and 27 semester hours approved and offered by a second department (designated the minor). At least 9 semester hours of the major must be at the 400 level or above. In addition to the number of hours there is a requirement of at least a C average in course counted toward the major and also in course counted toward the minor for all students majoring in Biology, Chemistry, Computer and Information Sciences, Mathematics, Physics. At least one-third of the hours in both the major and minor must be completed at UAB, and at least a C average must be maintained in these courses.</p> <p>Requirements for students majoring or minoring in <u>Anthropology, Communication Studies, Economics, Government, International Studies, History, Justice Sciences, Psychology, Social Work, Sociology</u>: courses counted toward one major or minor may not be applied to meet the requirements of another major or minor; credit will be allowed for job-training instructional programs that have been evaluated and approved by an agency of the American Council on Education, or comparable evaluating agency, and when the work in question is germane to the student's program.</p> <p>Requirements for students majoring in <u>African American Studies, Art/Art History, English, Foreign Languages, Music, Philosophy, Theatre</u>: courses counted toward one major or minor may be applied to meet the requirements of another major or minor if in these specific fields. After doing so, if a student has not achieved the minimum required credit hours for graduation, the remaining hours may be fulfilled through courses of the student's choosing, consistent with all other degree requirements.</p>

### Teacher Certification

UAB offers baccalaureate level (Class B) secondary (grades 6-12) teacher certification in Visual Arts, Chemistry, Biology, General Science, French, History, General Social Science, English Language Arts, Mathematics, Music-Instrumental, Music-Choral, and Physics, and Spanish. To obtain certification, students must major in their teaching field and education. Requirements for the major in the College of Arts and Sciences may be found in the appropriate department listing. Because of specific Alabama Teacher Certification requirements, students seeking certification should consult with the School of Education Student Services (Room 100, Education Building) early in their academic careers. UAB also offers non-traditional fifth year masters' level (Class A) certification in the above disciplines. Students majoring in one of the above fields should contact the Student Services Office for more information about program admission requirements.

# Interdisciplinary Programs

## African American Studies

**Interim Director:** Robert F. Jefferson

**Faculty:** Fouad (Medicine), Hall (Theatre), Ibelema (Communication Studies), Jolly (Public Health), Lewis (Political Science), Morgan (Justice Sciences), Musa (Marketing), Panion (Music), V. Smith, (English), Taylor (Anthropology), Turner (Music), J. Wood (English)

African American Studies is an interdisciplinary liberal arts degree program sponsored by the College of Arts and Sciences. The program integrates the humanities, social and behavioral sciences, and health-related fields. It is designed to provide a comprehensive understanding of the cultural values and experiences that connect people of African descent, beginning in Africa and extending to the Caribbean, the Americas, Asia, Australia and Europe. An African American Studies Honors Track is available for outstanding majors.

The major in African American Studies consists of 39 hours, including 30 hours of required courses and 9 hours of electives, with at least three 400-level courses. Elective courses may focus on four possible study areas - Creative Arts (CA), Global/Social Justice (GJ), Public Health and Medicine (HM), or Public Affairs (PA). *No grade below C may be counted as credit toward the major or minor in African American Studies.*

### MAJOR IN AFRICAN AMERICAN STUDIES

Requirement	Fulfilled By:	Hrs.
Required Courses	Take all of the following courses: <b>AAS 200      AAS 320      AAS 330      AAS 420      AAS 493 or 495</b>	15
Required Writing Course	<b>AAS 290</b>	3
English Courses	Select two of the following courses: <b>EH 365      EH 422      EH 445      EH 447      EH 466      EH 468</b> <b>EH 366      EH 423      EH 446      EH 448      EH 467</b>	6
History Courses	Select two of the following courses: <b>HY 223      HY 224      HY 304</b>	6
Approved Electives (See departmental descriptions for approved electives.)	Select three of the following courses: <b>AAS 165 (CA)    PSC 250 (GJ)    JS 442 (GJ)    AAS 340 (PA)</b> <b>AAS 300 (CA)    PSC 315 (GJ)    AAS 310 (GJ)    SOC 250 (PA)</b> <b>MU 365 (CA)    PSC 318 (GJ)    MC 493 (GJ)    DCS 401 (PA)</b> <b>ARH 205 (CA)    GER 455 (GJ)    PY 413 (HM)    MC 493 (PA)</b> <b>ARH 405 (CA)    SOC 250 (GJ)    SOC 282 (HM)    GER 455 (PA)</b> <b>ARH 468 (CA)    SOC 282 (GJ)    GER 455 (HM)    PSC 415 (PA)</b> <b>THR 300 (CA)    DCS 401 (GJ)    UA 318 (PA)    AAS 490</b> <b>PSC 215 (GJ)    ANT244 (GJ)    ARH 205 (PA)</b> <b>AAS 250      AAS 400</b>	9
<b>Total Major Requirements:</b>		<b>39</b>

### MINOR IN AFRICAN AMERICAN STUDIES

Requirement	Fulfilled By:	Hrs.
Minor Requirements	Take all of the following courses: <b>AAS 200    AAS 310    AAS 330</b> <b>AAS 300    AAS 320    AAS 420</b>	18
<b>Total Minor Requirements:</b>		<b>18</b>

## Course Descriptions

### African American Studies (AAS)

#### **AAS 165 - Jazz Style: History and Appreciation - 3**

American jazz with emphasis on instrumental and vocal performers, jazz bands, and combos. Development of big band, wing, and popular music.

#### **AAS 200 - Introduction to African-American Studies - 3**

Examination of seven core areas of African American Studies: history, religion, social organization, politics, economics, creative production, and psychology. Emphasizes major theoretical and critical discourses of Black Studies, and its emergence as a political/social movement and discipline. Relates the latter to the complexity and diversity of contemporary movements such as Civil Rights, Free Speech, Black Power, and Afro-centrism. Majors and minors in African American Studies should complete this course before enrolling in any higher level AAS course. *Prerequisites:* EH 101 and EH 102

#### **AAS 250 - Special Topics in African-American Studies - 3**

Specific topic in African American Studies. *Prerequisite:* AAS 200

#### **AAS 290 - Writing in African American Studies - 3**

Course offers students continued practice in reading, research, and writing central to academic investigation and to interdisciplinary approaches. Develops skills in writing across disciplines and critical thinking. Emphasizes readings on diverse, contemporary, and multicultural issues in African American Studies. *Prerequisites:* EH 101 and EH 102

#### **AAS 300 - African American Music - 3**

Survey, history and appreciation of African derived music and its presence in the United States from its earliest forms in spirituals, blues and jazz to contemporary forms of be-bop and rap. *Prerequisite:* AAS 200

#### **AAS 310 - Black Image: Screen and Television - 3**

History and definition of the image of the African-ancestored people in the United States through cinema and television. *Prerequisite:* AAS 200

#### **AAS 320 - African Identity/Personality - 3**

This course is a study of the African identity, personality, and the concept of "blackness" with particular emphasis on what it means to be black in America. An adequate discourse on the complexities of African American Studies requires a multi-disciplinary approach that considers the expansive nature of the African Experience in North America. Accordingly, any substantive intellectual and scholarly foundation for critically understanding the salient areas of this course require the application of cross-discipline areas of study involving race, culture, socioeconomics, history, African American political behavior, and psychosocial theories of development. Quantitative Literacy is a significant component of this course (QEP). *Prerequisite:* AAS 200

#### **AAS 330 - African Aesthetics/Traditional Religion - 3**

African aesthetics, African cosmology, and qualities of African spirituality. *Prerequisite:* AAS 200

#### **AAS 340 - Medieval African Technology - 3**

Development, evolution, and impact of foundational African technology on contemporary inventions in architecture, engineering, and medicine. *Prerequisite:* AAS 200

#### **AAS 400 - Seminar in African American Studies - 3**

Specific topic in African American Studies. *Prerequisites:* AAS 200 and 9 hours of AAS 300-level courses, or permission of the AAS Director.

#### **AAS 420 - Public Health/Medical Issues in Black Communities - 3**

Critical health issues affecting the African and African American communities including HIV, AIDS, cancer, diabetes, stroke, heart disease/hypertension, malaria. *Prerequisites:* AAS 200 and 9 hours of AAS 300 level courses, or permission of the AAS Director.

#### **AAS 490- African American Studies Internship - 3**

On-campus and off-campus training positions in fields utilizing cross-disciplinary skills, with some positions offering external funding. Students should contact the Program Director for listings of available positions and application procedures. May be counted as elective only. *Prerequisites:* Junior or senior standing as African American Studies major and approval of application. May be repeated once for credit. 3 hours.

#### **AAS 493- Capstone Seminar-3**

Specific topics vary. The course will provide an opportunity for students to reflect upon and to use the knowledge, skills, and dispositions developed in previous African American Studies coursework. This course or AAS 495 required of all AAS majors. AAS 493 is ideally taken in the final undergraduate semester. *Prerequisites:* 9 hours AAS coursework at the 400 level and permission of the Program Director. 3 hours.

**AAS 495-Capstone Individual Studies-3**

Specific topics vary. An individually designed course for semi-independent research or guided readings in areas and subjects that synthesize the African American Studies core areas. The course will provide an opportunity for students to reflect upon and to use the knowledge, skills, and dispositions developed in previous African American Studies coursework. This course or AAS 493 required of all AAS majors. AAS 495 is ideally taken in the final undergraduate semester. Consult Program Director for procedure to apply for this course. *Prerequisites:* 9 hours AAS coursework at the 400 level and permission of the Program Director. *Prerequisites:* 9 hours of AAS 400 level courses and permission from the AAS Director. 3 hours.

## American Studies Interdisciplinary Program

**Director:** Deborah Littleton (College of Arts and Sciences)

**Executive Committee:** McPherson (Art), McWilliams (History), Wharton (English)

The American Studies Program offers, through the College of Arts and Sciences, an interdisciplinary minor that examines various aspects of United States society and culture. Students are introduced to a wide range of different "texts" from American art, literature, music, history, science and technology, political science and sociology, and popular culture. These "texts" may include movies, slides, audio recordings, material artifacts, folkways, and food ways, as well as traditional written material. Students learn how to "read" and interrelate these texts in order to acquire a more complete and multifaceted understanding of American life and history. The minor in American studies thus provides a broad background in liberal arts and social sciences while developing skills of interdisciplinary thinking useful in a variety of careers. An American studies minor complements and counterbalances more narrowly focused majors; at the same time, it enhances majors that are either national or international in scope.

Requirement	Fulfilled By:	Hrs.
Required Courses	Take all of the following courses: <b>AS 201 AS 202</b>	6
Music and the Arts	Select one of the following courses: <b>ARH 101 ARH 464 ARH 491 THR/MU 260</b> <b>ARH 250 ARH 467 MU 165 THR/EH 368</b> <b>ARH 455 ARH 485 MU 364</b>	3

Senior Seminar in American Studies	Take the following class: <b>AS 401</b>	3
<b>Total Major Requirements:</b>		<b>21</b>

### Course Descriptions American Studies (AS)

#### **AS 301 - Studies in American Culture - 3**

Team-taught, interdisciplinary study of American society and culture through selected readings from American literature and history, as well as other texts from art, music, industrial and technological developments, and folk and popular culture. Specific topics vary with instructors; materials for study include cultural experiences and expressions of diverse groups within American society including Native Americans, African Americans, immigrants, and women.

**AS 401 - Senior Seminar in American Studies - 3**

Topics of national and regional interest from any discipline but sufficiently broad to allow focus on specific intellectual problems using analytical skills and interdisciplinary methods learned in Core Curriculum courses, required elective courses, and chosen major. Should be taken during senior year. *Prerequisites:* AS 201, AS 202, and 12 hours of approved AS electives or permission of instructor.

**Digital Community Studies**

**Directors:** Michele Forman and Rosie O’Beirne (Department of History and Anthropology)

The Digital Community Studies minor is an interdisciplinary program for students interested in opportunities for applied research in local communities through the use of new media technology. The minor provides students a solid grounding in the history, theory and practice of documentary film, film history, oral history, ethnography, community studies, and media theory. Students will gain experience in community-based research, as well as attain proficiency in various new media technologies.

The courses are team-taught by members of the UAB Arts and Sciences faculty, offering students instruction in both applied research techniques and digital modes of documentation and dissemination of their research. The minor in Digital Community Studies emphasizes experiential learning and offers students opportunities for hands-on participation in local communities through service learning and internships with non-profit organizations, businesses, and educational and governmental institutions.

**Requirements**

The DCS minor will require 18 semester hours, including three courses in the core curriculum (9 hours), six hours of additional advanced digital community studies coursework (either 2 courses or one 6 hour-course), and one elective (3 hours). The elective will be drawn from a number of relevant courses already existing in the curriculum of the College of Arts and Sciences involving technology, media, and/or community studies. No grade below C will be counted as credit for the minor.

**MINOR REQUIREMENTS FOR DIGITAL COMMUNITY STUDIES**

<b>Requirement</b>	<b>Fulfilled By:</b>	<b>Hrs.</b>
Digital Community Studies Core	Select three of the following courses: <b>DCS 101   DCS 150   DCS 201   DCS 266   DCS 309</b> <b>DCS 390   DCS 391</b>	9
Advanced Digital Community Studies Elective	Select six hours from the following courses: <b>DCS 401   DCS 450   DCS 460   DCS 470</b>	6
Elective	Select one of the following courses in different disciplines: <b>ANTH 123   ARS 360   EH 431   HY 305   PSC 370   UA 366</b> <b>ANTH 366   ARS 454   GEO 109   HY 431   SOC 275   WS 480</b> <b>ANTH 415   ARS 488   HY 207   MPA 673   UA 109</b> <b>ARS 260   EH 210   HY 227   PSC 270   UA 270</b>	3
<b>Total Minor Requirements:</b>		<b>18</b>

**Course Descriptions****Digital Community Studies (DCS)****DCS 101 - Media, Culture and Society – 3**

Broad overview of new media technologies and how multimedia applications are used to explore community based issues. Students will be introduced to media driven scholarship and how it can be shared with the broader public through digital modes of documentation and presentation.

**DCS 150—Introduction to Film and History-3**

This course will examine fiction and non-fiction films as socially significant documents. Students will receive an introduction to the techniques of film analysis in the class.

**DCS 201 - History of Documentary Film - 3**

This course will provide a history of the documentary tradition by studying the major stylistic movements, works, and filmmakers of non-fiction film and photography in the 20th century.

**DCS 266 -- New Urbanism – 3**

This course investigates the community development model of New Urbanism which promotes the values of walkability, diversity and connectivity for healthy living and neighborhood sustainability. Students will explore local communities, connecting New Urbanist design principles to community values and social interaction.

**DCS 309 – American Independent Film -3**

This course will provide a history of the American Independent filmmaking tradition by studying the major stylistic movements, works, and filmmakers of the 1970s-the present.

**DCS 390 - Representing America on Film - 3**

An interdisciplinary course in which students investigate the formation and representation of early American identity and produce their own films representing contemporary American identity.

**DCS 391 - Community Ethnography - 3**

This experiential course addresses how to investigate and represent local community history and stories through the methodologies of participant observation, ethnographic research and oral history. This class addresses the concepts of human memory, nostalgia, folklore, storytelling and public history. Students will learn how to use new media technologies, such as digital video, podcasting and website production, as a way to represent community history and culture for the public.

**DCS 401 - Ethnographic Filmmaking - 6**

This course is an interdisciplinary course in which students pair up to produce a short documentary film which represents a community in the Birmingham area. The course contains four key elements: 1) community outreach 2) introduction to social science theory and methods, 3) film theory and the aesthetics of filmmaking, and 4) technical aspects of camera work and digital video editing. *Prerequisites:* Permission of the Instructor

**DCS 450 - Media and Public Service– 3-6**

This course offers students hands-on experience creating and analyzing media pieces about community issues, including documentary films, public service announcements, translation of academic research to lay audiences, and multimedia grant proposals and reports. Emphasis will be on communicating effectively in the non-profit sector. Permission of Instructor

**DCS 460 – Independent Study in DCS – 3-6**

This course will provide an opportunity for advanced students to pursue individual projects in multimedia studies. *Prerequisites:* Permission of the instructor.

**DCS 470 – Internship in DCS – 3-6**

Internships will provide students with the opportunity for hands-on experience with digital technology in a workplace setting. *Prerequisites:* Permission of the instructor.

Courses which are not explicitly listed in the DCS elective list, but satisfy the DCS elective requirements can be substituted with the submission of a signed Course Substitution Form available from the co-director in the DCS minor. Form should be submitted at least one term prior to graduation.

## Earth Science and Geology

**Faculty:** Brande

### Course Descriptions

#### Earth Science (ES)

**ES 101 - Physical Geology - 3**

Study of the earth, its materials and natural resources, processes of change, natural hazards to mankind. Lecture. *Co-requisites:* ES 102

**ES 102 - Physical Geology Lab - 1**

Study of properties and uses of rocks and minerals. Study of landscapes and various types of maps. One laboratory session per week. *Co-requisites:* ES 101

**ES 103 - History of the Earth - 3**

Interpretation of Earth's history through geologic time. Study of life on Earth through the fossil record. Lecture. *Co-requisites:* ES 104

**ES 104 - History of the Earth Lab - 1**

Sedimentary materials and environments of formation. Fossil identification. Geologic time and principles of age-dating. One laboratory session per week. *Co-requisites:* ES 103

**ES 105 - Physical Geography - 3**

Atmosphere, weather, climate and climatic regions, and soils.

**ES 107 - Dir Readings in Earth Science - 1 to 3****ES 109 - Planet Earth - 3**

Major topics and problems in modern earth science. Nature of solid Earth and its atmosphere, climatic change, Earth's resources, interaction of Earth with sun, and planetary geology. Selected readings and videotapes.

**Economics**

The College of Arts and Sciences, in cooperation with the Department of Marketing, Industrial Distribution and Economics in the School of Business, offers coursework leading to the Bachelor of Arts degree with a major or minor in economics. Students pursuing the Bachelor of Arts degree in the College of Arts and Sciences must satisfy the general education requirements (Core Curriculum/minor) of the College of Arts and Sciences.

**MAJOR REQUIREMENTS FOR ECONOMICS**

<b>Requirement</b>	<b>Fulfilled By:</b>	<b>Hrs.</b>
Grade and Residency Requirements	Students must have a 2.0 average in all economics courses, including <b>EC 210</b> and <b>EC 211</b> , required in Core Curriculum Area IV. Students must have an overall 2.0 in <b>EC 210</b> and <b>EC 211</b> before taking upper-level Economics courses. At least 12 hours of 300-level or higher Economics courses applied to the degree must be taken at UAB. Students also must take 12 semester hours of economics courses numbered 300 or above including 9 hours at 400 level at UAB.	-
Required Mathematics	Take the following course: <b>MA 109</b> <i>Note: Completing MA 109 will automatically satisfy the Core Curriculum Area III: Math Requirement.</i>	3
Required Economics	Take all of the following courses: <b>EC 210 EC 211 EC 304 EC 305</b>	12
Economics Electives	Select six hours in <b>Economics (EC)</b> courses, at 300-level or above.	6
Statistics	Select one course from the following. <b>JS 120 MA 180 PSC 412 SOC 410 SW 321</b>	3
	Select six hours from the following courses. <b>EC 405 EC 407 PSC 355 PSC 461</b>	6
	Select six hours from the following courses. <b>ANTH 365 HY 234/HY 334 HY 227, PSC 262</b>	6
Capstone Requirement	Capstone Course	<b>3</b>
<b>Total Major Requirements:</b>		<b>39</b>

**ADDITIONAL REQUIREMENTS**

<b>Requirement</b>	<b>Fulfilled By:</b>
Minor	A minor is required for this degree.
General Electives	Students must take general electives to reach the 120 semester hour requirement.

**MINOR REQUIREMENTS FOR ECONOMICS**

<b>Requirement</b>	<b>Fulfilled By:</b>	<b>Hrs.</b>
Grade & Residency Requirement	A student must have at least a 2.0 GPA in all attempted Economics courses. At least nine hours of 300-level or above Economics courses must be completed at UAB.	-
Required Economics Courses	Take all of the following courses: <b>EC 210 EC 211 EC 304 EC 305</b> <i>Note: EC 210 and EC 211 may also be eligible to count toward Core Curriculum Area IV; check the Core Curriculum for your particular major.</i>	12
Economics Electives	Select six hours from <b>Economics (EC)</b> courses numbered 300 or above.	6
<b>Total Minor Requirements:</b>		<b>18</b>

Students majoring or minoring in economics will pursue the economic analysis and policy track of the B.S. degree program within the School of Business. Note that the quantitative-methods track is not open to economics majors within the College of Arts and Sciences.

## Course Descriptions

### Economics (EC) Lower Level

#### **EC 110 - Economics and Society - 3**

Economic principles and development of economic analysis. Combines key elements of EC 210 and 211. Primarily intended for majors in School of Education seeking to meet certification requirements; also open to students outside School of Business who wish to survey economics in one course. Not open to entering freshmen; not open to majors in School of Business or economics majors in College of Arts and Sciences.

#### **EC 210 - Principles of Microeconomics - 3**

Theory of production and value, including problems of monopoly, oligopoly, and distribution of income. Not open to entering freshmen. (CORE AREA IV).

#### **EC 211 - Principles of Macroeconomics - 3**

Economic analysis and its use in dealing with business and governmental problems. National income, price-level, employment, governmental fiscal policies, and international economics. Not open to entering freshmen. (CORE AREA IV).

### Upper Level

#### **EC 301 - Money and Banking - 3**

Money supply, banking system, and other financial institutions; how money affects aggregate economic activity.

#### **EC 303 - Labor Economics - 3**

Economic analysis in dealing with major aspects of such problems as employment, wages, hours, unionism, labor-management relations, and social security. Influence of psychological and institutional factors.

#### **EC 304 - Microeconomics - 3**

Advanced economic principles underlying value and distribution with additional training in application of these principles to problems of analysis.

#### **EC 305 - Macroeconomics - 3**

Forces determining level of income and employment in economic systems, with special reference to United States. Causes and cures of unemployment. Role of government in maintaining high level of employment.

#### **EC 308 - Economics of Environment - 3 hrs**

Use of economic analysis to examine interaction between economic institutions and physical environment. Specific topics: social costs and benefits of economic growth, interactions between private business and public welfare, and socioeconomic systems and goals. *Prerequisites:* C or better in AC 201, EC 210, EC 211, IS 103, LS 246 and QM 215.

#### **EC 310 - Managerial Economics - 3**

Economic theory and its application to managerial decision making process. Demand analysis, estimation, cost analysis, market analysis, pricing strategy. *Prerequisites:* EC 210 and EC 211 and QM 214

#### **EC 320 - Behavioral Economics - 3 hrs**

Incorporation of psychology into models of economic behavior. These models are applied to a variety of fields including industrial organization, marketing, and negotiation. *Prerequisite:* C or better in EC 210.

#### **EC 330 - Cooperation and Competition - 3 hrs**

An introduction to game theory, teaching basic concepts necessary for application to problems in intermediate microeconomics (bargaining, cartels, auctions, incentives, contracts). Mathematics used is either self-contained within the course or restricted to the level of introductory microeconomics. Theory is applied to sample problems from business, politics and social life. An introduction to evolutionary game theory is included. Quantitative Literacy is a significant component of this course (QEP). *Prerequisite:* C or better in EC 210.

#### **EC 401 - Mathematical Approach in Economics and Business - 3**

Mathematical approach in economics and business. *Prerequisite:* EC 304

#### **EC 403 - Monetary Economics - 3**

Current theories of monetary policy and management, historical development of theory and practice, contemporary policies employed by monetary authorities, institutions concerned, evaluation of policies and reform, and interrelations between monetary factors and economic processes. *Prerequisites:* EC 301 and EC 304 and EC 305

#### **EC 404 - Topics in Public Policy - 3**

Topics in Public Policy. *Prerequisite:* EC 304

**EC 405 - Econ Development and Growth - 3**

Problems of economic development; growth of less developed economies compared with those of advanced economies. Theories of economic development. Policy measures to promote development of growth, with emphasis on measures to accelerate development of countries. *Prerequisite:* EC 304

**EC 407 - International Economics - 3**

Analysis of theoretical principles underlying international trade and investment, and international monetary relations. Study includes the effects on domestic and foreign economies of commercial, monetary and fiscal policies. (Also IB 407)

**EC 408 - Topics Hist of Econ Theory - 3**

The development of economic thought from antiquity to the end of the twentieth century, with emphasis on the synthesis of evolving ideas constituting current economic theory. *Prerequisites:* EC 210 and EC 211

**EC 409 - Survey of Econometrics - 3**

Econometric methods emphasizing mathematical formulation and statistical testing of economic theories. Problems and corrective procedures in single-equation regression estimation, such as multicollinearity, autocorrelation, heteroscedasticity, and lagged variables. Identification, estimation, and applications of simultaneous-equation models. *Prerequisites:* EC 301 and EC 305

**EC 411 - Public Finance - 3**

Principles of taxation, government expenditures, borrowing, and fiscal administration. *Prerequisite:* EC 304

**EC 413 - Urban Economics - 3**

Economic issues and structure of metropolitan areas. Economic growth and decay of urban regions. Specific topics: housing, education, employment, political economy, and public safety. (Also UA 413)

**EC 414 - Industrial Organization - 3 hrs**

Structure and performance of monopolistic and oligopolistic industries, emphasizing efficiency, pricing policies, and investment decisions. Extent and nature of concentration in economy as whole. *Prerequisite:* C or better in EC 304.

**EC 420 - Applied Forecasting - 3**

Practical use of various forecasting techniques on business and economic data. Topics include dynamic regression models, exponential smoothing, forecast criteria, moving averages, seasonality, and univariate Box Jenkins ARIMA modeling. (Also QM 420)

**EC 425 - Applied Regression Analysis - 3**

Simple, multilinear, and polynomial regression analysis. Model selection, inferential procedures, and application with computer. (Also QM 425)

**EC 440 - Economics for Educators - 3**

Students will gain an understanding of both basic economic principles and entrepreneurship and learn innovative methods of transferring economic knowledge to elementary and secondary students. Students will also become well-versed in the National and Alabama State standards of learning. Only open to education majors and certified teachers in K-12. This class is not open to economics or business majors.

**EC 450 - Economics, Institutions & Law - 3 hrs**

The course will study the microeconomic and macroeconomic consequences of different institutional environments and arrangements of designed incentives. This will include political, regulatory and legal structures and rules, both as pertain to actual institutions at the macro level (e.g., the Federal Reserve, the IMF, the World Bank) and regulated structures at the micro level (households and firms). The presumed conceptual frameworks will be based on intermediate microeconomics and introductory macroeconomics. Normative justification of institutional designs will be addressed. *Prerequisites:* EC 211 and EC 304.

**EC 460 - Economics Internship - 3 hrs**

The economics internship program offers qualified students the opportunity to gain first-hand experience in local organizations for a term while receiving academic credit. Participating organizations are expecting to receive high-quality work from the students they sponsor. The active participation by students in actual business decisions of the sponsoring organization is the primary interest of the internship. *Prerequisites:* EC 210, EC 211, EC 304 and 305, 3.0 Economics GPA and permission of instructor.

**EC 490 - Advanced Topics in Economics - 3**

Selected topics in economics. Quantitative Literacy is a significant component of this course (QEP).

**EC 499 - Directed Readings in Economics - 1 to 3**

Investigation of specific areas in economics. Requires permission of the department chair or designated representative prior to registration.

## Environmental Science

The minor in environmental science enables students to receive a broad background both in the sciences and in the application of scientific principles to environmental problems.

### MINOR REQUIREMENTS FOR ENVIRONMENTAL SCIENCE

Requirement	Fulfilled By:	Hrs.
Grade Requirement	All courses applied to this minor must be completed with a grade of C or better.	-
Required Biology courses	Take all of the following courses: <b>BY 123 CH 115 + CH 116 ENV 108 + ENV 109</b> <b>BY 124 ES 101 + ES 102</b> <i>Note: All of these courses may also satisfy the Core Curriculum Area III: Natural Sciences requirement; check the Core Curriculum for your particular major.</i>	20
Biology Electives	Select 9 hours from the following groups. Biology majors may not select from the Biology course list and Chemistry majors may not select from the Chemistry course list.  Biology: <b>BY 260 BY 397 BY 435 BY 452 BY 465 BY 470</b> Civil Engineering: <b>CE 433 CE 434</b> Chemistry: <b>CH 297 CH 355</b> Marine Environmental Science: <b>MESC 302 MESC 411 MESC 412 MESC 417</b>	9
<b>Total Minor Requirements:</b>		<b>29</b>

Students may pursue a major in environmental science through an individually designed major. Call Academic Programs & Policy for information about individually designed majors, (205) 934-5503.

### Course Descriptions

#### Environmental Science (ENV)

##### ENV 108 - Human Population and the Earth's Environment - 3

Influence of human population on Earth's environment: ecological principles, population dynamics, climate change, water and energy resources, pollution, climate change, water and energy resources, pollution, waste disposal, plant and animal extinctions, and food resources. Lecture and films.

##### ENV 109 - Lab in Environmental Science - 1

Experiments on topics essential to study of environment and which reveal complexity of solving environmental problems. *Prerequisites or Co-requisite:* ENV 108

## Environmental Studies

**Directors:** Loretta Cormier and Sharyn Jones (Anthropology)

**Faculty:** Becker (Environmental Health Sciences), Collins (English), Hwang (Sociology), Kyle (Anthropology), LaGory (Sociology), Lalor (Civil Engineering), Macrina (Health Education), Marion (Biology), Mohl (History), Petri (Human Studies), Wheatley (Anthropology)

The environmental studies minor, housed in the College of Arts and Sciences, is an interdisciplinary program for students seeking a broad learning experience in environmental issues. The minor brings students together with faculty and subjects from a range of disciplines and exposes them to issues at the individual, local, state, national, and international levels. The program helps students become better informed citizens and introduces them to environmentally related professional opportunities. Since UAB has an explicit urban mission, students are encouraged to learn about eco-cultural conditions in cities, where 83 percent of U.S. citizens live. Water and air pollution, hazardous waste sites, and shrinking green space and recreational areas are just a few of the environmental problems often associated with the urban setting. Such problems tend especially to affect minority groups and the poor living in inner-city neighborhoods.

## MINOR REQUIREMENTS FOR ENVIRONMENTAL STUDIES

Requirement	Fulfilled By:	Hrs.
Grade Requirement	A C or better is required in all courses applied to the minor.	-
Environmental Studies Foundation Courses	Take all four of the following courses: <b>ANTH 299 ANTH 460 BY 370 ENV 108</b>	12
Environmental Studies Electives	Select nine hours from the following courses: <b>ANTH 106 CE 441 ES 109 ITS 205 UA 404</b> <b>BY 407 EC 308 HE 141 PSC 490 UA 492</b> <b>CE 236 ENG 214 HE 223 SOC 200 UA 493</b> <b>CE 431 ENG 392 HY 435 SOC 280</b> <b>CE 433 ES 101 HY 482 SOC 470</b> <i>Note: ANTH 106 and ITS 205 may also be eligible to count toward Core Curriculum Area IV; check the Core Curriculum for your particular major.</i>	9
<b>Total Minor Requirements:</b>		<b>21</b>

## Film Interdisciplinary Minor

**Director:** Mack (Communication Studies)

**Committee:** Bokobza (Foreign Languages and Literatures), Danielou, Forman (Anthropology, Urban Affairs), Hubbard (Theatre), Lowther (Art/Art History), Mack (Communication Studies), Millard (History), Phillips (Music), Shackelford (Theatre), Siegel (English)

The College of Arts and Sciences Interdisciplinary Film Minor is a 21-hour program. Students are required to take 12 hours of electives and 9 hours within a concentration. (Note that some courses in concentrations may have additional prerequisites.) Electives must be chosen from a minimum of 3 departments. Concentration sequences are offered in the areas of film studies, digital video art, documentary video production, and narrative video production. Students may petition to substitute courses for electives up to 6 credit hours. Contact the director of the minor for information regarding elective course substitutions.

### ELECTIVES (12 hours)

<b>AAS 310</b>	Black Image: Screen and Television	<b>MC 102</b>	Introduction to Cinema
<b>ARS 260</b>	Introduction to Time Based Media	<b>MC/FLL 303</b>	History of World Movies I: The Origins to 1960
<b>ARS 360</b>	Intermediate Time Based Media	<b>MC/FLL 304</b>	History of World Movies II: From 1960
<b>ARS 406</b>	Digital Filmmaking	<b>MC 375</b>	Narrative Video Production I
<b>ARS 460</b>	Advanced Time Based Media	<b>MC 385</b>	Narrative Video Production II
<b>ARS 461</b>	Emerging Technologies:	<b>MU 245</b>	Recording Technology I
<b>DCS 401/HON 316</b>	Ethnographic Filmmaking	<b>MU 441</b>	Multimedia Productions
<b>DCS 460</b>	Independent Digital Community Studies	<b>THR 200</b>	Plays on Film
<b>EH 210</b>	Interpreting Film	<b>THR 216</b>	Beginning Screenwriting
<b>EH 431</b>	Special Topics in Film	<b>THR 277</b>	Beginning Filmmaking
<b>HY 307</b>	The American Film	<b>THR 316</b>	Advanced Screenwriting
<b>HY 311/ DCS 201</b>	History of the Documentary Film	<b>THR 377</b>	Acting for the Camera
<b>HY 431</b>	American Film and Violent Society	<b>THR 477</b>	Script to Screen

### CONCENTRATION SEQUENCE (9 hours)

<b>Film Studies</b>	MC 102 or HY 311, EH 210, EH 431
<b>Digital Video Art</b>	ARS 260, ARS 360, ARS 460
<b>Documentary Filmmaking</b>	DCS 401/HON 316, DCS 460
<b>Narrative Filmmaking</b>	THR 277, MC 375, MC 475

### MINOR REQUIREMENTS FOR FILM STUDIES

Requirement	Fulfilled By:	Hrs.
Electives	Select one to three from the following courses: <b>AAS 310 DCS 401/HON 316 HY 431 MU 245 THR 377</b> <b>ARS 260 DCS 460 MC 102 MU 441 THR 477</b> <b>ARS 360 EH 210 MC/FLL 303 THR 200</b> <b>ARS 406 EH 431 MC/FLL 304 THR 216</b> <b>ARS 460 HY 307 MC 375 THR 277</b> <b>ARS 461 HY 311/DCS 201 MC 385 THR 316</b>	<b>12</b>

<b>Total Major Requirements:</b>		<b>21</b>

## Gerontology

**Director:** Patricia L. Sawyer

**Committee on Undergraduate and Graduate Education in Gerontology Director:** Sawyer (Center for Aging)

**Associate Directors:** Dented (Sociology), Shevchenko (Health Professions)

**Members:** Allan (Center for Aging), Ball (Psychology), Curtis (Division of Gerontology, Geriatrics, and Palliative Care), Fordham (Nursing), Galvin (Public Health), Ghana (Biology), Peel (Faculty Development and Faculty Affairs), Wadley (Psychology)

**Advisory:** Linney (College of Arts & Sciences)

Gerontology is the study of processes of aging in all their diversity—the complex interaction of individual, social, and organizational phenomena producing change over the entire life span. Gerontological education necessarily encompasses many traditional disciplines in the biological, behavioral, medical, and social sciences, as well as numerous professional specialties. The philosophy of the Gerontology Education Program is that research and instruction of the highest quality are achieved when faculty and students are trained within their parent discipline or field and apply their insights to questions of aging through interdisciplinary education. In this sense, students bring a firm disciplinary background with a specialized body of knowledge into their future endeavors.

UAB's Gerontology Education Program offers interdisciplinary courses in gerontology, leading to an undergraduate minor. The study of gerontology at this level provides students educated in various disciplines with the background needed to work in programs related to aging and the aged. The program's main goals are to provide students with a thorough background in existing theory and research in gerontology and to supplement their existing backgrounds and professional disciplines.

The academic program is administered by the director of the Gerontology Education Program. The director is also responsive to the guidance of the Committee on Undergraduate and Graduate Education in Gerontology and serves as chair of the committee. The committee is made up of representatives from academic departments throughout UAB who are active in the study of aging and the aged. The director reports to the dean of the College of Arts and Sciences and to the director of the Center for Aging.

The multidisciplinary gerontology program is offered to all UAB students in good standing. The program has the sponsorship and support of the College of Arts and Sciences and the Center for Aging. Students may obtain the program's *Operating Policies: Standards and Procedures Manual* through the program director.

### MINOR REQUIREMENTS FOR GERONTOLOGY

Requirement	Fulfilled By:	Hrs.
Grade Requirement	A grade of C or better is required in all courses applied to the minor. Additionally, students must have a GPA of at least 2.5 in all courses applied to the minor.	-
Required Gerontology Courses	Take all of the following courses: <b>GER 280 GER 425 GER 469</b>	9
Practicum or Independent Reading / Research Project	Complete a practicum or independent reading or research project for three credit hours. See your advisor for details.	3
Gerontology Electives	Select six hours from <b>Gerontology (GER)</b> courses.	6
<b>Total Minor Requirements:</b>		<b>18</b>

## Course Descriptions

### Gerontology (GER)

#### **GER 280 - Biology of Aging - 3**

Current understanding of aging, measurement of aging changes, theories of aging, and aging changes in various human systems. *Prerequisite:* BY 123

#### **GER 285 - Introduction to Aging - 3**

Aging experience in modern world. Theories of aging, dimensions of aging, everyday concerns associated with aging, and future prospects of aging. Guest lectures by professionals in the field and other faculty in gerontology.

#### **GER 309 - Community Res. for Spec Pop - 3**

Analysis of community-based programs for specific populations: older citizens, persons with HIV/AIDS, and the chronic mentally ill.

#### **GER 385 - Social Psychology of Aging - 3**

Behavioral and structural relationships of aged population in America. Aging and interpersonal behavior, aging and social structure, and aging and social intervention. *Prerequisites:* SOC 100

#### **GER 397 - Adv Dir Reading: Bio of Aging - 1 to 3**

Reading and independent study in selected areas under supervision of faculty sponsor. Gerontology topic required.

#### **GER 398 - Research Prac in Psychology - 1 to 3**

Independent project, study, or reading supervised by member of faculty.

#### **GER 403 - Politics of Aging - 3**

Role of aging in political process. Political demands made by elderly, role of aging in political decision-making, and policy outputs relevant to older population.

#### **GER 407 - Pathology of Memory - 3**

Memory disorders from stand point of experimental psychology and neuropsychology. Amnesic syndrome, dementia, transient memory disorders, Alzheimer's disease, epidemiology and public health issues.

#### **GER 420 - Anthropology of Old Age - 3**

Anthropology of Old Age: Cross-cultural perspective of status alternatives for elderly. Examination of differing roles, especially kinship, of elderly in Africa, Europe, Oceania, Middle East, and various ethnic groups in U.S.

#### **GER 425 - Psychology of Aging - 3**

Age changes in human cognition and behavior. Sensory processes, memory, intelligence, physiology and health, psychopathology, and life-span development and adjustment.

#### **GER 438 - Gero/Geriatrics Multi-Core - 3**

#### **GER 455 - Minority Aging - 3**

Cross-racial/ethnic exploration on national level of special problems of minority aged groups such as Latinos, Blacks, Chinese, Japanese, Koreans, Pacific-Asians, and American Indians. Family, church, health care, housing, adult education, retirement, income, and recreation. *Prerequisite:* SOC 100

#### **GER 456 - Death and Dying - 3**

Death and dying from sociological and social psychological perspectives. Social significance of death as human existential phenomenon. Recent trends in definition, distribution, and handling of death and dying (e.g., interaction with dying persons, hospice movement, and funeral practices). *Prerequisite:* SOC 100

#### **GER 457 - The Aging Family - 3**

Exploration of changes in family structure; status of aging in family in various societies; intra-and inter-generational relations; family-related role transitions. *Prerequisite:* SOC 100

#### **GER 459 - Aging: Policy and Programs - 3**

Analysis of American social policies on aging and aged. Survey of related legislation, programs, and services. Special focus on evaluating effects of policies and programs for aged.

#### **GER 462 - Environment and Aging - 3**

Analysis of special consequences of residential environment for older people. Patterns of residence among elderly; fit between lifestyles and types of residence; consequences of living in segregated versus age-integrated neighborhoods, retirement homes, and nursing homes; examination of policy options.

#### **GER 469 - Sociology of Aging - 3**

How role and status changes with age in relation to major social institutions; adjustments people make to such changes. Aging population's impact on society and effect of society on aged.

**GER 485 - Age Stratification - 3**

Description of normal aging process; survey of individual troubles and group social problems associated with aged. Specific topics include health, economic status, work/retirement, family relations, housing/living environments, and transportation problems.

**GER 488 - Sociological Practice - 3**

Students will be involved in community research projects related to intergenerational relations, aging, medicine, and/or health. Placement in community organizations, e.g. schools, senior centers, to focus on research methods related to social policy.  
*Prerequisite:* SOC 100

**GER 490 - Independent Study: Sociology - 1 to 3**

Individually designed programs for students wishing to conduct semi-independent research or guided reading in gerontology.

**GER 491 - Independent Study: Sociology - 1 to 3**

Individually designed programs for students wishing to conduct semi-independent research or guided reading in gerontology.

**GER 498 - Independent Study I - 1 to 3**

Community service projects under direction of faculty.

**GER 499 - Independent Study II - 1 to 3**

Community service projects under direction of faculty.

## International Studies

**Interim Director:** Catherine Danielou

**Faculty:** Zahariadis, Corbetta (Government); Kyle, Liber, McWilliams, Murray, Van Sant (History and Anthropology); Cockerham (Sociology); Brouwer, McIver (Art and Art History); Kim (English); Danielou, Long (Foreign Languages and Literatures)

The International Studies Program promotes a holistic appreciation of the different values and structures that characterize the world's diverse societies, as well as an understanding of the institutions that produce economic, social, cultural, and political interdependence among nations.

A major or minor in international studies provides students with the background necessary to pursue a variety of public and private-sector careers. Employment opportunities are as numerous and varied as the interests and abilities of individual students. Majors may find employment in diplomatic or foreign service; international business, law, or labor relations; international development, social service, or health agencies; and cultural organizations. The minor complements any major area by providing students with an international focus in their field.

The program is administered by the College of Arts and Sciences. In addition, courses taught in other schools and professional programs at UAB may be relevant to the curriculum developed by a student in pursuit of his or her specific career goals.

International Studies is an interdisciplinary major. Courses eligible to apply to this major may vary with the emphasis that a student chooses. See your advisor for identifying an appropriate curriculum in your area of interest.

### MAJOR REQUIREMENTS FOR INTERNATIONAL STUDIES

Requirement	Fulfilled By:	Hrs.
Grade and Level Requirement	A grade of C or better is required in all International Studies courses. Students must demonstrate second-year proficiency in a foreign language. Students must ensure that at least 9 hours are taken in an approved geographic concentration. Geographic areas currently include Europe, Africa, Asia, Latin America and the Middle East. At least 15 credits must be taken at the 300 level including 9 hours at 400 level. Students must fulfill an international experience. This requirement may be satisfied by one of the following: participation in a study abroad program; participation in a course with a substantial international, applied component to it; participation in the Model Arab League simulation or its equivalent; or participation in an internship with an international organization or company.	-
Required International Studies	Take all of the following courses: <b>PSC 103 FLL 120 ITS 471</b> <i>Note: Completing PSC 103 will automatically satisfy three hours of Core Curriculum Area IV.</i>	9
Capstone Requirement	Take the following courses: <b>ITS 470</b>	3

Economic Awareness	Select one of the following courses: <b>ANTH 318 ANTH 365 ANTH 369 EC 405 EC 407 PSC 355 PSC 461</b>	3
Socio-Political Concentration	Select three of the following courses. Must be from at least two different departments. <b>ANTH 225 ANTH 369 HY 265 HY 446 HY 471 PSC 266/466 ANTH 231 ANTH 417 HY 272 HY 447 HY 474 PSC 360 ANTH 241 ANTH 475 HY 283 HY 456 HY 475 PSC 361 ANTH 242 HY 234 HY 284 HY 457 HY 476 PSC 362 ANTH 243 HY 245 HY 341 HY 458 HY 477 PSC 363 ANTH 244 HY 247 HY 342 HY 460 JS 115 PSC 465 ANTH 245 HY 248 HY 355 HY 461 PSC 102 SOC 200 ANTH 247 HY 251 HY 365 HY 462 PSC 250/350 SOC 278 ANTH 248 HY 252 HY 374 HY 463 PSC 251/351 SOC 325 ANTH 268 HY 257 HY 375 HY 464 PSC 252/352 SOC 335 ANTH 290 HY 258 HY 376 HY 466 PSC 253/353 SOC 370 ANTH 330 HY 260 HY 377 HY 467 PSC 254/354 SOC 480 ANTH 356 HY 261 HY 419 HY 468 PSC 260 ANTH 360 HY 262 HY 421 HY 469 PSC 261 ANTH 361 HY 263 HY 433 HY 470 PSC 262</b>	9
Cultural Literacy	Select three of the following courses. Must be from at least two different departments <b>ANTH 100 ANTH 319 ARH 204 FLL 220 HY 465 PHL 239 ANTH 101 ANTH 320 ARH 206 HY 266 MU 366 PSC 104 ANTH 104 ANTH 357 EH 217 HY 271 MU 367 PSC 341 ANTH 107 ANTH 405 EH 218 HY 357 MU 371 PSC 342 ANTH 121 ANTH 450 EH 242 HY 434 MU 372 PSC 364 ANTH 204 ARH 101 EH 422/522 HY 454 PHL 232 ANTH 305 ARH 203 EH 423/523 HY 459 PHL 233</b>	9
Electives	Students must take 6 semester hours from any of the above approved list of courses AND/OR from the list below. <b>ANTH 123 ANTH 207 ANTH 304 ANTH 366 EH 421 FLL 303 FLL 304 FLL 485</b>	6
<b>Total Major Requirements:</b>		<b>39</b>

### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
Minor	A minor is required for this degree.
General Electives	Students must take general electives to reach the 120 semester hour requirement.

### MINOR REQUIREMENTS FOR INTERNATIONAL STUDIES

Requirement	Fulfilled By:	Hrs.
Grade & Residency Requirement	A C or better is required in all International Studies courses applied to the minor. At least half of the minor must be completed at UAB or through BACHE.	-
Required Course	Take the following courses: <b>PSC 103 FLL 120 ITS 470 or ITS 471</b> <i>Note: PSC 103 may also be eligible to count toward Core Curriculum Area IV; check the Core Curriculum for your particular major.</i>	9

International Studies Electives	Select 9 hours from the following list. At least 6 hours must be taken at the 300-level or above	9
	<b>ANTH 100 ANTH 357 FLL 304 HY 357 HY 466 PSC 355</b> <b>ANTH 101 ANTH 360 FLL 485 HY 365 HY 467 PSC 260</b> <b>ANTH 104 ANTH 361 HY 234 HY 370 HY 468 PSC 261</b> <b>ANTH 107 ANTH 364 HY 245 HY 371 HY 469 PSC 262</b> <b>ANTH 121 ANTH 365 HY 247 HY 374 HY 470 PSC 266/466</b> <b>ANTH 123 ANTH 366 HY 248 HY 375 HY 471 PSC 341</b> <b>ANTH 204 ANTH 369 HY 251 HY 376 HY 474 PSC 342</b> <b>ANTH 205 ANTH 405 HY 252 HY 419 HY 475 PSC 360</b> <b>ANTH 207 ANTH 417 HY 257 HY 421 HY 476 PSC 361</b> <b>ANTH 225 ANTH 450 HY 258 HY 433 HY 477 PSC 362</b> <b>ANTH 231 ANTH 475 HY 260 HY 434 JS 115 PSC 363</b> <b>ANTH 241 ARH 101 HY 261 HY 446 MU 366 PSC 364</b> <b>ANTH 242 ARH 203 HY 262 HY 447 MU 367 PSC 461</b> <b>ANTH 243 ARH 204 HY 263 HY 454 MU 371 PSC 465</b> <b>ANTH 244 ARH 206 HY 264 HY 455 MU 372 PY 319</b> <b>ANTH 245 EC 405 HY 265 HY 456 PHL 232 SOC 200</b> <b>ANTH 247 EC 407 HY 266 HY 457 PHL 233 SOC 278</b> <b>ANTH 248 EH 217 HY 271 HY 458 PHL 239 SOC 325</b> <b>ANTH 268 EH 218 HY 272 HY 459 PSC 102 SOC 335</b> <b>ANTH 290 EH 242 HY 283 HY 460 PSC 104 SOC 370</b> <b>ANTH 304 EH 421 HY 284 HY 461 PSC 250/350 SOC 480</b> <b>ANTH 305 EH 422/522 HY 341 HY 462 PSC 251/351</b> <b>ANTH 318 EH 423/523 HY 342 HY 463 PSC 252/352</b> <b>ANTH 320 FLL 220 HY 353 HY 464 PSC 253/353</b> <b>ANTH 356 FLL 303 HY 355 HY 465 PSC 254/354</b>

## Honors Program in International Studies

### Purpose

The ITS Honors Program is designed for qualified, self-motivated international studies majors. Through special course distribution and credit hours requirements, as well as a directed honors thesis, students are prepared for in-depth ITS research and related graduate or professional opportunities.

### Eligibility

Students must meet the following eligibility criteria:

1. 3.0 cumulative GPA at UAB, 3.3 GPA in ITS (and maintenance of these minima)
2. junior standing
3. declaration of ITS as student's major
4. letter of Intent to the Director. The Director approves admission into the program in consultation with the ITS faculty.

### Requirements

Students are required to successfully complete the following:

1. completion of ITS 470 or ITS 471 Seminar in International Studies (3 credits)
2. enrollment in ITS 497 Honors Research in ITS (3 credits) after completion of the Seminar

3. following completion of ITS 497, preparation of an advanced research project which will lead to the development of a substantial research paper and, in some cases, a senior thesis under faculty supervision (all faculty affiliated with ITS are eligible to supervise the paper)
4. defense of paper/thesis in colloquium, composed of ITS faculty and other ITS 497 students
5. participation in SIR, the international studies honor society

### Benefits

Honors students will benefit from one-on-one mentoring with faculty in the program, which will lead to a more thorough understanding of the field and practice of international studies. This is particularly useful as students choose career goals, such as graduate school, international public service, the U.S. Foreign Service, or other opportunities. Additionally, students who complete the program will receive a certificate at the annual UAB Honors Convocation and will graduate "With Honors in International Studies."

### Contact

For more information and/or admission to the International Studies Honors Program, contact the ITS Director, 414 Heritage Hall, Birmingham, AL 35294-1152; Telephone (205) 934-9680.

## Course Descriptions

### International Studies (ITS)

#### **ITS 110 - Directed Reading in Intl Study - 1 to 3**

Critique of current popular works in International Studies. *Prerequisite:* permission of ITS director.

#### **ITS 223 - International Study Abroad - 3**

Independent study done in International setting in conjunction with non-UAB academic program. *Prerequisite:* permission of ITS director.

#### **ITS 229 - International Study Abroad - 3**

Current events in international setting. Part of UAB Study Abroad Program. *Prerequisite:* permission of ITS director.

#### **ITS 250 - Special Topics - 3**

Topics in world geography and international issues. *Prerequisite:* permission of ITS director.

#### **ITS 299 - Problems International Studies - 1 to 3**

#### **ITS 470 - International Studies Seminar - 3 (Also PSC 402)**

International Studies exit seminar that draws together program themes and summarizes main threads of current global issues. *Prerequisite:* permission of ITS director.

#### **ITS 471 - International Studies Seminar - 3 (Also PSC 403)**

International Studies seminar that draws together program themes and summarizes main threads of current global issues. *Prerequisite:* permission of ITS director.

#### **ITS 480 - Adv Prob International Studies - 3**

Independent study. *Prerequisite:* permission of ITS director.

#### **ITS 482 - Intl Affairs Internship - 3**

Individually arranged assignments in international companies or organizations, monitored and evaluated by the director of international studies. *Prerequisite:* permission of ITS director.

#### **ITS 497 - Honors Research in International Studies - 3**

Directed research by international studies honors student. *Prerequisite:* permission of ITS director.

#### **ITS 499 - Adv Sem International Studies - 3**

Special-topic seminar treating major current event or international problem.

## Natural Science

The purpose of the Natural Science degree is to enable students to receive a general science education based on a course of study which is broader, but less in-depth in a single area, than a typical science major in the College of Arts and Sciences.

Requirements are successful completion of 30 semester hours approved and offered by one science department (designated the major) and 27 semester hours approved and offered by a second science department (designated the minor). The five science departments are found within the College of Arts and Sciences and

include Biology, Chemistry, Computer Science, Mathematics, and Physics. At least 9 semester hours of the major must be at the 400 level or above.

Because departments within the college offer a variety of courses for diverse purposes, not every course listed in this catalog can be counted toward the natural science degree. Students must obtain approval of a plan of study leading toward this degree from the department chair of both the major and minor departments. It is advisable to do this as soon as possible to avoid taking courses that might not be approved toward the degree. In addition to the number of hours, there is a requirement of at least a C average in courses counted toward the major and also in courses counted toward the minor. At least one-third of the hours in both the major and minor must be completed at UAB, and at least a C average must be maintained in these courses. Individual departments may be contacted for specific listings of courses required or recommended for the major or minor in that department for the natural science degree, or for information about particularly effective major/minor pairings.

## Women’s Studies

**Director:** Jean Ann Linney

**Faculty:** Austin (Sociology and Social Work), Baker (English), Cormier (History and Anthropology), Doss (History and Anthropology), Elias (English), Foreman (History and Anthropology), Frost (English), Goldman (Special Education), Gunther-Canada (Government), Jones (History and Anthropology), Keita (Nutrition), J. King (Center for Labor Education and Research), P. King (History and Anthropology), Morgan (Justice Sciences), Murray (History and Anthropology), Needham (Sociology and Social Work), Sloan (Justice Sciences), Taylor (Human Studies), Trigg (Sociology and Social Work), Whatley-Smith (English)

Women’s studies investigates the subject of women within specific disciplines and across disciplinary boundaries. Courses explore women’s history, culture, work, and family life, and the structure of society and its impact on men and women. Women’s studies examines the issue of gender difference, analyzing its psychological, social, and cultural manifestations.

Because coursework in women’s studies provides insight into the human condition, it serves the traditional liberal arts objective of broadening and enriching one’s understanding of the world. Students pursuing careers that will require them to deal with women’s issues in the fields of government, social service, and health will also benefit from coursework in women’s studies.

### MINOR REQUIREMENTS FOR WOMEN'S STUDIES

Requirement	Fulfilled By:	Hrs.
Grade & Residency Requirement	A C or better is required in all courses applied to the minor. At least half of the minor must be completed at UAB.	-
Required Women's Studies Courses	Take both of the following courses: <b>WS 100 WS 400</b> <i>Note: WS 100 may also be eligible to count toward Core Curriculum Area IV; check the Core Curriculum for your particular major.</i>	6
Women's Studies Electives	Select twelve hours from <b>Women's Studies (WS)</b> courses or the courses listed below (EH 492,): or seek approval for others not listed. <b>ANTH 357 HY 303 JS 442 SOC 220 SOC 482</b> <b>EH 444 HY 342 JS 443 SOC 240 SOC 490/WS 480</b> <b>EH 487 HY 423 PSC 322 SOC 135 SOC 491</b> <b>EH 492 HY 445 PY 420 SOC 335</b>	12
<b>Total Minor Requirements:</b>		<b>18</b>

The following is not a comprehensive list of courses; other courses can be considered for credit in the Women’s Studies Program. For full descriptions of courses other than Women’s Studies, refer to the appropriate department’s course listings in this catalog. Note: Special topics courses with the same numerical designation may be repeated for credit. However, courses with the same content may not be repeated.

### Course Descriptions

#### Women’s Studies (WS)

##### **WS 100 - Intro to Women's Studies - 3**

Interdisciplinary study of role of women in society through social, political, economic, philosophical, historical, and biological perspectives. Required for women's studies minor.

**WS 279 - Women Rogues and Radicals - 3**

This course looks at women as agents of their own history in the United States and of American society as a whole. It concentrates on how women have defined and used sexual politics, political radicalism, and reform agendas from the 1600's to the 1960's.

**WS 280 - Spec Topics in Women's Studies - 1 to 3**

Subjects of special interest, such as women and religion, women in civil rights movement, and theories of women's studies. Varies in content depending upon topic. Students may enroll under these numbers multiple times but topic may not be repeated.

**WS 379 - Women Rogues and Radicals - 3**

This course looks at women as agents of their own history in the United States and of American society as a whole. It concentrates on how women have defined and used sexual politics, political radicalism, and reform agendas from the 1600's to the 1960's.

**WS 400 - Theory/Practice of Women's Study - 3**

Everyday applications of theory studied in various women's studies courses. Required for women's studies minor. *Prerequisite:* WS 100

**WS 480 - Special Topics in Women's Studies - 1 to 3**

Subjects of special interest, such as women and religion, women in civil rights movement, and theories of women's studies. Varies in content depending upon topic. Students may enroll under these numbers multiple times but topic may not be repeated.

**WS 490 - Directed Readings Women's Studies - 1 to 3**

Independent study with faculty guidance of selected gender-related issues.

**WS 491 - Directed Studies Women's Studies - 1 to 3**

Independent research with faculty guidance on selected gender-related issues.

**WS 495 - Internship in Women's Studies - 1 to 3**

Experience in community agency working with women or gender issues. Course requirements dependent upon number of credits student wishes to take.

## Department of Art & Art History

**Chair:** Erin Wright

**Associate Chair:** Jessica Dallow

**Faculty:** Alexander, Barrett, Baulos, Brouwer, Chapman, Cracco, Cummings, Dallow, Dillon (Emeritus), Kluge (Emerita), Lowther, McIver, McPherson, Powers, Rieger, Schnorrenberg (Emeritus), Wright

The Department of Art and Art History curricula offers an educated appreciation of the history and creative processes of the visual arts. Students learn the intellectual, cultural, and aesthetic worth of art through research, critical thinking and art making. Art History courses foster knowledge of classic and contemporary works; Art Studio courses propagate artistic skills. These classes contribute to students' abilities to advocate the cultural importance and aesthetic concerns of their field.

The Department of Art and Art History grants the following undergraduate degrees: a Bachelor of Arts and a Bachelor of Fine Arts. The B.A. has three areas of concentration: Art Studio, Art History and Art Education. The B.F.A. requires an Art Studio major and an Art History minor. The department also awards a Master of Arts in Art History in conjunction with the University of Alabama at Tuscaloosa.

The School of Education offers a Master of Arts in Arts Education; students pursuing this degree can choose a concentration of Art or Art History.

### Suggested Core Curriculum Fulfillment

In all major options, the entering first-year, full-time student should take one or two of ARH 203 and 204 in partial satisfaction of Area II of the Core Curriculum and two or three of ARS 100, 101, 102, 103 and 200. ARS 103 will satisfy one area of the Arts and Sciences requirement.

### Requirements: Major in Art with Art History Concentration

The B.A. degree in Art is offered for students who seek a liberal arts education with a specific concentration in art studio, art history or art education. Admission to the university assures the student of participation in the curriculum leading to the B.A. degree. No additional review process is required to seek the B.A. degree in art.

## Honors in Art History

### Purpose

The Honors Program in Art History is designed for outstanding art history students. Through a program emphasizing critical analysis, enhanced writing and original research proficiencies, students will develop skills necessary to professional careers in the arts and humanities and to further graduate study.

### Benefits

Students will work closely with faculty mentor and develop extensive research and writing skills. They will also receive a certificate at the spring UAB Honors Convocation and will graduate "With Honors in Art History."

### Eligibility

To be accepted into the Honors Program in Art History, a student must:

- Be a B.A. Art major (Concentration in Art History)
- Have at least a 3.5 GPA in Art History courses
- Have at least a 3.0 GPA overall
- Have completed at least 12 hours in art history, 3 hours of which must be at the 400-level.
- Submit an Art History Honors Program application form to the B.A. Art History Advisor for the Department of Art and Art History.

Application forms can be obtained from and turned in to the B.A. Art History Advisor, c/o Art History Office (Education Building 238J1). The Department Chair approves admission into the program in consultation with the art history faculty. Admission is acknowledged by a formal letter from the Chair.

### Requirements:

- Complete all required courses for the B.A. Art (Art History concentration) major.
- Maintain a 3.5 GPA in art history and 3.0 GPA overall.
- In the senior year, complete ARH 499: Honors Thesis. This course may fulfill one of the art history 400-level elective requirements for the degree. Student should have completed ARH 489 as a prerequisite (capstone course for B.A. Art major)
  1. ARH 499: Honors Thesis is a directed study course where the student will work intensively with a faculty mentor to write a formal, extensive research paper on a topic of the student's choice.
  2. Prior to registration in ARH 499, typically the preceding semester, the student will select a member of the art history faculty to serve as faculty mentor and submit a thesis project proposal (3-5 pages in length plus bibliography).
  3. Upon approval of the proposal by the faculty mentor, student may register in ARH 499.
  4. Formatting, title page, and length guidelines for the thesis may be obtained from the Art History office or faculty mentor.
- Obtain signature of faculty mentor on Honors Thesis final approval form (form may be obtained from Art History office or faculty mentor).
- Submit 3 copies of signed approval form to B.A. Art History Advisor, c/o Art History Office (Education Building 238J1): original will go to departmental Chair's office, 1 copy to art history office files, 1 copy to faculty mentor.
  - Signed approval form must be submitted by last day of classes (Fall and Spring semesters only), preceding the week of final exams.
- Submission of archival, electronic copy of the thesis to the Art and Art History Department.

### Contact

For more information and/or admission to the Art History Honors Program, please contact: B.A. Advisor for Art History, Department of Art and Art History, HB 113, 205-975-0693.

### MAJOR REQUIREMENTS FOR ART WITH ART HISTORY CONCENTRATION

Requirement	Fulfilled By:	Hrs.
Freshman Year Experience	Freshmen must take either ARS 160, University 101, or another College of Arts and Sciences Freshman Year Experience Course.  <b>ARS 160</b>	1
Art Survey	Take all of the following courses: <b>ARH 203 ARH 204 ARH 206</b> <i>Note: Completing any of the courses above will automatically satisfy Track A of the College-Wide Requirements.</i>	9

Art Studio Requirement	Select two of the following courses: <b>ARS 100 ARS 101 ARS 102 ARS 103 ARS 105</b> <i>Note: If ARS 103 is taken, this requirement as well as Track C of the College-Wide Requirements will both be satisfied.</i>	6
Asian/Non-Western Art	Select one of the following courses: <b>ARH 205 ARH 470 ARH 473 ARH 475 ARH 478</b> <b>ARH 405 ARH 471 ARH 474 ARH 477 ARH 479</b>	3
Renaissance and Baroque	Select one of the following courses: <b>ARH 421 ARH 423 ARH 431</b> <b>ARH 422 ARH 424 ARH 435</b>	3
Eighteenth and Nineteenth Century	Select one of the following courses: <b>ARH 430 ARH 440 ARH 441 ARH 450</b>	3
Twentieth Century/ Contemporary	Select one of the following courses: <b>ARH 460 ARH 464 ARH 465 ARH 467 ARH 468 ARH 480 ARH 485</b>	3
Art History Level Requirement	12 hours of the <b>Art History (ARH)</b> courses selected to fulfill requirements listed above must be at the 400-level. This level requirement may not be satisfied by courses taken as major elective requirements listed below.	-
B.A. Capstone	Course should be taken at the Senior Level. <b>ARH 489</b>	3
Art History Elective	Select three courses from <b>Art History (ARH)</b> courses at the 400-level. For students accepted into honors program: ARH 499 and two courses from Art History (ARH) at the 400-level: <b>ARH 405 ARH 424 ARH 441 ARH 467 ARH 474 ARH 480 ARH 491</b> <b>ARH 407 ARH 430 ARH 450 ARH 468 ARH 475 ARH 482 ARH 492</b> <b>ARH 421 ARH 431 ARH 460 ARH 470 ARH 477 ARH 485</b> <b>ARH 422 ARH 435 ARH 464 ARH 471 ARH 478 ARH 487</b> <b>ARH 423 ARH 440 ARH 465 ARH 473 ARH 479 ARH 490</b>	12
Art History/Art Studio Elective	Select one course from <b>Art History (ARH)</b> or <b>Art Studio (ARS)</b> : <b>ARH 101 ARH 465 ARH 490 ARS 270 ARS 362 ARS 422 ARS 475</b> <b>ARH 405 ARH 467 ARH 491 ARS 298 ARS 365 ARS 430 ARS 476</b> <b>ARH 407 ARH 468 ARH 492 ARS 300 ARS 370 ARS 440 ARS 479</b> <b>ARH 421 ARH 470 ARS 100 ARS 302 ARS 372 ARS 441 ARS 480</b> <b>ARH 422 ARH 471 ARS 101 ARS 310 ARS 373 ARS 442 ARS 487</b> <b>ARH 423 ARH 473 ARS 102 ARS 320 ARS 374 ARS 450 ARS 488</b> <b>ARH 424 ARH 474 ARS 103 ARS 330 ARS 375 ARS 451 ARS 489</b> <b>ARH 430 ARH 475 ARS 170 ARS 335 ARS 376 ARS 452 ARS 490</b> <b>ARH 431 ARH 477 ARS 200 ARS 340 ARS 387 ARS 454 ARS 492</b> <b>ARH 435 ARH 478 ARS 210 ARS 341 ARS 395 ARS 455 ARS 493</b> <b>ARH 440 ARH 479 ARS 220 ARS 342 ARS 400 ARS 457 ARS 495</b> <b>ARH 441 ARH 480 ARS 230 ARS 351 ARS 406 ARS 458</b> <b>ARH 450 ARH 482 ARS 240 ARS 350 ARS 407 ARS 459</b> <b>ARH 460 ARH 485 ARS 241 ARS 352 ARS 410 ARS 473</b> <b>ARH 464 ARH 487 ARS 250 ARS 355 ARS 420 ARS 474</b>	3
Foreign Language Requirement	Select one of the following courses. Chinese or Japanese must be approved by the art history undergraduate advisor (alternatively, students may receive equivalent placement; this option reduces the credit hours of this requirement to zero): <b>CHI 102 FR 102 GR 102 JPA 102</b>	4
<b>Total Major Requirements:</b>		<b>47</b>

### Requirements: Major in Art with Art Studio Concentration

The B.A. degree in Art is offered for students who seek a liberal arts education with a specific concentration in art studio, art history or art education. Admission to the university assures the student of participation in the curriculum leading to the B.A. degree. No additional review process is required to seek the B.A. degree in art.

**Students concentrating in art studio should see a departmental advisor before registering each term.**

**MAJOR REQUIREMENTS FOR B.A. in ART STUDIO (must earn a C or better)**

<b>Requirement</b>	<b>Fulfilled By:</b>	<b>Hrs.</b>
Freshman Year Experience	Freshmen must take either ARS 160, University 101, or another College of Arts and Sciences Freshman Year Experience Course. <b>ARS 160</b>	1
Required Art Studio	Take all of the following courses: <b>ARS 100 ARS 101 ARS 102 ARS 105</b> <i>Note: Completing this requirement will automatically satisfy Track C of the College-Wide Requirements.</i>	12
Art History Survey	Select one of the following courses: <b>ARH 203 ARH 204 ARH 206</b> <i>Note: ARH 203 will also satisfy Core Curriculum Area II: Fine Arts. ARH 204 and ARH 206 will also satisfy Track A of the College-Wide Requirements.</i>	3
Sculpture	Select one of the following courses: <b>ARS 220 ARS 230</b>	3
400-level Requirement	9 hours of art courses at the 400-level must be taken at UAB. It is recommended that either the art studio or art history elective be at least a 400 level.	-
Introductory Art Studio Topics	Select one of the following courses: <b>ARS 210 ARS 240 ARS 250 ARS 270</b>	3
200-level Art Studio Elective	Select one other 200-level from the following courses: <b>ARS 200 ARS 220 ARS 240 ARS 250</b> <b>ARS 210 ARS 230 ARS 241 ARS 252</b>	3
300-level Art Studio Elective	Select three of the following courses in two different fields of study: (ARS 350, 351, 352, 355, 362, 370 and 375 may only be taken once for credit. All other 300 level courses may be taken once or twice for three semester hours of credit each time, and must be taken twice before taking the 400 level course for which they are prerequisite. Art studio majors may not take any 300 level course until they have completed ARS 100, 101, 102 and 103.) <b>ARS 300 ARS 330 ARS 342 ARS 355 ARS 370 ARS 375</b> <b>ARS 302 ARS 335 ARS 351 ARS 361 ARS 372 ARS 376</b> <b>ARS 310 ARS 340 ARS 350 ARS 362 ARS 373 ARS 387</b> <b>ARS 320 ARS 341 ARS 352 ARS 365 ARS 374 ARS 395</b>	9
400-level Art Studio Elective	Select one of the following courses: (Most 400 level courses may be taken one to three times for 3 semester hours of credit each time. ARS 489 and 491 may be taken only once for 3 hours credit. ARS 490 may be taken multiple times for a total maximum of 9 hours. For the graphic design emphasis, ARS 451, 459 and 490 may be taken twice for credit, but only a maximum of 9 hours can be taken in any combination of these courses. Other than these courses and ARS 458, no other graphic design courses may be repeated for credit.) <b>ARS 400 ARS 422 ARS 450 ARS 457 ARS 474 ARS 487 ARS 493</b> <b>ARS 406 ARS 430 ARS 451 ARS 458 ARS 475 ARS 488 ARS 495</b> <b>ARS 407 ARS 440 ARS 452 ARS 459 ARS 476 ARS 489</b> <b>ARS 410 ARS 441 ARS 454 ARS 461 ARS 479 ARS 490</b> <b>ARS 420 ARS 442 ARS 455 ARS 473 ARS 480 ARS 492</b>	3
Art Studio Elective	Select one <b>Art Studio (ARS)</b> course. <b>ARS 103 ARS 270 ARS 342 ARS 372 ARS 410 ARS 454 ARS 479</b> <b>ARS 170 ARS 298 ARS 350 ARS 373 ARS 420 ARS 455 ARS 480</b> <b>ARS 200 ARS 300 ARS 351 ARS 374 ARS 422 ARS 457 ARS 487</b> <b>ARS 210 ARS 302 ARS 352 ARS 375 ARS 430 ARS 458 ARS 488</b> <b>ARS 220 ARS 310 ARS 355 ARS 376 ARS 440 ARS 459 ARS 489</b> <b>ARS 230 ARS 320 ARS 360 ARS 387 ARS 441 ARS 461 ARS 490</b> <b>ARS 240 ARS 330 ARS 361 ARS 395 ARS 442 ARS 473 ARS 492</b> <b>ARS 241 ARS 335 ARS 362 ARS 400 ARS 450 ARS 474 ARS 493</b> <b>ARS 250 ARS 340 ARS 365 ARS 406 ARS 451 ARS 475 ARS 495</b> <b>ARS 260 ARS 341 ARS 370 ARS 407 ARS 452 ARS 476</b>	3
B.A. Capstone	Course should be taken at the Senior Level. <b>ARH 489</b>	3

Twentieth Century/ Contemporary	Select one of the following courses (ARH 490 must be approved): <b>ARH 460 ARH 465 ARH 468 ARH 485</b> <b>ARH 464 ARH 467 ARH 480 ARH 490</b>	3

<b>Total Major Requirements:</b>		<b>49</b>

### Requirements: Major in Art with Art Education Concentration

The B.A. degree in Art is offered for students who seek a liberal arts education with a specific concentration in art studio, art history or art education. Admission to the university assures the student of participation in the curriculum leading to the B.A. degree. No additional review process is required to seek the B.A. degree in art.

#### MAJOR REQUIREMENTS FOR ART EDUCATION

Requirement	Fulfilled By:	Hrs.
GPA Requirement	Art Education majors are required to have an overall 2.5 GPA. Additionally, students must have a 2.5 in the Core Curriculum, in Pre-TEP courses, and in Teaching Field ( <b>Art History (ARH)</b> , <b>Art Studio (ARS)</b> and <b>Art Education (EDA)</b> ) courses.	
Required Psychology	Take the following course: <b>PY 101</b> <i>Note: This course will satisfy this requirement and may also be applied to Core Curriculum Area IV.</i>	3
Freshman Year Experience	Freshmen must take either ARS 160, University 101, or another College of Arts and Sciences Freshman Year Experience Course. <b>ARS 160</b>	1
Required Art Studio	Take all of the following courses (must earn a C or better): <b>ARS 100 ARS 101 ARS 102 ARS 103 ARS 105</b> <i>Note: Completing this requirement will automatically satisfy Track C of the College-Wide Requirements.</i>	15
Art History Survey	Take two of the following courses: <b>ARH 204 and ARH 203 or ARH 206</b> <i>Note: Completing ARH 204 will also satisfy the Core Curriculum Area II: Fine Arts requirement. Completing ARH 206 will also satisfy Track A of the College-Wide Requirements.</i>	6
Sculpture	Select one of the following courses: <b>ARS 220 ARS 230</b>	3
Foundations (Pre-TEP)	Take all of the following courses (with at least a 2.5 GPA): <b>ECY 300 EDT 300 EPR 363</b> <b>EDF 362 EDU 200 HPE 200</b>	15
Teacher Education Program (TEP) Requirements	Students must complete all of the courses above before qualifying for admission to the TEP. Students must be admitted to the TEP before enrolling in the courses below unless otherwise noted. Students should also take care to satisfy the TEP Retention Requirements and the TEP Completion Requirements while completing the coursework below.	-
Professional Studies	Take all of the following courses (with at least a 2.5 GPA): <b>EHS 401 EHS 402 EHS 410</b>	7
Art Education	Take all of the following courses: <b>EDA 483 EDA 484 EDA 489 EDA 490</b>	14

200-level Teaching Field Courses	Take all of the following courses (with at least a 2.5 GPA): <b>ARS 200 ARS 240/241 ARS 260</b> <b>ARS 210 ARS 250 ARS 270</b>	12
300-level Teaching Field Courses	Select four of the following courses (with at least a 2.5 GPA): <b>ARS 300 ARS 320 ARS 342 ARS 361/362</b> <b>ARS 302 ARS 330 ARS 350 ARS 370</b> <b>ARS 310 ARS 340/341 ARS 351/352</b>	12
400-level Teaching Field Courses	Select two of the following courses (students must complete six hours of 300-level <b>Art Studio (ARS)</b> courses in one area before enrolling in these courses): <b>ARS 400 ARS 420 ARS 440 ARS 461</b> <b>ARS 410 ARS 430 ARS 450 ARS 475</b>	6
Contemporary Art and Architecture	Select one of the following courses: <b>ARH 460 ARH 465 ARH 468 ARH 485</b> <b>ARH 464 ARH 467 ARH 480</b>	3
B.A. Capstone	Course should be taken at the Senior Level. <b>ARH 489</b>	3
<b>Total Major Requirements:</b>		<b>100</b>

### Requirements: Major in Art with B.F.A.

The B.F.A. degree in Studio Art is offered for students who seek undergraduate professional education in drawing, painting, printmaking, sculpture, ceramic sculpture, photography, and graphic design. Students who intend to pursue professional careers in art or plan to pursue graduate study culminating in the M.F.A. degree are strongly encouraged to seek admission to the B.F.A. program. Admission to the university does not guarantee admission to the B.F.A. program. Students accepted to the B.F.A. program and who cannot complete all the requirements of that degree may choose to accept the B.A. degree in art studio as an alternative degree option.

Admission to the B.F.A. program requires a portfolio review of the student's work submitted to the B.F.A. Committee of the Department of Art and Art History. Portfolios are reviewed twice a year, in the Fall and Spring semesters, following announced deadlines for application to the program. Students may not apply for portfolio review until they have completed at least 15 semester hours of art studio, with a minimum of six of the those semester hours at UAB, and all of the foundation art studio requirements [see below]. Transfer students should consult the B.F.A. program director to verify their qualifications. To qualify to receive the B.F.A. degree, a minimum of 33 semester hours of studio art classes must be completed at UAB, with a minimum of 18 semester hours of studio art work completed at UAB after acceptance to the program. Students are required to meet with the director of the B.F.A. program upon their acceptance and select a member of the studio faculty to serve as their primary advisor. In the case of graphic design, students are also required to meet with the graphic design advisor.

The B.F.A. program requires the completion of 128 semester hours, including 72 hours in art studio and 18 hours in art history. Students must also comply with the Core Curriculum requirements of the College of Arts and Sciences applicable to the B.F.A. degree. In Area II students should consider taking both ARH 203 and 204 which are applicable to the Art History component. In addition, courses in the required areas of Foreign Culture and Computer Sciences may be addressed by courses which are also applicable to the B.F.A. requirement. **Once admitted to the B.F.A. program, no studio art course with a grade of C or lower may be applied to the degree requirements.**

As a culmination of the B.F.A. degree requirements, candidates are required to mount an exhibition of their work in drawing, painting, printmaking, sculpture, ceramic sculpture, and/or photography. Graphic design students may select either an exhibition or a formal presentation and portfolio review under the direction of the graphic design advisor. The B.F.A. exhibition should be mounted in the semester prior to graduation and only after all academic requirements for graduation have been successfully completed. This exhibition may take place at any venue approved by the student's advisor and the Director of the B.F.A. program, and may be either a one-person or a group exhibition with other B.F.A. candidates. ARS 491, B.F.A. Exhibition, provides each candidate with a three semester hour course dedicated solely to the production of work for this exhibition requirement.

## MAJOR REQUIREMENTS FOR B.F.A. IN ART STUDIO

Once admitted to the B.F.A. program, no studio art course with a grade of C or lower may be applied to the degree requirements.

Requirement	Fulfilled By:	Hrs.
Freshman Year Experience	Freshmen must take either ARS 160, University 101, or another College of Arts and Sciences Freshman Year Experience Course. <b>ARS 160</b>	1
Required Art Studio Courses	Take all of the following courses: <i>NOTE: ARS 103 will also satisfy Track C of the College-Wide Requirements.</i> <b>ARS 100 ARS 101 ARS 102 ARS 103 ARS 200</b>	15
Sculpture	Select one of the following courses: <b>ARS 220 ARS 230</b>	3
Introductory Art Studio Topics	Select two of the following courses: <b>ARS 210 ARS 240 ARS 250 ARS 270</b>	6
200-level Art Studio Elective	Select one 200-level <b>Art Studio (ARS)</b> course: <b>ARS 200 ARS 220 ARS 240 ARS 250 ARS 260 ARS 298</b> <b>ARS 210 ARS 230 ARS 241 ARS 252 ARS 270</b>	3
300-level Advanced Electives	Select six courses from three different fields of study from the following list (ARS 350, 351, 352, 355, 362, 370 and 375 may only be taken once for credit. All other 300 level courses may be taken once or twice for three semester hours of credit each time, and must be taken twice before taking the 400 level course for which they are prerequisite. Art studio majors may not take any 300 level course until they have completed ARS 100, 101, 102 and 103): <b>ARS 300 ARS 330 ARS 342 ARS 355 ARS 365 ARS 372 ARS 376</b> <b>ARS 302 ARS 335 ARS 351 ARS 360 ARS 370 ARS 375</b> <b>ARS 310 ARS 340 ARS 350 ARS 361 ARS 373 ARS 387</b> <b>ARS 320 ARS 341 ARS 352 ARS 362 ARS 374 ARS 395</b>	18
400-level Advanced Electives	Select four courses from 400-level ARS courses (students must complete six hours of 300-level <b>Art Studio (ARS)</b> courses in one area before enrolling in these courses): <b>ARS 400 ARS 422 ARS 450 ARS 457 ARS 474 ARS 487 ARS 493</b> <b>ARS 406 ARS 430 ARS 451 ARS 458 ARS 475 ARS 488 ARS 495</b> <b>ARS 407 ARS 440 ARS 452 ARS 459 ARS 476 ARS 489</b> <b>ARS 410 ARS 441 ARS 454 ARS 461 ARS 479 ARS 490</b> <b>ARS 420 ARS 442 ARS 455 ARS 473 ARS 480 ARS 492</b>	12
Professional Requirements	Take both of the following courses (Graphic Design students should take ARS 452 all others should take ARS 489): <b>ARS 489/452 ARS 491</b>	6
General Art Studio Electives	Select three <b>Art Studio (ARS)</b> courses. <i>NOTE: If ARS 103 is taken, this requirement will also satisfy Track C of the College-Wide Requirements.</i> <b>ARS 100 ARS 241 ARS 340 ARS 370 ARS 410 ARS 455 ARS 487</b> <b>ARS 101 ARS 250 ARS 341 ARS 372 ARS 420 ARS 457 ARS 488</b> <b>ARS 102 ARS 252 ARS 342 ARS 373 ARS 422 ARS 458 ARS 489</b> <b>ARS 103 ARS 270 ARS 351 ARS 374 ARS 430 ARS 459 ARS 490</b> <b>ARS 105 ARS 298 ARS 350 ARS 375 ARS 440 ARS 461 ARS 492</b> <b>ARS 170 ARS 300 ARS 352 ARS 376 ARS 441 ARS 473 ARS 493</b> <b>ARS 200 ARS 302 ARS 355 ARS 387 ARS 442 ARS 474 ARS 495</b> <b>ARS 210 ARS 310 ARS 360 ARS 395 ARS 450 ARS 475</b> <b>ARS 220 ARS 320 ARS 361 ARS 400 ARS 451 ARS 476</b> <b>ARS 230 ARS 330 ARS 362 ARS 406 ARS 452 ARS 479</b> <b>ARS 240 ARS 335 ARS 365 ARS 407 ARS 454 ARS 480</b>	9
BFA required Art History Minor	The required 18 semester hours in art history are distributed as follows: six semester hours from ARH 203, ARH 204 or ARH 206; six semester hours from 400 level Western or Non-Western (antiquity – 18th century) selections from relevant catalog offerings; three semester hours from contemporary 400 level offerings; three semester hours from 19th and 20 <sup>th</sup> Century offerings.	-

Art History Survey	Select two of the following courses: <i>Note: ARH 203 will also satisfy Core Curriculum Area II: Fine Arts. ARH 204 and ARH 206 will also satisfy Track A of the College-Wide Requirements.</i> <b>ARH 203 ARH 204 ARH 206</b>	6
Western or Non-Western (antiquity – 18th century)	Select two of the following courses: <b>ARH 405 ARH 422 ARH 430 ARH 470 ARH 474 ARH 478</b> <b>ARH 407 ARH 423 ARH 431 ARH 471 ARH 475 ARH 479</b> <b>ARH 421 ARH 424 ARH 435 ARH 473 ARH 477</b>	6
Contemporary Art History	Select one of the following courses: <b>ARH 464 ARH 465 ARH 480</b>	3
19 <sup>th</sup> and 20th Century Art History	Select one of the following courses: <b>ARH 440 ARH 450 ARH 467 ARH 471 ARH 485</b> <b>ARH 441 ARH 460 ARH 468</b>	3
Major Requirements:		72
Minor Requirements:		18
<b>Total Requirements:</b>		<b>91</b>

### Requirements: Minor in Art History

Requirement	Fulfilled By:	Hrs.
Required Course	Take the following course: <b>ARH 204</b>	3
Ancient Medieval Art/Asian Art	Select one of the following courses: <b>ARH 203 ARH 205 ARH 206</b>	3
Art History Electives	Select four of the following courses: <b>ARH 101 ARH 423 ARH 440 ARH 465 ARH 473 ARH 479</b> <b>ARH 405 ARH 424 ARH 441 ARH 467 ARH 474 ARH 480</b> <b>ARH 407 ARH 430 ARH 450 ARH 468 ARH 475 ARH 482</b> <b>ARH 421 ARH 431 ARH 460 ARH 470 ARH 477 ARH 485</b> <b>ARH 422 ARH 435 ARH 464 ARH 471 ARH 478 ARH 490</b>	12
<b>Total Minor Requirements:</b>		<b>18</b>

### Requirements: Minor in Art Studio

Requirement	Fulfilled By:	Hrs.
Introductory Art Studio	Take three of the following courses: <b>ARS 100 ARS 101 ARS 102 ARS 105</b>	9
Beginning Art Studio	Select two of the following courses: <b>ARS 200 ARS 220 ARS 252 ARS 270</b> <b>ARS 210 ARS 230 ARS 260</b>	6
Intermediate Art Studio	Select one of the following courses: <b>ARS 300 ARS 320 ARS 335 ARS 341 ARS 352 ARS 370</b> <b>ARS 310 ARS 330 ARS 340 ARS 350 ARS 355</b>	3
Art History Survey	Take the following course: <b>ARH 204</b>	3
Art History Elective	Select one of the following courses: <b>ARH 460 ARH 465 ARH 468 ARH 485</b> <b>ARH 464 ARH 467 ARH 480</b>	3
<b>Total Minor Requirements:</b>		<b>24</b>

## Course Descriptions

### Art History (ARH)

#### **ARH 101 - The Art Experience - 3**

Introduction to the study of visual culture, prehistoric to present. Emphasis on form and context, and acquiring understanding of art materials and techniques.

#### **ARH 203 - Ancient and Medieval Art - 3**

A survey of Prehistoric, Ancient, Near Eastern, Egyptian, Aegean, Greek, Roman, Hiberno-Saxon, Carolingian, Ottonian, Romanesque, and Gothic art.

#### **ARH 204 - Renaissance through Modern Art - 3**

A survey of Renaissance, Baroque, Rococo, late Eighteenth, Nineteenth, and Twentieth Century art.

#### **ARH 205 - African/Native American/Oceanic Art - 3**

Significant monuments and styles of these tribal cultures.

#### **ARH 206 - Survey of Asian Art - 3**

Art and culture of India, China, and Japan.

#### **ARH 405 - African Art - 3**

African Art. *Prerequisites:* ARH 203 or ARH 204

#### **ARH 407 - Roman Art - 3**

Art of Roman world from republic to late empire with emphasis on Roman art in Italy. *Prerequisite:* ARH 203

#### **ARH 421 - Renaissance Art Italy: 1300-1480 - 3**

Painting, sculpture, and architecture with an emphasis on the artistic centers of Florence, Venice, Rome, and Siena. *Prerequisite:* ARH 204

#### **ARH 422 - Renaissance Art Italy: 1480-1580 - 3**

Painting, sculpture, and architecture, with an emphasis on the artistic centers of Florence, Venice, Rome, and Milan. *Prerequisite:* ARH 204

#### **ARH 423 - Study Abroad: Art in Italy - 3**

On-site study of works of art and architecture in Italy, 1300-1650.

#### **ARH 424 - Renaissance Painting in Northern Europe - 3**

Paintings in Holland, Belgium, and Germany, 1350-1550. *Prerequisite:* ARH 204

#### **ARH 430 - 18th Century Art in Europe - 3**

Visual culture in eighteenth-century Britain and France, including study of eighteenth-century holdings in Birmingham Museum of Art. *Prerequisite:* ARH 204

#### **ARH 431 - Northern Baroque Painting - 3**

Painting in Holland and Belgium, 1580-1680. *Prerequisite:* ARH 204

#### **ARH 435 - Southern Baroque Art - 3**

Painting, sculpture, and architecture, with an emphasis on the artistic centers of Rome, Florence, and Venice and painting in Spain, 1580-1680. *Prerequisite:* ARH 204

#### **ARH 440 - 19th Century Art I: Neoclassical/Romantic - 3**

Painting, sculpture and graphic arts Europe, 1780-1860. *Prerequisite:* ARH 204

#### **ARH 441 - 19th Century Art II: Impressionism/Post-Impressionism - 3**

Painting, sculpture and graphic arts in Europe, 1860-1900. *Prerequisite:* ARH 204

#### **ARH 450 - American Art to 1900 - 3**

Painting, sculpture, and architecture in the U.S., with an emphasis on 19th Century. *Prerequisite:* ARH 204

#### **ARH 460 - Twentieth-Century Art to 1945 - 3**

Painting, sculpture, and architecture in Europe and the United States, 1900-1945. *Prerequisite:* ARH 204

#### **ARH 464 - Art Since 1945 - 3**

Painting, sculpture, and architecture in Europe and the United States, 1945 to present. *Prerequisite:* ARH 204

#### **ARH 465 - Aspects of Contemporary Art - 3**

Topics in contemporary art, ca. 1970 to the present. Course offerings will vary from year to year and will study a specific historical moment, medium, theme, or subject. *Prerequisite:* ARH 204

#### **ARH 467 - Modern Architecture - 3**

Chiefly twentieth century architecture emphasizing the United States. *Prerequisite:* ARH 204

**ARH 468 - Race and Representation - 3**

History of 20th-Century African American art in context of contemporary theories of identity and in relation to African art. Includes study of objects in the Birmingham Museum of Art. *Prerequisite:* ARH 204

**ARH 470 - The Art and Culture of China - 3**

An in-depth survey of the art and culture of China from the Neolithic era through the eighteenth century. *Prerequisite:* ARH 206

**ARH 471 - Topics in Asian Cinema - 3**

This course offers students an introduction to a vital aspect of contemporary Asian culture, recognizing that film can be an important locus of contemporary cultural commentary and critique. The course presumes no prior knowledge of Asia or cinema and its artistic tradition. The goal of the course is to view and discuss, as a class, approximately ten films, emphasizing an understanding of their cultural background and an appreciation of their aesthetic merits as films and cultural settings in Asia. Attendance at weekly screenings is mandatory. *Prerequisite:* ARH 206

**ARH 473 - Japanese Prints/Printmakers - 3**

A history of Japanese block prints and printmakers from seventeenth through twentieth centuries. *Prerequisite:* ARH 206

**ARH 474 - Chinese Painting - 3**

Painting and painting theory through eighteenth century. *Prerequisite:* ARH 206

**ARH 475 - Japanese Art - 3**

Art and culture, Neolithic era through nineteenth century. *Prerequisite:* ARH 206

**ARH 477 - Art and Architecture of India - 3**

Explores the visual culture of South Asia from the Indus Valley Civilization until the beginning of British rule in India, ca. 2500 BCE-1700 CE. *Prerequisite:* ARH 206

**ARH 478 - Buddhist Arts of Asia - 3**

Study of Buddhist art and architecture in Asia, with an emphasis on the original context and function of painting, sculpture, and monuments. The specific historical and cultural theme will vary with each course offering. *Prerequisite:* ARH 206

**ARH 479 - Art & Culture of Asia: Study Abroad - 3**

This course allows students to become immersed in the art and culture of Asia through direct experience in the field. Focus will primarily be on South Asia but may vary with each course offering to include Nepal, Tibet, and Southeast Asia. Preliminary lectures in Birmingham and significant written assignments required.

**ARH 480 - Art Criticism and Theory - 3**

Critical theory and contemporary issues focusing on art from 1960s to the present. *Prerequisite:* ARH 204

**ARH 482 - Topics in Art History - 3**

Study of thematic topics throughout art history. *Prerequisites:* ARH 203 or ARH 204 or ARH 206

**ARH 485 - Museum Studies - 3**

Museum operation; organization and preparation of exhibitions; cataloging objects in collection; experience with UAB Visual Arts Gallery and Birmingham Museum of Art. *Prerequisite:* ARH 204

**ARH 487 - Field Study - 3**

Trips to prominent museums and galleries in United States or to art centers of foreign countries. Preliminary lectures in Birmingham and significant written assignments required. *Prerequisite:* ARH 204

**ARH 489 - Capstone: Contemporary Art Practices - 3**

This course is the capstone for the B.A. degree in art. Students will conduct research and write about art, and will prepare materials needed to pursue a professional career in the arts. The course aims to familiarize students with ongoing theoretical, methodological, and practical issues involved in art making and art historical scholarship. Will include visits to local art institutions, archives, and libraries and guest lectures by professionals in the field. Should be taken at the senior level. *Prerequisites:* 204 or 203 or 206 and 1 400-level ARH course.

**ARH 490 - Seminar in Art History - 3**

*Prerequisites:* ARH 203 or ARH 204 or ARH 206

**ARH 491 - Art History Problems - 1 to 4**

Project proposed by student and approved by art history instructor. *Prerequisite:* Permission of Instructor

**ARH 492 - Museum Internship - 3**

Through active participation in the daily operations of one or more curatorial departments, students will acquire direct working knowledge of museums through a program of internships at cooperating institutions. The student will be required to work at the institution a minimum of 12 supervised hours per week during the term. *Prerequisite:* Permission of Instructor

**ARH 499 - Honors Thesis - 3**

For students accepted into honors program in art history. Directed study in art history, in which student works with a faculty mentor to write an extensive research paper on a topic of the student's choice. Recommended to be taken at the senior level, the semester prior to graduation. *Prerequisite:* Permission of Instructor. ARH 489 recommended.

## Course Descriptions

### Art Studio (ARS)

#### **ARS 100 - Introduction to Drawing - 3**

Various media, methods, subject matter, and vocabulary emphasizing contour, gesture, composition, and value using pencil, charcoal, conte' crayon, and ink.

#### **ARS 102 - Intro Three-Dimensional Design - 3**

Basic foundation level exploration of mass, form, volume, and space in the creation of three-dimensional objects. Emphasis on the theories, concepts, materials, techniques, and vocabulary used in the discipline. Instruction to the safe and proper use of various power tools.

#### **ARS 103 - Intro Computer Graphics/Layout - 3**

Concepts, hardware, and software programs with specific application to drawing and page layout on Macintosh personal computer.

#### **ARS 105 - Introduction to Drawing II - 3**

Exploration of media, techniques, and concepts as they relate to drawing from diverse subject matter. Prerequisite: ARS 100

#### **ARS 160 - FYE in Art and Art History - 1**

The objective of this course is to introduce incoming freshman to an education in art in the context of the university. It is meant to help prepare students for a successful collegiate career in the study of art.

#### **ARS 170 - Intro Digital Photo Manipulation - 3**

Concepts, hardware, and software programs with specific applications to creative photo manipulation on personal computer. Prerequisite: ARS 103

#### **ARS 200 - Beginning Drawing - 3**

Descriptive, expressive, and abstract approaches using variety of media. Emphasis on conceptual understanding of the drawing process and the proper application of a variety of materials and techniques necessary to construct a finished drawing object. Prerequisite: ARS 105

#### **ARS 210 - Beginning Painting - 3**

Painting in oil, students will focus on the academic approach to observational painting as a means for developing and understanding paint as a language. Issues of content and problem solving will be addressed in assignments toward the end of the semester. Prerequisites: ARS 100 and ARS 101

#### **ARS 220 - Beginning Sculpture - 3**

Introduction to sculptural methods and processes dealing with mass, form, volume, space, and motion in the creation of sculptural objects and/or installations. Emphasis on conceptual understanding of the sculptural process and the proper application of a variety of materials and techniques necessary to construct a finished sculptural work. Instruction in the safe and proper use of various power tools, hand tools, and other equipment. Prerequisite: ARS 102

#### **ARS 230 - Beginning Ceramic Sculpture - 3**

Introduction to the use of clay as sculptural medium. Instruction in all hand-building, mold-making, slip-casting techniques and their sculptural applications. Preliminary exposure to glazing technology and various firing processes. Prerequisite: ARS 102

#### **ARS 240 - Beginning Printmaking - 3**

Investigation of basic Intaglio techniques such as metal plate etching and engraving along with basic printing processes. Prerequisites: ARS 100 and ARS 101 and ARS 200

#### **ARS 241 - Beginning Lithography - 3**

Investigation of basic lithographic techniques such as stone printing, litho crayon drawing, tusche washes, mono-printing processes. Prerequisites: ARS 100 and ARS 101 and ARS 200

#### **ARS 250 - Introduction to Graphic Design - 3**

Introduction to the field. Overview of history, process and production of visual communications, with explorations in typography, basic design concepts, and practices. Prerequisites: ARS 100 and ARS 101 and ARS 102 and ARS 103

#### **ARS 252 - Introduction to Typography - 3**

This course is an introduction to the anatomy of letterforms and how they work as symbols to create meaning within the context of graphic design. Course work focuses on the creation of glyphs, symbols, logotypes and typographic compositions to build proficiency and understanding of typography theories and practice. Prerequisites: ARS 101 and ARS 102 and ARS 103 and ARS 170

#### **ARS 260 - Intro to Time Based Media - 3**

Introduction to Time Based Media is a fundamental course in the principles of animation and video. The first part of the course serves as an introduction to linear animation. Students will be introduced to timing, sequence, keframe, and tweening. Demonstration and lecture will be supplemented with screenings of animated works of a varied and diverse nature. The second part of the course covers introductory skills and topics related to video capturing and editing. Students will learn lighting, frame composition, timing, camera position, camera motion, sound, and scenery/location. In addition students will learn the fundamental editing techniques.

**ARS 270 - Beginning Photography - 3**

Photography and photographic process including film development, print techniques, and camera controls emphasizing black-and-white photography as a creative medium. A 35-mm camera recommended. *Prerequisite:* ARS 101

**ARS 300 - Intermediate Drawing - 3**

Descriptive, expressive, and abstract approaches using variety of media. *Prerequisite:* ARS 200

**ARS 302 - Figure Drawing - 3**

Concepts and techniques of drawing in various media from live model. *Prerequisite:* ARS 200

**ARS 310 - Intermediate Painting - 3**

Technical, aesthetic, and conceptual issues will be explored using various painting media. Emphasis placed upon developing both an individual aesthetic and a sophisticated, expressive vocabulary with paint. *Prerequisite:* ARS 210

**ARS 320 - Intermediate Sculpture - 3**

Continued exploration and understanding of sculptural methods and processes with a concentration on the conceptual, aesthetic, and technical issues of form and space. Emphasis placed upon developing both an individual aesthetic and sophisticated formal vocabulary for sculptural expression. *Prerequisites:* ARS 102 and ARS 220

**ARS 330 - Intermediate Ceramic Sculpture - 3**

Continued exploration of clay as a sculptural medium with a concentration on the conceptual, aesthetic, and technical issues specific to the medium. Emphasis placed upon developing both an individual aesthetic and an understanding of the appropriate applications of clay as a sculptural material. Continued understanding of glazing technology and firing processes. *Prerequisites:* ARS 102 and ARS 230

**ARS 340 - Intermediate Printmaking - 3**

Intermediate Intaglio techniques such as color printing processes, along with basic photographic printmaking processes. There will be greater emphasis on how form and content are integrated to form a unified work of art. *Prerequisite:* ARS 240

**ARS 341 - Intermediate Lithography - 3**

Techniques will be explored through a hands-on approach. The course will also introduce color processes such as multiple stone color printing, alternative registration and photo-litho techniques. There will be a greater emphasis on how form and content are integrated to form a unified work of art. *Prerequisite:* ARS 241

**ARS 342 - Experimental Printmaking - 3**

Investigation of alternative printmaking techniques will be explored through a hands-on approach. This class will focus on transfer techniques and the introduction of digital printmaking processes. *Prerequisites:* ARS 103 and (ARS 240 or ARS 241)

**ARS 350 - Intermediate Graphic Design - 3**

Type and image explorations in design and design history research. *Prerequisite:* ARS 250, permission of instructor.

**ARS 351 - Tech Process for Graph Design - 3**

Comping, presentation skills, and project development. Emphasis on printing technology. *Prerequisites:* ARS 103 and ARS 250, permission of instructor

**ARS 352 - Typography - 3**

Study of expressive type, symbols, and typographic layout through studio assignments. *Prerequisites:* ARS 103 and ARS 250, permission of instructor

**ARS 355 - Interactive Design - 3**

Concepts and skills in interactive media as applied to web design and animation that focus on graphic design. *Prerequisites:* ARS 250

**ARS 360 - Intermediate Time Based Media - 3**

Intermediate time based media is a video course in which students continue to advance their video capturing and editing skills. Student will be introduced to alternative and experimental narrative structures. Students will also continue their audio capturing and editing techniques.

**ARS 361 - 3D Computer Modeling - 3**

3D Computer Modeling is a beginning course in 3D modeling and scene construction in the computer/digital environment. Topics covered include: 3D digital space and form, model and scene building, surface properties, lighting and rendering. *Prerequisites:* ARS 102 and ARS 103.

**ARS 362 - Creative Strategy Ad Design - 3**

Creative concepts and strategy for design of advertising campaigns. Research and presentations. *Prerequisites:* ARS 350 and EH 102

**ARS 365 - Illustration - 3**

Studio projects that explore variety of illustration techniques and professional issues. *Prerequisites:* ARS 200 and (ARS 250 and ARS 260)

**ARS 370 - Intermediate Photography Level I - 3**

This course is the first of a two-part intermediate sequence. The course will focus on the mastery of skills that were introduced in Beginning Photography such as camera controls, print quality and photographic imagery. The course will introduce new types of film and papers, it will cover archival toning, night photography, color slide film and hand coloring. There will be an emphasis on improving print quality and understanding natural light. *Prerequisite:* ARS 270

**ARS 372 - Digital Photographic Imagery - 3**

Concepts, hardware, and software programs with specific application to various forms of digital photographic manipulation. *Prerequisites:* ARS 170 and ARS 270

**ARS 373 - Spec Topics/Technique in Photo - 3**

The course material will be determined by the instructor. Examples may include mural printing, documentary photography, the manipulated print, platinum printing, pinhole photography, or view camera construction and use. *Prerequisites:* ARS 270 and ARS 370

**ARS 374 - Photography: Lighting/Studio - 3**

The course will begin with the study of natural light and the use of simple tools to control light in the natural environment. Then the course will focus on the use of artificial lights and their use in a studio situation. There will be field trips to local photographic studios. *Prerequisites:* ARS 270 and ARS 370 and ARS 375

**ARS 375 - Intermediate Photography Level II - 3**

The second course in the intermediate sequence. This course will introduce students to more advanced photographic materials and techniques. The course will introduce new cameras, film and filters, including medium format and pinhole. Students may use specialized papers and digital print media. *Prerequisite:* ARS 370

**ARS 376 - Color Photo/Fine Art Dig Print - 3**

The objective of this course is to learn the techniques of color printing using digital media. The course will begin with the study of color film, scanning and then will introduce digital color print techniques. The course will include the study of both contemporary color photography and photographers and the history of color photography. *Prerequisites:* ARS 270 and ARS 370

**ARS 387 - Field Study in Art Studio - 3**

On-site research at art venues such as prominent museums, galleries, and studios, some of which are typically unavailable to the general public, and other related sites either in the United States or in foreign countries. Preliminary meetings in Birmingham, and significant studio and written assignments required. *Prerequisite:* ARS 200

**ARS 400 - Advanced Drawing - 3**

Emphasis on in-depth projects using expressive approaches to drawing with a variety of media. *Prerequisite:* ARS 300

**ARS 406 - Digital Filmmaking - 3**

Students will learn computer programs in time-based media. Technical and conceptual issues will be addressed as well as producing a short film based on project.

**ARS 407 - Ethnographic Filmmaking - 3**

Students will document and analyze aspects of human social life using film and video. They will develop an understanding of the visual syntax and narrative structure of successful ethnographic and documentary films through discussion and criticism in the classroom as well as through short film projects of their own.

**ARS 410 - Advanced Painting - 3**

Individualized coursework allowing personalized course objectives approved by instructor based on previous work. *Prerequisites:* ARS 310 and ARS 310

**ARS 420 - Advanced Sculpture - 3**

Advanced studies in sculptural methods and processes with an emphasis on in-depth individually generated projects. *Prerequisites:* ARS 102 and ARS 320

**ARS 422 - Sculpture Internship - 3**

Advanced independent study working directly with knowledgeable and qualified arts professionals in a sculptural discipline. *Prerequisite:* ARS 102

**ARS 430 - Advanced Ceramic Sculpture - 3**

Advanced studies in the use of clay as a sculptural medium with emphasis on in-depth individually generated projects. *Prerequisites:* ARS 102 and ARS 320

**ARS 440 - Advanced Printmaking - 3**

Advanced Intaglio techniques such as color processes, along with basic photographic printmaking processes. *Prerequisite:* ARS 340

**ARS 441 - Advanced Lithography - 3**

Techniques such as complex color printing processes and basic photographic printmaking processes are explored. Continued emphasis on improving student's conceptual and technical skills. *Prerequisites:* ARS 170 and ARS 241 and ARS 341

**ARS 442 - Adv Experimental Printmaking - 3**

Investigation of alternative printmaking techniques will be explored through a hands-on approach. The class will focus on transfer techniques and the introduction of digital printmaking processes. *Prerequisites:* ARS 170 and ARS 342

**ARS 450 - Advanced Graphic Design - 3**

Advanced type, layout and image explorations, and design history research. *Prerequisites:* ARS 350 and ARS 351 and (ARS 352 or ARS 355).

**ARS 451 - Adv Graphic Design Projects - 3**

Assignments individually designed to strengthen each student's portfolio. Generally, a student will take on project and create a complete campaign/identity. Visual and verbal presentation skills also emphasized. *Prerequisite:* ARS 450

**ARS 452 - Graphic Design Portfolio - 3**

Portfolio preparation and presentation. Re-working of some old projects and addition of new. Resume and job interview skills emphasized. *Prerequisite:* ARS 350

**ARS 454 - Multimedia Productions - 3**

Concepts and skills explored as design/art direction components in collaborative project format. Interrelates with music, theatre, and broadcasting. *Prerequisites:* ARS 355 and ARS 450 and MC 101

**ARS 455 - Advanced Interactive Design - 3**

Advanced concepts and skills in development of web-page design. *Prerequisites:* ARS 355 and ARS 450 and MC 101

**ARS 457 - Advanced Advertising Design - 3**

Community-based projects specific to advertising. Portfolio building and presentations. *Prerequisite:* ARS 357

**ARS 459 - Graphic Design Field Intern - 3**

Work in approved graphic design office under guidance of field supervisor and Department of Art and Art History instructor. *Prerequisites:* ARS 350 and ARS 351

**ARS 461 - 3D Computer Animation - 3**

3D Computer Animation is a beginning course in 3D computer animation and multimedia application. Topics covered include: time and space in the digital 3D environment, 3D computer animation concepts and techniques, and multimedia application. *Prerequisite:* ARS 361

**ARS 473 - Photography: Topics/Techniques - 3**

The course material will be determined by the instructor. Examples would be mural printing, documentary photography, the manipulated print, platinum printing, pinhole photography, or view camera construction and use. *Prerequisites:* ARS 270 and ARS 370 and (ARS 374 or ARS 375)

**ARS 474 - Photography: Lighting/Studio - 3**

The course will begin with the study of natural light and the use of simple tools to control light in the natural environment. Then the course will focus on the use of artificial lights and their use in a studio situation. There will be field trips to local photographic studios. *Prerequisites:* ARS 270 and ARS 370 and ARS 375

**ARS 475 - Advanced Photography - 3**

This course will focus on the mastery of skills that were introduced in Intermediate Photography including the medium format camera work, large scale printing, new films and materials. *Prerequisite:* ARS 375

**ARS 476 - Color Photo/Fine Art Dig Print - 3**

The objective of this course is to learn the techniques of color printing using digital media. The course will begin with the study of color film, scanning and then will explore digital color print techniques. The course will include the study of both contemporary color photography and photographers and the history of color photography. *Prerequisites:* ARS 270 and ARS 370 and ARS 375

**ARS 478 - Photography Internship - 3**

This course will provide students with direct working knowledge with the field of professional photography in the Birmingham area through a program of internships at cooperating institutions, studios, and businesses. The student will be required to work at the cooperating agency a minimum of 16 supervised hours per week during the term.

**ARS 479 - Studio Internship Photography - 3**

This course will provide students with direct working knowledge with the field of professional photography in the Birmingham area through a program of internships at cooperating institutions, studios, and businesses. The student will be required to work at the cooperating agency a minimum of 16 supervised hours per week during the term.

**ARS 480 - Practice in Art Studio Management - 3**

This course is designed to familiarize the student with the art studio-teaching environment in both technical and conceptual aspects. The student will assist the faculty member and learn about maintenance and operation of the lab, including learning more detailed equipment or chemical information than may be available in a class. The student may assist in class demonstrations or beginning level classes in order to gain exposure to teaching art studio.

**ARS 487 - Field Study in Art Studio - 3**

On-site research at art venues such as prominent museums, galleries, and studios, some of which are typically unavailable to the general public, and other related sites either in the United States or in foreign countries. Preliminary meetings in Birmingham, and significant studio and written assignments required. *Prerequisite:* ARS 200

**ARS 488 - Seminar in Time Based Media - 3**

Specialized advanced studio problems in time based media. *Prerequisites:* ARS 100 and ARS 101 and ARS 102 and ARS 103

**ARS 489 - Professional Artist Seminar - 3**

Explore and develop skills for managing ones career as a professional artist.

**ARS 490 - Individual Advanced Study Studio Art - 1 to 9**

May be repeated for credit.

**ARS 491 - B.F.A. Exhibition - 3**

B.F.A. students plan and mount exhibition of work during final year. Graphic design students may prepare public portfolio presentation instead of exhibition.

**ARS 492 - Studio Internship - 3**

This course will provide students with direct working knowledge of the studio arts through an internship at cooperating studios, institutions, and businesses specializing in specific disciplines in the visual arts. The student will be required to work at the agency a minimum of 16 supervised hours per week during the term.

**ARS 493 - Art Conservation Internship - 3**

Advanced independent study with direct working knowledge of the studio arts with qualified Art Conservation professionals.

**ARS 495 - Seminar in Art Studio - 3**

Specialized advanced studio problems with permission of the instructor. *Prerequisites:* ARS 100 and ARS 101 and ARS 102 and ARS 103

## Department of Biology

**Chair:** Robert Fischer, Jr.

**Faculty:** Amsler, Angus, Bej, Coker, Cusic, Ghanta, Gilchrist, Jenkins, Marion, McClintock, Mukhtar, Peterson, Powell, Thacker, Tollefsbol, Watson, Watts, Wibbels

The Department of Biology has dedicated research and teaching faculty whose interests range from the molecular to the ecological level. The core of our faculty are involved in some aspect of aquatic biology. Many of our faculty have been recognized by the University and regional biological organizations for their excellence in teaching. The curriculum in biology provides general course offerings for non-majors and prepares the major for graduate study in biology; the professional schools of medicine, dentistry, optometry, and allied health sciences; teaching in the secondary schools; and other careers dependent upon basic training in the biological sciences. These careers include the areas of teaching, veterinary medicine, environmental education, and wildlife management/protection in both the public and private sectors. Also, the Department of Biology has a well established Honors Program for those students who excel in academics. This program allows students to perform research under the mentorship of Departmental or Medical Center faculty and graduate with departmental honors.

The department offers the following B.S. degrees in biology as well as a minor in biology:

- I. Major in Biology – General Track
- II. Major in Biology with a Marine Science Concentration
- III. Major in Biology with a Molecular Biology Concentration

### MAJOR REQUIREMENTS FOR BIOLOGY - GENERAL TRACK

Requirement	Fulfilled By:	Hrs.
GPA Requirement & Residency	A student must have at least a 2.0 average in all biology courses attempted and a 2.0 average in all biology courses taken at UAB in order to graduate. The current UAB course repeat policy will be used in calculating the grade point average. A minimum of nine semester hours in the major must be taken at UAB. Transfer students should be aware of the Department of Biology's policy regarding transfer credit.	-
Mathematics	Take the following courses as part of the core requirement <b>MA 125</b> <i>Note: Completion of MA 125 automatically satisfies the Core Curriculum Area III: Math requirement and the Biology Major Requirement</i>	4

Chemistry	Take all of the following courses (with laboratories): <b>CH 115 + CH 114 or CH 116      CH 235 + CH 234 or CH 236</b> <b>CH 117 + CH 118 or CH 119      CH 237 + CH 238 or CH 239</b>	16
Physics	Take both of the following courses (with laboratories): <b>PH 201 + PH 202</b> Or take both of the following courses (with laboratories): <b>PH 221 + PH 222</b>	8
Biology Requirement	Biology Majors must complete 40 hours in <b>Biology (BY)</b> courses approved for the major, including <b>BY 123</b> and <b>BY 124</b> (fulfilling Core Curriculum Area III and the courses taken to satisfy the requirements below. Additional courses to total 40 semester hours selected after consultation with an advisor and consideration of interests and career goals.. At least 9 hours must be 400-level or higher. Warning: You <u>cannot</u> apply BY 101, 102, 107, 111, 112, 116, or 261 toward the Biology major	40
Genetics	Take the following course: <b>BY 210</b>	-
Ecology & Evolution	Select one of the following courses: <b>BY 407    BY 429    BY 435    BY 467    BY 470</b> <b>BY 474</b>	-
Organismal	Select one of the following courses: <b>BY 255    BY 256    BY 260    BY 271    BY 442</b>	-
Physiology and Development	Select one of the following courses: <b>BY 314    BY 405    BY 409    BY 410    BY 450</b>	-
Cellular/Molecular	Select one of the following courses: <b>BY 311    BY 330</b>	-
Capstone Experience	Select one of the following courses (only one capstone course can count towards major <b>BY 408    BY 430    BY 494    BY 494    BY 497</b>	
Elective Courses	Electives in Biology to total 40 hours	
<b>Total Major Requirements:</b>		<b>68-74</b>

### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
General Electives	Students must take general electives to reach the 120 semester hour requirement.
Graduating Seniors	Students must take a biology major fields test and a departmental survey.

The marine science concentration and the molecular biology track prepare students for careers in marine science or research careers in the basic or medically-related sciences.

### MAJOR REQUIREMENTS FOR BIOLOGY WITH MARINE SCIENCE CONCENTRATION

Requirement	Fulfilled By:	Hrs.
GPA Requirement & Residency	A student must have at least a 2.0 average in all biology courses attempted and a 2.0 average in all biology courses taken at UAB in order to graduate. The current UAB course repeat policy will be used in calculating the grade point average. A minimum of nine semester hours in the major must be taken at UAB. Transfer students should be aware of the Department of Biology's policy regarding transfer credit.	-
Mathematics	Take the following courses as part of the core requirement <b>MA 125</b> <i>Note: Completion of <b>MA 125</b> automatically satisfies the Core Curriculum Area III: Math requirement and the Biology Major Requirement</i>	4
Chemistry	Take all of the following courses (with laboratories) <b>CH 115 + CH 114 or CH 116      CH 235 + CH 234 or CH 236</b> <b>CH 117 + CH 118 or CH 119      CH 237 + CH 238 or CH 239</b>	

Physics	Take both of the following courses (with laboratories): <b>PH 201 + PH 202</b> Or take both of the following courses (with laboratories): <b>PH 221 + PH 222</b>	8
Biology Requirements	Biology Majors must complete 40 hours in <b>Biology (BY)</b> or <b>Marine Environmental Science (MESC)</b> courses approved for the major. These hours include <b>BY 123</b> and <b>BY 124</b> (fulfilling in Core Curriculum Area III) and the courses taken to satisfy the requirements below. All of the courses listed below are approved for the major; consult your advisor for a list of additional courses. At least 9 hours must be 400-level or higher. Warning: You <u>cannot</u> apply BY 101, 102, 107, 111, 112, 116, or 261 toward the biology major.	40
Marine Science Electives	Select at least five <b>Marine Environmental Science (MESC)</b> courses approved by the academic advisor.	-
Genetics	Take the following course: <b>BY 210</b>	-
Ecology & Evolution	Select one of the following courses: <b>BY 407    BY 429                    BY 435    MESC 411</b> <b>BY 470    BY 474                    BY 467    MESC 412</b>	-
Organismal	Select one of the following courses: <b>BY 255    BY 260                    BY 442    MESC 407</b> <b>BY 256    BY 271                    MESC 402 MESC 413</b>	-
Physiology and Development	Select one of the following courses: <b>BY 314    BY 409                    BY 450</b> <b>BY 405    BY 410</b>	-
Cellular/Molecular	Select one of the following courses: <b>BY 311    BY 330</b>	-
Capstone Experience	Select one of the following courses: (Only one capstone course can count toward the major) <b>BY 408    BY 430                    BY 494    BY 497</b>	-
Elective Courses	Electives in Biology to total 40 hours	
<b>Total Major Requirements:</b>		<b>68-74</b>

#### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
General Electives	Students must take general electives to reach the 120 semester hour requirement.
Graduating Seniors	Students must take a biology major fields test and a departmental exit survey.

#### MAJOR REQUIREMENTS FOR BIOLOGY WITH MOLECULAR BIOLOGY CONCENTRATION

Requirement	Fulfilled By:	Hrs.
GPA Requirement & Residency	A student must have at least a 2.0 average in all biology courses attempted and a 2.0 average in all biology courses taken at UAB in order to graduate. The current UAB course repeat policy will be used in calculating the grade point average. A minimum of nine semester hours in the major must be taken at UAB. Transfer students should be aware of the Department of Biology's policy regarding transfer credit.	-
Mathematics	Take the following courses: <b>MA 125</b> <i>Note: Completion of MA 125 automatically satisfies the Core Curriculum Area III: Math requirement and the Biology Major Requirement.</i>	4
Chemistry	Take all of the following courses (with laboratories): <b>CH 115 + CH 114 or CH 116    CH 235 + CH 234 or CH 236    CH 460 or CH 461</b> <b>CH 117 + CH 118 or CH 119    CH 237 + CH 238 or CH 239</b>	19

Physics	Take both of the following courses (with laboratories): <b>PH 201 + PH 202</b> Or take both of the following courses (with laboratories): <b>PH 221 + PH 222</b>	8
Biology Requirements	Biology Majors must complete 40 hours in <b>Biology (BY)</b> courses approved for the major, including <b>BY 123</b> and <b>BY 124</b> (fulfilling Core Curriculum Area III) and the courses taken to satisfy the requirements below. All of the courses listed below are approved for the major; consult your advisor for a list of additional courses. At least 9 hours must be 400-level or higher. Warning: You <u>cannot</u> apply BY 101, 102, 107, 111, 112, 116, or 261 toward the biology major.	40
Required Molecular Track Courses	Take all of the following courses: <b>BY 210      BY 245      BY 271      BY 311      BY 330</b>	-
Molecular Track Elective	Select three of the following courses: <b>BY 416      BY 431      BY 433      BY 440</b>	
Capstone Experience	Select one of the following courses: (only one capstone course can count towards major) <b>BY 408      BY 430      BY 494      BY 497</b>	
Elective Courses	Electives in Biology to total 40 hours	
<b>Total Major Requirements:</b>		<b>71-77</b>

### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
General Electives	Students must take general electives to reach the 120 semester hour requirement.
Graduating Seniors	Students must take a biology major fields test and a departmental exit survey.

### MINOR REQUIREMENTS FOR BIOLOGY

Requirement	Fulfilled By:	Hrs.
GPA Requirement & Residency	A student must have at least a 2.0 average in all biology courses attempted and a 2.0 average in all biology courses taken at UAB in order to graduate. The current UAB course repeat policy will be used in calculating the grade point average. A minimum of six semester hours in the minor must be taken at UAB. Transfer students should be aware of the Department of Biology's policy regarding transfer credit.	-
Required Biology courses	Take all of the following courses: <b>BY 123      BY 124      BY 210</b> <i>Note: <b>BY 123</b> and <b>BY 124</b> may also satisfy the Core Curriculum Area III: Natural Sciences requirement; check the Core Curriculum for your particular major.</i>	11
Biology Electives	Select 6 hours from 200-level or higher <b>Biology (BY)</b> courses. Not more than a total of three hours in <b>BY 397</b> , <b>BY 398</b> , and <b>BY 498</b> may be counted toward the minor.	6
<b>Total Minor Requirements:</b>		<b>17</b>

### Grade Point Average (Majors and Minors)

A student must have at least a 2.0 average in all biology courses attempted and a 2.0 average in all biology courses taken at UAB. The current UAB course repeat policy will be used in calculating the grade point average.

## Transfer Credit

Biology courses in which a grade of D is earned at another institution cannot be applied toward requirements for the major or minor. Students will not be given more credit (semester hours) toward the major or minor than awarded for equivalent courses at UAB, nor more than 8 semester hours of credit in any introductory sequence or combination of courses. Excess hours in these courses may, however, be applied as electives toward the 120 semester hours necessary to satisfy the general degree requirements.

A minimum of 9 semester hours in the major and 6 semester hours in the minor in biology must be taken at UAB.

## Honors Program in Biology

### Purpose

The Biology Honors Program offers motivated students the opportunity to develop research and communication skills in preparation for a graduate or professional career.

### Eligibility

To be accepted into the Biology Honors Program, a student must:

- have earned a 3.5 GPA in biology courses attempted;
- have earned a 3.0 GPA overall;
- have completed 18 semester hours in biology courses;
- have enrolled in BY 398 (Undergraduate Research) for at least one semester hour; and
- have arranged with a faculty sponsor in biology to do a research project.

### Requirements

Students in the Biology Honors Program will be required to have the following:

- six semester hours in BY 498 (Honors Research), with each semester hour per term requiring a minimum of four hours of laboratory work per week;
- a formal research proposal, submitted by the end of the first semester of Honors Research, including an introduction, proposed methods, and relevant literature citation;
- a formal written report in the form of a scientific paper; and
- an oral or poster presentation at Biology Research Day or the UAB Expo.

In some instances, it will be recommended that biology honors students give a formal presentation of their work at a scientific meeting. Funds may be provided to support participation at such a meeting.

### Benefits

In addition to the educational and career benefits of participation in the Biology Honors Program, students who complete the program will be honored at the annual Biology Honors Research Day and will graduate "With Honors in Biology."

### Contact

For more information and/or admission to the Biology Honors Program, contact Dr. Thane Wibbels, Campbell Hall, Room 255A, Birmingham, AL 35294-1170; Telephone (205) 934-4419; E-mail [twibbels@uab.edu](mailto:twibbels@uab.edu).

## Graduate Programs

The Department of Biology offers graduate study leading to the degrees of Master of Science and Doctor of Philosophy. Further information may be found in the UAB Graduate School Catalog.

## Accelerated Master of Science Programs

### Fifth Year M.S. Program

The Department of Biology offers an opportunity to earn a B.S. and an M.S. degree in a total of five years. This program offers qualified students mentorship during undergraduate study and supplements professional degrees such as medicine, dentistry, and optometry. The student works closely with a faculty member in an area of intensive research which prepares the student for a Ph.D. degree program in the biological sciences or a future health professions career. It also builds teaching skills for academic careers. Admission to the program requires a minimum 3.25 grade point average; three letters of recommendation; an interview with the admissions committee; and a satisfactory score on the Graduate Record Examination by fall of the senior year. For additional information, please contact Dr. Stephen Watts, Graduate Program Director, at (205) 934-2045.

### Bioinformatics Program

Through a collaborative program with the Department of Computer and Information Sciences, biology majors have an opportunity to complete a B.S degree in Biology and an M.S. degree in Computer and Information Sciences with a specialization in Bioinformatics. This program prepares individuals for a career in the high-demand bioinformatics job market. Biology undergraduate majors can satisfy the undergraduate background in computer science required by taking the following computer science courses (equivalent to a minor): CS 201, CS 250, CS 302, CS 303, CS 330, CS 440 and CS 441 Biology majors are then qualified to begin the bioinformatics specialization within the M.S. in Computer and Information Sciences degree. For additional information, contact the departmental office at (205) 934-8308.

*See the UAB Graduate School Catalog for descriptions of graduate courses.*

### Course Descriptions

#### Biology (BY)

*A schedule of courses that will be offered each term is available in the department office. Please note: General elective credit refers to courses chosen to complete the minimum 120 hours for a degree in addition to the major, minor, core, and college-wide requirements.*

#### **BY 101 - Topics in Contemporary Biology - 3**

Selected topics in modern biology, with emphasis on human biology. Only general elective credit for biology major or minor. Not for biology majors or minors (with BY 102, CORE AREA III).

#### **BY 102 - Topics Contemporary Bio Lab - 1**

Experiments and demonstrations in contemporary biology. NOTE: Only general elective credit for biology major or minor (with BY 101, CORE AREA III). Quantitative Literacy is a significant component of this course (QEP). *Prerequisite:* BY 101 or concurrent enrollment

#### **BY 107 - Trials of Life - 3**

Animal form and function, behavior, ecology, and evolution, based on video series "The Trials of Life". Classes include video viewing, lecture, and discussion. NOTE: Only general elective credit for biology major or minor.

#### **BY 111 - Ext Topics Contemp Biology - 3**

Selected topics in contemporary biology of interest to students with minimal background in biology. Topics presented in interactive lecture/discussion format. NOTE: Only general elective credit for biology major or minor (with BY 112, CORE AREA III). *Prerequisite:* BY 101

#### **BY 112 - Ext Topics Contemp Biology Lab - 1**

Further examination, interpretation, and discussion of topics in BY 111. Independent and group projects. NOTE: Only general elective credit for biology major or minor (with BY 111, CORE AREA III). *Prerequisite:* BY 111 or concurrent enrollment.

#### **BY 115 - Human Anatomy - 4**

Principles of vertebrate structure with emphasis on gross and microscopic human anatomy. Survey of human embryology and evolution. Lecture and laboratory.

#### **BY 115L - Human Anatomy Lab - 0**

Human Anatomy Lab required with BY 115 lecture.

#### **BY 116 - Introductory Human Physiology - 4**

Integrated functions of human cells, tissues, and organ systems. Only general elective credit for biology majors or minors. Lecture and laboratory. *Prerequisites:* BY 115 and (CH 105 and CH 106) or (CH 115 and 114 or 116) or (CH 117 and CH 118 or 119)

**BY 116L - Introductory Human Physiology Lab - 0**

Human Physiology Lab required with BY 116 lecture.

**BY 123 - Introductory Biology I - 4**

Basic chemistry, cell structure and function, metabolism, genetics, evolution, bacteria, and protists. For major in biology and related fields. Quantitative Literacy is a significant component of this course (QEP). Lecture and laboratory. *Prerequisites:* Completion of, or concurrent enrollment in, CH 115 or BY 116 with a grade of C or better or equivalent advised.

**BY 123L - Intro Biology I Lab - 0**

Introductory Biology I Lab required with BY 123 lecture.

**BY 124 - Introductory Biology II - 4**

Survey of fungi, plant and animal kingdoms. Anatomy and physiology of higher plants. Major organ systems of animals with emphasis on humans. For major in biology or related fields. Quantitative Literacy is a significant component of this course (QEP). Lecture and laboratory. *Prerequisites:* BY 123 with a grade of C or better.

**BY 124L - Introductory Biology II Lab - 0**

Introductory Biology II Lab required with BY 124 lecture.

**BY 210 - Genetics - 3**

Principles of inheritance and gene expression; molecular genetics. *Prerequisites:* BY 123

**BY 213 - Phage Genomics I - 4**

Phage Genomics I is the first semester of a year-long lecture, laboratory, and web enhanced course designed to provide an authentic research experience for undergraduate students. The course will address themes and techniques from across biology including microbiology, phage genetics, molecular biology, bioinformatics, and electron microscopy. *Prerequisites:* Completed application (contact biology advisor) and permission of instructor. Freshmen and sophomores only.

**BY 216 - Pathophysiology - 3**

Normal function of systems in human body followed by discussion of common alterations in function and how these are manifested in disease states. *Prerequisites:* BY 116 and (CH 107 and CH 108) or BY 124

**BY 245 - Fundamental Scientific Investigation - 3**

Methods of scientific process, experimental design, data interpretation and presentation, and scientific writing. Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* BY 124

**BY 255 - Invertebrate Zoology - 4**

Invertebrate phyla, emphasizing evolutionary relationships, biological principles demonstrated by invertebrates, and significance of invertebrates in total ecology. Lecture and laboratory. *Prerequisites:* BY 124

**BY 255L - Invertebrate Zoology Lab - 0**

Invertebrate Zoology Lab required with BY 255 lecture.

**BY 256 - Vertebrate Zoology - 4**

Comparative approach to the structure, function, ecology, life history, and conservation of vertebrates. Lecture and laboratory. *Prerequisites:* BY 124 and CH 115 and CH 114 or CH 116

**BY 256L - Vertebrate Zoology Lab - 0**

Vertebrate Zoology Lab required with BY 256 lecture.

**BY 260 - Botany - 4**

Development, structure, physiology, and diversity of plants, emphasizing vascular plants. Lecture and laboratory. *Prerequisites:* BY 124

**BY 260L - Botany Lab - 0**

Botany Lab required with BY 260 lecture.

**BY 261 - Intro to Microbiology - 4**

Cell structure and function, microbial genetics, viruses, and epidemiology and infectious disease. Cannot be applied toward requirements for a biology major. Lecture and laboratory. *Prerequisites:* BY 116 and BY 123 and (CH 107 and CH 108) or (CH 234 or CH 236) or (CH 237 and CH 238 or 239)

**BY 261L - Intro to Microbiology Lab - 0**

Introduction to Microbiology Lab required with BY 261 lecture.

**BY 267 - Tropical Ecology - 3**

Major tropical ecotypes; ecology of terrestrial, aquatic, and marine tropical organisms. Major portion conducted at tropical field station in Caribbean. Lecture and field trips (May session, alternate years). *Prerequisite:* BY 124 and Permission of Instructor.

**BY 268 - Galapagos Ecology - 3**

An overview of the ecology of the Galapagos Island, with an emphasis on the ecology of terrestrial and marine organisms. Major portion of course conducted on the Galapagos Islands. Lecture and field trips (May session, alternate years). *Prerequisite:* BY 124 and Permission of Instructor.

**BY 269 - Rain Forest Ecology - 3**

Physical and environmental factors that structure rain forest, biodiversity of life, and interactions of its organisms. Prominent biota. Major portion of course taught at tropical field station in Costa Rica. Lecture and field trips (May session, alternate years). *Prerequisite:* BY 124 and Permission of Instructor

**BY 271 - Biology of Microorganisms - 4**

Microbiology with emphasis on molecular aspects of microbial cell structure, function, and diversity. Host defense mechanisms, infectious disease, and microbial ecology. Preparation for advanced courses in biology. Lecture and laboratory. *Prerequisites:* BY 210 and CH 117 and CH 118 or CH 119

**BY 271L - Biology of Microorganisms Lab - 0**

Biology of Microorganisms Lab required with BY 271 lecture.

**BY 280 - Biology of Aging - 3**

Current understanding of aging, measurement of aging changes, theories of aging, and aging changes in various human systems. *Prerequisite:* BY 123 or permission of instructor

**BY 311 - Molecular Genetics - 3**

Prokaryotic and eukaryotic gene structure and function. *Prerequisites:* BY 210 with a grade of C or better.

**BY 314 - Embryology - 3**

Descriptive and experimental studies of vertebrate development at the molecular, cellular and tissue levels. *Prerequisites:* BY 256 and CH 117 and CH 118

**BY 327 - Histology - 4**

Microscopic anatomy of cells, tissues, and organs of animals; correlation of structure and function. Techniques and methodology. Lecture and laboratory. *Prerequisites:* BY 115 or BY 124

**BY 327L - Histology Lab - 0**

Histology Lab required with BY 327 lecture.

**BY 330 - Cell Biology - 3**

Biological molecules and metabolic processes; energetics; synthesis and regulation of macromolecules; differential gene expression; membranes and organelles; cytoskeleton; cell cycle and growth of normal and neoplastic cells. *Prerequisites:* BY 123, CH 235, CH 234 or CH 236 (or concurrent enrollment).

**BY 362 - Neurobiology - 3**

Biological basis of nervous system function. Comparative approach applying molecular, cellular, and systems concepts to nervous system function to examine electrical and chemical signaling, neural circuitry, and cellular basis of behavior and neural development (irregular offering). *Prerequisites:* BY 409 and CH 235 and CH 234 or CH 236 and PH 201

**BY 395 - Special Topics in Biology - 1 to 3**

This course will consider topics from the various disciplines in the biological sciences and the topic will differ each term. Course requirements may include lecture, laboratory, readings, discussion, reporting, and internships or fieldwork, which may be conducted on- or off-campus. May be taken more than once for credit. *Prerequisites:* BY 123, BY 124, and BY 210

**BY 397 - Advanced Directed Readings - 1 to 3**

Reading and independent study in selected areas under supervision of faculty sponsor. May be repeated for total of three semester hours credit. *Prerequisite:* 12 semester hours of BY with BY GPA of 3.0 and permission of instructor.

**BY 398 - Undergraduate Research - 1 to 3**

Research project under supervision of faculty sponsor. May be repeated for a total of 3 semester hours credit. *Prerequisites:* 12 semester hours of BY with GPA of 3.0 and permission of instructor.

**BY 405 - Microbial Physiology - 3**

Microbial structure and function, growth, metabolism, and regulation of cellular activity. *Prerequisites:* BY 271 and CH 235 and CH 234 or CH 236

**BY 407 - Microbial Ecology - 3**

Microorganisms in nature; interactions with each other and with environment. *Prerequisites:* BY 271

**BY 408 - Principles of Human Physiology – Capstone Experience - 4**

Physiological processes occurring at cell, tissue, organ, and system levels in mammals with emphasis on humans. Students that enroll in this capstone experience will be expected to do additional work to fulfill their biology capstone requirement. Lecture and Laboratory. *Prerequisites:* BY 210, CH 237 and CH 238 or CH 239 and senior standing. Foundation in anatomy recommended (BY 115 or BY 256).

**BY 409 - Principles of Human Physiology - 4**

Physiological processes occurring at cell, tissue, organ, and system levels in mammals with emphasis on humans. Quantitative Literacy is a significant component of this course (QEP). Lecture and Laboratory. *Prerequisites:* BY 210, CH 237 and CH 238 or CH 239. Foundation in anatomy recommended (BY 115 or BY 256).

**BY 409L - Principles of Human Physiology Lab - 0**

Human Physiology Lab required with BY 409 lecture.

**BY 410 - Comparative Animal Physiology - 3**

Comparative examples to illustrate general principles of physiology; study of how animals function in their environment. *Prerequisite:* BY 256 or permission of instructor.

**BY 415 - Ecology-Epidemiology of Arthropod Borne Diseases - 4**

This course covers the ecology, epidemiology, & control of arthropods and the pathogens they transmit to humans and animals. Special emphasis will be placed on emerging and re-emerging pathogens such as: dengue, yellow fever, bartonella, Rift Valley fever, typhus, & Chagas disease. The laboratory will reinforce the lectures with hands-on identification of both arthropods and pathogens. Lecture and Lab. *Prerequisite:* BY 210

**BY 416 - Cellular Physiology - 3**

Biochemical and thermodynamic aspects of cellular energy metabolism. *Prerequisites:* BY 330, CH 237 and CH 238 or CH 239 (or concurrent). Foundation in physiology recommended (BY 124, BY 116, BY 409 or BY 410).

**BY 419 - Reproductive Physiology - 3**

Comparative reproductive physiology in mammals, with emphasis on humans. *Prerequisites:* BY 256 and CH 235 and CH 234 or CH 236

**BY 420 - General Endocrinology - 3**

Roles of endocrine and neuroendocrine chemical messengers in the control of physiological processes. *Prerequisite:* BY 256 or Permission of Instructor.

**BY 426 - Evolutionary Medicine - 3**

An evolutionary approach to issues relating to human health and disease. *Prerequisites:* (BY 116 or BY 409) and BY 330

**BY 428 - Bio Lab Teach Tech - 3**

Student will be assistant in introductory biology laboratory. Preparatory session each week, assist laboratory instructor, and assist in preparation of quizzes and practicals. Completion of fifteen (15) hours in biology and Permission of Instructor.

**BY 429 - Evolution - 3**

Introduction to the study of evolutionary processes. *Prerequisites:* BY 210

**BY 430 - Evolution - Capstone Experience- 3**

Introduction to the study of evolutionary processes. Students that enroll in this class as their capstone experience will be expected to do additional work to fulfill their biology capstone requirement. *Prerequisites:* BY 210 and senior standing.

**BY 431 - Principles of DNA Technology - 3**

Manipulation of genes and their regulation; techniques used in recombinant DNA technology. *Prerequisites:* BY 210 and BY 311

**BY 433 - Advanced Molecular Genetics - 3**

Molecular genetics of eukaryotic organisms, including analysis of the features and nature of eukaryotic genomes, genes, nucleosomes, and chromosomes; processes involved, such as transcription, splicing, transposition, and signal transduction. The role of molecular biology in cell growth and cancer. *Prerequisites:* BY 311

**BY 435 - Natural History of Vertebrates - 4**

Lecture and field study of adaptations of vertebrate classes for survival in particular environments. Survey and classification of local vertebrates. Lecture and laboratory. *Prerequisite:* BY 256 or Permission of Instructor.

**BY 435L - Natural History of Vertebrates Lab - 0**

Natural History of the Vertebrates Lab required with BY 435 lecture.

**BY 440 - Immunology - 3**

Immune system and functions of host humoral and cellular immune responses. Mechanisms of antigen and antibody reactions and basic immunological methods. *Prerequisites:* BY 271 and BY 330 or permission of instructor.

**BY 442 - Experimental Phycology - 4**

Algae as model systems; experimental approaches to assessing productivity. Quantitative Literacy is a significant component of this course (QEP). Lecture and laboratory. *Prerequisites:* BY 124 and CH 117 and CH 118 or CH 119

**BY 442L - Experimental Phycology Lab - 0**

Experimental Phycology Lab required with BY 442 lecture.

**BY 448 - Psychoneuroimmunology - 3**

How neuroendocrine and immune systems communicate with each other. Regulatory processes mediated by interactions between these systems and application to diseases. *Prerequisite:* BY 440 or permission of instructor.

**BY 450 - Plant Physiology - 4**

Metabolic activities and growth processes of plants, with emphasis on photosynthesis, respiration, germination, dormancy, and hormones; physiological phenomena associated with phases of development. Lecture and Laboratory. *Prerequisites:* BY 260 and CH 235 and CH 234 or CH 236

**BY 450L - Plant Physiology Lab - 0**

Plant Physiology Lab required with BY 450 lecture.

**BY 452 - Field Botany - 4**

Plant identification and classification; consideration of phylogenetic systems. Lecture and laboratory. *Prerequisite:* BY 260 or Permission of Instructor.

**BY 452L - Field Botany Lab - 0**

Field Botany Lab required with BY 452 lecture.

**BY 453 - Mycology - 4**

Fungi, including morphology, development, physiology, taxonomy, and phylogeny. Lecture and laboratory. *Prerequisites:* (BY 260 or BY 271) and CH 235 and CH 234 or CH 236 or permission of instructor

**BY 453L - Mycology Lab - 0**

Mycology Lab required with BY 453 lecture

**BY 460 - Advanced Invertebrate Zoology - 3**

This course takes an in-depth look at aspects of the biology of the Echinodermata and Crustacea. The course format includes lectures, guest lectures, and student critiques of papers from the scientific literature. There is a field trip to Blunt Springs to search for echinoderm fossils. Lecture and student projects. *Prerequisites:* BY 255

**BY 465 - Limnology - 4**

Chemical and physical principles of lakes and streams; biology of freshwater and estuarine organisms. Lecture and Laboratory. *Prerequisites:* BY 255 or BY 256 or BY 260

**BY 465L - Limnology Lab - 0**

Limnology Lab required with BY 465 lecture.

**BY 467 - Population Ecology - 3**

Structure and dynamics of populations with an emphasis on understanding how reproduction, mortality and dispersal interact to control fluctuations in population size and structure. Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* BY 124

**BY 469 - Molecular Ecology and Phylogenetics - 3**

Course will survey processes and patterns of molecular evolution and methods of phylogenetic analysis using DNA sequences, amino acid sequences, and molecular markers. *Prerequisites:* BY 124 and BY 210, or permission of instructor

**BY 470 - Ecology - 3**

Ecosystems and population biology. *Prerequisites:* BY 255 or BY 256 or BY 260 or BY 271

**BY 471 - Ecology Lab - 1**

Laboratory in ecosystems and population biology. *Prerequisite or Co-requisite:* BY 470

**BY 474 - Chemical Ecology - 3**

Chemical interactions between organism and chemical sensing of the environment, including chemical defenses against threats and chemical communication between individuals. *Prerequisites:* BY 124 with a minimum grade of C and CH 235 with a minimum grade of C.

**BY 475 - Mammalian Development - 3**

Mechanisms of mammalian development with emphasis on humans, from gametogenesis through completion of embryogenesis. *Prerequisites:* BY 210 and BY 314

**BY 494 - Undergraduate Research - Capstone Experience - 3**

Research project under supervision of faculty sponsor. You must enroll for 3 credit hours and you can only enroll if you are a student with senior standing. Students that identify this class as their capstone experience will be expected to do additional work to fulfill their biology capstone requirement. *Prerequisite:* 12 semester hours of BY with GPA of 3.0, senior standing and permission of instructor.

**BY 495 - Special Topics in Biology - 1 to 3**

This course will consider topics from the various disciplines in the biological sciences and the topic will differ each term. Course requirements may include lecture, laboratory, readings, discussion, reporting, and internships or fieldwork, which may be conducted on- or off-campus. May be taken more than once for credit. *Prerequisite:* BY 123, BY 124, and BY 210.

**BY 496 - Fundamentals of Clinical Research - 3**

Issues relevant to the conduct of clinical research: ethics, hypothesis testing, study design, and data collection and management. Lecture and clinical interaction with patients. *Prerequisites:* Junior or Senior level biology majors; 15 hours of biology credit with a 3.5 GPA in biology courses, and permission of instructor.

**BY 497 – Honors Research – Capstone Experience - 3**

Research project under supervision of faculty sponsor. You must enroll for 3 credit hours and you can only enroll if you are a student with senior standing. Students that identify this class as their capstone experience will be expected to do additional work to fulfill their biology capstone requirement. *Prerequisite:* 18 hours of biology with minimum GPA of 3.5 in biology classes, senior standing and admission to Honors Research Program

**BY 498 - Honors Research - 1 to 6**

Research project for students admitted to Honors Research Program. Two or three terms required during which minimum of 6 semester hours must be earned. Grade assigned at completion of program. *Prerequisites:* 18 hours of biology with minimum GPA of 3.5 in biology classes and admission to Honors Research Program.

**BY 499 - Biology Seminar - 1**

Student presentations and discussions. Subject matter varies by term. See current class schedule for topic. *Prerequisites:* Senior standing and permission of instructor.

## Marine Science

The University of Alabama at Birmingham is a member of the Marine Environmental Sciences Consortium (MESC). The following courses are taught at the Dauphin Island Sea Lab, Dauphin Island, Alabama, and most are offered during the summer. For further information and registration procedures, consult the MESC representative, Dr. Ken Marion, Department of Biology, UAB; Telephone: (205) 934-8309; Email [kmarion@uab.edu](mailto:kmarion@uab.edu)

### Course Descriptions

**Marine Environmental Science (MESC)****MESC 106 - Intro to Oceanography - 4**

General introduction to the physics, chemistry, geology, and biology of the ocean. Lecture, laboratory, and field trips. . Only general elective credit for biology major or minor.

**MESC 128 - Ocean Science - 4**

Marine environment and relation of ocean to man. Lecture, laboratory, and field work. For non-science majors. Only general elective credit for biology major or minor.

**MESC 201 - Oceanology of Gulf of Mexico - 2**

Descriptive study of the oceanology of the Gulf of Mexico and adjacent waters, including coastal zone, continental shelf, and deep ocean. Only general elective credit for biology major or minor.

**MESC 204 - Coastal Geomorphology - 2**

Shape and land forms along coast; factors determining formation. Lecture and lab. Only general elective credit for biology major or minor.

**MESC 206 - Marine Biology - 4**

Invertebrates, vertebrates, and marine plants. Lecture, laboratory, and field work. Only general elective credit for biology major and minor. *Prerequisites:* BY 124 and permission of instructor.

**MESC 207 - Commercial Marine Fisheries AL - 2**

Biology, harvest techniques, processing, and economic value of local commercial species. Only general elective credit for biology major or minor.

**MESC 208 - Biology and Conservation of Marine Turtles - 2**

Overview of the biology and conservation of marine turtles. Lecture and laboratory. *Prerequisites:* BY 124

**MESC 209 - Hurricanes of Gulf of Mexico - 2**

Survey of hurricane formation and impacts with emphasis on hurricanes in the Gulf of Mexico. Only general elective credit for biology majors and minors.

**MESC 216 - Shark and Ray Biology - 2**

Introduction to the biology of sharks and rays, with emphasis on regional shark and ray fauna. Lecture and laboratory. *Prerequisites:* BY 124.

**MESC 302 - Coastal Zone Management - 2**

Ecological features and set of physical management policies for coastal communities, with description of relevant federal and state programs. Only general elective credit for biology major or minor.

**MESC 303 - Coastal Climatology - 2**

Physical factors resulting in climatic conditions of coastal regions, with emphasis on northern Gulf of Mexico. Only general elective credit for biology major or minor.

**MESC 304 - Marine Geology - 4**

Geology of ocean basins, with emphasis on continental shelves, sediments, and sedimentary processes. Only general elective credit for biology major or minor. *Prerequisites:* ES 101 and ES 102

**MESC 305 - Dolphins and Whales - 2**

Classification, anatomy, and ecology of cetaceans. Lecture and laboratory. *Prerequisites:* BY 124

**MESC 402 - Marine Vertebrate Zoology - 4**

Marine fishes, reptiles, and mammals (systematics, zoogeography, and ecology). Lecture, laboratory, and field work. *Prerequisite:* 12 semester hours biology.

**MESC 407 - Marine Botany - 4**

Marine algae and vascular and non-vascular plants (distribution, identification, structure, ecology, and reproduction). Lecture, laboratory, and field work. *Prerequisite:* 12 semester hours biology.

**MESC 411 - Marsh Ecology - 4**

Habitat analysis, natural history studies, and population dynamics of selected organisms. Lecture, laboratory, and field work. *Prerequisite:* MESC 412 or BY 470.

**MESC 412 - Marine Ecology - 4**

Bioenergetics, community structure, population dynamics, predation, competition, and speciation in marine ecosystems. Lecture, laboratory and field work. *Prerequisites:* BY 255 or BY 256

**MESC 413 - Marine Invertebrate Zoology - 4**

Natural history, systematics, and morphology of marine invertebrates. Lecture, laboratory and field work. *Prerequisites:* BY 124

**MESC 415 - Coastal Ornithology - 2**

Coastal and pelagic birds, with emphasis on ecology, taxonomy, and distribution. Lecture, laboratory, and field work. *Prerequisites:* BY 124

**MESC 428 - Oceanography - 4**

Physics, chemistry, biology, and geology of oceans. Only general elective credit for biology major or minor. *Prerequisites:* CH 117 and CH 118 or 119 and MA 106 and PH 202

**MESC 472 - Marine Aquaculture - 2**

Science, techniques, and economics of marine aquaculture. Lecture and laboratory. *Prerequisite:* BY 256 or BY 435; BY 255 recommended

**MESC 473 - Marine Fish Diseases - 4**

Introduction to aquatic animal diseases, specifically for fish and shellfish. *Prerequisites:* (BY 255 or BY 256) and BY 271

**MESC 475 - Marine Behavioral Ecology - 4**

Behavior of marine organisms as it relates to survival in their environment. Lecture, laboratory and field trips. *Prerequisites:* BY 255 or BY 256

**MESC 478 - Adv Anatomy/Evol Marine Fishes - 3**

Anatomical studies of marine fishes with emphasis on function and structure; evolutionary and taxonomic relationships. *Prerequisites:* BY 256

**MESC 479 - Marine Toxicology - 4**

Selected topics of toxicology as related to the coastal environment and marine organisms. *Prerequisites:* BY 330 and (CH 235 or CH 237)

**MESC 491 - Research on Special Topics - 1 to 6**

Enrollment by special arrangement in any subject listed. *Prerequisite:* Permission of MESC representative, Department of Biology.

**MESC 492 - Special Topics: Lecture - 2 to 4**

Lectures on selected marine-related topics. Course content varies.

*See the UAB Graduate School Catalog for descriptions of graduate courses.*

## Department of Chemistry

**Chair:** David E. Graves

**Faculty:** Atigadda, Brande, Brouillette, C., Brouillette, W., Gray, Hamilton, Krannich, Lucius, March, McClure, Muccio, Nikles, Patterson, Velu, Vyazovkin, Wang, Watkins

The Department of Chemistry provides general course offerings for non-majors and several undergraduate degree programs for chemistry majors. All B.S. degrees are designed to comply with American Chemical Society (ACS) accreditation standards and provide a strong foundation in chemistry that prepares students to be highly qualified to work as professional chemists, pursue advanced studies leading to the Ph.D. degree in chemistry or biochemistry, or gain admission to professional schools in medicine, dentistry, optometry, pharmacy, work as forensic chemists in regional, state, and federal forensic laboratories, work as professional chemists in industrial or government laboratories, or work as chemistry educators.

The department offers the following ACS-approved B.S. degrees in chemistry as well as a minor in chemistry:

- I. Major in chemistry
- II. Major in chemistry with a biochemistry track
- III. Major in chemistry with a chemical education track
- IV. Major in chemistry with a forensic chemistry track
- V. Major in chemistry with a polymer chemistry track

The B.S. degree in chemistry with a biochemistry track, or a B.S. degree in chemistry, with biology as a minor, is recommended for students with career interests in medicine, dentistry, optometry, pharmacy, or other health-related fields. Students whose interests include careers in federal, state, or local forensic laboratories are encouraged to obtain a degree in chemistry with the forensic chemistry track.

Brochures that delineate the required curricula and career opportunities associated with the B.S. degree in chemistry and all available options, an annual schedule of courses, and a suggested program of study are available from the Department of Chemistry Advising Office and on the Department of Chemistry website. ([www.chem.uab.edu](http://www.chem.uab.edu))

An exciting feature of the Department of Chemistry's B.S. degree is the recruitment and involvement of undergraduate majors in world-class research programs. Students are encouraged to become involved in research early in their undergraduate careers. Students are engaged in all aspects of meaningful and significant research programs covering a variety of projects and encompassing every area of chemistry, biochemistry, and extending into interdisciplinary programs within the UAB biomedical research complex. Students demonstrating success in their research projects are encouraged to present their work at regional and national scientific meetings supported by departmental travel grants.

All students majoring in chemistry are required to meet with the Department of Chemistry Undergraduate Advisor (Mr. James Grimes) each term prior to registration (205-934-7529) or [chemadvise@uab.edu](mailto:chemadvise@uab.edu).

### Grade Point Average

At least a 2.0 average for all required chemistry courses and a 2.0 average for all required chemistry courses taken at UAB are compulsory for either a major or minor in chemistry. The current UAB course repeat policy and course forgiveness policy will be used in calculating the grade point average.

### Transfer Credit

Chemistry courses in which a grade of D is earned at another institution cannot be applied toward requirements for the chemistry major or minor. Students will not be given more semester-hours credit toward the major or minor than awarded for equivalent courses at UAB. Transfer students must complete at least two courses (with laboratories) in chemistry at UAB from the following (CH 115, 117, 235, 237, 325, 326, 345, 355) in order to qualify for the minor. A minimum of nine semester hours required for the major (at or above the 400 level) must be completed at UAB. Courses taken under the Cooperative Exchange Program must be approved in advance and in writing by the department chair in order for those courses to be accepted for credit.

### Honors Program in Chemistry

#### Purpose

The Chemistry Honors Program is aimed toward outstanding chemistry majors and is designed to enhance the students' problem solving, critical thinking, and communication skills. The program provides an excellent preparation for graduate school or professional careers.

## Eligibility

Acceptance into the Chemistry Honors Program requires the student to:

- have earned a 3.25 GPA in required chemistry courses attempted;
- have earned a 3.0 GPA overall;
- have completed the following courses: CH 115, CH 114 or CH 116, CH 117, CH 118 or CH 119, CH 235, CH 234 or CH 236, CH 237, and CH 238 or CH 239;
- have arranged with a faculty mentor to do a research project in chemistry; and
- have submitted the honors program application form and a one-page honors research proposal to the Chemistry Honors Director.

## Requirements

Students in the Chemistry Honors Program will be required to have the following:

- approval of the Chemistry Honors Director;
- completion of 6 semester hours of undergraduate research CH 497;
- enrollment in Honors Thesis, CH 499, requiring a senior thesis written in ACS format for a scientific paper; and
- an oral presentation and defense of the thesis before the student's Honors Research Committee.

Where appropriate, the Honors Committee may recommend that chemistry honors students make a formal presentation of their work at the annual meeting of the Alabama Academy of Science or a regional or national meeting of the American Chemical Society.

## Benefits

In addition to the benefits associated with a mentoring program that fosters a spirit of inquiry, independence, and initiative and integrates the student's prior course work into a working knowledge of chemistry in the laboratory, the student who completes the program will graduate "With Honors in Chemistry."

## Contact

For more information and/or admission to the Chemistry Honors Program, contact Dr. Gary Gray, Director of the Department of Chemistry Honors Program, Chemistry Building, Room 201, Birmingham, AL 35294-1240; Telephone (205) 934-8094; e-mail [ggray@uab.edu](mailto:ggray@uab.edu).

## CORE CURRICULUM FOR CHEMISTRY

Requirement	Fulfilled By:	Hrs.
Area I: Written Composition	Take both of the following courses (must earn a C or better): <b>EH 101    EH 102</b>	6
Area II: Literature	Select one of the following courses: <b>EH 216    EH 218    EH 222    EH 224</b> <b>EH 217    EH 221    EH 223</b>	3
Area II: Fine Arts	Select one of the following courses: <b>ARH 101    ARH 204    MU 120    THR 105</b> <b>ARH 203    ARH 206    THR 100    THR 200</b>	3
Area II: Fine Arts and Humanities	Select two of the following courses: <b>AAS 200    CHI 102    EH 222    GN 101    JPA 102    PHL 203</b> <b>ARA 101    CHI 201    EH 223    GN 102    JPA 201    SPA 101</b> <b>ARA 102    CHI 202    EH 224    GN 201    JPA 202    SPA 102</b> <b>ARH 101    CM 101    FLL 120    GN 202    MU 120    SPA 201</b> <b>ARH 203    CM 105    FLL 220    GN 204    PHL 100    SPA 202</b> <b>ARH 204    EH 216    FR 101    ITL 101    PHL 115    THR 100</b> <b>ARH 206    EH 217    FR 102    ITL 102    PHL 116    THR 105</b> <b>AS 200    EH 218    FR 201    ITL 201    PHL 120    THR 200</b> <b>CHI 101    EH 221    FR 202    JPA 101    PHL 125</b>	6-8
Area III: Mathematics	Take the following course: <b>MA 125</b>	4
Area III: Natural Sciences	Take all of the following courses: <b>CH 115    CH 117</b> <b>CH 116    CH 118</b>	8
Area IV: History	Select one of the following courses: <b>HY 101    HY 102    HY 104    HY 105    HY 120    HY 121</b>	3

Area IV: Social & Behavioral Sciences	Select one of the following courses: <b>ANTH 101 EC 211 HY 104 PSC 101 PY 101 WS 100</b> <b>ANTH 106 GEO 121 HY 105 PSC 102 PY 212</b> <b>ANTH 120 HY 101 HY 120 PSC 103 SOC 100</b> <b>EC 210 HY 102 HY 121 PSC 221 SOC 245</b>	3
Area IV: Social & Behavioral Sciences (Non-History)	Select two of the following courses: <b>ANTH 101 EC 211 PSC 103 SOC 100</b> <b>ANTH 106 GEO 121 PSC 221 SOC 245</b> <b>ANTH 120 PSC 101 PY 101 WS 100</b> <b>EC 210 PSC 102 PY 212</b>	6
Sequence Requirement:	As part of Area II or Area IV, students must complete a two course sequence in Literature or History. Approved sequences are listed below: <b>EH 217 + EH 218 HY 101 + HY 102</b> <b>EH 221 + EH 222 HY 104 + HY 105</b> <b>EH 223 + EH 224 HY 120 + HY 121</b>	-
<b>Total Core Curriculum Requirements:</b>		<b>42-44</b>

### MAJOR REQUIREMENTS FOR CHEMISTRY

<b>Requirement</b>	<b>Fulfilled By:</b>	<b>Hrs.</b>
GPA and Residency Requirement	At least a 2.0 average in all required chemistry courses and a 2.0 average in all required chemistry courses taken at UAB are mandatory for a major in chemistry. A minimum of nine semester hours in the major at or above the 400 level must be taken at UAB. The current UAB course forgiveness policy will be used in calculating the grade point average. No D grades in chemistry courses are allowed for transfer credit.	-
Computer and Mathematics Requirements	Take the following courses: <b>CS 101 MA 126</b> <i>Note: Completion of CS 101 automatically satisfies Track C of the College-Wide Requirements.</i>	7
Physics	Take both of the following courses with laboratories: <b>PH 201 PH 202</b> Or take both of the following courses with laboratories: <b>PH 221 PH 222</b>	8
Organic Chemistry	Take all of the following courses: <b>CH 235 CH 236 CH 237 CH 238</b>	8
Analytical / Inorganic / Physical Chemistry	Take all of the following courses with laboratories: <b>CH 325 CH 326 CH 345 CH 355</b>	16
Biochemistry	Take the following course: <b>CH 460</b>	3
Chemistry Electives	Select one of the following courses: <b>CH 440 CH 461 CH 463 CH 465 CH 472 CH 481</b> <b>CH 450 CH 462 CH 464 CH 471 CH 480</b> Or <b>6 SH of CH 497</b> Note: CH 450, CH 480, and CH 481 have required laboratories	3-6
Capstone Requirement	Students must take CH 493 or (CH 497 and CH 495)	1-3
<b>Total Major Requirements:</b>		<b>48-49</b>

### ADDITIONAL REQUIREMENTS

<b>Requirement</b>	<b>Fulfilled By:</b>
General Electives	Students must take general electives and a college-wide Track A or Track B Course to reach the 120 semester hour requirement.

## MAJOR REQUIREMENTS FOR CHEMISTRY WITH BIOCHEMISTRY TRACK

Requirement	Fulfilled By:	Hrs.
GPA and Residency Requirement	At least a 2.0 average in all required chemistry courses and a 2.0 average in all required chemistry courses taken at UAB must be achieved for a major in chemistry with Bio-chemistry track. A minimum of nine semester hours at or above the 400 level in the major must be taken at UAB. The current UAB course forgiveness policy will be used in calculating the grade point average. No D grades in chemistry courses are allowed for transfer credit.	-
Computer, Mathematics Requirements	Take the following courses: <b>CS 101 MA 126</b> <i>Note: Completion of CS 101 automatically satisfies Track C of the College-Wide Requirements.</i>	7
Biology	Take the following courses: <b>BY 123 BY 124</b> <b>BY 210 or BY 271 or BY 330</b> <i>Note: BY 123, 124, and 271 have required laboratory components.</i>	11-12
Physics	Take both of the following courses (with laboratories): <b>PH 201 PH 202</b> Or take both of the following courses (with laboratories): <b>PH 221 PH 222</b>	8
Organic Chemistry	Take all of the following courses: <b>CH 235 CH 236 CH 237 CH 238</b>	8
Analytical / Inorganic / Physical Chemistry	Take all of the following courses with laboratories: <b>CH 325 CH 326 CH 345 CH 355</b>	16
Biochemistry	Take all of the following courses: <b>CH 460 CH 461</b>	6
Biochemistry Elective	Select one of the following courses: <b>CH 462 CH 463 CH 464</b>	3
Capstone Requirement	Students must take CH 493 or (CH 497 and CH 495)	3-7
<b>Total Major Requirements:</b>		<b>62-67</b>

## ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
General Electives	Students must take general electives and a college-wide Track A or Track B course to reach the 120 semester hour requirement.

## MAJOR REQUIREMENTS FOR CHEMISTRY WITH FORENSIC CHEMISTRY TRACK

Requirement	Fulfilled By:	Hrs.
GPA and Residency Requirement	A student may apply for admission to the forensic chemistry track upon successful completion of CH 237 and 238. A minimum of nine semester hours of required courses in the major must be taken at UAB prior to admission to this track. At least a 3.0 grade point average in all required chemistry courses and a 3.0 average in all required chemistry courses taken at UAB must be achieved for the forensic chemistry track. The current UAB course forgiveness policy will be used in calculating the grade point average. No D grades in chemistry courses are allowed for transfer credit.	-
Computer, Mathematics Requirements	Take the following courses: <b>CS 101 MA 126</b> <i>Note: Completion of CS 101 automatically satisfies Track C of the College-Wide Requirements.</i>	7
Communication Studies	Take the following course: <b>CM 101</b> <i>Note: Completion of CM 101 automatically satisfies three semester hours of Area II (Fine Arts + Humanities)</i>	3

Biology	Take the following courses: <b>BY 123 BY 124 BY210 BY 311 BY 429</b> Note: BY 123 and 124 have required laboratory components.	17
Physics	Take both of the following courses with laboratories: <b>PH 201 + PH 202</b> Or take both of the following courses with laboratories: <b>PH 221 + PH 222</b>	8
Organic Chemistry	Take all of the following courses: <b>CH 235 CH 237</b> <b>CH 236 CH 238</b>	8
Analytical / Inorganic / Physical Chemistry	Take all of the following courses with laboratories: <b>CH 345 CH 355 CH 450 CH 325 CH 326</b>	20
Biochemistry	Take all of the following courses: <b>CH 460 CH 463</b>	6
Justice Science	<b>JS 110 JS 120 JS 250 JS 351 or JS 352</b> <b>JS 577 or JS 677</b>	15
<b>Total Major Requirements:</b>		<b>89</b>

#### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
General Electives	Students must take general electives and a college-wide Track A or Track B course to reach the 120 semester hour requirement.

#### MAJOR REQUIREMENTS FOR CHEMISTRY WITH CHEMICAL EDUCATION TRACK

Requirement	Fulfilled By:	Hrs.
GPA and Residency Requirement	At least a 2.0 average in all required chemistry courses and a 2.0 average in all required chemistry courses taken at UAB must be achieved for a major in the chemical education track. A minimum of nine semester hours in the major at or above the 400 level must be taken at UAB. The current UAB course forgiveness policy will be used in calculating the grade point average. No D grades in chemistry courses are allowed for transfer credit.	-
Computer and Mathematics Requirements	Take the following courses: <b>CS 101 MA 126</b> <i>Note: Completion of CS 101 automatically satisfies Track C of the College-Wide Requirements.</i>	7
Physics	Take both of the following courses with laboratories: <b>PH 201 + PH 202</b> Or take both of the following courses with laboratories: <b>PH 221 + PH 222</b>	8
Organic Chemistry	Take all of the following courses: <b>CH 235 CH 236 CH 237 CH 238</b>	8
Analytical / Inorganic / Physical Chemistry	Take the following courses with laboratories: <b>CH 345 CH 355 CH 325 or CH 326</b>	12
Biochemistry	Take the following course: <b>CH 460</b>	3
Chemistry Electives	Select one of the following courses: <b>CH 440 CH 461 CH 463 CH 465 CH 472 CH 481</b> <b>CH 450 CH 462 CH 464 CH 471 CH 480 CH 497</b> Note: CH 450, CH 480, and CH 481 have required laboratories	3-4

Chemistry Teaching Methods	<b>CH 498</b>	3
Capstone Requirement	Students must take CH 493 or (CH 497 and CH 495)	1-3
<b>Total Major Requirements:</b>		<b>45-48</b>

#### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
General Electives	Students must take general electives and a college-wide Track A or Track B course to reach the 120 semester hour requirement.

#### MAJOR REQUIREMENTS FOR CHEMISTRY WITH POLYMER CHEMISTRY TRACK

Requirement	Fulfilled By:	Hrs.
GPA Requirement	At least a 2.0 average in all required chemistry courses and a 2.0 average in all required chemistry courses taken at UAB must be achieved for a major in the polymer chemistry track. A minimum of nine semester hours in the major at or above the 400 level must be taken at UAB. The current UAB course forgiveness policy will be used in calculating the grade point average. No D grades in chemistry courses are allowed for transfer credit.	-
Computer and Mathematics Requirements	Take the following courses: <b>CS 101 MA 126</b> <i>Note: Completion of <b>CS 101</b> automatically satisfies Track C of the College-Wide Requirements.</i>	7
Physics	Take both of the following courses (with laboratories): <b>PH 201 + PH 202</b> Or take both of the following courses (with laboratories): <b>PH 221 + PH 222</b>	8
Organic Chemistry	Take all of the following courses: <b>CH 235 CH 236 CH 237 CH 238</b>	8
Analytical / Inorganic / Physical Chemistry	Take all of the following courses with laboratories: <b>CH 325 CH 326 CH 345 CH 355</b>	16
Biochemistry	Take one of the following courses: <b>CH 460</b>	3
Polymer	Take all of the following courses with laboratories: <b>CH 480 CH 481</b>	8
Material Science and Engineering	Take all of the following courses with laboratories: <b>MSE 280 MSE 413 MSE 430</b>	9
Capstone Requirement	Students must take CH 493 or (CH 497 and CH 495)	3-4
<b>Total Major Requirements:</b>		<b>62-63</b>

#### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
General Electives	Students must take general electives and a college-wide Track A or Track B course to reach the 120 semester hour requirement.

## MINOR REQUIREMENTS FOR CHEMISTRY

Requirement	Fulfilled By:	Hrs.
GPA & Residency Requirement	At least a 2.0 average in required chemistry courses and a 2.0 average in required chemistry courses taken at UAB are mandatory for a minor in chemistry. The current UAB course forgiveness policy will be used in calculating the grade point average. Students must complete at least two courses (with laboratories) in chemistry at UAB from the following ( <b>CH 115, 117, 235, 237, 325, 326, 345, 355</b> ) in order to qualify for the minor. No grades of D in chemistry courses are allowed for transfer credit	-
Required Computer Course	Take the following course: <b>CS 101</b>	3
Required Chemistry Courses	<b>CH 115 CH 116 CH 117 CH 118 CH 235 CH 236 CH 237 CH 238</b> Note: CH 115, 116, 117, and 118 may also satisfy the Core Curriculum Area III: Natural Sciences requirement; check the Core Curriculum for your particular major.	16
Required Chemistry Course	Take one of the following courses: <b>CH 325 CH 326 CH 345 CH 355 CH 460</b> Note: CH 325, 326, 345, and 355 have required laboratories	3-4
<b>Total Requirements:</b>		<b>22-23</b>

### Graduate Programs

The Department of Chemistry offers graduate study leading to the degrees of Master of Science and Doctor of Philosophy. Further information may be obtained from the Chair of the Department of Chemistry, the UAB Graduate School Catalog, or the departmental web site (<http://www.chem.uab.edu>).

### Course Descriptions Chemistry (CH)

#### **CH 100 – Chemical Problem Solving - 3**

Development of quantitative skills and introduction to basic chemical concepts to prepare students for CH 115. Successful completion of MA 098 or more advanced math, or placement in a more advanced math, is strongly recommended prior to taking this course.

#### **CH 105 - Introductory Chemistry I - 3**

Fundamental facts, principles, theory, and applications of chemistry. Qualitative in nature; for non-science majors and nursing students with no previous background in chemistry. Writing assignments structured to build on scientific reasoning. (Core Area III). Not applicable to a major or minor in chemistry. Quantitative Literacy is a significant component of this course (QEP). *Prerequisite:* Students must be eligible for, enrolled in, or have completed MA 102 or MA 105 or MA 106 or MA 107 or MA 110 or MA 125 or higher.

#### **CH 106 - Introductory Chemistry I Laboratory - 1**

Emphasizes development of lab skills and demonstration of chemical principles covered in CH 105. Writing assignments structured to build on scientific reasoning. (Core Area III) Not applicable to a major or minor in chemistry. Quantitative Literacy is a significant component of this course (QEP). Concurrent enrollment in or prior completion of CH 105 strongly recommended.

#### **CH 107 - Introductory Chemistry II - 3**

Fundamental organic and biochemistry. The second part of the chemistry sequence for non-science majors and nursing students. Covers concepts of organic chemistry and biochemistry. Emphasis on molecules involved in life processes. Writing assignments structured to build on scientific reasoning. (Core Area III). Not applicable to a major or minor in chemistry. Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* CH 105 or CH 115

#### **CH 108 - Introductory Chemistry II Laboratory - 1**

Emphasizes development of lab skills and demonstration of phenomena covered in CH 107. (Core Area III) Not applicable to a major or minor in chemistry. Writing assignments structured to build on scientific reasoning. Quantitative Literacy is a significant component of this course (QEP). Concurrent enrollment in or prior completion of CH 107 strongly recommended.

#### **CH 114 - General Chemistry I Laboratory (Honors) - 1**

Emphasizes development of laboratory skills and quantitative analyses related to CH 115. Writing assignments structured to build on scientific reasoning. (Core Area III) Quantitative Literacy is a significant component of this course (QEP). *Prerequisite:* CH 115 or concurrent enrollment and permission of instructor.

**CH 115 - General Chemistry I - 3**

Stoichiometry, quantum theory, atomic structure, chemical bonding, acids-bases, colligative properties and periodicity. Laboratory emphasizes quantitative analysis. Writing assignments structured to build on scientific reasoning. (Core Area III) Quantitative Literacy is a significant component of this course (QEP). *Prerequisite:* Student must be eligible for, enrolled in, or have completed MA 106 or MA 107 or MA 125. *Corequisite:* CH 115R

**CH 115R - General Chemistry I Recitation - 0**

General chemistry I recitation is used to build problem-solving skills in a study-group environment. Included in these sections are homework, quizzes, and lecture related problems and exams.

**CH 116 - General Chemistry I Laboratory - 1**

Emphasizes development of laboratory skills and quantitative analyses related to CH 115. Writing assignments structured to build on scientific reasoning. (Core Area III). Quantitative Literacy is a significant component of this course (QEP). Concurrent enrollment in or prior completion of CH 115 strongly recommended.

**CH 117 - General Chemistry II - 3**

Solutions, chemical kinetics, chemical thermodynamics, chemical equilibrium and special topics (organic, biochemistry, descriptive chemistry) Writing assignments structured to build on scientific reasoning. (Core Area III). Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* CH 115 with a grade of C or better. *Corequisite:* CH 117R

**CH 117R - General Chemistry II Recitation - 0**

General chemistry II recitation is used to build problem-solving skills in a study-group environment. Included in these sections are homework, quizzes, and lecture related problems and exams.

**CH 118 - General Chemistry II Laboratory - 1**

Emphasizes development of laboratory skills and quantitative analyses related to CH 117. Writing assignments structured to build on scientific reasoning. (Core Area III). Quantitative Literacy is a significant component of this course (QEP). Concurrent enrollment in or prior completion of CH 117 strongly recommended.

**CH 119 - General Chemistry II Laboratory Honors - 1**

Emphasizes development of laboratory skills and quantitative analyses related to CH 117. (Core Area III) Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* CH 117 or concurrent enrollment and permission of instructor.

**CH 201 - Research Methods in Chemistry - 4**

Comprehensive approach for developing research skills used in chemistry and biochemistry research laboratories. *Prerequisites:* CH 115 or concurrent enrollment and permission of the instructor.

**CH 234 - Organic Chemistry I Laboratory Honors - 1**

Techniques of organic chemistry. Synthesis, purification, and characterization of organic compounds. *Prerequisites:* CH 235 or concurrent enrollment and permission of instructor.

**CH 235 - Organic Chemistry I - 3**

Structure, nomenclature, properties, and reactivity of compounds with various organic functional groups: alkanes, alkenes, alkynes, alkyl halides and alcohols. Emphasis on the mechanisms of organic reactions and problem solving. *Prerequisites:* CH 117 with a grade of C or better and concurrent enrollment in CH 235R (Organic I Recitation). Recitation registration is required.

**CH 235R - Organic Chemistry I Recitation - 0**

Organic chemistry I recitation is used to build problem solving skills in study-group environments. Included in these sections are homework, quizzes, lecture related problems and exams.

**CH 236 - Organic Chemistry I Laboratory - 1**

Techniques of organic chemistry. Synthesis, purification, and characterization of organic compounds. *Prerequisite:* CH 117 with a grade of C or better. Concurrent enrollment in or prior completion of CH 235 strongly recommended.

**CH 237 - Organic Chemistry II—3**

Reactions of aromatic compounds and carbonyl containing functional groups: aldehydes, ketones, acids, esters, and amides. Molecules of biological interest, such as proteins and carbohydrates. *Prerequisites:* CH 235 with a grade of C or better and concurrent enrollment in CH 237R (Organic II Recitations). Recitation registration is required.

**CH 237R - Organic Chemistry II Recitation - 0**

Organic Chemistry II recitation is used to build problem solving skills in study-group environments. Included in these sections are homework, quizzes, lecture related problems, and exams.

**CH 238 - Organic Chemistry II Laboratory - 1**

Synthesis, purification, and characterization of organic compounds using instrumental analysis and identification of unknowns. *Prerequisites:* CH 235 with a grade of C or better. No concurrent enrollment.

**CH 239 - Organic Chemistry II Laboratory Honors - 1**

Synthesis, purification and characterization of organic compounds using instrumental analysis and identification of unknowns. *Prerequisites:* CH 237 or concurrent enrollment and permission of the instructor.

**CH 291 - Cooperative Education in Chemistry - 2 to 3**

A course on the principles of chemistry with emphasis on chemical education and teaching techniques. Appropriate for students seeking certification as a chemistry or science teacher. *Prerequisite:* Sophomore standing and minimum GPA of 2.5 or above, requires permission of and evaluation by appropriate faculty advisor.

**CH 297 - Directed Studies - 1**

Independent study in selected areas of chemistry under supervision of faculty sponsor. *Prerequisite:* Completion of 14 hours in Chemistry, including CH 235, GPA of 2.5 in chemistry courses and permission of instructor and chemistry academic advisor.

**CH 307 - Core Principles of Modern Science - 1**

Course is designed to prepare pre-medical, pre-dental, pre-optometry, and pre-pharmacy students for MCAT, DAT, OAT, and PCAT examinations. Not applicable to a major or minor in chemistry.

**CH 325 - Thermodynamics and Chemical Kinetics - 4**

Thermodynamics, chemical equilibria, and chemical kinetics. Lecture and laboratory. *Prerequisites:* CH 117 and MA 126 and (PH 201 or PH 221) and concurrent enrollment in CH 325L.

**CH 325L - Thermodynamics and Chemical Kinetics Laboratory - 0**

Thermodynamics and chemical kinetics laboratory required with CH 325 lecture.

**CH 326 - Structure/Bonding and Molecular Spectroscopy - 4**

Quantum mechanics, chemical bonding, and molecular spectroscopy. Laboratory correlated with lecture material. *Prerequisites:* CH 117 and MA 126 and (PH 202 or PH 222) and concurrent enrollment in CH 326L.

**CH 326L - Structure/Bonding and Molecular Spectroscopy Laboratory - 0**

Structure/bonding and molecular spectroscopy laboratory required with CH 326 lecture.

**CH 345 - Principles and Applications of Chemical Periodicity - 4**

Systematic coverage of descriptive chemistry. Chemical reactivity using structural and electronic parameters. Development of chemical understanding and intuition of elements and their compounds, as well as industrial and environmental applications. Lecture and laboratory. *Prerequisites:* CH 237 and CH 238 or CH 239 with a grade of C or better and concurrent enrollment in CH 345L.

**CH 345L - Principles and Applications of Chemical Periodicity Laboratory - 0**

Principles and Applications of Chemical Periodicity Lab required with CH 345 lecture.

**CH 355 - Analysis Techniques - 4**

Principles of analytical measurements, gravimetric analysis, spectrophotometric analysis, and chromatography, with emphasis on equilibrium and applications. Lecture and laboratory. *Prerequisites:* CH 117 with a grade of C or better and concurrent enrollment in CH 355L.

**CH 355L - Analysis Techniques Laboratory - 0**

Analysis Techniques Lab required with CH 355 lecture, emphasizing quantitative analysis.

**CH 391 - Cooperative Education in Chemistry - 2 to 3**

Analysis of the concepts and models of chemistry with emphasis on computational skills for chemistry and science teachers. Appropriate for students seeking certification as chemistry or science teachers. *Prerequisite:* Junior or senior standing and minimum GPA of 2.5 or above. Requires permission of and evaluation by appropriate faculty advisor.

**CH 416 - Chemical Demonstrations I - 3**

Demonstration and analysis of safe, practical and effective experiments suitable for middle/high school students. At least 50 demonstrations will be performed. Not applicable to a major or minor in chemistry. *Prerequisite:* Permission of Instructor.

**CH 417 - Chemical Demonstrations II - 3**

Demonstration and analysis of safe, practical, and effective experiments suitable for middle/high school students. At least 50 demonstrations will be performed. Not applicable to a major or minor in chemistry. *Prerequisite:* Permission of Instructor.

**CH 429 - Special Topics in Physical Chemistry - 1 to 3**

Selected areas of physical chemistry under supervision of faculty sponsor. Requires permission of instructor.

**CH 439 - Special Topics in Organic Chemistry - 1 to 3**

Selected areas of organic chemistry under supervision of faculty sponsor. Requires permission of instructor.

**CH 440 - Transition Metal Chemistry - 3**

Relationship between bonding, structure, and properties of compounds including reactions, mechanisms, and catalysis of organometallic and bioinorganic chemistry. *Prerequisites:* CH 345 with a grade of C or better.

**CH 449 - Spec Topics in Inorganic Chemistry - 1 to 3**

Selected areas of inorganic chemistry under supervision of faculty sponsor. Requires permission of instructor.

**CH 450 - Instrumental Analysis - 4**

Focus on modern analytical chemistry instrumentation including chemical separations, spectroscopies (atomic absorption, infrared, UV-visible, fluorescence), nuclear magnetic resonance spectroscopy, mass spectroscopy, and thermal analysis. Laboratory correlated with lecture material. *Prerequisite:* CH 355 with a grade of C or better and concurrent enrollment in CH 450L.

**CH 450L - Instrumental Analysis Laboratory - 0**

Instrumental Analysis Lab required with CH 450 lecture.

**CH 459 - Special Topics in Analytical Chemistry - 1 to 3**

Selected areas of analytical chemistry under supervision of faculty sponsor. Requires permission of instructor.

**CH 460 - Fundamentals of Biochemistry - 3**

Overview of biochemical principles; chemistry of aqueous solutions, biochemical building blocks including amino acids, carbohydrates, lipids, and nucleotides; structure and function of proteins, membranes, and nucleic acids; enzyme kinetics. Catabolic and anabolic metabolism of biomolecules, regulation of metabolic processes. *Prerequisite:* CH 237 with a grade of C or better.

**CH 461 - Advanced Biochemistry I - 3**

Protein structure and function, enzymology, DNA structure, prokaryotic replication, transcription, and protein synthesis. Membrane structure and function, carbohydrate structure and function. Methods for isolating and characterizing macromolecule structure and function including chromatography, gel electrophoresis, CD, UV, and fluorescence spectroscopy, mass spectroscopy, X-ray crystallography and nuclear magnetic resonance spectroscopy. *Prerequisite:* CH 460 with a C or better

**CH 462 - Advanced Biochemistry II - 3**

Continuation of Advanced Biochemistry I focusing on eukaryotic replication, transcription, translation, regulation of gene expression, genomics, proteomics, biological signaling. *Prerequisites:* CH 461 with a C or better.

**CH 463 - Biochemistry Laboratory - 3**

Introduction to modern analytical techniques used for the isolation and characterization of biological macromolecules. *Prerequisites:* CH 460 or CH 461.

**CH 464 - Physical Biochemistry Laboratory - 3**

Physical/analytical approaches toward determination of macromolecular structures, ligand binding, and enzymology. *Prerequisites:* CH 325 and CH 355 and CH 460 with a grade of C or better or permission of instructor.

**CH 465 - Structural Biochemistry - 3**

Principles of macromolecular structure, emphasizing proteins, nucleic acids, and macromolecular assemblies. Computational methods used to teach principles and modeling software used for construction of computer models of proteins and nucleic acids. *Prerequisites:* CH 325 and CH 461. Lecture and computer Laboratory

**CH 469 - Special Topics in Biochemistry - 1 to 3**

Selected areas of biochemistry, biophysical chemistry, or structural biochemistry under supervision of faculty sponsor. Requires permission of instructor.

**CH 471 - Medicinal Chemical and Drug Discovery - 3**

Emphasis in design and synthesis strategies for biologically active compounds directed toward common macromolecular drug targets. Selected examples of successful design for clinically used drug classes are presented. *Prerequisites:* CH 237 and CH 460.

**CH 472 - Chemistry of Natural Products - 3**

The principal focus of this course will be the introduction of synthesis and medicinal chemistry of natural products. Drug discovery using natural products, with specific examples in the areas of antibacterial, anticancer, and analgesic drugs will be introduced. An overview of structural classes, biosynthetic pathways and application of asymmetric synthesis in the synthesis of specific examples from each class will be discussed. This course is intended for undergraduate students at the senior level. *Prerequisites:* CH 234 or CH 235 and 236 and 237 and 238 or 239 with a grade of B or better.

**CH 480 - Introduction to Polymer Chemistry I - 4**

Structure and properties of crystalline and amorphous polymers; polymer processing; correlation of polymer structure with processability and performance. *Prerequisites:* CH 237, or permission of instructor or MSE 254, and concurrent enrollment in CH 480L.

**CH 481 - Introduction to Polymer Chemistry II - 4**

Synthesis and characterization of polymers: polymerization reaction kinetics and mechanisms; polymer solution properties. *Prerequisites:* CH 480 and concurrent enrollment in CH 481L

**CH 481L - Introduction to Polymer Chemistry II Laboratory - 0**

Introduction to Polymer Chemistry II Laboratory required with CH 481 lecture.

**CH 491 - Seminar - 1**

Seminar given by students on current chemical literature topics. *Prerequisites:* CH 237 and permission of instructor.

**CH 493 - Chemistry in Culture & Ethics - 3**

Designed to explore the impacts of chemical innovations on society, and will challenge students to consider ethical use of chemical innovations and broader impacts of Chemistry in society. Writing assignments structured to build on scientific reasoning. *Prerequisites:* CH 237

**CH 495 – Ethics in Chemical Research - 1**

Designed to explore the impacts of chemical innovations on society, and will challenge students to consider ethical use of chemical innovations and broader impacts of Chemistry in society. Writing assignments structured to build on scientific reasoning. *Prerequisites:* CH 237

**CH 497 - Senior Research - 3**

Research project under supervision of chemistry faculty sponsor. Two semesters are required for minimum accumulation of 6 semester hours. A comprehensive written report in ACS format is required. *Prerequisites:* CH 237 and CH 238 or CH 239 or permission of instructor or chemistry academic advisor; GPA 2.5 or greater overall; GPA 3.0 or greater in chemistry courses

**CH 498 - Chemistry Teaching Methods - 3**

This course provides chemistry majors who will be future chemistry teachers with insights into the fundamental principles of chemistry in a way that can be transported to the classroom. The course will cover all aspects of teaching, measurements of effectiveness, and outcomes. *Prerequisite:* CH 237 with a grade of C or better and permission of instructor; GPA or 2.5 or greater overall.

**CH 499 - Honors Thesis - 3**

Honors Thesis. Research project conducted under supervision of chemistry faculty sponsor. Prerequisite: 6 hours of CH 497, admission to the Chemistry Honors Program. Approved research proposal on file with chemistry honors director. Cumulates with a written honors thesis, and oral presentation and defense. *Prerequisites:* CH 497; Chemistry GPA 3.25 or greater; overall GPA 3.0 or greater.

## Department of Communication Studies

**Chair:** Virginia P. Richmond

**Faculty:** Amsbary, Betros, Bodon, Hickson, Ibelema, McCroskey, Mack, Merrill, Neiva, Powell, Wittig

The Department of Communication Studies is concerned with human interaction and communication in all of its forms. The department offers majors in Communication Management and Mass Communication.

The Communication Management major is designed for students interested in the general principles of communication from interpersonal relationships to the theory and practice of public dialogue. A minor is available in Communication Management for non-majors.

The Mass Communication major allows students to specialize in journalism, broadcasting, or public relations. Minors are available in Mass Communication. A minor is required for a degree in Mass Communication.

Students interested in studying communication should consult the department chair or undergraduate coordinator as well as the requirements set by the College of Arts and Sciences.

### MAJOR IN COMMUNICATION STUDIES WITH COMMUNICATION MANAGEMENT CONCENTRATION

Requirement	Fulfilled By:	Hrs.
Required Courses	Take all of the following courses: <b>CM 105   CM 300   CM 310   CM 311   CM 413   CM 415   CM 455</b> <b>CM 494   CM 498   MC 101   CM 400 or CM 401</b> <i>Note: Completion of CM 105 automatically satisfies the Core Curriculum Area II Speech requirement.</i>	31
Communication Management Elective Courses	Take 15 hours from the following courses: <b>CM 101   CM 103   CM 305   CM 309   CM 315   CM 322   CM 339</b> <b>CM 356   CM 380   CM 400   CM 401   CM 405   CM 411   CM 414</b> <b>CM 458   CM 460   CM 480   CM 481   CM 490   CM 492   CM 493</b> <b>CM 494   CM 495</b>	15
<b>Total Requirements:</b>		<b>46</b>

### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
Minor	Completion of a minor is not required for this degree

A minor (for non-majors) consists of 18 hours, CM 105, CM 311, CM 413, and 9 additional hours, approved by departmental advisor or chair are required for a minor.

## Mass Communication

### Specializations

Students interested in developing a concentration in mass communication may select from one of three specializations available in the department: journalism, broadcasting, or public relations. Students concentrating in one of the mass communication specializations may also major or minor in communication management.

### Requirements for Major or Minor in Mass Communication

A major requires 42 hours. A minor concentration requires 21 semester hours including MC 101, MC 106, and 15 semester hours of courses numbered 300-499 recommended by the departmental advisor.

#### Journalism

The curriculum in journalism is designed to prepare students for work with newspapers, magazines, and company publications. In addition to courses in writing, reporting, and editing, the journalism program frequently offers special courses aimed at meeting the media demands of Birmingham, its people, and its publications.

#### Broadcasting

Students in broadcasting prepare for professional careers in television production, news operations, or management. In addition to skills courses, students are given a strong theoretical foundation designed for both the media professional and the potential graduate student in mass communication.

#### Public Relations

Public relations is a pre-professional program designed to acquaint students with the theoretical knowledge and the practical skills necessary for relating ideas and information to many "publics." The program stresses writing, oral, and analytical skills.

### MAJOR REQUIREMENTS FOR COMMUNICATION STUDIES WITH MASS COMMUNICATION - BROADCASTING CONCENTRATION

Requirement	Fulfilled By:	Hrs.
Required Courses	Take all of the following courses: <b>CM 105   MC 101   MC 370   MC 372   MC 383   MC 494   MC 495</b> <b>CM 311   MC 210   MC 371   MC 373   MC 400   MC 498</b> <i>Note: Completion of CM 105 automatically satisfies the Core Curriculum Area II Speech requirement.</i>	37
Mass Media Internship	Take 2 hours in the following course <b>MC 391</b>	2
Major Electives	Select 3 hours of 300-level or 400-level Communication Management (CM) or Mass Communication (MC) courses (that are not required). <b>CM 301   CM 356   CM 413   CM 481   MC 306   MC 341   MC/CM 490</b> <b>CM 305   CM 380   CM 414   CM 490   MC 310   MC 342   MC 492</b> <b>CM 309   CM 401   CM 415   CM 493   MC 320   MC 343</b> <b>CM 315   CM 402   CM 455   CM 494   MC 339   MC/CM 356</b> <b>CM 322   CM 411   CM 480   CM 498   MC 340   MC/CM 455</b>	3
<b>Total Requirements:</b>		<b>42</b>

### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
Minor	Completion of a minor is required for this degree

**MAJOR REQUIREMENTS FOR COMMUNICATION STUDIES WITH MASS COMMUNICATION -  
JOURNALISM CONCENTRATION**

<b>Requirement</b>	<b>Fulfilled By:</b>	<b>Hrs.</b>
Required Courses	Take all of the following courses: <b>CM 105 MC 360 MC 101 MC 310 MC 400 MC 498</b> <b>MC 306 MC 495 MC 210 MC 350 MC 494</b> <i>Note: Completion of CM 105 automatically satisfies the Core Curriculum Area II Speech requirement.</i>	31
Mass Media Internship	Take 2 hours in the following course <b>MC 391</b>	2
Major Electives	Select 9 hours of 300-level or 400-level Communication Management (CM) or Mass Communication (MC) courses (that are not required). <b>CM 301 CM 356 CM 413 CM 481 MC 306 MC 341 MC/CM 490</b> <b>CM 305 CM 380 CM 414 CM 490 MC 310 MC 342 MC 492</b> <b>CM 309 CM 401 CM 415 CM 493 MC 320 MC 343</b> <b>CM 315 CM 402 CM 455 CM 494 MC 339 MC/CM 356</b> <b>CM 322 CM 411 CM 480 CM 498 MC 340 MC/CM 455</b>	9
<b>Total Requirement:</b>		<b>42</b>

**ADDITIONAL REQUIREMENTS**

<b>Requirement</b>	<b>Fulfilled By:</b>
Minor	Completion of a minor is required for this degree

**MAJOR REQUIREMENTS FOR COMMUNICATION STUDIES WITH MASS COMMUNICATION -  
PUBLIC RELATIONS CONCENTRATION**

<b>Requirement</b>	<b>Fulfilled By:</b>	<b>Hrs.</b>
Required Courses	Take all of the following courses: <b>CM 105 MC 210 MC 340 MC 342 MC 494 MC 498</b> <b>MC 101 MC 339 MC 341 MC 400 MC 495</b> <i>Note: Completion of CM 105 automatically satisfies the Core Curriculum Area II Speech requirement.</i>	31
Mass Media Internship	Take 2 hours in the following course <b>MC 391</b>	2
Writing	Select One of the Following Courses <b>MC 310 MC 360</b>	3
Major Electives	Select 6 hours of 300-level or 400-level Communication Management (CM) or Mass Communication (MC) courses (that are not required). <b>CM 322 CM 311 MC 373* MC 320 MC/CM 356 MC 391</b> <i>* If completed MC 341</i>	6
<b>Total Requirement:</b>		<b>42</b>

**ADDITIONAL REQUIREMENTS**

<b>Requirement</b>	<b>Fulfilled By:</b>
Minor	Completion of a minor is required for this degree

## MINOR REQUIREMENTS FOR MASS COMMUNICATION

Requirement	Fulfilled By:	Hrs.
Required Courses	Take Both <b>MC 101 MC 210</b>	6
Communication Management Electives	Under advisement, select 15 hours from 300-level or 400-level Mass Communication courses.	15
<b>Total Requirement:</b>		<b>21</b>

### Course Descriptions

#### Communication Management (CM)

##### **CM 101 - Public Speaking - 3**

Effective public speaking. Analysis, research, organization, delivery, to enhance speaking performance.

##### **CM 103 - Prof Conduct and Communication Ethics - 3**

Ethical questions in communication today. Ethical dimension of decision making process in communication and basic issues in professional conduct for media.

##### **CM 105 - Intro to Human Communication - 3**

Communication and persuasion as ideas in Western thought, ranging from Greek to contemporary period.

##### **CM 112 - Relational Communication - 3**

Communication process in various interpersonal settings. Basic communication concepts and their application to communication skills in such areas as one-to-one communication, person perception, and conflict management.

##### **CM 305 - Advanced Communication Theory - 3**

Major theoretical approaches to issues involved in human communication. Various psychological and sociological conceptualizations of communication process.

##### **CM 309 - Interviewing - 3**

Theory and practice in various types of interviews, such as employment, counseling, research, and journalistic.

##### **CM 310 - Group Decision Making in Org - 3**

Theories of small group communication and practice in decision making in various group formats as part of organizational structure.

##### **CM 311 - Organizational Communication - 3**

Theories and models of communication in organizational settings. Analysis and diagnosis of communicative patterns and consideration of methods for implementing appropriate communication models in organizations.

##### **CM 315 - Communication Leadership/Mgmt - 3**

Theory and research on leadership and communication management. Specific attention to contexts in which leaders and managers function.

##### **CM 322 - Argumentation Theory - 3**

Bases of argument and nature of issues in controversy. Evidence, logic, refutation, and argumentative formats. Recommended for pre-law as well as general students.

##### **CM 339 - Intro to Public Relations - 3**

Survey of public relations in the United States. Relationships among marketing, advertising and public relations.

##### **CM 356 - Propaganda/Public Persuasion - 3**

Theory and practice of propaganda with emphasis on mass media as tools of propagandist. Nazi, Soviet, and U.S. propaganda analyzed and critiqued in context of communication theory and ethics.

##### **CM 380 - Health and Med Communication - 3**

Bases of theory and practice of communication in health-care setting. Emphasis on communication contexts and relationships.

##### **CM 400 - Professional Presentations - 3**

Advanced speaking and delivery techniques in professional settings. Audience analysis, professional delivery, research, and application of theories of persuasion.

##### **CM 401 - Instructional Communication - 3**

Communication problems in the classroom. Translation of data into lecture discussion. Empirical research on verbal and non-verbal elements of effective presentation.

**CM 402 - Human Communication in Everyday Life - 3**

Learning to express what we mean and to understand others is the foundation of this course. Human communication will review the following basic concepts: Components of human communication, interpersonal relationships, perceptions, and relational concerns.

**CM 405 - Contemporary Philosophies of Communication - 3**

Twentieth-century systems of Western rhetoric. Concepts selected from among works of Burke, Weaver, Toulmin, Perelman, Richards, and McLuhan.

**CM 411 - Seminar in Organizational Communication - 3**

Theory and research in communication audits of organizations. *Prerequisite:* CM 311

**CM 413 - Nonverbal Communication - 3**

Elements of nonverbal behavior (physical appearance, gestures, space, voice) which affect communication in person-to-person situations.

**CM 414 - Language and Thought - 3**

Semiotics and communication. Definition of sign and sign process. Cognitive processes and communication processes. Signs in communicative action.

**CM 455 - Seminar in Political Communication - 3**

Emerging cross-disciplinary field of political communication. Literature and propositions surrounding key approaches, methods, and substantive areas of inquiry in political communication.

**CM 458 - Communication Criticism - 3**

Rhetorical systems for appraising persuasive messages and campaigns in twentieth century.

**CM 460 - Communication/Soc Movements in America - 3**

Exploration of role of public communication in political, religious, social, and economic evolution of America. Movements include war and peace, revolution, slavery, feminist concerns, and industrial change.

**CM 480 - Health and Medical Communication Seminar - 3**

Advanced communication theory and research in health-care setting. Impact of interpersonal, organizational, and mass communication policy in field of human health and medicine.

**CM 481 - Communication and Aging - 3**

Biological, neurological, and socio-psychological effects of aging on communication process. Communication with elderly in various health and medical contexts.

**CM 490 - Media Citizenship - 3**

Quantitative and qualitative measures of media content in television, film, magazines, newspapers, and computing networks.

**CM 492 - Independent Study - 1 to 3**

Topics of mutual interest to student and faculty member.

**CM 493 - Spec Topics Communication Arts - 1 to 3**

Topics selected by faculty.

**CM 494 - Communication Research Methods - 3**

Research questions, design, methodology, data gathering, and analysis. Practice in conducting, interpreting, and communicating research findings to public. Quantitative Literacy is a significant component of this course (QEP).

**CM 495 - Communication Arts Seminar - 1 to 3**

**CM 498 - Seminar in Communication - 1**

Completed paper in major area of study crossing divisional lines.

## Course Descriptions

### Mass Communication (MC)

#### **MC 101 - Survey of Mass Communication - 3**

Processes, uses, and effects of media messages in society. History, structure, and functioning of newspapers, books, magazines, radio, television, cinema, and recording industry.

#### **MC 102 - Introduction to Cinema - 3**

Analysis of film processes, understanding of film as art form, and perspectives from the camera as well as editing, directing, screenplay, production, and distribution.

#### **MC 210 - News writing and Reporting I - 3**

Recognizing news, interviewing, reporting, and writing news for print.

#### **MC 216 - Beginning Screenwriting - 3**

Study and practicum in writing scripts for TV and film with emphasis on creating works for production and/or sale.

#### **MC 283 - Television Production I - 3**

Television studio production, beginner level. Students learn how to produce news, commercials, and information-oriented programming in a multi-camera studio environment.

#### **MC 298 - Intro Technology in the Arts - 3**

Applications of computer-based technology to the arts: music, theatre, video, and visual arts. Demonstrations of multimedia capabilities.

#### **MC 303 - History World Movies I: to 1960 - 3**

From the first silent movies to the development of the modern color sound movie of Hollywood in the fifties: comparison and contrast of the views of major film makers of the sixty years of the 20th Century. (Cross-listed as FLL 303)

#### **MC 304 - History World Movies II: from 1960 - 3**

From the modern color sound movie of the fifties and the Nouvelle Vague to the latest movies produced around the globe: comparison and contrast of the views of film makers of the last forty years. (Cross-listed as FLL 304)

#### **MC 306 - Public Affairs Reporting - 3**

Gathering and writing in-depth news; covering courts, police, schools, and county and city governments. *Prerequisite:* MC 210

#### **MC 310 - News writing and Reporting II - 3**

Practice in gathering and writing news, with experience in writing under pressure of deadlines and covering beats. *Prerequisite:* MC 210

#### **MC 316 - Advanced Screenwriting - 3**

Advanced study and practicum in writing feature-length screenplays, with emphasis on creating works for production, sale and/or publication.

#### **MC 320 - Intro to Ad in Mass Media - 3**

Survey of methods, techniques, and strategy involved in creating an advertising campaign.

#### **MC 339 - Intro to Public Relations - 3**

Survey of field of public relations in the United States. Relationships among marketing, advertising, and public relations. (Cross-listed as CM 339)

#### **MC 340 - Public Relations Principles - 3**

Relationship of business, industrial, educational, health, and service institutions to audiences. Public relations as management function in areas of communication analysis, counseling, and public information activities. *Prerequisites:* MC 210 and MC 339

#### **MC 341 - Public Relations Methods I - 3**

Planning and executing ongoing programs and campaigns to improve organizational and institutional relations with publics. Preparing and distributing news releases, reports, letters, pamphlets, position papers, public statements, speeches, and back-grounders. *Prerequisite:* MC 340

#### **MC 342 - Public Relations Campaigns - 3**

National and local programs that illustrate good and bad practices. Student teams research, plan, and design public relations campaign for client. *Prerequisites:* MC 340 and MC 341

#### **MC 343 - Public Relations Methods II - 3**

Graphics, brochure and newsletter design, slide shows, broadcast PSAs, and multimedia presentations. *Prerequisites:* MC 340 and MC 341

#### **MC 350 - Newspaper Editing and Design - 3**

News selection, copy editing, picture editing, and headline writing. *Prerequisite:* MC 210

**MC 356 - Propaganda/Public Persuasion - 3**

Theory and practice of propaganda with emphasis on mass media as tools of propagandist. Nazi, Soviet, and U.S. propaganda analyzed and critiqued in context of communication theory and ethics. (Cross-listed as CM 356)

**MC 360 - Feature Writing - 3**

Finding subjects, collecting information, interviewing, writing, and marketing magazine and newspaper features.

**MC 361 - Magazine Editing/Production - 3**

Principles and practice in story selection, copy editing, copy fitting, picture editing, cropping, and caption writing.

**MC 370 - Fundamentals of Broadcasting - 3**

Broadcasting technology, history of radio and television, economics of broadcasting, government regulation of industry, and assessment of medium in society.

**MC 371 - Broadcast Copywriting - 3**

Copywriting for freelance, in-station, agency, and corporate in-house settings with emphasis on commercials, public service announcements, and promos for radio, television and internet. *Prerequisite:* MC 101.

**MC 372 - News writing for Broadcasting - 3**

Information gathering for electronic media with emphasis on writing for ear and eye. *Prerequisites:* MC 101 and MC 210

**MC 374 - Audio Production for Radio, Television and Film - 3**

Audio recording in the studio as well as the field, proper microphone techniques, non-linear multi-track mixing for television and motion picture applications. *Prerequisite:* MC 283 or MC 375 or MU 245

**MC 375 - Narrative Video Production I - 3**

Writing, shooting and editing short narrative videos. *Prerequisite:* Junior standing, THR 277 or DCS 401/HON 316 or ARS 260 or permission of instructor.

**MC 383 - Television Production II - 3**

Television production, intermediate level. Students produce news packages and documentary video pieces utilizing both multi-camera and single camera production techniques. *Prerequisites:* MC 283 and MC 371.

**MC 384 - Music Video Production - 3**

Designing, shooting, and editing a music video using film industry crew protocol. *Prerequisite:* MC 283 or MC 375 or MU 245.

**MC 391 - Internship - 1 to 3**

A minimum of two (2) semester hours is required for all Mass Communication majors. Students who meet eligibility requirements may take up to three hours of academic credit per semester for participating in an advisor approved internship experience. All internships require a minimum of 70 hours of work per academic credit per semester. A student may apply up to six (6) hours of internship credits toward degree requirements for any of the mass communication specializations. (Cross-listed as CM 391) (Pass/Fail)

**MC 400 - Mass Communication Law - 3**

Legal limitations and privileges affecting publishing and broadcasting. Major court decisions. Fair comment, libel, right of privacy, fairness doctrine, and license renewal.

**MC 430 - Electronic Media Management - 3**

Organizational structures and business policies of radio, television, and cable companies. Planning basic program structures for broadcast and cable operations with consideration of audience requirements, FCC policy, and competitive market.

**MC 441 - Multimedia Production - 3**

Techniques for producing programming, utilizing personnel and equipment from music, theatre, graphic design, and related fields. Emphasis on computer-based technologies.

**MC 455 - Seminar in Political Communication - 3**

Emerging cross-disciplinary field of political communication. Review of literature and propositions surrounding key approaches, methods, and substantive areas of inquiry in political communication. (Cross-listed as CM 455)

**MC 475 - Narrative Video Production II - 3**

Writing, shooting, and editing narrative video using film industry crew protocol, culminating in public screening. *Prerequisites:* THR 216 and MC 375

**MC 483 - Television Production III - 3**

Single camera video production in the narrative (fictional) and/or documentary genre. *Prerequisite:* MC 383

**MC 490 - Media Citizenship - 3**

Quantitative and qualitative measures of media content in television, film, magazines, newspapers, and computing networks. (Cross-listed as CM 490)

**MC 492 - Independent Study - 1 to 3**

Topics of mutual interest to student and faculty member.

**MC 493 - Spec Topics Mass Communication - 1 to 3**

Topics selected by faculty.

**MC 494 - Communication Research Methods - 3**

Research questions, design, methodology, data gathering, and analysis. Practice in conducting, interpreting, and communicating research findings to public. Quantitative Literacy is a significant component of this course (QEP).

**MC 495 - Mass Media and Society - 3**

History of mass communication and research from 1940s to present. Transactional model of communication and symbolic-interactionist perspective used among other approaches to evaluate role of mass media in twentieth Century America.

**MC 498 - Seminar in Communication - 1**

Completed paper in major area of study crossing divisional lines

**MC 499 - Capp/Narrative Video Production - 3**

This course follows Narrative Video Production I and II as a capstone of the Narrative genre in filmmaking. Students who have completed 18 hours in the Film Minor curriculum will work in teams or individually to produce a 12-15 minute video project. *Prerequisites:* (MC 216 or TH 216) and MC 375 and MC 385

## Department of Computer and Information Sciences

**Chair:** Anthony Skjellum

**Associate Chair:** Barrett R. Bryant

**Faculty:** Bangalore, Hyatt, Johnstone, Sloan, Solorio, Sprague, Zhang

The Department of Computer and Information Sciences (CIS) has an ABET (Accreditation Board for Engineering and Technology) accredited undergraduate program that offers two B.S. majors and a minor in computer and information sciences. The computer and information sciences major is designed to give students a broad background in the structure and theory of information, programming methodologies, and the hardware and software of computer systems. The second computer and information sciences major offers an opportunity for specialization in computer networking. Minors are available for students who are not computer and information sciences majors but who expect to use the computer in the application area of their major field. The Department is especially interested in students getting job-related experience and training through internships and co-operative education opportunities with local and regional high technology companies. Also, the undergraduate majors are sufficiently flexible such that majors or minors in complementary areas such as business can be accomplished within the normal degree timeframe. For more information, see the CIS department Web site at <http://www.cis.uab.edu>.

### Majors in Computer and Information Sciences (CS)

The major in computer and information sciences requires 48 semester hours of CS courses at the 200 level or above with a grade point average of at least 2.0 and a grade of C or better in each of the required computer and information sciences courses. CS courses taken at another institution for which a grade of D was received cannot be counted toward the major or the minor. At least 12 semester hours of CS courses at the 300 level or above must be taken at UAB.

Any CS course at the 300 level or above can be taken to satisfy the 12 semester hour CS elective credit. A maximum of 3 semester hours credit may be obtained in 399 and 496. Although not required, computer science majors have the option to structure these 12 semester hours of program electives as a specialization in Computer Networking. Course substitutions may be made within this specialization with advisor approval.

Students who fail to meet the minimum grade requirements in CS courses will be placed on probation within the major.

## MAJOR REQUIREMENTS FOR COMPUTER AND INFORMATION SCIENCES

Requirement	Fulfilled By:	Hrs.
Mathematics Requirements	Take the following courses: <b>MA 125 MA 126</b> And two of the following: <b>MA 180 MA 227 MA 252 MA 260 MA 372</b> <b>MA 434 MA 440 MA 444 MA 445 MA 463</b> <b>MA 470 MA 485</b> A grade of C or better must be earned in each course. <i>Note: Completion of MA 125 or MA 126 automatically satisfies the Area III: Mathematics Requirement.</i>	14
Natural Sciences Requirement	Three courses (12 semester hours) are required in two different laboratory sciences, including a two-course sequence, choosing from BY 123-124 (Introductory Biology I-II), CH 115-118 (General Chemistry I-II and associated laboratories), and PH 221-222 (General Physics I-II).	12
Required Computer and Information Sciences Courses	Take all of the following courses: <b>CS 201 CS 302 CS 330 CS 401 CS 433</b> <b>CS 250 CS 303 CS 350 CS 420 CS 455</b> <b>CS 499</b> <i>Note: Completion of CS 201 automatically satisfies Track C of the College-Wide Requirements.</i>	36
Computer and Information Sciences Electives	Complete 12 hours in 300-level or above <b>Computer and Information Sciences (CS) courses</b> . A maximum of two of the following courses may be used to satisfy this requirement. <b>EE 337 EE 452 PHL 372</b> <b>EE 438 MA 360</b>	12
<b>Total Major Requirements:</b>		<b>74</b>

### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
General Electives	Students must take general electives to reach the 120 semester hour requirement. These must include CM 101 and PHL 115.

## MAJOR REQUIREMENTS FOR COMPUTER AND INFORMATION SCIENCES WITH COMPUTER NETWORKING SPECIALIZATION

This specialization is shaped by the campus medical community and local industry relationships.

Requirement	Fulfilled By:	Hrs.
Mathematics Requirements	Take the following courses: <b>MA 125 MA 126</b> and two of the following: <b>MA 180 MA 227 MA 252 MA 434 MA 440</b> <b>MA 444 MA 445 MA 463 MA 470 MA 474</b> <b>MA 485</b> A grade of C or better must be earned in <b>each course</b> <i>Note: Completion of MA 125 or MA 126 automatically satisfies the Area III: Mathematics Requirement.</i>	14
Required and Information Sciences Courses	Take all of the following courses: <b>CS 201 CS 302 CS 330 CS 401 CS 433 CS 499</b> <b>CS 250 CS 303 CS 350 CS 420 CS 455</b> <i>Note: Completion of CS 201 automatically satisfies Track C of the College-Wide Requirements.</i>	36

Computer Networking Electives	Take CS 334 CS 336 CS 431 and CS 435. At most one of the following courses may be used as a substitute: <b>CS 410 CS 481 CS 482</b>	12
<b>Total Major Requirements:</b>		<b>62</b>

### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
General Electives	Students must take general electives to reach the 120 semester hour requirement. These must include CM 101 and PHL 115 .

### Pre-health

Students wishing to enter the Schools of Medicine, Dentistry, or Optometry after completing their undergraduate degree in computer science should complete the following sequence of courses in chemistry, biology, and physics: CH 115, 116, 117, 118, 235, 236, 237, and 238; BY 123 and 124; PH 201 and 202 or PH 221 and 222. These courses should be completed prior to taking the MCAT examination at the end of the junior year. The chemistry sequence will satisfy requirements for a minor in chemistry with the exception of one additional course. See page 163 for Chemistry Minor Requirements.

### Minor

A computer and information sciences minor requires the completion of 21 semester hours of CS courses at the 200 level or above, including 14 semester hours at the 300 level or above. A minimum of 6 semester hours in CS at the 200 level or above must be taken at UAB. A student must have a C average in all courses presented for the minor.

### MINOR REQUIREMENTS FOR COMPUTER AND INFORMATION SCIENCES

Requirement	Fulfilled By:	Hrs.
Computer and Information Sciences Requirements	A computer and information sciences minor requires 21 hours from 200-level or higher <b>Computer and Information Sciences (CS)</b> courses, including 14 hours above the 300-level. A minimum of six hours must be taken at UAB. A grade of C or better is required for all courses for the minor.. The 21 hours may be concentrated in the Computer Networking Specialization. The courses making up this minor specialization are CS 201, CS 250, CS 302, CS 303, CS 334, and CS 410.	21
<b>Total Minor Requirements:</b>		<b>21</b>

Freshman	Hrs	Sophomore	Hrs
CS 101 Fluency with Information Technology	3	HY 101-102	6
CS 201 Introduction to Object Oriented Programming	4	CS 250 Discrete Structures	3
EH 101, 102	6	CS 302 Object Oriented Design	4
MA 125, 126	8	CS 303 Algorithms and Data Structures	4
Laboratory Science courses	<u>8</u>	EH 216	3
		Laboratory Science elective	4
		Mathematics or elective courses	<u>6</u>
<b>Total</b>	<b>29</b>	<b>Total</b>	<b>30</b>
Junior	Hrs	Senior	Hrs
CS 330 Computer Organization and Assembly Language Programming	3	CS 420 Software Engineering	3
CS 350 Automata and Formal Language Theory	3	CS 455 Probability and Statistics in Computer Science	3
CS 401 Programming Languages	3	CS Electives	12
CS 433 Operating Systems	3	CS 499 Senior Capstone	3
Core courses <u>including CM101 and PHL 115</u>	<u>18</u>	General elective courses	<u>10</u>
<b>Total</b>	<b>30</b>	<b>Total</b>	<b>31</b>

## Honors Program: Computer and Information Sciences

### Purpose

The Computer and Information Sciences Honors Program offers outstanding, highly motivated students the opportunity to develop research skills in preparation for graduate work or a professional career.

### Eligibility

In order to be accepted into the Computer and Information Sciences Honors program, a student must:

- have earned a 3.5 GPA in computer and information sciences (CS) courses;
- have earned a 3.0 GPA overall;
- have completed 18 semester hours in CS courses;
- have enrolled in CS 398 (Undergraduate Honors Research) for at least 1 semester hour; and
- have arranged with a faculty sponsor in Computer and Information Sciences to do a research project.

### Requirements

Students in the Computer and Information Sciences Honors Program will be required to have the following:

- a minimum of 3 semester hours in CS 398 (Undergraduate Honors Research) with each semester hour involving a minimum of three hours of laboratory work per week during the semester of enrollment;
- a formal research proposal submitted by the end of the first term of Honors Research, including an introduction, proposed methods, and relevant literature citation;
- a formal written report in the form of a scientific paper; and
- an oral or poster presentation at a Computer and Information Sciences departmental seminar.

In some instances, it will be recommended or required that Computer and Information Sciences Honors students give a formal presentation of their work at a scientific meeting.

### Benefits

In addition to the educational and career benefits of participating in the Computer and Information Sciences Honors program, students who complete the program will graduate "With Honors in Computer and Information Sciences."

### Contact

For more information and/or admission to the Computer and Information Sciences Honors program, contact Dr. Barrett Bryant, Room 115A, Campbell Hall, Birmingham, AL 35294-1170; Telephone (205) 934-2213; E-mail [bryant@cis.uab.edu](mailto:bryant@cis.uab.edu). Web site: <http://www.cis.uab.edu/undergrad>.

## Graduate Programs

The Department of Computer and Information Sciences offers graduate study leading to the Master of Science and Doctor of Philosophy degrees. Further information may be obtained from the department or the UAB Graduate School Catalog. Advanced undergraduates with a CIS GPA of 3.0 or better may take graduate courses with the permission of the instructor.

*See the UAB Graduate School Catalog for descriptions of graduate courses.*

### Course Descriptions

#### Computer and Information Sciences (CS)

A schedule of courses that will be offered each term is available in the department office.

#### CS 101 - Fluency With Information Techn - 3

Skills, concepts, and capabilities associated with Information Technology. Fundamentals of hardware, software, human-computer interfaces, networking, multi-media, databases, eCommerce, privacy and digital security. Project oriented hands-on approach. This course has a laboratory component.

#### CS 101L - Fluency W Information Tech Lab - 0

Project oriented hands-on approach lab to accompany CS 101. Mandatory first day attendance.

**CS 105 - Intro to Game Prog Using Alice - 3**

Introduction to object-oriented programming in a 3D graphical programming environment. First-time exposure to common programming language constructs. Project planning and storyboarding. Hands-on approach with several projects focused on the design of computer games and animation. This course has a laboratory component.

**CS 105L - Intro to Game Prog U Alice Lab - 0**

Project oriented hands-on approach.

**CS 106 - Intro to Comp Pro Using Python - 3**

Foundations of computer science and programming. Using common programming language constructs to manipulate text, images, audio and video, and create graphical user interfaces. Hands-on approach with several projects focused on the design of programs for manipulating various kinds of multimedia. This course has a laboratory component.

**CS 106L - Intr to Com Pro Usi Python Lab - 0**

Project oriented hands-on approach lab to accompany CS 106. Mandatory first day attendance.

**CS 109 - Smart Phone and Wireless Technology - 3**

Smart phone hardware, operating systems and applications together with a review of current emerging wireless Technologies. Accompanying lab is required.

**CS 201 - Intro Obj Orient Programming - 4**

Fundamental concepts of object oriented programming. Syntax and semantics of Java, an object oriented programming language. Principles of program design and algorithm development strategies. Classes, abstract data types, arrays, flow control, functions, overloading, exception handling, debugging, I/O applets. This course has a laboratory component. Writing is a significant component of this course (QEP). *Prerequisites:* CS 101 and MA 102

**CS 201L - Intro to Obj-Orient Prog Lab - 0**

Project oriented hands-on approach.

**CS 250 - Discrete Structures - 3**

Discrete structures for computer science, including sets, functions, elementary propositional and predicate logic, Boolean algebra, elementary graph theory combinatorics and proof techniques including induction and contradiction. *Prerequisites:* CS 201 and MA 105

**CS 299 - Spec Topics - 1 to 3**

Selected topics in Computer Science.

**CS 302 - Object-Oriented Design - 4**

CS 302 is a continuation of CS 201 and emphasizes concepts of object oriented software design. Topics include inheritance, recursion algorithm analysis, sorting algorithms, graphs, hash tables, and linked list data structures such as stacks, queues, and binary trees. This course has a laboratory component. Writing is a significant component of this course (QEP). *Prerequisites:* CS 201

**CS 302L - Object-Oriented Design Lab - 0**

Project oriented hands-on approach.

**CS 303 - Algorithms and Data Structures - 4**

Efficient design of data structures, recursive algorithms, algorithms for sorting and searching, complexity analysis of algorithms, applications of algorithms and data structures in problems, state spaces, and search strategies in artificial intelligence. This course has a laboratory component. *Prerequisites:* CS 250 and CS 302

**CS 303L - Algorithms/Data Structure Lab - 0**

Project oriented hands-on approach.

**CS 304 - Object-Oriented Program C++ - 1**

Syntax, semantics, and concepts of C++ programming, templates, parametrized classes, generic programming, standard template library. *Prerequisites:* CS 302

**CS 306 - Perl Programming - 3**

Perl data structures and syntax. Flow control, functions, scoping, regular expressions, pattern matching, files and data, references, libraries and modules, program composition. Object-Oriented Programming. Multidimensional data. Networking. Module development. CGI and other third-party modules. Best Practices. *Prerequisite:* CS 302

**CS 330 - Comp Organiz/Assembly-Lang - 3**

Register-level architecture of modern digital computer systems, addressing techniques, program segmentation and linkage, digital logic, machine-level representation of data, assembly-level machine organization and instruction execution, and alternative architectures. *Prerequisites:* CS 250 and CS 302

**CS 333 - UNIX Operating Sys Fundamental - 1**

Unix architecture, concepts, and principles; shell concepts and principles filters, I/O redirection, environment, process management, runtime architecture. *Prerequisites:* CS 302

**CS 334 - Internetworking with TCP/IP - 3**

Underlying network technology. Interconnecting networks using bridges and routers. IP addresses and datagram formats. Static and dynamic routing algorithms. Control messages. Subnet and supernet extensions. UDP and TCP. File transfer protocols. E-mail and the World Wide Web. Network address translation and firewalls. Mandatory weekly Linux-based lab. *Prerequisites:* CS 250 and CS 302

**CS 334L - Internetwork w TCP/IP Lab - 0**

Project oriented hands-on approach. Mandatory first day of class.

**CS 336 - Computer Network Security - 3**

Conventional and public-key cryptography. Message encryption and authentication. Secure communication between computers in a hostile environment, including E-mail (PGP), virtual private networks (IPSec) and the World Wide Web (SSL). Firewalls. Mandatory weekly linux-based lab. Accompanying Lab required. *Prerequisites:* CS 250 and CS 302

**CS 336L - Computer Network Security Lab - 0**

Project oriented hands-on approach.

**CS 350 - Automata/Formal Lang theory - 3**

Finite-state automata and regular expressions, context-free grammars and pushdown automata, Turing machines, computability and decidability, and complexity classes. *Prerequisites:* CS 250 and CS 302 and MA 125

**CS 391 - Special Topics - 1 to 3**

Selected Topics in Computer Science.

**CS 392 - Special Topics - 1 to 3**

Selected Topics in Computer Science

**CS 393 - Special Topics - 1 to 3**

Selected Topics in Computer Science.

**CS 394 - Special Topics - 1 to 3**

Selected Topics in Computer Science.

**CS 395 - Special Topics - 1 to 3**

Selected Topics in Computer Science.

**CS 398 - Undergraduate Honors Research - 1 to 3**

Research project under supervision of faculty sponsor. *Prerequisite:* 18 semester hours in computer and information sciences with grade point average of 3.5 in computer and information sciences and permission of instructor.

**CS 399 - Directed Readings - 1 to 3**

Selected readings, research and project development under the direction of a faculty member.

**CS 401 - Programming Languages - 3**

Formal syntax and semantics; compilers and interpreters; virtual machines; representation of data types; sequence and data control; type checking; run-time storage management; functional, logic, and object-oriented programming paradigms; concurrency and multi-threading. *Prerequisites:* CS 303 and CS 350

**CS 402 - Compiler Design - 3**

Lexical and syntactical scan, semantics, code generation and optimization, dataflow analysis, parallelizing compilers, automatic compiler generation. *Prerequisites:* CS 401

**CS 410 - Database Management Systems - 3**

Relational model of databases, structured query language, normalized structure of database management systems based on relational model, and security and integrity of databases. *Prerequisites:* CS 303

**CS 415 - Multimedia Databases - 3**

This course introduces the principles of multimedia databases including multimedia information processing, modeling, and retrieval. The media to be considered include text, image, audio and video. At the conclusion of this course, the students should understand what multimedia data retrieval is, the principles, which allow the location of relevant information from amongst a large corpus of multimedia data, and the applications of multimedia information retrieval. The students should also have the expertise and competence to design and implement retrieval software for multimedia data. *Prerequisites:* CS 410

**CS 420 - Software Engineering - 3**

Design and implementation of large-scale software systems, software development life cycle, software requirements and specifications, software design and implementation, verification and validation, project management and team-oriented software development. Writing and Ethics and Civic Responsibility are significant components of this course (QEP). *Prerequisites:* CS 303, CM 101 and PHL 115

**CS 425 - Metrics and Performance - 3**

Computer Systems addressed in this course primarily are web based systems and capacity planning is a principal theme. However, the queueing theory and statistical analysis approaches are applicable to conventional computing systems and, in fact, modeling of these latter constitute relevant background information that is developed and exploited for web systems analysis. *Prerequisites:* CS 303

**CS 430 - Computer Systems - 3**

Introduction to computer architecture, including memory subsystems, direct-mapped and set-associative cache and multi-level cache subsystems, direct-access devices including RAID and SCSI disc drives, processor pipelining including super-scalar and vector machines, parallel architecture including SMP, NUMA and distributed memory systems, Interrupt mechanisms, and future microprocessor design issues. *Prerequisite:* CS 330

**CS 431 - Distributed Computing - 3**

Introduction to distributed systems, distributed hardware and software concepts, communication, processes, naming, synchronization, consistency and replication, faulty tolerance, security, client/server computing, web technologies, enterprise technologies. *Prerequisites:* CS 330

**CS 432 - Parallel Computing - 3**

Introduction to parallel computing architectures and programming paradigms. Theoretical and practical aspects of parallel programming and problem solving. Design, development, analysis, and evaluation of parallel algorithms. *Prerequisites:* (CS 304 and CS 330) or MA 360

**CS 433 - Operating Systems - 3**

Internal design and operation of a modern operating system, including interrupt handling, process scheduling, memory management, virtual memory, demand paging, file space allocation, file and directory management, file/user security and file access methods. *Prerequisites:* CS 303 and CS 330

**CS 435 - Network Programming - 3**

Remote procedure call and client-server mechanisms. Protocol definition and compilation; client and server stubs and application code; transport independence; multiple client and server systems. Applications, e.g., remote database query and update and image filtering and archiving; systems programming and file systems contexts. *Prerequisites:* CS 330

**CS 436 - Computer Security - 3**

Study of computer security including assurance, authorization, authentication, key distribution, encryption, threats including phishing and key logging, and related distributed computing issues. Theory and practical applications. *Prerequisites:* CS 303 and CS 330

**CS 437 - Cybercrime & Forensics - 3**

Overview of all aspects of media forensics including analysis of character encoding, file formats and digital media, examination of disk acquisition and duplication techniques and application of these techniques in criminal investigations scenarios.

**CS 440 - Bioinformatics I - 3**

Introduction to computational methodologies in bioinformatics. *Prerequisites:* CS 303

**CS 447 - Biomedical Modeling - 3**

Modeling from biomedical datasets. Acquisition, segmentation; registration and fusion; construction of shape models; measurement; modeling vascular structure; surgical simulation; image-guided surgery; medical illustration. *Prerequisites:* CS 303, MA 125, MA 126, MA 260 or MA 434.

**CS 455 - Probability & Statistics in CS - 3**

Introduction to Probability and Statistics with applications in Computer Science. Counting, permutations and combinations. Probability, conditional probability, Bayes Theorem. Standard probability distributions. Measures of central tendency and dispersion. Central Limit Theorem. Regression and correlation. Hypothesis testing. Random number generation. Random algorithms. Estimating probabilities by simulation. Genetic algorithms. *Prerequisites:* CS 303

**CS 462 - Natural Language Processing - 3**

Introduction to natural language and computational linguistics; topics include part-of-speech tagging, syntactic parsing, semantic analysis, speech recognition, machine translation, sequence labeling algorithms, n-gram language models, statistical parsing, grammar formalisms and tree banks.

**CS 466 - Games and Puzzles Seminar - 1**

Interfaces and Engines for games and puzzles such as Chess, Checkers, Othello, Rubik's Cube, Go, Sudoku, etc. *Prerequisites:* CS 303

**CS 470 - Computer Graphics - 3**

Graphics architectures, geometric transforms, 3-D, object models, shading, intensity, hidden elements, color, advanced topics. *Prerequisites:* CS 303 and MA 125

**CS 473 - Computer Vision & Image Process - 3**

Digital image processing and analysis, edge and region operations, morphological filters, spectral techniques, object recognition and description.

**CS 475 - Visualization - 3**

Advanced Computer Graphics techniques aimed at "scientific visualization" applications.

**CS 481 - Simulation Models and Animations - 3**

Model Development using popular simulation languages, e.g., GPSS-H (with an introduction to SLX) interfacing to statistical and graphical systems e.g. Excel, Open Office, or Calc Spreadsheet; interfacing to an animation systems such as Proof Animation or Open GL. *Prerequisites:* CS 303

**CS 482 - Simulation Methodology & Applications - 3**

Foundations for computer modeling and simulation, with accent on discrete systems: random number and process generation; statistical bases with probability and frequency distribution orientation; Monte Carlo experiments and general purpose modeling, e.g., in SLX. *Prerequisites:* CS 303 and MA 125

**CS 491 - Special Topics - 1 to 3**

Special Topics in Computer Science.

**CS 492 - Special Topics - 1 to 3**

Special Topics in Computer Science.

**CS 493 - Special Topics - 1 to 3**

Special Topics in Computer Science.

**CS 495 - Special Topics - 1 to 3**

Special Topics in Computer Science.

**CS 496 - Research Seminar - 1**

Participation in research seminar directed by a faculty member.

**CS 497 - Competitive Program Techniques - 1**

Problem Solving techniques and algorithms, designed to prepare students for ACM programming contest, three-course sequence starting in Spring.

**CS 499 - Senior Capstone - 3**

A capstone course comprising a series of lectures spanning the CIS curriculum by faculty and guest lecturers on key topics in computer science together with lecture and in depth discussion on computer ethics: further lectures and material on scientific inquiry, quantitative literacy and problem solving all as they relate to the computer science field. Students take the Major Field Test in Computer Science as a requirement of completing this course. Writing is a significant part of this course, including term papers, and other significant writing assignments.

## Department of English

**Chair:** Peter J. Bellis

**Faculty:** Bach, Baker, Basilico, Bellis, Blacksher, Blythe, Braswell, Braziel, Butcher, Camp, Chapman, Collins, Cuevas, Ellis, Graves, Griffith, Grimes, Haddin (Emeritus), Hakima, Harris, Hoff, Hutchings, Jolly, Kightley, Kim, Kurata, Long (Emerita), Madden, McComiskey, Mersmann (Emeritus), Pruett, Quinlan, Rushton, Ryan, Siegel, Slaughter, Smith, C. Temple, G. Temple, Treutel, Vines, Wood, Young

**Director, Graduate Studies:** Gale Temple

**Director, Undergraduate Studies:** Alison Chapman

**Interim Director, Creative Writing:** Sue Kim

**Director, English Resource Center:** Tracey Baker

**Director, Freshman Composition and Developmental Program:** Peggy Jolly

**Director, Linguistics:** David Basilico

**Coordinator, Departmental Honors:** Rebecca Bach

**Coordinator, Internships:** Cynthia Ryan

The Department of English offers programs of study leading to the degree of Bachelor of Arts with a major or minor in English. The department offers four tracks to the English major: an English major with a concentration in literature, an English major with a concentration in professional writing and public discourse, an English major with a concentration in creative writing, and an English major with a concentration in linguistics. The department offers four different minors: a minor in English (which entails a focus on literature), a minor in writing, a minor in creative writing, and a minor in linguistics. The Department of English also offers courses leading to the Master of Arts degree in English. Further information about the department and its programs may be obtained from the department website ([www.uab.edu/english](http://www.uab.edu/english)) or the department office; information on the graduate program may also be found in the UAB Graduate School Catalog.

## Honors in English

### Purpose

The English Honors program is designed for outstanding English majors. In their senior year, qualified students write a Senior Thesis under the supervision of an Honors Thesis Committee.

### Benefits

Benefits of participating in the Honors Program in English include individual mentoring by exceptional faculty and useful practice in undertaking extended work in the area of English, American, African American, and world literatures; creative writing; linguistics; or professional writing and rhetoric. Writing the thesis gives students the chance to work one-on-one with outstanding research faculty in all fields of English study. Our honors students thus gain valuable writing and critical experience, personalized writing instruction, and the opportunity to acquire especially strong letters of recommendation from committee members. Students completing the program are recognized at the English Department Awards Reception and will graduate from UAB "With Honors in English" at their UAB commencement.

### Eligibility

To be eligible for the Honors Program in English, a student must be enrolled full-time as a UAB English major, have earned a 3.5 GPA in English courses taken and a 3.0 GPA overall, and have completed EH 301.

### Requirements

Qualified students electing to enter and complete the Honors Program in English must do the following:

- Submit a completed English Honors Program application form to the Coordinator of Departmental Honors for approval. Students must secure permission of the Coordinator in order to enter the English Honors Program.
- Select a member of the English graduate faculty to serve as a faculty mentor and one other member of the English graduate faculty to serve with that mentor and the Coordinator on the Honors Thesis Committee.
- Fill out a Senior Thesis Committee Form and give it to the Coordinator for approval.
- Enroll in EH 494 and EH 495 in consecutive terms.
- During EH 494, write a thesis proposal and have it approved by the Honors Thesis Committee. Once approved, a copy of the proposal should be given to the Coordinator.
- During EH 495, write the thesis under the committee's guidance.
- Obtain final approval of the senior thesis from all members of the Honors Thesis Committee.
- Complete a final, one-hour public defense of the thesis.

### Contact

Program descriptions are available from the department website ([www.uab.edu/english](http://www.uab.edu/english)) or the department office.

### MAJOR REQUIREMENTS FOR ENGLISH WITH A CONCENTRATION IN LITERATURE

Requirement	Fulfilled By:	Hrs.
Required Courses	Take the following course: <b>EH 301</b>	3
World , British & Irish, or World Literature Survey	Select one of the following two-course sequences: <b>EH 217 &amp; EH 218 or EH 221 &amp; EH 222 or EH 223 &amp; EH 224</b> <i>Note: Completing this requirement will automatically satisfy the Core Curriculum Area II: Literature requirement.</i>	6
African, African American, or African Diasporic Literature	Select one of the following courses (EH 491 and EH 492 must be approved): <b>EH 365 EH 366 EH 392 EH 422 EH 423 EH 445 EH 446</b> <b>EH 447 EH 448 EH 466 EH 467 EH 468 EH 491 EH 492</b>	3
Literature pre-1700	Select two of the following courses (EH 491 and EH 492 must be approved): <b>EH 329 EH 376 EH 392 EH 469 EH 470 EH 471 EH 473</b> <b>EH 474 EH 475 EH 476 EH 478 EH 491 EH 492</b>	6
Literature 1700-1900	Select one of the following courses (EH 392, 491, and 492 must be approved): <b>EH 392 EH 460 EH 461 EH 462 EH 463 EH 480 EH 481</b> <b>EH 482 EH 483 EH 485 EH 486 EH 487 EH 491 EH 492</b>	3

Literature post - 1900	Select one of the following courses (EH 392, 491, and 492 must be approved): <b>EH 339    EH 366    EH 392    EH 414    EH 416    EH 442    EH 444</b> <b>EH 464    EH 465    EH 468    EH 488    EH 489    EH 491    EH 492</b>	3
Study of English as a Language	Select one of the following courses (note that students who have already completed EH 250 and EH 251 under the 2008-2009 Catalog will be credited with having met this requirement). <b>EH 350 / LING 350                      EH 351 / LING 351                      EH 352 / LING 352</b> <b>EH 355 / LING 355                      EH 356 / LING 356                      EH 360 / LING 360</b> <b>EH 393 / LING 393                      EH 450 / LING 450                      EH 451 / LING 451</b> <b>EH 452 / LING 452                      EH 453 / LING 453                      EH 454 / LING 454</b> <b>EH 493 / LING 493</b>	3
English Electives	Select four courses from the following: <b>EH 210    EH 302    EH 303    EH 304    EH 305    EH 306    EH 307    EH 308</b> <b>EH 309    EH 310    EH 318    EH 329    EH 339    EH 350    EH 351    EH 352</b> <b>EH 355    EH 356    EH 360    EH 365    EH 366    EH 367    EH 369    EH 376</b> <b>EH 389    EH 392    EH 393    EH 401    EH 402    EH 403    EH 404    EH 405</b> <b>EH 406    EH 407    EH 408    EH 409    EH 410    EH 411    EH 412    EH 413</b> <b>EH 414    EH 415    EH 416    EH 417    EH 418    EH 419    EH 420    EH 421</b> <b>EH 422    EH 423    EH 431    EH 433    EH 435    EH 441    EH 442    EH 443</b> <b>EH 444    EH 445    EH 446    EH 447    EH 448    EH 450    EH 451    EH 452</b> <b>EH 453    EH 454    EH 456    EH 457    EH 459    EH 460    EH 461    EH 462</b> <b>EH 463    EH 464    EH 465    EH 466    EH 467    EH 468    EH 469    EH 470</b> <b>EH 471    EH 473    EH 474    EH 475    EH 476    EH 478    EH 480    EH 481</b> <b>EH 482    EH 483    EH 485    EH 486    EH 487    EH 488    EH 489    EH 491</b> <b>EH 492    EH 493    EH 494    EH 495    EH 496    EH 497</b>	12
Capstone	Select one of the following courses (EH 411 and 495 must be approved): <b>EH 411    EH 495    EH 496</b> <i>Note: This requirement should be satisfied in the student's final year.</i>	3
<b>Total Major Requirements:</b>		<b>42</b>

- Students majoring in English must achieve a grade of C or higher in all courses applied toward the major requirement.
- Fifteen semester hours of English courses at the 300 and 400 levels must be taken at UAB.
- Twenty-one semester hours of English courses must be at the 400 level.
- A single course may not count toward more than one departmental requirement.

## Creative Writing

Students may pursue a concentration in creative writing within the English major or a minor in creative writing, taking workshops in poetry, fiction, and creative nonfiction; one forms class; and special topics in creative writing.

### MAJOR REQUIREMENTS FOR ENGLISH WITH A CONCENTRATION IN CREATIVE WRITING

Requirement	Fulfilled By:	Hrs.
Required Courses	Take the following course: <b>EH 301</b>	3
World , British & Irish, or World Literature Survey	Select one of the following two-course sequences: <b>EH 217 &amp; EH 218 or    EH 221 &amp; EH 222                      or                      EH 223 &amp; EH 224</b> <i>Note: Completing this requirement will automatically satisfy the Core Curriculum Area II: Literature requirement.</i>	6
African, African American, or African Diasporic Literature	Select one of the following courses (EH 491 and EH 492 must be approved): <b>EH 365    EH 366    EH 392    EH 422    EH 423    EH 445    EH 446</b> <b>EH 447    EH 448    EH 466    EH 467    EH 468    EH 491    EH 492</b>	3

Literature before 1700	Select one of the following courses (EH 392, 491, and 492 must be approved): <i>Note that all creative writing students are encouraged to take EH 376 or 476.</i> <b>EH 329    EH 376    EH 392    EH 469    EH 470    EH 471    EH 473</b> <b>EH 474    EH 475    EH 476    EH 478    EH 491    EH 492</b>	6
Literature 1700-1900	Select one of the following courses (EH 392, 491, and 492 must be approved): <b>EH 392    EH 460    EH 461    EH 462    EH 463    EH 480    EH 481</b> <b>EH 482    EH 483    EH 485    EH 486    EH 487    EH 491    EH 492</b>	3
Literature post - 1900	Select one of the following courses (EH 392, 491, and 492 must be approved): <b>EH 339    EH 366    EH 392    EH 414    EH 416    EH 442    EH 444</b> <b>EH 464    EH 465    EH 468    EH 488    EH 489    EH 491    EH 492</b>	3
Study of English as a Language	Select one of the following courses (note that students who have already completed EH 250 and EH 251 under the 2008-2009 Catalog will be credited with having met this requirement). <b>EH 350 / LING 350    EH 351 / LING 351    EH 352 / LING 352</b> <b>EH 355 / LING 355    EH 356 / LING 356    EH 360 / LING 360</b> <b>EH 393 / LING 393    EH 450 / LING 450    EH 451 / LING 451</b> <b>EH 452 / LING 452    EH 453 / LING 453    EH 454 / LING 454</b> <b>EH 493 / LING 493</b>	3
Beginning Creative Writing Genre Workshops	Select one of the following courses: <b>EH 305    EH 306    EH 307    EH 308    EH 309    EH 310</b>	3
Advanced Creative Writing Genre Workshops	Select two of the following courses: <b>EH 405    EH 406    EH 407    EH 408    EH 409    EH 410</b>	6
Additional Creative Writing Workshop	Select one of the following courses: <b>EH 205    EH 305    EH 306    EH 307    EH 308    EH 309    EH 310</b> <b>EH 405    EH 406    EH 407    EH 408    EH 409    EH 410</b>	3
Creative Writing Forms class	Select one of the following courses (EH 492 must be approved): <b>EH 415    EH 417    EH 418    EH 492</b>	3
Capstone	Select one of the following courses (EH 411 and 495 must be approved): <b>EH 411    EH 495    EH 496</b> <i>Note: This requirement should be satisfied in the student's final year.</i>	3
<b>Total Major Requirements:</b>		<b>42</b>

- Students majoring in English must achieve a grade of C or higher in all courses applied toward the major requirement.
- Fifteen semester hours of English courses at the 300 and 400 levels must be taken at UAB.
- Twenty-one semester hours of English courses must be at the 400 level.
- A single course may not count toward more than one departmental requirement.

## Linguistics Interdisciplinary Program

**Director:** David Basilico (English)

**Interdisciplinary Faculty:** B.R. Bryant (Computer Science), Flege (Biocommunications), Price (Philosophy), Reilly (Computer Science)

Students interested in a concentration in linguistics within the English major or a minor in linguistics are invited to participate in an interdisciplinary program. The linguistics concentration and minor are designed for students interested in careers represented by the participating disciplines that might involve detailed knowledge of natural or artificial languages. Note that the program is not necessarily one for "people who speak a lot of languages," but rather is intended for students interested in the structure and function of language. Students should consult the program director for advising.

### MAJOR REQUIREMENTS FOR ENGLISH WITH CONCENTRATION IN LINGUISTICS

Requirement	Fulfilled By:	Hrs.
Required Courses	Take both of the following courses: <b>EH 301    EH 350/LING 350</b>	6

World , British & Irish, or World Literature Survey	Select one of the following two-course sequences: <b>EH 217 &amp; EH 218 or EH 221 &amp; EH 222 or EH 223 &amp; EH 224</b> <i>Note: Completing this requirement will automatically satisfy the Core Curriculum Area II: Literature requirement.</i>	6
African, African American, or African Diasporic Literature	Select one of the following courses (EH 491 and EH 492 must be approved): <b>EH 365 EH 366 EH 392 EH 422 EH 423 EH 445 EH 446</b> <b>EH 447 EH 448 EH 466 EH 467 EH 468 EH 491 EH 492</b>	3
Literature pre-1700	Select one of the following courses (EH 491 and EH 492 must be approved): <b>EH 329 EH 376 EH 392 EH 469 EH 470 EH 471 EH 473</b> <b>EH 474 EH 475 EH 476 EH 478 EH 491 EH 492</b>	6
Literature 1700-1900	Select one of the following courses (EH 392, 491, and 492 must be approved): <b>EH 392 EH 460 EH 461 EH 462 EH 463 EH 480 EH 481</b> <b>EH 482 EH 483 EH 485 EH 486 EH 487 EH 491 EH 492</b>	3
Literature post - 1900	Select one of the following courses (EH 392, 491, and 492 must be approved): <b>EH 339 EH 366 EH 392 EH 414 EH 416 EH 442 EH 444</b> <b>EH 464 EH 465 EH 468 EH 488 EH 489 EH 491 EH 492</b>	3
Study of English as a Language	Select one of the following courses (note that students who have already completed EH 250 and EH 251 under the 2008-2009 Catalog will be credited with having met this requirement). <b>EH 351 / LING 351 EH 352 / LING 352 EH 355 / LING 355</b> <b>EH 356 / LING 356 EH 360 / LING 360 EH 393 / LING 393</b> <b>EH 450 / LING 450 EH 451 / LING 451 EH 452 / LING 452</b> <b>EH 453 / LING 453 EH 454 / LING 454 EH 493 / LING 493</b>	3
400-level Linguistics Elective	Select three of the following courses (note that students may petition the Program Director to have one relevant, non-Linguistics course in English or another discipline count toward this requirement). <b>EH 450 / LING 450 EH 451 / LING 451 EH 452 / LING 452</b> <b>EH 453 / LING 453 EH 454 / LING 454 EH 493 / LING 493</b>	9
English Electives	Select one courses from the following: <b>EH 210 EH 302 EH 303 EH 304 EH 305 EH 306 EH 307</b> <b>EH 309 EH 310 EH 318 EH 329 EH 339 EH 350 EH 351</b> <b>EH 355 EH 356 EH 360 EH 365 EH 366 EH 367 EH 369</b> <b>EH 389 EH 392 EH 393 EH 401 EH 402 EH 403 EH 404</b> <b>EH 406 EH 407 EH 408 EH 409 EH 410 EH 411 EH 412</b> <b>EH 414 EH 415 EH 416 EH 417 EH 418 EH 419 EH 420</b> <b>EH 422 EH 423 EH 431 EH 433 EH 435 EH 441 EH 442</b> <b>EH 444 EH 445 EH 446 EH 447 EH 448 EH 450 EH 451</b> <b>EH 453 EH 454 EH 456 EH 457 EH 459 EH 460 EH 461</b> <b>EH 463 EH 464 EH 465 EH 466 EH 467 EH 468 EH 469</b>	3
English Electives (Continued)	<b>EH 471 EH 473 EH 474 EH 475 EH 476 EH 478 EH 480</b> <b>EH 482 EH 483 EH 485 EH 486 EH 487 EH 488 EH 489</b> <b>EH 492 EH 493 EH 494 EH 495 EH 496 EH 497</b>	
Capstone	Select one of the following courses (EH 411 and 495 must be approved): <b>EH 411 EH 495 EH 496</b> <i>Note: This requirement should be satisfied in the student's final year.</i>	3
<b>Total Major Requirements:</b>		<b>42</b>

- Students majoring in English must achieve a grade of C or higher in all courses applied toward the major requirement.
- Fifteen semester hours of English courses at the 300 and 400 levels must be taken at UAB.
- Twenty-one semester hours of English courses must be at the 400 level.
- A single course may not count toward more than one departmental requirement.

## Professional Writing and Public Discourse

Students interested in non-fiction writing for corporate and public life may pursue a concentration in professional writing and public discourse within the English major or a minor in writing.

### MAJOR REQUIREMENTS FOR ENGLISH WITH CONCENTRATION IN PROFESSIONAL WRITING AND PUBLIC DISCOURSE

Requirement	Fulfilled By:	Hrs.
Required Courses	Take the following course: <b>EH 301</b>	3
World , British & Irish, or World Literature Survey	Select one of the following two-course sequences: <b>EH 217 &amp; EH 218 or EH 221 &amp; EH 222 or EH 223 &amp; EH 224</b> <i>Note: Completing this requirement will automatically satisfy the Core Curriculum Area II: Literature requirement.</i>	6
African, African American, or African Diasporic Literature	Select one of the following courses (EH 491 and EH 492 must be approved): <b>EH 365 EH 366 EH 392 EH 422 EH 423 EH 445 EH 446</b> <b>EH 447 EH 448 EH 466 EH 467 EH 468 EH 491 EH 492</b>	3
Literature pre-1700	Select one of the following courses (EH 491 and EH 492 must be approved): <b>EH 329 EH 376 EH 392 EH 469 EH 470 EH 471 EH 473</b> <b>EH 474 EH 475 EH 476 EH 478 EH 491 EH 492</b>	3
Literature 1700-1900	Select one of the following courses (EH 392, 491, and 492 must be approved): <b>EH 392 EH 460 EH 461 EH 462 EH 463 EH 480 EH 481</b> <b>EH 482 EH 483 EH 485 EH 486 EH 487 EH 491 EH 492</b>	3
Literature post - 1900	Select one of the following courses (EH 392, 491, and 492 must be approved): <b>EH 339 EH 366 EH 392 EH 414 EH 416 EH 442 EH 444</b> <b>EH 464 EH 465 EH 468 EH 488 EH 489 EH 491 EH 492</b>	3
Study of English as a Language	Select one of the following courses (note that students who have already completed EH 250 and EH 251 under the 2008-2009 Catalog will be credited with having met this requirement). <b>EH 350 / LING 350 EH 352 / LING 352 EH 393 / LING 393</b> <b>EH 351 / LING 351 EH 360 / LING 360 EH 452 / LING 452</b> <b>EH 356 / LING 356 EH 451 / LING 451 EH 493 / LING 493</b> <b>EH 450 / LING 450 EH 454 / LING 454</b> <b>EH 453 / LING 453 EH 355 / LING 355</b>	3
Advanced Writing	Select one of the following courses: <b>EH 203 EH 303</b>	3
Professional Writing	Select two of the following courses (EH 311 and EH 492 must be approved): <b>EH 304 EH 311 EH 403 EH 404 EH 433 EH 492</b>	6
Public Discourse	Select two of the following courses (EH 492 must be approved): <b>EH 401 EH 402 EH 456 EH 457 EH 459 EH 492</b>	6
Capstone	Select one of the following courses (EH 411 and 495 must be approved): <b>EH 411 EH 495 EH 496</b> <i>Note: This requirement should be satisfied in the student's final year.</i>	3
<b>Total Major Requirements:</b>		<b>42</b>

- Students majoring in English must achieve a grade of C or higher in all courses applied toward the major requirement.
- Fifteen semester hours of English courses at the 300 and 400 levels must be taken at UAB.
- Twenty-one semester hours of English courses must be at the 400 level.
- A single course may not count toward more than one departmental requirement.

### MINOR REQUIREMENTS FOR ENGLISH

Requirement	Fulfilled By:	Hrs.
Required Courses	Take the following course: <b>EH 301</b>	3
Literature pre-1700	Select one of the following courses (EH 491 and EH 492 must be approved): <b>EH 329   EH 376   EH 392   EH 469   EH 470   EH 471   EH 473</b> <b>EH 474   EH 475   EH 476   EH 478   EH 491   EH 492</b>	3
Literature 1700-1900	Select one of the following courses (EH 392, 491, and 492 must be approved): <b>EH 392   EH 460   EH 461   EH 462   EH 463   EH 480   EH 481</b> <b>EH 482   EH 483   EH 485   EH 486   EH 487   EH 491   EH 492</b>	3
Literature post - 1900	Select one of the following courses (EH 392, 491, and 492 must be approved): <b>EH 339   EH 366   EH 392   EH 414   EH 416   EH 442   EH 444</b> <b>EH 464   EH 465   EH 468   EH 488   EH 489   EH 491   EH 492</b>	3
English Electives	Select two courses from the following: <b>EH 210   EH 356   EH 408   EH 433   EH 459   EH 478   EH 308</b> <b>EH 309   EH 392   EH 416   EH 447   EH 467   EH 488   EH 352</b> <b>EH 355   EH 407   EH 431   EH 457   EH 476   EH 497   EH 376</b> <b>EH 389   EH 415   EH 446   EH 466   EH 487   EH 307   EH 405</b> <b>EH 406   EH 423   EH 456   EH 475   EH 496   EH 351   EH 413</b> <b>EH 414   EH 445   EH 465   EH 486   EH 306   EH 369   EH 421</b> <b>EH 422   EH 454   EH 474   EH 495   EH 350   EH 404   EH 443</b> <b>EH 444   EH 464   EH 485   EH 305   EH 367   EH 412   EH 452</b> <b>EH 453   EH 473   EH 494   EH 339   EH 403   EH 420   EH 462</b> <b>EH 463   EH 483   EH 304   EH 366   EH 411   EH 442   EH 470</b> <b>EH 471   EH 493   EH 329   EH 402   EH 419   EH 451   EH 481</b> <b>EH 482   EH 303   EH 365   EH 410   EH 441   EH 461   EH 491</b> <b>EH 492   EH 318   EH 401   EH 418   EH 450   EH 469</b> <b>EH 302   EH 360   EH 409   EH 435   EH 460   EH 480</b> <b>EH 310   EH 393   EH 417   EH 448   EH 468   EH 489</b>  Students may not use EH 311 to satisfy this requirement. Only three hours may be satisfied by a Creative Writing course (EH 305, EH 306, EH 307, EH 308, EH 309, EH 310, EH 405, EH 406, EH 407, EH 408, EH 409, EH 410).	6
<b>Total Minor Requirements:</b>		<b>18</b>

- Students minoring in English must achieve a grade of C or higher in all courses applied toward the minor.
- English courses at the 300 and 400 levels must be taken at UAB.
- At least twelve of the eighteen hours required for the minor must be taken at the 400 level.
- A single course may not count toward more than one departmental requirement.

### MINOR REQUIREMENTS FOR WRITING

Requirement	Fulfilled By:	Hrs.
Advanced Writing	Select two of the following courses: <b>EH 203   EH 301   EH 303</b>	6
Professional Writing	Select one <u>OR</u> two of the following courses (EH 311 and EH 492 must be approved): <b>EH 304   EH 311   EH 403   EH 404   EH 411   EH 433   EH 492</b>	3 or 6
Public Discourse	Select one <u>OR</u> two of the following courses (EH 492 must be approved): <b>EH 401   EH 402   EH 456   EH 457   EH 459   EH 492</b>	3 or 6
Writing Electives	Select one of the following courses (EH 492 must be approved): <b>EH 305   EH 306   EH 307   EH 308   EH 309   EH 310   EH 350</b> <b>EH 351   EH 352   EH 355   EH 356   EH 360   EH 393   EH 405</b> <b>EH 406   EH 407   EH 408   EH 409   EH 410   EH 417   EH 418</b> <b>EH 450   EH 451   EH 452   EH 453   EH 454   EH 492</b>	3
<b>Total Minor Requirements:</b>		<b>18</b>

- Students minoring in Writing must achieve a grade of C or higher in all courses applied toward the minor.
- English courses at the 300 and 400 levels must be taken at UAB.
- At least twelve of the eighteen hours required for the minor must be taken at the 400 level.
- A single course may not count toward more than one departmental requirement.

#### MINOR REQUIREMENTS FOR CREATIVE WRITING

Requirement	Fulfilled By:	Hrs.
Creative Writing Workshops	Select three of the following courses: <b>EH 304 EH 305 EH 306 EH 307 EH 308 EH 309 EH 310</b>	9
Advanced Creative Writing Workshops	Select two of the following courses (EH 492 must be approved): <b>EH 405 EH 406 EH 407 EH 409 EH 410 EH 415 EH 417</b> <b>EH 418 EH 492</b>	6
Creative Writing Elective	Select one of the following courses (EH 492 must be approved): <b>EH 205 EH 304 EH 305 EH 306 EH 307 EH 308 EH 309</b> <b>EH 310 EH 405 EH 406 EH 407 EH 408 EH 409 EH 410</b> <b>EH 417 EH 418 EH 492</b>	3
<b>Total Minor Requirements:</b>		<b>18</b>

- Students minoring in Creative Writing must achieve a grade of C or higher in all courses applied toward the minor.
- English courses at the 300 and 400 levels must be taken at UAB.
- At least twelve of the eighteen hours required for the minor must be taken at the 400 level.
- A single course may not count toward more than one departmental requirement.

#### MINOR REQUIREMENTS FOR LINGUISTICS

Requirement	Fulfilled By:	Hrs.
Required Courses	Take the following two courses: <b>EH 350/LING 350 EH 451/LING 451</b>	6
General Linguistics	Select two of the following courses (LING 493/EH 493, LING 494/ANTH 494, and LING 495/ANTH 495 must be approved): <b>EH 351/LING 351 EH 360/LING 360 EH 450/LING 450</b> <b>EH 453/LING 453 EH 493/LING 493 LING 494/ANTH 494</b> <b>LING 495/ANTH 495</b>	6
Linguistics Electives	Select two of the following courses (LING 292/EH 292, LING 393/EH 393, LING 493/EH 493, LING 494/ANTH 494, and LING 495/ANTH 495 must be approved): <i>Note: students may petition the Program Director to have one relevant non-Linguistics course in English or another discipline that does not appear on this list count toward this requirement.</i> <b>EH 351/LING 351 EH 352/LING 352 EH 355/LING 355</b> <b>EH 356/LING 356 EH 360/LING 360 EH 393/LING 393</b> <b>EH 450/LING 450 EH 452/LING 452 EH 453/LING 453</b> <b>EH 454/LING 454 EH 493/LING 493 LING 466/CS 466</b> <b>LING 494/ANTH 494 LING 495/ANTH 495</b>	6
<b>Total Minor Requirements:</b>		<b>18</b>

- Students minoring in Linguistics must achieve a grade of C or higher in all courses applied toward the minor.
- English courses at the 300 and 400 levels must be taken at UAB.
- At least twelve of the eighteen hours required for the minor must be taken at the 400 level.
- A single course may not count toward more than one departmental requirement.

## Course Descriptions

### English (EH)

#### **EH 091 - Intro to College English - 5**

Focuses on connections between reading and writing, especially as they relate to a writer's purpose and development of academic writing. Includes review of grammar, punctuation, and usage, with emphasis on editing skills and writing effective paragraphs and expository essays. Required for students who score below 20 on the English portion of the ACT or equivalent on English Placement Test. Prepares students for EH 101; may not be used for fulfillment of any degree requirement.

#### **EH 101 - English Composition - 3**

Process and final product of expository and analytical essays. Research and documentation required on most essays. Students must receive grade of C or higher in EH 101 and 102 to complete Core Curriculum requirement in English language. (Also see CLEP examinations and AP examinations.) *Prerequisites:* EH 091 or (satisfactory ACT or UAB English placement score)

#### **EH 102 - English Composition - 3**

Process and final product of argumentative essays. Research and documentation required on most essays. Students must receive grade of C or higher in EH 101 or EH 102 to complete Core Curriculum requirement in English Language. (Also see CLEP examinations and AP examinations.) *Prerequisite:* EH 101

#### **EH 202 - Eng Comp II for Science & Tech - 3**

EH 202/STH 202 will be paired with EH 102/STH 102, enrolling students from the Science and Technology Honors Program who have already completed (or received credit for) EH 102. In addition to covering material required for all sections of EH 102, this course introduces students to the specific rhetorical elements of scientific and technical discourse. Students enrolled in EH 202/STH 202 will complete the same reading and writing assignment as those required of EH 102/STH 102 students. In traditional EH 102 courses and that covered in the focused EH 102/STH 102 course. *Prerequisite:* EH 101

#### **EH 203 - Writing in Birmingham - 3**

Improvement of skills for public writing, using Birmingham as geographical, historical, and institutional context. *Prerequisite:* EH 102

#### **EH 205 - Intro to Creative Writing - 3**

An introduction to the writing of fiction, poetry, and the creative essay. Emphasis on fundamentals of writing creatively, with students producing original work in each of the three genres. *Prerequisite:* EH 102

#### **EH 210 - Interpreting Film - 3**

Introduction to critical analysis of the language of film, surveying concerns in contemporary film theory, including narrative, authorship, genre, the cinematic apparatus, race, gender, and spectatorship. *Prerequisites:* EH 102

#### **EH 214 - Intro to Lit: Special Topics - 3**

See class schedule for topic. *Prerequisite:* EH 102

#### **EH 215 - Intro to Lit: Detective Fiction - 3**

Poe and Holmes to present, including novels and short stories by Christie, Hammett, Chandler, and others. *Prerequisite:* EH 102

#### **EH 216 - Introduction to Literature - 3**

Short stories, novellas, poems, and plays from variety of historical periods and cultures. Emphasis on techniques of each genre. *Prerequisite:* EH 102

#### **EH 217 - World Literature I - 3**

World literature before 1660. Emphasis on writing and literary analysis. *Prerequisite:* EH 102

#### **EH 218 - World Literature II - 3**

World literature since 1660. Emphasis on writing and literary analysis. *Prerequisite:* EH 102

#### **EH 221—British and Irish Lit I - 3**

Anglo-Saxon literature to end of eighteenth century. Emphasis on writing and literary analysis. *Prerequisite:* EH 102

#### **EH 222 - British and Irish Lit II - 3**

End of eighteenth century into twentieth century. Emphasis on writing and literary analysis. *Prerequisite:* EH 102

#### **EH 223 - American Literature I - 3**

1620 to 1865. Emphasis on writing and literary analysis. *Prerequisite:* EH 102

#### **EH 224 - American Literature II - 3**

1865 to present. Emphasis on writing and literary analysis. *Prerequisite:* EH 102

#### **EH 241 - Literature of the Supernatural - 3**

Critical examination and historical survey of fairy tale, ghost story, wonder tale, and gothic narrative. *Prerequisite:* EH 102

#### **EH 242 - Greek and Roman Mythology - 3**

Introduction to classical myths; emphasis on influence of mythology in Western literature. *Prerequisite:* EH 102

**EH 300 - Engineering Communication - 2**

Introduces engineering students to the theory and practice of communicating effectively in various organizational contexts. Subjects covered include managing and producing professional reports, proposals, and feasibility studies; communicating ethically in the workplace; and presenting ideas to multiple audiences in written and oral formats. Required for most undergraduate engineering majors. *Prerequisites:* EGR 100 and EH 101 and EH 102

**EH 301 - Read/Write/Research for Lit - 3**

Designed to improve skills for critical writing about literary texts. Required for English majors; recommended prior to taking 400-level courses. *Prerequisites:* 3 hours from the following: EH 216, 217, 218, 221, 222, 223, or 224

**EH 302 - Intermediate Writing - 3**

This course is designed for non-English majors who wish to improve the quality of their writing. *Prerequisites:* EH 101 and EH 102

**EH 303 - Advanced Composition - 3**

Improvement of skills for academic and public writing, focusing on analysis and critique. *Prerequisites:* EH 101 and EH 102 and 9 semester hours in EH

**EH 304 - Editing in Professional Contexts - 3**

Theory and practice of editorial/rhetorical concerns throughout writing process, particularly as related to professional contexts. *Prerequisites:* EH 101 and EH 102 and 9 semester hours in EH

**EH 305 - Beg Poetry Writing Workshop - 3**

Fundamentals for beginners; emphasis on techniques and style through readings and student's own writing. *Prerequisites:* EH 102; EH 205 recommended

**EH 306 - Beg Poetry Writing Workshop - 3**

Fundamentals for beginners; emphasis on techniques and style through readings and student's own writing. *Prerequisites:* EH 102; EH 205 recommended

**EH 307 - Beg Creative Non-Fiction Workshop - 3**

Fundamentals for beginners; emphasis on techniques and style through readings and student's own writing. *Prerequisites:* EH 102; EH 205 recommended

**EH 308 - Beg Creative Non-Fiction Workshop - 3**

Fundamentals for beginners; emphasis on techniques and style through readings and student's own writing. *Prerequisites:* EH 102; EH 205 recommended

**EH 309 - Beg Fiction Writing Workshop - 3**

Fundamentals for beginners; emphasis on techniques and style through readings and student's own writing. *Prerequisites:* EH 102; EH 205 recommended

**EH 310 - Beg Fiction Writing Workshop - 3**

Fundamentals for beginners; emphasis on techniques and style through readings and student's own writing. *Prerequisites:* EH 102; EH 205 recommended

**EH 311 - English Internship - 3**

On-campus and off-campus training positions in fields utilizing language and writing skills, with some positions offering external funding. Students should contact the Undergraduate Director to discuss available positions and application procedures. May be counted as elective only in professional writing concentration and writing minor with approval of Undergraduate Director. *Prerequisites:* Permission of instructor

**EH 318 - Science Fiction - 3**

Modern science fiction, including novels and short stories by Asimov, Heinlein, LeGuin, and others. *Prerequisites:* 3 hours from the following: EH 216, 217, 218, 221, 222, 223, or 224

**EH 329 - Literature of the Vikings - 3**

Old Norse mythology, poetry, and sagas in translation. Background for Beowulf. *Prerequisites:* 3 hours from the following: EH 216, EH 217, EH 218, EH 221, EH 222, EH 223 or EH 224

**EH 339 - Twentieth Century Theater - 3**

*Prerequisites:* 3 hours from the following: EH 216, EH 217, EH 218, EH 221, EH 222, EH 223 or EH 224

**EH 350 - Introduction to Linguistics - 3**

Introduction to the scientific study of language with a main focus on principles underlying phonology, morphology, syntax and semantics. Relationship between language and society, psycholinguistics, and language typology may also be addressed. *Prerequisite:* EH 102

**EH 351 - Structure of English - 3**

Description and analysis of present-day English grammar with particular attention paid to the structure of phrases, clauses and sentences, including parts of speech, coordination, subordination, tense, aspect, voice, grammatical functions, agreement and clause types. *Prerequisite:* EH 102

**EH 352 - The Structure of English Words - 3**

Introduction to English vocabulary elements and word formation, including topics in history of English and sound patterns as these topics relate to word formation. Does not count as literature for Core Curriculum requirement. *Prerequisite:* EH 102

**EH 355 - Intro to Sociolinguistics - 3**

Social factors that play role in language usage and learning; emphasis on American English. *Prerequisites:* EH 102

**EH 356 - Semantics - 3**

Meaning in language with reference to questions of synonymy, ambiguity, and language use. *Prerequisites:* EH 102

**EH 360 - Phonology - 3**

Sound patterning of languages. *Prerequisites:* EH 102

**EH 365 - African American Lit, 1746-1954 - 3**

Literary study of cultural values from colonial writer Lucy Terry, through slavery and emancipation, to Gwendolyn Brooks and writers up to the 1950s. Emphasis on role of diversity and how historical issues of race relate to modern contexts. *Prerequisites:* 3 hours from the following: EH 216, EH 217, EH 218, EH 221, EH 222, EH 223 or EH 224

**EH 366 - African American Lit, 1954-Present - 3**

Literary study of cultural values from Ralph Ellison in the 1950s, through black nationalist, civil rights, and black feminist movements, to contemporary writers such as Ishmael Reed, John Edgar Wideman, and Toni Morrison. Emphasis on role of diversity and how historical issues of race relate to postmodern contexts. *Prerequisites:* 3 hours from the following: EH 216, EH 217, EH 218, EH 221, EH 222, EH 223 or EH 224

**EH 367 - Southern Literature - 3**

Literature of American South: Faulkner, Jefferson, Douglass, Chopin, O'Connor, and others. *Prerequisites:* 3 hours from the following: EH 216, EH 217, EH 218, EH 221, EH 222, EH 223 or EH 224

**EH 369 - The American Dream - 3**

Literature expressing values and ideals of American people from Hawthorne and Thoreau to Richard Wright and Adrienne Rich. *Prerequisites:* 3 hours from the following: EH 216, EH 217, EH 218, EH 221, EH 222, EH 223 or EH 224

**EH 376 - Shakespeare - 3**

Five or six plays: one history, one comedy, three major tragedies. Intensive study of two or more tragedies. *Prerequisites:* 3 hours from the following: EH 216, EH 217, EH 218, EH 221, EH 222, EH 223 or EH 224

**EH 389 - Bible as Literature - 3**

Literary themes and styles of Old and New Testaments. *Prerequisites:* 3 hours from the following: EH 216, EH 217, EH 218, EH 221, EH 222, EH 223 or EH 224

**EH 392 - Special Topics in Literature - 3**

See class schedules for topic. *Prerequisites:* 3 hours from the following: EH 216, EH 217, EH 218, EH 221, EH 222, EH 223 or EH 224

**EH 393 - Special Topics in Linguistics - 3**

See class schedules for topic. *Prerequisites:* EH 102

**EH 401 - Tutoring Writing - 3**

Improvement of writing skills through understanding theories of tutoring. Preparation of future teachers for tutor training and writing center development. *Prerequisites:* 3 hours from the following: EH 216, EH 217, EH 218, EH 221, EH 222, EH 223 or EH 224

**EH 402 - Writing in Popular Periodicals - 3**

Current theory regarding production, distribution, and consumption of popular periodicals. Practice contributing to these sources. *Prerequisites:* EH 301 or permission of instructor

**EH 403 - Business Writing - 3**

Advanced writing concentrating on letters, resumes, and professional reports. *Prerequisites:* EH 301 or permission of instructor

**EH 404 - Technical Writing - 3**

Advanced writing concentrating on short informal and long formal reports. Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* EH 301 or permission of instructor

**EH 405 - Poetry Writing Workshop - 3**

Intermediate work in poetry through critique of student writing. *Prerequisites:* EH 305 or EH 306 or permission of the instructor

**EH 406 - Poetry Writing Workshop - 3**

Intermediate work in poetry through critique of student writing. *Prerequisites:* EH 305 or EH 306 or permission of the instructor

**EH 407 - Creative Nonfiction Writ Workshop - 3**

Intermediate work in creative nonfiction through critique of student writing. *Prerequisites:* EH 307 or EH 308 or permission of the instructor

**EH 408 - Creative Non-Fiction Writ Workshop - 3**

Intermediate work in creative nonfiction through critique of student writing. *Prerequisites:* EH 307 or EH 308 or permission of the instructor

**EH 409 - Fiction Writing Workshop - 3**

Intermediate work in prose fiction through critique of student writing. *Prerequisites:* EH 309 or EH 310 or permission of the instructor

**EH 410 - Fiction Writing Workshop - 3**

Intermediate work in prose fiction through critique of student writing. *Prerequisites:* EH 309 or EH 310 or permission of the instructor

**EH 411 - Capstone Internship- 3**

This course is available to qualified English majors who wish to apply their knowledge and skills to a work setting. Students will fulfill the requirements for a university capstone course by reflecting on the applicability of disciplinary knowledge to internship responsibilities. *Prerequisite:* Permission of instructor.

**EH 412 - Poetry: Lyric and Shorter Form - 3**

Songs, sonnets, elegies, odes, and dramatic monologues. EH 301 or permission of instructor

**EH 413 - Drama - 3**

Techniques and problems of drama, classical through contemporary. *Prerequisites:* EH 301 or permission of instructor

**EH 414 - Modern British/European Drama - 3**

Techniques and problems of modern European drama: Ibsen, Shaw, Chekhov, Synge, Pirandello, Brecht, Beckett, and others. *Prerequisites:* EH 301 or permission of instructor

**EH 415 - Form of Fiction: Short Story - 3**

American, Russian, and European short stories emphasizing aesthetics of form. *Prerequisites:* EH 301 or permission of instructor

**EH 416 - Modern American Poetry - 3**

Selections from Frost, Stein, Stevens, Pound, Eliot, Williams, Doolittle, Jeffers, Moore, McKay, Loy, Toomer, Crane, Hughes, and others. *Prerequisites:* EH 301 or permission of instructor

**EH 417 - Creative Writing Workshop: Spec. Project. 3**

Intermediate work in genres other than poetry, fiction, or creative nonfiction, or a special workshop taught by a visiting writer. *Prerequisite:* Permission of instructor

**EH 418 - Creative Writing Workshop: Spec Project - 3**

Intermediate work in genres other than poetry, fiction, or creative nonfiction, or a special workshop taught by a visiting writer. *Prerequisite:* Permission of instructor

**EH 419 - Young Adult Literature - 3**

Close reading of young adult literature and study of its form and history, its assumptions about adolescent psychology, and its literary relationship to the traditional canon. *Prerequisites:* 3 hours from the following: EH 216, 217, 218, 221, 222, 223, or 224

**EH 420 - World Literature - 3**

Selections in translation from Greek, Roman, and Hebrew classics, other literature, and oral tradition. *Prerequisites:* EH 301 or permission of the instructor

**EH 421 - World Literature - 3**

Selections in translation from European, African, and South American writers. *Prerequisites:* EH 301 or permission of the instructor

**EH 422 - African Literature - 3**

Selected novels, short stories, autobiographies, folk tales, drama, essays, films, songs from pre-colonial Africa to the present, including works by Emecheta, wa Thiong'o, Head, Achebe, Ba, Armah, Laye, Salih, Soyinka, and Abrahams. *Prerequisites:* EH 301 or permission of the instructor

**EH 423 - African Women's Literature - 3**

Writing in all genres by African women from pre-colonial Africa to the present. *Prerequisites:* EH 301 or permission of the instructor

**EH 425 - French Lit in English Translation - 3**

Topic to be announced. *Prerequisites:* EH 101 and EH 102 and 9 semester hours in EH and 3 semester hours in EH at the 200 level, or permission of the instructor

**EH 426 - German Lit in English Translation - 3**

Topic to be announced. *Prerequisites:* EH 101 and EH 102 and 9 semester hours in EH and 3 semester hours in EH at the 200 level, or permission of the instructor

**EH 427 - Span and Span-American Lit in English - 3**

Topic to be announced. *Prerequisites:* EH 101 and EH 102 and 9 semester hours in EH and 3 semester hours in EH at the 200 level, or permission of the instructor

**EH 430 - Brazilian/Portuguese Lit in Eng Translation - 3**

Topic to be announced. *Prerequisites:* EH 101 and EH 102 and 9 semester hours in EH and 3 semester hours in EH at the 200 level, or permission of the instructor

**EH 431 - Special Topics in Film - 3**

In-depth study of a specialized topic in film, for example, a particular national cinema, one or more directors, a development in film history or genre, or issues in visual representation. *Prerequisite:* EH 210 or EH 301 or permission of the instructor

**EH 433 -Academic Writing - 3**

Introduction, for students in all disciplines, to the processes of scholarly inquiry and the most common genres of academic writing, including critiques, bibliographies, proposals, conference presentations, and articles. *Prerequisite:* 3: EH 301 or permission of instructor

**EH 435 - Teaching Creative Writing - 3**

Examines current theory and practice in teaching creative writing particularly in secondary schools and introductory college-level classes. *Prerequisites:* 3 hours from the following: EH 216, 217, 218, 221, 222, 223, or 224.

**EH 441 - Lit Theory/Crit, Anc-19th c - 3**

Introduction to theories of art and literary production in the contexts of aesthetics and culture from Plato to the end of the nineteenth century. *Prerequisites:* EH 301 or permission of the instructor

**EH 442 - Lit Theory/Crit, 20th c-Present - 3**

Introduction to theories of art and literary production in the contexts of aesthetics and culture from Russian formalism to the present. *Prerequisites:* EH 301 or permission of the instructor

**EH 443 - Archetype and Myth - 3**

Recurring images, underlying patterns, and shapes-of-meaning in poetry, fiction, and fairy tales. *Prerequisites:* EH 301 or permission of the instructor

**EH 444 - Women's Literature and Theory - 3**

Literary works and theoretical perspectives of Angelou, Chopin, Hong, Kingston, Hurston, Walker, Woolf, Plath, and others. *Prerequisites:* EH 301 or permission of the instructor

**EH 445 - Special Topics in African American Literature - 3**

Investigates special topics on slavery, post-bellum, and contemporary literature by African American writers. *Prerequisites:* EH 301 or permission of the instructor

**EH 446 - African American Autobiography - 3**

Personal narratives by African Americans, including texts by Wheatley, Douglass, Jacobs, Wilson, DuBois, Johnson, Hurston, Hughes, Wright, Baldwin, Angelou, and Moody. *Prerequisites:* EH 301 or permission of the instructor

**EH 447 - African American Dramatic Tradition - 3**

Development of African American dramatic tradition from the nineteenth century through the Harlem Renaissance and Black Arts movement to contemporary postmodernism, including W.W. Brown, Grimke, Childress, Baraka, Sanchez, Wilson, and Parks. *Prerequisites:* EH 301 or permission of the instructor

**EH 448 - African American Poetry Tradition - 3**

Development of African American poetry from its early works to the present, including Wheatley, Dunbar, McKay, Hughes, Brooks, Sanchez, and Angelou. *Prerequisites:* EH 301 or permission of the instructor

**EH 450 - Advanced Grammar - 3**

Present-day English grammar. *Prerequisites:* EH 350 or EH 351

**EH 451 - Generative Grammar - 3**

Introduction to Chomskian linguistic theory. Knowing a language involves knowing an intricate set of rules; this course gives one approach to modeling this linguistic knowledge. *Prerequisites:* EH 350 or EH 351

**EH 452 - Grammar/Usage for English Teacher - 3**

Overview of English grammar and usage, focusing on those topics that are presented in the classroom. Topics will include the difference between prescriptive and descriptive grammar, parts of speech, types of verbs, grammatical functions, agreement, sentence structure, tense, aspect, voice, finite clauses, non-finite clauses, clause types. Focus also on Reed-Kellogg sentence diagramming *Prerequisites:* EH 350 or EH 351

**EH 453 - Adv History of the English Lang - 3**

Overview of language evolution from Proto-Indo-European to modern English dialects, including phonological shifts, dialectal distinctions, language families, and orthographical and syntactical changes. *Prerequisite:* EH 350 or EH 351

**EH 454 - The Biology of Language - 3**

Vocal tract and neuroanatomical specializations for language, language acquisition, genetic language disorders, language and other primates, and evolution of language. *Prerequisites:* EH 301 or permission of the instructor

**EH 456 - Visual Rhetoric - 3**

Analysis of the rhetorical characteristics of texts that incorporate both images and words in order to persuade audiences. *Prerequisite:* : EH 301 or permission of instructor

**EH 457 - Writing and Medicine - 3**

Public discourse focusing on health, illness, and medical practice. Production of texts as health consumers and health practitioners. *Prerequisite:* EH 301 or permission of the instructor

**EH 459 - Discourse Analysis - 3**

Public discourse, with emphasis on social politics of linguistic choices. *Prerequisite:* EH 301 or permission of the instructor

**EH 460 - Amer Women Writers Before 1900 - 3**

Survey of American women's writing before 1900. *Prerequisite:* EH 301 or permission of the instructor

**EH 461 - American Literature, 1620-1820 - 3**

Representative American writing from colonial period to Washington Irving. *Prerequisite:* EH 301 or permission of the instructor

**EH 462 - American Literature, 1820-1870 - 3**

Representative writers such as Alcott, Cooper, Poe, Hawthorne, Melville, Emerson, Fuller, Fern, Harper, Thoreau, Jacobs, Whitman, Stowe, and Dickinson. *Prerequisite:* EH 301 or permission of the instructor

**EH 463 - American Literature, 1870-1914 - 3**

Realism and naturalism: Twain, James, Howells, Crane, Jewett, Wharton, Dreiser, Norris, and Chopin, among others. *Prerequisite:* EH 301 or permission of the instructor

**EH 464 - American Literature, 1914-1945 - 3**

Selected fiction, poetry, and drama of major American writers such as Eliot, Faulkner, Hemingway, Hurston, O'Neill, and Wright. *Prerequisite:* EH 301 or permission of the instructor

**EH 465 - American Literature, 1945-Present - 3**

Selected fiction, poetry, and drama in context of post-war cultural trends and literary movements. *Prerequisite:* EH 301 or permission of the instructor

**EH466 - Slave Narrative and Lit Expressions - 3**

Genre of slave narrative, its critical theories, and its nineteenth- and twentieth-century literary expressions. Includes Equiano, Jacobs, Wilson, Douglass, DuBois, Wright, Angelou, and Morrison. *Prerequisite:* EH 301 or permission of the instructor

**EH 467 - Black Women Writers - 3**

Evolution of Afrocentric feminist consciousness through early and contemporary writings, including works by Aidoo, Conde, Cooper, Chase-Riboud, Marshall, Morrison, and Naylor.. *Prerequisites:* *Prerequisite:* EH 301 or permission of the instructor

**EH 468 - The Harlem Renaissance - 3**

Examines their work of black writers during the Harlem Renaissance. Includes Johnson, Toomer, Murray, Larsen, McKay, Thurman, Reed, and Morrison. *Prerequisite:* EH 301 or permission of the instructor

**EH 469 - Medieval Culture: Lit and Soc - 3**

Exploration through art, literature, and history of dominant themes of Middle Ages, from Germans to Dante and Chaucer. *Prerequisite:* EH 301 or permission of the instructor

**EH 470 - Arthurian Legend - 3**

King Arthur and his knights in literature from sixth-century history and formulation of legend in Middle Ages to its use in twentieth century. *Prerequisite:* EH 301 or permission of the instructor

**EH 471 - Beowulf in Context - 3**

Beowulf and various texts that bear upon it (including modern literary and film adaptations), as well as a close study of the Norse analogues of the Old English epic. All texts in Modern English translation. Not appropriate for those who have taken EH 649. *Prerequisite:* EH 301 or permission of the instructor

**EH 473 - Chaucer: Pilgrim to Canterbury - 3**

Selections from Canterbury Tales and Chaucer's fourteenth-century milieu. *Prerequisites:* EH 301 or permission of the instructor

**EH 474 - Eng Renaissance Drama (excluding Shakespeare) - 3**

Selected plays from dramatists such as Marlowe, Jonson, Webster, and Middleton. *Prerequisite:* EH 301 or permission of the instructor

**EH 475 - Eng Renaissance Poetry and Prose - 3**

Study of key Renaissance writers including Sidney, Raleigh, Spenser, Jonson, Donne, and Herbert. *Prerequisite:* EH 301 or permission of the instructor

**EH 476 - Shakespeare - 3**

Study of selected Shakespeare works. *Prerequisite:* EH 301 or permission of the instructor

**EH 478 - Milton - 3**

Selected prose and poetry, including Paradise Lost. *Prerequisite:* EH 301 or permission of the instructor

**EH 480 - The Restoration - 3**

Interdisciplinary exploration of selected poems, plays, and essays by Restoration authors. Authors and topics vary. *Prerequisite:* EH 301 or permission of the instructor

**EH 481 - 18th Century: Lit and Culture - 3**

Interdisciplinary exploration of selected texts by 18<sup>th</sup>-century authors that focuses on social, economic, and political contexts. Authors and topics vary. *Prerequisite:* EH 301 or permission of the instructor

**EH 482 - 18th Century: Theory and Inter - 3**

Interdisciplinary exploration of selected texts by 18<sup>th</sup>-century authors that focuses on their formal and philosophical contexts. Authors and topics vary. *Prerequisite:* EH 301 or permission of the instructor

**EH 483 - British Romanticism - 3**

Selected Works by Smith, Blake, Wordsworth, Coleridge, Byron, Shelley, Keats, and others. *Prerequisite:* EH 301 or permission of the instructor

**EH 485 - British Victorian Poetry - 3**

Selected works by Tennyson, Browning, Arnold, and others. *Prerequisite:* EH 301 or permission of the instructor

**EH 486. Eighteenth-Century British Novel - 3**

Fielding, Defoe, Sterne, Smollett, and Richardson. *Prerequisite:* EH 301 or permission of the instructor

**EH 487 - 19th-Century British Novel - 3**

Selected works by Austen, Dickens, Thackeray, Bronte, Trollope, Eliot, or other novelists. *Prerequisite:* EH 301 or permission of the instructor

**EH 488 - British Novel: The Modern Age - 3**

Selected works by Conrad, Lawrence, Joyce, Woolf, Ford, and others. *Prerequisite:* EH 301 or permission of the instructor

**EH 489 - James Joyce - 3**

Joyce's fiction through Ulysses. *Prerequisite:* EH 301 or permission of the instructor

**EH 491 - Major Writers - 3**

See class schedule for topic. May be repeated. *Prerequisite:* EH 301 or permission of the instructor

**EH 492 - Special Topics - 3**

See class schedule for topic. *Prerequisite:* EH 301 or permission of the instructor

**EH 493 - Special Topics in Linguistics - 3**

See class schedule for topic. *Prerequisite:* EH 301 or permission of the instructor

**EH 494 - English Honors Research - 3**

This is an individual studies course for outstanding students beginning their work on an honors capstone thesis. During the first course of a two-course sequence, students will conduct research for that thesis and write a full-length prospectus for that thesis with an extended bibliography. *Prerequisites:* EH 301 and permission of the instructor

**EH 495 - Honors Capstone Thesis - 3**

This is an individual studies course for outstanding students completing their work on an honors capstone thesis. During this second course of a two-course sequence, students will write and defend that thesis. *Prerequisites:* EH 494 and permission of instructor.

**EH 496 - Capstone Seminar - 3**

Specific topics vary. The course will provide an opportunity for students to reflect upon and to use the knowledge, skills, and dispositions developed in previous English coursework. Required of all English majors. EH 496 is ideally taken in the final undergraduate semester. *Prerequisites:* EH 301 or permission of instructor

**EH 497 - Individual Studies - 1 to 3**

*Prerequisite:* permission of instructor.

## Course Descriptions

### Linguistics (LING)

#### **LING 221 - Intro Descriptive Linguistics - 3**

Description and analysis of non-Western languages. *Prerequisites:* EH 101 and EH 102

#### **LING 260 - Language and Culture - 3**

Nonverbal communication; language origins and acquisition; universals; language classification and processes of change; language as expression of cultural values and social structures; beginning componential and structural analysis. *Prerequisite:* EH 102

#### **LING 350 - Introduction to Linguistics - 3**

Introduction to the scientific study of language with a main focus on principles underlying phonology, morphology, syntax and semantics. Relationship between language and society, psycholinguistics, and language typology may also be addressed. *Prerequisite:* EH 102

#### **LING 351 - Structure of English - 3**

Description and analysis of present-day English grammar with particular attention paid to the structure of phrases, clauses and sentences, including parts of speech, coordination, subordination, tense, aspect, voice, grammatical functions, agreement and clause types. *Prerequisite:* EH 102

#### **LING 352 - The Structure of English Words - 3**

Introduction to English vocabulary elements and word formation, including topics in history of English and sound patterns as these topics relate to word formation. Does not count as literature for Core Curriculum requirement. *Prerequisite:* EH 102

#### **LING 355 - Intro to Sociolinguistics - 3**

Social factors that play role in language usage and learning; emphasis on American English. *Prerequisites:* EH 102

#### **LING 356 - Semantics - 3**

Meaning in language with reference to questions of synonymy, ambiguity, and language use. *Prerequisites:* EH 102

#### **LING 360 - Phonology - 3**

Sound patterning of languages. *Prerequisites:* EH 102

#### **LING 393 - Special Topics in Linguistics - 3**

See class schedule for topic. *Prerequisites:* EH 102

#### **LING 451 - Generative Grammar - 3**

Introduction to Chomskian linguistic theory. Knowing a language involves knowing an intricate set of rules; this course gives one approach to modeling this linguistic knowledge. *Prerequisites:* EH 350 / LING 350 or EH 351 / LING 351

#### **LING 452 - Grammar/Usage for Eng Teachers - 3**

Overview of English grammar and usage, focusing on those topics that are presented in the classroom. Topics will include the difference between prescriptive and descriptive grammar, parts of speech, types of verbs, grammatical functions, agreement, sentence structure, tense, aspect, voice, finite clauses, non-finite clauses, clause types. Focus also on Reed-Kellogg sentence diagramming. *Prerequisites:* EH 350 / LING 350 or EH 351 / LING 351

#### **LING 453 - Adv History of the English Language - 3**

Overview of language evolution from Proto-Indo-European to modern English dialects, including phonological shifts, dialectal distinctions, language families, and orthographical and syntactical changes. *Prerequisite:* EH 350 / LING 350 or EH 351 / LING 351

#### **LING 454 - The Biology of Language - 3**

Vocal tract and neuroanatomical specializations for language, language acquisition, genetic language disorders, language and other primates, and evolution of language. *Prerequisites:* EH 350 / LING 350 or EH 351 / LING 351

#### **LING 466 - Computational Linguistics - 3**

Computational Linguistics. *Prerequisites:* EH 350 / LING 350 or EH 351 / LING 351

#### **LING 493 - Special Topics in Linguistics - 3**

See class schedule for topic. *Prerequisites:* EH 350 / LING 350 or EH 351 / LING 351

#### **LING 494 - Spec Problems in Linguistics - 3**

Supervised in-depth study of specified topic area in linguistics. Topics determined by student and instructor interest. *Prerequisites:* EH 350 / LING 350 or EH 351 / LING 351

#### **LING 495 - Spec Problems in Linguistics - 3**

Supervised in-depth study of specified topic area in linguistics. Topics determined by student and instructor interest. *Prerequisites:* EH 350 / LING 350 or EH 351 / LING 351

## Department of Foreign Languages and Literatures

**Interim Chair:** John K. Moore, Jr.

**Associate Chair:** Roberto Mayoral

**Faculty:** Bokobza, Bond, Carter (UAB Distinguished Professor Emeritus), Centeno, Chambless, Cook, Daniélou, Faki, Long, Martin-Ogunsola (Emerita), Mayoral, McLaughlin (Emerita), Moore, O'Leary, Orihuela, Rinker, Sánchez-López, Zayzafoon.

**Director, Foreign Language Media Services:** Margaret Boud

**Director, Spanish for Specific Purposes:** Lourdes Sánchez-López

The Department of Foreign Languages and Literatures offers a multifaceted foreign language program that will meet the diverse global challenges facing students of the 21<sup>st</sup> century. The Department offers programs of study leading to the degree of Bachelor of Arts in Foreign Languages with concentrations in French and Spanish. The Department offers minor programs in Chinese, French, German, Japanese and Spanish. There are also opportunities for students to take courses in Arabic, Italian and courses about foreign cultures and literatures in English. Additional courses in foreign languages may be taken through the Birmingham Area Consortium for Higher Education (BACHE). Promoting a comprehensive view of foreign cultures, languages, and literatures enhances the students' ability to compete on the job market and/or pursue graduate or professional studies.

The UAB Department of Foreign Languages and Literatures offers traditional language, culture, civilization, linguistics and literature classes and also enrolls students in such fields as literature in translation, film and cultural studies, foreign media and society, US Latino topics, applied linguistics and languages for the professions.

The Department also offers an Honors Track Program and Internships in Foreign Languages to qualified Foreign Languages majors. Furthermore, we promote and sponsor opportunities for study abroad in conjunction with UAB Study Away programs. UAB Distinguished Professor Emeritus of French, William C. Carter has built one of the world's largest collections of books by and about French author Marcel Proust. The collection is housed on campus in Mervyn H. Sterne Library and includes original letters and other documents.

For more information about our programs, online placement exams, internships, events and sponsored study abroad opportunities, visit the Department of Foreign Languages and Literatures web site at <http://www.uab.edu/foreignlang/>.

### Language Placement

To assure that students taking foreign language courses are properly placed, all students must take a placement test in the language before enrolling in foreign language classes for available languages. Students enrolling in Arabic, Chinese, Italian and Japanese will work directly with designated foreign language faculty members to ensure proper placement. Placement tests in French, Spanish, and German are available online at the Department of Foreign Languages and Literatures web site: <http://www.uab.edu/foreignlang/placement.html>. The level at which native- or heritage-language speakers may begin formal language study will be determined by the appropriate foreign language advisor after the student has taken the online placement exam. Exceptional native/heritage language students may apply for Credit by Examination (CBE). The College Level Examination Program (CLEP) is available in French, German, and Spanish.

### Major

The Department of Foreign Languages and Literatures offers programs of study leading to the degree of Bachelor of Arts in Foreign Languages with concentrations in French and Spanish. Students who major or minor in foreign languages should consult the Department web page to identify the appropriate departmental advisor to assist in formulating an individual program of study.

The foreign language major requires completion of the introductory sequence (Introductory French I and II or Introductory Spanish I and II) or the equivalent.

### Concentration in French

The French concentration/track at UAB offers an articulated approach to the study of the French language and the culture, civilization and literature of the French-speaking world. Literacy skills and understanding (e.g., reading, writing, speaking) are developed throughout the course of study, as is the nurturing of critical and analytical skills. Majors will leave the program with the ability to engage in critical and cross-cultural analysis. Students have the opportunity to do in-depth work in special topics seminars (e.g., Advanced Grammar, French Civilization, Contemporary France, French Film, *Fin-de-siècle* Literature, Francophone literature and current issues.) Typically, French concentration majors have more than one major or a complement of minors to facilitate the applied aspect of language study (e.g., pre-health, education, art, anthropology, communication studies, business, criminal justice). Students graduating from UAB with a concentration in French have gone on to graduate or professional school and/or employment in such fields as business, education, government, industry, international relations, law, public health, medicine, hotel and restaurant management and publishing.

The French concentration has opportunities for community outreach activities (e.g., internships, service learning) in Alabama, and has diverse study abroad opportunities from which to choose. We work very closely with students to personalize their studying experience. We also help them to find ways to enhance their language and culture skills through unique experiences abroad (e.g., application for French government youth grants and internships, teaching exchanges).

The Department encourages students to enroll in more than one language to learn about varied linguistic structures and receive a broader cross-cultural perspective.

## **Concentration in Spanish**

The Spanish concentration/track at UAB offers an articulated approach to the study of the Spanish language and the culture, civilization and literature of the Spanish-speaking world. Literacy skills and understanding (e.g., reading, writing, speaking) are developed throughout the course of study, as well as the nurturing of critical and analytical skills. Majors will leave the program with the ability to engage in critical and cross-cultural analysis. Students have the opportunity to do in-depth work in special topics seminars like Afro-Hispanophone writers, Latino Topics and Peninsular Film. Typically, Spanish concentration majors have more than one major or a complement of minors to facilitate the applied aspect of language study (e.g., pre-health, education, anthropology, communication studies, business). Students graduating from UAB with a concentration in Spanish have gone on to graduate or professional school and/or employment in such fields as business, education, government, industry, international relations, law, medicine, publishing, translation, and interpretation.

The Spanish concentration major has significant opportunities for community outreach activities (e.g., internships, service learning) in Alabama, and has diverse study abroad opportunities from which to choose.

The Department encourages students to enroll in more than one language to learn about varied linguistic structures and receive a broader cross-cultural perspective.

## **Minor**

Twelve semester hours above 199 are required for the minor in Chinese, French, German, Japanese or Spanish. No course in which a grade below C has been earned may be counted toward the minor requirement. The Department of Foreign Languages and Literatures strongly recommends that more than half of student course work for the minor be completed on the UAB campus. Students that transfer courses from non-UAB programs into the UAB minor programs will be tested for placement and proficiency level.

## **Honors in Foreign Languages**

### **Purpose**

The Foreign Languages Honors Program is designed for qualified, self-motivated foreign languages majors. Through special course distribution and credit hours requirements, as well as a directed honors thesis, students are prepared for in-depth foreign language research and related graduate or professional opportunities.

### **Eligibility**

Acceptance into the Foreign Languages Honors Program requires the student to:

- Be a Foreign Languages major;
- Have at least sophomore standing;
- Have at least 6 hours at the 300-level in UAB foreign languages courses;
- Have at least a 3.25 GPA in UAB foreign languages courses;
- Have at least an overall 3.0 GPA; and
- Have submitted a Formal Application for the Foreign Languages Honors Program to the Department Chair or have been recommended to the program by a member of the Department

## **Spanish for Specific Purposes**

The Department of Foreign Languages and Literatures offers a *Spanish for Specific Purposes (SSP) Certificate*. The new certificate is built upon our existing Spanish program and course offerings with modifications and additions. The courses are designed for traditional as well as non-traditional candidates. The objective of this certificate is not only to fulfill UAB degree candidates' academic and future needs, but also to reach out to local professionals. The courses are content-, vocabulary-, and culture-based. Students learn the vocabulary, language and cultural background that they will use in their professional field through extensive practice in class and beyond the classroom as well. Upon successful completion of the program, candidates will receive an official UAB Certificate of Completion, which will also be recorded on their transcript.

Candidates who wish to obtain a UAB *Spanish for Specific Purposes Certificate* must fulfill the following requirements:

1. Have the Spanish pre-requisites specific to each SSP class.
2. Enter with and maintain a minimum 2.8 GPA in Spanish courses.
3. Submit an application (HB 407) and receive formal acceptance to the SSP program.
4. Obtain a B grade or above in all SSP courses.
5. Complete a minimum of 18 credit hours of SSP classes in the UAB Department of Foreign Languages and Literatures, of which a minimum of 12 credits must be at the 300 level (3 regular classes and a foreign language internship).
6. Complete a successful SSP Internship (3-6 credit hours) as part of the credit hour requirements.
7. Complete a successful exit interview in Spanish and earn the performance rank of Intermediate-Mid or above on the ACTFL scale.
8. Have a minimum of 12 credit hours of successful college level work (grade C or above in all courses), with the following distribution (minimum): at least 6 credit hours in Area 1 (English Composition), at least 3 credit hours in Area 2 (Arts and Humanities), at least 3 credit hours in Area 4 (Social Sciences) (non-degree-seeking candidates only).

For detailed information about the SSPC courses, registration process and procedures, a downloadable registration form and other updates, please visit our web site at <http://www.uab.edu/foreignlang/ssp.html>.

### Foreign Language Media Services

The computer-based Foreign Language Media Services (FLMS) at UAB enables students, faculty and community users outside UAB to access and utilize foreign languages and cultures in a digital environment in order to provide multi-dimensional learning and research opportunities. The FLMS plays an integral role in the activities and services of the UAB Department of Foreign Languages and Literatures and also serves as a support center for the University. The FLMS enables the UAB Department of Foreign Languages and Literatures to respond to the demand for additional language resources, the requirements for a wider range of tasks being performed in the languages, a greater number of language learners of different types and a broader array of instructional modes.

For more information about FLMS, online placement exams and internships, visit the Department of Foreign Languages and Literatures web site: <http://www.uab.edu/foreignlang/flmsite/>.

### Foreign Language Education

The Department of Foreign Languages and Literatures offers undergraduate and graduate foreign language classes regularly. The Department of Foreign Languages and Literatures provides content courses and collaborates on advising for both undergraduate and graduate degrees in foreign language education. Students interested in seeking one of the degrees in foreign language education should contact UAB Department of Curriculum and Instruction (School of Education, College of Arts and Sciences).

### Foreign Literature in English Translation

This program is primarily designed to acquaint students who have little or no knowledge of a foreign language with non-English literatures through translation. These courses do not count toward a major or minor in Chinese, French, German, Japanese, or Spanish.

#### MAJOR REQUIREMENTS FOR FOREIGN LANGUAGES (Concentration in French)

Requirement	Fulfilled By:	Hrs.
Foreign Cultures	Students must satisfy the following: <b>FLL 120</b>	3
Additional Introductory Foreign Language Course ---101	<b>ARA 101 FLL 101 ITL 101 SPA 101</b> <b>CHI 101 GN 101 JPA 101</b>	3

### Course Descriptions

#### Foreign Language (FLL)

##### **FLL 101 - Introductory Foreign Language I - 3**

Introduction to a less commonly taught foreign language and culture. Essential of language and culture needed for communication. Includes listening comprehension, speaking, writing, and reading. Offered on demand in target language selection rotates. (A and S TRACK A) (Core Area II)

##### **FLL 120 - Foreign Cultures - 3**

Exploration of the customs, traditions, languages, ancestry, religions, values, and institutions of varied western and non-western nations through the use of humanities disciplines. (Core Area II)

##### **FLL 160 - FYE: Foreign Languages - 1**

The objective of this course is to introduce incoming freshmen to an education in foreign languages and world cultures in context of the university. It is meant to help prepare students for a successful collegiate career in the study of foreign languages.

##### **FLL 220 - Foreign Literature in English Transl. - 3**

Exploration of literary traditions, trends, and approaches to the study of global cultures. Overview of a rotating selection of genres, texts, authors, societies, and regions. Will vary according to instructor.

##### **FLL 303 - History of World Movies I - 3**

From the first silent movies to the development of the modern color sound movie of Hollywood in the fifties: comparison and contrast of the views of major film makers of the sixty years of the 20th century.

##### **FLL 304 - History of World Movies II - 3**

From the modern color sound movie of the fifties and the Nouvelle Vague to the latest movies produced around the globe: comparison and contrast of the views of filmmakers of the last forty years.

##### **FLL 333 - Foreign Language Internship/SL - 1 to 6**

Faculty-supervised opportunity for practical experience in tasks of international scope, may provide opportunities to use language(s) studied or applications of cultural knowledge.

##### **FLL 410 - Undergraduate Foreign Language Research - RES - 1 to 6**

This is an individualized course of directed readings and research for Foreign Language Student. Course design is determined by the instructor and student and will be tailored to a specific research project. The goal of the course is to increase knowledge of research design and practices in the foreign language discipline. Permission of the Department Chair.

##### **FLL 485 - Foreign Language Capstone Seminar - 3**

Advanced seminar on broad cultural and cross-cultural topics in foreign languages, literatures, and critical theory. Students must complete a Capstone Project including substantial Writing assessments with a strong emphasis on Ethics and Civic Responsibility, where they apply cultural literacy in a critical and reasoned manner toward understanding contemporary and/or past foreign cultures. Selected courses may also include a Quantitative Literacy component. Taught in English, readings and assignments in English and/or foreign languages. Senior standing, FLL 120, FLL 220 or EH 218, and at least 6 semester hours at the 300-level of student's target language track.

## Foreign Literature in English Translation (LT)

### LT 420 - World Literature I - 3

Selections in translation from Greek, Latin, and Hebrew classics and other literature, and from oral tradition. Focus on the relevant questions of genre and on Greek, Roman, and Jewish societies in which the works were produced.

### LT 421 - World Literature II - 3

Selections in translation from major European writers. Overview of a rotating selection of genres, texts, authors, societies, and regions of Europe. Focus on the relevant questions of genre and on the continental societies in which the works were produced.

### LT 425 - French Literature in English Translation - 3

Selections in translation from major Francophone writers. Overview of a rotating selection of genres, texts, and authors. Focus on the relevant questions of genre and on the French-speaking societies in which the works were produced.

### LT 426 - German Literature in English Translation - 3

Selections in translation from major Germanic writers. Overview of a rotating selection of genres, texts, and authors. Focus on the relevant questions of genre and on the German-speaking society in which the works were produced.

### LT 427 - Spanish and Spanish American Literature in English - 3

Selections in translation from major Spanish or Hispano-American writers. Overview of a rotating selection of genres, texts, authors, and regions of the Hispanic World. Focus on the relevant questions of genre and on the Spanish-speaking societies in which the works were produced.

### LT 430 - Brazilian or Portuguese Literature in English Translation - 3

Selections in translation from major Portuguese or Brazilian writers. Overview of a rotating selection of genres, texts, authors, and regions of the Lusophone World. Focus on the relevant questions of genre and on the Portuguese-speaking societies in which the works were produced.

### LT 431 - Individual Studies - 1 to 3

Individualized course of directed readings and activities for students of languages other than those commonly taught at UAB. *Prerequisites:* Permission of Department Chair.

## Arabic (ARA)

### ARA 101 - Introductory Arabic I - 3

This course is an introduction to Modern Standard Arabic (MSA). It offers students combined training not only in listening, speaking, reading, and writing in Arabic but also in cross-cultural understanding and communication. Students have the opportunity to read simple, short texts and to develop cultural skills through practicing situational dialogues. Within the classroom, the course emphasizes simple interactive communicative tasks involving teacher-student, student-student, and group interactions; the course additionally fosters extramural engagement with the Arabic-speaking community. (CORE AREA II) (A and S TRACK A)

### ARA 102 - Introductory Arabic II - 3

This course is the second part of the introduction to Modern Standard Arabic (MSA). Arabic 102 is built on the assumption that students have already acquired the principles not only of cross-cultural understanding but also of reading and writing the letters of the Arabic language, and of recognizing and producing its symbols and its sounds in a variety of communicative contexts. The course provides a thorough grounding in all language skills — listening, speaking, reading, and writing—as well as in cultural practices, products, and perspectives. Students will have the opportunity to continue developing basic communicative skills in both spoken and Modern Standard Arabic and to continue interacting in Arabic both in and out of the class room. (CORE AREA II) (A and S TRACK A)

### ARA 190 - Study Abroad: Arabic - 1 to 6

Approved novice-level study abroad program in an Arabic-speaking country. Course of study will vary according to array of approved offerings and student interest. *Prerequisite:* Permission of department chair.

### ARA 201 - Intermediate Arabic I - 3

This is a continuation of ARA 102. Emphasis is placed on reading authentic Arabic materials and communicative competence. There will be a focus on the meaning of sentences rather than words, which would enable the students to read and speak with more fluency and better comprehension. Students will not only engage in studying authentic Arabic materials (written, audio, and/or video, official forms, etc.), but are also required to evaluate them for others. They will also be guided to function in specific situations where they have to use only the target language to communicate their ideas and then write about them. Additionally, they will be exposed to some particular aspects of the cultures, customs, literary traditions and other artistic expressions of the Arabic-speaking world. (CORE AREA II) (A and S TRACK A)

### ARA 202 - Intermediate Arabic II - 3

This course focuses on enhancing the students' linguistic and cultural competence in the Arabic speaking world. Class activities will include role-playing, individual student presentations, and extramural group projects. While the class is focused on content and instruction, attention will also be paid to the Arabic Language through selected activities that enhance the students' reading, writing, and conversational skills. Intermediate-high proficiency in reading, writing, listening, and speaking Arabic is the targeted outcome. *Prerequisite:* ARA 201 or permission of the instructor.

**ARA 290 - Arabic for Study Abroad - 1 to 6**

This study-abroad Arabic course aims at improving students' oral fluency. It will help students develop intermediary conversational skills as they study in total immersion. The emphasis will be on efficient target language production at the intermediate level, as well as an oral and comprehension skills, communicative strategies, and the acquisition of vocabulary relating to a variety of domains. The course content will also include discussion and analysis of current cultural topics. Arabic 290 will be conducted entirely in Arabic.

**ARA 299 - Directed Readings in Arabic - 3**

This is an individualized course of directed readings and activities for intermediate Arabic students. Course design is determined by the instructor and student, and will be tailored to the needs of the student. The goal of the course is to increase general literacy in and knowledge of Arabic language and culture. Intermediate proficiency in reading, writing, listening and speaking Arabic is the targeted outcome.

**ARA 390 - Study Abroad: Arabic - 1 to 6**

Approved advanced-level program for study abroad in an Arabic-speaking country. Course of study will vary according to array of approved offerings and student interest. *Prerequisite:* Permission of the department chair.

**ARA 399 - Directed Readings: Arabic - 3**

This is an individualized course of directed readings and activities for advanced students of Arabic language and culture. Course design is determined by the instructor and the student and will be tailored to the needs of the student. The goal of this course is to increase general literacy in and knowledge of Arabic language and culture. Intermediate-high or Advanced-low proficiency in reading, writing, listening, and speaking Arabic is the targeted outcome. *Prerequisite:* 9 hours in Intermediate Arabic or equivalent. Permission of the department chair.

**Chinese (CHI)****CHI 101 - Introductory Chinese I - 3**

Essentials of language and culture needed for proficient communication. Includes basic exercises in listening comprehension, speaking, writing, and reading. Conducted in Chinese. (CORE AREA II) (A and S Track A)

**CHI 102 - Introductory Chinese II - 3**

Continuation of CHI 101. Essentials of language and culture needed for communication. Includes listening comprehension, speaking, writing and reading. Conducted in Chinese. (CORE AREA II) (A and S Track A)

**CHI 190 - Study Abroad: Chinese - 1 to 6**

Approved novice-level study abroad program in a Chinese-speaking country. Course of study will vary according to array of approved offerings and student interest. *Prerequisite:* Permission of department chair.

**CHI 201 - Individual Study: Intermediate Chinese I - 3**

Continued development of grammar, vocabulary, reading, writing and cultural proficiency. Targets intermediate range. Conducted in Chinese. *Prerequisite:* CHI 102 or equivalent. (CORE AREA II) (A and S Track A)

**CHI 202 - Independent Study: Intermediate Chinese II - 3**

Continuation of Chinese 201. Conducted in Chinese. (CORE AREA II) (A and S Track A)

**CHI 203 - Intermediate Chinese Lang & Culture - 3**

This course aims to improve student linguistic and cultural fluency necessary for functioning in the Chinese-speaking world. Class activities will consist of communicative exercises such as role-playing. While emphasis will be placed on oral skills, attention will also be given to the written Chinese that one encounters in daily life, particularly in signage and forms. Topics may include: Conversational Chinese in such settings as a restaurant, business, store, public transportation, airport, post office, hospital, home-stay, hotel, and local attractions. (A and S Track A)

**CHI 204 - Intermediate Chinese Language and Culture II - 3**

This course focuses on developing students' reading and writing skills to increase Chinese literacy. It will also expand students' vocabulary, grammatical understanding, listening and speaking. *Prerequisite:* CHI 203 or equivalent.

**CHI 206 - Chinese for the Professions - 3**

Intensive conversation and acquisition of vocabulary for the professionals while focusing on culture(s) of the Chinese-speaking world. Course Objectives: To further develop communicative competence within the cultural context of the Chinese-speaking world; To foster critical thinking skills, such as, problem-identification and solving, decision-making, anticipation and planning, client understanding, and negotiation techniques; To expand students' functional vocabulary, in particular, the language of the Chinese-speaking professional world; To promote a better understanding of Chinese business culture; To develop professional basic writing skills. (A and S Track A)

**CHI 290—Chinese for Study Abroad—1-6**

This study-abroad Chinese course aims at improving students' oral fluency. It will help students develop intermediary conversational skill as they study in total immersion. The emphasis will be on efficient target language production at the intermediate level, as well as an oral and comprehension skills, communicative strategies, and the acquisition of vocabulary relating to a variety of domains. The course content will also include discussion and analysis of current cultural topics. CHI 290 will be conducted entirely in Chinese.

**CHI 299 - Directed Readings in Chinese - 3**

This is an individualized course of directed readings and activities for intermediate Chinese students. Course design is determined by the instructor and student, and will be tailored to the needs of the student. The goal of the course is to increase general literacy in and knowledge of Chinese language and culture. Intermediate proficiency in reading, writing, listening and speaking Chinese is the targeted outcome.

**CHI 390 - Study Abroad: Chinese - 1 to 6**

Advanced program in a Chinese-speaking country. Course of study will vary according to array of approved offerings and student interest. *Prerequisites:* Permission of the department chair and the Study Away director.

**CHI 399 - Directed Readings: Chinese - 3**

This is an individualized course of directed readings and activities for advanced students of Chinese language and culture. Course design is determined by the instructor and the student and will be tailored to the needs of the student. The goal of this course is to increase general literacy in and knowledge of Chinese language and culture. Intermediate-high or Advanced-low proficiency in reading, writing, listening, and speaking Chinese is the targeted outcome. *Prerequisite:* Permission of the department chair.

**French (FR)****FR 101 - Introductory French I - 4**

Essentials of language needed for proficient communication. Includes basic exercises in listening comprehension, speaking, writing, and reading. Quantitative Literacy is a significant component of this course (QEP). Conducted in French. (CORE AREA II) (A and S Track A)

**FR 102 - Introductory French II - 4**

Continuation of FR 101. Essentials of language and culture needed for communication. Includes listening comprehension, speaking, writing, and reading. Conducted in French.

**FR 106 - Intro French for Professions - 3**

Intensive practice in pronunciation and listening comprehension. Emphasis on conversation and acquisition of vocabulary for the professions. Conducted in French. *Prerequisites:* FR 102 or equivalent.

**FR 108 - Introductory Intensive French - 4**

Intensive study of the essentials of language needed for proficient communication. This is a high-paced course, which includes basic exercises in listening comprehension, speaking, writing and reading, as it combines FR 101 and 102. Includes a one-hour lab requirement. (CORE AREA II) (A and S Track A)

**FR 190 - Study Abroad - 1 to 6**

First-year level of approved study-abroad program in a French-speaking country.

**FR 201 - Intermediate French I - 3**

Comprehensive review of grammar and composition through written exercises of reading and writing proficiency, listening comprehension, and speaking skills. Conducted in French. (CORE AREA II) (A and S Track A)

**FR 202 - Intermediate French II - 3**

Continuation of French 201. Continued review of grammar and composition through written exercises of reading, writing, listening comprehension, and speaking skills. Conducted in French. *Prerequisite:* FR 102 or equivalent. (CORE AREA II) (A and S Track A)

**FR 210 - Intermediate French Culture - 3**

Overview of contemporary French cultural identity, in the context of geographical, social and educational dynamics. Conducted in French. May not concurrently enroll in FR 310. (A and S Track A)

**FR 211 - Intermediate Survey of French Lit - 3**

Intermediate-level overview of French literature and civilization from the seventeenth century to the present. Conducted in French. May not concurrently enroll in FR 311. (A and S Track A)

**FR 220 - Intermediate French Composition - 3**

Fundamental composition course focusing on syntactical patterns of French, vocabulary building, correct usage, stylistic control, writing skills, and free composition. Conducted in French. May not concurrently enroll in FR 320. (A and S Track A)

**FR 230 - Intermediate French Conversation - 3**

Acquisition of conversational and listening skills, vocabulary, and oral automatisms. Conducted in French. May not concurrently enroll in FR 330. (A and S Track A)

**FR 290 - Study Abroad - 1 to 6**

Approved program in a French-speaking country. *Prerequisite:* Permission of Department Chair.

**FR 305 - French-Speaking Cinema - 3**

Overview of French-speaking cinema from the end of the nineteenth century to the present. Emphasis on the cinema of l'Entre-deux guerres, la Nouvelle Vague, and French-speaking movies from Africa. Conducted in French

**FR 306 - Business French - 3**

Concentration on writing letters, negotiations and vocabulary build-up for the legal, medical, or business fields. Conducted in French.

**FR 307 - Adv Grammar and Composition I - 3**

Thorough review of principles of French grammar, vocabulary, and idioms. Also comparative linguistics and phonetics. Conducted in French.

**FR 308 - Adv Grammar and Composition II - 3**

Continuation of FR 307. Continued review of principles of French grammar, vocabulary, and idioms. Also comparative linguistics and phonetics. Conducted in French. *Prerequisite:* FR 307

**FR 310 - Advanced French Culture - 3**

Overview of the culture of contemporary France with emphasis on social, political, and economic institutions. Concentrates on understanding and comparing French cultural, social, educational, institutional, political, and technological dynamics, at an advanced level. Conducted in French. May not take concurrently with FR 210.

**FR 311 - Advanced Survey of French Lit - 3**

Overview of French literature and civilization from the seventeenth century to the present. Conducted in French. May not take concurrently with FR 211.

**FR 320 - Advanced French Composition - 3**

Fundamental composition course which focuses on the syntactical patterns of French, vocabulary building, correct usage, stylistic control, writing skills, and free composition. Integrates the four language skills into a structured approach to composition. Conducted in French. May not take concurrently with FR 220.

**FR 330 - Advanced French Conversation - 3**

Acquisition of conversational and listening skills, vocabulary, and oral automatisms. Conducted in French. Preq: 6 hours of French at the minor level (or equivalent) or permission of instructor. May not concurrently enroll in FR 230.

**FR 390 - Study Abroad - 1 to 6**

Approved program in a French-speaking country.

**FR 399 - Special Readings in French - 3**

Individualized course of directed readings and activities for students of French. *Prerequisite:* Permission of Department Chair.

**FR 401 - Pre-Rev France (1610-1789) - 3**

Literature, culture, and civilization of seventeenth- and eighteenth-century France, reflecting the historical and literary ambience in which Ancient Regime writers, philosophers, and artists worked. Selected works of representative authors. Conducted in French.

**FR 402 - Post-Rev France (1789-1913) - 3**

Literature, culture, and civilization of late eighteenth-, nineteenth-, and early twentieth-century France, illustrating the impact of the French Revolution on the historical and literary ambience of Europe and the Americas. Selected works of representative authors. Selections will vary according to instructor. Conducted in French.

**FR 403 - Fin-De-Siecle Fr (1895-1940) - 3**

Major literary and artistic movements of fin-de-siecle France, from La Belle Epoque period through World War I. Selected works of representative authors. Selections will vary according to instructor. Conducted in French.

**FR 404 - French Literature since 1940 - 3**

Cultural trends and literary movements from World War II to the present, including existentialism and the nouveau roman. Selected works of representative authors. Selections will vary according to instructor. Conducted in French.

**FR 405 - Francophone Literature - 3**

French-speaking literature outside France that developed through colonization, decolonization, revolution, and emigration. Representative writers from Francophone countries with emphasis on Africa and the Caribbean. Selected works of representative authors. Selections will vary according to instructor. Conducted in French.

**FR 410 - Special Topics in French - 3**

Seminar on individual authors, specific genres, important literary movements, or literary discourse/theory. Selected works of representative authors. Selections will vary according to instructor. Conducted in French. May be repeated for credit.

**FR 412 - French Civilization: Pre-Revolution - 3**

Historical and cultural foundation of France, from its conquest by Julius Caesar to the French Revolution. Conducted in French.

**FR 413 - French Civilization: Post-Revolution - 3**

The history and myths of France after the French Revolution that produced French civilization. Conducted in French.

**FR 490 - Study Abroad - 1 to 6**

Approved program in a French-speaking country.

**FR 499 - Directed Studies - 3**

Individualized course of directed readings and activities for students of French. *Prerequisite:* Permission of Department Chair.

**German (GN)****GN 101 - Introductory German I - 4**

Essentials of language needed for proficient communication. Includes basic exercises in listening comprehension, speaking, writing and reading. Conducted in German. (CORE AREA II) (A and S Track A)

**GN 102 - Introductory German II - 4**

Continuation of GN 101. Essentials of language and culture needed for communication. Includes listening comprehension, speaking, reading and writing. Conducted in German. (CORE AREA II) (A and S Track A)

**GN 190 - Study Abroad - 1 to 6**

Approved novice-level program in a German-speaking country. Course of study will vary according to array of approved offerings and student interest. *Prerequisites:* Permission of the department chair and the Study Away director.

**GN 201 - Intermediate German I - 3**

Continued development of grammar, composition, reading, writing, listening comprehension, speaking and cultural proficiency. Conducted in German. *Prerequisite:* GN 102 or equivalent. (Core Area II) (A and S Track A)

**GN 202 - Intermediate German II - 3**

Continuation of GN 201. Continued development of grammar, composition, reading, writing, listening comprehension, speaking and cultural proficiency. Conducted in German. (CORE AREA II) (A and S Track A)

**GN 203 - German Culture and Civil - 3**

Introduction to historical and contemporary aspects of German culture through readings and other media. Emphasizes continued development of oral and written skills. Conducted in German. (A and S Track A)

**GN 204 - Readings in German Literature - 3**

Selections from representative modern authors. Emphasis on oral and written practice. Conducted in German. (A and S Track A)

**GN 205 - German for the Professions - 3**

Intensive conversation course designed to acquaint students with more extensive vocabulary of German-speaking professionals. Students also learn about the cultural context in which German is used in various professions. Conducted in German. (A and S Track A)

**GN 206 - German for Technology/Media - 3**

Practice in the use of technology and media in German Studies. Conducted in German. (A and S Track A)

**GN 290 - Study Abroad - 1 to 6**

Approved program in a German-speaking country.

**GN 390 - Study Abroad - 1 to 6**

Approved program in a German-speaking country.

**GN 399 - Special Readings in German - 3**

Individualized course of directed readings and activities for students of German. *Prerequisite:* Permission of Department Chair.

**GN 480 - Special Topics in German - 3**

Emphasis on particular authors, genres, or topics, which will vary according to instructor. May be repeated for credit. *Prerequisite:* Advanced Undergraduate standing or permission of instructor.

**GN 490 - Study Abroad - 1 to 6**

Approved program in a German-speaking country. Course of study will vary according to array of approved offerings and student interest. *Prerequisites:* Permission of the department chair and the Study Away director.

**GN 499 - Directed Studies - 3**

Individualized course of directed readings and activities for students of German. *Prerequisites:* Permission of Department Chair.

**Italian (ITL)****ITL 101 - Introductory Italian I - 3**

Essentials of Italian language and culture needed for proficient communication. Includes basic exercises in listening comprehension, speaking, writing and reading. Conducted in Italian. (CORE AREA II) (A and S Track A)

**ITL 102 - Introductory Italian II - 3**

Continuation of ITL 101. Essentials of Italian language and culture needed for proficient communication, and includes basic exercises in listening comprehension, speaking, writing and reading. Conducted in Italian. (Core Area II) (A&S Track) *Prerequisite:* ITL 101

**ITL 190 - Study Abroad: Italian - 1 to 6**

Approved novice level study abroad program in an Italian-speaking country.

**ITL 201 - Intermediate Italian I - 3**

This course aims to improve student linguistic and cultural fluency necessary for studying, appreciating and living in the Italian-speaking world. The class gives the student the essential linguistic and critical thinking skills needed to interact in Italian speaking cultures as well as provide opportunities for language practice and cultural awareness. Emphasis will be placed on oral production, written communication, quantitative analysis so that students might: Converse in Italian about selected information based on chapter topics, correspond in written Italian to communicate thoughts and feelings read passages to gain cultural awareness of the Italian-speaking world, compare Italian-speaking cultures in Italy with those in the Americas, gradually increase speed in spoken Italian using a variety of oral techniques, connect the study of Italian with other disciplines, and recognize the contributions of Italian-speaking citizens to the global community. Topics may include: Business, Italy's Economy, Sports, Geography, Tourism, Art and Theater, Health and Ecology.

**ITL 290 - Study Abroad - 1 to 6**

Approved program in an Italian-speaking country.

**ITL 299 - Directed Readings in Italian - 3**

This is an individualized course of directed readings and activities for intermediate Italian students. Course design is determined by the instructor and student, and will be tailored to the needs of the student. The goal of the course is to increase general literacy in and knowledge of Italian language and culture. Intermediate proficiency in reading, writing, listening and speaking Italian is the targeted outcome.

**ITL 390 - Study Abroad - 1 to 6**

Approved upper-level program in Italian speaking country. Permission of Department Chair.

**ITL 399 - Independent Study - 3**

This is an individualized course of directed readings and activities for advanced students of Italian language and culture. Course design is determined by the instructor and student and will be tailored to the needs of the student. The goal of the course is to increase general literacy in and knowledge of Italian language and culture. Intermediate-high or Advanced-low proficiency in reading, writing, listening, and speaking Italian is the targeted outcome. *Prerequisite:* Permission of the department chair.

**Japanese (JPA)****JPA 101 - Introductory Japanese I - 3**

Essentials of language and culture needed for proficient communication. Includes basic exercises in listening comprehension, speaking, writing, and reading. Conducted in Japanese. (CORE AREA II) (A and S Track A)

**JPA 102 - Introductory Japanese II - 3**

Continuation of JPA 101. Essentials of language and culture needed for communication. Includes listening comprehension, speaking, writing and reading. Conducted in Japanese. (CORE AREA II) (A and S Track A)

**JPA 190 - Study Abroad - 1 to 6**

Approved novice level study abroad program in Japan *Prerequisites:* Permission of Department Chair.

**JPA 201 - Intermediate Japanese I - 3**

Continued development of grammar, vocabulary, reading, writing, and cultural proficiency. Conducted in Japanese. (CORE AREA II) (A and S Track A)

**JPA 202 - Intermediate Japanese II - 3**

Continuation of JPA 201. Conducted in Japanese. (CORE AREA II) (A and S Track A)

**JPA 203 - Intermediate Japanese Lang & Cult I - 3**

This course aims at improving students' linguistic and cultural fluency necessary for functioning in Japanese. Class activities will consist of communicative exercises such as role-playing. While emphasis will be placed on oral skills, attention will also be given to the written Japanese that one encounters in daily life, particularly in signage and forms. Topics may include: Conversational Japanese in such settings as restaurant, store, public transportation, airport, post office, hospital, home-stay, hotel, and local attractions. (A and S Track A)

**JPA 204 - Intermediate Japanese Lang & Cult II - 3**

This course focuses on developing students' reading and writing skills to increase Japanese literacy. It will also expand students' vocabulary, grammatical understanding, listening and speaking. Topics may include: Examples will be taken from authentic popular literature, manga and anime, folktales, letters, e-mails and songs. Students will learn how to write basic compositions and make speeches. (A and S Track A)

**JPA 290 - Japanese for Study Abroad - 1 to 6**

This study-abroad Japanese course aims at improving students' oral fluency. It will help students develop intermediary conversational skills as they study in total immersion. The emphasis will be on efficient target language production at the intermediate level, as well as an oral and comprehension skills, communicative strategies, and the acquisition of vocabulary relating to a variety of domains. The course content will also include discussion and analysis of current cultural topics. JPA 290 will be conducted entirely in Japanese.

**JPA 299 - Directed Readings in Japanese - 3**

This is an individualized course of directed readings and activities for intermediate Japanese students. Course design is determined by the instructor and student and will be tailored to the needs of the student. The goal of the course is to increase general literacy in and knowledge of Japanese language and culture. Intermediate proficiency in reading, writing, listening and speaking Japanese is the targeted outcome.

**JPA 390 - Study Abroad - 1 to 6**

Approved program in Japan. This study-abroad Japanese course aims at improving students' oral fluency. It will help students develop advanced conversational skills as they study in total immersion. The emphasis will be on efficient target language production at the advanced level, as well as an oral and comprehension skills, communicative strategies, and the acquisition of vocabulary relating to a variety of domains. The course content will also include discussion and analysis of current cultural topics. *Prerequisite:* Permission of the Department Chair

**JPA 399 - Directed Readings: Japanese - 3**

This is an individualized course of directed readings and activities for advanced students of Japanese language and culture. Course design is determined by the instructor and student and will be tailored to the needs of the student. The goal of the course is to increase general literacy in and knowledge of Japanese language and culture. Intermediate-high or Advanced-low proficiency in reading, writing, listening, and speaking Japanese is the targeted outcome. *Prerequisite:* Permission of the department chair.

**Spanish (SPA)****SPA 101 - Introductory Spanish I /QL - 4**

Essentials of language and culture needed for communication. Includes listening comprehension, speaking, writing and reading. Additional Quantitative Literacy component. Conducted in Spanish. (CORE AREA II) (A and S Track A)

**SPA 102 - Introductory Spanish II - 4**

Continuation of SPA 101. Essentials of language and culture needed for communication. Includes listening comprehension, speaking, writing and reading. Conducted in Spanish. (CORE AREA II) (A and S Track A)

**SPA 108 - Introductory Intensive Spanish - 4**

Accelerated essentials of language and culture needed for communication. Includes listening comprehension, speaking, writing, and reading. Fast-paced review of SPA 101 and SPA 102. Conducted in Spanish. (CORE AREA II) (A and S TRACK A)

**SPA 180 - Span for Health Professionals - 3**

Intensive conversation course to expose health professionals to basic vocabulary of Spanish-speaking patients. Focus on practical vocabulary, idiomatic expressions, and cultural patterns of Spanish-speaking patients with little or no proficiency in English. Conducted in Spanish. (A and S TRACK A)

**SPA 190 - Study Abroad - 1 to 6**

Approved program in a Spanish-speaking country.

**SPA 201 - Intermediate Spanish I - 3**

Continued development of grammar, composition, reading, writing, listening comprehension, speaking, and cultural proficiency. Conducted in Spanish. (CORE AREA II) (A and S TRACK A)

**SPA 202 - Intermediate Spanish II - 3**

Continuation of SPA 201. Continued development of grammar, composition, reading, writing, listening comprehension, speaking and cultural proficiency. Conducted in Spanish.

**SPA 206 - Inter Span for the Professions - 3**

Focusing on Spanish-speaking professional culture, course emphasizes elementary-level conversation acquisition and vocabulary. Conducted in Spanish. (A and S TRACK A)

**SPA 210 - Conversation and Culture - 3**

Development of oral expression within the context of contemporary Spanish-speaking cultures. *Prerequisite:* SPA 201 and 202 or concurrent enrollment. (A and S TRACK A)

**SPA 233 - Intermediate Spanish Composition and Conversation - 3**

Foundational composition and conversation, which focuses on correct written and oral expression in Spanish. *Prerequisite:* SPA 201 and 202 or concurrent enrollment. (A and S TRACK A)

**SPA 280 - Span for Health Professionals - 3**

Focusing on the Spanish-speaking health-related culture, course emphasizes intensive conversation, technical reading, and vocabulary acquisition. Conducted in Spanish. (A and S TRACK A)

**SPA 290 - Study Abroad - 1 to 6**

Approved program in a Spanish-speaking country.

**SPA 299 - Special Readings in Spanish - 3**

Directed readings in intermediate Spanish. Studies select texts of the Spanish-speaking world to increase overall literacy in Spanish.

**SPA 300 - Adv Grammar/Composition - 3**

Analysis and practice of basic grammatical structures of Spanish in diverse contexts. Development of writing skills. Conducted in Spanish.

**SPA 304 - Phonetics and Phonology - 3**

Course focuses on how the Spanish sound system functions in various regions. Development of pronunciation through oral practice. Conducted in Spanish.

**SPA 310 - Spanish - Speaking World Cultures - 3**

Historical overview of the heritage of Spain, Latin America, and the Hispanic U.S., with emphasis on social, political, and economic institutions. Conducted in Spanish.

**SPA 311 - Survey of Spanish Peninsular Lit - 3**

Overview of Spanish civilization and literature from Medieval to Contemporary periods. Representative works of various authors, with emphasis on fundamental literary concepts and distinctive stylistic features of Spanish discourse. Conducted in Spanish.

**SPA 312 - Survey of Latin American Lit - 3**

Overview of Latin American civilization and literature from the Pre-Colombian era to the contemporary period. Representative works of various authors, with emphasis on fundamental literary concepts and distinctive stylistic features of Latin American discourse. Conducted in Spanish.

**SPA 313 - Business Spanish - 3**

Vocabulary, idioms, protocol, and style characteristic of speaking and writing commercial Spanish. Concentration on writing letters, job descriptions, advertisements, and import-export documents. Conducted in Spanish.

**SPA 314 - Spanish Translation/Interpret - 3**

History, principles, theory, and practice of translation and interpretation, including a systematic study and contrastive exercises in Spanish-English translation and interpretation. A wide variety of conceptual fields with emphasis on vocabulary building. Conducted in Spanish.

**SPA 380 - Adv Spanish for Health Profess - 3**

This advanced course emphasizes intensive Spanish conversation, technical readings and vocabulary pertinent to the medical field. The course focuses on practical vocabulary, idiomatic expressions, medical terminology and cultural patterns of Spanish-speaking patients. The main objectives of the course are: To further develop advanced communicative competence within the medical context of the various regions of the Spanish-speaking world, especially the Hispanic community in Alabama; To foster critical thinking skills, such as problem-identification and solving, decision making, anticipation and planning, patient understanding and achieving communication; To expand on students' functional vocabulary, in particular, the language of the Hispanic medical world at an advanced level; To promote a better understanding of the Hispanic cultures in general, especially of the Hispanic communities who live in the United States; To further develop oral, listening and reading skills at the advanced levels; To further expand on functions and notions of the language and to apply those to the medical field.

**SPA 390 - Study Abroad - 1 to 6**

Approved program in a Spanish-speaking country.

**SPA 399 - Special Readings in Spanish - 3**

Individualized course of directed readings and activities for students of Spanish. *Prerequisite:* Permission of Department Chair.

**SPA 401 - Voices of Imperial Spain - 3**

Culture and civilization of Imperial Spain from the age of the Catholic Monarchs to the close of the Hapsburg Dynasty (1469-1716). Includes a study of the art, historical documents and literature from both the center and periphery of the Empire. Selected works by representative authors will vary according to instructor. Conducted in Spanish.

**SPA 490 - Study Abroad - 1 to 6**

Approved program in a Spanish-speaking country.

**SPA 499 - Directed Studies - 3**

Individualized course of directed readings and activities for students of Spanish. *Prerequisite:* Permission of Department Chair.

## Department of Government

**Chair:** Wendy Gunther-Canada

**Faculty:** H. Brasher, R. Corbetta, W. N. Ertas, D. Handley, A. Haque, M. Howell-Moroney A. Lewis, R. Robinson, L. Sharlach, J. Slack, N. Zahariadis

The Department of Government offers programs of study leading to the Bachelor of Arts degree in political science and the Master of Public Administration degree. A minor in urban affairs and courses in geography are also offered.

### Political Science

Political science is concerned with the observation and comprehension of government in human society. The curriculum in political science provides selective opportunities to study systematically and critically American government and politics, to compare various national political systems, to investigate conflict and cooperation among nation-states, to explore the historical development of political theory, analyze the organization and management of public affairs, and to master the methods of political research.

The political science major is an appropriate background for careers in law; social science teaching; state, local, and federal government; foreign diplomacy and international affairs; journalism; Campaigns and electioneering; non-profit advocacy; and political research.

### MAJOR REQUIREMENTS FOR POLITICAL SCIENCE

Requirement	Fulfilled By:	Hrs.
Grade and Level Requirement	A grade of C or better is required in all Political Science courses. In fulfilling the requirements below, students must have 17 hours at the 300-level or above.	-
Required Political Science	Take all of the following courses: <b>PSC 101 PSC 103 PSC 411</b> <b>PSC 102 PSC 104 PSC 412</b> <i>Note: Completing <b>PSC 101, PSC 102 and PSC 103</b> will automatically satisfy nine hours of Core Curriculum Area IV. Completing <b>PSC 104</b> will automatically satisfy Track B of the College-Wide Requirements.</i>	18
Specializations	Select nine hours from one of the course groups below: <b>American Government and Political Theory:</b> <b>PSC 110 PSC 220 PSC 226 PSC 322 PSC 342 PSC 496</b> <b>PSC 120 PSC 221 PSC 270 PSC 330 PSC 343</b> <b>PSC 170 PSC 222 PSC 271 PSC 331 PSC 370</b> <b>PSC 198 PSC 223 PSC 295 PSC 332 PSC 371</b> <b>PSC 210 PSC 224 PSC 320 PSC 340 PSC 474</b> <b>PSC 211 PSC 225 PSC 321 PSC 341 PSC 495</b> <b>Comparative Politics and International Relations:</b>  <b>PSC 250 PSC 254 PSC 350 PSC 360 PSC 465</b> <b>PSC 251 PSC 260 PSC 351 PSC 361</b> <b>PSC 252 PSC 261 PSC 352 PSC 362</b> <b>PSC 253 PSC 262 PSC 353 PSC 461</b>	9
Political Science Electives	Select 9 hours in <b>Political Science (PSC)</b> courses.	9
<b>Total Major Requirements:</b>		<b>36</b>

### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
Minor	A minor is required for this degree.
General Electives	Students must take general electives to reach the 120 semester hour requirement.

### MINOR REQUIREMENTS FOR POLITICAL SCIENCE

Requirement	Fulfilled By:	Hrs.
Grade & Residency Requirement	A C or better is required in all courses applied to the minor. At least six hours of the minor must be completed at UAB, including three hours at the 300-level or above.	-
Required Course	Take the following course: <b>PSC 101</b> <i>Note: <b>PSC 101</b> may also be eligible to count toward Core Curriculum Area IV; check the Core Curriculum for your particular major.</i>	3
Introductory Political Science courses	Select two of the following courses: <b>PSC 102 PSC 103 PSC 104</b> <i>Note: <b>PSC 102 and PSC 103</b> may also be eligible to count toward Core Curriculum Area IV; check the Core Curriculum for your particular major.</i>	6
Political Science Electives	Select nine hours from <b>Political Science (PSC)</b> courses, including six hours at the 300-level or above. <i>Note: <b>PSC 221</b> will count toward this requirement and may also be eligible to count toward Core Curriculum Area IV; check the Core Curriculum for your particular major.</i>	9
<b>Total Minor Requirements:</b>		<b>18</b>

## **Honors Program in Political Science**

### **Purpose**

The Political Science Honors Program is designed to provide outstanding political science majors with the opportunity for advanced study of the political process. Honors students have the opportunity to complete an independent research project while working closely with a faculty member. The advanced study provided by the honors program accelerates a student's preparation for graduate or professional training.

### **Eligibility**

Criteria for entering freshmen are:

- a 3.25 high school GPA and ACT composite score of 20 (or equivalent SAT score);
- declaration of political science as the student's major; and
- a letter of intent.

Criteria for students already enrolled at UAB or transfer students are:

- completion of nine semester hours of political science;
  - a 3.0 cumulative GPA and a 3.25 GPA in political science (and maintenance of these minima);
  - declaration of political science as the student's major; and
  - a letter of intent.
- OR
- junior standing;
  - completion of nine semester hours of political science;
  - a 3.0 cumulative GPA and a 3.25 GPA in political science courses in the last 30 percent of coursework attempted (and maintenance of these minima);
  - declaration of political science as the student's major;
  - letter of intent; and
  - faculty approval.

### **Requirements**

Students in the Political Science Honors Program are required to do the following:

- enroll in the Honors Program (replaces the requirement for a specialization);
- complete one of the following advanced seminars— PSC 401, 402, 403, or 404;
- enroll in three semester hours of PSC 497 after completion of the advanced seminar for advanced research in the selected subfield;
- prepare an advanced research project (after completion of PSC 497), which will lead to the development of a substantial research paper and, in some cases, a senior thesis;
- present research project findings to a colloquium of other PSC 497 students and department faculty; and
- participate in Pi Sigma Alpha, the national political science honor society.

### **Benefits**

Honors students will benefit from one-on-one mentoring with faculty in the department, which will lead to a more thorough understanding of the field and practice of political science. This is particularly useful as students choose career goals, such as graduate school, law school, public service, the Foreign Service, or other opportunities. Additionally, students who complete the program will receive a certificate at the annual UAB Honors Convocation and will graduate "With Honors in Political Science."

### **Contact**

For more information and/or admission to the Political Science Honors Program, contact the Political Science Program Director, 406 Heritage Hall, Birmingham, AL 35294-1152; Telephone (205) 934-9680.

## Course Descriptions

### Political Science (PSC)

#### **PSC 101 - Intro to American Government - 3**

Politics, institutions, and policy-making process of American national government. (AG)

#### **PSC 102 - Intro to Comparative Politics - 3**

Compares the political cultures and institutions of various political systems around the world. Special emphasis upon the Communist and post-Communist states, religiously-based states, and countries in transition to democracy.(CP)

#### **PSC 103 - Intro International Relations - 3**

Explores reasons and consequences for conflict and cooperation among countries. Quantitative Literacy is a significant component of this course (QEP). (IR)

#### **PSC 104 - Intro to Political Theory - 3**

Surveys the intellectual origins and historical development of political theory: from the ancient Athenian experiment in direct democracy to the contemporary American challenge of diversity in a representative democracy. We will explore citizenship as a philosophical conversation about rights and duties, equality and liberty, and the ethical responsibility of the individual to the community. (PT)

#### **PSC 105 - Ethics and Morality - 3**

Investigates the complexity of ethical and moral issues found within contemporary public policy options and provides the necessary skills to discern and evaluate ethical and moral actions among both fellow citizens and leaders in a democratic society. (AG/PT)

#### **PSC 110 - Intro to American Public Policy - 3**

Policy process at local, state, and federal levels of government. Problem identification and definition; policy formulation and enactment; implementation and evaluation; policy termination. (AG/PT)

#### **PSC 120 - Urban Politics - 3**

Structures of urban governments, focusing on intergovernmental relations, official decision makers, and group and electoral politics in metropolitan environments. (AG/PT).

#### **PSC 170 - Contemporary Political Issues - 3**

Selected topics of current political importance and interest. Interests identified in current schedule of classes. May be repeated with permission of department chair.

#### **PSC 210 - Issues of Diversity - 3**

An examination of diversity in America. Ethical, social and political dilemmas and challenges in relating to members of different groups. (AG/PT)

#### **PSC 215 - African-American Ideology - 3**

Introduction to African-American political and social thought, with a particular emphasis on African-American ideologies. Identifies key figures, issues and positions of African-American political and social thought. The overall value of African American contributions in political and social thought will be critically examined. (AG/PT)

#### **PSC 217 - Religion and Politics - 3**

This course investigates the relationship between religion and the American political community. Topics examined will include: the influence of religion on Early Settlement thought; the role of religion in shaping the 1st Amendment; the political evolution of Christian, Jewish and Islamic sects in the US; the court and the issue of "church and state"; religion and political activism; faith-based organizations and the implementation of public policy. (AG/PT)

#### **PSC 221 - American State and Local Government - 3**

Institutions, functions, and political processes at state and local levels of American government. (AG/PT)

#### **PSC 222 - Intro to Public Administration - 3**

Principles and practices of governmental administration, including organization, procedures, personnel management, budgeting, and control. (AG/PT)

#### **PSC 223 - Urban Management - 3**

Problems and operations in management of local government; relationships among administrative and political processes in urban environment. (AG/PT)

#### **PSC 224 - The Contemporary City - 3**

Contemporary American city as economic, political and sociological system. (AG/PT)

#### **PSC 225 - Intro Community Planning/Dev - 3**

Key topics and elements of effective community planning and development (AG/PT)

#### **PSC 226 - Civil/Human Rights Movement - 3**

Principle events, organizations, and personalities involved in quest for political, economic, and social equality in urban America (AG/PT)

**PSC 230 - Urban Issues - 3**

Studies urban settings, problems and policy using a variety of disciplinary approaches drawn from history, sociology, planning and political science. (AG/PT)

**PSC 240 - Social/Political Philosophy - 3**

Contemporary debate concerning fundamental principles of political life. Justification of political authority, proper role of government in society, economic justice, freedom and rights, and free enterprise system. (AG/PT)

**PSC 250 - African Politics - 3**

Following the African tradition of communication of political philosophies through narrative, our study of African politics will incorporate storytelling (in film, fiction and poetry) as well as more standard methods of political analysis. The course addresses social, economic, and political dimensions of Africa - Northern, Southern, and Sub-Saharan - from pre-colonial era to the present. The course will begin with an exploration of the West African kingdoms, the slave trade, European conquest, and their legacies for Africa today. We will undergo a comparative analysis of African political systems of the anti-colonial, independence, and contemporary eras, and we will also examine Africa's regional and international relations today. (CP/IR)

**PSC 251 - European Political Systems - 3**

Comparative analysis of politics in European nations (CP/IR)

**PSC 252 - Latin/South American Political Systems - 3**

Comparative analysis of politics in Latin and South American Societies. (CP/IR)

**PSC 253 - Asian Political Systems - 3**

This course provides an overview of the relationships between state and society in contemporary Asia, with particular emphasis on India, Pakistan, China, and Japan. Also included are a presentation of Pan-Asian relations, environmental problems, current armed conflicts, and political culture. CP/IR

**PSC 260 - American Foreign Policy - 3**

Creation and conduct of U.S. foreign policy. Evolution of American role in world affairs; problems, trends, and developments since World War II. (CP/IR)

**PSC 261 - International Organization - 3**

Historical and functional evolution of intergovernmental organizations and existing arrangements for collaboration through United Nations, related specialized agencies, and regional organizations. (CP/IR)

**PSC 262 - Global Policy Issues - 3**

Political implications of global trends in resource consumption, population growth, food production and consumption, and weapons proliferation. Adequacy of existing political and social arrangements and institutions, both national and international. (CP/IR)

**PSC 253 - Asian Political Systems - 3**

This course provides an overview of the relationships between state and society in contemporary Asia, with particular emphasis on India, Pakistan, China, and Japan. Also included are a presentation of Pan-Asian relations, environmental problems, current armed conflicts, and political culture. CP/IR

**PSC 260 - American Foreign Policy - 3**

Creation and conduct of U.S. foreign policy. Evolution of American role in world affairs; problems, trends, and developments since World War II. (CP/IR)

**PSC 261 - International Organization - 3**

Historical and functional evolution of intergovernmental organizations and existing arrangements for collaboration through United Nations, related specialized agencies, and regional organizations. (CP/IR)

**PSC 262 - Global Policy Issues - 3**

Political implications of global trends in resource consumption, population growth, food production and consumption, and weapons proliferation. Adequacy of existing political and social arrangements and institutions, both national and international. (CP/IR)

**PSC 266 - The United Nations - 3**

Organization framework, evolving experiences and continuing problems of United Nations system for maintenance of international peace and security and for international economic and social cooperation. (CP/IR)

**PSC 270 - Political Power/American Film - 3**

Concept of political power in American society and its expression in American film. (AG/PT)

**PSC 271 - Contemporary Political Issues - 3**

Issues of current interest in Political Science.

**PSC 272 - Model Arab League - 1**

Preparation for participation in Model Arab League simulations around the country. Individual research on the Arab League and cooperative efforts to represent an assigned country and its foreign policy on committees, such as political affairs, economics, social affairs, and others.

**PSC 295 - Special Topics Political Science - 3**

Selected topics in Political Science.

**PSC 315 - African-American Ideology - 3**

Introduction to African-American political and social thought, with particular emphasis on African-American ideologies. Identifies key figures, issues, and positions of African-American political and social thought. The overall value of African-American contributions in political and social thought will be critically examined. (AG/PT)

**PSC 316 - Political Sexual Diversity - 3**

Examination of lesbian, gay, bisexual, and transgender politics in the US since the mid-twentieth century focusing on the regulation of sexuality and gender, the liberation and assimilationist approaches to political action, and contemporary issues, including discrimination in employment, in the military, and in education, domestic partnerships, HIV/AIDS, and family law. (AG/PT)

**PSC 317 - Religion and Politics - 3**

This course investigates the relationship between religion and the American political community. Topics examined will include: the influence of religion on Early Settlement thought; the role of religion in shaping the 1st Amendment; the political evolution of Christian, Jewish and Islamic sects in the US; the court and the issue of "church and state"; religion and political activism; faith-based organizations and the implementation of public policy. (AG/PT)

**PSC 318 - Black Politics - 3**

Black politics in the United States at the national, state, and local levels of government. Introduces students to the nature of black political behavior. Topics examined will include black political philosophy, blacks and the Supreme Court, congress and the president, black leadership, black organizations, black electoral behavior, black public opinion, and public policy. This course is taught with an emphasis on Blacks who are descendants of slaves. (AG/PT)

**PSC 320 - Political Participation - 3**

This course focuses on individual level public opinion, voting behavior, and all forms of participation in American national politics. It explores the causes and consequences of individual participation in campaigns and elections, parties or interest groups. (AG/PT)

**PSC 321 - Public Opinion American Politics - 3**

Public opinion and factors that shape it (socialization, media and groups); influence on elections and policy; measurement of public opinion. (AG/PT)

**PSC 322 - Women in Politics - 3**

This course analyzes the history, theory, and public policy of women as U.S. citizens from the colonial era through suffrage toward a woman in the White House. We examine the struggle for political rights, educational opportunity and economic quality, and gender roles in the family. We evaluate poll data, public policy debates, electoral strategies and leadership styles for women candidates for local, state, and federal offices. (AG/PT)

**PSC 330 - The American Judicial Process - 3**

Structure and organization of American courts; selection of judges; judicial procedure and reasoning in case determination and development of constitutional doctrines; nature and exercise of judicial power; restraints upon courts. (AG/PT)

**PSC 331 - U.S. Congress - 3**

This course is an in-depth analysis of the U.S. Congress and the policy process in Congress. The roles of the president, the court, interest groups, and political parties in the legislative process are also addressed. (AG/PT)

**PSC 332 - The American Presidency - 3**

Presidential leadership and democratic order; legal foundations of presidential authority; popular influences and presidential politics; democracy and presidential leadership today. (AG/PT)

**PSC 333 - Political Parties/Interest Groups - 3**

This course covers engagement and governing in American politics through the institutions of participation - political parties and interest groups. Topics include parties and political organizations in their varied forms - trade associations, membership groups, social movements and others, and the role of these organizations shaping outcomes. (AG/PT)

**PSC 340 - American Political Thought - 3**

This course focuses on the origins and evolution of American political theory from the colonial period to post-modernity. We investigate the philosophical legacy of the American founding and the civic republican tradition on contemporary theories of liberty, equality, and civic engagement in public life. (AG/PT)

**PSC 341 - Classical Political Thought - 3**

This course analyzes the development of Western political thought in classical period from Plato to Augustine. We trace the emergence of democratic government and the political culture of the polis as represented by the philosophers and playwrights of the ancient world from Athens to Rome. (AG/PT)

**PSC 342 - Modern Political Theory - 3**

This course surveys the development of Western political thought from early modern era to contemporary debates from Machiavelli to King. We examine the innovation of social contract theories and the revolutionary origins of modern democracies as we analyze philosophical arguments for individual consent, political authority, personal liberty, and legitimate government. (AP/PT)

**PSC 343 - Gender and Political Theory - 3**

We study how political theories of difference whether grounded in gender, race, or sexual identity have shaped membership in the American polity. This course critically examines how gender ideologies impact the experience of equal citizenship. (AG/PT)

**PSC 350 - African Politics - 3**

Following the African tradition of communication of political philosophies through narrative, our study of African politics will incorporate storytelling (in film, fiction, and poetry) as well as more standard methods of political analysis. The course addresses social, economic, and political dimensions of Africa - Northern, Southern, and Sub-Saharan - from pre-colonial era to the present. The course will begin with an exploration of the West African kingdoms, the slave trade, European conquest, and their legacies for Africa today. We will undergo a comparative analysis of African political systems of the anti-colonial, independence, and contemporary eras, and we will also examine Africa's regional and international relations today. (CP/IR)

**PSC 351 - European Political Systems - 3**

Comparative analysis of politics in European nations. (CP/IR)

**PSC 352 - Latin/South American Political Systems - 3**

Comparative analysis of politics in Latin and South American Societies. (CP/IR)

**PSC 353 - Asian Political Systems - 3**

This course provides an overview of the relationships between state and society in contemporary Asia, with particular emphasis on India, Pakistan, China, and Japan. Also included are a presentation of Pan-Asian relations, environmental problems, current armed conflicts, and political culture. (CP/IR)

**PSC 355 - Politics of Development - 3**

Analysis of social, economic, and political problems confronting the world's poor countries. Topics examined include national responses to the following problems: child soldiers and child labor; government corruption and transparency; ethnic conflict; environmental destruction; social inequality; globalization; and cultural preservation. (CP/IR)

**PSC 360 - International Security - 3**

Analysis of arms race, process of arms control negotiations, and diffusion of nuclear weapons. (CP/IR)

**PSC 361 - North/South International Relations - 3**

Relations between advanced industrial countries and underdeveloped countries, focusing on changing dynamics of these relations. (CP/IR)

**PSC 362 - Diplomacy - 3**

Origins, institutions, functions and rules of modern diplomatic and consular practice and roles of diplomacy as instrument of national policy. (CP/IR)

**PSC 363 - Nationalism in World Politics - 3**

The primary objective of this course is to examine the political basis and implications of nationalism, as an idea and a political movement, in world politics. (CP/IR)

**PSC 395 - Special Topics Political Science - 3**

Special topics in political science.

**PSC 401 - American Government Seminar - 3**

Multiple theoretical approaches employed in study of American political culture, behavior, institutions, and policy making; their usefulness in understanding domestic politics. (AG/PT) *Prerequisite:* PSC 101

**PSC 402 - Comparative Politics Seminar - 3**

Multiple theoretical approaches employed in study of international relations and their usefulness in cross-national analysis of political systems. (CP/IR) *Prerequisite:* PSC 102

**PSC 403 - International Relations Seminar - 3**

Multiple theoretical approaches employed in study of International relations and their usefulness in investigating issues in world politics. Quantitative Literacy is a significant component of this course (QEP). (CP/IR) *Prerequisite:* PSC 103

**PSC 404 - Seminar in Political Theory - 3**

Multiple approaches employed in study of political theory and their usefulness in forming normative judgments. (AG/PT) *Prerequisite:* PSC 104

**PSC 405 - Urban Affairs Seminar - 3**

Investigation in topics of current interest in urban studies *Prerequisite:* PSC 120

**PSC 411 - Intro to Research Methods - 3**

Alternative approaches to analysis of research questions. Development of rigorous analytical capabilities in application of both quantitative and non-quantitative research strategies. Quantitative Literacy is a significant component of this course (QEP).

**PSC 412 - Intro to Statistical Analysis - 3**

Descriptive and inferential statistics. Measure of central tendency and dispersion, probability theory, sampling, and one-and two-sample hypothesis tests. Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* PSC 411 or UA 411

**PSC 415 - Political Economy/Race in Birmingham- 3**

This course provides a critical analysis of race in the political economy of Birmingham from the postbellum period to the era of civil rights. (AG/PT)

**PSC 421 - Politics/Planning/Urban Design - 3**

Relationship among policies, planning and urban design. (AG/PT) *Prerequisite:* PSC 120

**PSC 430 - American Constitutional Law I - 3**

Decisions of the U.S. Supreme Court as related to the development of important doctrines of constitutional law. Role of judiciary; extent of federal executive and legislative power; federal taxing and commerce powers. (AG/PT) *Prerequisite:* PSC 101

**PSC 431 - American Constitutional Law II - 3**

Decisions of the U.S. Supreme Court as related to the development of important doctrines of constitutional law. Guarantees of Bill of Rights regarding both national and state governments; 14th Amendment. (AG/PT) *Prerequisite:* PSC 101

**PSC 461 - International Political Economy - 3**

Increasing interaction of politics and economics in international and transnational arenas of current global system. Quantitative Literacy is a significant component of this course (QEP). (CP/IR) *Prerequisite:* PSC 103

**PSC 465 - International Law - 3**

Historical roots, theoretical foundations, and substantive development of law governing relations among nations; functioning of present international legal system. (CP/IR) *Prerequisite:* PSC 103

**PSC 466 - The United Nations - 3**

Organizational framework, evolving experiences and continuing problems of United Nations system for maintenance of international peace and security and for international economic and social cooperation (CP/IR)

**PSC 495 - Special Topics Political Science - 3**

Group investigation of topics of current interest in political science.

**PSC 496 - Independent Study/Special Projects - 1 to 3**

Selected Reading or research under supervision of member of PSC department.

**PSC 497 - Honors Research in Political Science - 3 to 6**

Directed research by Political Science Honors student. *Prerequisites:* PSC 401 or PSC 402 or PSC 403 or PSC 404

**PSC 498 - Public Affairs Internship - 1 to 3**

Individually arranged assignment in public or non-profit agencies or organizations, monitored and evaluated by member of department.

## Urban Affairs

Urban affairs provides broad, interdisciplinary examination of the development, functions, and problems of metropolitan areas. Urban affairs focuses on the socio-political and spatial entity of the metropolis in which the size, density, and heterogeneity of the urban population causes both problems and opportunities not found in rural communities. The minor also offers internships and co-op opportunities in urban-related agencies to provide practical work experience with academic credit.

### MINOR REQUIREMENTS FOR URBAN AFFAIRS

Requirement	Fulfilled By:	Hrs.
Grade & Residency Requirement	A C or better is required in all Urban Affairs/Political Sciences courses applied to the minor. At least half of the minor must be completed at UAB.	-
Required Political Science/Urban Affairs courses	Take all of the following courses: <b>UA 120/PSC 120                      UA 221/PSC 221</b> <i>Note: PSC 221 may also be eligible to count toward Core Curriculum Area IV; check the Core Curriculum for your particular major.</i>	6
Urban Affairs Electives	Select twelve hours from <b>Urban Affairs (UA)</b> courses.	12
<b>Total Minor Requirements:</b>		<b>18</b>

## **Course Descriptions**

### **Urban Affairs (UA)**

#### **UA 101 - The City in American History - 3**

City in American history from colonial period to present. Origins of such urban activities as overcrowding, transportation, governance, privatism, and poverty.

#### **UA 107 - History and Dev of Birmingham - 3**

Social, economic, and political survey of development of Birmingham area.

#### **UA 109 - Urban Geography - 3**

External and internal spatial processes of cities and city systems, emphasis on contemporary urban problems.

#### **UA 110 - Intro to Public Policy - 3**

Policy process at local, state and federal levels of government. Problem identification and definition; policy formulation and enactment; implementation and evaluation; policy termination.

#### **UA 120 - Urban Politics in the US - 3**

Structures of urban governments, focusing on intergovernmental relations, official decision makers, and group and electoral politics in metropolitan environments.

#### **UA 195 - Selected Topics Urban Studies - 3**

Topics selected for study listed in class schedule.

#### **UA 198 - Public Affairs Internship - 3**

Individually arranged assignments, monitored and evaluated by member of department.

#### **UA 221 - American State and Local Government - 3**

Institutions, functions and political processes at state and local levels of American government. (AG)

#### **UA 223 - Urban Management - 3**

Problems and operations in management of local government; relationships among administrative and political processes in urban environment.

#### **UA 224 - The Contemporary City - 3**

Contemporary American city as economic, political, and sociological system.

#### **UA 225 - Intro Community Planning/Dev - 3**

Discussion of key topics and elements of effective community planning and development.

#### **UA 226 - Civil/Human Rights Movement - 3**

Analysis of principal events, organizations, and personalities involved in quest for political, economic, and social equality in urban America.

#### **UA 230 - Urban Issues - 3**

Studies urban settings, problems and policy using a variety of disciplinary approaches drawn from history, sociology, planning and political science.

#### **UA 270 - Urban Sociology - 3**

Lifestyle changes in urban society; social and demographic characteristics of cities; benefits and problems resulting from these characteristics; urban problems compared with rural and suburban problems.

#### **UA 278 - Cities of the World - 3**

Historical and contemporary patterns of world urbanization and consequences; world system of cities; core-periphery relations and development in Third World; cross-cultural analysis of urban life, urban planning and community structures in various world regions; case studies of selected world cities such as Moscow, Beijing, Baghdad, Tokyo, and New York.

#### **UA 295 - Special Topics in Urban Studies - 3**

Special topics in urban studies.

#### **UA 318 - Black Politics - 3**

Black politics in the United States at the national, state, and local levels of government. Introduces students to the nature of black political behavior. Topics examined will include black political philosophy, blacks and the Supreme Court, congress and the president, black leadership, black organizations, black electoral behavior, black public opinion, and public policy. This course is taught with an emphasis on blacks who are descendants of slaves.

#### **UA 366 - Urban Anthropology - 3**

Human life in cities from cross-cultural perspective; process of urbanization in ancient civilizations, colonial empires, and modern-day Third World.

**UA 395 - Special Topics Urban Affairs - 3**

Selected topics of importance and interest in urban affairs.

**UA 411 - Intro to Research Methods - 3**

Alternative approaches to analysis of research questions. Development of rigorous analytical capabilities in application of both quantitative and non-quantitative research strategies.

**UA 412 - Intro to Statistical Analysis - 3**

Descriptive and inferential statistics. Measure of central tendency and dispersion, probability theory, sampling, and one- and two-sample hypothesis tests. *Prerequisites:* PSC 411 or UA 411

**UA 413 - Urban Economics - 3**

Economic issues and structure of metropolitan areas. Economic growth and decay of urban regions. Specific topics: housing, education, employment, political economy, public policy. *Prerequisites:* EC 210 and EC 211

**UA 421 - Politics/Planning/Urban Design - 3**

Relationship among politics, planning, and urban design. *Prerequisite:* UA 120

**UA 450 - Contemporary Urban Issues - 3**

Topics of current importance and interest in the contemporary urban arena.

**UA 472 - Homelessness: Causes/Consequences - 3**

Review of current problems of homelessness in U.S. issues of history, health, mental health, poverty, public attitudes, and government policy.

**UA 473 - Urban Environmental Issues - 3**

Broad examination of environmental issues; focus on Birmingham area.

**UA 490 - Dir Readings Urban Studies - 1 to 3**

Selected readings under supervision of faculty member.

**UA 491 - Dir Readings Urban Studies - 1 to 3**

Selected reading under supervision of faculty member.

**UA 492 - Public Affairs Internship - 3**

Individually arranged assignments, monitored and evaluated by member of department.

**UA 493 - Field Placement - 3**

Individually arranged assignments, monitored and evaluated by member of department.

**UA 495 - Urban Studies: Spec Topics Seminar - 3**

Group investigation of topics of current interest in urban studies. Topics selected for analysis listed in class schedule.

**UA 496 - Urban Research - 3**

Directed research for students with adequate background in methods and statistics; classroom introduction to research methodology and directed group research for those without significant research statistics background.

**UA 497 - Urban Research - 3**

Directed research for students with adequate background in methods and statistics; classroom introduction to research methodology and directed group research for those without significant research statistics background.

**Graduate Programs**

For information on the Master of Public Administration degree program, please consult the program advisor or the UAB Graduate School Catalog.

## Department of History and Anthropology

**Chair:** Carolyn A. Conley

**Faculty:** *History* Conley, Davis, Doss, Keitt, King, Liber, McWilliams, Millard, Miller, Mohl, Murray, Steele, Van Sant; *Anthropology* Cormier, Jones, Kyle, Mumford, Parcak, Wheatley; *Digital Community Studies* Forman and O’Beirne.

The department is home to programs in three different disciplines. Each has its own faculty and its own course of study. The Department offers the Bachelor of Arts degree and the Master of Arts degree in History as well as the Bachelors of Arts degree in Anthropology. We also offer a Master of Arts in Anthropology in conjunction with the University of Alabama at Tuscaloosa. The department also includes the Digital Community Studies Program which offers a minor. All of these programs are designed to give students insight into the world in which they live and into the forces and events that have shaped and molded that world.

In its broadest sense, the discipline of history provides the background for all other subjects and disciplines. The classical goal of self-knowledge can be enhanced through the study of history. The analytical study of history provides an understanding of “why we are what we are” and “how we came to be where we are today.” The purpose of historical study is not only an understanding of our own past and present, but an appreciation of the evolution of other cultures, civilizations, and nations.

Students interested in careers in the fields of law, teaching, public service, international affairs, business, journalism, and a variety of other areas involving the social sciences and humanities will find the history major beneficial and rewarding.

The anthropology program emphasizes the holistic view of humankind through the four major branches of the field: socio-cultural anthropology, archaeology, biological anthropology, and linguistics. An undergraduate student has latitude in selecting a personalized program of study in the major that satisfies individual interests and maintains the holistic integrity of an undergraduate degree in general anthropology.

The Digital Community Studies Program offers a minor for students interested in opportunities for applied research in local communities through the use of new media technology. The minor provides students a solid grounding in the history, theory and practice of documentary film, film history, oral history, ethnography, community studies, and media theory. Students will gain experience in community-based research, as well as attain proficiency in various new media technologies.

### MAJOR REQUIREMENTS FOR HISTORY

Research Courses	Fulfilled By:	Hrs.
Grade Requirement	A grade of C or better is required in all History (HY) courses.	-
History Sequences	Select four of the following courses (students may not take both HY 101 and HY 104 or both HY 102 and HY 105): <b>HY 101    HY 104    HY 120</b> <b>HY 102    HY 105    HY 121</b> <i>Note: Completion of this requirement will automatically satisfy Core Curriculum Area IV: History.</i>	12
Research Courses	Take the following courses: <b>HY 300    HY 497</b>	6
History Electives	Select 21 hours in <b>History (HY)</b> courses not listed above, including 9 hours at the 400-level and 6 hours at the 300 level or above. <i>Note: <b>HY 245, HY 247, HY 248, HY 257, HY 258 and HY 263</b> can be applied toward this requirement as well as the College-Wide Requirements: Track A requirement.</i>	21
<b>Total Major Requirements:</b>		<b>39</b>

### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
Minor	A minor is required for this degree.
General Electives	Students must take general electives to reach the 120 semester hour requirement.

**Note:** Majors may want to consult the Director of Undergraduate Programs in the department office prior to taking electives or 300-or 400-level courses to plan a broad program that includes courses in European, U.S., and non-Western areas of history. Eighteen semester hours of upper-division work beyond HY 300 must be taken at UAB; Students may take no more than two directed readings courses or two public internships. No grade below C may be counted toward the history major. All majors may be required to complete an examination for program assessment as a requirement for graduation. Performance on such an examination will not affect students' grade point averages, nor will it be a factor in determining whether students qualify for the baccalaureate degree.

### MINOR REQUIREMENTS FOR HISTORY

Requirement	Fulfilled By:	Hrs.
Grade Requirement	A grade of C or better is required in all courses applied to the minor.	-
Introductory U.S. History	Select one of the following courses: <b>HY 120    HY 121</b> <i>Note: <b>HY 120</b> and <b>HY 121</b> may also apply toward Core Curriculum Area IV.</i>	3
Introductory History courses	Select two of the following courses (students may not take both HY 101 and HY 104 or <b>HY 101    HY 104    HY 120</b> <b>HY 102    HY 105    HY 121</b> <i>Note: <b>HY 101, HY 102, HY 120</b> and <b>HY 121</b> may also apply toward Core Curriculum</i>	6
History Electives	Select six hours from 300-level or above <b>History (HY)</b> courses and three hours any	9
<b>Total Minor Requirements:</b>		<b>18</b>

**Note:** At least 6 semester hours in history above the 300 level must be taken at UAB. No grade below C may be counted toward the history minor.

## Honors Program in History

### Purpose

The History Honors Program is designed for outstanding history majors at UAB and allows qualified students to write a Honor's Thesis based on original research. Faculty-led independent research for the senior thesis provides students with experience in applying historical methods and analytical writing techniques. This more advanced study helps prepare undergraduate history majors for graduate work in the field or for post-graduate training in other areas such as law, theology, and medicine. Students who complete the program will graduate "With Honors in History."

### Eligibility

To be eligible for the History Honors Program, students must complete at least 60 semester hours with a minimum 3.0 overall GPA and a minimum 3.5 GPA in history courses. At least 24 semester hours in the history major (including HY 300 Historian's Craft and HY 497 History Capstone) must be completed prior to acceptance in the Honors Program.

Interested students must apply for the program which includes submitting a prospectus with bibliography. The application must include the signature of a History Department faculty member who has agreed to direct the Honor's Thesis. If the student is accepted to the program, the student and the thesis director will choose two additional faculty members to make up the student's thesis committee. The thesis committee will determine whether the student's completed thesis qualifies for honors.

### Requirements

The History Honors Program requires 42 total semester hours in history (as compared to 39 for the traditional history major) and maintenance of an overall 3.0 GPA and a 3.5 GPA in history courses through graduation.

Additional requirements include:

- 12 semester hours of lower-division survey courses selected from Western Civilization, HY 101 and 102, World History, HY 104 and 105, United States History, HY 120 and 121;
- 3 semester hours of HY 300, The Historian's Craft. The department recommends that this course be taken after the completion of the lower-division survey requirement and before taking upper-division courses;

- 24 semester hours which should include 9 semester hours at the 300 or 400 level, 3 semester hours for HY 497 History Capstone Course, and 6 semester hours at the 300 level or above (these courses may not be transferred from another institution and must be taken at UAB);
- 3 semester hours of HY 401, Honors Thesis in History

42 semester hours total Honors in History major requirements.

Honors students may take one or two graduate seminars in history for undergraduate credit with permission of the Director of the History Undergraduate Program. This credit may not be used for graduate credit.

## Contact

For additional information on the History Honors Program, contact the Department of History and Anthropology, Director of History Undergraduate Program or Chair; Telephone (205) 934-5634.

## Course Descriptions

### History (HY)

#### **HY 101 - Western Civilization I - 3**

This course examines the diverse cultures which are included in what is commonly referred to as the West. Students develop an understanding of the evolution of religious, political, social, military and economic structures and relationships in Europe and the Middle East up to 1600. Students develop an appreciation of how individuals have influenced and been influenced by time and place. (Fulfills ECR for QEP)

#### **HY 102 - Western Civilization II - 3**

This course examines developments in the Western World since 1600. Since for most of this period European culture dominated the world, the course will also examine interactions between the West and non-European cultures. The course focuses on political, economic, social and cultural developments and stresses change and continuity over time as well as the various ideas and debates which have marked the modern West. (Fulfills ECR for QEP)

#### **HY 104 - World History to 1600 - 3**

This course is designed to provide students with an understanding of the development of major world civilizations from pre-history to the early modern era (ca. 1600 CE). The principal characteristics of these civilizations such as political development, social structure, gender relations, religious beliefs, and philosophies, will be examined. The ultimate goal is for students to see the world around them with an increased understanding and appreciation for the societies, traditions, and ideas that existed in the past — and in many cases still exist and influence us today. HY 104 may replace HY 101, but both may not be taken for credit.

#### **HY 105 - World History 1600 to Present - 3**

This course will examine many significant world historical developments from the beginning of the early modern era (approximately 1600 CE) to the present. These historical developments include: intellectual movements, political revolutions and nationalism, industrialization, cultural changes, and the relationship between Western and non-Western societies. The ultimate goal of this course is for students to perceive the world around them with an increased understanding and appreciation for the diverse societies, traditions, and ideas that existed in the past — and in many cases still exist and influence us today. HY 105 may replace HY 102, but both may not be taken for credit. (Fulfills ECR for QEP)

#### **HY 120 - The United States To 1877 - 3**

This course provides an introduction to some of the main political, social, cultural, and economic developments in American history from the era of exploration and colonial settlement through the end of the Civil War. Central themes of the course will include the cross-cultural encounters (and clashes) in the Americas between various European and native peoples; the spectacular growth of European settlements in North America; the creation (always contested) of an American national identity; the emergence of a market economy and the question of American ideas of success and happiness. (Fulfills ECR for QEP)

#### **HY 121 - The United States Since 1877 - 3**

This course assists students in gaining a sophisticated understanding of the development of modern America — its politics, economics and social fabric together with how these have helped shape its foreign involvement. In the process, this course helps students understand the big idea of “change over time” and how all people face the choice of using change to help themselves and others — or not do this with resultant consequences. Finally, this course offers “lessons” out of our past about civic engagement, cultural diversity, and emerging globalism — “values” for productive citizenship on the contemporary scene. (Fulfills ECR for QEP)

#### **HY 202 - Reacting to the Past - 3**

“Reacting to the Past” is an award winning pedagogy involving complex, collaborative role-playing games in which students seek to attain “victory objectives” while grappling with central texts in the history of ideas. This class will conduct several Reacting games that will allow students to explore key moments in European intellectual and cultural history.

**HY 206 - Introduction to Film and History - 3**

This course will examine fiction and non-fiction films as socially significant documents. Students will receive an introduction to the techniques of film analysis in the class.

**HY 207 - The American Film - 3**

Creation and development of motion pictures in the United States, including how films are made, American film industry, and impact of Hollywood on American culture.

**HY 210 - History of American Medicine - 3**

Survey of patterns and trends in American medicine.

**HY 223 - African-American History To 1865 - 3**

Ancient African civilizations and their demise, the slave trade and slavery in New World to the Civil War.

**HY 224 - African-American History From 1865 - 3**

Survey of late 19th century to present African American history.

**HY 225 - History of Alabama - 3**

Social, economic, and political survey of state from prehistory to present.

**HY 226 - History and Dev of Birmingham - 3**

Social, economic, and political survey of the Birmingham area.

**HY 227 - Technology and Society - 3**

Relationship of machines and people in modern industrial society. Topics from recent American history and from contemporary problems.

**HY 228 - Southern Industrial History - 3**

Provides an overview of the major social, economic, and political developments behind the numerous attempts to industrialize the South from the post Civil War period to the present. Attention will be paid to Birmingham's Industrial District, the impact of World War I and World War II on Southern Industry, Labor Music, Women in Industry, Organized Labor and Unions, as well as the impact of the Space and Automobile Industry on the Modern South.

**HY 234 - The World Since 1945 - 3**

Events and trends from the end of the Second World War to the present, emphasizing the origins of the Cold War, decolonization, European integration, globalization, the rise of China, India, and Japan, the revolutions in Eastern Europe in 1989 and the collapse of communism in the Soviet Union, the third wave of democratization, Islamic fundamentalism, 9/11, and the international financial crisis of 2008-2009.

**HY 235 - War in the Modern World - 3**

American military history from Colonial times to present, including impact of western ideas and technology on national defense policy.

**HY 245 - Intro to Latin Amer History - 3**

Major social, political, economic, and cultural developments in Latin America from pre-Colombian times to present.

**HY 247 - Colonial Latin America - 3**

Major pre-Colombian civilizations, focusing on impact of European contact and emergence of new hybrid societies by eighteenth century in Brazil and Hispanic America.

**HY 248 - Modern Latin America - 3**

Social, political, and economic trends marking history of region since early 19th century, aiding understanding of conditions in Latin America today.

**HY 257 - Celtic Fringe: Ire/Scot/Wales - 3**

History of "other" British nations: Irish, Scots, and Welsh. Internal development and relations with England.

**HY 258 - Britain and the Third World - 3**

British foreign policy, emphasizing Empire and British relations with peoples outside Europe. (Fulfills ECR Requirement for QEP)

**HY 259 - Social History of Crime - 3**

This course examines the various approaches historians have made to the social and cultural history of criminal violence. While the topic is one that applies to every human society, most of the material deals with Europe and the United States.

**HY 263 - History of the Russian Empire - 3**

Russian history from prehistory to 1917, focusing on development of Russian state and its social and political character.

**HY 265 - History of Sov Union 1917-1991 - 3**

Bolshevik Revolution and role of Soviet Union as world power.

**HY 271 - Introduction to East Asian History and Culture - 3**

An introduction to the histories and cultures of East Asia (China, Japan, Korea, and Southeast Asia) from ancient times to 1800.

**HY 272 – Modern East Asia - 3**

A political and social history of East Asia and East Asia's relations with the West from 1800 to present.

**HY 278 - Untold Stories: Oral History - 3**

This course teaches the techniques and theories of oral history as a primary way to uncover untold or "hidden" histories of ordinary people. Students will conduct interviews of persons who participated in an aspect of history or who witnessed an important era.

**HY 279 - Women Rogues, Radicals and Reformers - 3**

This course looks at women as agents of their own history in the United States and of American society as a whole. It concentrates on how women have defined and used sexual politics, political radicalism, and reform agendas from the 1600's to the 1960's.

**HY 280– Historic Preservation and Public Policy– 3**

Ways to research, assess, and use historic buildings and architecture as a way to study history and inform public policy.

**HY 283 - Old World Archaeology - 3**

Prehistory of Africa, Asia, and Europe from Paleolithic to Early Bronze Age. Hunter-gatherer adaptations, emergence of village-based agriculture, and appearance of cities.

**HY 284 - Arch: Orig of Civilization - 3**

Development of complex society in the Fertile Crescent, Egypt, Mesopotamia, and Mediterranean, from origins of agriculture to Alexander the Great.

**HY 285 - Mapping Our World - 3**

Course focuses on the historical applications of mapping and map-making. It will provide a background to geometric mapping and geography using aerial photography, satellite remote sensing, Geographic Information Systems (GIS), and historical maps and related datasets. Quantitative Literacy is a significant component of this course (QEP).

**HY 290 - Topics in History - 3**

Special studies of historical topics. May be repeated.

**HY 291 - Topics in History - 3 to 6**

Special Topics in History. May be repeated for credit.

**HY 292 - Topics in History - 3**

Special studies of historical topics. May be repeated.

**HY 300 - The Historian's Craft - 3**

Values, methodology, and materials of historical analysis, with emphasis on changing interpretations of history and writing of research paper. (Fulfills WL requirement for QEP)

**HY 303 - Women in American History - 3**

Changing economic, political, and social roles of women from colonial period to present.

**HY 304 - The Civil Rights Movement in America - 3**

History of civil rights from late 19th century to present; significance of movement to those involved and to rest of American society.

**HY 305 - Popular Culture in American History - 3**

Mass culture of U.S. through films and recorded sound, from creation of entertainment industry in 19th century to television and counterculture of 1960s.

**HY 307 - The American Film - 3**

Creation and development of motion pictures in the United States, including how films are made, American film industry, and the impact of Hollywood on American culture.

**HY 308 - History of US Popular Music - 3**

Creation of musical entertainment, the changing audience, and diffusion of recordings from earliest recordings of music hall songs to rap and hip hop.

**HY 309 - American Film: 1980s and 1990s - 3**

Focuses on the rise of the independent film in the 1980s and the struggle with mainstream Hollywood studios for dominance of cinema in the 1990s. Covers independent film makers, finance, scripts and what it takes to make a personal film.

**HY 310 - Film in the 1960s - 3**

The sixties were a revolutionary time for films and the film industry, and this course surveys film from Europe and Asia but with special emphasis on American film and the way it reflected the counter culture.

**HY 311 - History of the Documentary - 3**

Studies the development of the film documentary and the issues of representing reality on film. Deals with film aesthetic and the techniques of making films. Looks at American and European documentaries.

**HY 312 - Rock n Roll and Race Relations - 3**

Looks at popular music as a part of American Culture. Concentrates on the rise of R and B and rock n roll as the signifiers of a new youth culture in the United States with special emphasis on music in Birmingham.

**HY 315 - Egypt in the Age of the Pyramids - 3**

This course spans the 5000 B.C. through 1550 B.C. (Predynastic and Dynasties 1-17), which encompasses Egypt's pyramid building age. It will focus broadly on the archaeology, history, art, architecture, religion, and literature of this period. It is designed to stand independently of its companion course Imperial and Post-Imperial Egypt.

**HY 316 - Imperial and Post-Imperial Egypt - 3**

This course spans the years 1550 B.C. to the Ptolemaic-Roman periods, which covers Egypt's glorious imperial era (New Kingdom: Dynasties 18-19) and its decline in Dynasties 21-31, with the rise of other empires and Macedonian and Roman control of Egypt. It focuses broadly on the archaeology, history, art, architecture, religion, and literature of this time span and is designed to stand independently of its companion course Egypt in the Age of the Pyramids.

**HY 320 - Pol Hist: Roosevelt-Roosevelt - 3**

History of the period between 1900 and 1945, with emphasis on national politics.

**HY 322 - The Great Depression - 3**

Examines the causes and effects of the Great Depression using both fictional and documentary films and required readings; students will analyze how Hollywood interpreted the lives of Americans during that period

**HY 325 - South Politics in 20th century - 3**

The social and economic bases of Southern politics.

**HY 334- The World Since 1945 - 3**

Events and trends from the end of the Second World War to the present, emphasizing the origins of the Cold War, decolonization, European integration, globalization, the rise of China, India, and Japan, the revolutions in Eastern Europe in 1989 and the collapse of communism in the Soviet Union, the third wave of democratization, Islamic fundamentalism, 9/11, and the international financial crisis of 2008-2009.

**HY 341 - US-Latin American Relations - 3**

Diplomatic relations between U.S. and Latin America since early nineteenth century. Roots of contemporary conflicts involving issues such as revolution and drug trafficking.

**HY 342 - History of Women Latin America - 3**

Condition of Latin American women in historical perspective with reference to factors such as race, class, religion, and ethnicity; Hispanic cultural attitudes that have shaped that condition over time.

**HY 343 - Modern Latin America - 3**

Social, political, and economic trends marking history of region since early 19th century, aiding understanding of conditions in Latin America today.

**HY 351 - Continental Enlightenment - 3**

Ideas and politics during 18th century, focusing on Western Europe outside France; new ideas about society, religion, and government in Italian and German states.

**HY 355 - The Reformation - 3**

Issues and meanings of the Protestant and Catholic Reformations of the 16th and 17th centuries, with particular attention to intellectual, social, and political dimensions. *Prerequisite:* HY 101

**HY 357 - Religion in Early Modern Europe - 3**

Examines the theological, social, and political upheavals that shaped religious life and how religion permeated early modern culture from the most abstract philosophical debates to the most mundane daily activities.

**HY 359 - Social History of Crime - 3**

This course examines the various approaches historians have made to the social and cultural history of criminal violence. While the topic is one that applies to every human society, most of the material deals with Europe and the United States.

**HY 360 - Celtic Fringe: Ireland/Scotland/Wales - 3**

History of other Britain nations: Irish, Scots, and Welsh. Internal development and relations with England.

**HY 361 - Britain and the Third World - 3**

British foreign policy, emphasizing Empire and British relations with peoples outside Europe.

**HY 370 - End of USSR - 3**

An analysis of Gorbachev's impact on the Soviet Union and the social and political forces he unleashed.

**HY 371 - Introduction to East Asian History and Culture - 3**

An introduction to the histories and cultures of East Asia (China, Japan, Korea, and Southeast Asia) from ancient times to 1800.

**HY 375 - The Pacific War, 1931-1945 - 3**

The military and political conflict between Japan, China, and the United States from the Manchurian Incident to the atomic bombings of Hiroshima and Nagasaki.

**HY 376 - Japan and the United States - 3**

A social and political history of relations between Japan, China, and the United States from the Manchurian Incident to the atomic bombings of Hiroshima and Nagasaki.

**HY 377 - Modern East Asia - 3**

A political and social history of East Asia and East Asia's relations with the West from 1800 to present.

**HY 378 - Untold Stories: Oral History - 3**

This course teaches the techniques and theories of oral history as a primary way to uncover untold or "hidden" histories of ordinary people. Students will conduct interviews of persons who participated in an aspect of history or who witnessed an important era.

**HY 379 - Women Rogues, Radicals and Reformers - 3**

This course looks at women as agents of their own history in the United States and of American society as a whole. It concentrates on how women have defined and used sexual politics, political radicalism, and reform agendas from the 1600's to the 1960's.

**HY 390 - Topics in History - 3**

Special studies of historical topics. May be repeated.

**HY 391 - Topics in History - 3**

Special studies of historical topics. May be repeated.

**HY 392 - Topics in History - 3**

Special studies of historical topics. May be repeated.

**HY 401 - Honors Thesis - 3**

Independent research project for honors students in history, directed by faculty advisor.

**HY 402 - Reacting to the Past - 3**

"Reacting to the Past" is an award winning pedagogy involving complex, collaborative role-playing games in which students seek to attain "victory objectives" while grappling with central texts in the history of ideas. This class will conduct several Reacting games that will allow students to explore key moments in European intellectual and cultural history.

**HY 403 - Colonial American History to 1765 - 3**

Examines colonial North America, especially Britain's colonies, their social and cultural development, and the emergence of distinctive British American and African American identities. *Prerequisite:* HY 120

**HY 404 - American Revolution 1760-1783 - 3**

Intellectual and social origins and aspects of the revolutionary era. *Prerequisite:* HY 120

**HY 405 - War and Society Early America - 3**

Examination of the history of warfare in colonial North America and the impact of war on colonial and native societies. Topics will include the "military revolution" and colonial America, war and culture, and wars for empire. *Prerequisites:* HY 120

**HY 406 - Age of Jackson and the Market Revolution - 3**

Examines the first 50 years of the 19<sup>th</sup> Century, commonly known as the Age of Jackson or the Market Revolution, as an era of profound economic, political, and cultural revolutions that overwhelmed America as it became recognizably modern, industrial and democratic.

**HY 407 - Federalists vs Antifederalists - 3**

Provides a broad introduction to the history and historiography of the origins, writing, and ratification of the US Constitution.

**HY 408 - Early Republic, 1789-1828 - 3**

Intellectual, political, and social origins and aspects of decades and the search for a national culture and identity. *Prerequisite:* HY 120

**HY 409 - US Constitutional History to 1877 - 3**

Landmark cases in interpretation of Constitution against background of American history. *Prerequisite:* HY 120

**HY 410 - US Constitutional History from 1877 - 3**

Landmark cases in interpretation of Constitution against background of American history. *Prerequisite:* HY 121

**HY 411 - The Antebellum South - 3**

South from post-revolutionary era through 1860, emphasizing social and cultural developments and myths. *Prerequisite:* HY 120

**HY 412 - The American Civil War - 3**

Origins of secession and political, social, military, and diplomatic developments during war. *Prerequisite:* HY 120

**HY 413 - Reconstruction in America - 3**

Myths and realities of Reconstruction from 1865 to 1877. *Prerequisite:* HY 120

**HY 414 - The New South, 1877 to 1945 - 3**

Political, economic, and urban development of South from Reconstruction to end of World War II.

**HY 415 - Modern South, 1945 to Present - 3**

Social, political, and cultural developments of post-World War II South, including urbanization, civil rights, political party transformations, ethnic diversification, and federal public policy. *Prerequisite:* HY 121

**HY 416 - The Fifties in America - 3**

Examines the decade that was the 1950s using documentaries and movies to identify major events and trends which include the Korea War, political change, civil rights, teen culture, and changing sexual mores.

**HY 419 - The Second World War - 3**

Diplomatic and military history, with emphasis on world-historical changes brought about by World War II.

**HY 420 - Recent America: 1945-Present - 3**

Economic, social, and political trends; history of Cold War.

**HY 421 - The Vietnam Wars, 1945-1975 - 3**

A social, political, and military history of the French and American wars in Vietnam during the Cold War era.

**HY 423 - Southern Women: Image/Reality - 3**

Southern women's lives from colonial period into 20th century. Contrasts myths, particularly myth of belle on pedestal, with realities of women's lives. *Prerequisite:* HY 120

**HY 424 - Emergence of Modern America 1877-1945 - 3**

Focused study of the final appearance of an industrial economy and the different approaches to the government it generated, including the various reform movements – populism, socialism, progressivism, latent civil rights, women's movement, New Deal – that spun out of this experience.

**HY 429 - Workers in American Society - 3**

Seventeenth century artisans to contemporary factory and office workers, organized and unorganized; effect of industrial and technological revolution on American labor, society, and politics. *Prerequisite:* HY 120

**HY 430 - U. S. Labor History - 3**

Examines the multi-faceted lives of American workers from the colonial period to the late 20<sup>th</sup> Century with emphasis on their changing lives as economics changed and grew.

**HY 431 - American Film and Violent Society - 3**

History of violent movies in the United States from earliest silent films to new gangster films of Quentin Tarantino. Meaning of these films and what they say about American society.

**HY 432 - Labor History in Film - 3**

Examines and contrasts the imagery of working class life with documentary and film.

**HY 433 - Americans and the World - 3**

Major developments in American foreign relations from colonial times to present. *Prerequisites:* HY 120 and HY 121

**HY 434 - As Others See Us: US History - 3**

Joint American Studies/International Studies surveying international perceptions of U.S. culture.

**HY 435 - American Urban History - 3**

Major patterns of urbanization and urban life in American history.

**HY 445 - History of Women Latin America - 3**

Condition of Latin American women in historical perspective with reference to factors such as race, class, religion, and ethnicity; Hispanic cultural attitudes that have shaped that condition over time.

**HY 446 - Andean Nations - 3**

History of major drug-producing nations of Colombia, Peru, and Bolivia, and their relationship to rest of world. *Prerequisites:* HY 245 or HY 247 or HY 248 or HY 341 or HY 342

**HY 447 - Modern Mexico - 3**

History of Mexico since independence from Spain in 1821. Growth and impact of nationalism, Mexico's relations with U.S., and impact of Mexican Revolution of 1910. *Prerequisites:* HY 245 or HY 247 or HY 248 or HY 341 or HY 342

**HY 456 – Seventeenth-Century Europe: Absolutism, Revolution and Science – 3**

Evaluation of Seventeenth Century through a study of the economy and society, statecraft and politics, warfare and the military revolution, the English civil war, the scientific revolution, and court life and absolutism.

**HY 457 - Nineteenth-Century Europe - 3**

National consolidation, imperialist adventure, and European society and politics, 1815-1914.

**HY 458 - Modern Europe - 3**

Europe as transformed by total war, economic dislocation, and rise of totalitarian movements; 1914 to present.

**HY 459 - Spain and the Spanish Inquisition - 3**

Examines early modern Spanish history covering the breakdown of the Spanish "convivencia," the rise of the Catholic kings and the absolutist state, the establishment of a Spanish colonial empire and its ultimate decline of power, as well as the Spanish Inquisition and its institutional development and function as a tool of the Spanish state.

**HY 460 - Ancient and Medieval Britain - 3**

Celtic, Anglo-Saxon, Roman, and Viking influences and evolution of kingdom from Norman Conquest to reign of Edward III.

**HY 461 - English History: 1307-1660 - 3**

Social and political history of England from peasant uprisings of the late 14th century through Wars of the Roses, Tudor years, and civil war of the 17th century.

**HY 462 - Early Modern Britain - 3**

History of the nations of the British Isles from the civil wars of the 16th century to the beginning of the Victorian Age.

**HY 463 - Victorian Britain - 3**

Social and political history of 19th century Britain.

**HY 464 - Modern Great Britain - 3**

Problems facing Britain in the 20th century, including end of empire, economic decline, and political restructuring.

**HY 465 - French Enlightenment - 3**

French Enlightenment as intellectual and social phenomenon.

**HY 466 – The French Revolution – 3**

Revolution—Revolution as a social, political, and cultural event, and its place in modern European history and historiography.

**HY 467 - Modern France 1815 - Present - 3**

Economic, social and political history of France and the contentious issues of equality, democracy, and liberty between the Napoleonic era and the present.

**HY 468 - Germany Under Three Reichs - 3**

Central Europe from Wars of Religion through national unification to Weimar, Third Reich, and its aftermath.

**HY 469 - Stalin and Stalinism - 3**

The life and times of Joseph Stalin (1878-1953) and his impact on the development of the Soviet Union after Lenin's death in 1924. *Prerequisites:* HY 102 or HY 105 or HY 121

**HY 470 - The Soviet Union Since 1953 - 3**

Soviet economic, political, and social trends since Stalin's death in 1953. *Prerequisites:* HY 102 or HY 105 or HY 121.

**HY 471 – Russian Intellectual History – 3**

The emergence of modern Russian intellectual thought from Peter the Great (1682-1725) to the outbreak of the First World War with special emphasis on philosophy, literature, history, and the issue of the Russian identity, as formulated by those who claim that Russia is part of the West and those who claim that it is a completely exceptional political and cultural entity.

**HY 472 – Terror and Terrorism from French Revolution to Present – 3**

History of terrorism from its advent during the French Revolution of 1789 to the global war of present time reviewing three main instances of terrorism in history: French Revolution from 1793 through 1794, Russia in the 1870s and 1880s and their civil war between 1918 and 1921, and present-day conflicts involving the United States and the Middle East.

**HY 475 - Modern China - 3**

China's political, social and cultural history from the final decades of the Qing dynasty in the 19th century to its re-emergence as a major world power in the late 20th century.

**HY 476 - Japan to the 19th Century - 3**

Japan's political and cultural history from its legendary beginnings to the final decades of the Tokugawa shogunate.

**HY 477 - Modern Japan - 3**

Japan's political and cultural history from the Meiji Restoration to the present.

**HY 480- Historic Preservation and Public Policy- 3**

Ways to research, assess, and use historic buildings and architecture as a way to study history and inform public policy.

**HY 481 - Public History - 3**

Various approaches to interest and inform general public of local and state history. Visits to public history sites around Birmingham area.

**HY 482 - Internship in Public History - 1 to 3**

Individually designed program that allows students to work in local historic museums, archives, or other sites to gain professional experience in public history.

**HY 491 - Directed Readings in History - 1 to 3**

Individually designed course of reading in various fields.

**HY 492 - Directed Readings in History - 3**

Individually designed course of reading in various fields.

**HY 497 - History Capstone - 3**

This course requires history majors to demonstrate their competency by completing a research project in conjunction with the 400 level course of their choice. For procedures see the history website.

**HY 498 - Topics in History - 3**

Special Studies in Historical Topics

**HY 499 - Topics in History - 3**

Special Studies in Historical Topics

## Anthropology

The anthropology program emphasizes the holistic view of humankind through the four major branches of the field: socio-cultural anthropology, archaeology, biological anthropology, and linguistics. An undergraduate student has latitude in selecting a personalized program of study in the major that satisfies individual interests and maintains the holistic integrity of an undergraduate degree in general anthropology.

The archaeology and biological anthropology laboratories contain an extensive collection of Southeastern cultural materials and artifacts and ecofacts from Oceania and the Caribbean Islands; the collection includes skeletal remains from various taxa for use in teaching and research. The department also has a remote sensing laboratory where students learn to analyze cultural behavior from satellite imagery. Occasional field schools offer opportunities to gain practical experience in ethnography and archaeology. The faculty's field experience provides familiarity with many ethnographic areas of the world, including Amazonia, Latin America, North America, Middle East, Africa, Indonesia, Oceania and the Caribbean. The faculty's topical interests include: ecological, economic, political, medical, symbolic, linguistic, and forensic anthropology

### MAJOR REQUIREMENTS FOR ANTHROPOLOGY

**Beginning in 2012 graduating seniors will be required to successfully complete the Anthropology capstone. For further information please see the department website or contact the undergraduate program director.**

Requirement	Fulfilled By:	Hrs.
Grade Requirement	A grade of C or better is required in all anthropology courses.	-
Required Anthropology courses	Take all of the following courses: <b>ANTH 101 ANTH 102 ANTH 106 ANTH 120 ANTH 450</b>  <i>Note: Completing <b>ANTH 101</b>, <b>ANTH 106</b> and <b>ANTH 120</b> will automatically satisfy Track A of the College-Wide Requirements as well as six hours of Core Curriculum Area IV.</i>	15
Advanced Anthropology	Select one of the following courses: <b>ANTH 451 ANTH 452 ANTH 453</b>	3
Anthropology Electives	Select 18 hours in <b>Anthropology (ANTH)</b> courses not listed above, including 3 hours at the 400 level and 6 hours at the 300-level or above.	18
<b>Total Major Requirements:</b>		<b>36</b>

## ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
Minor	A minor is required for this degree.
General Electives	Students must take general electives to reach the 120 semester hour requirement.

### Honors Program in Anthropology

#### Purpose

The Anthropology Honors Program is designed to prepare students for advanced work at the graduate or professional level.

#### Eligibility

All regularly admitted students with a declared major in anthropology are eligible to enter the program, although continuing participation requires maintenance of an overall 3.0 GPA and a 3.25 GPA in anthropology.

Thirty-three semester hours in anthropology are required plus one of three statistics/foreign language options. Students will be required to complete a minor.

Requirements	Fulfilled by	Sem. Hrs.
<b>Anthropology Courses</b>	<b>ANTH 101   ANTH 106   ANTH 450</b> <b>ANTH 102   ANTH 120</b>	<b>15</b>
<b>Anthropology Elective</b>	Select one of the following: <b>ANTH 451   ANTH 452   ANTH 453</b>	<b>3</b>
<b>Senior Year Thesis</b>	<b>ANTH 498</b>	<b>3</b>
<b>Additional Courses</b>	Four additional courses from any of the department offerings	<b>12</b>
<b>Option Selection</b>	<b>Option 1:</b> Statistics and Computer Science: <b>SOC 410 and CS 201</b>	<b>8</b>
	<b>Option 2:</b> Statistics course ( <b>SOC 410</b> or equivalent) Two courses in a foreign language (or demonstrated proficiency at the 102 level)	<b>12</b>
	<b>Option 3:</b> Three courses in a foreign language, including one 200 level or above (or demonstrated proficiency at the 200 level)	<b>11</b>

#### Benefits

Students will benefit from the Anthropology Department Honors Program by acquiring additional research skills to successfully enter and compete in internationally-oriented graduate and professional programs. Students who complete the program will graduate "With Honors in Anthropology."

#### Contact

For additional information and/or admission to the Anthropology Honors Program, contact the Director of the Anthropology Undergraduate Program, Department of History and Anthropology, 360 Heritage Hall, Birmingham, AL 35294-1152; Telephone (205) 934-5634.

### Graduate Program

The department participates in a cooperative M.A. program in anthropology with the University of Alabama. For information, contact the department chair or Director of the Anthropology Graduate Program.

## MINOR REQUIREMENTS FOR ANTHROPOLOGY

Requirement	Fulfilled By:	Hrs.
Grade & Residency Requirement	A grade of C or better is required in all courses applied to the minor. At least half of the minor must be completed at UAB.	-
Introductory Anthropology courses	Select three of the following courses: <b>ANTH 101 ANTH 102 ANTH 106 ANTH 120</b> <i>Note: ANTH 101, ANTH 106 and ANTH 120 may also be eligible to count toward Core Curriculum Area IV; check the Core Curriculum for your particular major.</i>	9
Advanced Anthropology courses	Select one of the following courses: <b>ANTH 450 ANTH 451 ANTH 452 ANTH 453</b>	3
Anthropology Electives	Select six hours from <b>Anthropology (ANTH)</b> courses.	6
<b>Total Minor Requirements:</b>		<b>18</b>

### Course Descriptions

#### Anthropology (ANTH)

##### **ANTH 101 - Intro to Cultural Anthropology - 3**

Cultures of world's peoples; ideas used to explain similarities and differences among human groups.

##### **ANTH 102 - Introductory Biological Anth - 3**

Biological evolution; interpretation of human fossil record; race; human population genetics and primate behavior.

##### **ANTH 103 - Intro Digital Social Science - 3**

Capabilities of digital applications, including digital image editing, digital video editing, multimedia presentations, web design and streaming video, and digital video compression.

##### **ANTH 106 - Introductory Archaeology - 3**

Archaeological methods and theory used to reconstruct and interpret past.

##### **ANTH 110 - Historical Archeology - 1**

This course is designed to teach students how to conduct in depth archaeological, archival, and historical research. Research will focus on the history of the city of Birmingham, and specifically the Titusville neighborhood. Activities will expose students to the cultural development of one of the city's earliest African-American settlements and provide hands-on scientific research experience.

##### **ANTH 120 - Language and Culture - 3**

Nonverbal communication; language origins and acquisition; universals; language classification and processes of change; language as expression of cultural values and social structure; beginning componential and structural analysis.

##### **ANTH 123 - Comparative Cultures Thru Film - 3**

Special topics in cultural anthropology addressed through use of ethnographic films. Culture areas, culture change, and traditional societies in modern world.

##### **ANTH 202 - Science Fiction and Anthropology - 3**

Anthropological concepts in works of science fiction: the place of anthropology in contemporary science fiction, literature, film, and television. Topics include culture, language, archaeology and human evolution.

##### **ANTH 203 - South American Indians - 3**

Ethnology of indigenous peoples of South America including ecological adaptation, social organization, religious systems, and culture change. Emphasis on lowland South American (Amazonian) Indians.

##### **ANTH 204 - Food in Antiquity - 3**

Dietary variation from hunter-gathers to agriculturists based on plant and animal remains from archaeological sites. Culinary practices from ancient texts and pictographic representations.

##### **ANTH 207 - Intro to Egyptian Archaeology - 3**

This course is a history of the exploration of Egypt emphasizing major archaeological discoveries and how they have shaped our modern perceptions of ancient Egypt. Excavations at important ancient sites such as Thebes and Abydos will be covered in relationship to the overall environmental history of the Nile Valley and Delta. How current excavations reconstruct past settlement patterns, mortuary practices and daily life activities at diverse archaeological sites (Valley of the Kings, Karnak Temple, Tanis) will be discussed.

##### **ANTH 210 - Monkeys and Apes - 3**

Behavior and social organization of humans' closest living relatives. Living primates and why they behave as they do.

**ANTH 211 - Human Evolution - 3**

Human organism's evolution as systemic whole. Process of human evolutionary change as depicted in behavior and fossil record.

**ANTH 222 - Prehistory of North America - 3**

Prehistoric America north of Mexico from terminal Pleistocene to early historic times. *Prerequisite:* ANTH 101

**ANTH 226 - Archaeological Field School - 1 to 6**

Participation in all phases of excavation, laboratory study, and report preparation. Off campus.

**ANTH 228 - Mesoamerica - 3**

This course introduces key developments in prehistoric Mesoamerican cultural change, from the origins of settled life and agriculture to the Aztec empire encountered by the Spanish. Major civilizations such as the Olmec, Maya, Zapotecs, Teotihuacan, Tula, and the Aztecs provide a historical framework for examining broader developmental process such as sedentism, the origins of agriculture and writing, the emergence of social complexity, and urbanism.

**ANTH 236 - Religion and Culture in U.S. - 3**

It is traditionally claimed that the U.S. is a "Christian Nation," and yet the nation finds itself home to a wide range of religions and spiritualities. From Hippies and Mormon Polygamists, to Internet Paganism and Self-Help Christianity, many are the ways one can be spiritual, and in this course we seek to understand how religion shapes and is altered by American culture.

**ANTH 242 - Peoples/World: S Amer Indians - 3**

Ethnology of indigenous peoples of South America including ecological adaptation, social organization, religious systems, and culture change. Emphasis on lowland South Americans.

**ANTH 244 - Peoples of the World: Africa - 3**

Local and regional African cultures. Geographical, racial, and historical backgrounds; contemporary African social systems.

**ANTH 247 - Peoples of the World: Oceania - 3**

Varied influences upon peopling and cultural development of islands in Pacific. Major areas (Polynesia, Melanesia, Micronesia) followed by focus on one culture found therein.

**ANTH 248 - Peoples/World: Latin America - 3**

Holistic survey of cultures of Latin America from pre-Columbian times to present. Processes of cultural change (including revolution), ethnic group relations, and functioning of contemporary societies.

**ANTH 285 - Mapping Our World - 3**

Course focuses on the historical applications of mapping and map-making. It will provide a background to geometric mapping and geography using aerial photography, satellite remote sensing, Geographic Information Systems (GIS), and historical maps and related datasets. Quantitative Literacy is a significant component of this course (QEP).

**ANTH 290 - Study Abroad: Mexico - 3**

Orientation to and popular culture in Chilapa; Mexican history and ethnology, regional history and ethnology, and local economy and human ecology.

**ANTH 292 - Anthropology of Slavery - 3**

This course is a mixed format including, lectures, student projects, and fieldwork at the Tannehill State Park slave quarters. The class will provide a broad cross-cultural perspective on different types of slavery that have existed across the globe (Americas, Africa, the Near East, Oceania) and examine slavery in the American South, especially Alabama. Issues of race, hierarchy, ethnicity, political, economy, religion, ideology, and social relations will be discussed.

**ANTH 299 - Contemporary Global Issues - 3**

This course explores anthropological perspectives, applications, and contributions to solving to contemporary world problems including: terrorism, warfare, genocide; global warming and sustainable development; global epidemic disease and new pandemics; torture and human rights abuses; global capitalism, sweatshops, and economic justice; poverty and hunger; illiteracy; child labor and child soldiers; and human population explosion.

**ANTH 304 - Looking at Earth - 3**

Maps as analytic tools in social, behavioral, and applied sciences. Theory and methods of cartographic representation, aerial and satellite image analysis, and geographic information systems. Principles, practical training in computer methods, and case studies from different regions of the earth. *Prerequisite:* Basic computer course and introductory course in social science.

**ANTH 305 - World Prehistory - 3**

Main events in evolution of culture from earliest times until advent of cities. Emergence of culture, development of food production, and appearance of states.

**ANTH 307 - Environmental Archaeology - 3**

Study of human interaction with the environment in the past through archaeology and related disciplines. *Prerequisite:* ANTH 106

**ANTH 308 - Women in N Africa: Lit/Film - 3**

This course examines the intricate relations between incest, endogamy, and women's rights to inheritance in the literatures, films, and national epics of Muslim North Africa.

**ANTH 309 - Egypt in the Age of the Pyramids - 3**

This course spans the 5000 B.C. through 1550 B.C. (Predynastic and Dynasties 1-17), which encompasses Egypt's pyramid building age. It will focus broadly on the archaeology, history, art, architecture, religion, and literature of this period. It is designed to stand independently of its companion course Imperial and Post-Imperial Egypt.

**ANTH 310 - Imperial and Post-Imperial Egypt - 3**

This course spans the years 1550 B.C. to the Ptolemaic-Roman periods, which covers Egypt's glorious imperial era (New Kingdom: Dynasties 18-19) and its decline in Dynasties 21-31, with the rise of other empires and Macedonian and Roman control of Egypt. It focuses broadly on the archaeology, history, art, architecture, religion, and literature of this time span and is designed to stand independently of its companion course Egypt in the Age of the Pyramids.

**ANTH 318 - Anthropology of Development - 3**

Effects of Western penetration of indigenous societies and role of anthropologists in development projects in Third World.

**ANTH 319 - Food and Culture - 3**

This course is designed to present a broad view of the role of food in human culture through time and in a variety of geographic settings, offering students and opportunity to reflect on the cultural meanings of food in human life. Class lectures, assigned readings, and films will be used to enhance each student's understanding of the subject from a cross-cultural perspective. We will examine the biological basis of diet, how foodways develop and change, how and why anthropologists study diet, and variations in foodways around the world.

**ANTH 320 - Comparative Religion - 3**

Human behavior in relation to the supernatural; religion as a system of social behavior and values; theories of religion.

**ANTH 329 - Egypt: Arch Field Study - 3 to 6**

Two week field school in Egypt. Students will visit Egypt old and new, including Islamic Cairo, Coptic churches, the pyramids of Giza, Alexandria, the tombs and temples of Luxor (Valley of the Kings), Aswan (Abu Simbel), and an archeological excavation. Experience Egyptian folklore through dance and musical performances.

**ANTH 330 - Nationalism Ethn and Violence - 3**

Social and cultural analysis of ethnicity and nationalist ideologies particularly where these have led to violent confrontations within modern nation-states. Primordialist versus constructionist theories of difference; varying weight to be attributed to political, historical, and cultural factors in study of nationalism; politics of culture versus culture of politics.

**ANTH 340 - Arch and Hist Bible Lands - 3**

Archaeology and History of the Bible Lands. Examination of region spanning modern Syria, Lebanon, Israel, and Jordan from 10,000-585 B.C.

**ANTH 351 - Anthropology of Human Rights - 3**

Examination of conceptual, political, and legal aspects of human rights from an anthropological perspective. Topics considered may include: state violence; the history of human rights claims; the opposition of cultural rights and human rights claim; human rights as a form of political discourse; human rights practices in contemporary settings.

**ANTH 353 - Primatology - 3**

Biology, behavior, and distribution of living nonhuman primates. Field studies of old-world monkeys and apes.

**ANTH 355 - Archaeology of Alabama - 3****ANTH 357 - Anthropology of Gender - 3**

Cultural construction of gender differences in human societies; shifting definitions of proper male and female roles across cultures and through time.

**ANTH 360 - Ecological Anthropology - 3**

Interactions among behavioral, technological, organizations, and ideological features of human cultures that serve to adapt societies to their physical environment. Prerequisite: 3 hours in ANTH.

**ANTH 361 - Kinship/Social Organization - 3**

Comparative analysis of forms of human social organization; range of kinship and marriage arrangements found in pre-industrial societies; explanations of similarities and differences among kinship systems.

**ANTH 365 - Economic Anthropology - 3**

Comparative ethnology of economic organizations and processes in non-industrial societies. Precapitalist social settings and transformations of precapitalist economies that have occurred, and are occurring, as result of development and expansion of industrial capitalism.

**ANTH 366 - Urban Anthropology - 3**

Human life in cities from cross-cultural perspective; process of urbanization in ancient civilizations, colonial empires, and modern-day Third World.

**ANTH 370 - Music in World Cultures - 3**

Characteristics of musical styles in various cultures throughout world. *Prerequisite:* MU 120

**ANTH 371 - Special Topics in Anthropology - 3**

Special Topics in Anthropology.

**ANTH 375 - Foundations of Symbolism - 3**

Study of symbolic forms in myth and ritual and overview of theoretical approaches.

**ANTH 382 - Ancient Egyptian Art and Archaeology - 3**

This course introduces the Predynastic through Pharaonic periods (ca. 5,000 - 332BCE) of Ancient Egypt, focusing on the Art and Architecture of Ancient Egypt and its southern neighbor and often annexed territory of Nubia. The course includes an examination of Egypt's material resources, quarrying and mining, workshops, artisans, building and sculptural programs, the minor arts, and the cross-cultural relations between Egypt and its neighbors in relation to material culture, primarily in the realm of art and architecture. The course aims to cover the overall relationships between Pharaoh's artisans, their commissions (minor to major art and architectural projects), their role in society, and their interactions with and adaptations to other cultures through art and architecture

**ANTH 384 - Ancient Civilizations - 3**

Comparative survey of New Kingdom Egypt and Aztec Mexico.

**Undergraduate and Graduate**

*Prerequisite:* 9 semester hours in anthropology and/or sociology or permission of instructor, unless otherwise noted.

**ANTH 400 - Human Osteology - 3**

The identification of human skeletal remains. This laboratory/lecture course provides the groundwork for much of the work in biological anthropology.

**ANTH 401 - Forensic Anthropology - 4**

Applied human osteology, emphasizing ability to identify age, sex, and population type of skeletal material. Effects of disease and behavior on bones.

**ANTH 403 - Visual Language - 3**

Varied theoretical approaches, including film theory, media theory, literary criticism, and linguistic analysis, to compare language of visual imagery with other communicative modes. How meaning is conveyed through film style, nested and/or contradictory visual messages, narrative structure, and technical choices used to convey mood in classic documentaries. Ethics of representation, filmmaker/subject relations, and role of film as cultural object.

**ANTH 405 - As Others See Us - 3**

Joint American Studies/International Studies seminar surveying international perceptions of U.S. culture.

**ANTH 406 - Arch of the Pacific Islands - 3**

Holistic preview of Pacific Island societies in the past. I will draw from archaeological literature and to a lesser degree ethnographic, linguistic, and biological data. Issues of historic contact, historic archaeology, prehistory, and cultural development in the regions of Polynesia, Melanesia, and Micronesia will be addressed with attention to problems and contributions to anthropology.

**ANTH 411 - Advanced Field Archaeology - 1 to 6**

Archaeological field and laboratory techniques, including excavation, surveying, and artifact analysis and description; general problems of archaeological interpretation; prehistoric data from southeastern U.S. *Prerequisites:* ANTH 101

**ANTH 415 - Ethnographic Research Methods - 3 to 6**

Ethnographic Field Methods classroom instruction and practical experience in techniques of ethnographic fieldwork, including participant observation, household surveys, structured and unstructured interviewing, and genealogies.

**ANTH 422 - Landscape Archaeology - 3**

The course will cover the techniques and strategies employed by archaeologists to reconstruct past landscape, which involves scientific testing, remote sensing, GIS, survey, excavation and environmental analysis. Examples will be drawn from projects across diverse landscape types in Europe, the Middle East, Africa, Central America and Asia. In-field and laboratory application of techniques will be emphasized.

**ANTH 430 - Animal Bone Archaeology - 3 to 6**

Methods and theories of zoo archaeological research. Practical experience in processing, identification, and interpretation of animal bone remains from archaeological sites. *Prerequisite:* ANTH 106

**ANTH 434 - Observing the Earth from Space - 3**

The course will give students the ability to analyze remotely sensed data from satellite images as part of the newly established Joint Programs for Remote Sensing and Health. Students will learn about the physics and mathematics behind remote sensing. They will also learn about wide range of satellite images and techniques to analyze them via ERDAS Imagine, ER Mapper and other programs. Applications of remote sensing to a variety of fields will form a key component of the class. The course will culminate in a term project involving remote sensing applications to the UAB faculty-led initiatives in health, medicine, geography and anthropology. There will be a weekly lab component of the course.

**ANTH 435 - Ethnomed and Ethnopsychiatry - 3**

Approaches and contributions of anthropology to study of health, sickness, and healing. Physical environment and human adaptations as key determinants of health systems; culturally defined concepts of sickness, health, and healing; healing as social and physiological activity. Topics may include life stages, medical knowledge among different human groups, impact of culture contact on medical systems, ecological balance and population control, cultural definitions and treatment of abnormal behavior, healers, health and supernatural, social roles of sick, and illness and social control.

**ANTH 436 - Community Internship - 3 to 6**

Application of anthropological approaches to efforts in public or private sector.

**ANTH 437 - Real World Remote Sensing App. - 3**

This course will be offered as a research seminar focusing on real world applications of remote sensing technology. The course will take place in UAB's Laboratory for Global Health Observation. Students will work closely with UAB professors and scientists at NASA's Marshall Space Flight Center in Huntsville doing original remote sensing research on new satellite datasets. These datasets cover diverse areas including terrorism, global warming, health, anthropology / archaeology, atmospheric studies, urban expansion and coastal management. Students will be responsible for analyzing the satellite imagery and presenting "solutions networks" papers to NASA.

**ANTH 438 - The Conquest of Mexico - 3**

This course examines the Spanish conquest of Mexico from both Spanish and indigenous perspectives. It further surveys the institutionalization of Spanish control over the fallen Aztec Empire and the broader intellectual and material consequences of the conquest.

**ANTH 439 - Ethnography of Mexico - 3**

Survey of the incorporation of rural Mexican communities into the country's developing industrial economy.

**ANTH 450 - Advanced Cultural Anthropology - 3**

Critical review of theoretical approaches in cultural anthropology.

**ANTH 451 - Advanced Archaeological Anth - 3**

Principal theoretical approaches of 20th century archaeology: historical, processual, and post-processual.

**ANTH 452 - Advanced Linguistic Anthropology - 3**

Historical development of theory and field practice of linguistics; acquisition, sociolinguistics, nonverbal communication, semiotics, and ethnosemantics; applied linguistics.

**ANTH 453 - Advanced Biological Anthropology - 3**

Human evolution and primatology; race; human genetics. Tasks performed by biological anthropologists.

**ANTH 460 - Historical Ecology - 3.**

This course explores the topic of Historical Ecology and examines the relationship between humans and their environments from the perspectives of history, anthropology, archaeology, ecology, and biogeography.

**ANTH 481 - Voyage in Anthropology - 6**

This course will engage students in scientific research, hands-on learning, teaching, and public outreach. The course will include the development of teaching tools (multimedia teaching kits, designed and created by students) and materials used in outreach activities such as the creation of a website, DVD's posters, and information pamphlets. This course is designed for students to synthesize and apply knowledge learned in previous anthropology courses, and to provide research driven experiences in public and academic communication and outreach. Knowledge from previous experience will contribute to new knowledge and the development of research project with concrete applications for the public and the Birmingham community. Quantitative Literacy is a significant component of this course (QEP).

**ANTH 483 - Intern in Environmental Study - 1 to 3**

Individually designed program that places students in local environmental organizations, divisions of local businesses or government, or special projects to gain professional experience in preparation for an environmental career.

**ANTH 489 - Special Problems Multimedia Anthropology - 1 to 6**

Supervised study of multimedia applications to anthropological topics. Topics determined by student and instructor interest.

**ANTH 490 - Special Problems in Cultural Anthropology - 3**

Supervised study of specified topic area; defined problem explored in depth; topics determined by student and instructor interest.

**ANTH 492 - Special Problems in Archaeology - 3**

Supervised in-depth study of specified topic area in archaeology. Topics determined by student and instructor interest.

**ANTH 494 - Special Problems in Linguistics - 3**

Supervised in-depth study of specified topic area in linguistics. Topics determined by student and instructor interest.

**ANTH 496 - Special Problems in Biological Anthropology - 3**

Supervised, in-depth study of specified topic area in Biological anthropology. Topic determined by student and instructor interest.

**ANTH 498 - Honors Thesis Research - 3 to 6**

Independent development of research project.

**ANTH 499 - Dir Read: Prob. and Stats - 1**

Directed studies in probability and practical statistics. Descriptive and inferential statistical methods for laboratory and field research. Univariate and bivariate methods (description of distributions, single and multi-sample analysis of means, correlation, regression, non-parametric methods).

## Department of Justice Sciences

**Chair:** John J. Sloan, III**Faculty:** H. Copes, M. Earwood, E. Gardner, J. Grimes, K. Kerley, J. Linville, S. McGrath, K. Morgan, S. Perumean-Chaney**Secondary and Adjunct Faculty:** A. Bej, A. Berry, R. Berry, K. Bowen, J. Duke, J. Glass, P. Greene, C. Harper, J. Ott, J. Phillips, A. Purcell, M. Rector, H. Rivera, T. Singleton, A. Skjellum, C. Smith, J. Sparks, C. Tubbs, R. Turpen, G. Warner, S. Wells, B. Wheatley

The Department of Justice Sciences offers a program of study leading to the Bachelor of Science in Criminal Justice (B.S.), the Master of Science in Criminal Justice (M.S.C.J.), and the Master of Science in Forensic Science (M.S.F.S.). The Department also offers an undergraduate minor in Legal Affairs through its Pre-Law Program, and a minor in Forensic Psychology offered jointly with the Department of Psychology. The department also sponsors category "A" and "B" graduate certificate programs in Computer Forensics jointly offered with the Department of Computer and Information Sciences.

The Bachelor of Science program offers students broad academic exposure to the fields of criminal justice, criminology and law, while providing opportunities for students to concentrate in areas such as corrections, criminology, forensic science, juvenile justice, law, and policing. The primary mission of the program is to educate students by developing in them the basic skills and knowledge necessary in the field of criminal justice, including (1) major theoretical explanations of crime/delinquency; (2) the logic and procedures associated with the research process, including understanding statistical inference and hypothesis testing; (3) the substantive, procedural, and operational aspects of the criminal justice system and its processes; and (4) the ethical foundations for the system. Each of these areas is developed through activities associated with specific courses in the curriculum as well as through an Internship/Capstone experience during the student's senior year. Undergraduate students interested in Forensic Science should consult the M.S.F.S. Program Director to learn more about the field. Students interested in the Legal Affairs minor should contact the Pre-Law Program Director. Students interested in either the Forensic Psychology minor or the graduate certificate programs in Computer Forensics should contact the Department Chair.

### MAJOR REQUIREMENTS FOR CRIMINAL JUSTICE

Requirement	Fulfilled By:	Hrs.
Grade and Residency Requirement	A grade of C or better is required in all Justice Science courses. At least 9 hours must be taken at the 400 – level or higher and 3 hours of 300 – level beyond JS 300. Students must have a 2.3 cumulative GPA prior to applying for internship.	-
Required Justice Sciences	Take all of the following courses: <b>JS 100 JS 220 JS 240 JS 410</b> <b>JS 101 JS 230 JS 300 JS 497/JS 498/ JS 499</b> (Internship and Capstone)	24
Justice Science Electives	Remainder of the courses include minimum 9 hours of electives in one of six areas of concentration and 3 hours of any criminal justice elective OR 12 hours of criminal justice electives from any of the criminal justice courses. Concentrations include: <b>Corrections:</b> <b>JS 340 JS 341 JS 342 JS 343 JS 445</b> <b>Criminology:</b> <b>JS 360 JS 408 JS 441 JS 443 JS 483</b> <b>JS 362 JS 440 JS 442 JS 444</b> <b>Forensic Science:</b> <b>JS 110 JS 250 JS 351 JS 402 JS 453</b> <b>JS 125 JS 350 JS 352 JS 450 JS 456</b> <b>Juvenile Justice:</b> <b>JS 408 JS 411 JS 412 JS 445</b>	12

Justice Science Electives Continued	<b>Law:</b> <b>JS 150 JS 331 JS 333 JS 401 JS 434</b> <b>JS 330 JS 332 JS 335 JS 413 JS 444</b> <b>Policing:</b> <b>JS 320 JS 321 JS 322 JS 402</b> <i>Note: JS 115 can be applied toward this requirement as well as the College-Wide Requirements: Track A requirement.</i>	
Statistics Requirement	Select one of the following <b>JS 120 MA 180 SOC 410 PY 214</b>	3
<b>Total Major Requirements:</b>		<b>39</b>

### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
Minor	A minor is required for this degree.
General Electives	Students must take general electives to reach the 120 semester hour requirement.

### MINOR REQUIREMENTS FOR CRIMINAL JUSTICE

Requirement	Fulfilled By:	Hrs.
GPA Requirement	A C or better is required in all courses applied to the minor.	-
Required Justice Sciences courses	Take all of the following courses: <b>JS 100 JS 101 JS 220 JS 230 JS 240</b>	15
Justice Science Electives	Select six hours from <b>Justice Sciences (JS)</b> courses, with both courses being at the 300-level or above.	6
<b>Total Minor Requirements:</b>		<b>21</b>

## Honors Program in Criminal Justice

### Purpose

The Criminal Justice Honors Program encourages and prepares outstanding students to pursue a career in the field of Criminology/Criminal Justice by providing an opportunity to conduct research under the guidance of a faculty mentor. The program promotes initiative, creativity, and independent thinking among academically talented students.

### Eligibility

Students are admitted to the Honors Program based on an evaluation conducted by the Honors Program Coordinator and a committee of faculty members. Students seeking admission to the Honors Program must:

- Be a second semester junior (students are admitted to the Honors Program during the summer preceding their senior year);
- Have completed all required courses for the criminal justice major by the time they enter the program;
- Have a cumulative GPA of 3.25 or higher and a GPA of 3.25 or higher in all Justice Sciences courses attempted;
- Complete and submit an application for admission to the Honors Program Coordinator;
- Schedule and complete an interview with the Honors Program Coordinator.

### Requirements

Requirements for the Honors Program include completing the remainder of the students' elective courses for the Criminal Justice major; completing (with a grade of "B" or better), JS481: Honors Seminar (Fall semester) and JS482: Honors Research and Colloquium (Spring semester); completing the Honors Research Project and presenting the results of the project at either the Department's Honor's Research Colloquium or at professional conference, such as the Annual Meetings of the Southern Criminal Justice Association.

## Benefits

Participation in the Criminal Justice Honors Program provides opportunities for academically talented students to have unique access to faculty and to interact with other honors students in an environment that encourages creative and innovative thinking. Beyond the fact seminar participation and research experience will be useful for further work in the field of Criminology/Criminal Justice; completion of the honors program is advantageous when applying to graduate programs in the field. Students who complete the program will graduate from UAB "With Honors in Criminal Justice."

## Contact

For additional information on the Justice Sciences Honors Program, please contact Dr. Kent R. Kerley, Department of Justice Sciences, UBOB 210, 1530 3<sup>rd</sup> Ave South, Birmingham AL 35294-4562; Telephone (205) 934-2069; E-mail: [krkerley@uab.edu](mailto:krkerley@uab.edu).

## Legal Affairs Minor (18 Semester Hours)

The minor in Legal Affairs is designed to help students learn to think both critically and creatively about law, rather than to specifically prepare them for law school. Because the program is interdisciplinary and presents law as the subject of liberal inquiry, students in the program examine law from various perspectives. The minor exposes students to both general and specific aspects of both substantive and procedural law – civil and criminal; helps them understand not only litigation, but alternatives to it; provides students the opportunity to enhance their legal research and writing skills; and facilitates student participation in the Pre-Law program's nationally recognized Mock Trial Team.

Consisting of groups of (1) required courses, (2) core electives, and (3) other electives, the Legal Affairs curriculum is sequential, where all elective courses build upon two required courses: JS150 (Foundations of Law) and JS230/PSC 330 (Judicial Process). The curriculum is structured in such a way as to insure that a student can complete its requirements in a typical academic year (Fall – Summer). ***Under no circumstances may a student pursuing the Legal Affairs minor earn dual credit toward his or her major in Criminal Justice and the Legal Affairs minor by completing a course appearing in both curricula.*** Students who are Criminal Justice majors and declared that major after August 1, 2006 will enroll in PSC330 (American Judicial Process) in lieu of JS230. **Students are responsible for fulfilling any prerequisites for courses in the curriculum.**

The 18 semester hours for the Legal Affairs minor require a final grade of C or better in each course. The Department reserves the right to require additional coursework, prerequisites, or a specific grade point average to complete the program of study for the minor.

### LEGAL AFFAIRS MINOR

Requirement	Fulfilled By:	Hrs.
Required Courses	Take all of the following courses: <b>JS 150 JS 230 or PSC 330</b>	6
Core Electives	Select three of the following courses: <b>JS 330 JS 333 JS 336 JS 434 JS 444</b> <b>JS 331 JS 334 JS 412 JS 435 PSC 430</b> <b>JS 332 JS 335 JS 413 JS 437 PSC 431</b>	9
Additional Electives	Choose any <u>one</u> of the following courses: <b>AC 457 AHS 318 CE 431 CE 449 ECY 477</b> <b>HY 409 HY 410 LS 246 PHL 135 PHL 435</b> <b>PY 376 SW 450</b>	3
<b>Total Minor Requirements:</b>		<b>18</b>

A grade of "C" or better required for all courses.

## Forensic Psychology Minor (24 Semester Hours)

The Department of Justice Sciences jointly offers with the Department of Psychology a minor in Forensic Psychology. Forensic Psychology is the professional practice by psychologists within the areas of clinical psychology, counseling psychology, neuropsychology, and school psychology, when they are engaged regularly as experts and represent themselves as such, in an activity primarily intended to provide professional psychological expertise to the judicial system. Forensic psychologist work with individuals who may present a variety of mental health issues within the context of the civil law (e.g., personal injury suits, civil commitment proceedings, child custody disputes, or workers' compensation cases) and criminal law (e.g., insanity, competency to stand trial, assessment of future violence potential, or treatment of sex offenders). A total of 24 semester hours is required to complete the minor.

### FORENSIC PSYCHOLOGY MINOR

Requirement	Fulfilled By:	Hrs.
Required Courses	Take all of the following courses: <b>JS 110 JS 330 JS 402 PY 218 or PY 372</b> <b>JS 125/PY 125 JS 332 PY 376</b>	21
Elective	Select one of the following special topic courses: <b>PY 420 - Special Topics</b> 1) Social Aspects of Forensic Psychology 2) Cognitive Aspects of Forensic Psychology 3) Developmental Aspects of Forensic Psychology 4) Clinical Aspects of Forensic Psychology	3
<b>Total Major Requirements:</b>		<b>24</b>

A grade of "C" or better is required for all courses.

Transfer Students must earn at least 9 hours of PY or JS credit at UAB, 6 hours of which must be at the 300 level or higher. Students may have to satisfy prerequisites before taking some of the courses. Students may have to satisfy prerequisites before taking some of the courses.

**Students who major or minor in Criminal Justice or Psychology or who minor in Legal Affairs, cannot earn dual credit toward fulfilling the requirements for those majors or minors by taking courses in the Forensic Psychology minor.** The Department of Justice Sciences and the Department of Psychology each reserves the right to require a specific grade point average as an additional prerequisite for students enrolling in courses at the 300 level or higher.

## Graduate Programs

The program leading to the Master of Science in Criminal Justice degree emphasizes the acquisition of theoretical perspectives and research skills to analyze the justice system's response to criminal behavior. The program leading to the Master of Science in Forensic Science is laboratory based and offers opportunities for specialization in forensic biology and forensic chemistry. The programs leading to category "A" and "B" certificates in Computer Forensics combines coursework from multiple disciplines including criminal justice, forensic science, and computer science, and is designed to help students familiarize themselves with basic aspects of computer forensics. Consult the respective Program Director, the Department Chair, or the UAB Graduate Catalog for details on these programs.

## Pre-Law Program

The University's Pre-Law Program is housed in the Department and offers a minor in Legal Affairs, as well as being home to the University's nationally competitive and award winning undergraduate Mock Trial team. Consult the Program Director or Department Chair for more information on this program.

## Course Descriptions

### Justice Sciences (JS)

#### **JS 100 - Intro Criminal Justice System - 3**

Introduction to criminal justice as a system consisting of interactions among three main components: police, courts, and corrections and the processes involving those components.

#### **JS 101 - Crime and Criminality - 3**

Examination of the causes and consequences in society of crime/delinquency, including theoretical explanations, sources of data on crime/delinquency, and efforts at controlling the behavior.

#### **JS 110 - Intro to Forensic Science - 3**

Overview of the major components of forensic science including death investigation, toxicology, osteology, questioned documents, law, and criminalistics. Laboratory fee is charged.

#### **JS 115 - Comparative Criminal Justice System - 3**

Analysis of police, judicial, and correctional components of formal systems of social control established by nations representing the world's four major legal cultures: Common Law, Islamic, Napoleonic and Socialist/Marxist.

#### **JS 120 - Descriptive Statistics - 3**

Examination of elementary statistical techniques commonly used in the analyses of data relating to crime and criminal justice. Quantitative Literacy is a significant component of this course (QEP).

#### **JS 125 - Intro to Forensic Psychology - 3**

Overview of issues involving the intersection of law and psychology. Focus on role of clinical assessment of competency, scientific jury selection, expert witnesses in court, punishment and sentencing, and related issues.

#### **JS 150 - Foundations of Law - 3**

Examination and analysis of the evolution, function, and sources of law and legal systems in Western culture.

#### **JS 160 - Intro to Private Security - 3**

Survey of the field of private security, including organizational, administrative, operational, and liability issues common to it.

#### **JS 220 - Police in America: An Overview - 3**

Introduction to the history and evolution of modern law enforcement in the United States, including the role and functions of police in the community. *Prerequisites:* CJ 100 or JS 100

#### **JS 230 - Judicial Process in America - 3**

Introduction to the structure and function of American courts, including judicial selection and behavior, the prosecution function, jury system, and the role of lawyers. *Prerequisites:* CJ 100 or JS 100 or JS 150

#### **JS 240 - Corrections America: An Overview - 3**

Introduction to history and evolution of probation, prisons, parole, and community-based programs for adult and juvenile offenders. *Prerequisites:* CJ 100 and CJ 101 or JS 100 and JS 101

#### **JS 250 - Criminalistics: An Overview - 3**

Introduction to identification and application of major types of physical trace evidence in criminal cases involving analysis and comparison. Laboratory component included; Laboratory fee is charged. *Prerequisites:* CJ 100 and CJ 110 or JS 100 and JS 110

#### **JS 300 - Research Methods in Crim Just - 3**

Introduction to elementary quantitative and qualitative research designs used to collect and analyze criminal justice agency data; includes discussion of program evaluation. *Prerequisites:* CJ 100 and CJ 101 or JS 100 and JS 101

#### **JS 305 - Religion and Crime - 3**

Introduction to the role of religion as a factor in crime/deviance and to commonly occurring faith based programs found in the criminal justice system.

#### **JS 307 - Crime and Everyday Life - 3**

Examination of crime in society and how its impact on citizens, ranging from causing physical, emotional, or economic harm; to causing fear of certain places and people; to accepting myths about the form and patterns that crime takes; to uncritically accepting proposals on what to do about it.

#### **JS 320 - Police Organization and Behavior - 3**

Analysis of the structure and function of police organizations, including effects of peer and group dynamics on decision making. *Prerequisites:* CJ 100 and CJ 101 or JS 100 and JS 101

#### **JS 321 - Police-Community Relations - 3**

Historical and contemporary relationship between police and public; Analysis of crime prevention programs, community participation, and police discretion. *Prerequisites:* CJ 100 and CJ 101 or JS 100 and JS 101

**JS 322 - Legal Aspects of Private Security - 3**

Introduction to an examination of critical legal aspects of private security, including liability issues. *Prerequisite:* JS 160

**JS 330 - Criminal Law - 3**

Analysis of the development of criminal law, including elements of the criminal offense, types of offenses, defenses in criminal cases, appellate case analysis, and legal terminology. *Prerequisites:* CJ 100 or JS 100 or JS 150 and JS 230

**JS 331 - Criminal Procedure - 3**

Introduction to legal rules relating to the criminal process from investigation through punishment. *Prerequisites:* CJ 100 or JS 100 or JS 150 and JS 230

**JS 332 - Criminal Evidence - 3**

Examination of the system of rules and standards, both state and federal, by which admission of proof at criminal trial is regulated. *Prerequisites:* CJ 100 or JS 100 or JS 150 and JS 230

**JS 333 - Trial Advocacy - 3**

Overview of preparations for civil and criminal litigation including courtroom procedure, evidence, and the art of advocacy. *Prerequisites:* CJ 100 or JS 100 or JS 150 and JS 230

**JS 334 - Legal Research and Writing - 3**

Overview of elements of legal research and writing with an emphasis on developing and writing a legal brief, locating sources of legal information, and logically and persuasively applying the information in an argumentative fashion. *Prerequisites:* CJ 100 or JS 100 and JS 150 and JS 230

**JS 335 - Mediation - 3**

Examination of a specific form of alternative dispute resolution (ADR), including its history, development, and processes. *Prerequisites:* CJ 100 or JS 100 and JS 150 and JS 230

**JS 336 - Criminal Investigation: Techniques and Analysis - 3**

Examination of both technical and analytical aspects of the criminal investigative process.

**JS 341 - Correctional Institutions - 3**

Introduction to history, structure, and function of prisons, jails, and juvenile institutions in the United States. Evolution of penology, correctional change strategies, inmate social system, stress, violence, and reform. *Prerequisites:* CS 100 and CJ 101 and JS 100 and JS 101

**JS 342 - Probation and Parole - 3**

Analysis of history, structure, and function of probation and parole systems in the United States; Role of pre-sentence investigation, offender selection and classification, supervision, and administration. *Prerequisites:* CJ 100 and CJ 101 and JS 100 and JS 101

**JS 343 - Community-Based Corrections - 3**

Examination of contemporary redefinition of correctional functions emphasizing development and use of community resources; Diversion of offenders from criminal justice system; Nontraditional correctional programs. *Prerequisites:* CJ 100 and CS 101 or JS 100 and JS 101 and JS 240

**JS 350 - Advanced Criminalistics - 3**

. Advanced identification and application of major types of physical trace evidence in criminal cases involving analysis and comparison. Laboratory component included; Laboratory fee is charged. *Prerequisites:* CJ 100 and CJ 110 and CJ 250 or JS 100 and JS 110 and JS250

**JS 351 - Forensic Science Lab I - 3**

Basic identification and individualization of common, frequently occurring physical evidence materials, with emphasis on trace evidence. Laboratory component included; Laboratory fee is charged. *Prerequisites:* CJ 100 and CJ 110 or JS 100 and JS 110

**JS 352 - Forensic Science Lab II - 3**

Basic identification and individualization of common, frequently occurring physical evidence materials, with emphasis on biological materials. Laboratory component included; Laboratory fee is charged. *Prerequisites:* CJ 100 and CJ 110 or JS 100 and JS 110

**JS 360 - Criminology - 3**

Identification and assessment of early and modern theories concerning the causes of crime in society. *Prerequisites:* CJ 100 and CJ 101 or JS 100 and JS 101

**JS 362 - Victimology - 3**

Examination of the criminal-victim relationship and societal reaction to victims including victim services, restitution, and compensation.

**JS 390 - The Death Penalty in America - 3**

Overview of capital punishment in America including its history and justification, major Supreme Court rulings, current issues, and future decisions.

**JS 402 - Intro to Computer Forensics - 3**

Introduction to the use of analytical and investigative techniques in criminal or civil litigation to identify, collect, examine and preserve evidence/information magnetically stored or encoded.

**JS 403 - Restorative Justice - 3**

Introduction to, and analysis of, movement in criminal justice to institutionalize peaceful approaches to harm, problem-solving and violations of legal and human rights. Includes discussion of specific programs, critical evaluation of these programs, and analysis of future directions of the movement.

**JS 404 - Serial Killers - 3**

Examination of the psychology and sociology of serial killers and case studies and agency responses to these offenders.

**JS 408 - Juvenile Delinquency - 3**

Introduction to the nature, scope, and causes of illegal behavior by juveniles, and societal responses to that behavior.

**JS 410 - Criminal Justice Ethics - 3**

Analysis of systems of ethics and their applicability to problems in the administration of the justice system including those facing police officials, lawyers, judges, and correctional professionals. *Prerequisites:* CJ 100 and CJ 101 or JS 100 and JS 101 and JS 220 and JS 230 and JS 240 and Junior or Senior standing. Criminal Justice majors only.

**JS 411 - Juvenile Justice System - 3**

Introduction to the evolution and operation of specialized agencies and procedures to address juvenile law-breaking, including emerging problems and solutions.

**JS 412 - Juvenile Law - 3**

Review and analysis of historical and emerging statutory and case law in American juvenile justice.

**JS 413 - The Legal Profession - 3**

Weekly seminars conducted by accomplished practitioners in civil litigation, criminal prosecution, criminal defense, labor and employment law, products liability, domestic relations, military justice, environmental, indigent legal aid, and alternative dispute resolution (ADR) techniques.

**JS 434 - Mock Trial Competition - 3**

Represent UAB as member of Mock trial Team in invitational, regional, and national competition. May be repeated for a maximum of 6 hours.

**JS 437 - Cybercrime and Forensics - 3**

Introduction to, and analysis of major forms of cybercrime and computer forensic techniques used to identify, recover, store, and present evidence of those crimes in a court of law. *Prerequisites:* JS 402

**JS 440 - White Collar and Corporate Crime - 3**

Introduction to, and analysis of, illegal/deviant behavior occurring in organizational settings, including crimes committed by and against complex organizations.

**JS 441 - Terrorism and Social Control - 3**

Exploration of causes and consequences of terrorism and how governments respond, including investigation, prosecution, and punishment of terrorists.

**JS 442 - Race, Crime, Gender and Social Policy - 3**

Examination of how subordinate status of minority groups (African Americans, Hispanics, Native Americans and Women) affects interaction with the justice system as offenders, victims, and professionals.

**JS 443 - Women and the Criminal Justice System - 3**

Evaluation of the changing role of women in the justice system as victims, offenders, and professionals.

**JS 444 - Law and Society - 3**

Examination of how law is used to facilitate or retard social change, social control, and social conflict in society.

**JS 445 - Juvenile Corrections - 3**

Examination of historical and contemporary efforts to reduce juvenile delinquency with particular attention to innovative programs and evaluation of their effectiveness.

**JS 450 - Questioned Death Investigation - 3**

Introduction to and analysis of questioned deaths, including techniques used in case investigation; overview and history of coroners' offices in the U.S. Laboratory fee charged. *Prerequisites:* CJ 100 and CJ 110 or JS 100 and JS 110

**JS 451 - Research Methods in Forensic Science - 3**

Review of routinely used methods to conduct forensic science research.

**JS 452 - Questioned Documents - 3**

Introduction to and analysis of questioned documents, including techniques used in case investigation. Laboratory fee charged.

**JS 453 - Investigation of Fires and Explosions - 3**

Introduction to arson investigation including overview of specific techniques used in case investigation. Laboratory fee charged.

**JS 456 - Forensic Anthropology - 3**

Introduction to branch of anatomy concerned with the study of the structure and function of bones with particular emphasis on ability to identify age, sex, and population type of skeletal material.

**JS 460 - Violence: An American Tradition - 3**

Examines violence as an American tradition, including historical acts of violence as catalysts for social change, destructive or negative violence and policies and prevention strategies.

**JS 465 - Cold Case Analysis - 3**

Introduction to the methods used in analyzing unsolved cases, including innovative use of technology, 3rd party investigators, and cold case teams.

**JS 481 - Honors Research- 3**

Develop undergraduate Honors Project. *Prerequisites:* Admission to the Honors Program

**JS 482 - Honors Research and Colloquium- 3**

Completion of undergraduate Honors Project under guidance of faculty member and presentation of project at department colloquium. *Prerequisites:* Admission to the Honors Program

**JS 483 - Patterns in Crime - 3**

Examination of the major correlates of crime and criminality, including age, race, sex, and socio-economic status, examination of major sources of information from which data on crime correlates are gathered.

**JS 490 - Independent Research in Criminal Justice - 1 to 3**

Independent readings, research or project approved and directed by a criminal justice faculty member who supervises proposed plan of study. Permission of Department Chair.

**JS 491 - Independent Research in Criminal Justice - 1 to 3**

Independent readings, research or project approved and directed by a criminal justice faculty member who supervises proposed plan of study. Permission of Department Chair.

**JS 497 - Internship and Capstone for Practitioners - 3 to 6**

Supervised field experience for students already working in a local, state, or federal criminal justice agency and capstone experience for students. Course strongly emphasizes demonstration of student's ability to communicate in written form to appropriate audiences, including competence in grammar and mechanics; understanding and practicing ethical decision making and civic responsibility; and quantitative analysis including construction and interpretation of tables and ability to adequately communicate quantitative information. *Prerequisite:* Permission of Internship Coordinator. May be repeated for a maximum of 12 hours of which no more than 6 hours may be counted toward fulfilling major or minor requirements.

**JS 498 - Distance Internship and Capstone in Criminal Justice - 3 to 6**

Supervised field and capstone experience in criminal justice agency located more than 100 miles from Birmingham. Course strongly emphasizes demonstration of student's ability to communicate in written form to appropriate audiences, including competence in grammar and mechanics; understanding and practicing ethical decision making and civic responsibility; and quantitative analyses including construction and interpretation of tables and ability to adequately communicate quantitative information. *Prerequisite:* Permission of the Internship Coordinator. May be repeated for maximum of 12 hours of which not more than 6 hours may be counted toward fulfilling major or minor requirements.

**JS 499 - Internship and Capstone in Criminal Justice - 3 to 6**

Supervised field experience in local, state, or federal criminal justice agency. Course strongly emphasizes demonstration of ability to communicate in written form to an appropriate audience, including competence in grammar and mechanics; understanding and practicing ethical decision making and civic responsibility; and quantitative analyses including construction and interpretation of tables and ability to adequately communicate quantitative information. *Prerequisite:* Permission of the Internship Coordinator. May be repeated for a maximum of 12 hours of which no more than 6 hours may be counted toward fulfilling major or minor requirements.

## Department of Mathematics

**Chair:** Rudi Weikard

**Associate Chair:** John C. Mayer

**Faculty:** Blokh, Chernov, Dale, Dixon, Hutchison, Johnson, Karpechina, Knowles, Kravchuk, Li, Nkashama, Oversteegen, Saito, Shterenberg, Simanyi, Stansell, Stolz, Vaughan, Weinstein, Zeng, Zou

**Emeriti:** Lewis, O'Neil, Stocks, Ward

The Department of Mathematics offers courses in pure and applied mathematics and a major and minor in mathematics leading to employment in education, government, business, and industry. In addition, mathematics courses are offered to support programs in the physical, social, biological, and health sciences and in engineering, business, and education. Students considering a major or minor in mathematics should consult the undergraduate advisor, Dr. Hutchison, at (205) 934-2154 to arrange for counseling on career and academic objectives and program planning.

The Department of Mathematics Web site ([www.math.uab.edu](http://www.math.uab.edu)) summarizes information about the Departmental programs.

For the major there are four distinct B.S. degree tracks in mathematics:

- I. Mathematics (traditional track)
- II. Mathematics with Honors
- III. Applied Mathematics and Scientific Computation
- IV. Mathematical Reasoning

### MAJOR REQUIREMENTS FOR MATHEMATICS

Requirement	Fulfilled By:	Hrs.
Grade Requirement	A grade of C or better is required in each course counted toward the major.	-
Required Mathematics Courses	40 semester hours with 25 hours at the 300 level or above <b>MA 125 MA 227 MA 434 MA 441</b> <b>MA 126 MA 252 MA 440 MA 491</b> <b>One of the following courses: MA 360, MA 361, MA 461, MA 468</b> <i>Note: Completion of MA 125 automatically satisfies the Core Curriculum Area III: Math requirement. Completion of MA 360 or MA 361 automatically satisfies Track C of the College-Wide Requirements. UAB requires that all students graduating in 2013 or later complete a capstone requirement. Please check the online catalog for the latest update on the math capstone.</i>	
Mathematics Electives	Two or three electives selected from courses numbered 300 or above, each of which must have a calculus (MA 125) prerequisite	
Advanced Mathematics Sequence	In completing the requirements above, students must complete a two course sequence in Mathematics. Eligible sequences are listed below: <b>MA 434 + MA 435 MA 470 + MA 471 MA 455 + MA 461</b> <b>MA 454 + MA 455 MA 485 + MA 486</b> <b>MA 463 + MA 464 MA 474 + MA 475</b>	-
<b>Total Major Requirements:</b>		<b>40</b>

### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
Minor	A minor is required for this degree. Track C (Computer science/Technology) of the college wide requirements must be satisfied by mathematics majors (in addition to either Track A or Track B).
General Electives	Students must take general electives to reach the 120 semester hour requirement.

### Suggested curriculum for the traditional track

Year	Fall	Spring
Freshmen	MA 125	MA 126
Sophomore	MA 227	MA 252 MA 361
Junior	MA 434 MA sequence	MA elective MA sequence
Senior	MA 440 MA elective	MA 441 MA 491

### MINOR REQUIREMENTS FOR MATHEMATICS

Requirement	Fulfilled By:	Hrs.
GPA & Residency Requirement	A minimum grade of C is required in all courses applied to the minor. A minimum of six semester hours above calculus must be completed at UAB.	-
Required Mathematics Courses	Take all of the following courses: <b>MA 125    MA 126    MA 227</b> <i>Note: MA 125 may also satisfy the Core Curriculum Area III: Math requirement; check the Core Curriculum for your particular major.</i>	12
Mathematics Electives	Select nine hours from <b>Mathematics (MA)</b> courses numbered 200 or above, at least 6 semester hours of which must have a calculus (MA 125) prerequisite. ( <b>MA 260</b> and <b>MA 434</b> cannot both be counted.)	9
<b>Total Minor Requirements:</b>		<b>21</b>

### Mathematics Fast-Track Program

The Department of Mathematics has an accelerated program for qualified students. Through this Fast-Track option, a mathematics major can earn a BS degree and an MS degree in mathematics in four to five years (depending upon whether summer terms are included). As another option, students can pursue a BS in mathematics and an MS in biostatistics by choosing the biostatistics track at the end of the third year. Each individual Fast-Track student works with a mentor from the graduate faculty on a mathematics research project during every term. Fast-Track students will usually begin taking graduate mathematics courses after the third year, and are automatically admitted to the graduate program in the fourth year, if performing satisfactorily. Students who complete this program will be prepared for continued graduate work in mathematics and the sciences, or for careers in industry. Fast-Track scholarships are available. For more information, contact the Undergraduate Program Director, Dr. Mayer, at (205) 934-2154.

### Honors Program

The Mathematics Honors Program is designed for advanced, motivated students. Through a mentored research program format and seminars, research and communication skills are developed in preparation for a graduate or professional career.

The Mathematics Honors Program fosters a spirit of inquiry, independence, and initiative along with providing an overview of the relationships among the branches of mathematics studied. The student will have an early opportunity to tackle a mathematical research project while interacting one-on-one with faculty members in a research setting. The mentoring, the approved seminars, and the oral presentation or poster should all contribute to the student's development. Upon completion of the program, the student will graduate "With Honors in Mathematics."

#### Acceptance into the Mathematics Honors Program requires the student:

- to be a mathematics major in the traditional track;
- to have earned a 3.5 GPA in mathematics courses attempted;
- to have earned a 3.0 GPA overall;
- to have arranged with one or more faculty mentors to work on undergraduate research projects for six semester hours distributed over two or more terms; and

- to have filled out and submitted the Mathematics Honors Program application form to the Undergraduate Program Director.

Major requirements for the Mathematics Honors Program:

- To be a mathematics major in the traditional track;
- To complete an additional 9 hours of approved seminar (3 hours) and research (6 hours); and
- To have earned a 3.5 GPA in mathematics courses and a 3.0 GPA overall.

#### Suggested curriculum for the honors program

Year	Fall	Spring
Freshmen	MA 125	MA 126
Sophomore	MA 227	MA 252 MA 361
Junior	MA 434 MA sequence	MA elective MA sequence
Senior	MA 440 MA elective MA 499	MA 441 MA 491 MA 499

### Applied Mathematics and Scientific Computation Track

This track aims to provide graduates with the mathematical and computational skills needed to develop and maintain mathematical models from the Sciences, Engineering, Medicine and the Biosciences, Business, and elsewhere.

A mathematical model is a rendering of some real-world system into the language of mathematics, usually taking the form of a single partial differential equation, or a system of such equations. The development of effective mathematical models is a fundamental need of our society, based as it is upon science and technology, and these models act as the indispensable link between us humans and the multitude of machines that we use to manage and investigate our world.

#### MAJOR REQUIREMENTS FOR MATHEMATICS IN THE APPLIED MATHEMATICS AND SCIENTIFIC COMPUTATION TRACK

Requirement	Fulfilled By:	Hrs.
Grade Requirement	A grade of C or better is required in each course counted toward the major.	-
Required Mathematics Courses	40 semester hours with 22 hours at the 300 level or above <b>MA 125 MA 227 MA 360</b> <b>MA 126 MA 252 MA 491</b> One of the following courses: MA 260 or MA 434 One of the following courses: MA 461 or MA 486 <i>Note: Completion of MA 125 automatically satisfies the Core Curriculum Area III: Math requirement. Completion of MA 360 or MA 361 automatically satisfies Track C of the College-Wide Requirements. UAB requires that all students graduating in 2013 or later must complete a capstone requirement. Please check the online catalog for the latest update on the math capstone.</i>	
Mathematics Electives	Two additional electives selected from courses numbered 300 or above, and from areas 30-99 of the course numbering system for mathematics	
Advanced Mathematics Sequence	Four electives selected from MA 444, MA 454, MA 455, MA 461, MA 462, MA 463, MA 464, MA 465, MA 467, MA 468, MA 485, and MA 486. In completing these requirements, students must complete one of the following two-course sequences: <b>MA 455 + MA 461 MA 485 + MA 486</b> <b>MA 455 + MA 467 MA 485 + MA 462</b> <b>MA 463 + MA 464</b>	-
<b>Total Major Requirements:</b>		<b>40</b>

### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
Minor	A minor is required in the sciences, engineering, or business for this degree. Track C (Computer science/Technology) of the college wide requirements must be satisfied by mathematics majors (in addition to either Track A or Track B).
General Electives	Students must take general electives to reach the 120 semester hour requirement.

#### Suggested curriculum for the computational track

Year	Fall	Spring
Freshmen	MA 125	MA 126
Sophomore	MA 227 MA 360	MA 252 MA 361
Junior	MA 260 MA sequence	MA elective MA sequence
Senior	MA 485	MA 486 or MA 461 MA 491

### Mathematical Reasoning Track

The Mathematical Reasoning Track is designed to develop a deeper level of understanding of mathematical thinking, including a deepening knowledge of important mathematical ideas, understanding the role of inquiry and reflection in learning mathematics, understanding the role of cultivating a productive disposition in tackling mathematical problems, and developing the ability to communicate mathematics to audiences at different levels. In particular, this track is appropriate for students interested in pursuing certification in mathematics at the middle school level.

#### MAJOR REQUIREMENTS FOR MATHEMATICS IN THE MATHEMATICAL REASONING TRACK

Requirement	Fulfilled By:	Hrs.
Grade Requirement	A grade of C or better is required in each course counted toward the major. Requirements are 32 semester hours in mathematics with 21 at the upper level (courses numbered 300 and above). Nine hours must be taken at the 400 level.	-
Required Mathematics Courses	Take the following courses: <b>MA 106    MA 125    MA 313    MA 361    MA 491</b> <b>MA 110    MA 311    MA 314    MA 411</b> <b>One of the following courses: MA 412 or MA 418</b> <i>Note: Completion of MA 106 automatically satisfies the Core Curriculum Area III: Math requirement. Completion of MA 361 automatically satisfies Track C of the College-Wide Requirements. UAB requires that all students graduating in 2013 or later must complete a capstone requirement. Please check the online catalog for the latest update on the math capstone.</i>	
Mathematics Electives	One additional elective from the following: MA 418, MA 419, MA 472, MA 434, MA 435, MA 473, MA 485, MA 486	
Allowed Substitutions	One of the following substitutions may be made: MA 317 may substitute for MA 105; MA 418, 315, or 485 may substitute for MA 110. The sequence MA 125-126 may be substituted for the sequence MA 106-125	-
<b>Total Major Requirements:</b>		<b>33</b>

## ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
Minor	A minor is required for this degree. Track C (Computer science/Technology) of the college wide requirements must be satisfied by mathematics majors (in addition to either Track A or Track B).
General Electives	Students must take general electives to reach the 120 semester hour requirement.

### Suggested curriculum for the mathematical reasoning track

Year	Fall	Spring
Freshmen	MA 110	MA 106
Sophomore	MA 125 MA 313	MA 314
Junior	MA 311 MA 418	MA 361
Senior	MA 491 MA 411	MA 412

## Course Numbering System

Mathematics course numbers indicate both the level and area of the course. The first digit (0, 1, 2, 3, or 4) indicates developmental (no degree credit), freshman, sophomore, junior, or senior level, respectively. The second and third digits indicate area, according to this scheme:

- 00–10—precalculus
- 11–19—history of mathematics and mathematical reasoning
- 20–29—logic and foundations
- 30–39—algebra
- 40–49—analysis
- 50–59—differential equations
- 60–69—applications-oriented courses
- 70–79—geometry and topology
- 80–89—probability and statistics
- 90–99—special topics, seminars, and independent research

For example, MA 454 (Intermediate Differential Equations) is an advanced level differential equations course. Calculus courses (MA 125, 126, and 227) are exceptions to the area numbering scheme.

## Graduate Programs

The Department of Mathematics offers graduate study leading to the degrees of Master of Science in mathematics (thesis or non-thesis option) and Doctor of Philosophy in applied mathematics. Further information may be obtained from the Graduate Program Director, or the UAB Graduate School Catalog.

*See the UAB Graduate School Catalog for descriptions of graduate courses .*

## Course Descriptions

### Mathematics (MA)

All prerequisite courses must be passed with a grade of C or better. Students who do not meet the prerequisite requirement (s) in any course may be administratively withdrawn from that course.

#### **MA 098 - Basic Algebra - 0**

Arithmetic of integers, rational number, real numbers, exponents, polynomial algebra, factoring, rational functions, linear and quadratic equations, elementary geometry, verbal problems. Designed to prepare students for college level math courses. Consists of three scheduled 50 minute meetings per week. Two of the scheduled meetings are in a classroom setting. The third meeting is scheduled for the UAB Math Learning Lab (MLL). Attendance at the first day of class is mandatory. Attendance at the first lab meeting is mandatory. Students not in attendance on the first day of class or the first lab meeting will be dropped from the course. Non-Credit; does not contribute to any degree requirements. 0.000 credit hours.

#### **MA 102 - Intermediate Algebra - 3**

The course includes the following topics in mathematics. Students are expected to understand and solve problems in these subject areas: absolute values. Cartesian coordinates. Graphs of equations. Concept of a function. Function notation. Lines. Linear systems. Word problems with linear models. Algebra of polynomials. Factoring of polynomials. Polynomial Division. Algebra of fractional expressions. Literal equations. Rational equations. Word problems with rational models. Integer and rational exponents. Algebra of radical expressions. Radical equations. Complex numbers. Introduction to quadratic functions. Quadratic equations. Students not in attendance on the first day will be dropped from the class. Students not in attendance at the first lab meeting will be dropped from the course. On-line section only: MA 102 section QL is an on-line version of MA 102 intended primarily for students who have job conflicts or live a long distance from the campus. There are no lectures or instructor-led lab meetings with this section. Students who need direct instructor support should register for one of the other sections of MA 102. Students in the on-line section should be self-starters who are confident in their ability to master mathematics. Instructor support is available via email.

#### **MA 102L - Intermediate Algebra Lab - 0**

Intermediate algebraic techniques, factoring and divisibility, complex fractions, negative and fractional exponents, completing squares, linear and quadratic models, equation solving, quadratic formula, verbal problems, Cartesian coordinate system, mid-point and distance formulas, graphs or linear equations.

#### **MA 105 - Pre-Calculus Algebra - 3**

Functions from algebraic, geometric (graphical), and numerical points of view, including polynomial, rational, logarithmic, and exponential functions; inverse functions; systems of equations and inequalities; quadratic and rational inequalities; complex and real roots of polynomials; applications and modeling, both scientific and business. Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* MA 102

#### **MA 105L - Pre-Calculus Algebra Lab - 0**

Functions from algebraic, geometric (graphical), and numerical points of view, including polynomial, rational, logarithmic, and exponential functions; inverse functions; systems of equations and inequalities; complex and real roots of polynomials; applications and modeling, both scientific and business.

#### **MA 106 - Pre-Calculus Trigonometry - 3**

Trigonometric functions (circular functions) and their inverses, graphs, and properties; right triangle trigonometry and applications; analytical trigonometry, trigonometric identities and equations; polar coordinates, vectors, complex numbers, and De Moivre's theorem; laws of sines and cosines; conic sections. Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* MA 105

#### **MA 106L - Pre-Calculus Trigonometry Lab - 0**

Trigonometric functions (circular function) and their inverse, graphs, and properties; right triangle trigonometry and application; analytical trigonometry, trigonometric identities and equations; polar coordinates, vectors, complex numbers, and De Moivre's theorem; laws of sines and cosines; conic section.

#### **MA 107 - Precal Algebra/Trigonometry - 4**

Functions, their graphs and applications, including polynomial, rational, algebraic, exponential, logarithmic, and trigonometric functions. A fast-paced course designed as a review of the algebra and trigonometry needed in calculus. Satisfies core curriculum requirement in mathematics. Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* MA 102

#### **MA 109 - Survey of Calculus - 3**

An overview of calculus and its applications for students majoring in business: limits, differentiation and integration of algebraic, logarithmic, and exponential functions; applications to business and economics; functions of several variables; partial derivatives, extrema, and multiple integration. Quantitative Literacy is a significant component of this course (QEP). *Prerequisite:* MA 105 or MA 107

**MA 110 - Finite Mathematics - 3**

MA 110 is about developing quantitative reasoning ability rather than acquiring a set of mathematical skills such as algebra or arithmetic. Student will: compute using arithmetic and elementary algebra in a variety of problem situations; identify a problem and translate verbal descriptions into mathematical form; evaluate the reasonableness of quantitative assertions; interpret and construct graphs, tables, and schematic representations of mathematical relationships; understands elementary probability and is able to draw conclusions based on probability; select and use appropriately quantitative evidence and inferences; communicate results of mathematical investigations in a manner appropriate to the audience. The learning outcomes are realized in the course in a variety of contexts including consumer mathematics, voting theory, apportionment, counting, probability, and descriptive and inferential statistics. Quantitative Literacy is a significant component of this course (QEP).

**MA 110L - Finite Mathematics Lab - 0**

An overview of topics of finite mathematics and applications of mathematics for the liberal arts student. Topics include counting, permutations, combinations, basic probability, descriptive statistics, binomial and normal distributions, statistical inference and additional selected topics.

**MA 120 - Intro to Symbolic Logic - 3**

Modern theory of deductive inference. Emphasis on recognizing valid forms of reasoning. Truth-function theory and some concepts of one-variable quantification theory. May not be used to satisfy Core Curriculum requirement in mathematics.

**MA 125 - Calculus I - 4**

Limit of a function; continuity, derivatives of algebraic, trigonometric exponential, and logarithmic functions, application of derivative to extremal problems, related rates problems, and graphing; Newtons method; the definite integral and its application to area problems. Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* MA 106 or MA 107

**MA 126 - Calculus II - 4**

Fundamental theorem of integral calculus; techniques of integration; applications in integration such as volume, arc length, work, and average value; infinite series; polar coordinates; parametric equations; plane and space vectors; lines and planes in space. Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* MA 125

**MA 180 - Intro to Statistics - 3**

Descriptive and inferential statistics, probability distributions, estimation, hypothesis testing. Recommended that 2 years of high school algebra or MA102 has been completed before taking course. Quantitative Literacy is a significant component of this course (QEP).

**MA 224 - Intermediate Symbolic Logic - 3**

Full development of quantification theory, including identity and definite description, and soundness and completeness proofs. Skill in formal proof emphasized, as well as ability to express arguments from natural language in artificial language. *Prerequisites:* MA 120 and PHL 220

**MA 227 - Calculus III - 4**

Vector functions, functions of two or more variables, partial derivatives, quadric surfaces, multiple integration and vector calculus, including Greens Theorem, curl and divergence, surface integrals, and Gauss' and Stokes' Theorem. *Prerequisites:* MA 126

**MA 252 - Intro Differential Equations - 3**

First order equations, separation of variables, exact equations, integrating factors, initial value problem; second order linear differential equations with constant coefficients, Euler equations, undetermined coefficients, variation of parameters; applications and modeling; additional selected topics. Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* MA 126

**MA 260 - Intro to Linear Algebra - 3**

Linear equations and matrices; real vector spaces, basis, diagonalization, linear transformations; determinants, eigenvalues, and eigenvectors; inner product spaces, matrix diagonalization; applications and selected additional topics. MA 260 and MA 434 may not both be counted toward the major or minor. *Prerequisites:* MA 126

**MA 298 - Research in Mathematics - 1 to 12**

This course covers special topics in mathematics and the applications of mathematics. May be repeated for credit when topics vary. Prerequisites vary with topics. Freshman or sophomore standing recommended.

**MA 311 - History of Mathematics I - 3**

Development of mathematical principles and ideas from an historical viewpoint, and their cultural, educational and social significance. *Prerequisites:* MA 125

**MA 312 - History of Mathematics II - 3**

Development of mathematical principles and ideas from an historical viewpoint, and their cultural, educational and social significance. *Prerequisites:* MA 311

**MA 313 - Patterns, Funct,& Alg Reasoning - 3**

Problem solving experiences, inductive and deductive reasoning, patterns and functions, some concepts and applications of geometry for elementary and middle school teachers. Topics include linear and quadratic relations and functions and some cubic and exponential functions. Number sense with the rational number system including fractions, decimals, and percents will be developed in problem contexts. An emphasis will be on developing algebraic thinking and reasoning. Enrollment in the School of Education or permission of instructor. Recommended that two years of high school algebra or MA102 has been completed before taking course.

**MA 314– Geometric and Proportional Reasoning - 3**

Problem solving experiences, inductive and deductive reasoning, concepts and applications of geometry and proportional reasoning. Topics include analysis of one-, two-, and three-dimensional features of real objects, ratio and proportionality, similarity, and congruence, linear, area, and volume measurement, and the development of mathematically convincing arguments. An emphasis will be on developing geometric and proportional thinking and reasoning. *Prerequisite:* MA 313

**MA 315 - Probabilistic and Stat Reason - 3**

Descriptive and inferential statistics, probability, estimation, hypothesis testing. Reasoning with probability and statistics is emphasized. *Prerequisites:* MA 313

**MA 316 - Numerical Reasoning - 3**

Develop an understanding of numbers and improve numerical reasoning skills specifically with regard to place value, number relationship that build fluency with basis facts, and computational proficiency; develop a deep understanding of numerous diverse computational algorithms; mathematical models to represent fractions, decimals and percents, equivalencies and operations with fractions, decimals and percents; number theory including order of operations, counting as a big idea, properties of number, primes and composites, perfect, abundant and significant numbers, and figurate numbers; inductive and deductive reasoning with number. *Prerequisites:* MA 313

**MA 317 - Extending Algebraic Reasoning - 3**

Extension algebraic and functional reasoning to polynomials, rational, exponential, and logarithmic functions; problem-solving involving transfer among representation (equation, graph, table); proof via symbolic reasoning, contradiction, and algorithm; interpretation of key points on graphs (intercepts, slope, extrema); development of facility and efficiency in manipulating symbolic representations with understanding; appropriate use of technology and approximate versus exact solutions; functions as models. *Prerequisites:* MA 313

**MA 360 - Scientific Programming - 3**

This course is designed to provide the computational skills needed to attempt serious scientific computational tasks. Computers and floating point arithmetic; the GNU/Linux operating system and an introduction to the compiled programming languages FORTRAN (including FORTRAN 95) and C++ in the context of solving systems of linear equations and differential equations arising from practical situations; use of debuggers and other debugging techniques, and profiling; use of callable subroutine packages like LAPACK and differential equation routines; parallel programming a Beowulf system with MPI; introduction to Matlab. *Prerequisites:* MA 126

**MA 361 - Mathematical Modeling - 3**

Mathematical modeling using computer software, including spreadsheets, systems dynamics software, and computer algebra systems; connections to calculus and systems of ordinary differential equations are emphasized. Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* MA 125

**MA 398 - Research in Mathematics - 1 to 12**

This course covers special topics in mathematics and the applications of mathematics. May be repeated for credit when topics vary. Prerequisites vary with topics. Junior standing recommended.

**MA 411 - Integrating Mathematical Ideas - 3**

This course will integrate ideas from algebra, geometry, probability, and statistics. Emphasis will be on using functions as mathematical models, becoming fluent with multiple presentations of functions, and choosing the most appropriate representations for solving a specific problem. Students will be expected to communicate mathematics verbally and in writing through small group, whole group, and individual interactions. *Prerequisites:* MA 125 and (MA 314 or MA 315 or MA 316 or MA 317)

**MA 412 - Connecting Mathematics to Science and Technology - 3**

This course will extend the idea of functions as mathematics models introduced in MA 411 and extend the families of functions that are used as models. Specific models from the earth, life, and physical sciences will be introduced. The role of probability and statistics in model-building will be emphasized. Students will be expected to communicate mathematics verbally and in writing through small group, whole group, and individual interactions. *Prerequisites:* MA 125 and (MA 314 or MA 315 or MA 316 or MA 317)

**MA 418 - Statistics for Teachers - 3**

Descriptive and inferential statistics, probability distributions, estimation, hypothesis testing. Recommended that two years of high school algebra or MA 102 has been completed before taking course. Quantitative Literacy is a significant component of this course (QEP).

**MA 419 - Special Topics for Teachers - 1 to 4**

With permission of instructor, may be used as continuation of any MA 313 through 418 course or any MA 411. May be repeated for credit when topics vary.

**MA 434 - Algebra I: Linear - 3**

Abstract vector spaces, subspaces, dimension bases, linear transformations, matrix algebra, matrix representations of linear transformations, determinants. MA 260 and MA 434 may not both be counted toward the minor. *Prerequisites:* MA 126

**MA 435 - Algebra II: Modern - 3**

Groups, homomorphisms, quotient groups, isomorphism theorems, rings and ideals, integral domains, fields. As time permits, Galois theory, semi-groups, modules, or other areas of algebra may be included. *Prerequisites:* MA 434

**MA 440 - Advanced Calculus I - 3**

Introduction to real numbers, sequences and series of real numbers; functions and continuity; differentiation. This course is taught as a do-it-yourself course and will meet 4 hours per week. Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* MA 227

**MA 441 - Advanced Calculus II - 3**

Introduction to real numbers, sequences and series of real numbers, continuity, differentiation, the Mean Value Theorem, the Riemann Integral, the Fundamental Theorem of Calculus, sequences and series of functions, uniform vs. Point wise convergence, some elementary and special functions. Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* MA 440

**MA 444 - Vector Analysis - 3**

Review and application of multiple integrals; Jacobians and change of variables in multiple integrals; line and surface integrals; Green, Gauss, and Stokes theorems, with applications to physical sciences and computation in spherical and cylindrical coordinates. *Prerequisites:* MA 227

**MA 445 - Complex Analysis - 3**

Analytic functions, complex integration and Cauchy's Theorem, Taylor and Laurent series, calculus of residues and applications, conformal mappings. *Prerequisite:* MA 227

**MA 453 - Transforms - 3**

Theory and applications of Laplace and Fourier transforms. *Prerequisites:* MA 252

**MA 454 - Interm Differential Equations - 3**

Topics from among Frobenius series solutions, Sturm-Liouville systems, nonlinear equations, and stability theory. *Prerequisites:* MA 252

**MA 455 - Partial Diff Equations I - 3**

Classification of second order partial differential equations; background on eigenfunction expansions and Fourier series; integrals and transforms; solutions of the wave equations, reflection of waves; solution of the heat equations in bounded and unbounded media; Laplace's equation, Dirichlet and Neumann problems. *Prerequisites:* MA 252

**MA 456 - Partial Diff Equations II - 3**

Classification of second order partial differential equations; background on eigenfunction expansions and Fourier series; integrals and transforms; solution of the wave equations, reflection of waves; solution of the heat equation in bounded and unbounded media; Laplace's equation, Dirichlet and Neumann problems. *Prerequisites:* MA 455

**MA 461 - Modeling With PDE - 3**

Practical examples of partial differential equations; derivation of partial differential equations from physical laws; introduction to Matlab and its PDE Toolbox, and other PDE packages such as Femlab using practical examples; brief discussion of finite difference and finite element solution methods; introduction to continuum mechanics and classical electrodynamics; parallel programming using MPI and the mathematics department Beowulf system; specialized modeling projects in topics such as ground-water modeling, scattering of waves, medical and industrial imaging, fluid mechanics, and acoustic and electromagnetic applications. Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* (MA 360 and MA 455) or (MA 555 and MA 560)

**MA 462 - Intro Stochastic Differ Equat - 3**

Stochastic differential equations arise when random effects are introduced into the modeling of physical systems. Topics include Brownian motion and Wiener processes, stochastic integrals and the Ito calculus, stochastic differential equations, and applications to financial modeling, including option pricing. *Prerequisites:* MA 485

**MA 463 - Operations Research I - 3**

Mathematical techniques and models with application in industry, government and defense. Topics usually chosen from dynamic, linear, and nonlinear programming; decision theory; Markov chains; queuing theory; inventory control; simulation; network analysis; and selected case studies. *Prerequisites:* MA 227

**MA 464 - Operations Research II - 3**

Mathematical techniques and models with application in industry, government, and defense. Topics usually chosen from dynamic, linear, and nonlinear programming; decision theory; Markov chains; queuing theory; inventory control; simulation; network analysis; and selected case studies. *Prerequisites:* MA 463

**MA 465 - PDE: Finite Diff Meth - 3**

Review of difference methods for ordinary differential equations, including Runge-Kutta, multi-step, adaptive stepsizing, and stiffness; finite difference versus finite element; elliptic boundary value problems, iterative solution methods, self-adjoint elliptic problems; parabolic equations, including consistency, stability, and convergence, Crank-Nicolson method, method of lines; first order hyperbolic systems and characteristics, Lax-Wendroff schemes, method of lines for hyperbolic equations. *Prerequisites:* MA 360 and MA 455

**MA 467 - Gas Dynamics - 3**

Euler's equations for inviscid flows, rotation and vorticity, Navier-Stokes equations for viscous flows, hyperbolic equations and characteristics, rarefaction waves, shock waves and entropy conditions, the Riemann problem for one-dimensional gas flows, numerical schemes. *Prerequisites:* MA 252 and MA 360

**MA 468 - Numerical Analysis - 3**

Introduction to Matlab, integration, interpolation, rational approximation, splines, numerical methods for ordinary differential equations, ordinary differential equation modeling, minimization of functions. Requires Knowledge of C or Fortran. *Prerequisites:* MA 252

**MA 469 - Numerical Analysis II - 3**

Integrals, interpolation, rational approximation, numerical solution of ordinary differential equations, iterative solution of algebraic equations in single variable, least squares. Gaussian elimination of solution of linear equations. *Prerequisite:* MA 468

**MA 470 - Differential Geometry I - 3**

Theory of curves and surfaces: Frenet formulas for curve, first and second fundamental forms of surface; global theory; abstract surfaces, manifolds, Riemannian geometry. *Prerequisites:* MA 227

**MA 471 - Differential Geometry II - 3**

Theory of curves and surfaces: Frenet formulas for curve, first and second fundamental forms of surface; global theory; abstract surfaces, manifolds, Riemannian geometry. *Prerequisites:* MA 470

**MA 472 - Geometry I - 3**

The axiomatic method; Euclidean geometry including Euclidean constructions, basic analytic geometry, transformational geometry, and Klein's Erlanger Program; introduction to fractal geometry. Course integrates intuition/exploration and proof/explanation. *Prerequisites:* MA 125

**MA 473 - Geometry II - 3**

Analytical geometry, Birkhoff's axioms, and the complex plane; structure and representation of Euclidean isometries; plane symmetries; non-Euclidean (hyperbolic) geometry and non-Euclidean transformations; fractal geometry; algorithmic geometry. Course integrates intuition/exploration and proof/explanation. *Prerequisites:* (MA 260 or MA 434) and MA 472

**MA 474 - Intro to Topology I - 3**

Essence and consequences of notion of continuous function developed. Topics include metric spaces, topological spaces, compactness, connectedness, and separation. *Prerequisite:* MA 227

**MA 475 - Intro to Topology II - 3**

Essence and consequences of notion of continuous function developed. Topics include metric spaces, topological spaces, compactness, connectedness, and separation. *Prerequisites:* MA 474

**MA 480 - Intro to Statistics - 3**

Descriptive and inferential statistics, probability distributions, estimation, hypothesis testing. Recommended that two years of high school algebra or MA 102 has been completed before taking course.

**MA 485 - Probability - 3**

Sample spaces; combinations, absolute and conditional probability; discrete and continuous random variables; probability distributions and density functions. *Prerequisites:* MA 126

**MA 486 - Mathematical Statistics - 3**

Confidence intervals, hypothesis testing, analysis of variance and covariance, maximum likelihood estimates, linear regression, tests of fit, robust estimates and tests. Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* MA 485

**MA 490 - Mathematics Seminar - 1 to 3**

Topics vary; may be repeated for credit.

**MA 491 - Senior Seminar - 1**

Career planning, professional ethics, and a historical perspective on the development of mathematics as an integrated body of knowledge. The exit examination for the course is the Mathematics Graduate Record Examination. *Prerequisite:* Senior Status.

**MA 492 - Special Topics in Mathematics - 1 to 3**

Topics vary; may be repeated for credit. *Prerequisite:* vary with topics.

**MA 493 - Special Topics in Mathematics - 1 to 3**

Topics vary; may be repeated for credit. *Prerequisite:* vary with topics.

**MA 494 - Special Topics in Mathematics - 1 to 3**

Topics vary; may be repeated for credit. *Prerequisite:* vary with topics.

**MA495 - Special Topics in Mathematics - 1 to 6**

Topics vary; may be repeated for credit.

**MA 496 - Special Topics in Mathematics - 1 to 6**

Topics vary; may be repeated for credit.

**MA 497 - Special Topics in Mathematics - 1 to 12**

Topics vary; may be repeated for credit.

**MA 498 - Research in Mathematics - 1 to 12**

This course covers special topics in mathematics and the applications of mathematics. May be repeated for credit when topics vary. Prerequisites vary with topics. Senior standing recommended.

**MA 499 - Honors Research in Mathematics - 2**

Mentored research in mathematics leading to a written research report and public presentation in the form of a talk or poster. Admission restricted to students admitted to Honors in Mathematics. *Prerequisite:* Permission of Instructor.

## Department of Music

**Chair:** Jeff W. Reynolds

**Associate Chair:** Dale Reynolds

**Faculty:** Copeland, Fambrough, Gainey, Grall, Hurst-Wajszczuk, Irving, Kasman, Mosteller, Panion, Phillips, Price, Reed, D. Reynolds, J. Reynolds, Roberts, Samuels, Turner

The Department of Music offers the Bachelor of Arts degree with a major in Music. Optional concentrations in Music Education (including teacher certification) and Music Technology are also available in the Bachelor of Arts degree program. Students majoring in other fields may complete a minor in Music or Music Technology and may take music courses as electives. The Department of Music is accredited by the National Association of Schools of Music.

The Department of Music offers instruction at a variety of levels to provide a balanced musical education for a broad spectrum of students. Areas of instruction include music theory and composition, music history and literature, music performance, music education, and music technology. Courses in music theory explore the materials and techniques employed in music composition. History and literature courses present the evolution of musical styles in the context of our cultural heritage and identify certain works that represent the highest levels of artistic achievement. Performance activities develop individual musical skills through personal creative involvement. Music Education prepares students to teach music at the nursery through high school level. Music Technology explores current developments in computers and their applications to and impact on the creation, presentation, and recording of music. Full updated information is available on the Department of Music web site at [www.music.uab.edu](http://www.music.uab.edu).

### Music Ensembles

Students of all majors are invited to participate in a variety of musical ensembles: Blazer Band, Brass Ensembles, Chamber Singers, Computer Music Ensemble, Concert Choir, Gospel Choir, Guitar Ensemble, Jazz Combo, Jazz Ensemble, Marching Band, Opera Workshop, Orchestra, Percussion Ensemble/Steel Drum Band/Electro-Acoustic Music Group, Piano Ensemble, Symphony Band, Wind Symphony, and Woodwind Ensembles.

### Music Scholarships

The Myrtle Jones-Steele and James Darrell McAnnally Scholarships (piano), the Alys Robinson Stephens Scholarship (any instrument or voice) and the Dean's Scholarships in Music are awarded each year to qualified music majors. Choral, Opera, Wind Symphony, and Marching Band Scholarships are also competitively based and are awarded to any full-time student enrolled in the University for participation in those ensembles. The Music Technology and Stevie Wonder Scholarships are awarded to students in the Music Technology program. Auditions are scheduled throughout the year for award for the next academic year. For an application or further information about music scholarships or any of the programs and activities described above, call the Department office, telephone (205) 934-7376.

## Admittance for Music Majors

Students who wish to pursue a degree in music must first apply for admission to the UAB Office of Undergraduate Admissions. In addition, students must complete an audition before members of the music faculty for admission to the Department of Music. Auditions are scheduled on several dates throughout the year. Examinations to be administered on audition days will also be required to determine the appropriate placement of students within the curriculum. Students should contact the music office at (205) 934-7376 or email [uabmusic@uab.edu](mailto:uabmusic@uab.edu) for specific audition requirements and to schedule a date on which they may complete this requirement. Once the audition is complete, students will be informed of one of three outcomes: 1) admission to the Department is granted and they may enroll as a music major, 2) admission to the Department is conditional, in which case they are admitted into the Pre-Music program and have one year to gain full admission as a music major, or 3) admission to the Department is denied. In the case of number 2 above, students must re-audition in order to gain full admission as a music major. In the event they are not accepted, they will be advised to seek another major within the University. Once fully or conditionally admitted to the Department of Music, students will work closely with a music faculty advisor who will monitor their progress and advise in the selection of appropriate courses. All students must audition during the term preceding the expected entrance date. Admission to UAB does not guarantee admission to the Department of Music.

## Piano Proficiency

All Music Majors must demonstrate basic proficiency at the piano keyboard prior to graduation. Students who are not able to pass the Piano Proficiency Examination upon entering the music degree program must enroll in Class Piano (MUP 124) until they are able to do so. Up to three semester hours of credit earned in Class Piano may be counted toward electives.

### PIANO PROFICIENCY EXAMINATION REQUIREMENTS

- I. **PURPOSE:** To demonstrate functional keyboard skills at a level appropriate for students majoring in Music, Music Technology, or Music Education.
- II. **PROCEDURE:** All Music, Music Technology, and Music Education majors must pass the Piano Proficiency Examination prior to graduation. Students with considerable experience in piano may be allowed to take the examination during their first term without enrolling for Class Piano. In the event they are not successful, they must begin enrolling in Class Piano until the proficiency exam has been passed. All other students must enroll in Class Piano and continue enrollment until the exam has been passed. Under no circumstances should the proficiency exam be taken later than the end of the junior year. Proficiency examinations will be scheduled during examination week of each semester. The instructor of MUP 125 and two other faculty members will administer the exam. Students wishing to take the proficiency exam must contact the instructor at least one week before the last day of classes to schedule a time and place for the exam. The exam will be approximately fifteen minutes in duration and will cover examples from the areas listed below. The examination may be attempted once each semester until it is passed.
- III. **REQUIREMENTS:** The student is expected to demonstrate proficiencies in the areas of sight-reading, performance, technique, and related functional skills including transposing and improvising simple accompaniments.
  - A. Sight-reading of song arrangements and/or simple solo piano literature such as a selected example from Chapter 5, pages 195-219 in *Progressive Class Piano* by Elmer Heerema.
  - B. Performance:
    1. A solo selected from the following list or from repertoire of comparable difficulty (memorization optional).
      - a. J.S. Bach - *Little Preludes*
      - b. Clementi - *Sonatinas*
      - c. Schumann - *Album for the Young*
    2. Two patriotic songs: *America* and *The Star-Spangled Banner*. Music may be used.

### C. Technique:

1. All major and harmonic minor scales: Two octaves in parallel motion, hands together.
2. All major and minor arpeggios: Two octaves, hands together.

### D. Functional Skills:

1. Accompaniment improvisations (see *Progressive Class Piano*; each chapter contains sections on harmonization and improvisation).
2. Transpose a simple accompaniment or song at sight (see *Progressive Class Piano*, Chapter 5 pages 195-204 for examples).
3. Play the progression I-IV-I<sup>6</sup><sub>4</sub>-V<sup>7</sup>-I hands together in all major and minor keys.

## Performance Attendance Requirement

All Music majors are expected to attend Music Department concerts and programs. To satisfy the Department's performance attendance requirement, all music majors must enroll in and successfully complete MUP 001 every term of enrollment, except during the term of student teaching or internship, for a minimum of seven terms. A grade of P (pass) or NP (not pass) will be assigned accordingly for a student's attendance at concerts, Music Convocation, Department-sponsored lectures, and other events approved previously by the Department. For more specific information concerning the Performance Attendance requirement, students are urged to consult the Department of Music's Student Handbook.

## Ensemble Participation Requirement

Students in the B.A. degree program in Music are required to earn credit in at least one music ensemble per term for a minimum of seven terms. At least six of the seven terms of the required ensemble participation must include involvement in one of the following major ensembles: Concert Choir, Marching Band, Wind Symphony, Symphony Band, and Orchestra. Other ensembles may be considered major ensembles, but only for students whose major instrument is listed here: Jazz Ensemble (Guitar and Piano), Guitar Ensemble (Guitar), and Piano Ensemble (Piano). All other ensembles are considered minor ensembles. Credit earned in excess of the seven semester hour minimum requirement stated above may be applied toward electives. Students in the Music Technology program may take up to four of their ensemble hours in Computer Music Ensemble. The remaining three hours must be in the major ensembles named above.

## Teacher Certification

Students who wish to prepare for careers as music teachers in schools at the pre-college level will need to complete the requirements for the professional teaching certificate issued by the Alabama Department of Education. These requirements are met by completing the curriculum for the Bachelor of Arts in Music Education degree.

The Alabama teaching certificate is issued for two teaching fields in music: instrumental music and vocal/choral music, both valid for nursery school through grade twelve. Students in any of the teacher certification areas in Music Education are required to earn credit in at least one music ensemble per term for a minimum of seven terms. In fulfilling the participation requirement, instrumental students must enroll in an instrumental ensemble and vocal/choral students must enroll in a vocal/choral ensemble. At least six terms of the required ensemble participation must include involvement in Concert Choir, Jazz Ensemble, Piano Ensemble, Wind Symphony, Symphony Band, and/or Marching Band. Credit earned in excess of the minimum semester hour requirements for ensembles may be applied to music electives within the general studies portion of the teacher certification program.

## Minor in Music or Music Technology

The minor consists of 26 semester hours of coursework in music. Students who minor in Music or Music Technology should have some prior musical experience and must audition on their performing instrument. Music courses in which a grade below C is earned may not be counted toward the minor. Minors are encouraged to participate in music ensembles throughout their academic program. Students should contact the music office at (205) 934-7376 or email [uabmusic@uab.edu](mailto:uabmusic@uab.edu) for specific audition requirements and to schedule a date on which they may complete this requirement.

## Transfer Students

A student may not apply more hours of transfer credit toward any requirement for a major or minor in music than are awarded for the equivalent courses at UAB. Excess hours in any required area may be applied as electives. Music majors must complete at least nine semester hours in music at UAB. Minors must complete at least six semester hours in music at UAB. See the section of the catalog titled "Completion of a Degree" for additional residency requirements.

The stated requirements for majors and minors in music are intended to assure a balanced academic program. In evaluating transfer credits, therefore, course content as well as the number of credits in particular areas must be considered in order to determine whether courses taken at other colleges satisfy UAB requirements. To be considered equivalent to Music Theory I–IV and Aural Skills I–IV, courses taken at another college must have included "aural skills." If a separate "theory laboratory" was taken, both the laboratory and the related music theory course must have been satisfactorily completed. Transfer students will be required to demonstrate by examinations, auditions, and other means that their current knowledge and skills meet expected standards. Auditions will be required to determine placement in applied music courses and conducting. Transfer students majoring in music will be required to pass the UAB Piano Proficiency Examination unless written verification is provided from the appropriate official at the former college which shows that they have passed an equivalent examination at that institution.

Music majors who transfer to UAB and students who change their major from another field to music may either (1) complete the normal ensemble participation requirement for their degree program or (2) participate in an ensemble during each term they are enrolled as a music major at UAB, with no fewer than three terms of participation in UAB ensembles. In either case, the semester hour ensemble requirement must be met by transfer and/or UAB credit. Students must be officially enrolled in an ensemble in order to fulfill the participation requirement.

Music majors who transfer to UAB and students who change their major from another field to music may either (1) complete the normal performance attendance requirement or (2) enroll in and successfully complete MUP 001 during each term they are enrolled as a music major at UAB, with no fewer than three terms. Courses transferred from a two-year college cannot be used to satisfy requirements for work at advanced levels (courses numbered 300 or higher). No more than 60 semester hours may be transferred from a two-year college.

## Music Honors Program

### Purpose

The Music Honors Program is designed for highly talented, self-motivated students majoring in music. Through individual instruction and mentoring by the student's applied faculty member, he/she will present a full public recital on his/her major instrument or present a series of original compositions. In the Department of Music this program is also referred to as the Young Performing Artists Program.

### Eligibility

- Acceptance to the Music Honors Program requires the student to:
- Be a music major;
- Be of at least sophomore standing in music; and
- Be admitted to 300-level private lessons.

### Requirements

- Have permission of his/her applied instructor;
- Be recommended and accepted to the program by members of the music faculty by way of an end-of-semester jury;
- Present a 30 minute (junior year) and/or 1 hour (senior year) *preliminary* recital before the music faculty. Permission from the faculty must be granted before proceeding to a public recital;
- In consultation with the applied teacher, arrange and program a recital, write program notes, and assemble the program; and
- Present a 30 minute (junior year) and/or 1 hour (senior year) public recital.

### Benefits

Students will receive valuable individual attention and a public recital sponsored by the Department of Music. On most occasions, the performance is accompanied by a professional accompanist and is recorded onto compact disc. This recording is of great use to students when they are applying for music positions, graduate schools, fellowships, and assistantships. Students who complete the program will graduate "With Honors in Music."

## Contact

For more information concerning the Department of Music Honors Program, please contact:

Dr. William Price, Coordinator  
 Young Performing Artists Program  
 234 Hulsey Center  
 Campus Phone: (205) 934-8056  
 E-mail: [[pricewm@uab.edu](mailto:pricewm@uab.edu)]

Dr. Jeff Reynolds, Chair  
 Department of Music  
 231 Hulsey Center  
 Campus Phone: (205) 934-7376  
 E-mail: [[jwr@uab.edu](mailto:jwr@uab.edu)]

## Scheduling of Courses

Certain music courses are offered one time each year or once every two years, according to a Department plan. A copy of this plan may be obtained from the Department of Music. Several courses are offered irregularly, according to need.

## Academic Advising

Each music major is assigned a Departmental academic advisor. The student must meet with his/her advisor before registering for classes each term.

### MAJOR REQUIREMENTS FOR MUSIC

Requirement	Fulfilled By:	Hrs.
Computer Music	Take the following courses: <b>MU 115</b> <i>NOTE: Completing this requirement will also satisfy Track C of the College-Wide Requirements.</i>	3
Requirement	Take the following course: <b>MU 160</b>	1
Music Theory and Aural Skills	Each level of Music Theory and Aural Skills is co-requisite, i.e., they must be taken at the same time. A grade of C or better must be earned in order to proceed to the next level. After this is accomplished, a student may retake one of the two co-requisite courses for the purpose of improving their grade. Take all of the following course pairs: <b>MU 221 + MU 224    MU 321 + MU 324</b> <b>MU 222 + MU 225    MU 322 + MU 325</b>	16
Music History and Literature	Take the following courses: <b>MU 471    MU 472</b>	6
Music Theory Elective	Select three hours from the following courses: <b>MU 359    MU 446    MU 451    MU 458</b> <b>MU 445    MU 448    MU 455    MU 459</b>	3
Music Elective	Select 2 hours from <b>Music (MU)</b> courses numbered 120 or higher or <b>Music Performance (MUP)</b> courses numbered 140 or higher. <b>MU 165    MU 399    MUP 164    MUP 231    MUP 272    MUP 362    MUP 450</b> <b>MU 199    MU 429    MUP 165    MUP 232    MUP 273    MUP 363    MUP 461</b> <b>MU 210    MU 441    MUP 171    MUP 233    MUP 274    MUP 364    MUP 462</b> <b>MU 211    MU 445    MUP 172    MUP 234    MUP 275    MUP 366    MUP 463</b> <b>MU 245    MU 446    MUP 173    MUP 235    MUP 280    MUP 371    MUP 464</b> <b>MU 261    MU 448    MUP 174    MUP 236    MUP 291    MUP 372    MUP 466</b> <b>MU 299    MU 451    MUP 175    MUP 237    MUP 292    MUP 373    MUP 471</b> <b>MU 330    MU 455    MUP 180    MUP 238    MUP 293    MUP 374    MUP 472</b> <b>MU 331    MU 458    MUP 191    MUP 239    MUP 294    MUP 375    MUP 473</b> <b>MU 341    MU 459    MUP 192    MUP 240    MUP 295    MUP 380    MUP 474</b> <b>MU 342    MU 461    MUP 193    MUP 250    MUP 320    MUP 391    MUP 475</b> <b>MU 345    MU 499    MUP 194    MUP 261    MUP 321    MUP 392    MUP 480</b> <b>MU 359    MUP 140    MUP 195    MUP 262    MUP 340    MUP 393    MUP 491</b> <b>MU 364    MUP 150    MUP 220    MUP 263    MUP 341    MUP 394    MUP 492</b> <b>MU 365    MUP 161    MUP 221    MUP 264    MUP 350    MUP 395    MUP 493</b> <b>MU 366    MUP 162    MUP 225    MUP 266    MUP 353    MUP 420    MUP 494</b> <b>MU 367    MUP 163    MUP 230    MUP 271    MUP 361    MUP 440    MUP 495</b>	2

Music History and Literature Electives	Select two of the following courses: <b>MU 261 MU 364 MU 365 MU 366 MU 461</b>	6
Conducting	Take the following course: <b>MU 329</b>	3
Music Ensemble	Students must participate in at least one semester hour of Music Ensemble per term for a minimum of seven terms. Music Ensembles are divided into two groups  The Major Ensembles include the following: <b>MUP 220 MUP 230 MUP 232 MUP 236 MUP 353</b> <b>MUP 225 MUP 231 MUP 235</b>  The Minor Ensembles include the following: <b>MUP 110 MUP 234 MUP 320 MUP 341</b> <b>MUP 221 MUP 237 MUP 321 MUP 420</b>	7
Applied Music	Select six hours from <b>Music Performance (MUP)</b> courses designated "Private Lessons" at the 200 level or higher (each course may be repeated for credit)  <b>MUP 240 MUP 272 MUP 294 MUP 366 MUP 392 MUP 463 MUP 480</b> <b>MUP 250 MUP 273 MUP 295 MUP 371 MUP 393 MUP 464 MUP 491</b> <b>MUP 261 MUP 274 MUP 340 MUP 372 MUP 394 MUP 466 MUP 492</b> <b>MUP 262 MUP 275 MUP 350 MUP 373 MUP 395 MUP 471 MUP 493</b> <b>MUP 263 MUP 280 MUP 361 MUP 374 MUP 440 MUP 472 MUP 494</b> <b>MUP 264 MUP 291 MUP 362 MUP 375 MUP 450 MUP 473 MUP 495</b> <b>MUP 266 MUP 292 MUP 363 MUP 380 MUP 461 MUP 474</b> <b>MUP 271 MUP 293 MUP 364 MUP 391 MUP 462 MUP 475</b>	6
Piano Proficiency	Take the following course: <b>MUP 125</b>	0
Performance Attendance	Take the following course for seven terms: <b>MUP 001</b>	0
<b>Total Major Requirements:</b>		<b>53</b>

### MAJOR REQUIREMENTS FOR MUSIC WITH A CONCENTRATION IN MUSIC TECHNOLOGY

Requirement	Fulfilled By:	Hrs.
Computer Music	Take the following course: <b>MU 115</b> <i>NOTE: Completing this requirement will also satisfy Track C of the College-Wide Requirements.</i>	3
Requirement	Take the following course: <b>MU 160</b>	1
Music Theory and Aural Skills	Each level of Music Theory and Aural Skills is co-requisite, i.e., they must be taken at the same time. A grade of C or better must be earned in order to proceed to the next level. After this is accomplished, a student may retake one of the two co-requisite courses for the purpose of improving their grade. Take all of the following course pairs:  <b>MU 221 + MU 224 MU 321 + MU 324</b> <b>MU 222 + MU 225 MU 322 + MU 325</b>	16
Music Theory Elective	Select three hours from the following courses: <b>MU 359 MU 446 MU 451 MU 458</b> <b>MU 445 MU 448 MU 455 MU 459</b>	3
Music History and Literature: 1750 to present	Take the following course: <b>MU 472</b>	3
Music History and Literature Elective	Select one the following courses: <b>MU 261 MU 471</b>	3

Music Ensemble	Students must participate in at least one semester hour of Music Ensemble per term for a minimum of seven terms. Music Ensembles are divided into two groups, "major ensembles" and "minor ensembles." Students completing the Music Technology concentration have two options for fulfilling this requirement. Option A requires at least six hours in a Major ensemble, with the remaining hour in either a major or minor ensemble. Option B allows students to take up to four hours in the Minor Ensemble course <b>MUP 341</b> , with the remaining hours in Major Ensembles. The Major Ensembles include the following courses: <b>MUP 220 MUP 230 MUP 232 MUP 236 MUP 353</b> <b>MUP 225 MUP 231 MUP 235</b> The Minor Ensembles include the following courses: <b>MUP 110 MUP 234 MUP 320 MUP 321</b> <b>MUP 221 MUP 237 MUP 341 MUP 420</b>	7
Applied Music	Select four hours from <b>Music Performance (MUP)</b> courses designated "Private Lessons" at the 200-level or higher (each course may be repeated for credit). <b>MUP 240 MUP 271 MUP 291 MUP 361 MUP 375 MUP 461 MUP 475</b> <b>MUP 250 MUP 272 MUP 292 MUP 362 MUP 380 MUP 462 MUP 480</b> <b>MUP 253 MUP 273 MUP 293 MUP 363 MUP 391 MUP 463 MUP 491</b> <b>MUP 261 MUP 274 MUP 294 MUP 364 MUP 392 MUP 464 MUP 492</b> <b>MUP 262 MUP 275 MUP 295 MUP 366 MUP 393 MUP 466 MUP 493</b> <b>MUP 263 MUP 276 MUP 296 MUP 371 MUP 394 MUP 471 MUP 494</b> <b>MUP 264 MUP 277 MUP 297 MUP 372 MUP 395 MUP 472 MUP 495</b> <b>MUP 266 MUP 280 MUP 340 MUP 373 MUP 440 MUP 473</b> <b>MUP 267 MUP 281 MUP 350 MUP 374 MUP 450 MUP 474</b>	4
Piano Proficiency	Take the following course: <b>MUP 125</b>	0
Performance Attendance	Take the following course for seven terms: <b>MUP 001</b>	0
Music Technology	Take the following courses: <b>MU 245 MU 342 MU 441</b> <b>MU 341 MU 345 MU 498</b>	16
<b>Total Major Requirements:</b>		<b>56</b>

#### MAJOR REQUIREMENTS FOR MUSIC EDUCATION (INSTRUMENTAL)

Requirement	Fulfilled By:	Hrs.
Public Speaking	Take the following courses: <b>CM 101</b> <i>NOTE: Completing this requirement will also count toward Core Curriculum Area II.</i>	3
Requirement	Take the following course: <b>MU 160</b>	1
Psychology	Take the following course: <b>PY 101</b> <i>NOTE: Completing this requirement will also count toward Core Curriculum Area IV.</i>	3
Computer Music	Take the following courses: <b>MU 115</b> <i>NOTE: Completing this requirement will also satisfy Track C of the College-Wide Requirements.</i>	3
Music Theory and Aural Skills	Each level of Music Theory and Aural Skills is co-requisite, i.e., they must be taken at the same time. A grade of C or better must be earned in order to proceed to the next level. After this is accomplished, a student may retake one of the two co-requisite courses for the purpose of improving their grade. Take all of the following course pairs: <b>MU 221 + MU 224 MU 321 + MU 324</b> <b>MU 222 + MU 225 MU 322 + MU 325</b>	16
Music History and Literature	Take the following courses: <b>MU 471 MU 472</b>	6

Conducting	Take the following courses: <b>MU 329 MU 429</b>	6
Music Ensemble	Students must participate in at least one semester hour of Music Ensemble per term for a minimum of seven terms. Music Ensembles are divided into two groups, "major ensembles" and "minor ensembles." Students completing the Music Technology concentration have two options for fulfilling this requirement. Option A requires at least six hours in a Major ensemble, with the remaining hour in either a major or minor ensemble. #### MINOR REQUIREMENTS FOR MUSIC TECHNOLOGY

Requirement	Fulfilled By:	Hrs.
Music Theory	Take the following courses: <b>MU 221 MU 222</b>	6
Aural Skills	Take the following courses: <b>MU 224 MU 225</b>	2
Music History and Literature	Take the following course: <b>MU 261</b>	3
Music Ensembles	Select four hours from the following courses (all courses may be repeated for credit):  <b>MUP 110 MUP 230 MUP 235 MUP 321</b> <b>MUP 220 MUP 231 MUP 236 MUP 341</b> <b>MUP 221 MUP 232 MUP 237 MUP 353</b> <b>MUP 225 MUP 234 MUP 320 MUP 420</b>	4
Applied Music	Select two hours from Music Performance (MUP) courses designated "Private Lessons" (each course may be repeated for credit). <b>MUP 140 MUP 180 MUP 266 MUP 340 MUP 380 MUP 466</b> <b>MUP 150 MUP 191 MUP 271 MUP 350 MUP 391 MUP 471</b> <b>MUP 161 MUP 192 MUP 272 MUP 361 MUP 392 MUP 472</b> <b>MUP 162 MUP 193 MUP 273 MUP 362 MUP 393 MUP 473</b> <b>MUP 163 MUP 194 MUP 274 MUP 363 MUP 394 MUP 474</b> <b>MUP 164 MUP 195 MUP 275 MUP 364 MUP 395 MUP 475</b> <b>MUP 166 MUP 240 MUP 280 MUP 366 MUP 440 MUP 480</b> <b>MUP 171 MUP 250 MUP 291 MUP 371 MUP 450 MUP 491</b> <b>MUP 172 MUP 261 MUP 292 MUP 372 MUP 461 MUP 492</b> <b>MUP 173 MUP 262 MUP 293 MUP 373 MUP 462 MUP 493</b> <b>MUP 174 MUP 263 MUP 294 MUP 374 MUP 463 MUP 494</b> <b>MUP 175 MUP 264 MUP 295 MUP 375 MUP 464 MUP 495</b>	2
Music Technology	Take the following courses: <b>MU 115 MU 245 MU 341</b>	9
<b>Total Minor Requirements:</b>		<b>26</b>

## Course Descriptions

### Music (MU)

#### **MU 100 - Fundamentals of Music - 3**

Basic elements of music and music notation: rhythm, scales, keys, and chords.

#### **MU 115 - Computer Music I - 3**

Concepts, hardware, and programs for creating and performing music with personal computers. *Prerequisite:* MU 100

#### **MU 120 - Music Appreciation - 3**

Guided listening and class discussion covering variety of styles. Emphasis on European concert music of the eighteenth and nineteenth centuries. (CORE AREA II).

#### **MU 130 - Music Appreciation/Concert Goer - 3**

Musical understanding emphasizing elements, styles, and forms in representative masterworks. One lecture per week and attendance at nine concerts during term.

#### **MU 141 - Musical Acoustics - 3**

Physical nature of musical tones (pitch, loudness, and timbre) and numerical basis of scales, tuning, and musical instrument design. Laboratory/discussion including use of oscilloscope to study actual acoustic systems.

#### **MU 159 - Intro to Composition - 3**

Introduction to the craft of musical composition. *Prerequisites:* MU 221 and MU 224

#### **MU 160 - First Year Experience in Music - 1**

The objective of this course is to introduce incoming freshmen to an education in music and music education in context of the university. It is meant to help prepare students for a successful collegiate career in the study of music.

#### **MU 165 - Jazz Style: History and Appr - 3**

American jazz with emphasis on instrumental and vocal performers, jazz bands, and combos. Development of big band, swing, and popular music.

#### **MU 199 - Independent Studies - 1 to 3**

Directed projects in music. Permission of Department Chair based on written proposal submitted prior to registration.

#### **MU 203 - Intro to Music Education - 2**

An introduction to the expectations of the modern-day public school music teacher, including the role of the teacher, curricular and legal expectations of teaching, and historical and philosophical underpinnings of public school music teaching.

#### **MU 210 - Special Workshop - 1 to 3**

Specialized subjects taught as opportunity allows. May be repeated for credit.

#### **MU 211 - Recording Studio Workshop - 1 to 3**

Specialized subjects taught as opportunity allows. May be repeated for credit.

#### **MU 221 - Music Theory I - 3**

Melody, harmony, and rhythm; their interaction in music. Diatonic musical materials with emphasis on choral and simple keyboard idioms. *Prerequisite:* MU 100

#### **MU 222 - Music Theory II - 3**

Continuation of MU 221. *Prerequisites:* MU 221 and MU 224

#### **MU 224 - Aural Skills I - 1**

Required laboratory for MU 221.

#### **MU 225 - Aural Skills II - 1**

Required laboratory for MU 222. *Prerequisite:* MU 224

#### **MU 232 - Instrumental Literature I - 3**

Introduction to the layout of instrumental scores, a history and development of the orchestra, extensive work with transpositions, ranges, and tone colors of instruments, and a survey of instrumental literature. *Prerequisites:* Two terms of Applied Lessons (MUP 161-195).

#### **MU 233 - Piano Literature I - 3**

Survey of the important piano solo repertoire from Bach through Schubert. Examination of the development of keyboard repertoire from the time of the harpsichord through the time of the early piano through playing, analysis and listening. *Prerequisites:* Two terms of Applied Piano.

#### **MU 234 - Vocal Literature I - 3**

Introductory survey of representative non-operatic solo vocal repertoire of North America, the British Isles, and Italy. Techniques of song study, interpretation, and performance practice. *Prerequisites:* Two terms of Applied Voice.

**MU 235 - English and Italian Diction - 2**

Instruction in standard English and Italian stage pronunciation.

**MU 236 - French and German Diction - 2**

Instruction in the standard French and German stage pronunciation. *Prerequisite:* MU 235

**MU 245 - Recording Technology I - 3**

Concepts and techniques of music production in recording studios. Limited enrollment. First class meets on campus.

**MU 261 - Intro to Music Literature - 3**

Score reading and elementary analysis. Chronological survey of styles and forms of each historical period. Basic music reading ability.

**MU 282 - Accompanying - 3**

Principles of accompanying singers and instrumentalists; practical experience in accompanying; and facility in sight-reading for keyboard performers. Experience is gained through assigned projects and/or assigned studio accompanying.

**MU 298 - Intro Technology in the Arts - 3**

Applications of computer-based technology to the arts: music, theatre, video, and visual arts. Demonstrations of multimedia capabilities.

**MU 299 - Independent Studies - 1 to 3**

May be repeated for credit. Permission of Department Chair based on written proposal submitted prior to registration.

**MU 303 - Foundations of Music Education - 3**

Analysis into the historical, social, and philosophical foundations of music education by studying the application of education principles to music and emphasizing the development of a personal philosophy towards music education. *Prerequisite:* MU 203

**MU 321 - Music Theory III - 3**

Introduction to chromatic materials. *Prerequisites:* MU 222 and MU 225

**MU 322 - Music Theory IV - 3**

Chromatic materials, modulation, extensions of tertian harmony, and overview of contemporary techniques. *Prerequisites:* MU 321 and MU 324

**MU 324 - Aural Skills III - 1**

Required laboratory for MU 321. *Prerequisites:* MU 222 and MU 225

**MU 325 - Aural Skills IV - 1**

Required laboratory for MU 322. *Prerequisites:* MU 321 and MU 324

**MU 329 - Conducting I - 3**

Basic conducting techniques and rehearsal procedures.

**MU 330 - Marching Band Techniques - 3**

Organizing and administering a marching band, including show design and computer-assisted drill-writing experience.

**MU 331 - Band Literature - 3**

Frequently performed modern concert band literature.

**MU 332 - Instrumental Literature II - 3**

Introduction to the layout of instrumental scores, a history and development of the orchestra, extensive work with transpositions, ranges, and tone colors of instruments, and a thorough study of instrumental literature including orchestral, wind, and chamber music. *Prerequisite:* MU 232

**MU 333 - Piano Literature II - 3**

Survey of the important solo repertoire from the early Romantic era through the present. Examination of the development of piano technique from Chopin and Liszt through Cage and Crumb by playing, analyzing and listening. *Prerequisite:* MU 233

**MU 334 - Vocal Literature II - 3**

Introductory survey of representative non-operatic solo vocal repertoire of France, Germany, and Austria. Techniques of song study, interpretation, and performance practice. *Prerequisites:* MU 234 and MU 236

**MU 341 - Computer Music II - 3**

Using computer applications, including MIDI and sampling technology, in the creation of musical compositions. *Prerequisite:* MU 115

**MU 342 - Computer Music III - 3**

Continuation of MU 341. Advanced computer music projects utilizing sound synthesis, sound file manipulation, and hard disk recording techniques. *Prerequisites:* MU 222 and MU 225 and MU 341

**MU 345 - Recording Technology II - 3**

Advanced concepts and techniques of multi-track recording in project and professional recording studio, including signal processing mixing and mastering. *Prerequisites:* MU 115 and MU 221 and MU 224 and MU 245

**MU 346 - Legal Aspects of Music Industry - 3****MU 359 - Composition I - 1 to 2**

Discussions and creative projects designed to help beginning composers or arrangers gain experience in handling variety of musical styles, and in shaping musical ideas. May be repeated for maximum of 3 hours credit. *Prerequisite:* MU 322

**MU 364 - American Music - 3**

Music in United States from colonial times to the present. *Prerequisite:* MU 120 or MU 261

**MU 365 - The Evolution of Jazz - 3**

Origins and survey of jazz types and styles. Lectures, recordings, and readings. *Prerequisite:* MU 120 or MU 261

**MU 366 - Music in World Cultures - 3**

Characteristics of musical styles found in various cultures throughout the world. *Prerequisite:* MU 120 or MU 261

**MU 367 - Intro to Ethnomusicology - 3**

Holistic approach to study of music. Musicians' training, instruments, and role in society. Methods for documenting and transcribing, social functions and economic context, and theories of performance and creativity. Ghanaian and Indian traditions, with other music, including Western, as appropriate. *Prerequisites:* (6 hours in ANTH, MU or MUP courses)

**MU 381 - Instrumental Pedagogy - 3**

Overview of important components of teaching instrumental music in the secondary school program, including developing a personal philosophy of music education and teaching strategies. *Prerequisites:* Four terms of Applied Lessons (MUP 161-195)

**MU 382 - Piano Pedagogy - 3**

Study of teaching objectives, techniques, literature, methods and materials (including observation) for the pre-college student as well as the study of the history of the piano and piano mechanism. *Prerequisites:* Two terms of Applied Piano

**MU 383 - Vocal Pedagogy - 3**

Principles of healthy voice production as the foundation for an approach to teaching voice. *Prerequisites:* Two terms of Applied Voice

**MU 399 - Independent Studies - 1 to 3**

Permission of Department Chair based on written proposal submitted prior to registration.

**MU 410 - Music Technology Workshop - 1 to 3****MU 429 - Advanced Conducting/Techniques - 3**

Rehearsal techniques, expression, and interpretation. May occasionally work with University ensembles. *Prerequisite:* MU 329

**MU 441 - Multimedia Productions - 3**

Techniques for producing music for television, film, video, computer presentations, and slide shows using computer-based technologies. *Prerequisites:* MU 342 and MU 345

**MU 445 - Modal Counterpoint - 3**

Important characteristics of vocal polyphonic writing based on modal scales with emphasis on style of Palestrina and other Renaissance composers. *Prerequisite:* MU 222

**MU 446 - Tonal Counterpoint - 3**

Important characteristics of polyphonic writing based on major and minor scales with emphasis on style of J.S. Bach and other eighteenth century composers. *Prerequisite:* MU 322

**MU 448 - Orchestration - 3**

Scoring techniques for orchestra, band, and other instrumental groups. *Prerequisite:* MU 322

**MU 451 - Topics in Music Theory - 3**

Aspects of music theory and analysis. May be repeated for credit. *Prerequisite:* MU 322

**MU 455 - Analysis of Musical Structure - 3**

Principles and techniques of organization in tonal music; analytical methods. *Prerequisite:* MU 322

**MU 458 - Contemporary Techniques - 3**

Techniques and materials employed in contemporary music, including nonfunctional and nontertian harmony, polyharmony, atonal and serial music, contemporary notation. *Prerequisite:* MU 322

**MU 459 - Composition II - 1 to 2**

Directed individual projects in composition and discussions on related topics. May be repeated for credit. *Prerequisite:* MU 359

**MU 461 - Music Literature Seminar - 3**

Selected topics concerning specific periods, genres, and forms. May be repeated for credit.

**MU 471 - Music History and Lit to 1750 - 3**

Major developments of music styles and forms from pre-Christian era through Baroque. Includes critical listening to selected musical examples. *Prerequisite:* MU 322

**MU 472 - Music Hist/Lit 1750-Present - 3**

Classical period through the present. *Prerequisite:* MU 322

**MU 498 - Music Tech Internship - 1 to 2**

Practical experience in recording studios, concert halls, audio-video post production suites, and advertising and publishing agencies. *Prerequisites:* MU 342 and MU 345 and MU 441

**MU 499 - Independent Studies - 1 to 3**

Directed studies in music. Permission of Department Chair based on written proposal prior to registration.

**Music Performance (MUP)****MUP 001 - Performance Attendance - 0**

Attendance at Department-approved musical events such as concerts, recitals, and festivals. Required of music, music technology, and music education majors.

**MUP 110 - Gospel Choir - 1**

Performs traditional and contemporary gospel choral music. Open to students of all majors. May be repeated for credit.

**MUP 122 - Class Voice - 1**

Fundamentals of singing for teaching or performance. Group and individual instruction.

**MUP 124 - Class Piano - 1**

Basic keyboard skills for adult beginner. May be repeated for maximum of 3 hours of credit.

**MUP 125 - Piano Proficiency - 0**

Required of music majors for graduation and music education majors before entering Teacher Education Program (TEP).

**MUP 130 - Class Guitar - 1**

Beginning course in basic guitar techniques and music reading. Student must have a classic or acoustic guitar. Maximum of two semesters allowed for credit.

**MUP 132 - Class Woodwinds - 1**

Basic materials and performance techniques, primarily for music education students.

**MUP 134 - Class Brass - 1**

Basic materials and performance techniques, primarily for music education students.

**MUP 136 - Class Percussion - 1**

Basic materials and performance techniques, primarily for Music Education students.

**MUP 138 - Class Strings - 1**

Basic materials and performance techniques, primarily for Music Education students.

**MUP 140 - Private Lessons: Voice - 1**

Private instruction in voice. Limited to Music majors and minors.

**MUP 150 - Private Lessons: Piano - 1**

Private instruction in piano. Limited to Music majors and minors.

**MUP 161 - Private Lessons: Flute - 1**

Private instruction in flute. Limited to Music majors and minors.

**MUP 162 - Private Lessons: Oboe - 1**

Private instruction in oboe. Limited to Music majors and minors.

**MUP 163 - Private Lessons: Clarinet - 1**

Private instruction in clarinet. Limited to Music majors and minors.

**MUP 164 - Private Lessons: Saxophone - 1**

Private instruction in saxophone. Limited to Music majors and minors.

**MUP 166 - Private Lessons: Bassoon - 1**

Private instruction in bassoon. Limited to Music majors and minors.

**MUP 171 - Private Lessons: Trumpet - 1**

Private instruction in trumpet. Limited to Music majors and minors.

**MUP 172 - Private Lessons: French Horn - 1**

Private instruction in French horn. Limited to Music majors and minors.

**MUP 173 - Private Lessons: Trombone - 1**

Private instruction in trombone. Limited to Music majors and minors.

**MUP 175 - Private Lessons: Tuba - 1**

Private instruction in tuba. Limited to Music majors and minors.

**MUP 180 - Private Lessons: Percussion - 1**

Private instruction in percussion. Limited to Music majors and minors.

**MUP 191 - Private Lessons: Violin - 1**

Private instruction in violin. Limited to Music majors and minors.

**MUP 192 - Private Lessons: Viola - 1**

Private instruction in viola. Limited to Music majors and minors.

**MUP 193 - Private Lessons: Cello - 1**

Private instruction in cello. Limited to Music majors and minors.

**MUP 194 - Private Lessons: Bass - 1**

Private instruction in bass. Limited to Music majors and minors.

**MUP 195 - Private Lessons: Guitar - 1**

Private instruction in guitar. Limited to Music majors and minors.

**MUP 220 - Concert Choir - 1**

Performs choral music representing a variety of periods and styles. Some sight-reading ability necessary. May be repeated for credit.

**MUP 220L - Concert Choir Learning Lab - 0**

Learning Lab for MUP220 Concert Choir. Performs choral music representing a variety of periods and styles. Some sight-reading ability necessary.

**MUP 221 - Jazz Combo - 1**

Performs repertoire of traditional and contemporary jazz for small ensembles. Rehearsals will focus on reading from "Real Books" and will include harmonic analysis as well as a study of basic improvisation, form and style.

**MUP 222 - Advanced Woodwind Methods - 1**

Methods and materials for music educators in the specialized techniques of woodwind (flute, oboe, clarinet, saxophone, bassoon) pedagogy; emphasis on learning through performance and preparing and teaching in-class lessons. *Prerequisite:* MUP 132

**MUP 224 - Advanced Brass Methods - 1**

Methods and materials for music educators in the specialized techniques of brass (trumpet, trombone, horn, euphonium, tuba) pedagogy; emphasis on learning through performing and teaching in-class lessons. *Prerequisite:* MUP 134

**MUP 225 - Symphony Band - 1**

Performs concert band literature. Open to students of all majors. May be repeated for credit.

**MUP 226 - Advanced Percussion Methods - 1**

Methods and Materials for music educators in the specialized techniques of percussion pedagogy; emphasis on learning through performance and preparing and teaching in-class lessons. *Prerequisite:* MUP 136

**MUP 230 - Guitar Ensemble - 1**

Performs original and pre-arranged selections of guitar ensemble literature. May be repeated for credit.

**MUP 231 - Orchestra - 1**

Participation in community orchestra. Open to string students; wind or percussion players must enroll concurrently in MUP 235 or MUP 236.

**MUP 232 - Marching Band - 1**

Supports UAB football program by performing pre-game and half-time shows. May also perform for other special University or community events. Open to students of all majors with marching band experience. May be repeated for credit.

**MUP 233 - Clarinet Choir - 1**

Performs works for clarinet choir in a chamber setting. Open to students of all majors. May be repeated for credit.

**MUP 234 - Percussion Ensemble - 1**

Performs original and pre-arranged selections of concert percussion literature. Advanced percussion skill necessary. Open to students of all majors. May be repeated for credit.

**MUP 235 - Wind Symphony - 1**

Wind Symphony. Performs finest concert band literature. Open to students of all majors. May be repeated for credit.

**MUP 236 - Jazz Ensemble - 1**

Performs classic and contemporary jazz, swing, and rhythm and blues. May be repeated for credit.

**MUP 237 - Blazer Band - 1**

Supports UAB basketball program by performing at games. May also perform for other special University or community events. Open to students of all majors. May be repeated for credit.

**MUP 238 - Brass Ensemble - 1**

Performs works for brass ensemble in a chamber setting. Open to students of all majors. May be repeated for credit.

**MUP 239 - Tuba/Euphonium Ensemble - 1**

Performs works from low brass ensemble in a chamber setting. Open to students of all majors. May be repeated for credit.

**MUP 240 - Private Lessons: Voice - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 250 - Private Lessons: Piano - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 253 - Private Lessons: Jazz Piano - 1 to 2**

Limited to Music Technology majors and minors. Weekly private lesson to be scheduled with the instructor. May be repeated for credit.

**MUP 261 - Private Lessons: Flute - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 262 - Private Lessons: Oboe - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 263 - Private Lessons: Clarinet - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 264 - Private Lessons: Saxophone - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 265 - Jazz Improvisation - 3**

Jazz theory and improvisational techniques. Emphasis on basic repertory of standards and typical jazz forms. Stresses both performance and theory.

**MUP 266 - Private Lessons: Bassoon - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 267 - Private Lessons: Jazz Saxophone - 1 to 2**

Limited to Music Technology majors and minors. Weekly private lesson to be scheduled with the instructor. May be repeated for credit.

**MUP 271 - Private Lessons: Trumpet - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 272 - Private Lessons: French Horn - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 273 - Private Lessons: Trombone - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 274 - Private Lessons Euphonium - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 275 - Private Lessons: Tuba - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 276 - Private Lessons: Jazz Trumpet - 1 to 2**

Limited to Music Technology majors and minors. Weekly private lesson to be scheduled with the instructor. May be repeated for credit.

**MUP 277 - Private Lessons: Jazz Trombone - 1 to 2**

Limited to Music Technology majors and minors. Weekly private lesson to be scheduled with the instructor. May be repeated for credit.

**MUP 280 - Private Lessons: Percussion - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 281 - Private Lessons: Jazz Percussion - 1 to 2**

Limited to Music Technology majors and minors. Weekly private lesson to be scheduled with the instructor. May be repeated for credit.

**MUP 291 - Private Lessons: Violin - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 292 - Private Lessons: Viola - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 293 - Private Lessons: Cello - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 294 - Private Lessons: Bass - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 295 - Private Lessons: Guitar - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 296 - Private Lessons: Jazz Guitar - 1 to 2**

Limited to Music Technology majors and minors. Weekly private lesson to be scheduled with the instructor. May be repeated for credit.

**MUP 297 - Private Lessons: Jazz Bass - 1 to 2**

Limited to Music Technology majors and minors. Weekly private lesson to be scheduled with the instructor. May be repeated for credit.

**MUP 320 - Chamber Singers - 1**

Advanced choral group. Performs variety of choral music representing different periods and styles. By audition only. Advanced music-reading skills required. May be repeated for credit.

**MUP 321 - Women's Chorale - 1**

Performs choral music for women's voices and covers a variety of periods and styles. Some sight-reading ability necessary. May be repeated for credit.

**MUP 340 - Private Lessons: Voice - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 341 - Computer Music Ensemble - 1**

Performs computer and other electronically generated music of various styles. *Prerequisites:* MU 222 and MU 225 and MU 341

**MUP 350 - Private Lessons: Piano - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 353 - Piano Ensemble - 1**

Explores piano literature for multiple performers. May be repeated for credit

**MUP 361 - Private Lessons: Flute - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 362 - Private Lessons: Oboe - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 363 - Private Lessons: Clarinet - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 364 - Private Lessons: Saxophone - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 366 - Private Lessons: Bassoon - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 371 - Private Lessons: Trumpet - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 372 - Private Lessons: French Horn - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 373 - Private Lessons: Trombone - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 374 - Private Lessons: Euphonium - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 375 - Private Lessons: Tuba - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 380 - Private Lessons: Percussion - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 391 - Private Lessons: Violin - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 392 - Private Lessons: Viola - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 393 - Private Lessons: Cello - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 394 - Private Lessons: Bass - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 395 - Private Lessons: Guitar - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 397 - Junior Recital - 0**

Thirty-minute recital presented in the junior year

**MUP 420 - Opera Workshop - 1**

Select member group. Performs staged productions of operas and opera scenes. Requires advanced music-reading skills. May be repeated for credit.

**MUP 440 - Private Lessons: Voice - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit. *Prerequisite:* MUP 340

**MUP 450 - Private Lessons: Piano - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit. *Prerequisite:* MUP 350

**MUP 461 - Private Lessons: Flute - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit. *Prerequisite:* MUP 361

**MUP 462 - Private Lessons: Oboe - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit. *Prerequisite:* MUP 362

**MUP 463 - Private Lessons: Clarinet - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit. *Prerequisite:* MUP 363

**MUP 464 - Private Lessons: Saxophone - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit. *Prerequisite:* MUP 364

**MUP 466 - Private Lessons: Bassoon - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit. *Prerequisite:* MUP 366

**MUP 471 - Private Lessons: Trumpet - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 472 - Private Lessons: French Horn - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 473 - Private Lessons: Trombone - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 474 - Private Lessons: Euphonium - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 475 - Private Lessons: Tuba - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 480 - Private Lessons: Percussion - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 491 - Private Lessons: Violin - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 492 - Private Lessons: Viola - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 493 - Private Lessons: Cello - 1 to 2**

Limited to Music majors and minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit.

**MUP 494 - Private Lessons: Bass - 1 to 2**

Limited to Music Majors and Minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit. *Prerequisite:* MUP 394

**MUP 495 - Private Lessons: Guitar - 1 to 2**

Limited to Music Majors and Minors. Weekly performance class and private lesson, to be scheduled with the instructor, are required. May be repeated for credit. *Prerequisite:* MUP 395

## MUP 497 - Senior Recital/Project - 0

One-hour recital presented in the senior year.

## Department of Philosophy

**Chair:** Harold Kincaid

**Faculty:** Abrams, Angner, Arnold, Bak, Benditt, Holcombe, Kincaid, Pence, Price, Ross, Stephens, Sullivan, Vollmer, Whall

The Department of Philosophy offers the Bachelor of Arts degree with a major in philosophy, as well as a minor in philosophy and course offerings for non-majors and non-minors. These include occasional graduate courses for students in other fields. The department also sponsors an interdisciplinary minor in Philosophy and Law and interdisciplinary concentration in Philosophy and Political Economy. Both are described below.

The program for majors is built around two aims. First, the major offers study of the methods, problems, and history of philosophy. Second, it exposes the student to applications of and current developments within the discipline. Through out the major goal is to teach students to present and critically analyze arguments, both orally and written. Graduates of the department have pursued such careers as teaching, law, medicine, counseling, and business.

Further information about the department and its programs may be obtained at the department's Web site: [www.uab.edu/philosophy](http://www.uab.edu/philosophy).

There are three different ways in which to major in philosophy at UAB: three tracks towards the bachelor's degree. These include the general track, the individually designed track, and the honors track.

When a student first declares a major in philosophy, he or she is classified in the general track. Students remain in this track unless they request entry into the individually designed track or are successfully admitted upon request into the honors track. These requests are made of the department chair.

The general track appeals to students with broad philosophic interests as well as students desiring a second major or in need of class schedule flexibility. The individually designed track is designed in consultation with a faculty advisor. Concentrations are available in applied ethics, bioethics, cognitive science, history of ideas, law and society, religion, and science and the modern world. Students graduating in the honors track receive a certificate at the spring Honors Convocation and graduate "With Honors in Philosophy."

### MAJOR REQUIREMENTS FOR PHILOSOPHY

Requirement	Fulfilled By:	Hrs.
Grade Requirement	No course in which a grade below C has been earned may be counted toward the major.	-
Philosophy Requirements	Select 10 courses from <b>Philosophy (PHL)</b> courses, with 7 courses at the 200-level or higher. <b>PHL 100 PHL 205 PHL 240 PHL 321 PHL 372 PHL 443 PHL 770</b> <b>PHL 115 PHL 208 PHL 270 PHL 322 PHL 375 PHL 470 PHL 790</b> <b>PHL 116 PHL 215 PHL 290 PHL 330 PHL 390 PHL 490 PHL 791</b> <b>PHL 120 PHL 220 PHL 291 PHL 335 PHL 391 PHL 491 PHL 792</b> <b>PHL 125 PHL 230 PHL 292 PHL 341 PHL 392 PHL 492</b> <b>PHL 135 PHL 232 PHL 314 PHL 342 PHL 405 PHL 499</b> <b>PHL 203 PHL 233 PHL 315 PHL 348 PHL 408 PHL 517</b> <b>PHL 204 PHL 239 PHL 320 PHL 350 PHL 435 PHL 590</b> <i>Note: Many courses eligible to fulfill this requirement will also satisfy Track B of the College-Wide Requirements.</i>	30
<b>Total Major Requirements:</b>		<b>30</b>

### Concentration: Philosophy and Political Economy

The [Department of Philosophy](#) together with the [Department of Finance, Economics and Quantitative Methods](#) offer a concentration in **Philosophy and Political Economy**.

The concentration focuses on topics in the intersection of Philosophy, Economics, and Political Science. There are many reasons why it makes sense to study these fields together. Recent disciplinary trends make any firm separation between economics, political economy, moral and social philosophy and philosophy of social science arbitrary. There is a standard set of problems and tools for dealing with them that belong to no one discipline.

Students in the PPE concentration will work with faculty in both departments. Many of these faculty specialize on topics in the intersection of Philosophy, Politics and Economics, and their work is recognized world-wide.

Students with an interest in fundamental research will have ample opportunity to learn what is going on at the research frontier.

Because the PPE concentration trains students to attack a wide range of problems using rigorous analytical techniques, it is an excellent basis for those who are interested in going to graduate school, whether in Philosophy, Economics, or Political Science; for those who want to go to law school; and for those who want to pursue careers in journalism, politics, management, intelligence, marketing, industrial organization, and many other fields.

To get the PPE degree a student must get a Bachelor's degree in Philosophy and satisfy additional requirements. Students who may be interested in getting a PPE degree are encouraged to contact Dr. Erik Angner at [angner@uab.edu](mailto:angner@uab.edu), who will be happy to answer your questions.

#### REQUIREMENTS FOR PHILOSOPHY AND POLITICAL ECONOMY CONCENTRATION

Requirement	Fulfilled By:	Hrs.
Grade Requirement	No course in which a grade below C has been earned may be counted toward the major.	-
Spine requirements	<b>1. MA 109 Survey of Calculus</b> <b>2. One of many introductory statistics courses offered in SBS or SOB</b> <b>3. PHL 322 Behavioral Economics</b> <b>4. PHL 321 Competition and Cooperation (Game Theory)</b> <b>5. PHL 491 Philosophy and Political Economy</b>	15
Economics Requirements	<b>EC 210 Principles of Microeconomics</b> <b>EC 211 Principles of Macroeconomics</b> <b>EC 304 Intermediate Microeconomics</b> <b>Any course approved by the Concentration Coordinator or from the following:</b> <b>EC 301   EC 303   EC 414   EC 420   EC 425</b> <b>EC 310   EC 405   EC 460   EC 490   EC 491</b> <b>EC 404   EC 413   EC 305   EC 308   EC 499</b> <b>EC 411   EC 304   EC 401   EC 403   EC 540</b> <b>EC 440   EC 407   EC 408   EC 409</b>	12
Major Electives	Select 7 PHL courses from below, with no more than 9 hours at the 100 level <b>PHL 100   PHL 208   PHL 290   PHL 335   PHL 392   PHL 499</b> <b>PHL 115   PHL 215   PHL 291   PHL 341   PHL 405   PHL 517</b> <b>PHL 116   PHL 220   PHL 292   PHL 342   PHL 408   PHL 590</b> <b>PHL 120   PHL 230   PHL 314   PHL 348   PHL 435   PHL 770</b> <b>PHL 125   PHL 232   PHL 315   PHL 350   PHL 443   PHL 790</b> <b>PHL 135   PHL 233   PHL 320   PHL 372   PHL 470   PHL 791</b> <b>PHL 203   PHL 239   PHL 321   PHL 375   PHL 490   PHL 792</b> <b>PHL 204   PHL 240   PHL 322   PHL 390   PHL 491</b> <b>PHL 205   PHL 270   PHL 330   PHL 391   PHL 492</b>

### Major in Philosophy with Honors

The Philosophy Honors Program is designed for qualified, self-motivated students. It is suited for those contemplating graduate work in philosophy or in professional fields in which an honors degree is desired. Through special distribution and credit hour requirements and a directed honors thesis, honors students are prepared for in-depth philosophical research and related graduate and professional opportunity. Criteria for entrance to the program are:

- at least sophomore standing;
- at least nine semester hours in UAB philosophy courses;
- at least a 3.30 GPA in UAB philosophy course work; and
- application to the department chair or recommendation by a faculty member of the department.

#### ADDITIONAL REQUIREMENTS FOR HONORS IN PHILOSOPHY DEGREE

Requirement	Fulfilled By:	Hrs.
Course Grade and GPA Requirement	No course in which a grade below C has been earned may be counted toward the major. A 3.33 GPA in <b>Philosophy (PHL)</b> courses is required.	-

Ethics and Value Theory	Select two courses from the following: <b>PHL 115 PHL 125 PHL 215 PHL 232 PHL 315 PHL 335</b> <b>PHL 116 PHL 135 PHL 230 PHL 233 PHL 330</b> <i>Note: Any of the Philosophy courses listed above or in the next two requirements will also satisfy Track B of the College-Wide Requirements.</i>	6
History of Philosophy	Select two courses from the following: <b>PHL 205 PHL 239 PHL 341 PHL 343</b> <b>PHL 215 PHL 240 PHL 342 PHL 348</b>	6
Epistemology/Metaphysics/ Philosophy of Mind/ Logic/ Philosophy of Language/ Philosophy of Science	Select three courses from the following: <b>PHL 215 PHL 270 PHL 320 PHL 372 PHL 408</b> <b>PHL 220 PHL 305 PHL 350 PHL 375 PHL 470</b>	9
Seminar	Select one course from the following: <b>PHL 490 PHL 491 PHL 492</b>	3
Philosophy Electives	Select three courses from the following Philosophy (PHL) courses: <b>PHL 100 PHL 208 PHL 290 PHL 335 PHL 392 PHL 499</b> <b>PHL 115 PHL 215 PHL 291 PHL 341 PHL 405 PHL 517</b> <b>PHL 116 PHL 220 PHL 292 PHL 342 PHL 408 PHL 590</b> <b>PHL 120 PHL 230 PHL 314 PHL 348 PHL 435 PHL 770</b> <b>PHL 125 PHL 232 PHL 315 PHL 350 PHL 443 PHL 790</b> <b>PHL 135 PHL 233 PHL 320 PHL 372 PHL 470 PHL 791</b> <b>PHL 203 PHL 239 PHL 321 PHL 375 PHL 490 PHL 792</b> <b>PHL 204 PHL 240 PHL 322 PHL 390 PHL 491</b> <b>PHL 205 PHL 270 PHL 330 PHL 391 PHL 492</b>	9
Honors Thesis	Take the following course (to register for this course you must first contact the Department of Philosophy): <b>PHL 499</b>	3
<b>Total Major Requirements:</b>		<b>36</b>

#### MINOR REQUIREMENTS FOR PHILOSOPHY

Requirement	Fulfilled By:	Hrs.
Philosophy Requirement	Select 18 hours from <b>Philosophy (PHL)</b> courses, with at least 9 hours at the 200-level or above.	18
<b>Total Minor Requirements:</b>		<b>18</b>

#### Minor Requirements for Philosophy & Law

**Director:** Theodore Benditt (Philosophy)

The Philosophy and Law minor provides interested students with a secondary specialization focusing upon the philosophical underpinnings of the political and legal systems of the United States and the modes of thought found in the legal system. Since legal argument frequently uses ideas found in moral thought, exposure to the theory or history of ethics is critical. The program may be of interest to students contemplating a career in law and related careers, though it is not intended as a pre-law or legal studies program.

#### MINOR REQUIREMENTS FOR PHILOSOPHY & LAW

Requirement	Fulfilled By:	Hrs.
Required Philosophy Courses	Take the following courses: <b>PHL 135 PHL 230 PHL 335</b>	9
Ethical Theory	Select one of the following courses: <b>PHL 125 PHL 215 PHL 315</b>	3
Justice Sciences/Political Science Electives	Select two of the following courses (PSC 441 and PSC 442 cannot both be taken): <b>JS 230 PSC 340 PSC 441 PSC 442</b>	6
<b>Total Minor Requirements:</b>		<b>18</b>

## Course Descriptions

### Philosophy (PHL)

#### **PHL 100 - Intro to Philosophy - 3**

Introductory survey of philosophy, its nature, methods and problems. Topics typically include, among others, God, freedom, knowledge, right and wrong. Classical and/or contemporary readings.

#### **PHL 115 - Contemporary Moral Issues - 3**

Today's moral problems and dilemmas; elementary methods and concepts of moral philosophy. Problems typically include, among others, abortion, euthanasia, capital punishment, and respect for animals and nature.

#### **PHL 116 - Bioethics - 3**

Moral problems and dilemmas in medicine and health affairs; elementary methods and concepts of moral philosophy. Problems typically include, among others, AIDS and human and animal experimentation.

#### **PHL 120 - Practical Reasoning - 3**

Nature of reason and inference, informal reasoning skills, and assessment of arguments. Quantitative Literacy is a significant component of this course (QEP).

#### **PHL 125 - Intro to Ethics - 3**

Elements of moral philosophy. Moral objectivity; connections among morality, rationality, and religion; nature and significance of moral value.

#### **PHL 135 - The Rule of Law - 3**

Law and legal institutions and processes, with emphasis on civil law. Development of legal ideas in such areas as torts, contracts and labor law. Role and history of legal institutions within political framework. Relations between courts and legislatures.

#### **PHL 203 - Philosophy of Religion - 3**

Religion; its nature, warrant, and significance. God, evil, religious experience, faith, and reason.

#### **PHL 204 - Philosophy and Christianity - 3**

What Christians believe and why they believe it; foundations of Christian philosophical thought. Christian concepts of God, Christ, salvation, atonement, faith, and ethics.

#### **PHL 205 - Existentialism - 3**

What existentialists believe and why they believe it; foundations of existentialist philosophical thought. Existentialist concepts of freedom, commitment, anxiety, and authenticity.

#### **PHL 208 - Philosophy of the Arts - 3**

Art; its nature, scope, and significance. Concepts of expression, beauty, artistic creation, and standards of art criticism.

#### **PHL 215 - History of Moral Philosophy - 3**

Socrates to present, focusing on historical development of moral tradition that has shaped Western society. Plato, Aristotle, Aquinas, Hobbes, Hume, Kant, Mill, Nietzsche, and others.

#### **PHL 220 - Intro to Symbolic Logic - 3**

Formal reasoning and formal reasoning skills. Deductive inference and validity, truth-function theory and elementary concepts of quantification theory. Quantitative Literacy is a significant component of this course (QEP).

#### **PHL 230 - Social/Political Philosophy - 3**

Basic principles of political life, their nature, warrant, and scope. Political authority, proper role of government, economic, freedom, rights, and free enterprise system.

#### **PHL 232 - Classical Political Thought - 3**

Development of western political thought from Plato to Augustine; Theories of major political thinkers.

#### **PHL 233 - Modern Political Theory - 3**

Development of western political thought from the early modern era to contemporary debates in works of Machiavelli to Mill. Theories of major political thinkers.

#### **PHL 239 - Class Thought India/China/West - 3**

Conceptions of self, society, and natural world.

#### **PHL 240 - Phil Hist: Socrates/Plato/Aris - 3**

Origins and development of western philosophic traditions, with emphasis on writings of Plato and Aristotle. Concepts of knowledge, reality, and the good life.

#### **PHL 270 - The Scientific Enterprise - 3**

Science; Its nature, scope, and significance. Scientific reasoning; science as social institutions; ethical issues in science

**PHL 290 - Topics in Philosophy - 3**

In-depth examination of one or more problems, authors, or ideas of historical or current interest.

**PHL 291 - Topics in Philosophy - 3**

In-depth examination of one or more problems, authors, or ideas of historical or current interest.

**PHL 292 - Topics in Philosophy - 3**

In-depth examination of one or more problems, authors, or ideas of historical or current interest.

**PHL 314 - Philosophy and Feminism - 3**

Feminism; conceptual foundations, scope, and applications. Problems typically include, among others, feminist concepts of gender, reasoning, knowledge, and ethics. *Prerequisite:* One previous Philosophy course or permission of instructor.

**PHL 315 - Ethics: Good/Evil - 3**

Morality; its nature, principles, and scope. Normative and critical problems in moral philosophy; moral obligation. *Prerequisite:* One previous Philosophy course or permission of instructor.

**PHL 320 - Intermediate Symbolic Logic - 3**

Quantification theory; identity and definite description; soundness and completeness; skill in formal proof and ability to express arguments from natural language into artificial language. *Prerequisites:* MA 120 and PHL 220

**PHL 321 - Cooperation and Competition - 3**

This is an introductory course in game theory. Topics include game forms, Nash and sub-game-perfect equilibrium, von Neumann-Morgenstern utility theory, design and solution of games, strategic implications of uncertainty and information asymmetries, institutions and elementary mechanism design, and basic evolutionary game theory. All topics are taught by application to examples from business, politics, law and individual behavior. Course work will include analysis of philosophical implications and applications. Quantitative Literacy is a significant component of this course (QEP). *Prerequisite:* EC 210

**PHL 322 - Phil Issues in Behav Economics - 3**

This is an intro to the relatively new field of Behavioral Economics. Behavioral economists attempt to develop empirically more plausible accounts of economic behavior by, among other things, incorporating insights from psychology into their models. In this course, we will discuss both theoretical developments and applications in a variety of fields, including industrial organization, marketing, and negotiations. Course work will include analysis of the philosophical issues raised in philosophy of mind, cognitive science, and philosophy of science. *Prerequisite:* EC 210

**PHL 330 - Libertarianism A Political PHL - 3**

Libertarians believe that the legitimate functions of government are limited to protecting peoples rights to life, liberty, and property. As such, libertarianism represents a fundamental challenge to the legitimacy of the modern welfare state. The purpose of this course is to examine systemically the libertarian vision of the proper role of government and the philosophical foundations of that vision. Readings are from historical and contemporary sources. *Prerequisite:* One previous Philosophy course or permission of instructor.

**PHL 335 - Philosophy of Law - 3**

Nature and function of law. Justification of punishment, legal responsibility, judicial review, regulation of pornography, and Constitutional interpretation.

**PHL 341 - History of Phil: Descartes - 3**

Philosophy in modern era, focusing on continental rationalism and British empiricism; emphasis on theories of knowledge and reality; science, religion, and modernism. *Prerequisite:* One previous Philosophy course or permission of instructor.

**PHL 342 - History of Phil: Kant-19th c - 3**

Western philosophic tradition from Kant through end of nineteenth century. Kant, Hegel, Marx, Kierkegaard, and Mill, among others. *Prerequisite:* One previous Philosophy course or permission of instructor.

**PHL 348 - American Philosophy - 3**

Major philosophers of classical American period; Pierce, James, and Dewey. Origins and nature of American pragmatism. *Prerequisite:* One previous Philosophy course or permission of instructor.

**PHL 350 - Philosophy of Language - 3**

Language; its nature, structure, and uses. Reference, meaning, communication, and interpretation; Russell, Wittgenstein, Chomsky, and Quine, among others. *Prerequisite:* One previous Philosophy course or permission of instructor.

**PHL 372 - Minds and Machines - 3**

Artificial intelligence; its philosophical foundations and implications. Topics may include mind-body problem, nature of intelligence, machine models of mind, computational processes, and mental representation. *Prerequisite:* One previous Philosophy course or permission of instructor.

**PHL 375 - Philosophy of Mind - 3**

Mind; its nature, forms, and functions. Concepts of mind/body, consciousness, rationality, and personal identity; free will. *Prerequisite:* One previous Philosophy course or permission of instructor.

**PHL 390 - Topics in Philosophy - 3**

This course is a seminar whose content may be different each time it is taught. It provides instructors with the opportunity to deal with topics that may not be considered in any other course or which may be treated in another course but only at an introductory level. Topics may include: special topics in some area of philosophy, interdisciplinary issues, and important work or works by a great philosopher. *Prerequisite:* One previous Philosophy course or permission of instructor.

**PHL 391 - Topics in Philosophy - 3**

This course is a seminar whose content may be different each time it is taught. It provides instructors with the opportunity to deal with topics that may not be considered in any other course or which may be treated in another course but only at an introductory level. Topics may include: special topics in some area of philosophy, interdisciplinary issues, and important work or works by a great philosopher. *Prerequisite:* One previous Philosophy course or permission of instructor.

**PHL 392 - Topics in Philosophy - 3**

This course is a seminar whose content may be different each time it is taught. It provides instructors with the opportunity to deal with topics that may not be considered in any other course or which may be treated in another course but only at an introductory level. Topics may include: special topics in some area of philosophy, interdisciplinary issues, and important work or works by a great philosopher. *Prerequisite:* One previous Philosophy course or permission of instructor.

**PHL 405 - Epistemology - 3**

Human knowledge; its nature, sources, and limits. Concepts of truth, objectivity, evidence, and belief.

**PHL 408 - Metaphysics: Theory of Reality - 3**

Reality; its basic elements, principles of existence and identity, and appearance and reality. Concepts of cause, matter, mind, realism, and anti-realism. *Prerequisite:* Two previous Philosophy courses or permission of instructor.

**PHL 435 - Philosophy of Law - 3**

Nature and function of law. Justification of punishment, legal responsibility, judicial review, regulation of pornography, and Constitutional interpretation. Requires additional work not required in PHL 335 hours.

**PHL 443 - History of Phil: 20th century - 3**

Major movements and problems of twentieth century philosophy. Moore, Russell, Wittgenstein, and Quine, among others. *Prerequisite:* Two previous Philosophy courses or permission of instructor.

**PHL 470 - Phil Probs in Natural/Soc Sci - 3**

Nature and uses of science. Concepts of explanation, confirmation, scientific law, and theory; special problems in sciences. *Prerequisite:* Two previous Philosophy courses or permission of instructor.

**PHL 490 - Philosophy Seminar - 3**

In-depth examination of one or more problems, authors, or ideas of current or historical interest. Quantitative Literacy is a significant component of this course (QEP). *Prerequisite:* Two previous Philosophy courses or permission of instructor.

**PHL 491 - Philosophy Seminar - 3**

In-depth examination of one or more problems, authors, or ideas of current or historical interest. *Prerequisite:* Two previous Philosophy courses or permission of instructor.

**PHL 492 - Philosophy Seminar - 3**

In-depth examination of one or more problems, authors, or ideas of current or historical interest. *Prerequisite:* Two previous Philosophy courses or permission of instructor.

**PHL 499 - Directed Studies - 1 to 3**

Special arrangement opportunity for in-depth study *Prerequisite:* Two previous Philosophy courses or permission of instructor.

## Department of Physics

**Chair:** David L. Shealy

**Faculty:** Camata, Catledge, DeVore, Fedorov, Gerakines, Harrison, Hilton, Kapoor, Kawai, Lawson, Martin, Mirov, Mohr, Nordlund, Stanishevsky, Tsoi, Vohra, Wang, Wenger, Zvanut

Physics is a basic science concerned with the study of the universe and the matter, space-time, energy and interactions that take place among them. It includes core theories of classical mechanics, electromagnetism, quantum mechanics, relativity, and thermodynamics. Practical applications of these theories are covered in courses such as Biophysics, Laser Physics, Optics, Solid State Physics, and Nanoscale Science & Applications. There are opportunities for physics majors to excel through research participation in funded projects where stipends are available and/or the established NSF/NASA REU Program, by joining the Honors Physics Program, and/or by participating in the Society of Physics Students.

The Department of Physics offers courses in astronomy, physics, and physical science and a B.S. degree, with a major in physics, is offered via three tracks. Advising for all physics majors is provided by a professional advisor in conjunction with faculty members. Throughout the course of study of physics as a major or minor, emphasis is placed on understanding of the theories of physics to solve basic and applied problems in science and technology by using critical thinking and systematic analysis. Physicists work effectively in many careers which require these skills, such as, design and development; programming; quality control; high school teaching; management and administration; financial, medical, and legal services; and applied research.

**For the major, there are three distinct B.S. degree tracks in physics:**

- I. Physics
- II. Biophysics
- III. Physics Education

The Physics Track is designed to prepare students for research and high-tech careers and for graduate study in the physical sciences.

The Biophysics Track is a multidisciplinary program of study designed to place students in medical school, graduate school in the biosciences, teaching positions, high-tech enterprises, or science writing. A balanced, flexible mix of physics, chemistry, biology and math is required.

The Physics Education Track offers a flexible program to prepare students for careers as teachers certified in Physics and allied sciences. A Bachelor of Science degree in Physics is followed by a post-graduate program in the School of Education. Contact the Department of Physics and the School of Education for details.

A Bachelor of Science degree with Honors in Physics is available for all tracks, and offers the motivated and capable Physics Major with the enhanced opportunity to develop the research, problem-solving and communication skills necessary to excel in a scientific career.

The Department of Physics Web site ([www.phy.uab.edu](http://www.phy.uab.edu)) summarizes information about the Departmental programs.

#### MAJOR REQUIREMENTS FOR PHYSICS

Requirement	Fulfilled By:	Hrs.
Grade Requirement	Students must earn a grade of "C" or better in all courses applied to this major.	-
Required Chemistry	Take both of the following courses (with laboratories): <b>CH 115 + CH 116    CH 117 + CH 118</b>	8
Required Mathematics	Take all of the following courses: <b>MA 125   MA 126   MA 227   MA 252</b>	15
Mathematics Elective	Select one <b>Mathematics (MA)</b> course.	3
Required Physics Courses	Take all of the following courses: <b>PH 221   PH 351   PH 432   PH 446   PH 451   PH 462</b> <b>PH 222   PH 352   PH 445   PH 450   PH 461   PH 499</b>	40
Physics Elective	Select One Physics Elective at the 400 level	3
<b>Total Major Requirements:</b>		<b>69</b>

#### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
General Electives	Students must take general electives to reach the 120 semester hour requirement.
Minor	A minor is required for this degree

#### Suggested Curriculum Physics Major [\*,§]

	Fall		Spring	
<b>Freshman</b>	<b>CH 115/116</b>	<b>MA 125</b>	<b>CH 117/118</b>	<b>MA 126</b>
<b>Sophomore</b>	<b>PH 221</b>	<b>MA 227</b>	<b>PH 222</b>	<b>MA 252</b>
<b>Junior</b>	<b>PH 351</b>	<b>MA 260</b>	<b>PH 352</b>	<b>MA 261</b>
	<b>PH 461</b>	<b>PH 420</b>	<b>PH 462</b>	<b>PH 432</b>
<b>Senior</b>	<b>PH 445</b>	<b>PH 450</b>	<b>PH 446</b>	<b>PH 451</b>
	<b>PH 491</b>		<b>PH 499</b>	

\* all suggested curricula are in addition to other required University and NSM courses.  
See [www.catalog.uab.edu](http://www.catalog.uab.edu).

§ Four year templates are located at [www.catalog.uab.edu](http://www.catalog.uab.edu)

## Biophysics Track

The Biophysics Track is a multidisciplinary program of study designed to place students in medical school, graduate school in the biosciences, teaching positions, high-tech enterprises, or science writing. A balanced, flexible mix of physics, chemistry, biology and math is required.

### MAJOR REQUIREMENTS FOR PHYSICS WITH BIOPHYSICS TRACK

Requirement	Fulfilled By:	Hrs.
Grade Requirement	Students must earn a grade of "C" or better in all courses applied to this major.	-
Required Biology	Take both of the following courses: <b>BY 123 BY 124</b>	8
Required Chemistry	Take all of the following courses (with laboratories): <b>CH 115 + CH 116 CH 235 + CH 236</b> <b>CH 117 + CH 118 CH 237 + CH 238</b>	16
Required Mathematics	Take all of the following courses: <b>MA 125 MA 126 MA 227<sup>4</sup> MA 252</b>	15
Mathematics Elective	Select one <b>Mathematics (MA)</b> course.	3
Required Physics Courses	Take all of the following courses: <b>PH 221 PH 222 PH 351 PH 352 PH 432 PH 499</b>	22
Physics Elective	Select approved <b>Physics (PH)</b> courses at the 400 level.	7
<b>Total Major Requirements:</b>		<b>71</b>

<sup>4</sup> ENG 265 can be used in place of MA 227 and MA 444 should be taken in place of MA 252 in this BS Physics Track.

### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
General Electives	Students must take general electives to reach the 120 semester hour requirement.
Minor	A minor is required for this degree

### ADDITIONAL REQUIREMENTS

A biophysics track student who has taken all or part of the PH 201-202 sequence before declaring a physics major may petition to have those courses substitute for PH 221-222. Students seeking physics teaching certification should plan for 32 semester hours in physics courses.

#### Suggested Curriculum Physics Major Biophysics Track [\*, §]

	Fall	Spring
<b>Freshman</b>	<b>CH 115/116 MA 125</b>	<b>CH 117/118 MA 126</b>
<b>Sophomore</b>	<b>PH 221 MA 227</b> <b>CH 235/236</b>	<b>PH 222 MA 252</b> <b>CH 237/238</b>
<b>Junior</b>	<b>PH 351 PH 475</b> <b>PH 420</b>	<b>PH 352 PH 491</b> <b>PH 432</b>
<b>Senior</b>	<b>PH 461</b> <b>PH 445</b>	<b>PH 4xx CH 4XX</b> <b>PH 499</b>

\* All suggested curricula are in addition to other required University and NSM courses. See [www.catalog.uab.edu](http://www.catalog.uab.edu)

§ Four year templates are located at [www.catalog.uab.edu](http://www.catalog.uab.edu)

## MAJOR REQUIREMENTS FOR PHYSICS EDUCATION TRACK

Requirement	Fulfilled By:	Hrs.
Grade Requirement	Students must earn a grade of "C" or better in all courses applied to this major.	-
Required Chemistry	Take both of the following courses (with laboratories): <b>CH 115 + CH 116    CH 117+ CH 118</b>	8
Required Mathematics	Take all of the following courses: <b>MA 125    MA 126</b>	8
Mathematics Elective	Select one <b>Mathematics (MA)</b> course from MA 413-MA 419.	3
Required Physics Courses	Take all of the following courses: <b>PH 221    PH 301 or PH 302    PH 351    PH 432    PH 499</b> <b>PH 222    PH 304 or PH 305    PH 352    PH 490</b>	33
Physics Elective	Select approved <b>Physics (PH)</b> courses at the 400 level.	2
<b>Total Major Requirements:</b>		<b>54</b>

ENG 265 can be used in place of MA 227, and MA 444 should be taken in place of MA 252 in this BS Physics Track.

## ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
General Electives	Students must take general electives to reach the 120 semester hour requirement.
Minor	A minor is required for this degree

## Suggested Curriculum Physics Major Physics Education Track ‡ [\* , §]

	Fall		Spring	
<b>Freshman</b>	<b>MA 125</b>	<b>CH 115/116</b>	<b>MA 126</b>	<b>CH 117/118</b>
<b>Sophomore</b>	<b>PH 221</b> <b>ECY 300</b>	<b>PH 301</b>	<b>MA 418</b> <b>EDT 300</b>	<b>PH 222</b>
<b>Junior</b>	<b>PH 351</b> <b>EDF 362</b>	<b>PH 304</b>	<b>PH 352</b> <b>EPR 363</b>	<b>PH 490</b>
<b>Senior</b>	<b>PH 4xx</b> <b>EHS 401-2</b>	<b>PH 491</b>	<b>PH 499</b> <b>EDR 442</b>

§ Four year templates are located at [www.catalog.uab.edu](http://www.catalog.uab.edu)

‡ Includes courses for Secondary Education Minor

Teacher certification normally requires post-graduate study in the UAB School of Education. Students should acquire advisors in both Physics and Education as soon as possible.

## MINOR REQUIREMENTS FOR PHYSICS

Requirement	Fulfilled By:	Hrs.
GPA & Residency Requirement	A minimum grade of C is required in all courses applied to the minor, as well as all mathematics course prerequisites. A minimum of two physics courses must be completed at UAB.	-
Required Physics courses	Take all of the following courses with laboratories: <b>PH 221    PH 222    PH 351</b> <i>Note: PH 221 and PH 222 may also satisfy the Core Curriculum Area III: Natural Sciences requirement; check the Core Curriculum for your particular major.</i>	12
Physics Electives	Select six hours from approved <b>Physics (PH)</b> courses. See advisor for a list of approved courses. PH 352 and any of PH 42X, PH 47X, PH 48X on the approved lists given to you.	6
<b>Total Minor Requirements:</b>		<b>18</b>

## Honors Program in Physics

The Physics Honors Program offers the motivated and capable physics major enhanced opportunities to develop the research, problem solving, and communication skills necessary for a dedicated effort in the scientific enterprise. By designing, describing, and defending a research project, the honors graduate will have a documented capacity for success in graduate school or in any career where scientific critical thinking, motivation, and accomplishment are valued.

### Eligibility

Acceptance into the Physics Honors Program requires the student to:

- have earned a 3.25 GPA in physics courses attempted;
- have earned a 3.0 GPA overall;
- have completed 16 semester hours in physics, including PH 351-352;
- have arranged with a faculty sponsor to do a physics research project satisfying expectations for six semester hours of Honors Research (PH 495); and
- have submitted the Honors Program Application Form.

### Requirements

Students in the Physics Honors Program are required to have the following:

- approval of the Undergraduate Program Director and selection of an Honors Committee;
- committee approval of a written research proposal by the end of the first term of Honors Research;
- completion of six semester hours of Honors Research, PH 495;
- maintenance of a 3.25 GPA in physics courses and an overall 3.0 GPA;
- a written report in the format required by an appropriate journal; and
- an oral or poster presentation of the research project to the Honors Committee.

Where appropriate, the Honors Committee may recommend that the physics honors student present the work at an appropriate regional or national scientific meeting.

### Benefits

The goal of the Physics Honors Program is to train capable undergraduates for uncommon accomplishment in academic research. The new physics honors graduate will have documented experience and productivity commonly found in second- or third-year graduate students. Ideally, the research project will result in publication and presentation at a national conference, giving the honors graduate strong credentials for graduate or medical/professional school, for industrial research, for science writing, and for teaching. Contacts made through publication and conferences and informed references written by mentor and committee members give the honors graduate a significant edge in the job market. The successful honors student will be recognized at the UAB Honors Convocation and will graduate "With Honors in Physics."

## Graduate Programs

The Department of Physics offers graduate study leading to the degrees of Master of Science and Doctor of Philosophy in physics. The department also participates in an interdisciplinary Ph.D. degree program in materials science. Further information may be obtained from Dr. Yogesh K. Vohra, Graduate Program Director at (205) 934-6662, [ykvohra@uab.edu](mailto:ykvohra@uab.edu), or the UAB Graduate School Catalog.

*See the UAB Graduate School Catalog for descriptions of graduate courses.*

## Course Descriptions

### Astronomy (AST)

#### **AST 101 - Astronomy of the Universe - 3**

Survey of the universe of matter and energy. Interpretation of observations to develop a self-consistent view of the universe, basic physical law and structures, cosmic history and evolution. Quantitative Literacy is a significant component of this course (QEP). Lecture and laboratory. Co-requisite: AST 111 laboratory.

#### **AST 102 - Astronomy of Stellar Systems - 3**

Mechanisms and processes of universe and interrelationships as systems, including nature of stars and galaxies: formation, interior processes, including energy generation, evolution, and galaxies as systems. Quantitative Literacy is a significant component of this course (QEP). Lecture and laboratory. Co-requisite: AST 112 laboratory.

#### **AST 103 - Astronomy of the Solar System - 3**

Descriptive and interpretive approach to solar and interplanetary phenomena, comets, and cometary/meteor relationships, asteroids and planetesimals, planetary surfaces, atmospheres, and interior structures. Physical law governing the solar system and quest for understanding its history and evolution, including formation. Lecture. Co-requisite: AST 113 laboratory.

#### **AST 105 - Extraterrestrial Life - 3**

Interdisciplinary treatment (astronomy, chemistry, biology, planetary science, communications, and information sciences) of the universe as habitat, cosmic chemistry of molecules and evolution, environmental requirements, origin and occurrence of life, search for evidence, intelligence, communication, and contact. Lecture and laboratory. Co-requisite: AST 115 laboratory.

#### **AST 111 - Astronomy of the Universe Lab - 1**

Laboratory experience demonstrates how astronomy is practiced through observation experiences, laboratory experiments, and exercises involving analysis of data. Specific experiences illuminate topics presented in AST101. Must take with AST 101 to receive credit. Quantitative Literacy is a significant component of this course (QEP). Co-requisite: AST 101 lecture. *Prerequisites:* AST 101

#### **AST 112 - Astr Stellar Sys Lab - 1**

Laboratory experience demonstrates how astronomy is practiced through observation experiences, laboratory experiments, and exercises involving analysis of data. Specific experiences illuminate topics presented in AST 102. Must take AST 102 to receive credit. Quantitative Literacy is a significant component of this course (QEP). Co-requisite: AST 102 lecture. *Prerequisites:* AST 102

#### **AST 113 - Ast of Solar Sys Lab - 1**

Laboratory experience demonstrates how astronomy is practiced through observation experiences, laboratory experiments, and exercises involving analysis of data. Specific experiments illuminate topics presented in AST 103. Must take AST 103 to receive credit. Co-requisite: AST 103 lecture. *Prerequisites:* AST 103

#### **AST 115 - Extraterrestrial Life Lab - 1**

Laboratory experience illuminates topics presented in AST 105. Must take AST 105 to receive credit. Co-requisite: AST 105 lecture. *Prerequisites:* AST 105

## Course Descriptions

### Physical Science (PHS)

#### **PHS 101 - Physical Science - 4**

Scientific method and hands-on experience with integrated laboratory, discussion, and lecture. For non-science majors. Lecture and laboratory. *Prerequisite:* Completion of Core Curriculum mathematics requirement (Core Area III). *Co-requisite:* PHS 101L laboratory.

#### **PHS 101L - Physical Science Lab - 0**

*Co-requisite:* PHS 101 Lecture

#### **PHS 110 - Overview of Space Exploration - 3**

Descriptive approach to comparative planetology for non-science majors. Analysis of recent, ongoing, and planned space missions with regard to scientific objectives and experiment design.

**PHS 141 - Musical Acoustics - 3**

Scientific method and hands-on experience with integrated laboratory, discussion, and lecture, emphasizing physical principles and experiences important for understanding musical tones. For non-science majors. See MU 141. *Prerequisite:* Completion of Core Curriculum Mathematics requirement.

**PHS 150 - Science Writing - 3**

Scientific writing skills for science, mathematics, and engineering. Identification of audience and purpose, generation of ideas, organization of information and construction of arguments.

**PHS 211 - Discussion Nature of Matter - 3**

Honors seminar. Evolution of science and scientific method from early Greek origins in context of the study of matter. Non-mathematical, descriptive, and pictorial approach to understanding basic structure of matter and materials of technological interest. See HON 211. Scientific writing skills for science, mathematics, and engineering. Permission of instructor or admission to Honors Program.

**Course Descriptions****Physics (PH)****PH 100 – Preparatory Physics -3**

Designed primarily for students in need of preparation for PH 201 or PH 221. Vectors, kinematics, and dynamics, including conservation laws. Emphasis placed on methods of analyzing physics problems, setting up equations for physics problems, and interpreting information in physics problems.

**PH 191 - Co-op Work Program - 2 to 3**

Co-Op Work Program.

**PH 201 - College Physics I - 4**

First term of non-calculus based physics. Linear and planar motion, Newton's Laws, work and energy, gravitation, momentum, rigid body motion, statics, elasticity, oscillations, waves, sound, fluids, ideal gases, heat, and thermodynamics. Lecture and laboratory. Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* C or better in MA 106 or MA 107, or their equivalent. *Co-requisite:* PH 201L and PH 201R

**PH 201L - College Physics Lab I - 0**

Laboratory for PH 201. *Co-Requisite:* PH 201

**PH 201R - College Physics I - Recitation - 0**

First term of non-calculus based physics. Linear and planar motion, Newton's Law, work and energy, gravitation, momentum, rigid body motion, statics, elasticity, oscillations, waves, sound, fluids, ideal gases, heat, and thermo-dynamics. Lecture and laboratory. *Co-Requisite:* PH 201

**PH 202 - College Physics II - 4**

Second term of non-calculus based physics. Electricity and magnetism, optics, and modern physics. Lecture and laboratory. *Prerequisites:* PH 201 *Co-requisites:* PH 202L and PH 202R

**PH 202L - College Physics Lab II - 0**

Laboratory for PH 202. *Co-requisite:* PH 202

**PH 202R - College Physics II Recitation - 0**

Second term of non-calculus based physics sequence covering electricity and magnetism, optics, and modern physics. Lecture and laboratory. *Co-requisite:* PH 202

**PH 211 - College Physics I Laboratory - 1**

Laboratory for College Physics I.

**PH 221 - General Physics I - 4**

First term of introductory, calculus-based general physics sequence covering classical mechanics; measurements, kinematics, vectors, translational and rotational dynamics, work, energy, momentum, statics, oscillatory motion, wave motion, and sound. Lecture and laboratory. Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* C or better in MA 125, or its equivalent. *Co-requisite:* PH 221L and PH 221R.

**PH 221L - General Physics Lab I - 0**

Laboratory for PH 221. *Co-requisite:* PH 221

**PH 221R - General Physics I - Recitation - 0**

First term of introductory, calculus-based general physics sequence covering classical mechanics; measurements, kinematics, vectors, translational and rotational dynamics, work, energy, momentum, statics, oscillatory motion, wave motion, and sound. Lecture and laboratory. *Co-requisite:* PH 221

**PH 222 - General Physics II - 4**

Second term of introductory, calculus-based general physics sequence covering electricity and magnetism, Coulomb's Law, electric fields, Gauss' Law, potential, capacitors and dielectrics, Ohm's Law, DC circuits, magnetic fields, Ampere's Law, Biot-Savart Law, Faraday's Law, inductance, AC circuits, geometrical and physical optics. Lecture and laboratory. *Prerequisites:* MA 126 and PH 221 *Co-requisite:* PH 222L and PH 222R.

**PH 222L - General Physics Lab II - 0**

Laboratory for PH 222.

**PH 222R - General Physics II Recitation - 0**

Second term of introductory, calculus-based general physics sequence covering electricity and magnetism, Coulomb's Law, electric fields, Gauss' Law, potential, capacitors, and dielectrics, Ohm's Law, DC circuits, magnetic fields, Ampere's Law, Biot-Savart Law, Faraday's Law, inductance, AC circuits, geometrical and physical optics. Lecture and laboratory. *Co-Requisite:* PH 222

**Physics 231 - General Physics I Laboratory - 1**

General Physics I Laboratory

**PH 232 - General Physics II Laboratory - 1**

General Physics II Laboratory

**PH 301 - Instructional Astronomy I - 4**

Survey of selected topics in astronomy of the universe, stellar systems and solar systems with a focus on preparing to teach. *Co-requisite:* PH 301L

**PH 301L - Instructional Astronomy Lab - 0**

Laboratory for PH 301. *Co-requisite:* PH 301

**PH 302 - Instructional Physical Science - 4**

Lecture and discussion in areas of Physical Sciences of importance to basic scientific literacy and to current technology, with a focus on preparing to teach. *Co-requisite:* PH 302L

**PH 302L - Instruct Physical Sci Lab - 0**

Laboratory for PH 302. *Co-requisite:* PH 302

**PH 304 - Intermediate Mechanics - 3**

Intermediate treatment of the kinematics and dynamics of classical systems. Presentation of problem solving techniques is emphasized. *Prerequisites:* PH 222

**PH 305 - Intermediate Electricity/Magnetism - 3**

Intermediate treatment of electricity and magnetism including fields, potential, induction, Maxwell's equations, circuits. Presentation of problem solving techniques is emphasized. *Prerequisites:* PH 222

**PH 331 - Classical Thermodynamics - 3**

Introduction to thermal phenomena on a macroscopic and statistical basic, principles and laws governing them. *Prerequisites:* MA 227 and PH 222

**PH 351 - Modern Physics I - 4**

Atomic, molecular, solid-state physics; quantum mechanics, lasers and nanotechnology. Theoretical and experimental studies to understand observable properties of matter in terms of microscopic constituents. Lecture and laboratory. Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* PH 222 *Co-requisite:* PH 351L

**PH 351L - Modern Physics I Lab - 0**

Laboratory for PH 351. *Co-requisite:* PH 351

**PH 352 - Modern Physics II - 4**

Statistical mechanics and thermodynamics, semiconductors, nuclear and particle physics, special and general relativity, cosmology. Includes student presentations. Lecture and laboratory. Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* PH 351 *Co-requisite:* PH 352L

**PH 352L - Modern Physics II Lab - 0**

Laboratory for PH 352. Quantitative Literacy is a significant component of this course (QEP). *Co-requisite:* PH 352

**PH 397 - Directed Reading in Physics I - 2 to 3**

Tutorial studies in physics offered by special arrangement.

**PH 398 - Directed Reading in Physics II - 2 to 3**

Tutorial studies in physics offered by special arrangement.

**PH 420 - Math Methods of Physics I - 3**

Vector calculus. Curvilinear coordinate systems. Commonly encountered ordinary differential equations and special functions. Complex variables and contour integration. Partial differential equations, including solutions by Green function methods. *Prerequisites:* MA 252 or EGR 265 and PH 222

**PH 421 - Math Methods of Physics II - 3**

Vector calculus. Curvilinear coordinate systems. Commonly encountered ordinary differential equations and special functions. Complex variables and contour integration. Partial differential equations, including solutions by Green function methods. *Prerequisites:* PH 420

**PH 423 - Computational Physics - 3**

Introduces symbolic and numerical computation through examples drawn from classical and modern physics, such as, classical mechanics, electromagnetism, and quantum mechanics. Emphasizes computer-based approaches to visualization, solution of ordinary differential equations, evaluation of integrals, and finding roots, eigenvalues, and eigenvectors. *Prerequisites:* MA 252 or EGR 265 and PH 222

**PH 425 - Appl of Contemporary Optics I - 3**

Applied geometrical and wave optics. Paraxial ray optics, optical matrix theory, aberrations, optical imaging systems, and computer-based optical design. Optical interferometry, diffraction, holography, polarization phenomena, coherence theory, lasers, and Gaussian beam propagation. *Prerequisites:* PH 222

**PH 426 - Appl of Contemporary Optics II - 3**

Applied geometrical and wave optics. Paraxial ray optics, optical matrix theory, aberrations, optical imaging systems, and computer-based optical design. Optical interferometry, diffraction, holography, polarization phenomena, coherence theory, lasers, and Gaussian beam propagation. *Prerequisites:* PH 425

**PH 427 - Geometrical Optics - 4**

Properties of optical systems. Lenses, mirrors, and stops, Aberrations, Rays and wave fronts, optical instruments, aspheric components. Lecture and Lab. *Prerequisite:*PH 222 or equivalent. *Co-requisite:* PH427L

**PH 427L - Geometrical Optics Lab - 0**

Laboratory for PH 427. *Co-requisite:* PH427

**PH 428 - Physical Optics - 4**

Interference and diffraction phenomena. Emission, propagation, and absorption of radiation. Polarization and dispersion. Stimulated emission. Lecture and laboratory. *Prerequisites:* PH 222. *Co-requisite:* PH 428L

**PH 428L - Physical Optics Lab - 0**

Laboratory for PH 428. *Co-requisite:* PH 428

**PH 429 - Appl Contemporary Optics III - 3**

Optical interactions with materials, including nonlinear optical effects, such as birefringence, electro-optics, photoelasticity, crystal optics, acousto-optics, and phase conjugation. Optical spectroscopies, such as spectroscopic instrumentation, lasers as spectroscopic light sources, fluorescence and Raman laser spectroscopy, and applications of laser spectroscopy in chemistry, environmental research, materials science, biology, and medicine. *Prerequisites:* PH 425 and PH 426

**PH 432 - Statistical Thermodynamics I - 3**

Statistical basis of laws of thermodynamics. Ensembles and partition functions. Quantum statistics of ideal gases, including photons and electrons. Applications to solids, real gases, liquids, and magnetic systems. Transport theory. *Prerequisites:* PH 352

**PH 433 - Statistical Thermodynamics II - 3**

Statistical basis of laws of thermodynamics. Ensembles and partition functions. Quantum statistics of ideal gases, including photons and electrons. Applications to solids, real gases, liquids, and magnetic systems. Transport theory. *Prerequisites:* PH 432 and PH 450

**PH 445 - Electromagnetic Theory I - 3**

Electromagnetic theory approached from the standpoint of fields and using Maxwell's equations. *Prerequisites:* PH 222

**PH 446 - Electromagnetic Theory II - 3**

Electromagnetic theory approached from the standpoint of fields and using Maxwell's equations. *Prerequisites:* PH 445

**PH 450 - Intro Quantum Mechanics I - 3**

Principles of quantum mechanics and their application to particle waves, angular momentum, tunneling, radiation, and selection rules. Perturbation and variational methods. *Prerequisites:* PH 351 and PH 461. PH 352 recommended.

**PH 451 - Intro Quantum Mechanics II - 3**

Principles of quantum mechanics and their application to particle waves, angular momentum, tunneling, radiation, and selection rules. Perturbation and variational methods. *Prerequisites:* PH 450. PH 352 recommended.

**PH 453 - Intro Solid State Physics I - 3**

Properties of crystal lattices, lattice dynamics, lattice imperfections, and bonding energies. Electronic properties of dielectrics, semiconductors, and metals. Ferroelectric, magnetic, and optical properties of solids. *Prerequisites:* PH 451

**PH 454 - Intro Solid State Physics II - 3**

Properties of crystal lattices, lattice dynamics, lattice imperfections, and binding energies. Electronic properties of dielectrics, semiconductors, and metals. *Prerequisites:* PH 451 and PH 453

**PH 455 - Molecular Spectroscopy - 3**

Molecular Spectroscopy.

**PH 461 - Classical Mechanics I - 3**

Kinematics and dynamics, including central forces, rotating coordinate systems, and generalized coordinates. Lagrangian, Hamiltonian, and other equivalent formulations of mechanics. *Prerequisites:* MA 252 or EGR 265 and PH 222

**PH 462 - Classical Mechanics II - 3**

Kinematics and dynamics, including central forces, rotating coordinate systems, and generalized coordinates. Lagrangian, Hamiltonian, and other equivalent formulations of mechanics. *Prerequisites:* PH 461

**PH 467 - Special Relativity - 3**

Principles and foundations of special relativity with applications to mechanics and electrodynamics. *Prerequisites:* PH 446 and PH 462

**PH 468 - General Relativity - 3**

Gravitational phenomena associated with and resulting from linear field equations. Equivalence principle, its implications of non-linear field, and physical consequences.

**PH 471 - Fundamentals of Spectroscopy - 3**

Explanation of phenomena related to rotational, vibration, and electronic spectroscopy of atoms and molecules; operational principles of spectroscopic tools including diffraction grating, wave guides, and interferometers, basic group theory concepts and notation. *Co-Requisite:*PH 351

**PH 475 - Intro to Biophysics I - 3**

Physics of biological systems: proteins, lipids, nucleic acids, supramolecular structures, and molecular motors; structure, function, energetics, thermodynamics, and bio-nanotechnology. Emphasis on systems that are best understood in physical and molecular detail. Systems will direct study, with modern physical methods introduced as needed. *Prerequisites:* PH 352

**PH 476 - Intro to Biophysics II - 3**

Physics of biological systems: proteins, lipids, nucleic acids, supramolecular structures, and molecular motors; structure, function, energetics, thermodynamics, and bio-nanotechnology. Emphasis on systems that are best understood in physical and molecular detail. Systems will direct study, with modern physical methods introduced as needed. *Prerequisites:* PH 475

**PH 481 - Laser Physics I - 3**

Physical principles of laser operation and design. Spontaneous and stimulated emission, population inversion, light amplification, laser resonators, Q-switching, mode-locking, pulse shortening techniques, spectral narrowing, and tunable lasers. Individual types of lasers such as gas, solid state, dye, color center, and semiconductor. Practical applications of lasers as well as modern techniques and instrumentation in laser spectroscopy. *Prerequisites:* PH 222 *Co-requisite:*PH 481L

**PH 481L - Laser Physics I Laboratory - 0**

Laboratory for Physics 481. *Co-requisite:* PH 481

**PH 482 - Laser Physics II - 3**

Physical principles of laser operation and design. Spontaneous and stimulated emission, population inversion, light amplification, laser resonators, Q-switching, mode-locking, pulse shortening techniques, spectral narrowing, and tunable lasers. Individual types of lasers such as gas, solid state, dye, color center, and semiconductor. Practical applications of lasers as well as modern techniques and instrumentation in laser spectroscopy. *Prerequisites:* PH 481 *Co-requisite:* PH 482L

**PH 482L - Laser Physics II Lab - 0**

Laboratory for PH 482. *Co-requisite:* PH 482

**PH 485 - Laser Spectroscopy - 3**

Fundamental principles, experimental techniques, instrumentation, and practical applications of laser spectroscopy.

**PH 486 - Semiconduct Matls in Mod Tech - 3**

Brief review of electronic materials with emphasis on traditional and cutting edge silicon technology. Competing and complementary semiconductors covered in standard lecture and seminar style. Materials: compound and tertiary semiconductors, organic semiconductors, and wide bandgap semiconductors. Applications: optical and chemical sensors, microwave electronics, high power electronics, and lasers. Specific applications and materials determined by student interests. *Prerequisites:* PH 352 or EE 351 or CH 326

**PH 487 - Nanoscale Science and Appl - 3**

Physics of electronic, mechanical, and biological properties of materials at the nanoscale level approaching one billionth of a meter. The applications of nanoscale materials in electronic, mechanical, and biomedical systems will be emphasized. Special tools in synthesis and characterization of nanomaterials will be discussed. *Prerequisites:* (PH 221 and PH 222) or (CH 115 and CH 117)

**PH 490 - Preparations for Teaching - 1**

This class is intended to help teaching assistants prepare for successful teaching experiences. The course will emphasize a foundation of practical knowledge related to expectations and duties shared by teachers in Higher Education, as well as an opportunity to read, reflect, and discuss current research related to teaching and learning at the university level.

**PH 491 - Advanced Physics Lab I - 1 to 4**

Laboratory investigation of topics of modern physics. *Prerequisites:* PH 352

**PH 492 - Advanced Physics Lab II - 1 to 4**

Laboratory investigation of topics of modern physics. *Prerequisites:* PH 352

**PH 493 - Advanced Physics Lab III - 1 to 4**

Laboratory investigation of topics of modern physics. *Prerequisites:* PH 352

**PH 495 - Honors Research - 3**

Research in an area of active research, under the direction of a faculty sponsor and the Honors Committee. May be repeated.

**PH 498 - Directed Research - 1 to 6**

Directed Research.

**PH 499 - Physics Capstone - 3**

Instructional session, conclusion of research or teaching project and career planning activities aimed at the integration of physics knowledge and competencies in scientific writing, quantitative literacy, and ethics and civic responsibility.

## Department of Psychology

**Chair:** Karlene K. Ball

**Vice Chair and Director of Undergraduate Studies:** David C. Schwebel

**Faculty:** Amthor, Bailey, Ball, Biasini, Boggiano, Clay, Cook, Cox, Crowe, Gampher, Griffith, Guest, Hodgins, Hopkins, Kana, Knight, Linney, McFarland, Milby, Mrug, Randich, Robinson, Ross, Schwebel, Sloane, Taub, Tucker, Uswatte, Vuchinich, Weller, Wright

**Secondary and Adjunct Appointments:** Austin, Bartolucci, L. Bradley, V. Bradley, Cowell, Cropsey, Dashiff, Dreer, Gamlin, H. Griffith, Hablitz, Harrell, Hartmann, Kohler, Lichstein, Loop, Marson, Melendez-Ferro, T. Norton, W. Norton, Novack, Owsley, Percy, Perez-Costas, Person, Porter, Pozzo-Miller, Ragan, Rice, Richards, Roth, Schumacher, Siegfried, Sweatt, Tolbert, Turner-Henson, Vance, Wadley, Wesselmann

The curriculum in psychology provides a flexible program for the psychology major leading to the Bachelor of Science degree. Alternatively, students can earn a minor in psychology or take advantage of the numerous course offerings that are open to all students. The department provides a variety of experiences to give students an understanding of the basic principles and mechanisms of behavior. The scientific method is emphasized throughout the curriculum. Students with a major or minor in psychology are encouraged to obtain first-hand experience with both the creation of new knowledge (research) and the application of that knowledge in community and treatment settings. There are many opportunities for students to gain firsthand research experience by working with individual faculty members in a variety of laboratory, clinical, and field research settings. In addition, numerous community and treatment facilities provide settings for students to observe and participate in the application of psychological principles to the solution of individual and social problems.

In addition to providing a major field of study as part of a liberal arts and science education, the B.S. degree in psychology prepares students for graduate study in psychology. The degree also provides a strong intellectual foundation for a variety of careers in areas such as teaching, counseling, social work, human factors engineering, community planning, sales, management, personnel administration, ministry, law, politics, and various health professions, including psychiatry, nursing, medicine, optometry, public health, and physical and occupational therapy. For information on preparation for these careers, see the Psychology Department Undergraduate website, <http://www.psy.uab.edu/PYundergrad/index.html>.

Psychology is an evolving discipline, and after a period of time the material taught in a psychology course is no longer current. For this reason, the Department of Psychology reserves the right to deny credit toward its major and minors for upper level (300 and above) courses completed more than 12 years prior to graduation.

## Major

To qualify for a B.S. degree in psychology, students must complete a minimum of 38 semester hours of courses in psychology and 6 semester hours of coursework in biology, chemistry, or physics, as listed below.

### MAJOR REQUIREMENTS FOR PSYCHOLOGY

Requirement	Fulfilled By:	Hrs.
Grade and Residency Requirement	A grade of C or better is required in all courses applied to the major. At least 15 hours at the 300 level or above, including at least 9 hours at the 400 level, must be completed at UAB.	-
Biology, Chemistry or Physics	Select six hours in <b>Biology (BY)</b> , <b>Chemistry (CH)</b> , or <b>Physics (PH)</b> courses. BY 107, BY 111, ENV 108, CH 100, and PH 100 may not be taken to satisfy this requirement. Other biology, chemistry, and physics courses that satisfy the Area III Core Curriculum requirement <i>may also satisfy this requirement of the major. It is recommended that students consult with the psychology advisor about this requirement.</i>	6
General Requirements	Take all of the following courses: <b>PY 101 or PY 201 PY 212 PY 214 PY 217</b> <b>PY 218 PY 253 PY 315 PY 490</b> <i>Note: Completing PY 101 or PY 201 and PY 212 will also satisfy 6 of the 12 required hours in Core Curriculum Area IV.</i>	23
Advanced Coursework	Select <b>TWO</b> of the following courses: <b>PY 303 PY 325 PY 353 PY 363 PY 380</b> <b>PY 312 PY 335 PY 354 PY 370 PY 390</b> <b>PY 313 PY 350 PY 361 PY 372</b>	6
Psychology Electives	Select 9 hours in <b>Psychology (PY)</b> courses not otherwise required. Six hours must be taken at the 400 level. The remaining 3 hours may be taken at either the 300 or 400 level. <b>PY 396, PY 397</b> and <b>PY 398</b> may not be used to fulfill more than three hours of this requirement. <i>Note: Completing PY 213 or PY 319 will automatically satisfy Track A of the College - Wide Requirements</i>	9
<b>Total Major Requirements:</b>		<b>44</b>

### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
Minor	A minor is required for this degree.
General Electives	Students must take general electives to reach the 120 semester hour graduation requirement.

Students are encouraged to assist with ongoing research projects and/or obtain experience with the application of psychology in teaching or community settings. Academic credit may be earned for these experiences. Students may apply a maximum of 3 semester hours of PY 398 (research), and/or PY 396 (teaching), and/or PY 397 (community) to their major and minor requirements. Students preparing to attend graduate school in psychology are strongly encouraged to participate in the Psychology Honors Program, get involved faculty research projects, and develop a strong background in natural sciences, mathematics, and computer science.

Psychology majors may be required to complete a general psychology examination at the time they declare psychology as their major, as well as a second examination upon completion of the course requirements for a B.S. degree in psychology. Although these examinations may be required for graduation, they are intended for program assessment purposes only. Performance on these examinations will not affect students' grade point averages, nor will they be a factor in determining whether students qualify for the baccalaureate degree.

Psychology majors have a full-time academic advisor available; Room 415, Campbell Hall, (205) 934-3850, [kklyce@uab.edu](mailto:kklyce@uab.edu).

## Minor

To qualify for a minor in psychology, students must complete a minimum of 18 semester hours of courses in psychology, as listed below.

## MINOR REQUIREMENTS FOR PSYCHOLOGY

Requirement	Fulfilled By:	Hrs.
Grade & Residency Requirement	A grade of C or better is required in all courses applied to the minor. At least six hours at the 300-level or above must be completed at UAB.	-
Introductory Psychology course	Take the following course: <b>PY 101 or PY 201</b> <i>Note: PY 101 or PY 201 may also be eligible to count toward Core Curriculum Area IV; check the Core Curriculum for your particular major.</i>	3
Advanced Psychology	Select nine hours from <b>Psychology (PY)</b> courses at the 300 level or above. <b>PY 396, PY 397</b> and <b>PY 398</b> may not be used to fulfill this requirement.	9
Psychology Electives	Select 6 hours of <b>Psychology (PY)</b> courses not otherwise required. <b>PY 396, PY 397</b> and <b>PY 398</b> may not be used to fulfill more than three hours of this requirement.	6
<b>Total Minor Requirements:</b>		<b>18</b>

### Psychology Honors Program

#### Purpose

Participation in the Psychology Honors Program provides an enriched learning environment for the student interested in pursuing graduate study and a career in psychology or a related profession. The program seeks to provide students with a strong foundation in behavioral science through an enhanced program of study and the opportunity to conduct empirical research with an individual member of the faculty. Students who complete the program will qualify for the B.S. in psychology and graduate "With Honors in Psychology."

#### Eligibility

Students may apply for admission to the program at any time, provided they will attend UAB for at least three additional semesters in order to complete the program-specific coursework (PY399 and PY499). Students should submit an application form (available from their psychology advisor) and submit it to the Director of the Psychology Honors Program, whereupon an interview will be scheduled.

For admission to the program, entering freshman should have a minimum 3.50 GPA in high school academic subjects. Students already enrolled at UAB and transfer students should have a minimum GPA of 3.50 in psychology coursework, an overall GPA of 3.50 or above, and grades of A or B in core English and Mathematics courses.

#### Requirements

Students in the Psychology Honors program must complete 59 semester hours of course work as listed below. No minor is required.

## REQUIREMENTS FOR HONORS IN PSYCHOLOGY

Requirement	Fulfilled By:	Hrs.
Grade and Residency Requirement	A grade of C or better is required in all courses applied to these requirements. Both the overall GPA and the GPA based on all psychology coursework must be at least 3.50. At least 18 hours at the 300 level or above, including all honors and practicum courses and at least 9 hours at the 400 level, must be completed at UAB.	
Biology, Chemistry or Physics	Select six hours in <b>Biology (BY)</b> , <b>Chemistry (CH)</b> , or <b>Physics (PH)</b> courses. BY 107, BY 111, ENV 108, CH 100, and PH 100 may not be taken to satisfy this requirement. Other biology, chemistry, and physics courses that satisfy the Area III Core Curriculum requirement <i>may also satisfy this requirement of the major. It is recommended that students consult with the psychology advisor about this requirement.</i>	6
General Requirements	Take all of the following courses: <b>PY 101 or PY 201   PY 212   PY 214</b> <b>PY 217   PY 218   PY 253   PY 315</b> <i>Note: Completing PY 101 or PY 201 and PY 212 will also satisfy 6 of the 12 required hours in the Core Curriculum Area IV.</i>	20

Advanced Coursework	Select <b>THREE</b> of the following courses: <b>PY 303   PY 325   PY 353   PY 363   PY 380</b> <b>PY 312   PY 335   PY 354   PY 370   PY 390</b> <b>PY 313   PY 350   PY 361   PY 372</b>	9
Honors Courses	Take <b>PY 399</b> in any three semesters as a junior or senior. Take <b>PY 499</b> concurrently with the last enrollment in <b>PY 399</b> . Note that these courses are only offered in the Spring and Fall semesters.	5
Psychology Electives	Select 12 hours of <b>Psychology (PY)</b> courses not otherwise required, including 9 hours at the 400 level. The remaining 3 hours may be taken at either the 300 or 400 level. <b>PY 396, PY 397</b> and <b>PY 398</b> may not be used to fulfill more than three hours of this requirement. <i>Note: Completing <b>PY 213</b> or <b>PY 319</b> will automatically satisfy Track A of the College-Wide Requirements.</i>	12
Practicum	Take at least 6 hours of <b>PY 398</b> and at least 1 hour of <b>PY 396</b> or <b>PY 397</b> .	7
Additional Program Requirements	Students complete an honors project and thesis with a faculty member in psychology or a related discipline, subject to approval by the Honors Program Director. Students present their honors thesis at a conference or in another public venue, also subject to the approval of the program director.	
<b>Total Honors Requirements:</b>		<b>59</b>

Requirements for the general psychology examination, described above for the major in psychology, also apply to students in the Psychology Honors Program. As psychology majors, honors students have a full-time academic advisor available; Room 415 Campbell Hall, (205) 934-3850, [redfox@uab.edu](mailto:redfox@uab.edu)

### Contact

For more information and application for admission to the Psychology Honors Program, see the undergraduate web site at <http://www.psy.uab.edu/PYundergrad/index.html>. You can also contact the Honors Program Director at the Department of Psychology, Campbell Hall, Room 415, Birmingham, AL 35294-1170; Telephone (205) 934-3850; E-mail [ecook@uab.edu](mailto:ecook@uab.edu).

## Neuroscience Major

The UAB Undergraduate Neuroscience major was established in 2009 as a joint UAB Honors Program between the Department of Neurobiology in the School of Medicine and the Department of Psychology in Academic Affairs. Neuroscience is the study of the development, structure and function of the nervous system, with a special focus on the brain and its role in behavior and cognitive functions. Neuroscience seeks to understand not only how the nervous system functions normally, but also what goes wrong in neurodevelopmental, psychiatric and neurological disorders. Multidisciplinary in nature, the field of Neuroscience spans the structure, function, evolution, development, genetics, biochemistry, physiology, pharmacology, circuitry and pathology of the nervous system. Therefore, neuroscience integrates biology, chemistry, physics, mathematics, psychology, and computer science. It is one of the most rapidly advancing fields in biomedical research.

The goals of the Undergraduate Neuroscience Program are to prepare and advance UAB undergraduates to careers in research and health-related sciences in highly competitive programs and to enable UAB graduates to become accomplished scientists, clinicians and health-care professionals who will be ideally equipped for future study of the nervous system and treatment and discovery of cures for neurological, psychological and neurodevelopmental disorders and injury.

The Undergraduate Neuroscience Program and Training Faculty accomplishes these goals by four complementary mechanisms. First, students are provided with a solid academic and intellectual foundation in biology, chemistry, mathematics, physics, psychology and neuroscience. Second, students conduct original hands-on laboratory research under the direction of faculty mentors to learn the state-of-the-art experimental approaches and methods in Neuroscience research. Third, students are mentored in the development of skills in scientific method, experimental analysis, and effective oral and written communication. Students are expected to become active "colleagues" in faculty laboratories which should result in publications in scientific journals and presentations at professional meetings. Fourth, students are provided with one-on-one academic and career counseling to identify professional programs most suited to their interests, and strategies to be competitive applicants to these programs.

Students earning the B.S. in Neuroscience at UAB are well suited for admission into the nation's most prestigious graduate programs and medical schools.

## MAJOR REQUIREMENTS FOR NEUROSCIENCE

### **Biology**

BY 123	Introductory Biology I & Laboratory	4 credits
BY 124	Introductory Biology II & Laboratory	4 credits
BY 330	Cell Biology	3 credits

### **Chemistry**

CH 115/116	General Chemistry I & Laboratory	4 credits
CH 117/118	General Chemistry II & Laboratory	4 credits
CH 235/236	Organic Chemistry I & Laboratory	4 credits
CH 237/238	Organic Chemistry II & Laboratory	4 credits

### **Psychology**

PY 201	Honors Introduction to Psychology	3 credits
PY 253	Brain, Mind, and Behavior	3 credits
PY 441-444	Principles of Cellular Neuroscience I, II, III, & IV	7 credits
PY 453	Advanced Behavioral Neuroscience	4 credits

### **Neurobiology**

NBL 3xx	Introduction to Neuroscience	3 credits
NBL 4xx	One Advanced course in Neuroscience Developmental Neuroscience Integrative Neuroscience Mechanisms of Memory, or Diseases of the Nervous System	3 credits
NBL 4xx	Colloquium in Basic Cognitive and Clinical Neuroscience	1 credit

### **General**

PH 201/221	College/General Physics I & Laboratory	4 credits
MA 125	Calculus I	4 credits
EH 101	English Composition	3 credits
STH 301	Statistics Design and Overview	3 credits
EH 102	Scientific Communication	3 credits
CS 101	Fluency with Information Technology	3 credits
PHL 116	Bioethics	3 credits

Total Credit hour requirement for the major: 50 credits

Chemistry minor is recommended but not required.

### **Admissions**

Students may apply to the Program/Major either at the time they apply to UAB, after they have been admitted to UAB, or during the freshman year. Students are encouraged to apply to UAB Honors Programs, including the University Honors Program, Global Community Leadership Honors Program, Science and Technology Program, or Early Medical Schools Acceptance Program. Current members of these Honors Programs are eligible to apply for the Neuroscience Honors Program/Major. In addition to the UAB admission requirements, applicants are expected to have had sound, basic preparation in several disciplines: English, Social Studies, Foreign Language, Mathematics, and 3-4 years of Science. Good high school writing skills are important. To apply, students are requested to submit i) a resume of curriculum vitae, ii) an essay (750 words or less) describing his/her interest in the UAB Neuroscience Honors Program, iii) at least two letters of recommendation from current or previous teachers, professors, or employers, iv) a current high school or college transcript, and v) an interview with the members of the Program's Steering Committee. There is a rolling admissions process with no deadline for applications. Applications will be reviewed as they are received.

### **Neuroscience Program Academic Advisor:**

John Eric Gampher, Ph.D.

Instructor of Psychology

(205) 934-3850

[redfox@uab.edu](mailto:redfox@uab.edu)

## Graduate Program

The Department of Psychology offers programs of study leading to the Doctor of Philosophy (Ph.D.) degree in three areas of psychology: medical clinical psychology (co-sponsored by the School of Medicine), behavioral neuroscience, and developmental psychology. Although the Master of Science (M.S.) degree is awarded as an intermediate degree in the Ph.D. program, a terminal M.S. degree program is not offered. Individuals interested in the graduate program should contact the Department of Psychology or the UAB Graduate School, Room 511, Hill University Center, 1400 University Boulevard, Birmingham, AL 35294-1150..

### Course Descriptions

#### Psychology (PY)

*If sections of PY 214, 217, or any PY course at the 300 or 400 level are full, enrollment may be restricted to Psychology majors, particularly those with cumulative GPAs above 3.0.*

#### **PY 101 - Intro to Psychology - 3**

Application of scientific method to behavior. Areas of psychology including learning, motivation, perception, physiological, comparative, personality, abnormal, social, clinical, child development, and individual differences (Satisfies Core Area IV requirement).

#### **PY 107 - Psychology of Adjustment - 3**

Adaptive behavior; theories, research, and personal applications relevant to desirable behavior patterns; interpersonal skills and self-control techniques.

#### **PY 108 - Human Sexuality - 3**

Biological and psychological bases of human sexual behavior. Genetic, hormonal, and learning foundations for development of sexual and sex-related structures and of psychosexual identity and behavior. Adult sexual structures and behavior, conception control, pregnancy, lactation and parentalism, drugs and reproduction, and sexual pathology and variances.

#### **PY 109 - Drugs and Human Behavior - 3**

Historical and cultural perspectives on drug use by humans. Major classes of drugs; effects, side effects, and toxicity. Mechanisms of drug action, drug abuse, government regulations, and use of psychoactive drugs in treatment of mental disorders.

#### **PY 125 - Intro to Forensic Psychology - 3**

Overview of issues involving the intersection of law and psychology. Focus on role of clinical assessment of competency, scientific jury selection, expert witnesses in court, punishment and sentencing, and related issues.

#### **PY 201 - Honors Intro to Psychology - 3**

Advanced seminar in scientific study of behavior and cognitive processes. Prerequisite: permission of Director of Undergraduate Studies. (Satisfies Core Area IV Requirement)

#### **PY 212 - Developmental Psychology - 3**

Human development from prenatal period to old age. Genetic and environmental determinants of behavior. Language, cognition, personality, social and emotional behavior, intelligence, and physical and sexual development. Applied areas include child rearing, childhood psychoses, and child abuse. *Prerequisite:* PY 101 or PY 201 (Satisfies Core Area IV Requirement)

#### **PY 213 - Cross-Cult Persp on Child Dev - 3**

Cultural differences in determinants of child development. Effects of culturally distinct approaches to child rearing and education on infant attachment, temperament, aggression, cognitive development, peer interaction, sex-role socialization, and moral reasoning. *Prerequisite:* PY 101 or PY 201

#### **PY 214 - Elem Stats Methods and Design - 3**

Descriptive and inferential statistics with emphasis on behavioral science applications. Measures of central tendency and variability, frequency distributions, probability, t-test, correlation, analysis of variance, and regression. Quantitative Literacy is a significant component of this course (QEP). *Prerequisite:* MA 102 or MA 105 or MA 106 or MA 107 or MA 109 or MA 110 or MA 125 with a grade of D or better.

#### **PY 217 - Elem Stats Methods/Design Lab - 1**

Use of computers in statistical analysis of psychological research data. Laboratory component of PY 214. Required for all psychology majors. Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* PY 214 (may be concurrent enrollment)

#### **PY 218 - Abnormal Psychology - 3**

Research-oriented study of different types of maladaptive behavior, including symptoms, development, classification, and treatment. *Prerequisite:* PY 101 or PY 201

#### **PY 220 - Contemporary Issues in Psych - 1 to 3**

Issues of current interest in psychology.

**PY 253 - Brain Mind and Behavior - 3**

How brain functions during dreaming, visual perception, aggression, learning and memory, sex, and language. Left versus right hemisphere specializations, recovery after brain damage, and neurological basis of illnesses such as schizophrenia, autism, and Parkinson's disease. Quantitative Literacy is a significant component of this course (QEP). *Prerequisite:* PY 101 or PY 201

**PY 302 - History and Systems of Psych - 3**

Historical origins and development of major approaches to psychology. *Prerequisite:* PY 101 or PY 201

**PY 303 - Intro to Cognitive Science - 3**

Introduction to the exciting new discipline of cognitive science, the interdisciplinary study of mind and intelligence. This course draws on a number of disciplines involved in unraveling the mysteries of the mind and intelligent life. *Prerequisite:* PY 101 or PY 201

**PY 305 - Medical Psychology - 3**

Psychological methods applied to health problems. Development of medical problems, psychological/behavioral problems. *Prerequisite:* PY 101 or PY 201

**PY 312 - Adv Developmental Psychology - 3**

Current research and theory in childhood and adolescence with focus on perceptual/cognitive and social/emotional issues. Relationship between spoken language development and learning to read, linguistic development in special populations (e.g., hearing-impaired children), applications of memory research to children's courtroom testimony, impact of preschool experience (e.g., Head Start) on academic achievement, and family and peer influence on cognitive and social development. *Prerequisite:* PY 212

**PY 313 - Intro to Language Development - 3**

Children's acquisition of the ability to speak and understand their native language. Learning to read and write. Language abilities in special populations (e.g., the hearing-impaired, mentally-retarded, elderly individuals). Communication abilities in non-humans. *Prerequisites:* PY 212 or PY 213

**PY 315 - Methods Psychological Research - 4**

Fundamentals of experimentation with psychological phenomena. Conceptual and practical exploration of problem definition and hypothesis formation; observation, definition, and measurement; design and control of experiments for valid causal inference; quasi-experimental designs; generalization and ecological validity; explanation and interpretation of results; scientific communication. Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* PY 214 and PY 217

**PY 318 - Child and Adolescent Abnormal - 3**

Manifestations, causes, and treatment of psychological disorders from infancy through adolescence. Developmental and research perspective on these disorders with clinical and social implications. *Prerequisites:* PY 212 or PY 218

**PY 319 - Psychopathology and Culture - 3**

Cultural differences with respect to types of behavior viewed as abnormal and how such behaviors are classified and treated. *Prerequisite:* PY 101 or PY 201

**PY 320 - Contemporary Issues in Psych - 1 to 3**

Issues of current interest in psychology. *Prerequisite:* PY 101 or PY 201

**PY 325 - Clinical Child Psychology - 3**

Diagnosis, prevention and treatment of psychological problems in children and adolescents. Interview techniques, behavioral and cognitive interventions, and community prevention programs. Developmental considerations emphasized. *Prerequisites:* PY 212 or PY 213

**PY 326 - Industrial/Organizational Psy - 3**

Psychological methods applied to people at work. Selection, placement, performance appraisal, training, attitude measurement, work motivation, leadership, industrial safety, and human performance. *Prerequisite:* PY 101 or PY 201

**PY 327 - Comparative Organizational Psych - 3**

Responses of organization members to organizational structures and processes as function of cultural differences. Attitudes, production, decision making, and organizational commitment. *Prerequisite:* PY 101 or PY 201

**PY 330 - Sport Psychology - 3**

Psychological factors in athletic performance. Psychological characteristics of successful athletes; anxiety, arousal, motivation, attention, concentration, attribution, cognition, and imagery. *Prerequisite:* PY 101 or PY 201

**PY 335 - Motivation and Emotion - 3**

Psychobiological basis of eating, drinking, sleep, sex, and aggression, and the role of emotion and reinforcement in shaping these behaviors. Underlying mechanisms involved in these motivated behaviors from basic biological need (homeostasis) to abnormal conditions as occurs in eating and sleep disorders, genetic anomalies, drug addiction and violence. *Prerequisite:* PY 101 or PY 201

**PY 350 - Personality/Intellect Assess - 3**

Measurement of personality and other psychological characteristics through psychological tests. Selection, administration, and interpretation of psychological tests. *Prerequisite:* (PY 101 or PY 201) and PY 214

**PY 353 - Behavioral Neuroscience - 3**

Neurobiological basis of behavior. Central nervous system mechanisms that mediate processes such as learning, motivation, sensation, speech, and emotional behavior. *Prerequisite:* PY 101 or PY 201

**PY 354 - Autism: Brain and Cognition - 3**

Scientific research concerning the nature of autism, focusing on cognitive and biological aspects. Biological underpinnings of brain function, and biological and psychological characterization of autism. Structural and functional brain imaging of autism. *Prerequisite:* PY 253

**PY 361 - Psychology of Learning - 3**

Issues of learning in terms of current theoretical positions. Classical conditioning, instrumental conditioning, forgetting, role of motivation, and transfer of training. *Prerequisite:* PY 101 or PY 201

**PY 363 - Cognitive Psychology - 3**

Human cognitive functioning. Selective attention, information processing, models of learning, memory, perception, and free and structured thought processes. *Prerequisite:* PY 101 or PY 201

**PY 370 - Personality - 3**

Comparison of major theories of personality, including philosophy of human nature; structure; dynamics; and development of personality. *Prerequisite:* PY 101 or PY 201

**PY 372 - Social Psychology - 3**

Major theories and research in social psychology. Social perception and attribution, behavior in interpersonal relationships, and group influences on individual behavior. *Prerequisite:* PY 101 or PY 201

**PY 375 - Philosophy of Mind - 3**

Mind; its nature, forms, and functions. Consciousness, self-consciousness, action, belief, desire, rationality, personal identity; problems such as mind-body, psychological explanation, and freedom of will. *Prerequisite:* one previous PHL course or permission of instructor.

**PY 376 - Psychology and Law - 3**

Interaction between theories and applications of psychology and practice of civil and criminal law. Insanity, malpractice, competency, civil commitment, violence, jury selection, and expert-witness testimony. *Prerequisite:* PY 101 or PY 201

**PY 380 - Perception - 3**

Contemporary theory and empirical research in sensory coding of perceptual information. Sensory transduction, physiology and anatomy of sensory systems, and psychophysical measurement techniques. Visual perception, hearing and speech, smell, and taste. *Prerequisite:* PY 101 or PY 201

**PY 390 - Animal Behavior - 3**

Theoretical and applied aspects of animal behavior. Learning and natural selection, evolutionary stable strategies, reasoning, mimicry, perception and intelligence. *Prerequisite:* PY 101 or PY 201

**PY 396 - Teaching Practicum in Psych - 1 to 3**

Teaching experience in psychology courses, supervised by a faculty member. Student must have previously taken the course for which the student will work within. *Prerequisite:* Permission of Director of Undergraduate Studies or Psychology Advisor. (Pass/Fail)

**PY 397 - Community-Based Practicum in Psychology - 1 to 6**

Community work in various supervised settings such as Crisis Center, Department of Human Resources, etc. *Prerequisite:* Permission of the Director of Undergraduate Studies or Psychology Advisor. (Pass/Fail)

**PY 398 - Research Practicum in Psychology - 1 to 6**

Project or research activity supervised by faculty. Cannot be taken Pass/Fail. *Prerequisite:* Permission of Director of Undergraduate Studies or Psychology Advisor

**PY 399 - Psychology Honors Seminar - 1**

Seminar for participants in the Honors Program in Psychology. Presentation of psychological research and discussion of relevant issues in statistical analysis and research ethics. *Prerequisites:* Admission into the Psychology Honors Program and PY 214 (may be concurrent enrollment) and junior or senior standing.

**PY 402 - History and Systems of Psychology - 3**

Historical origins and development of major approaches to psychology. *Prerequisite:* PY 315

**PY 405 - Biofeedback/Meditat/Self-Reg - 3**

History and current applications of biofeedback, meditation, and relaxation techniques. *Prerequisite:* PY 315

**PY 407 - Pathology of Memory - 3**

Memory disorders from standpoint of experimental psychology and neuropsychology. Amnesic syndrome, dementia, transient memory disorders, Alzheimer's disease, and epidemiology and public health issues. *Prerequisite:* PY 315

**PY 411 - Cognitive Development - 3**

Development of memory, perception, learning, and thinking in children. *Prerequisites:* PY 212 and PY 315

**PY 412 - Social Development - 3**

Contemporary theoretical models and empirical research in social development. Attachment formation in infancy, parent-child and family interactions, peer relationships, moral and pro-social development, aggression, and sex role development. *Prerequisites:* PY 212 and PY 315

**PY 413 - Psych of the African-American Child - 3**

Psychological development of African American children from birth through adolescence. Prenatal influences on growth and development, cognitive development, practices of African American families, Black English and language development, psychological testing, self-concept, racial identification, and motivation and academic achievement. *Prerequisites:* (AAS 320 or PY 212) and PY 315

**PY 414 - Perceptual Development - 3**

Changes in sensory capacities from birth to old age, including all sensory modalities. Life-span development of higher-level perceptual processes, including development of perceptual constancies and intermodal perception. *Prerequisites:* PY 212 and PY 315

**PY 415 - Mental Retard/Dev Disabilities - 3**

History, causes, treatment/education, behavioral interventions, and family issues related to mental retardation and other developmental disabilities. Psychologist as member of interdisciplinary treatment team. *Prerequisites:* PY 212 and PY 315

**PY 416 - Adv Methods in Psych Research - 3**

Method for understanding psychological research; its strengths, weaknesses, and conclusions. How best psychological studies are designed and how one experiment leads to another. *Prerequisite:* PY 315

**PY 418 - Psychotherapy/Behavior Change - 3**

Different therapeutic approaches and issues relating to their effectiveness. Principles of behavior modification. *Prerequisites:* (PY 218 or PY 319) and PY 315

**PY 420 - Contemporary Issues in Psychology -1 to 3**

Issues of current interest in psychology. *Prerequisites:* PY 315

**PY 423 - Abnormal Child Development - 3**

Current research and theories related to aberrations of normal development processes, including autism, childhood schizophrenia, and other disorders of childhood. *Prerequisites:* (PY 212 or PY 218) and PY 315

**PY 425 - Psychology of Aging - 3**

Age changes in human cognition and behavior. Sensory processes, memory, intelligence, physiology and health, psychopathology, and life-span development and adjustment. *Prerequisites:* PY 315

**PY 430 - Psychology of Chronic Pain - 3**

Major empirical and theoretical contributions to causes, evaluation, and treatment of chronic pain. *Prerequisites:* PY 315

**PY 431 - The Dynamics of Pain - 3**

Physiology, pharmacology, and anatomy of acute and chronic pain. How medical treatments relieve pain. Stress-induced analgesia, transcutaneous electrical stimulation, acupuncture, inflammation, and psychological approaches to treatment of pain. *Prerequisites:* PY 253 and PY 315

**PY 441 - Princ Cell Neurosci Mod I - 2**

Module I: Molecules, genes and cell biology of the nervous system. The first module will cover the biochemistry, molecular and cellular biology of neurons and glial cells. Topics on biochemistry and molecular biology will include protein, lipid, carbohydrate and nucleic acid biosynthesis and structure. Next, the cell biology of neurons and glial cells will be introduced, including protein and membrane transport pathways, energy metabolism, protein turnover and gene regulation. Introductory basic concepts of nervous system development will be covered, including the differentiation of neurons and glial cells and the anatomical plan of the brain and spinal cord. This developmental neurobiology concepts are intended to be an introduction to a later graduate-level course taught in the second year (Developmental Neurobiology, Keyser).

**PY 442 - Princ Cell Neurosci Mod II - 2**

Module II: Membrane biophysics and synaptic transmission

The second module will introduce basic concepts of membrane biophysics, as well as the electrical and chemical signaling within and across neurons. Topics will include the resting membrane potential, passive and active propagation of electrical signals, active electrogenic properties of dendrites and axons, structure and function of voltage-gated and ligand-gated ion channels, and mechanisms of action potential conduction. The molecular and cellular mechanisms of synaptic transmission, the transfer of information between neurons, will then be covered in detail. Topics will include mechanisms of synaptic vesicle synthesis and their filling with neurotransmitters, their storage, exocytosis, endocytosis and recycling, the role of neurotransmitter transporters in clearance and termination of neurotransmitter actions, postsynaptic receptors and signal transduction pathways, as well as the dynamic changes in synaptic structure and function. Fundamental basic concepts of neurotransmitter receptor pharmacology will also be presented as the bases for understanding neuropharmacology, the effect of drugs on nerve cell function.

**PY 443 - Princ Cell Neurosci Module III - 2**

Module III: Synaptic integration, synaptic plasticity and basic neuronal circuitry. The third module will focus on the modulation and integration of all the synaptic inputs arriving on neurons. Topics will include temporal and spatial summation of synaptic inputs, metabotropic and neurotrophic factor receptors and their signal transduction mechanisms through second-messenger systems, as well as long- and short-term synaptic plasticity, including LTP and LTD as current cellular models of learning and memory. The neurochemical bases of neurological and psychiatric disorders will also be covered. Finally, sensory transduction and motor control systems will be covered as an introduction to a later graduate-level course taught in the second year (Integrative Neuroscience, Gamlin).

**PY 444 - Princ Cell Neurosci Module IV - 1**

Module IV: Discussion of classical and contemporary research articles. This class will use a journal club format to dissect and discuss primary research literature on topics that parallel the material taught in lectures. Research articles will include ground-breaking seminal papers ("classical") and modern, state-of-the-art experimental approaches in Neuroscience ("contemporary").

**PY 450 - Acquisition of Language - 3**

Communication development in infancy, development of speech perception and production, grammatical and semantic development, acquisition of literacy, individual differences and cross-cultural variation in language acquisition, and use of language in social context. *Prerequisites:* PY 212 and PY 315

**PY 453 - Adv Behavioral Neuroscience - 4**

Neurobiological and psychological research on neural systems that control behavior will be studied. Topics will include synaptic communication, sensation and perception, movement, genetic influences on behavior, motivation, emotion, learning, psychopathology, and brain plasticity. *Prerequisites:* PY 315 and (PY 335 or PY 353 or PY 380)

**PY 455 - Psychology of Eating Disorders - 3**

Genetic, neurochemical, developmental, and sociocultural determinants of anorexia nervosa, bulimia, binge-eating disorder, and obesity. Diagnostic, preventive, and treatment strategies. Provocative recent findings from animal research. Unusual human eating behaviors, including patterns manifested in brain trauma and genetic disorders, craving, ingestion of non-nutritive substances, and cannibalism. *Prerequisites:* PY 315 and (PY 335 or PY 353)

**PY 457 - Human Psychophysiology - 3**

Physiology, instrumentation, and methodology of psychophysiological measurements, including autonomic and central nervous systems. Consideration of basic and applied research. *Prerequisite:* PY 315

**PY 461 - Research Sem Cognitive Science - 1**

Current research, theories and controversies in cognitive science. Seminar topic changes each term. *Prerequisite:* PY 315

**PY 462 - Overview of Cognitive Science - 3**

Cognitive Science is the interdisciplinary study of mind and intelligence. This course is a comprehensive overview of the historical and conceptual foundations of cognitive science. No previous courses in cognitive science are needed to participate. *Prerequisites:* PY 315 and (PY 361 or PY 363)

**PY 463 - Cognitive Neuroscience - 3**

Interdisciplinary study of higher-order cognitive functions in humans. Data from functional brain imaging, neurology, neuroanatomy, and neurophysiology used in study of human perception, language, learning, and memory. *Prerequisites:* PY 315 and (PY 353 or PY 363 or PY 380)

**PY 480 - Sensory Processing Perception - 3**

Neural coding underlying perception. Sequence of transformation in sensory processing hierarchy from receptors to complex cortical areas, relationship to cognitive functioning, and recent progress in machine vision and perception. *Prerequisites:* PY 315 and (PY 353 or PY 363 or PY 380)

**PY 488 - Pediatric Psychology - 3**

Behavioral influence on health and illness; impact of health problems and illness on behavior and development of children and adolescents; family issues related to these interaction. *Prerequisites:* PY 212 and PY 315

**PY 490 - Psychology Capstone - 3**

The capstone course emphasizes the synthesis of knowledge and research skills expected of the undergraduate Psychology major. Students are guided in conducting research within a specific content area. Also includes class readings and discussions on ethical issues. Observation or community service in selected social service agencies is an integral part of the course. Quantitative Literacy is a significant component of this course (QEP). *Prerequisite:* PY 315

**PY 499 - Psychology Honors Thesis - 2**

This capstone course represents the culmination of the undergraduate major in psychology for participants in the Psychology Honors Program. Students complete their honors thesis with guidance from their research mentor and the honors program Director, and defend their thesis in the Psychology Honors Seminar, and also present their research at a conference or in another public venue. *Prerequisites:* Participation in the Honors Program in Psychology, and completion of 3 semesters of PY 399, one of which may be concurrently enrolled.

## Department of Sociology and Social Work

**Chair:** Mark E. LaGory

**Faculty:** Akins, Austin, Baker, Borch, Clair, Cockerham, Cotten, Drentea, Gadling-Cole, Hamilton, Hwang, McElderry, Needham, Trigg, Walker, Wallace, K. Wilson

## Sociology

**Program Director:** Casey Borch

The Department offers two approaches for a major in sociology: (1) general sociology and (2) social psychology concentration in sociology. Minors are offered in medical sociology, social psychology, and general sociology.

Sociology involves the study of group dynamics and its impact on human populations and individuals. As a social science, the discipline analyzes the patterns of behavior in all types of social relationships. This field has broad scope and relevance. The undergraduate program in general sociology is designed to complement UAB's location in a large metropolitan area with a major medical center. Such a location provides an excellent laboratory for study in several areas, including medical, aging, social psychology, social inequality, and urban sociology. Students may choose from several courses in each of these areas. A significant number of courses are available in medical and health-related sociology.

The social psychology concentration provides a perspective on interpersonal relationships that draws on research conducted by sociologists and psychologists. In the broadest sense, social psychology is the study of how people's behaviors and thoughts influence, and are influenced by, the actions of others. As a field of study, social psychology has typically focused on the study of persons in face-to-face situations and small group settings.

The central goal of both general sociology and the social psychology concentration is to provide students with a solid foundation in the basic tools of the discipline: statistical analysis, research methodology, and theoretical frameworks.

General sociology offers training for four basic types of careers. First, it provides a broad background for students who are not planning a career in sociology but who want an understanding of the nature and development of social structures and social issues. Second, it offers valuable preparation for professional careers in the social services.

Third, it serves as useful pre-professional training for careers such as the health professions, law, business, education, government, and even architecture. Finally, the program helps prepare students for graduate study in sociology and other social sciences.

The social psychology concentration prepares students for careers in service-oriented fields such as health professions, education, business, and government, and graduate work in social psychology.

### MAJOR REQUIREMENTS FOR SOCIOLOGY

Requirement	Fulfilled By:	Hrs.
Grade and Level Requirement	A grade of C or better is required in all Sociology courses. SOC 489 must be completed at UAB. A total of 9 hours at 400+ must be taken in residence at UAB. Transfer students must earn at least 12 semester hours in residence.	-
General Requirements	Take all of the following courses: <b>SOC 100 SOC 410 SOC 489</b>	11
Theory Requirement	Select one of the following courses: <b>SOC 405 SOC 407 SOC 415</b>	3

Sociology Electives	Select 21 hours in <b>Sociology (SOC)</b> courses. Nine of these hours must be at the 200-level or above, and nine hours at the 300-level or above.	21
<b>Total Major Requirements:</b>		<b>35</b>

### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
Minor	A minor is required for this degree.
General Electives	Students must take general electives to reach the 120 semester hour requirement.

### General Sociology Minor

Requirement	Fulfilled By:	Hrs.
Grade & Residency Requirement	A C or better is required in all courses applied to the minor. At least six hours of the minor must be completed at UAB, including three hours at the 300-level or above.	-
Introductory Sociology courses	Take the following course: <b>SOC 100</b> <i>Note: SOC 100 may also be eligible to count toward Core Curriculum Area IV; check the Core Curriculum for your particular major.</i>	3
Sociology Electives	Select 15 hours from <b>Sociology (SOC)</b> courses, with at least nine hours at the 300-level or above. <i>Note: SOC 245 will count toward this requirement, and may also be eligible to count toward Core Curriculum Area IV; check the Core Curriculum for your particular major.</i>	15
<b>Total Major Requirements:</b>		<b>18</b>

### Medical Sociology Minor

Medical sociology focuses on study of the social causes and consequences of health and illness. In addition, it analyzes health organizations and institutions, the social behavior of health personnel and consumers of health care, as well as international patterns of health services. It is a particularly relevant minor for students preparing for a career in a health profession such as medicine, nursing, dentistry, or optometry.

*A grade of "C" or Better is required for all courses within the Medical Sociology Minor.*

Requirement	Fulfilled By:	Hrs.
Grade and Residency Requirement	Transfer students must take at least 6 semester hours in sociology at UAB including at least 3 semester hours in courses numbered above 300. A grade of C or better is required in all courses applied toward the minor, including transfer courses.	-
Required Courses	Take all of the following courses: <b>SOC 280 SOC 283 SOC 480</b>	9
Social Diversity and Inequality	Select one of the following courses: <b>SOC 220 SOC 250 SOC 282 SOC 385 SOC 415</b> <b>SOC 469 SOC 482</b>	3
Health-Related Issues and Problems	Select one of the following courses: <b>SOC 240 SOC 282 SOC 370 SOC 383 SOC 456</b> <b>SOC 472 SOC 482</b>	3
Elective	Select one of the following courses: <b>ANTH 380 ANTH 435 PY 218 PY 305 SOC 135</b> <b>SOC 240 SOC 282 SOC 370 SOC 383 SOC 455</b> <b>SOC 456 SOC 472 SOC 482</b> <b>SOC 490</b> (Special Topics – 1 credit hour) Must choose three of the following: Minority Women's Health, Women's Health, Women and Violence, Human Trafficking, Adolescent Pregnancy, Women and Reproduction, Women and Sexuality	3
<b>Total Minor Requirements:</b>		<b>18</b>

## Honors Program in Sociology

### Goal

The Sociology Honors Program is designed to help prepare outstanding undergraduate majors for graduate study in sociology or a career in medical sociology. The program offers a mentored research experience, and under faculty supervision, students will be exposed to a wide range of sociological perspectives and research areas.

### Eligibility

Acceptance into the Sociology Honors Program requires the following:

- completion of the required sociology courses including Introduction to Sociology, Theory, Research Methods and Statistics (by the end of the fall term of the year the student enters the honor's program);
- an undergraduate cumulative GPA of 3.00 or above;
- a junior or senior level standing (admittance to Honors Program must take place before August 1); and
- a cumulative GPA in Sociology courses of 3.3 or above.

### Requirements

The following is required to graduate with honors in the Sociology Honors Program:

- completion of the required sociology courses;
- completion of two-semester Honors seminar 498/499;
- completion of a senior-level thesis or Service Learning Project or Research Project under faculty supervision

### Benefits

Participation in the Sociology Honors Program provides a unique opportunity for highly motivated, academically talented undergraduate students to have access to and interact with faculty in an environment that encourages creativity and independent scholarship. Seminar participation and research experience will be important to nurturing the student's sociological imagination. Completion of the Honors Program is an advantage when applying to graduate school or looking for employment in an appropriate discipline-oriented field. Finally, students who complete the program will graduate "With Honors in Sociology."

### Contact

For additional information and/or admission to the Sociology Honors Program, contact The Director of Undergraduate Programs, Department of Sociology, 460H1 Heritage Hall, Birmingham, AL 35294-1152; Telephone: (205) 934-3307

## Social Psychology Concentration in the Sociology Major

To qualify for a B.A. degree in sociology with a concentration in social psychology, a student must complete a minimum of 35 semester hours as listed below. SOC 489 must be completed at UAB. A total of 9 hours at 400+ must be taken in residence at UAB. Transfer students must earn at least 12 semester hours in residence. A grade of C or better is required in all courses applied toward the major, including transfer courses. The 35-semester-hour B.A. program in social psychology is distributed as follows:

### MAJOR REQUIREMENTS FOR SOCIOLOGY WITH SOCIAL PSYCHOLOGY CONCENTRATION

Requirement	Fulfilled By:	Hrs.
Grade Requirement	A grade of C or better is required in all Social Psychology courses. SOC 400 must be completed at UAB. A total of 9 hours at 400+ must be taken in residence at UAB. Transfer students must earn at least 12 semester hours in residence.	-
General Requirements	Take all of the following courses: <b>SOC 100 SOC 120 SOC 410</b> <b>PY 101 SOC 489 PY 372</b>	20
Theory Requirement	Select one of the following courses: <b>SOC 405 SOC 407 SOC 415</b>	3

Psychology Elective	Select one of the following courses: <b>PY 212    PY 218    PY 319</b>	3
Sociology Electives	Select three of the following courses, with at least two at the 300-level or higher. <b>SOC 130    SOC 280    SOC 340    SOC 455    SOC 480</b> <b>SOC 135    SOC 283    SOC 383    SOC 456    SOC 482</b> <b>SOC 220    SOC 285    SOC 385    SOC 457</b> <b>SOC 240    SOC 323    SOC 420    SOC 469</b>	9
<b>Total Major Requirements:</b>		<b>35</b>

### MINOR REQUIREMENTS FOR SOCIAL PSYCHOLOGY

Requirement	Fulfilled By:	Hrs.
Grade & Residency Requirement	A C or better is required in all courses applied to the minor. At least six hours of the minor must be completed at UAB, including three hours at the 300-level or above.	-
Introductory Sociology courses	Take both of the following courses: <b>SOC 100    SOC 120</b> <i>Note: <b>SOC 100</b> may also be eligible to count toward Core Curriculum Area IV; check the Core Curriculum for your particular major.</i>	6
Social Psychology Electives	Select four of the following courses, with at least three at the 300-level or above: <b>PY 212    SOC 135    SOC 285    SOC 405    SOC 480</b> <b>PY 218    SOC 220    SOC 323    SOC 420    SOC 482</b> <b>PY 319    SOC 240    SOC 340    SOC 456</b> <b>PY 372    SOC 283    SOC 383    SOC 457</b> <b>SOC 130    SOC 280    SOC 385    SOC 469</b> <i>Note: <b>PY 212</b> may also be eligible to count toward Core Curriculum Area IV; check the Core Curriculum for your particular major.</i>	12
<b>Total Minor Requirements:</b>		<b>18</b>

## Honors Program in Social Psychology

### Goal

The Social Psychology Honors Program is designed to help prepare outstanding undergraduate majors for graduate study in Social Psychology or a career in medical Social Psychology. The program offers a mentored research experience, and under faculty supervision, students will be exposed to a wide range of sociological perspectives and research areas.

### Eligibility

Acceptance into the Social Psychology Honors Program requires the following:

- completion of the required Social Psychology courses; including Introduction to Sociology, Theory, Research Methods and Statistics (by the end of the fall term of the year the student enters the honor's program);

## Graduate Program

For information on the graduate program in sociology, please consult the Department of Sociology or the UAB Graduate School Catalog.

## Course Descriptions

### Sociology (SOC)

#### **SOC 100 - Intro to Sociology - 3**

Human social life, its forms and consequences for everyday life. Social inequality and differentiation by race, ethnicity, class and gender.

#### **SOC 120 - Intro to Social Psychology - 3**

How societies and groups affect perception of self and others; emotional climate and structure of group interaction; processes and dynamics of group leadership, interaction, and dissolution.

#### **SOC 130 - Intimate Relations and the Family - 3**

Contemporary trends of marriage, cohabiting and partnerships; male-female relations among singles; dating and courtship; social and psychological factors in mate selection; marital adjustment; role of sex, money, and children in marriage; divorce, other crisis situations, and changing patterns of family relationships in U.S.

#### **SOC 135 - Human Sexuality - 3**

Social basis of sexual interaction; varieties of sexual interaction; sexuality related to daily life; attitudes, contraceptive use, and fertility and fecundity; sex role controversies; relation to institutions such as family, religion, medicine, and education; social definitions as determinants of behavior.

#### **SOC 200 - Social Change - 3**

Change as ever present feature of contemporary, global societies. Comparative analysis of patterns and consequences of social change on societies and citizens in Developed and Lesser Developed Countries. Application of change theories to contemporary issues.

#### **SOC 220 - Changing Gender Roles - 3**

Presumed biological differences; socialization differences of females and males; positions in and treatment by major institutions such as education, religion, and economy; influence of gender labeling on development and lives of both genders.

#### **SOC 230 - Family and Kinship - 3**

Structure and dynamics of family institutions and kinship systems in cross-cultural perspective over time and space; theoretical implications of family's relationship to social and technological environment.

#### **SOC 235 - Sociology of Religion - 3**

Social aspects of individual religious experience; organization of churches and sects; relationships among religion, science, and other institutions; major faith groups; religion and global conflict.

#### **SOC 240 - Family Conflict and Violence - 3**

Origins, manifestations, effects, controls, and rehabilitation aspects of family conflict and violence.

#### **SOC 244 - Cinema and Photography - 3**

Use of photographs, film, video, and electronically transmitted images as a way of examining and understanding society, culture, and social relationships.

**SOC 245 - Contemporary Social Problems - 3**

How certain social conditions or behaviors come to be seen as social problems, why social problems persist and how they can be changed. Emphasis on understanding contemporary issues, and how diverse social groups are impacted by them.

**SOC 250 - Race and Ethnic Relations - 3**

Various ethnic and racial groups, with emphasis on theory and research on intergroup relations; internal structure, culture, and experiences of ethnic groups.

**SOC 260 - Sociology of Work - 3**

Social organization of occupations; role and function in modern industrial society; gender and race; professionalism, occupational choice, and careers and stress; labor force composition, unemployment, and retirement.

**SOC 275 - Urban Sociology - 3**

Lifestyle changes in urban society; social and demographic characteristics of cities; benefits and problems resulting from these characteristics; urban problems compared with rural and suburban problems.

**SOC 278 - Cities of the World - 3**

Historical and contemporary patterns of world urbanization and their consequences; world system of cities; core-periphery relations and development in Third World; analysis of urban life, urban planning, and community structures in various world regions; case studies of selected world cities such as Moscow, Beijing, Baghdad, Tokyo, and New York.

**SOC 280 - Introduction to Medical Sociology - 3**

Social and cultural factors in defining health and illness; social determinants of health; health and illness behavior; health professionals; organization and delivery of health care in the U.S. (This course was formerly titled Health and Society)

**SOC 282 - Minority Health - 3**

The relationship between race, ethnicity, health, social and behavioral factors, and health policy. Health related issues specific to various racial and ethnic groups will be discussed.

**SOC 283 - The Sociology of Mental Health - 3**

Examination of mental health and illness in its social context, the social construction of mental health and illness, the interrelationships between social structure, social factors, stress, coping resources, and mental health experiences of mental health and illness.

**SOC 285 - Introduction to Aging - 3**

Aging experience in modern world. Theories of aging, dimensions of aging, everyday concerns associated with aging, and future prospects of aging. May include some guest lectures by professionals in the field and other faculty in gerontology.

**SOC 290 - Special Topics in Sociology - 1 to 3**

*Prerequisites:* SOC 100

**SOC 291 - Special Topics in Sociology - 1 to 3**

*Prerequisites:* SOC 100

**SOC 292 - Special Topics in Sociology - 1 to 3**

*Prerequisites:* SOC 100

**SOC 293 - Special Topics in Sociology - 1 to 3**

*Prerequisites:* SOC 100

**SOC 294 - Special Topics in Sociology - 1 to 3**

*Prerequisites:* SOC 100

**SOC 295 - Special Topics in Sociology - 1 to 3**

*Prerequisites:* SOC 100

**SOC 315 - The Sociology of Terrorism - 3**

Examination of the social and social psychological explanations of the phenomenon, with particular emphasis given to the theories of social construction.

**SOC 316 - Popular Culture - 3**

Relationship between popular culture, our cultural heritage, and present cultural identity. Connections with big business, music, sports, politics, film and mass media. Analyze cultural objects (movies), compare past mindsets with the present.

**SOC 317 - Social Impacts of Information and Communication Technologies - 3**

Communication and information technology as a product of social, economic, political, cultural forces. Its impact on everyday life. Focus on the Internet and how individuals use it to gather, distribute, and convey information.

**SOC 318 - Passion in Action: US Social Movements - 3**

Theoretical and substantive examination of social movements, including reform, status, equality, and new social movements.  
*Prerequisite:* SOC 100

**SOC 320 - Sociology Through Fiction - 3**

Sociological theories and concepts as illustrated in contemporary fiction. Classes will vary in terms of the fictional genre explored.

**SOC 323 - Social Structure/Personality - 3**

Interaction of social structure and personality; motivation, cognition, and impact of family, social class, and other institutions on personality development and mental illness.

**SOC 327 - Sociology of Organization - 3**

Organizations as bureaucracies; authority, decision making, goals, communication, and informal relationships in organizations.

**SOC 335 - Sexual Identity and Diversity - 3**

Sexual identity from a sociological perspective. Topics include: theories of sexual orientation, social movements related to sexual identity, development of sexual identity over the life course, and relationship to social institutions such as the family, medical community, and legal system.

**SOC 336 - Sport and Society - 3**

Sociological analysis of sport in contemporary societies. Sport as reflection of society and modern institutions; socialization process, problems of racial and sexual inequality, aggression and violence, mass media, and societal change. *Prerequisite:* SOC 100

**SOC 340 - Deviant Behavior- 3**

How and why certain behaviors, thoughts, and characteristics, and individuals are labeled deviant consequences of being labeled; individual and group conflict; socialization to deviance; education; law enforcement; institutions; influence on family and friends. *Prerequisite:* SOC 100

**SOC 350 - Sociology of Hip Hop - 3**

Sociological examination of the emergence and impact of Hip Hop music and culture from historical, aesthetic, and sociopolitical perspectives.

**SOC 360 - Sociology of Work - 3**

Social organization of occupations; role and function in modern industrial society; gender and race; professionalism, occupational choice, and careers and stress; labor force composition, unemployment, and retirement.

**SOC 370 - Population Problems - 3**

Scope and method of population analysis; analysis of growth, distribution of characteristics, and changes of population of U.S.; impact of changes in population structure on American and world society.

**SOC 383 - Drugs and Society - 3**

Variety of legal and illegal drugs in use in our society, their history, their social effects, and strategies for control and prevention of their abuse.

**SOC 385 - Social Psychology of Aging - 3**

Behavioral and structural relationships of aged population in America. Aging and interpersonal behavior, aging and social structure, and aging and social intervention.

**SOC 400 - Research Methods - 3**

This course examines the process of social inquiry used for sociology and other social sciences. In this course you will learn quantitative and qualitative methods of scientific inquiry and the beginning steps of putting together a research proposal that meets the scientific and ethical requirements of the discipline. Quantitative Literacy is a significant component of this course (QEP).

**SOC 404 - Survey Research Methods - 3**

Current best practices in survey research and applied experience in designing, administering, and analyzing data from surveys. Useful for marketing, polling, etc. *Prerequisites:* SOC 410

**SOC 405 - Mind, Self and Society - 3**

Symbolic interaction as major theoretical perspective of sociological social psychology; origins of approach in Mead, Blumer, and Goffman. Significance of concepts such as role-taking, impression management, self, identity and symbolic interaction.

**SOC 407 - Dev of Sociological Theory - 3**

Social thought from earliest classic thinkers to current sociological models; interrelationship between sociological theory and logic of social science; critical analysis of contemporary sociological theories.

**SOC 410 - Social Statistics - 4**

Elementary techniques and analysis; preparation and use of graphs and tables; measures of central tendency and dispersion; probability and sampling; tests of significance and measurements of association. Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* MA 102 or MA 110

**SOC 410L - Social Statistics Lab - 0**

**SOC 415 - Social Stratification - 3**

Inequality of wealth, prestige, and power distribution examined as caste-class differences; effect of stratification on individuals and their behavior, lifestyle, and life chances.

**SOC 417 - Political Sociology - 3**

The relationships between political ideas, government structures, social life, and the never-ending efforts of individuals and groups to modify these relationships to achieve their best notions of the good life.

**SOC 416 - Sociology of the South - 3**

Focus on the South as a unique U.S. region. Examining areas such as history, politics, race relations, religion, music, personality, social types and collective behavior.

**SOC 420 - Sociology of Emotions - 3**

Sociological approaches and issues in the study of emotions including; emotional socialization and control, emotion work, emotion management, feeling restless, and the relationship of macro, meso and micro social structures and processes to emotions.

**SOC 444 - Visual Sociology - 3**

Theoretical and methodological uses of cinema and photography in sociological inquiry; visual media as unique representations of society and sociological processes.

**SOC 450 - Minority Peoples - 3****SOC 455 - Minority Aging - 3**

Cross-racial/ethnic exploration on national level of special problems of minority aged groups such as Latinos, Blacks, Chinese, Japanese, Koreans, Pacific-Asians, and American Indians. Family, church, health care, housing, adult education, retirement, income, and recreation.

**SOC 456 - Death and Dying - 3**

Death, dying and bereavement from sociological and social psychological perspectives.

**SOC 457 - The Aging Family - 3**

Changes in family structure; status of aging in family in various societies; intra- and inter-generational relations; family-related role transitions.

**SOC 459 - Aging: Policy and Programs - 3**

Analysis of American social policies on aging and aged. Survey of related legislation, programs, and services. Special focus on evaluating effects of policies and programs for aged.

**SOC 469 - Sociology of Aging - 3**

How roles and statuses change with age in relation to major social institutions; adjustments people make to such changes. Aging population's impact on society and effect of society on aged.

**SOC 470 - Urban Ecology - 3**

Spatial distribution of social, demographic, and physical factors in urban environment; distribution of population by age, race and class; competition for land between businesses and home owners; consequences of local ecology for poverty, health, etc.

**SOC 472 - Homelessness: Causes/Consequences - 3**

Current problems of homelessness in U.S. history, health, mental health, poverty, public attitudes, and government policy.

**SOC 480 - Sociology of Health and Illness - 3**

Critical evaluation of medical care system and health policy; social consequences of current health issues; social causes of health and illness; alternative practitioners and self-help groups. (This course was formerly titled Medical Sociology)

**SOC 482 - Gender and Health - 3**

Sociological, psychological and biological explanations of gender differences in mental and physical health across the life course.

**SOC 488 - Sociological Practice - 3**

Students will be involved in community research and/or service-learning projects related to a substantive area of sociology or gerontology. Placement in community organizations to focus on research or practice related to social policy.

**SOC 489 - The Research Experience - 4**

Application of the basic tools of inquiry in sociological research; basic ethical issues in research. Forming the research question; hypothesis testing; measurement, sampling, validity and reliability; data gathering techniques; research design; data management; disciplinary standards for writing the research proposal and reporting findings. For students in their last 30 hours of coursework.

**SOC 489L - The Research Experience Lab - 0****SOC 490 - Independent Study: Sociology - 1 to 3**

Individually designed programs for semi-independent research or guided readings in areas and subjects otherwise unavailable. Irregularly offered courses on special topics in sociology. Varies in content. May be repeated for credit but topic may not be repeated. *Prerequisite:* SOC 100

**SOC 491 – Courageous Conversations - 1 to 3**

Peer-facilitated, structured dialogues on topics related to social identity in a diverse society. Separate topics on gender, race, religion, sexualities. May be repeated for credit but topic may not be repeated.

**SOC 492 - Independent Study: Sociology - 1 to 3**

Individually designed programs for semi-independent research or guided readings in areas and subjects otherwise unavailable. Irregularly offered courses on special topics in sociology. Varies in content. May be repeated for credit but topic may not be repeated. *Prerequisite:* SOC 100

**SOC 493 - Independent Study: Sociology - 1 to 3**

Individually designed programs for semi-independent research or guided readings in areas and subjects otherwise unavailable. Irregularly offered courses on special topics in sociology. Varies in content. May be repeated for credit but topic may not be repeated. *Prerequisite:* SOC 100

**SOC 494 - Independent Study: Sociology - 1 to 3**

Individually designed programs for semi-independent research or guided readings in areas and subjects otherwise unavailable. Irregularly offered courses on special topics in sociology. Varies in content. May be repeated for credit but topic may not be repeated. *Prerequisite:* SOC 100

**SOC 495 - Independent Study: Sociology - 1 to 3**

Individually designed programs for semi-independent research or guided readings in areas and subjects otherwise unavailable. Irregularly offered courses on special topics in sociology. Varies in content. May be repeated for credit but topic may not be repeated. *Prerequisite:* SOC 100

**SOC 498 - Sociology Honors Seminar - 3**

Special seminar for sociology honors students. *Prerequisite:* admission to the Sociology Honors Program and permission of the Undergraduate Director in Sociology.

**SOC 499 - Sociology Honors Thesis - 3**

Sociology Honors Thesis. *Prerequisite:* SOC 498

## Social Work

**Program Director:** Chris Walker

The baccalaureate social work program, fully accredited by the Council on Social Work Education, prepares graduates for employment at the beginning level of professional social work practice as well as for graduate-level professional education. The mission is to educate undergraduate students from a social science perspective in both problem-solving skills and social work values to prepare them for generalist practice with diverse populations in an increasingly complex and interconnected world, emphasizing social and economic justice for populations at risk. The program encourages social work career development through affiliation with professional organizations, pursuit of graduate education, and involvement in continuing education.

Required course work includes acquisition of social work knowledge, values, and skills essential to social work practice, research, and policy. The curriculum culminates with a full-time, one-term field practicum.

No minor is required for social work majors. Instead, selected social and behavioral science courses provide a foundation for the professional courses. These foundation courses include CS 101, HY 121, EC 110 or 211, PY 101, PSC 101 or 221, SOC 100, ANTH 101 and an approved minority studies course. These courses must be completed with a grade of C or better. Additionally, students are required to take at least one biology course and laboratory that includes content about human beings (BY 101/102 or BY 123), also completed with a grade of C or better. This requirement may be taken as part of the Core Curriculum.

## Major in Social Work

Because the B.S.S.W. is a professional degree, students must successfully complete the prescribed application process to advance from Core/Foundation Curriculum to Professional Curriculum. In order to complete the Professional Curriculum and attain the B.S.S.W. degree, students must continually meet standards representing professional competence.

1. Students admitted to the Professional Curriculum in social work must earn a C or better in required upper-level classes.
2. Transfer students must complete SW 222, 322, and 422 and the practicum at UAB.
3. The minimum grade point average for students beginning fieldwork and for the B.S.S.W. degree is an overall grade point average of 2.25 and a SW 2.5 GPA.
4. Students must complete the following required social work courses: SW 100, 200, 203, 222, 302, 313, 314, 320, 321, 322, 422, 490 and 494. Students who have not completed a statistics course prior to formal acceptance to the Professional Curriculum must complete SW 321.
5. A 3-hour elective in social work is also required.

## Social Work Classification

Students declaring their intention to major in social work are admitted with a social work (SW) classification. Application to SW Professional Curriculum —SW students may formally apply to the Professional Curriculum when they have met all of the following criteria:

1. Completion of essential Core and Foundation Curriculum requirements, with a grade of C or better in each course.
2. Cumulative undergraduate GPA of 2.0 or higher.
3. Completion of SW 100, SW 200, SW 203, and SW 222 with a cumulative average of 2.5 or better.

## Acceptance to the Social Work Professional Curriculum

Students must successfully complete a formal application process to enter Professional Curriculum. The application process includes the following: (1) certification from a College of Arts and Sciences academic advisor that the criteria to apply have been met, (2) a written assessment of writing skills and self-awareness; and (3) a recommendation by the social work faculty.

### MAJOR REQUIREMENTS FOR SOCIAL WORK

Requirement	Fulfilled By:	Hrs.
Grade Requirement	A grade of C or better is required in all courses applied to the Social Work major.	-
Minority Studies	Select one of the following courses: <b>SW 207 SOC 220 SOC 250 WS 100 or SOC 490 (x) 3</b>	3
Anthropology	Take the following course: <b>ANTH 101</b> <i>Note: This course may satisfy this requirement as well as the Core Curriculum Area IV: Social &amp; Behavioral Sciences requirement.</i>	3
Biology	Take the following courses. <b>BY 101 BY 102</b>	4
Computer Science	Take the following course: <b>CS 101</b> <i>Note: CS 101 will satisfy this requirement as well as the Track C of the College Wide Requirements.</i>	3
Economics	Select one of the following courses: <b>EC 110 EC 211</b> <i>Note: EC 211 will satisfy this requirement as well as the Core Curriculum Area IV: Social &amp; Behavioral Sciences requirement.</i>	3
History	Take the following course: <b>HY 121</b> <i>Note: HY 121 will satisfy this requirement and can also be applied to the Core Curriculum Area IV: History requirement.</i>	3
Political Science	Select one of the following courses: <b>PSC 101 PSC 221</b> <i>Note: Either of these courses will automatically satisfy the Core Curriculum Area IV: Social &amp; Behavioral Sciences requirement.</i>	3
Psychology	Take the following course: <b>PY 101</b> <i>Note: One of these courses must be taken as part of Core Curriculum Area IV:</i>	3
Sociology	Take the following course. <b>SOC 100</b>	3
Required Social Work Courses	Take all of the following courses: <b>SW 100 SW 222 SW 314 SW 322 SW 494</b> <b>SW 200 SW 302 SW 320 SW 422</b> <b>SW 203 SW 313 SW 321 SW 490</b>	46
Social Work Elective	Select 3 hours from <b>Social Work (SW)</b> courses.	3
<b>Total Major Requirements:</b>		<b>77</b>

## ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
General Electives	Students must take general electives to reach the 120 semester hour requirement.

## MINOR REQUIREMENTS FOR SOCIAL WORK

Requirement	Fulfilled By:	Hrs.
Grade Requirement	A C or better is required in all courses applied to the minor.	-
Required Social Work	Take the following course: <b>SW 100</b>	3
Social Work Electives	Select 15 hours from <b>Social Work (SW)</b> courses.	15
<b>Total Minor Requirements:</b>		<b>18</b>

### Course Descriptions

#### Social Work (SW)

##### **SW 100 - Introduction to Social Work - 3**

The overall goal of this course is to introduce students to the value-based profession of social work. More specifically, students will have the opportunity to learn about social work's history, its professional values, and its theoretical frame -- the systems/ecological perspective. Further, students will explore arenas in generalist practice and the varied roles and responsibilities of social work professionals in a range of fields of practice. Students will be afforded the opportunity to examine their own personal values and how those values influence their views on social welfare problems and issues. SW 100 is required for social work majors and social work minors, and it is open to others as an elective. Students generally take SW 100 while completing their core requirements.

##### **SW 200 - Prof Writing for Hum SVC Profs - 2**

An introduction to the techniques of professional writing for human service practitioners. The course is designed to enhance professional and academic writing skills. Students in this class will receive practice in writing to a variety of professional audiences typical of the human service workplace. The course will be of benefit to students who want to advance their competencies in manuscript development and general writing skills for the social sciences. Content includes a review of the basic writing mechanics for English composition. For professional publications and social science academic papers, emphasis will be placed on the American Psychological Association's (APA) documentation style and manuscript format guidelines. Students will study how to craft narrative proposals for funding - support applications.

##### **SW 201 - Evidence-Based Social Work Practice - 3**

An introduction to the concepts and the process involved in evidence-based and empirically based social work practice. It will cover the skills, values, and ethics necessary in this process and field, concentrating on the identification, analysis, and implementation of evidence, as well as empirically based social work practice, which promotes the effectiveness of practice in intervention at the individual, family/group, organization and community levels.

##### **SW 203 - Social Welfare History - 3**

A history of U.S. social welfare and its relationship and impact on current social work practice. Additionally, the course explores, within a social justice context, the historical impact of social welfare policies on the well-being of individuals and communities.

##### **SW 205 - Geriatric Services & Social Work - 3**

This course uses a risk-resilience framework to examine the major issues affecting older adults. The course will focus on knowledge, skills, and values for working effectively with this growing, yet at-risk population. Content of the course examines how health disparities, race/ethnicity, social class, and gender impact successful aging. The course is recommended for students who want to expand their knowledge, sensitivity, and understanding of the aging process. The course will introduce students to the role of social workers in a variety of settings and agencies serving the aged population.

##### **SW 206 - Family in Cross-Cultural Perspectives - 3**

Relationships within and among cultural units commonly referred to as "the family"; survey of domestic groups in various socio-cultural settings.

##### **SW 207 - Racism, Sexism and Other Isms - 3**

Ethical dilemmas in relating to disadvantaged groups such as minorities, aged, women, gays and lesbians, and disabled persons.

##### **SW 208 - Disaster Preparedness - 3**

A multi-disciplinary perspective on aspects of disaster preparedness and response to natural and manmade disasters. Provides review of current recommendations on disaster preparedness, local, state and federal response networks and organizations, and psychosocial aspects of response including sheltering, crisis intervention and psychological first aid.

**SW 222 - Values Lab - 4**

An introduction to the helping professions with on-site observations in local social service agencies. A didactic classroom and experiential lab that integrates field observation with self-awareness. At the conclusion of this course, students may apply for social work major status.

**SW 302 - Social Welfare Policy Analysis - 3**

Introduces analytical frameworks with which to evaluate contemporary U.S. social welfare policy; it is designed for students with basic knowledge of the history of social welfare. The course also examines the relationship between current policy and the practice of social work today. Additionally explored is the real-world impact of current policy on the well-being of individuals and communities, within a social justice context. *Prerequisite:* SW 203

**SW 304 - Family Preservation - 3**

An introduction to policy, child welfare system, theories, and practice models of family preservation. Will cover skills, values, and ethics of working with high-risk families in their home setting. Primary focus will be on strength-based perspectives that promote child protection, family preservation, and family reunification.

**SW 305 - Social Work Perinatal Settings - 3**

Covers issues facing families in perinatal settings, providing an overview of the social work role from a generalist practice model. This course covers practice issues related to services to families during pregnancy, delivery and childbirth, and the neonatal period. Topics will be covered from a multidisciplinary perspective, highlighting the impact of culture and diversity during specified times of life transition, including medical and psychosocial issues. Social Work interventions will be discussed using an evidence-based framework.

**SW 309 - Community Resources for Special Population - 3**

Analysis of community-based programs for specific populations: older citizens, persons with HIV/AIDS, and chronic mentally ill. (Also GER 309.)

**SW 313 - Human Behavior/Soc Environment - 3**

The first of two required courses in Human Behavior and the Social Environment, this course is designed to prepare students to understand human development across the different levels of social systems. The course explores theories, concepts, and knowledge from conception through early adolescence. Content also includes discussion of how factors such as social class, sexual orientation, gender, physical ability, age, race, ethnicity, and culture influence human development and behavior.

**SW 314 - Hum Behavior/Soc Environment II - 3**

The second of two required courses in Human Behavior and the Social Environment, is designed to prepare students to understand human behavior across the life cycle. The course explores theories, concepts, and knowledge from early adolescence through death. Students acquire knowledge and understanding of human beings as individuals, as members of families, and other social groupings, and as members of organizations, communities, and larger societal and cultural collectives. Content includes discussion of how factors such as social class, sexual orientation, gender, physical ability, age, race, ethnicity and culture influence human development and behavior. *Prerequisite:* SW 313

**SW 320 - Social Work Research - 3**

Research theory, design, problem formulation, measurement, qualitative and quantitative approaches, and ethics. Quantitative Literacy is a significant component of this course (QEP).

**SW 321 - Statistics for Social Work Research - 4**

Introduction to descriptive and inferential statistics. Topics include measures of central tendency and dispersion, probability theory, sampling, one-and two-sample hypothesis tests. Quantitative Literacy is a significant component of this course (QEP). *Prerequisite:* SW 320 *Corequisite:* SW 321L

**SW 321L - Statistics for Social Work Research Lab - 0**

Required Laboratory for SW 321, statistical exercises, homework review. *Corequisite:* SW 321

**SW 322 - Social Work Practice I - 4**

Generalist model application of social work with concentration on the micro-level that provided the student with the opportunity to gain the knowledge, skills, understanding and competence needed for interventions at the beginning professional level. This course includes a lab that allows students to practice the development of solution-focused helping relationship with emphasis on self-awareness, cultural-awareness, active listening, interviewing, and recording skills at all systems levels.

**SW 339 - Child Welfare in Social Work - 3**

Examines current trends in service delivery and relevant policy issues concerning the health and well being of children.

**SW 422 - Social Work Practice II - 3**

Generalist model application of social work practice at the mezzo and macro levels. Students will look at resource/case management, creating alliances, community change, and social activism and advocacy. Focus on adherence to Code of Ethics and ethical practice. *Prerequisite:* SW 322

**SW 428 - Medical and Mental Health Social Work - 3**

An introduction to and overview of working with people called "patients" in medical and mental health. These settings include medical hospitals, clinics, public health agencies, non-profit organizations, and mental health inpatient and outpatient facilities.

**SW 454 - Working with Substance Abusers - 3**

Examines the impact of substance abuse on individuals, families, groups, organizations, institutions and communities. This course is recommended for students who want to expand their knowledge and sensitivity for understanding the special problems that substance abuse brings to society. Course content includes identification of the various drugs of abuse, major theories of addiction, and examination of the psychological and physiological consequences of substance abuse.

**SW 478 - Special Topics in Social Work - 3**

Study of current issues in social work.

**SW 490 - Practicum in Social Work - 9**

Integration of social work knowledge and values with application of professional helping skills. Students participate in a full-time placement in approved social service agencies under supervision of master's-level social workers. *Prerequisite:* SW 494

**SW 494 - Practicum Seminar - 3**

The capstone course in Social Work is an integrative seminar that must be taken concurrently with SW 490 The Practicum in Social Work. The seminar reviews basic social work tools that will enhance the students' work with client systems by providing opportunities to increase their knowledge of the social work profession, practice collegial collaboration for the benefit of clients, and engage in strategies for problem-solving. The seminar also provides a forum to review student' practicum experiences, discuss social work practice issues, and reflect on the relationship of these experiences to their overall social work education program.

**SW 498 - Independent Study I - 1 to 3**

Research under direction of faculty member.

**SW 499 - Independent Study II - 1 to 3**

Research under direction of faculty member.

## Department of Theatre

**Chair:** Will York

**Associate Chair:** Kimberly A. Schnormeier

**Faculty:** Allison, Cannon, Haarbauer (Emeritus), Hall, Hubbard, Ibsen (Emerita), Johnson, Koskinen, McLernon, Pollard, Shackelford, Schnormeier, Simon, Warner, York, Zuckerman

The Department of Theatre holds the philosophy that classroom study and practical experience are of equal and complementary value. Production opportunities are available in performance, design/tech and film and video projects at the Morris K. Sirote Theatre and the Odess Theatre in the Alys Robinson Stephens Performing Arts Center. In addition to departmental requirements, note the College of Arts and Sciences requirements.

The Department of Theatre offers a major and minor in theatre with three areas of emphasis in the major: general theatre, pre-professional performance and pre-professional design and production. Theatre/speech is an approved area of concentration for the N-12 certificate in the School of Education. Theater majors are expected to maintain grades, to be active in department productions, and to be professional both in attitude and actions while representing the department. Failure to do so will lead to the loss of stipend and/or scholarship support and loss of further opportunities in the program

Theatre faculty conduct individual advisement to assist students in progressing toward their academic and professional goals. For more information, call (205) 934-3236.

### Scholarships, Stipends, and Other Financial Aid

In addition to university financial aid packages, specific stipends and scholarships are available through the Department of Theatre to qualified students. Students holding stipends and scholarships must remain active in department activities and must complete their core requirements in a timely fashion. For further information concerning departmental financial aid, call (205) 934-3236.

### Theatre Major

Theatre majors choose from three concentrations, depending on their primary area of interest. All three concentrations share a common core. The general concentration provides a student with a well-rounded education in all areas of theatre. The pre-professional performance concentration focuses on actor training, with an emphasis on movement and vocal training. The pre-professional design and production concentration focuses on developing design and technology skills in the areas of scenery, costume and lighting. The department also offers an honors program for qualified students. All three tracks share a common 30 hour theatre core.

## Honors Program in Theatre

### Purpose

The Theatre Honors Program is designed for outstanding students majoring in Theatre. Through mentored work on an individually developed creative project or research topic, students will develop skills in preparation for graduate school or a professional career.

### Eligibility

Acceptance into the Theatre Honors Program requires the student to:

- Be a Theatre major;
- Have earned a 3.5 GPA in Theatre courses attempted;
- Have earned a 3.0 GPA overall;
- Have completed THR 124, 125, 154, 210, 235 and 236;
- Have completed 60 hours toward the BA degree; and
- Have completed at least two UAB Theatre production practicum.

### Requirements

- Completion of required courses for the Theatre major;
- Arrangement with a faculty mentor for a creative or research project;
- Submission of a formal project proposal to the faculty mentor and the Honor's committee.
- Registration for 3 credit hours of THR 496—Honors Project;
- Public presentation of the honors project.
- Acceptance of the completed project by the faculty mentor and the Honor's committee.
- Submission of an archival copy of the project to the Theatre Department.

### Benefits

In addition to the educational benefits of working on a mentored, individually designed project, honors majors receive a certificate at the Spring UAB Honors Convocation and will graduate "With Honors in Theatre."

### Contact

For more information and/or admission to the Theatre Honors Program, please contact: Will York, Chair, Department of Theatre, ASC 255, (205) 934-3236, [[yorkwill@uab.edu](mailto:yorkwill@uab.edu)].

### THEATRE MAJOR REQUIREMENTS: GENERAL THEATRE CONCENTRATION

Requirement	Fulfilled By:	Hrs.
Required Courses	Take all of the following courses: <b>THR 124 THR 125 THR 154 THR 160 THR 210</b> <b>THR 235 THR 365 THR 481 THR 482 THR 483</b> <b>THR 491</b>	30
Theatre Design	3 hours chosen from: <b>THR 323 THR 326 THR 327</b>	3
Theatre Writing	3 hours chosen from: <b>THR 200 THR 216 THR 340</b> <b>THR 215 THR 300 THR 350</b>	3
Theatre Practicum	Complete three hours of THR 204. One hour may be performance, two hours must be technical: <b>THR 204</b>	3
Theatre Electives	Select six hours from the following courses: <b>THR 105 THR 215 THR 315 THR 355 THR 471</b> <b>THR 112 THR 216 THR 316 THR 360 THR 472</b> <b>THR 200 THR 217 THR 318 THR 377 THR 473</b> <b>THR 202 THR 226 THR 323 THR 404 THR 474</b> <b>THR 203 THR 230 THR 326 THR 455 THR 477</b> <b>THR 204 THR 254 THR 327 THR 462 THR 490</b> <b>THR 206 THR 277 THR 340 THR 465 THR 496</b> <b>THR 207 THR 300 THR 350 THR 470 THR 499</b> <i>NOTE: Students may NOT apply <b>THR 105</b> or <b>THR 200</b> toward both this requirement and the Core Curriculum Area II requirement.</i>	6

Theatre Practicum	Complete three hours of THR 204. One hour may be performance, two hours must be technical: <b>THR 204</b>	3
Design & Technology Requirements	Take the following course: <b>THR 226</b>	3
Period Style/Costume Design	Select one of the following courses: <b>THR 340 THR 350</b>	3
Design & Technology Electives	Select six hours from the following courses: <b>THR 470 THR 472 THR 474</b> <b>THR 471 THR 473</b>	6
<b>MAJOR REQUIREMENTS</b>		<b>54</b>

**MAJOR REQUIREMENTS FOR THEATRE WITH PRE-PROFESSIONAL PERFORMANCE CONCENTRATION**

<b>Requirement</b>	<b>Fulfilled By:</b>	<b>Hrs.</b>
Required Courses	Take all of the following courses: <b>THR 160 THR 154 THR 365 THR 483</b> <b>THR 124 THR 210 THR 481 THR 491</b> <b>THR 125 THR 235 THR 482</b>	30
Theatre Practicum	Complete three hours of Theatre Practicum. One hour must be performance, two hours must be technical. <b>THR 204 THR 205</b>	3
Performance Requirements	Take all of the following courses: <b>THR 202 THR 217 THR 318</b> <b>THR 203 THR 254 THR 355</b>	18
Performance Electives	Select 3 hours from the following courses: <b>THR 377 THR 405 THR 455 THR 465</b>	3
<b>Total Major Requirements:</b>		<b>54</b>

**MINOR REQUIREMENTS FOR THEATRE**

<b>Requirement</b>	<b>Fulfilled By:</b>	<b>Hrs.</b>
Required Theatre	Take the following courses: <b>THR 154 THR 210 THR 235</b>	9
Theatre Technology	Take both of the following courses: <b>THR 124 THR 125</b>	6
Theatre History	Select one of the following courses: <b>THR 481 THR 482 THR 483</b>	3
Theatre Electives	Select six hours from following <b>Theatre (THR)</b> courses. <b>THR 106 THR 215 THR 316 THR 365 THR 471 THR 490</b> <b>THR 107 THR 216 THR 318 THR 377 THR 472</b> <b>THR 112 THR 217 THR 323 THR 404 THR 473</b>	6

Theatre Electives (continued)	<b>THR 202</b>	<b>THR 226</b>	<b>THR 326</b>	<b>THR 420</b>	<b>THR 474</b>
	<b>THR 203</b>	<b>THR 230</b>	<b>THR 327</b>	<b>THR 455</b>	<b>THR 477</b>
	<b>THR 204</b>	<b>THR 254</b>	<b>THR 340</b>	<b>THR 462</b>	<b>THR 481</b>
	<b>THR 206</b>	<b>THR 300</b>	<b>THR 350</b>	<b>THR 465</b>	<b>THR 482</b>
	<b>THR 207</b>	<b>THR 315</b>	<b>THR 355</b>	<b>THR 470</b>	<b>THR 483</b>
	<i>NOTE: A course may not be used to satisfy this requirement and the core curriculum.</i>				
<b>Total Minor Requirements:</b>					<b>24</b>

## Course Descriptions

### Theatre (THR)

#### **THR 100 - Intro to Theatre - 3**

Understanding the theatre experience through class lectures, reading and writing assignments, demonstrations, discussions, and viewing live evening performances.

#### **THR 105 - Intro to Dance - 3**

Understanding the dance experience through class lectures, demonstrations, discussions, and viewing performances.

#### **THR 106 - Jazz I - 3**

Basic movement and combinations based on modern jazz, Broadway/theatrical styles, and popular jazz forms.

#### **THR 107 - Tap I - 3**

Basic rhythmic studies and combinations based on Broadway/theatrical tap styles.

#### **THR 124 - Theater Tech: Scenery/Lighting - 3**

Scenic construction techniques and execution of stage lighting via lectures, demonstrations, and practical application. Emphasis in tools, materials and procedure. 30 lab hours outside of scheduled classes required.

#### **THR 125 - Theater Tech: Costumes/Makeup - 3**

Fundamentals of costume construction, finishing and manipulation. Basic stage makeup techniques. Lectures, demonstrations and practical experience. 30 lab hours outside of scheduled classes required.

#### **THR 154 - Beginning Acting - 3**

Introduction to the basic principles of acting. Exercises in talking and listening, actions and objectives, subtext and internal monologue.

#### **THR 160 - First Year Exper. in Theatre - 1**

The objective of this course is to introduce incoming freshmen to an education in the performing arts in context of the university. It is meant to help prepare students for a successful collegiate career in the study of theatre. Course required for majors in the first fall semester of residency.

#### **THR 200 - Plays on Film - 3**

Understanding major genres of drama through lecture, analysis, reading scripts, and viewing performances.

#### **THR 202 - Beginning Voice - 3**

Entry level course in speech and tonal production exploring the techniques of the Lessac system for training the voice.

#### **THR 203 - Intermediate Voice - 3**

Second course in a sequence of voice training for the actor based on the Lessac system of vocal training. Concentration in applying Lessac techniques in contemporary scene study. *Prerequisite:* THR 202

#### **THR 204 - Beginning Production Practicum - 1 to 2**

Practical directed production experience in conjunction with actual production. May be repeated 3 times for a total of 3 credit hours.

#### **THR 205 - Beginning Performance Pract. - 1 to 2**

Practical directed performance experience in conjunction with actual production. Requires audition. May be repeated.

#### **THR 206 - Jazz II - 3**

Further exploration of jazz idiom, musicality, and technique, with emphasis on theatrical and choreographic styles. *Prerequisite:* THR 106

#### **THR 207 - Tap II - 3**

Further exploration of tap genre, with emphasis on musicality and technique. *Prerequisite:* THR 107

#### **THR 210 - Intro to Theatrical Design - 3**

Study and application of elements of design in theatre setting. Roles of scenic, lighting, and costume designers and their collaborative relationship with director.

**THR 215 - Playwriting - 3**

Study and practicum in playwriting with emphasis on creating works for production and/or publication. *Prerequisite:* Permission of instructor.

**THR 216 - Beginning Screenwriting - 3**

Study and practicum in writing scripts for TV and film, with emphasis on creating works for production and/or sale. *Prerequisites:* EH 101 and EH 102 and Permission of instructor.

**THR 226 - Drawing for Theatre - 3**

Emphasis on rendering styles and drawing skills used in developing costume, scenic, and lighting designs. Studies in color theory, basic perspective, illustrating light source and figure drawing. Work in a variety of media and styles. *Prerequisite:* THR 210

**THR 230 - Stage Management - 3**

The role and responsibilities of the stage manager for live theatrical events. Emphasis on managerial theory and practice.

**THR 235 - Play Analysis - 3**

Dramatic structure for live performance. *Prerequisites:* EH 101 and EH 102

**THR 254 - Intermediate Acting - 3**

Second part of a three part sequence. This course explores and applies the techniques of the acting process as proscribed through Constantin Stanislavski's text, AN ACTOR PREPARES: given circumstances, character objectives, physical objectives, internal and external characterization techniques. *Prerequisite:* THR 154

**THR 300 - African-American Creative Exp - 3**

Contributions of African Americans to theatre and dance. Creative process and application of creative process through live performance. *Prerequisites:* THR 100 or THR 200 or THR 235

**THR 316 - Advanced Screenwriting - 3**

Advanced study and practicum in writing feature-length screenplays, with emphasis on creating works for production, sale, and/or publication. *Prerequisite:* THR 216

**THR 318 - Stage Combat - 3**

Fighting for the stage and screen.

**THR 323 - Lighting Design - 3**

Interpreting visual needs of scripts into lighting and color designs and translating designs to paper. *Prerequisites:* THR 124 and THR 210

**THR 326 - Scenic Design - 3**

Exploration of the theory and practice of scene design for live performance. *Prerequisites:* THR 124 and THR 210

**THR 327 - Costume Design - 3**

Exploration of the theory and practice of costume design for live performance. Basic principles of design, characterization and rendering technique. *Prerequisites:* THR 125 and THR 210

**THR 340 - Period Styles for the Theatre - 3**

Systematic study of architecture, furniture, and decorative arts of different historical eras, emphasizing frequently produced periods. Influences which create historical style.

**THR 350 - Costume History - 3**

History of clothing from prehistoric times to present day; societal, cultural, and economic influences. Emphasis on frequently produced periods. *Prerequisite:* EH 102

**THR 355 - Advanced Acting - 3**

Advanced level class in actor training. Students will be introduced to specific period styles acting techniques for Shakespearean drama, restoration drama, and emerging changes for performance techniques in the plays of Henric Ibsen and Anton Chekhov. *Prerequisites:* THR 154 and THR 202 and THR 203 and THR 254

**THR 360 - Internship - 3**

Experience in non-academic theatre under supervision of professional staff. Interns may work in single area of specialty or in rotation throughout host theatre operation and may contract for single term or academic year.

**THR 365 - Directing I - 3**

Basic principles of staging, picturization, composition, focus, and movement. Text analysis, directorial scoring, and actor/director dynamics. *Prerequisites:* THR 154 and THR 210 and THR 235

**THR 377 - Acting for the Camera - 3**

Acting in film and television

**THR 404 - Advanced Production Practicum - 1 to 2**

Practical directed production experience in conjunction with actual production. May be repeated. Prior to taking THR 404, student must have completed the 3 required practicum credits. 1 to 2 hours.

**THR 405 - Advanced Performance Practicum - 1 to 2**

Practical directed performance experience in conjunction with actual production. Requires audition. May be repeated. Prior to taking THR 405, student must have completed the 3 required practicum credits. 1 to 2 hours.

**THR 420 - Teaching Theater in Sec School - 3**

Course provides the student with a complete understanding and utilization of the knowledge and skills needed to teach theatre at the secondary school level.

**THR 455 - Advanced Studio in Performance - 3**

Advanced exploration of special topics related to acting through performance including but not restricted to period styles, dialects, ensemble work, solo performance, or any other specialized genre. *Prerequisites:* THR 154 and THR 254 and THR 355

**THR 462 - Special Workshop - 1 to 3**

Specialized subjects taught as opportunity allows. May be repeated for credit.

**THR 465 - Directing II - 3**

Preparing performances. Director/actor communication in rehearsal, rehearsal motifs, rehearsal organization, and finishing production. Actual direction of one-act play for laboratory performance. *Prerequisite:* THR 365

**THR 470 - Project Design/Prod - 1 to 3**

Directed individual study in topics related to theatrical design and production. Proposals for individual projects must be approved prior to registration. May be repeated for credit.

**THR 471 - Spec Tpc: Adv Studio Scenery - 3**

Advanced exploration of special topics related to scenic design and production. May be repeated for credit. *Prerequisite:* THR 326

**THR 472 - Spec Tpc: Adv Studio Costumes - 3**

Advanced exploration of special topics related to costume design and production. May be repeated for credit. *Prerequisite:* THR 327

**THR 473 - Spec Tpc: Adv Studio Lighting - 3**

Advanced exploration of special topics related to lighting design and production. May be repeated for credit. *Prerequisite:* THR 323

**THR 474 - Spec Tpc: Adv Studio in Audio - 3**

Advanced exploration of special topics related to audio design and production. May be repeated for credit. *Prerequisites:* THR 210 and THR 235

**THR 477 - Script to Screen - 3**

Intensive practicum in the process of creating original works for film and video, from both scriptwriting and performance perspectives. *Prerequisites:* THR 216 or THR 377

**THR 481 - Theater History: to 1700 - 3**

Important theatres, personalities, and theories of drama; supplemental reading of selected plays. *Prerequisite:* THR 235

**THR 482 - Theater History 1700-Realism - 3**

Important theatres, personalities, and theories of drama; supplemental reading of selected plays. *Prerequisite:* THR 235

**THR 483 - Theater History: Non-Realism - 3**

Important theatres, personalities, and theories of drama; supplemental reading of selected plays. *Prerequisite:* THR 235

**THR 490 - Production Concepts Seminar - 3**

Creation and detailed proposals for implementation of production concepts for selected play scripts based on analysis of script and target audience. *Prerequisites:* THR 210 and THR 235 and THR 365

**THR 491 - Theatre Capstone - 2**

An exploration of the role of theatre and the theatre artist in the macrocosm of the world. Synthesis and assessment of the academic theatre experience through writing assignments, class discussion, and oral presentations focused on career preparation and planning, the role of theatre in society, defining a personal aesthetic and collaboration. Required for graduation in last year of residency.

**THR 496 - Honors Project - 3**

Admission into the departmental honors program.

**THR 499 - Individual Studies - 1 to 3**

# School of Education

**Interim Dean: Thomas DiLorenzo**  
**Associate Dean: Lou Anne Worthington**  
**Associate Dean: Scott Snyder**

The School of Education offers programs that are fully approved by the Interstate Agreement on Qualifications of Educational Personnel, the National Association of State Directors of Teacher Education Council (NASDTEC), the National Council for Accreditation of Teacher Education (NCATE), and the Alabama State Board of Education. These programs lead to Bachelor of Science degrees in early childhood & elementary education, health education, high school education, physical education, and special education. The School also offers a range of Master of Arts in Education degrees plus post-master's programs leading to the Educational Specialist degree. Ed.D. and Ph.D. degrees in early childhood education, educational leadership, and health education/health promotion are also available.

The School of Education also offers non-teacher certification programs that prepare students for employment in a variety of wellness, health, and fitness and sports (community, commercial, clinical, and corporate) agencies/facilities and/or admission to health-related graduate programs (e.g. physical therapy, medicine, occupational therapy). These non-teaching majors are available in Health Education and Physical Education. The Exercise Science concentration is a National Strength and Conditioning Association (NSCA) recognized program.

## Teacher Certification Programs

At the undergraduate level, students may complete programs that lead to certification in the following areas:

Certification Area & Grade Levels	Undergraduate Major	Teacher Education Department
Art (P-12)	Art *	Curriculum & Instruction
Biology (6-12)	High school education and biology (double major)	Curriculum & Instruction
Chemistry (6-12)	High school education and chemistry (double major)	Curriculum & Instruction
Collaborative Teacher (K-6)	Special Education	Leadership, Special Education, and Foundations
Early Childhood (P-3) and Elementary Education (K-6)	Early childhood and elementary education (double major)	Curriculum & Instruction
English Language Arts (6-12)	High school education and English (double major)	Curriculum & Instruction
French (6-12)	High school education and French (double major)	Curriculum & Instruction
General Science (6-12)	High school education and biology (double major)	Curriculum & Instruction
General Social Science (6-12)	High school education and history (double major)	Curriculum & Instruction
Health Education (6-12)	Health education	Human Studies
Mathematics (4-8)	Mathematics *	Curriculum & Instruction
Mathematics (6-12)	High school education and mathematics (double major)	Curriculum & Instruction
Music – Instrumental (P-12)	Music *	Curriculum & Instruction
Music – Vocal/Choral (P-12)	Music *	Curriculum & Instruction
Physical Education (P-12)	Physical education	Human Studies
Physics (6-12)	High school education and physics (double major)	Curriculum & Instruction
Spanish (P-12)	High school education and Spanish (double major)	Curriculum & Instruction

\*Students seeking teacher certification in these programs must follow all requirements for program admission, retention, completion, and certification as detailed in the sections relevant to secondary/high school education.

These baccalaureate programs lead to Alabama "Class B" certification. Once a student successfully completes a program and presents an application for an Alabama teaching certificate, the School of Education recommends to the Alabama Department of Education that a teaching certificate be issued; however, it is the Alabama State Board of Education that actually issues the certificate to teach. To be recommended for Alabama teacher certification a student must have met all program requirements outlined in the appropriate sections that follow and have submitted an application for certification. UAB cannot recommend any student for certification who has not satisfied all state and university requirements for admission to and completion of an approved program.

The programs outlined in this catalog meet all Alabama Department of Education requirements for teacher certification in effect at the time of publication. They also meet the current criteria established by the Alabama Department of Education for defining teachers as highly qualified as required by the federal *No Child Left Behind Act* of 2001. Because the Alabama State Board of Education may change or add teacher certification requirements after the publication of this catalog, it is highly recommended that students remain in contact with their School of Education academic advisor.

## Non-Teacher Certification Programs

At the undergraduate level, students may complete non-teacher certification concentrations in the following areas. Exercise Science students who plan to apply to Medicine, Physical Therapy and Occupational Therapy graduate programs at UAB should meet with a Pre-Health advisor in addition to their SOE advisor and faculty mentor:

Program Area / Concentration	Undergraduate Major	Department
Community Health	Health Education	Human Studies
Exercise Science	Physical Education	Human Studies
Fitness Leadership	Physical Education	Human Studies

## School of Education Minors

The School of Education offers the following minors:

Minor	Program	Department
Athletic Coaching	Physical Education	Human Studies
Exercise Science	Physical Education	Human Studies
Health Education	Health Education	Human Studies
Secondary Education	Secondary Education	Curriculum & Instruction

## Office of Clinical Experiences

The Office of Clinical Experiences is responsible for coordinating student teaching and other clinical experiences for the School of Education. Information concerning student teaching applications, placement, and field experiences may be found in Room 222, Education Building.

## Office of Student Services

The Office of Student Services in Room 100, Education Building, provides academic advising to undergraduate Education majors. This office is also responsible for academic records and recommendations for teacher certification for the School of Education. Application materials for the Teacher Education Program and for Alabama teacher certification are available from this office.

Alabama teacher certification programs and basic degree requirements vary among majors. Students should contact this office early in their studies to be certain they will meet School of Education requirements and Alabama Department of Education teacher certification requirements. Students should see their advisor on a regular basis. The Alabama State Department of Education sets requirements for teacher education majors. Changes to these requirements may occur periodically so students should meet with their academic advisor at least once per semester to receive the most updated information about the Alabama State Department of Education requirements.

## Honors in Education

The School of Education Honors Program provides an opportunity for more in-depth exploration of topics and readings. Students complete a senior thesis or service project working closely with a faculty mentor and take courses in the company of students who are intellectually curious and motivated. More information and an application can be found at <http://www.ed.uab.edu/honorsprogram/index.htm>. Contact an academic advisor in the School of Education for more specific information.

## English Language and Culture Institute (ELCI)

The English Language and Culture Institute (ELCI) is UAB's English language training resource for international undergraduate students, international post-doctoral researchers, and non-native English speaking employees. ELCI provides semester-long courses as well as workshops and training programs designed to help English language learners achieve academic English language proficiency. For more information call 975-6638, e-mail [elci@uab.edu](mailto:elci@uab.edu), or visit [www.uab.edu/elci](http://www.uab.edu/elci).

### Course Descriptions

#### English Language and Culture (ELC)

##### **ELC 092 - Academic Writing for Non-Native English Speakers I - 3**

Development of skills needed for academic writing proficiency. Focus on writing via the development of various types of essays and improved competency in spelling, language mechanics, and usage. All aspects of writing and reading process including generating ideas, drafting, revising, and editing included. May not be used to fulfill any degree requirements.

##### **ELC 093 - Academic Writing for Non-Native English Speakers II - 3**

Continuation of ELC 092. Effective development and support of complete essays. All aspects of writing and reading including generating ideas, drafting, revising, and editing covered. May not be used to fulfill any degree requirements. *Prerequisites:* ELC 092

##### **ELC 101 - Academic Writing for Non-Native English Speakers I - 3**

This course focuses on the development of various types of academic essays with emphasis on organizational structure, grammar, and mechanics. Students will practice all aspects of the writing process: generating ideas, drafting, revising, and editing.

##### **ELC 102 - Academic Writing for Non-Native English Speakers II - 3**

Building on the academic writing skills acquired in ELC 101, this course focuses on the further development of essay writing, including an introduction to research writing. Students learn and practice topics such as organizational structure, grammar, avoiding plagiarism, quoting and paraphrasing, and writing in response to reading. *Prerequisites:* ELC 101

##### **ELC 203 - Academic Speaking/Listening for Non-Native English Speakers I - 3**

This course emphasizes the development and practice of speaking and listening skills necessary for communication of non-native English speakers in the university environment. Specifically, this course focuses on effective strategies for participating in classroom discourse. It also address the communication skills needed for interaction with advisors, professors and other students. In addition, the course builds knowledge of formal and informal vocabulary as well as a focus on pronunciation and opportunities for oral fluency practice. Note: ELC 203 is not a prerequisite for ELC 204.

##### **ELC 204 - Academic Speaking/Listening for Non-Native English Speakers II - 3**

This course emphasizes the development and practice of speaking and listening skills necessary for successful communication of non-native English speakers in the university environment. Specifically, this course focuses on effective strategies for giving presentations as well as listening and understanding lectures. In addition this course builds knowledge of formal and informal vocabulary as well as a focus on pronunciation and opportunities for oral fluency practice. Note: ELC 203 is not a prerequisite for ELC 204.

## Teacher Education Program (TEP)

As required by state law, students must be admitted to the School of Education's Teacher Education Program (TEP) in order to enroll for certain courses required for Alabama Class B (bachelor's level) teacher certification. Admission to this program is not automatic. Students must apply for admission to the Teacher Education Program early in the term during which they are completing prerequisites to the Teacher Education Program. Details concerning admission, retention, and completion of TEP are outlined below.

## TEP Admission Requirements

1. Completion of the following courses with a GPA of 2.50 or better. Any course with a grade below "C" must be retaken.
  - EDU 200 Education as a Profession
  - HPE 200 Quality of Life
  - EDF 362 Foundations of Education I: Social, Historical, and Philosophical
  - EPR 363 Foundations of Education II: Psychological
  - ECY 300 Survey of Special Education
  - EDT 300 Teaching and Technology
2. Completion of 41 semester hours in the Core Curriculum and seven semester hours in lower division pre-professional/major courses.
3. Minimum GPA of 2.50 in Core Curriculum requirements (Areas I-IV) in accordance with UAB course repeat policy.
4. Minimum Higher Education GPA of 2.50 in accordance with UAB course repeat policy.
5. Evidence of writing proficiency as documented by (must meet all four criteria):
  - Passing score on objective writing examination in EDU 200
  - Passing score on formal writing evaluation in EDU 200
  - Passing score on spontaneous writing sample in EDU 200 or at TEP interview
  - Grade of at least one "B" and one "C" in EH 101 and EH 102
6. Evidence of speaking proficiency as documented by (must meet all three criteria):
  - Passing score on formal speaking sample in EDU 200
  - Passing score on spontaneous speaking sample at TEP interview
  - Grade of "C" or better in CM 101
7. Negative chest x-ray or tuberculosis skin test
8. Current first aid and CPR (infant, child, adult) certification
9. Score of "pass" on pre-TEP portfolio as reviewed by faculty
10. Score of "pass" on TEP interview as reviewed by faculty
11. Score of "pass" on all three parts of the Basic Skills Assessments of the Alabama Prospective Teacher Testing Program (APTPP)
12. Evidence of the dispositions needed to be a successful teacher
13. Criminal history background check status shown as "cleared" on Alabama Department of Education database.
14. Additional requirements by program area:
  - Collaborative Teacher:
    - ◊ ECT 303 Seminar in Special Education ("C" or better)
  - Early Childhood/Elementary Education:
    - ◊ EEC 300 Child Development and Family Relationships ("C" or better)
    - ◊ EEC 301 Introduction to P-6 Education ("C" or better)
    - ◊ Minimum 2.50 GPA in EDU 200, HPE 200, EDF 362, EPR 363, ECY 300, EDT 300, EEC 300, and EEC 301.
    - ◊ Successful completion of two AGSC math courses
  - Physical Education:
    - ◊ Grade of "C" or better in all math, science, and teaching field courses. Statement of eligibility from faculty advisor
    - ◊ Successful completion of the following courses:
      - All activity courses (100 level)
      - Officiating course
      - PE 300 Organization and Administration of Physical Education
      - PE 305 Motor Development
      - BY 115 Human Anatomy
      - BY 116 Human Physiology
  - Secondary Education:
    - ◊ Successful completion of at least 18 semester hours of required teaching field content courses with at least six semester hours completed at UAB
    - ◊ Minimum 2.50 GPA in teaching field courses
    - ◊ Grade of "C" or better in all teaching field courses

Applications for admission to the Teacher Education Program and corresponding submission deadlines are available in the Office of Student Services (Room 100, Education Building). Students will be notified of their admission status by their department prior to the beginning of the term for which they have applied. Students admitted to TEP have an academic advisor and a Faculty Mentor.

## **TEP Retention Requirements**

A student may be dropped from the Teacher Education Program for failure to maintain satisfactory academic performance or professional dispositions as described by School of Education policy. Consistent with UAB policy on readmission, students readmitted to UAB must complete all program requirements, including TEP admission, retention, and completion requirements, as outlined in the catalog under which they are officially readmitted.

## **Student Teaching Requirements**

All students seeking baccalaureate degrees leading to teaching certificates must participate in a student teaching internship. All students must apply for student teaching on the last day to drop/add a course in January - one semester prior to the fall internship; two semesters prior to the spring internship. Applications are available online at the School of Education website ([www.ed.uab.edu](http://www.ed.uab.edu)), Student Teaching link. For additional information, contact the Office of Clinical Experiences, Room 222, Education Building.

To be eligible for this internship, students must have an approved student teaching application based on the following:

### **Collaborative Teacher (Special Education):**

1. Formal admission to the Teacher Education Program;
2. Report on file of negative chest x-ray or tuberculosis skin test taken within the last three years;
3. Student teaching application approved by the faculty of the Department of Leadership, Foundations, and Special Education;
4. Minimum Higher Education GPA of 2.50;
5. Minimum GPA of 2.50 in core curriculum courses;
6. Minimum GPA of 2.50 in teaching field courses;
7. Minimum GPA of 2.50 in professional courses;
8. Completion of all methods courses with a grade of "C" or better;
9. Passing score on a comprehensive assessment documenting mastery of the curriculum of professional studies and the teaching field;
10. Passing score on the Basic Skills Assessments of the Alabama Prospective Teacher Testing Program (APPTP);
11. Passing score on the appropriate Praxis II Subject Assessment;
12. Demonstration of the dispositions needed to be successful as a teacher of students with special needs;
13. Documentation of requisite contact hours in schools; and
14. Criminal history background check status shown as "cleared" on Alabama Department of Education database.

### **Early Childhood/Elementary Education:**

1. Formal admission to the Teacher Education Program;
2. Report on file of negative chest x-ray or tuberculosis skin test taken within the last three years;
3. Student teaching application approved by the faculty of the Department of Curriculum and Instruction;
4. Minimum Higher Education GPA of 2.50;
5. Minimum GPA of 2.50 in core curriculum courses;
6. Minimum GPA of 2.50 in teaching field courses;
7. Minimum GPA of 2.50 in professional courses;
8. Completion of all methods courses (EDR 440, EDR 443, EEC 405, EEC 406, EEC 412, EEC 413, EEC 414, EEC 415, and EPR 410) with a grade of "C" or better;
9. Passing score on a comprehensive assessment documenting mastery of the curriculum of professional studies and the teaching field;
10. Passing score on the Basic Skills Assessments of the Alabama Prospective Teacher Testing Program (APPTP);
11. Passing score on the appropriate Praxis II Subject Assessment;
12. Demonstration of the dispositions needed to be successful as a teacher of young children;

13. Documentation of requisite contact hours in schools; and
14. Criminal history background check status shown as "cleared" on Alabama Department of Education database.

Students approved to student teach in Early Childhood/Elementary Education must enroll in both EEC 490, Internship in P-3/3-6, and EEC 491, Internship Seminar in P-6 Education, concurrently. Students cannot take additional coursework besides these two courses during the term in which they student teach.

### **Health Education:**

1. Formal admission to the Teacher Education Program;
2. Satisfactory completion of Teacher Education Program requirements, including completion of all coursework;
3. Report on file of negative chest x-ray or tuberculosis skin test taken within the last three years;
4. Permission of health education advisor;
5. Permission of department chair;
6. Departmental interview;
7. Passing score on a comprehensive assessment documenting mastery of the curriculum of professional studies and the teaching field;
8. Passing score on the Basic Skills Assessments of the Alabama Prospective Teacher Testing Program (APTTP);
9. Passing score on the appropriate Praxis II Subject Assessment;
10. Demonstration of the dispositions needed to be successful as a teacher;
11. Documentation of requisite contact hours in schools; and
12. Criminal history background check status shown as "cleared" on Alabama Department of Education database.

### **Physical Education:**

1. Formal admission to the Teacher Education Program;
2. Report on file of negative chest x-ray or tuberculosis skin test taken within the last three years;
3. Student teaching application approved by the faculty of the Physical Education Program;
4. Minimum Higher Education GPA of 2.50;
5. Minimum GPA of 2.50 in core curriculum courses;
6. Minimum GPA of 2.50 in teaching field courses;
7. Minimum GPA of 2.50 in professional courses;
8. Completion of all teaching field courses (PE 307, 308, 311, 320, 320L, 400, 402, 409, and 489) with a grade of C or better;
9. Passing score on a comprehensive assessment documenting mastery of the curriculum of professional studies and the teaching field;
10. Passing score on the Basic Skills Assessments of the Alabama Prospective Teacher Testing Program (APTTP);
11. Passing score on the appropriate Praxis II Subject Assessment;
12. Demonstration of the dispositions needed to be successful as a teacher;
13. Documentation of requisite contact hours in schools; and
14. Criminal history background check status shown as "cleared" on Alabama Department of Education database.

### **Secondary Education:**

1. Formal admission to the Teacher Education Program;
2. Report on file of negative chest x-ray or tuberculosis skin test taken within the last three years;
3. Student teaching application approved by the faculty of the Department of Curriculum and Instruction;
4. Minimum Higher Education GPA of 2.50;
5. Minimum GPA of 2.50 in core curriculum courses;
6. Minimum GPA of 2.50 in teaching field courses;
7. Minimum GPA of 2.50 in professional courses;
8. Completion of all coursework except two teaching field courses;
9. Passing score on a comprehensive assessment documenting mastery of the curriculum of professional studies and the teaching field;
10. Passing score on the Basic Skills Assessments of the Alabama Prospective Teacher Testing Program (APTTP);
11. Passing score on the appropriate Praxis II Subject Assessment;

12. Demonstration of the dispositions needed to be successful as a teacher of middle and high school students, including students with special needs;
13. Documentation of requisite contact hours in schools; and
14. Criminal history background check status shown as "cleared" on Alabama Department of Education database.

Students approved to student teach in Secondary Education must enroll in both EHS 490, Secondary School Student Teaching and EHS 489, Internship Seminar in Secondary Education, concurrently. While all secondary education students must attend the Internship Seminar, only those whose program checklist includes "EHS 489" must register for EHS 489 (to verify program checklists visit (<http://www.ed.uab.edu/checklists/index.htm>)). Students cannot take additional coursework besides these two courses during the term in which they student teach.

### **TEP Completion and Certification Requirements**

A student who satisfies TEP admission and retention requirements and who meets the following completion requirements will be recommended for "Class B" teacher certification. Students must apply for certification. Certification application packets are available on the School of Education web site [www.ed.uab.edu](http://www.ed.uab.edu), and should be completed and returned to the Office of Student Services, Room 100, Education Building, during the semester of program completion.

1. Students must have a minimum 2.50 Higher Education GPA, 2.50 teaching field GPA, and 2.50 professional studies GPA with no grade below "C" in professional studies courses.
2. Students must complete all courses on the Alabama State Board of Education approved checklist for the teaching field(s) in which certification is sought.
3. Students must demonstrate readiness to teach through on-the-job performance as a student teacher. This evaluation is conducted by the School of Education faculty and appropriate personnel from local school systems.
4. Students are required to pass a comprehensive assessment documenting mastery of the curriculum of professional studies and the teaching field.
5. Students must successfully complete a professional portfolio documenting readiness to teach before being recommended for certification.
6. Students must document a passing score on the Basic Skills Assessments and appropriate Praxis II Subject Assessment. Official score reports must be sent to both UAB and the Alabama Department of Education.
7. The Alabama Department of Education has additional requirements for teacher certification. Included in these are fees associated with obtaining a certificate which are set by legislative action and may be changed. Students seeking initial certification are required to obtain background clearance to determine any criminal history through a fingerprint review conducted by the Alabama Bureau of Investigation (ABI) and the Federal Bureau of Investigation (FBI) prior to the issuance of a teaching certificate. A current application and fee payment for official transcripts are also required. Information on these requirements is available in the Office of Student Services, Room 100, Education Building, and is included in the certification application packet.

### **Teacher Certification for Students Who Hold a Baccalaureate Degree**

There are several routes to teacher certification in the state of Alabama for those who already hold a baccalaureate degree. One option is to return to school to complete the current undergraduate coursework required for teacher certification. In general, individuals exercising this option are required to meet the same requirements for admission to, retention in, and exit from the Teacher Education Program as indicated above. Additionally, these students are required to have a program plan approved by the department chair before enrolling for any courses. A second option is to pursue the Alternative Master's Program. Completion of this program and all of its requirements leads to a master's degree in education and Alabama "Class A" teacher certification.

Additional information on these and other options may be found on the Alabama Department of Education's web site ([www.alsde.edu](http://www.alsde.edu)) or by contacting [eduadvise@uab.edu](mailto:eduadvise@uab.edu).

### **Course Descriptions Education (EDU)**

#### **EDU 100 - Introduction to Education - 2**

Introduction to education for students with the intent to be teachers and students entering professions where a degree in education would be beneficial. Students own experiences will be used as input for developing habits of mind and dispositions necessary for success in the field of education. Required for entering freshmen education majors.

**EDU 200 - Education as a Profession - 2**

Formal introduction to the Teacher Education Program (TEP). Provides clear and realistic understanding of issues involved in choosing education as a career.

**EDU 210 - Writing/Speaking Skills for Educational Professionals - 3**

Development of essential writing and speaking skills required for successful education practice.

**Geography (GEO)****GEO 101 - Intro to Geography - 3**

Basic concepts and principles underlying major research traditions of geography, including earth science, culture-environment, and location and area analysis.

**GEO 121 - World Regional Geography - 3**

Modern world's great culture realms using basic ideas and concepts in field of geography.

**GEO 221 - Geography of North America - 3**

Nature and character of places, especially as caused by relationship between human beings and environment.

**Department of Curriculum and Instruction**

**Chair:** Charles Calhoun

**Faculty:** Aldridge, Burns, Christensen, Emfinger, Kamii, Kirkland, Martin, Meadows, Patterson, Perry, Pierce, Radford, Schwarzer, Sims, Smith, Spezzini, Strevy

The Department of Curriculum and Instruction offers undergraduate programs leading to a B.S. degree and Alabama "Class B" certification in early childhood/elementary education (grades P-6), high school education (grades 6-12), and foreign language education. Programs in art education (grades P-12), instrumental music education (grades P-12), and vocal/choral music education (grades P-12) are offered in conjunction with the College of Arts and Sciences. A program in middle school mathematics (grades 4-8) is offered in conjunction with the College of Arts and Sciences. In addition, the department offers programs leading to the Master of Arts in Education degree and to the Education Specialist degree. These graduate programs are designed so that students may receive Alabama "Class A" and "Class AA" teaching certificates. Students may also earn a Doctor of Philosophy degree (Ph.D.) in early childhood education.

Students preparing to teach are expected to participate in a series of planned assignments in community and/or school settings both before and after admission to the Teacher Education Program. These opportunities to work with children and youth are designed to enhance the students' professional development and to supplement their campus coursework.

Faculty advisors in the department are assigned following students' acceptance into the Teacher Education Program (TEP).

**Early Childhood Education - Non-Certification**

The early childhood education non-certification program (ECE\_NONCERT) is designed to prepare students to work in a variety of early care and educational settings serving children ages birth to five. Career options include but are not limited to childcare administration, childcare resource and referral, and teaching in preschool and Head Start classrooms. Students successfully completing the program will receive a baccalaureate degree in early childhood education. In addition to studying general child development content, students will learn the basics of planning, implementing, and evaluating early childhood programs. Professional preparation includes courses in child development, curriculum, instructional strategies, assessment, and technology. The program includes extensive field experiences in infant, toddler, and preschool classrooms.

There are two pathways to earning an early childhood non-certification bachelor's degree. One option, the 2+2 option, is designed for students who complete an Associate degree in child development at an Alabama community college. These students transfer to UAB complete the second half of the early childhood education non-certification bachelor's degree program. Option two is for students who begin their post-secondary education at a four-year institution.

## I. University Core Curriculum (State Articulated Core)

<b>Area I</b>		<b>6 Hours</b>
	EH 101 & 102	
<b>Area II</b>		<b>12</b>
	CM 101	
	Literature	
	Humanities of Fine Arts	
	Fine Arts	
<b>Area III</b>		<b>11</b>
	BY 101/102 or BY 123	
	Science with lab (not biology)	
	Mathematics	
<b>Area IV</b>		<b>12</b>
	<i>(PY 101 &amp; SOC 100 preferred, ANTH 101 &amp; GEO 121 preferred)</i>	
	History	
	History or Social Science	
	Social Science (not history)	
	Social Science (not history)	
		<b>41 Hours</b>

## II. Early Childhood/Elementary Courses (Common to all in Major)

ECY 300	Survey of Special Education	3
EDT 300	Teaching and Technology	3
EEC 300	Child Development & Family Relations	4
EEC 302	Expressive Arts	3
EEC 405	Children's Literature in Elementary & Early Childhood Ed.	3
EEC 415	Learning Environments	3
EPR 363	Foundations: Psychological	3
EDF 362	Foundations: Social & Historical	3
HPE 301	Methods of Teaching Health Ed. and P.E.	3
		<b>28 Hours</b>

## III. Early Childhood Non-Certification Concentration (Track)

Required Courses (no electives):		
ECE 320	Introduction to Curriculum & Teaching	3
ECE 347	Language Experiences for the Pre-Primary Child	3
ECE 390	Practicum in Early Childhood Education	12
ECE 410	Organizing Programs for Young Children	3
ECE 445	Math, Science, Social Studies	6
ECE 446	Communication Arts and Reading for the Young Child	6
ECE 448	Infant-Toddler Development	3
ECE 449	Educational Environments: Infants/Parents	3
EEC 460	Current Topics in Education	3
EEC 492	Individual Curriculum Projects	3
EEC 494	Field Work in Elementary and Early Childhood Education	3
PE 305	Motor Development	3
		<b>51 Hours</b>

**120 Total Degree Hours**

### **ECE 320 - Introduction to Curriculum and Teaching**

Provides basic knowledge of early childhood curriculum for programs serving children birth to age five in a variety of settings. Emphasizes the relationship of child growth and development in the planning and implementation of all areas of curriculum. Whole program overview.

### **ECE 347 - Language Experiences for the Preprimary Child**

Emphasizes the learning processes in language arts and effective teaching strategies for children birth to age five with particular focus on infants and toddlers

**ECE 390 - Practicum in Early Childhood Education**

Supervised teaching in an early childhood program serving children ages birth to five. Assignments include participation, observation, planning and implementing lessons.

**ECE 410 - Organizing Programs for Young Children**

Trends, practices, and research in administration, organization, evaluation, and design of early childhood programs. Main focus NAEYC Accreditation

**ECE 445 - Curriculum for Young Children: Math, Science, and Social Studies**

Provides for development of concepts required for teaching mathematics, science, and social studies to preschool children. Emphasizes child growth and development as a basis for planning and teaching the three curricular areas in a variety of programs. Includes teaching methods and use of instructional media. Practicum experiences required.

**ECE 446 - Communication Arts and Reading for the Young Child**

Nature of reading and language arts experiences for pre-school children. Media, materials, experiences, programs, strategies to facilitate development of communication abilities with emphasis on preserving and maintaining creative expression. Integration of learning in areas of listening, speaking, reading, composition, literature, handwriting, spelling and other communication arts.

**ECE 448 - Infant/Toddler Development**

The course covers the social-emotional, physical, cognitive, language, and creative development of infants and toddlers and the corresponding appropriate curriculum materials to support development.

**ECE 449 - Education Environments: Infants/Parents**

This course provides an overview of infant and toddler parenting programs. Topics include parent as child's first teacher, teacher as parent educator, organization and management strategies for parent/child educational programming, parent involvement, and family literacy.

**Early Childhood and Elementary Education**

The early childhood/elementary education program is designed as a double major program. Students successfully completing the program and all requirements outlined in previous sections will receive a baccalaureate degree and be eligible for Alabama "Class B" professional teaching certificates in early childhood education (grades P-3) and elementary education (grades K-6).

Professional preparation includes courses in humanistic and behavioral studies, early childhood education, elementary education, curriculum and teaching, evaluation of teaching and learning, extensive pre-internship field experiences in P-6 settings, and an internship. Students must work closely with their faculty advisor for appropriate selection of courses in each area of general and professional studies.

**CORE CURRICULUM FOR EARLY CHILDHOOD & ELEMENTARY EDUCATION**

<b>Requirement</b>	<b>Fulfilled By:</b>	<b>Hrs.</b>
Area I: Written Composition	Take both of the following courses: <b>EH 101 EH 102</b> <i>Note: Grade of at least B in one and C in the other required</i>	6
Area II: Public Speaking	Take the following course: <b>CM 101</b> <i>Note: C or better required</i>	3
Area II: Literature	Select one of the following courses: <b>EH 216 EH 217 EH 218 EH 221 EH 222 EH 223 EH 224</b>	3
Area II: Fine Arts	Select one of the following courses: <b>ARH 101 ARH 203 ARH 204 ARH 206</b> <b>MU 120 THR 100 THR 105 THR 200</b>	3
Area II: Fine Arts/ Humanities	Select one of the following courses: <b>AAS 200 CHI 101 EH 221 FR 108 ITL 101 PHL 116 SPA 201</b> <b>ARA 101 CHI 102 EH 222 FR 202 ITL 102 PHL 120 SPA 202</b> <b>ARA 102 CM 101 EH 223 GN 101 JPA 101 PHL 125 THR 100</b> <b>ARH 101 CM 105 EH 224 GN 102 JPA 102 PHL 203 THR 105</b> <b>ARH 203 EH 216 FLL 120 GN 201 MU 120 SPA 101 THR 200</b> <b>ARH 204 EH 217 FR 101 GN 202 PHL 100 SPA 102</b> <b>ARH 206 EH 218 FR 102 GN 204 PHL 115 SPA 108</b> <i>Note: Literature Sequence Preferred</i>	3

Area III: Natural Science	Take four semester hours from the following: <b>BY101/BY102                      BY 123</b>	4
Area III: Natural Sciences (not Biology)	Select a course from the following courses: <b>AST 101/AST 111      CH 107/CH 108      ES 103/ ES 104      PHS 101</b> <b>AST 102/AST 112      CH 115/CH 116      PH 201/PH 201L</b> <b>AST 103/AST 113      CH 117/CH 118      PH 202/PH 202L</b> <b>AST 105/AST 115      ENV 108/ENV 109      PH 221/PH 221L</b> <b>CH 105/CH 106      ES 101/ ES 102      PH 222/PH 222L</b>	4
Area III: Mathematics	Select one of the following courses: <b>MA 105      MA 107      MA 110      MA 126      MA 252</b> <b>MA 106      MA 109      MA 125      MA 227      MA 260</b>	3
Area IV: History	Select one of the following courses: <b>HY 101      HY 102      HY 104      HY 105      HY 120      HY 121</b>	3
Area IV: Social & Behavioral Sciences	Select one of the following courses: <b>ANTH 101      EC 211      HY 104      ITS 101      PSC 221      SOC 245</b> <b>ANTH 106      GEO 121      HY 105      ITS 205      PY 101      WS 100</b> <b>ANTH 120      HY 101      HY 120      PSC 101      PY 212</b> <b>EC 210      HY 102      HY 121      PSC 102      SOC 100</b> <i>Note: ANTH 101 or GEO 121 preferred</i>	3
Area IV: Social & Behavioral Sciences (Non-History)	Select two of the following courses: <b>ANTH 101      EC 210      ITS 101      PSC 102      PY 212      WS 100</b> <b>ANTH 106      EC 211      ITS 205      PSC 221      SOC 100</b> <b>ANTH 120      GEO 121      PSC 101      PY 101      SOC 245</b> <i>Note: PY 101 and SOC 100 preferred</i>	6
Sequence Requirement:	As part of Area II or Area IV, students must complete a two course sequence in Literature or History. Approved sequences are listed below: <b>EH 217 + EH 218              HY 101 + HY 102</b> <b>EH 221 + EH 222              HY 104 + HY 105</b> <b>EH 223 + EH 224              HY 120 + HY 121</b>	-
<b>Total Core Curriculum Requirements:</b>		<b>41</b>

#### LOWER DIVISION REQUIREMENTS FOR EARLY CHILDHOOD & ELEMENTARY EDUCATION

Requirement	Fulfilled By:	Hrs.
Additional Laboratory Science	Select one course (with laboratory) from the following courses: <b>AST 101/AST 111      BY 124                      ES 103/ES 104</b> <b>AST 102/AST 112      CH 105/CH 106              PH 201/PH 201L</b> <b>AST 103/AST 113      CH 107/CH 108              PH 202/PH 202L</b> <b>AST 105/AST 115      CH 115/CH 116              PH 221/PH 221L</b> <b>BY 101/BY 102              CH 117/CH 118              PH 222/PH 222L</b> <b>BY 111/BY 112              ENV 108/ENV 109          PHS 101</b> <b>BY 123                      ES 101/ES 102</b> <i>*Note: Students may NOT use the same course to satisfy this requirement and the Area III: Science requirement.</i>	4
Math Requirement (AGSC)	Select one of the following courses: <b>MA 105      MA 107      MA 110      MA 126      MA 252</b> <b>MA 106      MA 109      MA 125      MA 227      MA 260</b> <i>*Note: Students may NOT use the same course to satisfy this requirement and the Area III: Math requirement.</i>	3
Additional Math Requirements	Any 100-level or higher math course not used above. <i>*Note: MA 313 and MA 314 preferred.</i>	6
Psychology	Take the following course: <b>PY 101</b> <i>Note: This course will apply toward this requirement as well as Core Curriculum Area IV.</i>	3
<b>Total Lower Division Requirements:</b>		<b>16</b>

## MAJOR REQUIREMENTS FOR EARLY CHILDHOOD EDUCATION & ELEMENTARY EDUCATION

Requirement	Fulfilled By:	Hrs.
Foundations & Professional Studies	Take the following courses: <b>EDU 200    HPE 200    ECY 300    EDF 362    EPR 363</b> <b>EDT 300    EEC 300    EEC301</b> <i>Note: Required for admission to TEP</i>	23
Teaching Field Courses	Take the following courses: <b>EEC 302    HPE 301    EEC 415    EDR 440*    EEC 405*</b> <b>EEC 406*    EPR 410*    EDR 443*    EEC 412*    EEC 413*</b> <b>EEC 414*</b> <i>*Note: Must be admitted to TEP.</i>	33
Internship	Take the following courses: <b>EEC 490    EEC 491</b>	12
<b>Total Major Requirements:</b>		<b>68</b>

### Middle School Education

A program in middle school mathematics (grades 4-8) is offered in conjunction with the College of Arts and Sciences. Students following this program must meet TEP entrance, retention, and completion requirements as outlined in previous sections in order to be recommended for Alabama teacher certification.

### Secondary Education

The secondary education program offers a major in high school education and certification areas for grades 6–12 in biology, chemistry, English language arts, French, general science, general social science, mathematics, and physics, and a certification area for grades P-12 in Spanish. Programs leading to grades P-12 certification in art and music (instrumental and vocal/choral) are offered in conjunction with the College of Arts and Sciences. A minor in secondary education is available.

In compliance with the federal No Child Left Behind Act, students obtaining teacher certification in a secondary (grades 6-12) or P-12 area must have an academic major in the field in which they seek certification. As a result, students pursuing high school education majors must declare education and their teaching field as double majors. Students may list education as the primary major and the teaching field (e.g., chemistry) as the second major or list the teaching field (e.g., chemistry) as the primary major and education as the second major. Students completing the program will receive a single degree with both majors listed. The degree (B.A. or B.S.) depends upon the primary major.

Due to Alabama Department of Education regulations for teachers, Core Curriculum requirements for education majors are more specific than Core Curriculum requirements for the teaching field major. The specific courses taken to satisfy the Core Curriculum also vary with each teaching field and major. Students should obtain a program checklist from the Office of Student Services, Room 100, Education Building.

### High School Education/Biology (Double Major)

This program is a double major in high school education and biology and leads to teacher certification in biology only. Students wishing to teach biology and other sciences should see the next section entitled "High School Education/Biology (Double Major) – General Science".

#### CORE CURRICULUM FOR HIGH SCHOOL EDUCATION/BIOLOGY DOUBLE MAJOR

Requirement	Fulfilled By:	Hrs.
Area I: Written Composition	Take both of the following courses: <b>EH 101    EH 102</b> <i>Note: Grade of at least B in one and C in the other required</i>	6

Area II: Literature	Select one of the following courses <b>EH 216 EH 218 EH 222 EH 224</b> <b>EH 217 EH 221 EH 223</b>	3

Area II: Fine Arts	Select one of the following courses <b>ARH 101 ARH 204 MU 120 THR 105</b> <b>ARH 203 ARH 206 THR 100 THR 200</b>	3
Area II: Fine Arts/Humanities	Select one of the following courses <b>AAS 200 CHI 101 EH 221 FR 108 ITL 101 PHL 116 SPA 201</b> <b>ARA 101 CHI 102 EH 222 FR 202 ITL 102 PHL 120 SPA 202</b> <b>ARA 102 CM 101 EH 223 GN 101 JPA 101 PHL 125 THR 100</b> <b>ARH 101 CM 105 EH 224 GN 102 JPA 102 PHL 203 THR 105</b> <b>ARH 203 EH 216 FLL 120 GN 201 MU 120 SPA 101 THR 200</b> <b>ARH 204 EH 217 FR 101 GN 202 PHL 100 SPA 102</b> <b>ARH 206 EH 218 FR 102 GN 204 PHL 115 SPA 108</b>	3
Area III: Natural Science	Fulfilled By Biology Major Requirements	8
Area III: Mathematics	Fulfilled By Biology Major Requirements	3
Area IV: History	Select one of the following courses <b>HY 101 HY 102 HY 104 HY 105 HY 120 HY 121</b>	3
Area IV: History or Social & Behavioral Sciences	Select one of the following courses <b>ANTH 101 EC 211 HY 104 ITS 101 PSC 221 SOC 245</b> <b>ANTH 106 GEO 121 HY 105 ITS 205 PY 101 WS 100</b> <b>ANTH 120 HY 101 HY 120 PSC 101 PY 212</b> <b>EC 210 HY 102 HY 121 PSC 102 SOC 100</b>	3
Area IV: Social & Behavioral Sciences (Non-History)	Select two of the following courses <b>ANTH 101 EC 210 ITS 101 PSC 102 PY 212 WS 100</b> <b>ANTH 106 EC 211 ITS 205 PSC 221 SOC 100</b> <b>ANTH 120 GEO 121 PSC 101 PY 101 SOC 245</b> <i>Note: PY 101 Preferred</i>	6
Sequence Requirement:	As part of Area II or Area IV, students must complete a two course sequence in Literature or History. Approved sequences are listed below  <b>EH 217 + EH 218 HY 101 + HY 102</b> <b>EH 221 + EH 222 HY 104 + HY 105</b> <b>EH 223 + EH 224 HY 120 + HY 121</b>	-
<b>Total Core Curriculum Requirements:</b>		<b>41</b>

**LOWER DIVISION REQUIREMENTS FOR HIGH SCHOOL EDUCATION/BIOLOGY  
DOUBLE MAJOR - GENERAL SCIENCE**

<b>Requirement</b>	<b>Fulfilled By:</b>	<b>Hrs.</b>
Psychology	Take the following course <b>PY 101</b> <i>Note: This course will apply toward this requirement as well as Core Curriculum Area IV.</i>	3
Additional Math	<b>MA 125</b> <i>Note: If not taken in Area III</i>	4
Chemistry Requirements	Take the following courses <b>CH 115/CH 116 CH 117/CH 118 CH 235/236 CH 237/238</b>	16
Physics Requirements	Select one Physics Sequence <b>PH 201 + PH202 PH 221+ PH222</b>	8
Physical Geology	Take the following course <b>ES 101/102</b>	4
Astronomy	Take one lecture/lab combination <b>AST 101/111 AST 102/112 AST 103/113</b>	4
<b>Total Lower Division Requirements:</b>		<b>39</b>

## MAJOR REQUIREMENTS FOR HIGH SCHOOL EDUCATION

Requirement	Fulfilled By:	Hrs.
Foundations & Professional Studies	Take the following courses <b>EDU 200 HPE 200 ECY 300 EDF 362 EPR 363 EDT 300</b>	16
Secondary Education Courses	Take the following courses <b>EHS 401 EHS 402 EHS 456 EHS 467 EHS 471 EPR 411</b> <i>Note: Admission to TEP required</i>	15
Internship	Take the following courses <b>EHS 489 EHS 490</b>	10
<b>Total Major Requirements:</b>		<b>41</b>

## MAJOR REQUIREMENTS FOR BIOLOGY

Requirement	Fulfilled By:	Hrs.
Additional Requirements	All other requirements for this major must be met (i.e., grade point average, residency)  At least nineteen semester hours of biology courses must be at the 300-400 level, with at least nine semester hours at the 400 level.	-
Introductory Biology	Take the following courses <b>BY 123 BY 124</b> <i>Note: If not taken in Area III of the core curriculum</i>	8
Genetics	Take the following course <b>BY 210</b>	3
Ecology/Evolution	Select one of the following courses <b>BY 407 BY 429 BY 435 BY 470</b>	3-4
Organismal Biology	Select one of the following courses <b>BY 255 BY 256 BY 260 BY 271 BY 442</b>	4
Physiology/Development	Select one of the following courses <b>BY 314 BY 405 BY 409 BY 410 BY 450</b>	3-4
Cellular/Molecular	Select one of the following courses <b>BY 311 BY 330</b>	3
Biology Electives	Consult Your Biology Advisor	14-16
<b>Total Major Requirements:</b>		<b>40</b>

## High School Education/Chemistry (Double Major)

### CORE CURRICULUM FOR HIGH SCHOOL EDUCATION/CHEMISTRY DOUBLE MAJOR

Requirement	Fulfilled By:	Hrs.
Area I: Written Composition	Take both of the following courses: <b>EH 101 EH 102</b> <i>Note: Grade of at least B in one and C in the other required</i>	6
Area II: Public Speaking	Take the following course: <b>CM 101</b> <i>Note: C or better required</i>	3
Area II: Literature	Select one of the following courses: <b>EH 216 EH 218 EH 222 EH 224</b> <b>EH 217 EH 221 EH 223</b>	3
Area II: Fine Arts	Select one of the following courses: <b>ARH 101 ARH 204 MU 120 THR 105</b> <b>ARH 203 ARH 206 THR 100 THR 200</b>	3

Area II: Fine Arts/Humanities	Select one of the following courses <b>AAS 200 CHI 101 EH 221 FR 108 ITL 101 PHL 116 SPA 201</b> <b>ARA 101 CHI 102 EH 222 FR 202 ITL 102 PHL 120 SPA 202</b> <b>ARA 102 CM 101 EH 223 GN 101 JPA 101 PHL 125 THR 100</b> <b>ARH 101 CM 105 EH 224 GN 102 JPA 102 PHL 203 THR 105</b> <b>ARH 203 EH 216 FLL 120 GN 201 MU 120 SPA 101 THR 200</b> <b>ARH 204 EH 217 FR 101 GN 202 PHL 100 SPA 102</b> <b>ARH 206 EH 218 FR 102 GN 204 PHL 115 SPA 108</b>	3
Area III: Natural Science	Fulfilled By Chemistry Major Requirements	8
Area III: Mathematics	Fulfilled By Chemistry Major Requirements	3
Area IV: History or Social & Behavioral Sciences	Select one of the following courses <b>ANTH 101 EC 211 HY 104 ITS 101 PSC 221 SOC 245</b> <b>ANTH 106 GEO 121 HY 105 ITS 205 PY 101 WS 100</b> <b>ANTH 120 HY 101 HY 120 PSC 101 PY 212</b> <b>EC 210 HY 102 HY 121 PSC 102 SOC 100</b>	3
Area IV: Social & Behavioral Sciences (Non-History)	Select two of the following courses <b>ANTH 101 EC 210 ITS 101 PSC 102 PY 212 WS 100</b> <b>ANTH 106 EC 211 ITS 205 PSC 221 SOC 100</b> <b>ANTH 120 GEO 121 PSC 101 PY 101 SOC 245</b> <i>Note: PY 101 Preferred</i>	6
Sequence Requirement:	As part of Area II or Area IV, students must complete a two course sequence in Literature or History. Approved sequences are listed below <b>EH 217 + EH 218 HY 101 + HY 102</b> <b>EH 221 + EH 222 HY 104 + HY 105</b> <b>EH 223 + EH 224 HY 120 + HY 121</b>	-
<b>Total Core Curriculum Requirements:</b>		<b>41</b>

#### LOWER DIVISION REQUIREMENTS FOR HIGH SCHOOL EDUCATION/CHEMISTRY DOUBLE MAJOR

Requirement	Fulfilled By:	Hrs.
Psychology	Take the following course <b>PY 101</b> <i>Note: If not taken in Area IV.</i>	3
Additional Math	Take the following courses <b>MA 125* MA 126</b> <i>*(If not taken in Area III)</i>	8
Biology Requirements	<b>BY 123 BY 124</b>	8
Physics Requirements	Select one Physics Sequence <b>PH 201 + PH202 PH 221+ PH222</b>	8
<b>Total Lower Division Requirements:</b>		<b>27</b>

#### MAJOR REQUIREMENTS FOR HIGH SCHOOL EDUCATION

Requirement	Fulfilled By:	Hrs.
Foundations & Professional Studies	Take the following courses <b>EDU 200 HPE 200 ECY 300 EDF 362 EPR 363 EDT 300</b>	16
Secondary Education Courses	Take the following courses <b>EHS 401 EHS 402 EHS 456 EHS 467 EHS 471 EPR 411</b> <i>Note: Admission to TEP required</i>	15
Internship	Take the following courses <b>EHS 489 EHS 490</b>	10
<b>Total Major Requirements:</b>		<b>41</b>

### MAJOR REQUIREMENTS FOR CHEMISTRY

Requirement	Fulfilled By:	Hrs.
Additional Requirements	All other requirements for this major must be met (i.e., grade point average, residency) At least nineteen semester hours of chemistry courses must be at the 300-400 level.	-
General Chemistry	Take the following courses <b>CH 115/116 CH 117/118</b> <i>Note: If not taken in Area III of the core curriculum</i>	8
Organic Chemistry	Take the following courses <b>CH 235/236 CH 237/238</b>	8
Chemistry	Take the following courses <b>CH 325 CH 326 CH 345 CH 355 CH 440</b> <b>CH 461</b>	22
Computer Science	Take the following course <b>CS 101</b>	3
Chemistry Electives	Select two of the following: <b>CH 450 CH 462 CH 463 CH 464 CH 465</b> <b>CH 471 CH 480 CH 481</b>	6-8
<b>Total Major Requirements:</b>		<b>47-49</b>

### High School Education/English (Double Major)

This curriculum results in a double major in high school education and English, with teacher certification in English language arts.

### CORE CURRICULUM FOR HIGH SCHOOL EDUCATION & ENGLISH DOUBLE MAJOR

Requirement	Fulfilled By:	Hrs.
Area I: Written Composition	Take both of the following courses: <b>EH 101 EH 102</b> <i>Note: Grade of at least B in one and C in the other required</i>	6
Area II: Public Speaking	Take the following course: <b>CM 101</b> <i>Note: C or better required</i>	3
Area II: Fine Arts/Humanities	Take the following courses: <b>EH 221 EH 222 THR 100</b>	9
Area III: Natural Sciences	Select a course from the following courses: <b>AST 101/AST 111 AST 102/AST 112 AST 103/AST 113 AST 105/AST 115</b> <b>BY 101/BY 102 BY 111/BY 112 BY 123 BY 124</b> <b>CH 105/CH 106 CH 107/CH 108 CH 115/CH 116 CH 117/CH 118</b> <b>ENV 108/ENV 109 ES 101/ES 102 ES 103/ES 104 PH 201/PH 211</b> <b>PH 202/PH 212 PH 221/PH 231 PH 222/PH 232 PHS 101</b>	8
Area III: Mathematics	Select one of the following courses: <b>MA 105 MA 107 MA 110 MA 126 MA 252</b> <b>MA 106 MA 109 MA 125 MA 227 MA 260</b>	3
Area IV: History	Select one of the following courses: <b>HY 101 HY 102 HY 104 HY 105 HY 120 HY 121</b>	3
Area IV: Social & Behavioral Sciences	Select one of the following courses: <b>ANTH 101 EC 211 HY 104 ITS 101 PSC 221 SOC 245</b> <b>ANTH 106 GEO 121 HY 105 ITS 205 PY 101 WS 100</b> <b>ANTH 120 HY 101 HY 120 PSC 10 PY 212</b> <b>EC 210 HY 102 HY 121 PSC 102 SOC 100</b>	3

Area IV: Social & Behavioral Sciences (Non-History)	Select two of the following courses: <b>ANTH 101 EC 211 PSC 101 PY 212</b>  <b>ANTH 106 GEO 121 PSC 102 SOC 100</b>  <b>ANTH 120 ITS 101 PSC 221 SOC 245</b>  <b>EC 210 ITS 205 PY 101 WS 100</b> <i>Note: PY 101 preferred</i>	6
<b>Total Core Curriculum Requirements:</b>		<b>41</b>

#### LOWER DIVISION REQUIREMENTS FOR HIGH SCHOOL EDUCATION/ENGLISH DOUBLE MAJOR

Requirement	Fulfilled By:	Hrs.
Psychology	Take the following course <b>PY 101</b> <i>Note: If not taken in Area IV.</i>	3
Mass Communication	Take the following courses <b>MC 101 MC 106</b>	6
<b>Total Lower Division Requirements:</b>		<b>9</b>

#### MAJOR REQUIREMENTS FOR HIGH SCHOOL EDUCATION

Requirement	Fulfilled By:	Hrs.
Foundations & Professional Studies	Take the following courses: <b>EDU 200 HPE 200 ECY 300 EDF 362 EPR 363</b> <b>EDT 300</b>	16
Secondary Education Courses	Take the following courses: <b>EHS 401 EHS 402 EHS 456 EHS 466 EHS 471</b> <b>EPR 411</b> <i>Note: Admission to TEP required</i>	15
Internship	Take the following courses: <b>EHS 489 EHS 490</b>	10
<b>Total Major Requirements:</b>		<b>41</b>

#### MAJOR REQUIREMENTS FOR ENGLISH

Requirement	Fulfilled By:	Hrs.
Additional Requirements	All other requirements for this major must be met (i.e., grade point average, residency) A grade of C or better required EH 491 and EH 492 meet distribution requirements only when their contents fall within one of the distribution areas listed below. Both courses require approval.  At least nineteen semester hours of English courses must be at the 300-400 level.	-
Literature	Select three of the following: <b>EH 217 EH 218 EH 223 EH 224</b>	9
Additional Literature	Take the following courses: <b>EH 301 EH 476</b>	6
African American Survey	Select one of the following: <b>EH 365 EH 366</b>	3
Non-Shakespearean British Literature before 1660	Select one of the following: <b>EH 469 EH 470 EH 471 EH 473 EH 474</b> <b>EH 475 EH 478 EH 491 EH 492</b>	3

British Literature after 1660	Select two of the following: <b>EH 414 EH 480 EH 481 EH 482 EH 483</b> <b>EH 485 EH 486 EH 487 EH 488 EH 489</b> <b>EH 491 EH 492</b>	6
American Literature	Select two of the following: <b>EH 416 EH 445 EH 446 EH 447 EH 448</b> <b>EH 460 EH 461 EH 462 EH 463 EH 464</b> <b>EH 465 EH 466 EH 467 EH 468 EH 491</b> <b>EH 492</b>	6
Linguistics & Grammar	Take the following courses <b>EH 250 EH 452</b>	6
Expository Writing	Select one of the following: <b>EH 401 EH 402 EH 457 EH 459</b>	3
Creative Writing	Select one of the following: <b>EH 405 EH 406 EH 407 EH 408 EH 409</b> <b>EH 410 EH 417 EH 418 EH 435 EH 492</b>	3
Young Adult Literature	Take the following course <b>EH 419</b>	3
<b>Total Major Requirements:</b>		<b>48</b>

## High School Education/Foreign Languages: French (Double Major)

### CORE CURRICULUM FOR HIGH SCHOOL EDUCATION & FRENCH DOUBLE MAJOR

Requirement	Fulfilled By:	Hrs.
Area I: Written Composition	Take both of the following courses: <b>EH 101 EH 102</b> <i>Note: Grade of at least B in one and C in the other required</i>	6
Area II: Public Speaking	Take the following course: <b>CM 101</b> <i>Note: C or better required</i>	3
Area II: Literature	Select one of the following courses: <b>EH 216 EH 218 EH 222 EH 224</b> <b>EH 217 EH 221 EH 223</b> <i>Note: EH 218 will fulfill this requirement &amp; a requirement in the major</i>	3
Area II: Fine Arts	Select one of the following courses: <b>ARH 101 ARH 204 MU 120 THR 105</b> <b>ARH 203 ARH 206 THR 100 THR 200</b>	3
Area II: Fine Arts/ Humanities	Select one of the following courses: <b>AAS 200 CHI 101 EH 221 FR 108 ITL 101 PHL 116 SPA 201</b> <b>ARA 101 CHI 102 EH 222 FR 202 ITL 102 PHL 120 SPA 202</b> <b>ARA 102 CM 101 EH 223 GN 101 JPA 101 PHL 125 THR 100</b> <b>ARH 101 CM 105 EH 224 GN 102 JPA 102 PHL 203 THR 105</b> <b>ARH 203 EH 216 FLL 120 GN 201 MU 120 SPA 101 THR 200</b> <b>ARH 204 EH 217 FR 101 GN 202 PHL 100 SPA 102</b> <b>ARH 206 EH 218 FR 102 GN 204 PHL 115 SPA 108</b> <i>Note: FLL 120 will fulfill this requirement and a requirement in the major</i>	3
Area III: Natural Sciences	Select a course from the following courses: <b>AST 101/AST 111 BY 123 ENV 108/ENV 109 PH 222/PH 222L</b> <b>AST 102/AST 112 BY 124 ES 101/ ES 102 PHS 101</b> <b>AST 103/AST 113 CH 105/CH 106 ES 103/ ES 104</b> <b>AST 105/AST 115 CH 107/CH 108 PH 201/PH 201L</b> <b>BY 101/102 CH 115/CH 116 PH 202/PH 202L</b> <b>BY 111/112 CH 117/CH 118 PH 221/PH 221L</b>	8

Area III: Mathematics	Select one of the following courses: <b>MA 105 MA 107 MA 110 MA 126 MA 252</b> <b>MA 106 MA 109 MA 125 MA 227 MA 260</b>	3
Area IV: History	Select one of the following courses: <b>HY 101 HY 102 HY 104 HY 105 HY 120 HY 121</b>	3
Area IV: Social & Behavioral Sciences	Select one of the following courses: <b>ANTH 101 EC 211 HY 104 ITS 101 PSC 221 SOC 245</b> <b>ANTH 106 GEO 121 HY 105 ITS 205 PY 101 WS 100</b> <b>ANTH 120 HY 101 HY 120 PSC 101 PY 212</b> <b>EC 210 HY 102 HY 121 PSC 102 SOC 100</b>	3
Area IV: Social & Behavioral Sciences (Non-History)	Select two of the following courses: <b>ANTH 101 EC 210 ITS 101 PSC 102 PY 212 WS 100</b> <b>ANTH 106 EC 211 ITS 205 PSC 221 SOC 100</b> <b>ANTH 120 GEO 121 PSC 101 PY 101 SOC 245</b> <i>Note: PY 101 preferred</i>	6
Sequence Requirement:	As part of Area II or Area IV, students must complete a two course sequence in Literature or History. Approved sequences are listed below: <b>EH 217 + EH 218 EH 223 + EH 224 HY 104 + HY 105</b> <b>EH 221 + EH 222 HY 101 + HY 102 HY 120 + HY 121</b>	-
<b>Total Core Curriculum Requirements:</b>		<b>41</b>

#### LOWER DIVISION REQUIREMENTS FOR HIGH SCHOOL EDUCATION/FRENCH DOUBLE MAJOR

Requirement	Fulfilled By:	Hrs.
Psychology	Take the following course <b>PY 101</b> <i>Note: If not taken in Area IV.</i>	3
French	Take the following courses <b>FR 101 FR 102</b>	8
<b>Total Lower Division Requirements:</b>		<b>11</b>

#### MAJOR REQUIREMENTS FOR HIGH SCHOOL EDUCATION

Requirement	Fulfilled By:	Hrs.
Foundations & Professional Studies	Take the following courses <b>EDU 200 HPE 200 ECY 300 EDF 362 EPR 363</b> <b>EDT 300</b>	16
Secondary Education Courses	Take the following courses <b>EHS 401 EHS 402 EHS 456 EFL 485 EHS 471</b> <b>EPR 411</b> <i>Note: Admission to TEP required</i>	15
Internship	Take the following courses <b>EFL 498 EFL 499</b>	10
<b>Total Major Requirements:</b>		<b>41</b>

### MAJOR REQUIREMENTS FOR FRENCH

Requirement	Fulfilled By:	Hrs.
Additional Requirements	All other requirements for this major must be met (i.e., grade point average, residency) A grade of C or better required At least nineteen semester hours of French courses must be at the 300-400 level.	-
Foreign Cultures	<b>FLL 120</b> <i>Note: If not taken in Area II</i>	3
Additional Introductory Foreign Language Course	<b>ARA 101 CHI 101 JPA 101 SPA 101 GN 101 ITL 101</b>	3

### High School Education/History (Double Major)

This curriculum results in a double major in high school education and history, with teacher certification in general social science.

#### CORE CURRICULUM FOR HIGH SCHOOL EDUCATION & HISTORY DOUBLE MAJOR

Requirement	Fulfilled By:	Hrs.
Area I: Written Composition	Take both of the following courses: <b>EH 101 EH 102</b> <i>Note: Grade of at least B in one and C in the other required</i>	6
Area II: Public Speaking	Take the following course: <b>CM 101</b> <i>Note: C or better required</i>	3
Area II: Literature	Select one of the following courses: <b>EH 216 EH 218 EH 222 EH 224</b> <b>EH 217 EH 221 EH 223</b> <i>Note: EH 218 will fulfill this requirement &amp; a requirement in the major.</i>	3
Area II: Fine Arts	Select one of the following courses: <b>ARH 101 ARH 204 MU 120 THR 105</b> <b>ARH 203 ARH 206 THR 100 THR 200</b>	3
Area II: Fine Arts/ Humanities	Select one of the following courses: <b>AAS 200 CHI 102 EH 223 GN 102 MU 120 SPA 102</b> <b>ARA 101 CM 101 EH 224 GN 201 PHL 100 SPA 108</b> <b>ARA 102 CM 105 FLL 120 GN 202 PHL 115 SPA 201</b> <b>ARH 101 EH 216 FR 101 GN 204 PHL 116 SPA 202</b> <b>ARH 203 EH 217 FR 102 ITL 101 PHL 120 THR 100</b> <b>ARH 204 EH 218 FR 108 ITL 102 PHL 125 THR 105</b> <b>ARH 206 EH 221 FR 202 JPA 101 PHL 203 THR 200</b> <b>CHI 101 EH 222 GN 101 JPA 102 SPA 101</b> <i>Note: FLL 120 will fulfill this requirement and a requirement in the major</i>	3
Area III: Natural Sciences	Select a course from the following courses: <b>AST 101/AST 111 CH 105/CH 106 ES 101/ES 102 PH 222/PH 232</b> <b>AST 102/AST 112 ENV 108/ENV 109 PH 221/PH 231 BY 124</b> <b>AST 103/AST 113 PH 202/PH 212 BY 123 CH 117/CH 118</b> <b>AST 105/AST 115 BY 111/BY 112 CH 115/CH 116 PH 201/PH 211</b> <b>BY 101/BY 102 CH 107/CH 108 ES 103/ES 104 PHS 101</b>	8

Area III: Mathematics	Select one of the following courses: <b>MA 105 MA 107 MA 110 MA 126 MA 252</b> <b>MA 106 MA 109 MA 125 MA 227 MA 260</b>	3
Area IV: History	Fulfilled by history major requirements	3
Social & Behavioral Science	Take the following courses <b>PY 101 GEO 121</b>	6
<b>Total Core Curriculum Requirements:</b>		<b>41</b>

#### LOWER DIVISION REQUIREMENTS FOR HIGH SCHOOL EDUCATION/HISTORY DOUBLE MAJOR

Requirement	Fulfilled By:	Hrs.
Additional Social & Behavioral Science	Take the following courses: <b>PSC 101 PSC 221 SOC 100 GEO 221</b>	12
<b>Total Lower Division Requirements:</b>		<b>12</b>

#### UPPER DIVISION REQUIREMENTS FOR HIGH SCHOOL EDUCATION/HISTORY DOUBLE MAJOR

Requirement	Fulfilled By:	Hrs.
Economics	<b>EC 440</b>	3
<b>Total Upper Division Requirements:</b>		<b>3</b>

#### MAJOR REQUIREMENTS FOR HIGH SCHOOL EDUCATION

Requirement	Fulfilled By:	Hrs.
Foundations & Professional Studies	Take the following courses <b>EDU 200 HPE 200 ECY 300 EDF 362 EPR 363</b> <b>EDT 300</b>	16
Secondary Education Courses	Take the following courses <b>EHS 401 EHS 402 EHS 456 EHS 468 EHS 471</b> <b>EPR 411</b> <i>Note: Admission to TEP required</i>	15
Internship	Take the following courses <b>EHS 489 EHS 490</b>	10
<b>Total Major Requirements:</b>		<b>41</b>

#### MAJOR REQUIREMENTS FOR HISTORY

Requirement	Fulfilled By:	Hrs.
Additional Requirements	All other requirements for this major must be met (i.e., grade point average, residency) A grade of C or better required At least nineteen semester hours of history courses must be at the 300-400 level.	-
History	<b>HY 101 HY 102 HY 120 HY 121 HY225</b> <b>HY 300</b>	18
Non-Western History	Select one of the following courses: <b>HY 271 HY 476 HY 477</b>	3
History 300-400 level Electives	Must be taken at UAB See your Academic Advisor	9
History 400 level electives	Must be taken at UAB See your Academic Advisor	9
<b>Total Major Requirements:</b>		<b>39</b>

## High School Education/Mathematics (Double Major)

### CORE CURRICULUM FOR HIGH SCHOOL EDUCATION & MATHEMATICS DOUBLE MAJOR

Requirement	Fulfilled By:	Hrs.
Area I: Written Composition	Take both of the following courses: <b>EH 101 EH 102</b> <i>Note: Grade of at least B in one and C in the other required</i>	6
Area II: Public Speaking	Take the following course: <b>CM 101</b> <i>Note: C or better required</i>	3
Area II: Literature	Select one of the following courses: <b>EH 216 EH 218 EH 222 EH 224</b> <b>EH 217 EH 221 EH 223</b>	3
Area II: Fine Arts	Select one of the following courses: <b>ARH 101 ARH 204 MU 120 THR 105</b> <b>ARH 203 ARH 206 THR 100 THR 200</b>	3
Area III: Natural Sciences	Select a course from the following courses: <b>AST 101/AST 111 AST 102/AST 112 AST 103/AST 113 AST 105/AST 115</b> <b>BY 101/BY 102 BY 111/BY 112 BY 123 BY 124</b> <b>CH 105/CH 106 CH 107/CH 108 CH 115/CH 116 CH 117/CH 118</b> <b>ENV 108/ENV 109 ES 101/ES 102 ES 103/ES 104 PH 201/PH 211</b> <b>PH 202/PH 212 PH 221/PH 231 PH 222/PH 232 PHS 101</b>	8
Area III: Mathematics	Fulfilled by mathematics major requirements.	3
Area IV: History	Select one of the following courses: <b>HY 101 HY 102 HY 104 HY 105 HY 120 HY 121</b>	3
Area IV: Social & Behavioral Sciences	Select one of the following courses: <b>ANTH 101 GEO 121 HY 120 PSC 102 SOC 245</b> <b>ANTH 106 HY 101 HY 121 PSC 221 WS 100</b> <b>ANTH 120 HY 102 ITS 101 PY 101</b> <b>EC 210 HY 104 ITS 205 PY 212</b> <b>EC 211 HY 105 PSC 101 SOC 100</b>	3
Area IV: Social & Behavioral Sciences (Non-History)	Select two of the following courses: <b>ANTH 101 EC 211 PSC 101 PY 212</b> <b>ANTH 106 GEO 121 PSC 102 SOC 100</b> <b>ANTH 120 ITS 101 PSC 221 SOC 245</b> <b>EC 210 ITS 205 PY 101 WS 100</b> <i>Note: PY 101 preferred</i>	6
Sequence Requirement:	As part of Area II or Area IV, students must complete a two course sequence in Literature or History. Approved sequences are listed below: <b>EH 217 + EH 218 HY 101 + HY 102</b> <b>EH 221 + EH 222 HY 104 + HY 105</b> <b>EH 223 + EH 224 HY 120 + HY 121</b>	-
<b>Total Core Curriculum Requirements:</b>		<b>41</b>

**LOWER DIVISION REQUIREMENTS FOR HIGH SCHOOL EDUCATION/MATHEMATICS DOUBLE MAJOR**

<b>Requirement</b>	<b>Fulfilled By:</b>	<b>Hrs.</b>
Psychology	Take the following course <b>PY 101</b> <i>Note: If not taken in Area IV.</i>	3
Computer Science	Take the following course: <b>CS 201</b>	4
<b>Total Lower Division Requirements:</b>		<b>7</b>

**MAJOR REQUIREMENTS FOR HIGH SCHOOL EDUCATION**

<b>Requirement</b>	<b>Fulfilled By:</b>	<b>Hrs.</b>
Foundations & Professional Studies	Take the following courses <b>EDU 200 HPE 200 ECY 300 EDF 362 EPR 363</b> <b>EDT 300</b>	16
Secondary Education Courses	Take the following courses <b>EHS 401 EHS 402 EHS 456 EHS 465 EHS 471</b> <b>EPR 411</b> <i>Note: Admission to TEP required</i>	15
Internship	Take the following courses <b>EHS 489 EHS 490</b>	10
<b>Total Major Requirements:</b>		<b>41</b>

**MAJOR REQUIREMENTS FOR MATHEMATICS**

<b>Requirement</b>	<b>Fulfilled By:</b>	<b>Hrs.</b>
Additional Requirements	All other requirements for this major must be met (i.e., grade point average, residency) A grade of C or better required At least nineteen semester hours of mathematics courses must be at the 300-400 level.	-
Mathematics	<b>MA 125 MA 126 MA 227 MA 252 MA 311</b> <b>MA 361 MA 434 MA 435 MA 440 MA 441</b> <b>MA 472 ME 485 MA 486</b>	
<b>Total Major Requirements:</b>		<b>42</b>

**High School Education/Physics (Double Major)**

**CORE CURRICULUM FOR HIGH SCHOOL EDUCATION & PHYSICS DOUBLE MAJOR**

<b>Requirement</b>	<b>Fulfilled By:</b>	<b>Hrs.</b>
Area I: Written Composition	Take both of the following courses: <b>EH 101 EH 102</b> <i>Note: Grade of at least B in one and C in the other required</i>	6
Area II: Public Speaking	Take the following course: <b>CM 101</b> <i>Note: C or better required</i>	3
Area II: Literature	Select one of the following courses: <b>EH 216 EH 218 EH 222 EH 224</b> <b>EH 217 EH 221 EH 223</b>	3
Area II: Fine Arts	Select one of the following courses: <b>ARH 101 ARH 204 MU 120 THR 105</b> <b>ARH 203 ARH 206 THR 100 THR 200</b>	3

Optics	Select one of the following courses <b>PH 425 PH 426 PH 427 PH 428</b>	3-4
<b>Total Major Requirements:</b>		<b>40-41</b>

## Secondary Education Minor

The minor in secondary education helps students understand foundational issues in education, especially those related to teaching in public middle schools and high schools. The secondary education minor *does not* result in teaching certification. When combined with selected majors from the Schools of Arts and Humanities, Natural Sciences and Mathematics, or Social and Behavioral Sciences, the secondary education minor provides an excellent pathway toward the Alternative Master's Program, which does result in teacher certification.

### SECONDARY EDUCATION MINOR

Requirement	Fulfilled By:	Hrs.
Education	Take the following courses: <b>ECY 300 EDT 300 EDF 362 EPR 363 EHS 401</b> <b>EDR 442</b>	18
<b>Total Minor Requirements:</b>		<b>18</b>

## Course Descriptions

### Art Education (EDA)

#### **EDA 483 - Methods of Teaching Art - 3**

Preparation to teach art in schools. Learning experiences necessary for development of essential teaching competencies. Materials and methods in art studio media, technology skills for art classroom, art history and criticism, and current issues in art education. *Co-requisite:* EDA 484

#### **EDA 484 - Methods of Teaching Art Lab - 1**

Observations in schools. *Co-requisite:* EDA 483.

#### **EDA 490 - Student Teaching in Art N-12 - 3 to 9**

Supervised student teaching in elementary and secondary art.

#### **EDA 499 - Internship Seminar in Art Education - 1**

Problem solving related to situations such as classroom management, grading, professionalism and ethics, legal issues, and teacher's rights. *Co-requisite:* EDA 490

*See the UAB Graduate School Catalog for descriptions of graduate courses.*

## Reading Education (EDR)

### **EDR 440 - Developmental Reading I - 3**

Materials and methods. Emphasis on planning balanced program and understanding reading process. Includes field experiences. Admission to TEP required.

### **EDR 441 - Literature for Adolescents - 3**

Literary works written for or about adolescents.

### **EDR 442 - Reading in Content Areas - 3**

Application of principles of reading process to content-area materials and instruction. Designed for elementary, middle, and high school pre-service teachers. Includes field experiences. Admission to TEP required.

### **EDR 443 - Developmental Reading II - 3**

Application of principles of reading process to content-area materials and instruction. Designed for elementary and middle school pre-service teachers. Includes field experiences. Admission to TEP required. *Prerequisites:* EDR 440

### **EDR 450 - Literature for Elementary/Middle Schools I - 3**

Needs of children, selection of books, societal issues in children's literature, and role of media in children's literature.

*See the UAB Graduate School Catalog for descriptions of graduate courses.*

## Elementary and Early Childhood Education (EEC)

### **EEC 240 - Child Growth, Development, and Learning I - 3**

Interrelationships of physical, emotional, intellectual, and social development, and influence of home, school, and social environments on children's growth. Early childhood (birth-6 years). Includes field experiences.

### **EEC 241 - Child Growth, Development, and Learning II - 3**

Interrelationships of physical, emotional, intellectual, and social development, and influence of home, school, and social environments on children's growth. Middle childhood (6-12 years). Includes field experiences.

### **EEC 300 - Child Development and Family Relationships - 4**

Interrelationship of physical, emotional, intellectual, and social development, and influence of home, school, and social environments on human growth from conception through adolescent years.

### **EEC 301 - Introduction to P-6 Education - 3**

Basic knowledge of early childhood and elementary school curricula in variety of settings from infancy programs through elementary school. Theories and practical approaches to teaching and to curriculum development; relationship between child growth and development and areas of curriculum. Observation in early childhood and elementary programs required. *Prerequisites:* EDF 362 and EDU 200 and EPR 363

### **EEC 302 - Expressive Arts (P-6) - 3**

Creativity through numerous experiences in music, theatre, dance, and visual arts. Experiences correlate with literacy skills, critical thinking skills, symbols, and images that can be directly applied to both teacher-centered and child-centered methods of teaching.

### **EEC 405 - Children's Literature in Early Childhood and Elementary Education - 3**

Materials and methods. Needs of children, selection of books, societal issues in children's literature, and role of media in children's literature. Field experiences required. Admission to TEP required.

### **EEC 406 - Language Arts in Early Childhood and Elementary Education - 3**

Materials and methods. Communication-based approach in developing effective language arts program. All aspects of language arts program addressed. Field experiences required. Admission to TEP required.

### **EEC 411 - Discipline and Classroom Management - 3**

Theoretical and practical application of various theories of discipline. Development of skills in management of student behavior classroom environment.

### **EEC 412 - Math in Early Childhood and Elementary Education- 3**

Materials and methods. Scope, sequence, and content of mathematics program. Computational skills and problem solving. Field experiences required. Admission to TEP required. *Prerequisites:* EDR 440 and EEC 405 and EEC 406

### **EEC 413 - Science in Early Childhood and Elementary Education- 3**

Materials and methods. Scope, sequence, and content of science program. Inquiry, science process skills, and concept development. Field experiences required. Admission to TEP required. *Prerequisites:* EDR 440 and EEC 405 and EEC 406

### **EEC 414 - Social Studies in Early Childhood and Elementary Education - 3**

Materials and methods. Scope, sequence, and content of social studies curriculum. Teaching strategies, program articulation, and instructional planning. Field experiences required. Admission to TEP required. *Prerequisites:* EDR 440 and EEC 405 and EEC 406

**EEC 415 - Learning Environments - 3**

Theoretical approaches that focus on child-centered curriculum, classroom management, discipline strategies and cultural, linguistic, and developmentally appropriate instruction. Field experience required.

**EEC 440 - Workshop in Education - 1 to 6**

Strengthens proficiency in teaching area. Specific teaching area and themes vary. May be repeated for maximum of nine hours of differing topics.

**EEC 460 - Current Topics in Education - 1 to 3**

Topics vary. May be repeated for maximum of six hours of differing topics.

**EEC 490 - Internship in P-3/3-6 - 9**

Supervised teaching in early childhood (P-3) and elementary (K-6) program. Gradual assumption of responsibility for planning and teaching for the entire class (minimum of 12 weeks). Supervision in working with resource professionals and parents.

**EEC 491 - Internship Seminar in P-6 Education - 3**

Supports and extends efforts of student teaching. Problem solving related to classroom situations such as classroom management, grading, professionalism and ethics, legal issues, teacher rights, and others that occur during internship. *Co-requisite:* EEC 490

**EEC 492 - Individual Curriculum Projects: Area Specified - 3 to 6**

Field projects in curriculum modification and improvement of classroom practice. Permission of instructor required.

**EEC 493 - Individual Readings - 1 to 3**

Individualized readings on special topics. Permission of instructor required.

**EEC 494 - Field Work in Early Childhood and Elementary Education - 1 to 6**

Observation and participation experiences with children.

*See the UAB Graduate School Catalog for descriptions of graduate courses.*

**Foreign Language Education (EFL)****EFL 470 - Practicum in Foreign Language N-12 - 1**

Assignment to foreign language classroom to teach selected topics in field of certification. Admission to TEP required. *Co-requisite:* EFL 485

**EFL 485 - Foreign/Secondary Language Methods - 4**

Approaches and methods of teaching and testing foreign language. Selection and use of audiovisual equipment and materials. Structured school observations.

**EFL 498 - Students Teaching in Foreign Languages N-12 - 9**

Supervised teaching in foreign languages (N-12).

**EFL 499 - Internship Seminar in Foreign Lang Education - 1**

Supports and extends efforts of student teaching. Problem solving related to classroom situations such as classroom management, grading, professionalism and ethics, legal issues, teacher rights, and others that occur during internship. *Co-requisite:* EFL 498

*See the UAB Graduate School Catalog for descriptions of graduate courses.*

**High School Education (EHS)****EHS 401 - Secondary Education Curriculum and Methods I - 3**

Coherent view of effective teaching and instructional design in middle and high schools. Students design lesson plans to meet needs of diverse learners. *Co-requisite:* EHS 402

**EHS 402 - Practicum I - 1**

Interaction with middle and high school teachers and students and representatives from support agencies in their respective environments. Observations, interactions and experiences provide foundation for constructing lesson plans in EHS 401. *Co-requisite:* EHS 401

**EHS 456 - Classroom Management in Secondary Schools - 3**

Management and instructional problems in secondary schools; techniques for improving study skills and developing better instructional planning.

**EHS 459 - History and Philosophy of Math - 3**

Historical and cultural significance of mathematical principles taught in secondary mathematics. Historical, social, and scientific influences on mathematics education.

**EHS 465 - Secondary Math Methods - 3 to 4**

Planning and organization, methods and techniques of teaching mathematics, methods of evaluating student and teacher performance, and professional issues. Methods and techniques for teaching problem solving, using computers and calculators, meeting needs of individual students, dealing with mathematics anxiety, and using manipulative materials. Required micro-teaching and clinical experiences. *Co-requisite:* EHS 471

**EHS 466 - Language Arts Methods - 3 to 4**

Curriculum and instruction in English/language arts. *Co-requisite:* EHS 471

**EHS 467 - Secondary Science Methods - 3 to 4**

Teaching methods and curricula in secondary science programs. *Co-requisite:* EHS 471

**EHS 468 - Secondary Social Science Methods - 3 to 4**

Curriculum and instruction in social studies. *Co-requisite:* EHS 471

**EHS 470 - Practicum II - 1 to 2**

Coherent view of effective teaching and instructional design in middle and high schools. Extensive guided teaching experiences. Students implement full range of instructional process: planning, delivery, and evaluation.

**EHS 471 - Special Education Accommodation/Modification Lab - 1**

Knowledge and skills for helping students with special needs to successfully progress in the general education curriculum. Managing verbal and physical aggression, collaborative teaching, and strategies for adapting the general education curriculum for students with special needs.

**EHS 489 - Internship Seminar in Secondary Education - 1**

Supports and extends efforts of student teaching. Problem solving related to classroom situations such as classroom management, grading, professionalism and ethics, legal issues, teacher rights, and others that occur during internship. *Co-requisite:* EHS 490

**EHS 490 - Secondary School Student Teaching I - 9**

Observation and teaching in secondary schools.

**EHS 491 - Secondary School Student Teaching II - 3 to 6**

Supervised teaching in high school.

**EHS 497 - Special Problems in Education - 1 to 3**

Topics of current interest. May be repeated for total of 6 hours.

**EHS 499 - Field Studies: Selected Educational Settings - 1 to 3**

Field visits to locations of high educational impact.

*See the UAB Graduate School Catalog for descriptions of graduate courses.*

**Middle School Education (EMS)****EMS 330 - Introduction to Middle/Junior High Teaching - 3**

Survey of curriculum, methods and techniques of teaching, materials for instruction, and evaluation of instruction. Field experiences required.

**EMS 335 - Materials/Methods of Teaching Middle School - 3**

Development of skills and techniques for teaching 10-14 year olds. Two-thirds of course dedicated to generic skills and techniques needed to teach all children in age group and one-third to specific skills discipline for which student is seeking certification. Teacher as decision maker.

**EMS 343 - Implications of Growth and Development in Middle School Years - 3**

Developmental stages of students ages 10 -14 with emphasis on developing curricula and teaching strategies compatible with these growth stages. Laboratory and case studies required.

**EMS 352 - Teaching Math in Middle and Junior High School - 3**

*Prerequisites:* EMS 343

**EMS 451 - Workshop in the Middle School - 1 to 3****Music Education (EMU)****EMU 402 - Methods of Teaching Music N-6 - 3**

Organization of appropriate music concepts and musical experiences for all elementary children; development of methods and skills needed for direct student involvement in musical experiences for each grade level. *Co-requisite:* EMU 403

**EMU 403 - Methods of Teaching Music N-6 Lab - 1**

Public school observation experiences for music education students enrolled in EMU 402. *Co-requisite:* EMU 402

**EMU 404 - Methods of Teaching Music in Secondary Education - 3**

Aims, principles, and philosophies of music; various methods of teaching in secondary schools for both non-performance music classes and instrumental and vocal activities. Laboratory includes direct method application in secondary music classrooms.

*Co-requisite:* EMU 405

**EMU 405 - Methods of Teaching Music in Secondary Education Lab - 1**

Public school observation experiences for music education students enrolled in EMU 404. *Co-requisite:* EMU 404

**EMU 490 - Internship in Music Education - 9**

Supervised teaching in grades N-12 as appropriate to student's teaching field (general music, instrumental music, or vocal/choral music). *Prerequisites:* EMU 402 and EMU 404 and EPR 410

**EMU 499 - Internship Seminar in Music Education N-12 - 1**

Supports and extends efforts of student teaching. Problem solving related to classroom management, grading, professionalism and ethics, legal issues, teacher rights, and others that occur during internship. *Co-requisite:* EMU 490

## Department of Human Studies

**Chair:** David M. Macrina

**Faculty:** Abbott, Ahmad, Brooks, Evans, Forbes, Foster, Geiger, Hester, Hunter, Ivankova, Kohler, Menear, Petri, Roy, Sheets, Shores, Sims, Snyder, Tyson

The Department of Human Studies offers undergraduate majors in both health education and physical education. Health education majors choose between two concentrations: community health (non-teaching) or health education teacher certification (grades 6-12). Physical education majors choose between three concentrations: physical education teacher certification (grades P-12), fitness leadership (non-teaching), or exercise science (non-teaching). Programs leading to degrees and/or certificates in counseling and school psychology/psychology are offered at the graduate level.

Students should contact the Office of Student Services, Room 100, Education Building, early in their studies to obtain pertinent program information related to the Core Curriculum. Students majoring Physical Education and Health Education-Teacher Education Certification receive their advising from the Office of Student Services. Students majoring in Health Education-Community Health receive core curriculum advising through the Office of Student services and program advising from an assigned faculty advisor in the Department of Human Studies. Students should consult their advisor prior to each registration period for the appropriate guidance (e.g., students are expected to take courses in the appropriate sequence, including prerequisites). All undergraduate majors must be admitted to their respective programs as a prerequisite to taking upper-division major courses. Procedures are available from the department office.

## Course Descriptions

### Counseling (ECG)

**ECG 152 - Let's BMEN: How to Successfully Navigate the College Experience - 1**

This course is designed to be an academic tool for participants in the BMEN program. Academic skills and resources, along with the male perspectives of color will be presented.

**ECG 300 - Strategies for Effective Career Development - 1**

Concepts of career development through assessment, career exploration, experiential education, resume writing, interviewing skills, and job search strategies.

**ECG 422 - Strategies for Attitude Development - 3**

Dynamics of positive and negative attitudes. Techniques and exercises for improving communication, empathy, and awareness. Techniques for determining personal strengths, setting goals, managing time, and developing strong positive attitudes.

**ECG 423 - Strategies for Effective Interviewing - 3**

Selected interviewing skills described, demonstrated, and practiced in role play with feedback to increase effectiveness in interviewing.

**ECG 424 - Constructive Conflict Management - 3**

Strategies of constructive conflict management in multicultural settings. Synthetic culture laboratory organized to practice managing conflict in safe context. Strategies for mediating conflict focus on increased awareness, knowledge, and skills for reframing conflict.

**ECG 460 - Sign Language I: Survival - 3**

Beginning course in manual communication. Finger spelling and language of signs to facilitate communication with individuals who have severe hearing impairments.

**ECG 461 - Sign Language II: Intermediate - 3**

Manual communication; signed English. Finger spelling and language of signs. *Prerequisites:* ECG 460

**ECG 462 - Sign Language III: Advanced - 3**

American Sign Language. Syntax structure for more effective communication with adult deaf persons. Sign concept and concept transmission. *Prerequisites:* ECG 461

**ECG 463 - Introduction to Interpreting for Deaf - 3**

Basic theories, principles, and practices of interpreting for deaf in general and specialized settings; guidelines appropriate in situational settings. Development of interpreting skills and manual communications skills. *Prerequisites:* ECG 462

**ECG 470 - Crisis Intervention Techniques - 3**

Crisis counseling theory, applications of crisis intervention, and crisis situations.

**ECG 474 - Seminar in Death, Dying, and Bereavement - 3**

Attitudes, beliefs, and response to death, dying, and bereavement. Multicultural perspective. Implications for counseling.

**ECG 478 - Counseling African-American Clients - 3**

Historical, contemporary, and psychosocial forces influencing African-American population. Techniques for counseling African-Americans.

*See the UAB Graduate School Catalog for descriptions of graduate courses.*

**Educational Psychology (EPR)****EPR 005 - Educational Skills - 2**

Educational skills needed in pursuing baccalaureate degree. Study skills, evaluation and resources, note taking, test taking, outlining and organization of data, time management, verbal communication, and use of library. May not be used for fulfillment of any degree requirement.

**EPR 214 - Introduction to Educational Statistics - 3**

This introductory statistics course will cover basic descriptive and inferential statistics to include the following: Measures of central tendency; measures of variability; frequency distributions; normal curve of distribution; probability; sampling; regression; hypothesis testing, and analysis of variance.

**EPR 363 - Foundations of Education II: Psychological - 3**

Psychological principles basic to understanding of learner, learning process, and learning situation. Twenty hours of field experiences required. *Prerequisite or Co-requisite:* EDU 200

**EPR 410 - Introduction to Measurement and Evaluation in Education - 3**

For early childhood/elementary education majors only. Basic concepts and principles of measurement and evaluation of personal and academic progress in classroom. Elementary descriptive statistics and measurement techniques used in student evaluation. Quantitative Literacy is a significant component of this course (QEP). Admission to TEP required.

**EPR 411 - Measurement and Evaluation in Secondary Education - 3**

For secondary education majors only. Principles of student assessment. Basic concepts and principles of measurement and evaluation of personal and academic progress in classroom. Elementary descriptive statistics and measurement techniques used in student evaluation. Quantitative Literacy is a significant component of this course (QEP). Admission to TEP required.

**EPR 414 - Lifespan Human Development - 3**

Physical, cognitive, social and moral development across lifespan, including death and dying. *Prerequisite:* PY 101

**EPR 460 - Sign Language I: Survival - 3**

Beginning course in manual communication. Finger spelling and language of signs to facilitate communication with individuals with severe hearing.

*See the UAB Graduate School Catalog for descriptions of graduate courses.*

**CORE CURRICULUM FOR HEALTH EDUCATION MAJOR: TEACHER CERTIFICATION CONCENTRATION**

Requirement	Fulfilled By:	Hrs.
Area I: Written Composition	Take both of the following courses: <b>EH 101 EH 102</b> <i>Note: Grade of at least B in one and C in the other required</i>	6
Area II: Public Speaking	Take the following course: <b>CM 101</b> <i>Note: C or better required</i>	3
Area II: Literature	Select one of the following courses: <b>EH 216 EH 218 EH 222 EH 224</b> <b>EH 217 EH 221 EH 223</b>	3

### Health Education Major: Community Health Concentration

Community health education is designed to prepare students for work in a variety of health settings. These include national/state health agencies, clinical based programs, and community agencies. In addition to studying general health content, students learn the process of assessing, planning, implementing and evaluating health-related programs and interventions. Students are provided numerous opportunities to practice knowledge and skills related to health programming in and out of the classroom setting. Course work in the degree program is aligned with the roles and responsibilities of entry level health educators developed by the National Commission for Health Education Credentialing. This program of study prepares students to sit for the Certified Health Education Specialist (CHES) exam. For more information about the credentialing process visit [www.nchec.org/credentialing/credential/](http://www.nchec.org/credentialing/credential/).

A minor (minimum 18 semester hours) is also required for the community health concentration. All health education electives as well as the minor must be approved by the student's health education faculty advisor.

Students must earn a "C" or better in all pre-professional (lower level requirements) and major requirement courses including HE 499.

### CORE CURRICULUM FOR HEALTH EDUCATION MAJOR: COMMUNITY HEALTH CONCENTRATION

Requirement	Fulfilled By:	Hrs.
Area I: Written Composition	Take both of the following courses: <b>EH 101 EH 102</b>	6

<b>Total Minor Requirements:</b>		<b>18</b>

**Course Descriptions  
Health Education (HE)**

**HE 140 - First Aid - 3**

Knowledge and skills needed to perform basic first aid and CPR procedures.

**HE 141 - Personal Health - 3**

Knowledge and skills that support a healthy lifestyle. Stress management, cardiovascular health, nutrition, and fitness.

**HE 222 - Concepts of Health and Fitness - 3**

Fitness and related health concepts. Fitness assessment, variety of fitness-related activities, and development of personal fitness program. Nutrition and cardiovascular health. Requires a recent physical exam.

**HE 223 - Introduction to Epidemiology and Disease Impact - 3**

Disease etiology, incidence, prevalence, prevention, and control. Impact of various diseases on society. *Prerequisites:* HE 141

**HE 301- Teaching Health in the Elementary Schools - 2**

Techniques, rationale, and resources for implementing health education into school curriculum. Not for health education or physical education majors.

**HE 342 - Intro to Health Education - 3**

Foundations of health education and health promotion. Key concepts, definitions, models, theories, and skills. *Prerequisites:* HE 141

**HE 343 - Theory and Determinants of Health Behavior - 3**

Application of health education theories and methods to assist individuals and groups with planned behavior change. Basic steps of program planning and evaluation. *Prerequisites:* HE 141 *Co-requisites:* HE 342 and HE 223

**HE 401 - Death in Contemporary Society - 3**

**HE 402 - Mental Health and Stress Management - 3**

Stress process and its relationship to individual wellness and total health. Physical and psychological effects of stressors and individual appraisals using theoretical models and practical examples. How to identify and manage stress. Effective skills to reduce deleterious effects of stressful events.

**HE 404 - Consumer Health - 3**

Various aspects of good consumerism. Skills needed to critically analyze articles and advertisements found in print, electronic and other forms of mass media.

**HE 406 - Teaching Health in the Elementary School - 3**

*Prerequisites:* HE 342 and HE 343

**HE 408 - Drug Use and Abuse - 3**

Concept, manifestation, and causes of addiction. Major drug classifications and their effects. Potential of drug education as preventative mechanism.

**HE 421 - Health Communication - 3**

Skills appropriate for selected health problems, problem solving, and referrals. Skills to enhance communication with clients, peers, and community members at large. Health-related theories, communication theories, and marketing strategies.

*Prerequisites:* HE 341 and HE 342

**HE 422 - Sex Education and Family Life - 3**

**HE 423 - Human Sexuality - 3**

Biological, sociological, psychological, and ethical aspects of human sexuality. Biological overview, behavioral variations, research in sexuality, social issues, sexual decision making, sexuality of special populations, and sexual complications.

**HE 424 - Workshop in Health - 1 to 3**

**HE 425 - Rape in Perspective - 3**

**HE 426 - Special Topics in Health - 1 to 3**

Topics and format vary by semester.

**HE 427 - Special Topics in Health - 1 to 3**

Topics and format vary by semester.

**HE 428 - Special Topics in Health - 1 to 3**

**HE 429 - Special Topics in Health - 1 to 3**

**HE 431 - Plan and Evaluating Effective Health Education and Promotion Programs - 3**

Content and process planning, implementing, and evaluating programs in health education and health promotion. Sociological, psychological, and epidemiological foundations of health promotion programs. Development of practical skills for school, occupational, clinical, and community settings. *Prerequisites:* HE 342 and HE 343

**HE 432 - Administration of Health and Fitness Programs - 3**

Administrative theory and practice related to health and fitness programs in various settings. Management issues, professional issues, and personal professionalism. *Prerequisites:* HE 342 and HE 343

**HE 452 - Evaluation of Health Education Programs - 3**

Evaluation of school-based programs and curricula. Current thought and practice related to evaluation of school health programs at individual and system level. *Prerequisites:* HE 489

**HE 489 - Health Education Methods - 3**

Methods and materials; media used in professional health education practice. Nature of effective helping relationships. Selection, development, and critique resources for health instruction; development of lesson plans. Barriers and ethical issues related to planned health behavior change. *Prerequisites:* HE 141, HE 342, and HE 343

**HE 490 - Special Projects in Health Education - 1 to 6**

Exploration of health-related topic via professional literature or research project.

**HE 491 - Problems in Health Education - 1 to 6**

Controversial topics in health education or topics identified as state or national priority.

**HE 497 - Secondary Health Education Student Teaching - 3 to 9**

Observation and teaching of health education in area school.

**HE 499 - Health Education Internship - 3 to 9**

Supervised work experience in a pre-approved community agency/organization.

*See the UAB Graduate School Catalog for descriptions of graduate courses.*

## Physical Education Programs

Students majoring in physical education may choose from three concentrations: teacher certification, exercise science, and fitness leadership. The teacher certification program prepares students for entry into teaching positions in grades P-12. The exercise science program prepares students for graduate work in exercise physiology or health related careers such as physical therapy and occupational therapy. The fitness leadership program prepares students to be fitness leaders in fitness centers, clinics, or industrial settings.

### Physical Education Major: Teacher Certification Concentration

A grade of "C" or better is required in all math, science, and major courses.

#### CORE CURRICULUM FOR PHYSICAL EDUCATION MAJOR: TEACHER CERTIFICATION CONCENTRATION

Requirement	Fulfilled By:	Hrs.
Area I: Written Composition	Take both of the following courses: <b>EH 101 EH 102</b> <i>Note: Grade of at least B in one and C in the other required</i>	6

<b>Total Major Requirements:</b>		<b>67</b>

## Physical Education Major: Exercise Science Concentration

A grade of "C" or better is required in all math, science, and major courses. *Note: UAB requires 120 total semester hours in order to graduate. Students with this major may need additional electives to meet this requirement.*

### CORE CURRICULUM FOR PHYSICAL EDUCATION MAJOR: EXERCISE SCIENCE CONCENTRATION

Requirement	Fulfilled By:	Hrs.
Area I: Written Composition	Take both of the following courses: <b>EH 101 EH 102</b>	6
Area II: Public Speaking	Take the following course: <b>CM 101</b> <i>Note: C or better required</i>	3
Area II: Literature	Select one of the following courses: <b>EH 216 EH 218 EH 222 EH 224</b> <b>EH 217 EH 221 EH 223</b>	3
Area II: Fine Arts	Select one of the following courses: <b>ARH 101 ARH 204 MU 120 THR 105</b> <b>ARH 203 ARH 206 THR 100 THR 200</b>	3
Area II: Fine Arts/ Humanities	Select one of the following courses: <b>AAS 200 EH 218 FR 202 PHL 115 SPA 202</b> <b>ARH 101 EH 221 GN 101 PHL 116 THR 100</b> <b>ARH 203 EH 222 GN 102 PHL 120 THR 105</b> <b>ARH 204 EH 223 GN 201 PHL 125 THR 200</b> <b>ARH 206 EH 224 GN 202 PHL 203</b> <b>CM 105 FR 101 GN 204 SPA 101</b> <b>EH 216 FR 102 MU 120 SPA 102</b> <b>EH 217 FR 102 PHL 100 SPA 201</b> <i>Note: Literature Sequence Preferred</i>	3
Area III: Natural Sciences	Take one of the following courses: <b>BY 123 BY 124 CH 115/116 PH 201</b> <i>Note: PH 201 preferred</i>	4
Area III: Natural Sciences	Take the following course: <b>CH 105/CH 106</b>	4
Area III: Mathematics	Select one of the following courses: <b>MA 105 MA 107 MA 109 MA 110 MA 126 MA 227</b> <b>MA 252 MA 260 MA 106</b> <i>Note: MA 106 preferred.</i>	3-4
Area IV: History	Select one of the following courses: <b>HY 101 HY 102 HY 104 HY 105 HY 120 HY 121</b>	3
Area IV: Social & Behavioral Sciences	Select one of the following courses: <b>ANTH 101 GEO 121 HY 120 PSC 102 SOC 245</b> <b>ANTH 106 HY 101 HY 121 PSC 221 WS 100</b> <b>ANTH 120 HY 102 ITS 101 PY 101</b> <b>EC 210 HY 104 ITS 205 PY 212</b> <b>EC 211 HY 105 PSC 101 SOC 100</b> <i>Note: PY 101 preferred</i>	3
Area IV: Social & Behavioral Sciences (Non-History)	Select two of the following courses: <b>ANTH 101 EC 211 PSC 101 PY 212</b> <b>ANTH 106 GEO 121 PSC 102 SOC 100</b> <b>ANTH 120 ITS 101 PSC 221 SOC 245</b> <b>EC 210 ITS 205 PY 101 WS 100</b>	6

Sequence Requirement:	As part of Area II or Area IV, students must complete a two course sequence in Literature or History. Approved sequences are listed below: <b>EH 217 + EH 218                      HY 101 + HY 102</b> <b>EH 221 + EH 222                      HY 104 + HY 105</b> <b>EH 223 + EH 224                      HY 120 + HY 121</b>	-
<b>Total Core Curriculum Requirements:</b>		<b>41-42</b>

**LOWER DIVISION REQUIREMENTS PHYSICAL EDUCATION MAJOR:  
EXERCISE SCIENCE CONCENTRATION**

<b>Requirement</b>	<b>Fulfilled By:</b>	<b>Hrs.</b>
Biology	Take the following courses: <b>BY 115    BY 116</b>	8
First Aid	Take the following course: <b>HE 140</b> <i>Note: Must hold current certification in first aid &amp; infant, child, adult CPR and AED for waiver.</i>	0-3
Personal Health	Take the following course: <b>HE 141</b>	3
Educational Statistics	Take the following course: <b>EPR 214</b>	3
If not taken in core	Take the following courses: <b>CH 105/106 or CH 115/116    PY 101    PH 201</b>	10
<b>Total Lower Division Requirements:</b>		<b>17-27</b>

**MAJOR REQUIREMENTS FOR PHYSICAL EDUCATION: EXERCISE SCIENCE CONCENTRATION**

<b>Requirement</b>	<b>Fulfilled By:</b>	<b>Hrs.</b>
Physical Education	Take the following course: <b>PE 136</b>	3
Physical Education	<b>PE 115    PE 136    PE 305    PE 307</b> <b>PE 400    PE 405    PE 485</b>	20
General Electives	Elective coursework to reach the 120 hour graduation requirement	Variable
Other Courses	Take two of the following courses <b>PE 402    PE 440    PE 450    PE 451</b> <b>PE 460    PE 470    PE 499    PY 330</b>	5-6
Aquatics	Select one of the following courses <b>PE 101    PE 102    PE 103</b>	3
Physical Education	Select one of the following courses <b>PE 131    PE 132</b>	3
Major Elective Requirements	Choose 15-17 hours of the following courses: <b>AHS 350 or PY 218 ****    BY 409                      CH 237/238    MA 126***</b> <b>BY 123***    BY 271                      BY 420                      CH 460                      PH 202***</b> <b>BY 124***    BY 314                      CH115/116***    EMC 223                      PH 221</b> <b>BY 210                      BY 327                      CH 117/118                      EMC 392                      PH 222</b> <b>BY 261                      BY 330                      CH 235/236                      MA 125***</b>	15
Internship	Take the following course <b>PE 499</b>	3
<b>Total Degree Requirements:</b>		<b>120</b>

\*\*\* Courses taken may not be applied to both "major requirements" and "core curriculum." A maximum of 10 hours of PH, MA, CH, or BY courses can be taken to meet this requirement.

\*\*\*\*Either AHS 350 or PY 218 will count as a major elective.

### Physical Education Minor: Exercise Science

A grade of "C" or better is required in all courses in the minor. Students cannot apply courses toward both a major and minor.

#### PHYSICAL EDUCATION MINOR: EXERCISE SCIENCE

Requirement	Fulfilled By:	Hrs.
First Aid	Take the following course <b>HE 140</b> <i>Note: Must hold current certification in first aid &amp; infant, child, adult CPR and AED for</i>	0-3
Biology	Take the following Courses: <b>BY 115 BY 116</b>	8
Physical Education	Take the following courses: <b>PE 307 PE 400 PE 402 PE 485 PE 115</b> <b>PE 131</b>	14
<b>Total Minor Requirements:</b>		<b>22-25</b>

### Physical Education Major: Fitness Leadership Concentration

A grade of "C" or better is required in all math, science, and major courses. *Note: UAB requires 120 total semester hours in order to graduate. Students with this major will need additional electives to meet this requirement.*

#### CORE CURRICULUM FOR PHYSICAL EDUCATION MAJOR: FITNESS LEADERSHIP CONCENTRATION

Requirement	Fulfilled By:	Hrs.
Area I: Written Composition	Take both of the following courses: <b>EH 101 EH 102</b>	6
Area II: Public Speaking	Take the following course: <b>CM 101</b> <i>Note: C or better required</i>	3
Area II: Literature	Select one of the following courses: <b>EH 216 EH 218 EH 222 EH 224</b> <b>EH 217 EH 221 EH 223</b>	3
Area II: Fine Arts	Select one of the following courses: <b>ARH 101 ARH 204 MU 120 THR 105</b> <b>ARH 203 ARH 206 THR 100 THR 200</b>	3
Area II: Fine Arts/Humanities	Select one of the following courses: <b>AAS 200 EH 218 FR 202 PHL 115 SPA 202</b> <b>ARH 101 EH 221 GN 101 PHL 116 THR 100</b> <b>ARH 203 EH 222 GN 102 PHL 120 THR 105</b> <b>ARH 204 EH 223 GN 201 PHL 125 THR 200</b> <b>ARH 206 EH 224 GN 202 PHL 203</b> <b>CM 105 FR 101 GN 204 SPA 101</b> <b>EH 216 FR 102 MU 120 SPA 102</b> <b>EH 217 FR 102 PHL 100 SPA 201</b>	3
Area III: Natural Sciences	Select a course from the following courses: <b>AST 101/AST 111 AST 102/AST 112 AST 103/AST 113 AST 105/AST 115</b> <b>BY 101/BY 102 BY 111/BY 112 BY 123 BY 124</b> <b>CH 105/CH 106 CH 107/CH 108 CH 115/CH 116 CH 117/CH 118</b> <b>ENV 108/ENV 109 ES 101/ES 102 ES 103/ES 104 PH 201/PH 211</b> <b>PH 202/PH 212 PH 221/PH 231 PH 222/PH 232 PHS 101</b> <i>Note: CH 105/106, PHS 101, BY 101/102 strongly preferred.</i>	8

Area IV: Social & Behavioral Sciences	Select one of the following courses: <b>ANTH 101 GEO 121 HY 120 PSC 102 SOC 245</b> <b>ANTH 106 HY 101 HY 121 PSC 221 WS 100</b> <b>ANTH 120 HY 102 ITS 101 PY 101</b> <b>EC 210 HY 104 ITS 205 PY 212</b> <b>EC 211 HY 105 PSC 101 SOC 100</b>	3
Area IV: Social & Behavioral Sciences (Non-History)	Select two of the following courses: <b>ANTH 101 EC 211 PSC 101 PY 212</b> <b>ANTH 106 GEO 121 PSC 102 SOC 100</b> <b>ANTH 120 ITS 101 PSC 221 SOC 245</b> <b>EC 210 ITS 205 PY 101 WS 100</b> <i>Note: PY 101 strongly preferred</i>	6
Sequence Requirement:	As part of Area II or Area IV, students must complete a two course sequence in Literature or History. Approved sequences are listed below: <b>EH 217 + EH 218 HY 101 + HY 102</b> <b>EH 221 + EH 222 HY 104 + HY 105</b> <b>EH 223 + EH 224 HY 120 + HY 121</b>	-
<b>Total Core Curriculum Requirements:</b>		<b>41</b>

**LOWER DIVISION REQUIREMENTS PHYSICAL EDUCATION MAJOR:  
FITNESS LEADERSHIP CONCENTRATION**

<b>Requirement</b>	<b>Fulfilled By:</b>	<b>Hrs.</b>
Biology	Take the following courses <b>BY 115 BY 116</b>	8
First Aid	Take the following course <b>HE 140</b> <i>Note: Must hold current certification in first aid &amp; infant, child, adult CPR AED for</i>	0-3
Personal Health	Take the following course <b>HE 141</b>	3
Educational Statistics	Take the following course <b>EPR 214</b>	3
Science	CH 105/106 if not taken in the Core Curriculum	0-3
Technology	Choose Either: EDT 300 or CS 101	3
Business Course	Either: BUS 101 or BUS 102	2-3
Business Electives	Choose two of the following: FN 101, LS 246, EC 210, or EC 110	3
<b>Total Lower Division Requirements:</b>		<b>25-32</b>

**MAJOR REQUIREMENTS FOR PHYSICAL EDUCATION: FITNESS LEADERSHIP CONCENTRATION**

<b>Requirement</b>	<b>Fulfilled By:</b>	<b>Hrs.</b>
Aquatics	Select one of the following courses <b>PE 101 PE 102 PE 103</b>	1
Physical Education	Take the following courses: <b>PE 115 PE 131 PE 132 PE 136 PE 305</b> <b>PE 307 PE 340 PE 400 PE 405 PE 440</b> <b>PE 485</b>	28
Physical Education	Choose one of the following PE 100-level activity Electives <b>PE 104 PE 105 PE 109 PE 112 PE 114</b> <b>PE 116 PE 117 PE 118 PE 122 PE 124</b> <b>PE 125 PE 126 PE 129 PE 130</b> (or approval by Academic Advisor)	1

Physical Education	Choose three of the following 300 level and above electives: <b>PE 300</b> (lecture only) <b>PE 402</b> <b>PE 407</b> <b>PE 450</b> <b>PE 451</b> <b>PE 460</b> <b>PE 470</b> <b>PY 218</b> or <b>PY 330</b> *** *** May not choose more than one Psychology Elective	3
Internship	Take the following course <b>PE 499</b>	6
General Electives	Choose general electives to meet the 120 hour graduation requirement	0-16
<b>Total Degree Requirements:</b>		<b>120</b>

### Physical Education Minor: Athletic Coaching

A grade of "C" or better is required in all courses in the minor. Students cannot apply courses toward both a major and minor.

#### PHYSICAL EDUCATION MINOR: ATHLETIC COACHING

Requirement	Fulfilled By:	Hrs.
First Aid	Take the following course: <b>HE 140</b> <i>Note: Must hold current certification be certified in first aid &amp; infant, child, adult CPR and AED for waiver.</i>	0-3
Biology	Take the following course: <b>BY 115</b>	4
Health Education	Take the following course: <b>HE 222</b>	3
Physical Education	Take the following courses: <b>PE 115</b> <b>PE 117</b> <b>PE 118</b> <b>PE 201</b> <b>PE 307</b> <b>PE 402</b> <b>PE 407</b>	13
Physical Education Elective	Take any 100 level PE course	1
<b>Total Minor Requirements:</b>		<b>21-24</b>

### Course Descriptions

#### Physical Education (PE)

##### **PE 101 - Beginning and Advanced Beginning Swimming - 1**

##### **PE 102 - Intermediate Swimming and Swimmer Course - 1**

Intermediate swimming. Students must be able to swim 25 yards using crawl stroke or elementary backstroke.

##### **PE 103 - Lifeguard Training - 1**

Must be able to continuously swim 500 yards using specified strokes of 50 yards each and perform retrieval tasks.

##### **PE 104 - Tennis - 1**

Beginning skills and rules for recreational tennis.

##### **PE 105 - Golf - 1**

Beginning skills, rules, and etiquette for recreational golf.

##### **PE 106 - Archery - 1**

Basic shooting skills, equipment, and safety issues.

##### **PE 107 - Badminton - 1**

Beginning badminton skills, rules, and etiquette.

##### **PE 108 - Weight Training and Aerobics - 1**

Basic weight training and aerobic instruction and workouts.

##### **PE 109 - Badminton and Tennis - 1**

Beginning badminton and tennis skills, rules, and etiquette for recreational activity.

##### **PE 110 - Racquetball - 1**

Beginning skills, rules, and strategy.

**PE 112 - Dance and Gymnastics - 1**

Provides future teachers background in planning and conducting basic dance and gymnastic instruction. Intended for physical education majors.

**PE 113 - Archery and Golf - 1**

Basic golf and archery organization, rules, safety, and technique.

**PE 114 - Recreational Games/Outdoor Leisure Pursuits- 1**

Wide array of games and pursuits which will include cup stacking, juggling, cornhole, bowling, golf, archery, badminton, tennis, ultimate and orienteering.

**PE 115 - Weight Training - 1**

Basic weight training techniques and creation of personal workouts.

**PE 116 - Social Dance - 1**

Contemporary and classic dances including folk, line, and social.

**PE 117 - Team Sports- 1**

This course will enable students to learn the basic skills of different sports that require use of an implement (i.e., badminton, cricket, hockey, lacrosse, softball, and tennis). Students will practice those skills to have the ability to gain skill proficiency in playing the sport as well as teaching others to play the sport.

**PE 118 - Sports Using Implements - 1**

This course will enable students to learn the basic skills of different sports that require the use of an implement (i.e., badminton, cricket, hockey, lacrosse, softball and tennis.) Students will practice those skills to have the ability to gain skill proficiency in playing the sport as well as teaching others to play the sport.

**PE 119 - Football - 1**

Basic skills, rules, and strategies.

**PE 120 - Volleyball - 1**

Basic skills, rules, and strategies.

**PE 121 - Soccer - 1**

Basic skills, rules, and strategies.

**PE 122 - Basketball - 1**

Basic skills, rules, and strategies.

**PE 123 - Softball - 1**

Basic skills, rules, and strategies.

**PE 124 - Beginning Whitewater Kayaking - 1**

This course is designed to teach beginner paddlers to safely and enjoyable kayak on class II rivers.

**PE 125 - Cheerleaders and Dance Team - 1**

Open to members of UAB cheerleading and dance teams

**PE 126 - Flying Disc Sport - 1**

Students in this class will learn the basic skills of throwing and catching flying discs. They can incorporate these techniques in the popular games of today including Ultimate, a team game similar to soccer that is very popular in college and university settings, and Disc Golf, one of the fastest growing individual sports of the day.

**PE 129 - Aikido - 1**

Series of techniques adapted to respond to a variety of attacks and to multiple attackers.

**PE 130 - Scuba Diving - 1**

Physiology, physics, safety issues, and guidelines of recreational scuba diving through lectures, quizzes, and final exams. Students will learn and be able to demonstrate the proper assembly and use of scuba equipment as well as proper swimming and breathing techniques. Students must provide their own snorkel, fins, and mask. Must be able to tread water for 10 minutes and swim 200 yards.

**PE 131 - Aerobics - 1**

Opportunity to improve cardiovascular fitness, flexibility, muscular strength and endurance, and body composition in a group setting. Improves rhythm and coordination, body and space awareness, energy management, appreciation of a healthy lifestyle, and mental focus on concentration.

**PE 132 - Group Exercise Leadership - 1**

Review and application of exercise science theory to group exercise. Repertoire of exercises for flexibility, strength, aerobic dance, and step training. Practice teaching each segment of a class; at end of course will be able to teach a 60-minute group exercise class. *Prerequisites:* PE 115 and PE 131

**PE 134 - The College Athlete - 3**

Needs of and demands on college athletes. Time management, study skills and habits, drug use and abuse, drug testing and NCAA rules, use of trainer and training facilities, and nutritional practices. Holistic health with emphasis on keeping athletic experience in perspective. Does not count toward physical education major or minor

**PE 136 - Introduction to Physical Education, Fitness, and Sport - 3**

Introduction to the fields; professional organizations, career opportunities, historical development, and philosophical and scientific foundations.

**PE 206 - Introduction Teaching in Physical Education - 3**

Research on teaching physical education and socio-cultural influences on children as learners; development of basic teaching skills. *Prerequisites:* PE 136

**PE 222 - Principles and Practices of Gymnastics Teaching and Officiating- 2**

Skill development, teaching various ability and experiential levels in educationally-based settings, safety techniques, selection of equipment, and techniques of officiating.

**PE 224 - Principles and Practices of Volleyball Coaching and Officiating- 1**

Advanced skill development, coaching at various ability and experiential levels in educationally-based settings, equipment selection, and techniques of officiating.

**PE 225 - Sports Officiating: Football/Volleyball - 1**

Practical framework to aspects of sports officiating.

**PE 226 - Sports Officiating: Basketball/Soccer - 1**

Practical framework to aspects of sports officiating.

**PE 227 - Sports Officiating: Baseball/Softball - 1**

Practical framework to aspects of sports officiating.

**PE 300 - Organization and Administration of Physical Education - 3**

Development of skills required to organize and administer physical education programs. *Prerequisites:* PE 136 and junior standing.

**PE 301 - Teaching Physical Education in the Elementary School - 2**

For classroom teachers. Communicating and working with physical education specialist. Developmentally appropriate activities and integration of movement activities and concepts into classroom subjects. Not for physical education majors or minors.

**PE 305 - Motor Development - 3**

Development of motor skills, physical fitness, and perceptual motor abilities across life span; concentration on preschool population. Laboratory experiences. PE 101 and EPR 214 recommended. *Prerequisite:* PE 136

**PE 306 - Field Experiences in the Elementary School in Physical Education - 3**

Practicum in elementary school physical education program. *Prerequisites:* PE 305

**PE 307 - Applied Kinesiology - 3**

Basic kinesiology concepts, including anatomical movements of skeletal system, basic concepts of biomechanics, application of mechanical principles of fundamental physical skills, and applications of kinesiological principles of various sports. *Prerequisites:* BY 115 with "C" or better.

**PE 308 - Adapted Physical Education - 3**

Prescription and planning physical activity for individuals with disabilities. *Prerequisites:* ECY 300 and PE 136 and PE 305

**PE 310 - Curriculum and Methods in Elementary Physical Education - 4**

Physical education in elementary schools. Nature and content of elementary physical education program, characteristics of children, curriculum development, and class organization. Laboratory experiences. *Prerequisites:* PE 305

**PE 311 - Elementary School Physical Education - 3**

Nature and content of a developmentally appropriate elementary physical education program. *Prerequisites:* PE 136 and PE 305

**PE 320 - Fitness and Motor Skill Acquisition - 3**

Acquire the knowledge and the skills necessary to analyze and appropriately teach motor skills and design developmentally appropriate fitness activities for adolescents applicable to all physical activity settings (school and recreation). *Prerequisites:* PE 136 and PE 305

**PE 320L - Sports Skill Proficiency - 1**

Acquire the knowledge and the skills necessary to teach the critical elements needed to perform all basic sport skills. Students will demonstrate skill proficiency in the sport skills as well as the ability to teach others to perform the skills. *Prerequisites:* PE 305 *Co-requisite:* PE 320 (PET majors only)

**PE 322 - Techniques of Teaching Gymnastics - 3**

*Prerequisites:* PE 111

**PE 323 - Teaching Sports Skills in Secondary Schools - 3**

**PE 340 - Planning and Management of Fitness Facilities - 3**

Management, marketing, operational leadership, evaluation, and planning principles of commercial, corporate, clinical, and community health/fitness facilities. *Prerequisite:* PE 136

**PE 400 - Physiology of Exercise - 4**

Exercise physiology, including bioenergetics, neuromuscular concepts of cardio-respiratory system, physical training, body composition, heat balance, training in females, and ergogenic aids. Laboratory experiences. *Prerequisites:* BY 116 with grade of "C" or better and PE 136 *Co-requisite:* PE 400 L

**PE 400L - Physiology of Exercise Lab - 0**

*Co-requisite:* PE 400

**PE 402 - Basic Athletic Training - 2**

Knowledge and skills in organization and administration, mechanisms of injury, recognition and evaluation of injuries, injury management, general nutritional concerns, medical conditions, and taping and bracing techniques. *Prerequisites:* BY 115 and PE 307

**PE 403 - Basic Therapeutic Management of Sports Injuries - 3**

Use of modalities and rehabilitation techniques to return injured athlete to athletic participation. Practical experience in therapeutic management of sports injuries. *Prerequisites:* PE 402

**PE 405 - Nutrition and Physical Activity - 3**

Nutrition, nutritional quackery in sport, weight maintenance (loss and gain) through nutrition and exercise, nutrition for optimal health/physical performance, and exercise principles for weight training. *Prerequisites:* PE 305

**PE 407 - Coaching Young Athletes - 3**

Decision making, coaching philosophy, coaching competency standards, effective communication, pedagogy, psychology, physiology, sports medicine, and sports law.

**PE 409 - Assessment in Physical Education - 3**

This course emphasizes the development, implementation, and analysis of assessments within K-12 physical education programs, including the assessment of the cognitive, physical, and psychomotor domains and including program assessment. *Co-requisite:* PE 489

**PE 440 - Principles of Conditioning the Athlete - 3**

Isometric, isotonic, negative, variable resistance, and isokinetic training; tapering of athlete; constructing weight training programs; techniques of various types of exercise and weight training for specific sports. *Prerequisites:* BY 115 and PE 400

**PE 450 - Physical Activity Programming for Individuals with Disabilities- 3**

Knowledge and skills needed to meet the unique fitness and physical activity needs of individuals with various disabilities. Design and implementation of personal training/fitness programs and disability sports/recreation programs for individuals with disabilities based on assessments of health-related strengths and needs. *Prerequisites:* PE 136 and PE 305

**PE 451 - Physical Activity for Senior Adults- 3**

Knowledge and skills needed to be a leader of exercise, dance, and fitness for older adults. *Prerequisites:* PE 132, PE 305 and PE 400

**PE 460 - Clinical Exercise Physiology - 3**

Knowledge and skills associated with clinical exercise physiology. *Prerequisites:* PE 400 and PE 440

**PE 470 - Advanced Treatment in Athletic Training - 3**

Seminar in treatment and prevention. *Prerequisites:* BY 115 and PE 307 and PE 402

**PE 485 - Exercise Testing/Prescription - 3**

Concepts and procedures utilized in fitness leadership roles. Supervised practical experiences. *Prerequisites:* PE 400 with a 'C' or better

**PE 488 - Instructional Strategies for Secondary Physical Education - 3**

Design and implementation of effective instructional programs. Curriculum and instruction for secondary level; opportunities for practice using instructional strategies in school settings.

**PE 489 - Instructional Strategies for Physical Education K-12 - 6**

Various teaching methods and materials suitable for use in elementary (P-6) and secondary physical education (middle, junior high, or senior high) schools. Opportunities to apply methods and materials while working with small groups of elementary and secondary school students. *Co-requisite:* PE 409

**PE 492 - Special Projects in Physical Education - 1 to 6**

Designed as an independent study for students who wish to conduct an in-depth investigation into a physical education related topic. *Prerequisite:* permission of instructor

**PE 493 - Problems in Physical Education - 3 to 6**

Provides students with current information regarding a selected physical education related issue. Classes taught under this course title are outside the current physical education program requirements.

**PE 495 - Elementary and Secondary Physical Education Student Teaching - 3 to 9**

Observation and teaching of physical education to attain grades P-12 Alabama certification. *Prerequisite:* permission of instructor

**PE 496 - Physical Education Internship Seminar - 3**

Supports and extends efforts of student teaching. Problem solving related to situations such as classroom management, grading, professionalism and ethics, legal issues, teacher rights, and others that occur during internship. *Co-requisite:* PE 495

**PE 499 - Fitness Internship - 3 to 9**

*Prerequisites:* PE 485 and permission of the instructor.

**Health Education/ Physical Education (HPE)****HPE 200 - Quality of Life - 2**

Total health; effects of lifestyle on total health. Decision-making skills to enable health enhancing choices and engage in health enhancing activities to improve and maintain health status. For education majors only.

**HPE 301 - Teaching Health Education and Physical Education in Elementary School - 3**

For classroom teachers. Communicating and working with physical education specialists, selecting developmentally appropriate activities, and integrating movement activities and concepts into classroom subjects. Background information and skills to implement health education in grades K-6. *Prerequisites:* HE 141 or HPE 200 or HE 222

*See the UAB Graduate School Catalog for descriptions of graduate courses.*

**Department of Leadership, Special Education, and Foundations**

**Chair:** Lou Anne Worthington

**Faculty:** Allison, Collins, Dahle, Eden, Gargiulo, Goldman, Kilgo, Loder-Jackson, McKnight, Nelson, Pevsner, San-spre, Searby, Theodore, Voltz, Wang, Zimmerman-Brown

The Department of Leadership, Special Education, and Foundations offers an undergraduate major in special education that results in Alabama teacher certification in collaborative teaching (grades K-6). In addition the department offer support courses in foundations and technology for other program areas. The department also offers a master's degree in collaborative teaching (grades K-6 or 6-12) which results in an Alabama "Class A" teaching certificate. In addition, the department offers master's, educational specialist, and doctoral programs in educational leadership.

**Course Descriptions****Educational Technology (EDT)****EDT 300 - Teaching and Technology - 3**

Knowledge and skills of variety of microcomputer applications used in teaching; use of latest information technologies to access available resources on campus, Internet, and e-mail.

**EDT 440 - Workshop in Education: Technology Issues - 3****Foundations of Education (EDF)****EDF 362 - Foundations of Education I: Social, Historical, Philosophical - 3**

Social context of contemporary public schools, diversity in education, and application of theory to educational practice. Active participatory field experiences. *Prerequisite or Co-requisite:* EDU 200

## Special Education

The undergraduate collaborative teacher program prepares students as special education teachers to work collaboratively with general education teachers to address the needs of students with low incidence and high incidence disabilities in a variety of K-6 settings. Coursework includes an emphasis on general education curriculum, assessment, legal issues, technology, diversity, and collaboration with families and other professionals. Most courses include problem-based learning and field experiences designed to develop knowledge, skills, and positive dispositions. A variety of field-based experiences are required in school/agency settings to supplement campus coursework. The program is designed to lead to an Alabama "Class B" teaching certificate (grades K-6).

### CORE CURRICULUM FOR SPECIAL EDUCATION

Requirement	Fulfilled By:	Hrs.
Area I: Written Composition	Take both of the following courses: <b>EH 101      EH 102</b> <i>Note: Grade of at least B in one and C in the other required</i>	6
Area II: Public Speaking	Take the following course: <b>CM 101</b> <i>Note: C or better required</i>	3
Area II: Literature	Select one of the following courses: <b>EH 216      EH 218      EH 222      EH 224</b> <b>EH 217      EH 221      EH 223</b>	3
Area II: Fine Arts	Select one of the following courses: <b>ARH 101      ARH 204      MU 120      THR 105</b> <b>ARH 203      ARH 206      THR 100      THR 200</b>	3
Area II: Fine Arts/Humanities	Select one of the following courses: <b>AAS 200      CHI 102      EH 223      GN 102      MU 120      SPA 102</b> <b>ARA 101      CM 101      EH 224      GN 201      PHL 100      SPA 108</b> <b>ARA 102      CM 105      FLL 120      GN 202      PHL 115      SPA 201</b> <b>ARH 101      EH 216      FR 101      GN 204      PHL 116      SPA 202</b> <b>ARH 203      EH 217      FR 102      ITL 101      PHL 120      THR 100</b> <b>ARH 204      EH 218      FR 108      ITL 102      PHL 125      THR 105</b> <b>ARH 206      EH 221      FR 202      JPA 101      PHL 203      THR 200</b> <b>CHI 101      EH 222      GN 101      JPA 102      SPA 101</b> <i>Note: Literature Sequence Preferred</i>	3
Area III: Natural Science	Select one of the following courses: <b>BY101/102      BY 123</b>	4
Area III: Natural Sciences (not Biology)	Select a course from the following courses: <b>AST 101/AST 111      CH 115/CH 116      PH 202/PH 202L</b> <b>AST 102/AST 112      CH 117/CH 118      PH 221/PH 221L</b> <b>AST 103/AST 113      ENV 108/ ENV 109      PH 222/PH 222L</b> <b>AST 105/AST 115      ES 101/ ES 102      PHS 101</b> <b>CH 105/CH 106      ES 103/ ES 104</b> <b>CH 107/CH 108      PH 201/PH 201L</b>	4
Area III: Mathematics	Select one of the following courses: <b>MA 105      MA 107      MA 110      MA 126      MA 252</b> <b>MA 106      MA 109      MA 125      MA 227      MA 260</b>	3
Area IV: History	Select one of the following courses: <b>HY 101      HY 102      HY 104      HY 105      HY 120      HY 121</b>	3
Area IV: Social & Behavioral Sciences	Select one of the following courses: <b>ANTH 101      EC 211      HY 104      ITS 101      PSC 221      SOC 245</b> <b>ANTH 106      GEO 121      HY 105      ITS 205      PY 101      WS 100</b> <b>ANTH 120      HY 101      HY 120      PSC 101      PY 212</b> <b>EC 210      HY 102      HY 121      PSC 102      SOC 100</b> <i>Note: PY 101 preferred</i>	3

Area IV: Social & Behavioral Sciences (Non-History)	Select two of the following courses: <b>ANTH 101 EC 211 PSC 101 PY 212</b> <b>ANTH 106 GEO 121 PSC 102 SOC 100</b> <b>ANTH 120 ITS 101 PSC 221 SOC 245</b> <b>EC 210 ITS 205 PY 101 WS 100</b> <i>Note: PY 212 preferred</i>	6
Sequence Requirement:	As part of Area II or Area IV, students must complete a two course sequence in Literature or History. Approved sequences are listed below: <b>EH 217 + EH 218 HY 101 + HY 102</b> <b>EH 221 + EH 222 HY 104 + HY 105</b> <b>EH 223 + EH 224 HY 120 + HY 121</b>	-
<b>Total Core Curriculum Requirements:</b>		<b>41</b>

### LOWER DIVISION REQUIREMENTS FOR SPECIAL EDUCATION

Requirement	Fulfilled By:	Hrs.
Additional Laboratory Science	Select one course (with laboratory) from the following courses: <b>AST 101/AST 111 AST 102/AST 112 AST 103/AST 113</b> <b>AST 105/AST 115 BY 101/BY 102 BY 111/BY 112</b> <b>BY 123 BY 124 CH 105/CH 106</b> <b>CH 107/CH 108 CH 115/CH 116 CH 117/CH 118</b> <b>ENV 108/ENV 109 ES 101/ES 102 ES 103/ES 104</b> <b>PH 201/PH 201L PH 202/PH 202L PH 221/PH 221L</b> <b>PH 222/PH 222L PHS 101</b> <i>*Note: Students may NOT use the same course to satisfy this requirement and the Area III science requirement.</i>	4
Additional Math Requirement (AGSC)	Select one of the following courses: <b>MA 105 MA 107 MA 110 MA 126 MA 252</b> <b>MA 106 MA 109 MA 125 MA 227 MA 260</b> <i>*Note: Students may NOT use the same course to satisfy this requirement and the Area III math requirement.</i>	3
Additional Math Requirements	Any 100-level or higher math course not used above. <i>*Note: MA 313 and MA 314 are preferred.</i>	6
Psychology	Take the following course: <b>PY 101 PY 212</b> <i>* Note: These courses will apply toward this requirement as well as Area IV.</i>	6
<b>Total Lower Division Requirements:</b>		<b>19</b>

### MAJOR REQUIREMENTS FOR SPECIAL EDUCATION

Requirement	Fulfilled By:	Hrs.
Foundations & Professional Studies	Take the following courses <b>EDU 200 HPE 200 ECY 300 EDF 362 EPR 363</b> <b>EDT 300 ECT 303</b>	16
Teaching Field Courses	Take the following courses <b>ECT 450 ECT 451 ECT 453 ECT 454 ECT 455</b> <b>ECT 460 ECT 461 ECT 470 ECT 471 EDR 440</b> <b>EEC 405 EEC 406 EPR 410</b> <i>Requires Admission to TEP</i>	40
Internship	Take the following courses <b>ECT 480 ECT 481**</b>	10
<b>Total Major Requirements:</b>		<b>66</b>

\*Students adding collaborative teaching certification to early childhood/elementary education certification must meet all early childhood, elementary education, and collaborative teaching requirements before student teaching. In place of ECT 481 Collaborative Teaching Internship K-6 students will take EDU 481 Student Teaching: Early Childhood/Elementary Education/ Collaborative Teaching.

## Course Descriptions

### Exceptional Children and Youth Education (ECY)

#### **ECY 300 - Survey of Special Education - 3**

Characteristics and needs of children and youth with exceptionalities. Special education law and policy, characteristics of children and youth with disabilities and their families, and critical issues in the field of special education.

#### **ECY 493 - Special Problems in Special Education- 1 to 3**

#### **ECY 494 - Special Topics in Education - 1 to 6**

Current topics in education are presented and discussed.

### Collaborative Teacher Education (ECT)

#### **ECT 303 - Seminar in Special Education - 3**

Special education process as mandated by federal and state law and best practice are reviewed. Observation in local schools.  
*Prerequisites:* ECY 300

#### **ECT 450 - Characteristics of Students with Special Needs - 3**

Characteristics, needs, and concerns of students with high and low incidence disabilities are presented. Issues related to abnormal and normal growth and development, community resources, collaboration, and diversity based on state law.

#### **ECT 451 - Assessment of Students Special Needs - 3**

Assessment of high and low incidence disabilities for children and youth throughout special education process according to federal and state regulations. Appropriate selection, administration, and interpretation of assessment instruments to determine program eligibility and intervention. Development of effective standards-based upon formal and informal assessment results.

#### **ECT 453 - Technology for Special Needs Students - 3**

Designing instruction for students with low and high incidence disabilities using instructional, assistive, and augmentative technology. Legal aspects, accessibility, individual needs, communication technologies, assessment and IEP's, community resources, and collaboration with families and professionals.

#### **ECT 454 - Positive Behavior Supports - 4**

Preparation for work with children and youth with complex behavioral, social, and emotional problems in the classroom. Using behaviorally based principles and intervention strategies. Classroom management, functional assessments, behavioral intervention plans, manifestation determinations, and implementing and evaluating intervention effects are incorporated.

#### **ECT 455 - Teaching in Inclusive Classrooms - 3**

Communication and collaboration strategies for elementary-aged children in inclusive settings for high and low incidence disabilities. Training in communication, roles and responsibilities, collaborative teaming, collaboration with families and paraprofessionals, current issues and trends, resources, and technology are integrated.

#### **ECT 460 - Functional Curriculum Methods for Special Needs Students - 3**

Methods and strategies for teaching elementary-aged children with low incidence disabilities in an urban school setting. *Prerequisites:* ECT 451 and ECT 452 and ECT 453

#### **ECT 461 - Practicum in Low-Incidence Disabilities - 1**

Design and implementation of lesson plans, assessment of teaching on student learning, and development of health care plans in a field experience setting with direct classroom experience directed by an Instructor. *Co-requisite:* ECT 460

#### **ECT 470 - Strategies for Teaching Special Needs Students - 3 to 6**

Instructional content and methods for high incidence students through the design, implementation, and evaluation of instruction using general education curriculum. Informal assessment of teaching and learning processes. Specific strategies for teaching language, reading, written expression, mathematics, learning strategies, and study skills. *Prerequisites:* ECT 450 and ECT 451

#### **ECT 471 - Practicum in High Incidence Disabilities - 1**

Design and implementation of lesson plans and assessment of impact of teaching on high-incidence students in a directed field experience setting. *Co-requisite:* ECT 470

#### **ECT 480 - Seminar in Student Teaching - 1**

#### **ECT 481 - Student Teaching Collaborative Teacher K-6 - 9**

*See the UAB Graduate School Catalog for descriptions of graduate courses.*

# School of Business

**Dean: David R. Klock**  
**Associate Dean, Faculty Development & Research: Eric P. Jack**  
**Associate Dean, Programs & Outreach: Karen N. Kennedy**  
**Assistant Dean, Corporate Relations & Administration: Joseph F. Casey**

UAB's School of Business is accredited at the baccalaureate and master's levels by AACSB International and holds separate AACSB International accreditation of the undergraduate and master's programs in accounting. Professional education in business administration is offered through the Departments of Accounting and Finance; Management, Information Systems, and Quantitative Methods; Marketing, Industrial Distribution, and Economics; as well as the Graduate School of Management. In designing the school's programs, the faculty recognizes the importance of meeting the many and diverse educational needs of the urban environment in which the school functions. Additionally, faculty members are involved in activities that (1) advance knowledge in business and assist city, state, and regional constituencies through theoretical and applied research; and (2)

maintain a continuing relationship with the community through participation in professional societies, consulting, conferences, non-credit courses, and other service roles.

At the undergraduate level, the school offers programs of study leading to the Bachelor of Science degree with majors in accounting, economics, finance, industrial distribution, information systems, management, and marketing. Each program combines a broad exposure to the arts and sciences with comprehensive preparation in all areas of business.

At the graduate level, the Graduate School of Management offers programs of study leading to the Master of Business Administration and Master of Accounting degrees. Programs resulting in a dual degree are offered in cooperation with the School of Public Health (MPH/MBA), the School of Health Professions (MSHA/MBA) and the School of Nursing (MSN/MBA). The Ph.D. degree in administration/health services is offered in cooperation with the School of Health Professions.

## Mission, Vision and Values Statements

### Mission Statement

Our mission is to serve business and other communities by producing graduates who are prepared to compete successfully in domestic and international contexts. We deliver high quality undergraduate and graduate business programs through excellent instruction, research and service to our students and other constituencies.

### Vision Statement

We see a future for the UAB School of Business where:

- Faculty and staff work together to create and deliver relevant, high quality, and innovative programs that serve our community;
- Businesses and other organizations seek us out for qualified employees and for partnerships to meet their educational, consulting and service needs;
- Our school is widely recognized for excellence and innovation in teaching, research and service;
- Our school is also recognized as an inclusive place where students of opportunity can be successful.

### Values Statement

We value:

- Quality teaching, research and professional and public service by faculty, staff and students;
- Relevance and innovation in curriculum, instructional methods, research, and professional and public service;
- Intellectual growth, professional and ethical development of our students;
- A collegial environment of academic freedom and faculty governance;
- Partnerships with our internal and external constituencies;
- Diversity in our students, faculty, staff, and community;
- High standards of professional and ethical conduct;
- A climate that fosters continuous improvement.

## School of Business Honors Program

### **Purpose**

The School of Business Honors Program is designated for qualified and self-motivated students pursuing business-related undergraduate degrees. Through a mentored program format, students will develop research and communication skills in preparation for a professional career and/or graduate study. Although students may focus their research into any of the disciplines in the School of Business, the Business Honors Program has overarching themes of leadership and ethics.

### **Eligibility**

Entry into the School of Business Honors Program is by invitation. Students may apply to be considered for an invitation.

To be eligible for the School of Business Honors Program, students must:

- Have earned a 3.5 GPA in all Business courses attempted;
- Have earned a 3.0 GPA overall;
- Have a major in the School of Business or in Economics in the College of Arts and Sciences;
- Have submitted a Business Honors Program Application form or to be invited to submit an application;
- Have been selected by the Business Honors Committee from application and transcript evaluation.

### **Requirements**

- A 3.5 GPA in business courses;
- A 3.0 GPA overall;
- Enroll Spring Semester of junior year in BUS 300 Introduction to Leadership Seminar for 3 credit hours;
- Enroll Fall Semester of senior year in BUS 495, Business Honors Seminar I, for three credit hours and enroll Spring Semester of senior year in BUS 496 Business Honors Seminar II, for three credit hours;
- An oral presentation of a completed research project before a colloquium of other business honors students, the Business Honors Committee, School of Business faculty, and/or professionals.

Where appropriate, the Business Honors Committee may recommend that Business Honors students make formal presentations of their work at annual conference meetings.

### **Benefits**

In addition to intellectual research benefits and enhanced credentials for graduate school or professional pursuits, students will graduate "With Honors in Business" or "With Honors in Economics".

### **Contact**

For more information and/or admission to the School of Business Honors Program, contact:

UAB School of Business Honors Program Director  
1530 3<sup>rd</sup> Avenue, South/ BEC 217A  
Birmingham, AL 35294-4460  
Telephone (205) 934-8845  
E-mail: [businesshonors@uab.edu](mailto:businesshonors@uab.edu)

## UAB Professional Sales Certificate Program

### **Purpose**

The Professional Sales Certificate is designed for undergraduate students of all majors pursuing a sales career or wishing to enhance his/her interpersonal communication skills in a business environment. This program helps students distinguish themselves as committed professionals in sales and customer service. In addition to the course work shown below, students will be involved in out-of-class activities, including job shadowing and mentorship. Students with a Sales Certificate are well-prepared for entry-level sales careers and have a competitive advantage in the job market. All majors from across UAB are eligible to compete for entrance. Classes will be kept small to ensure individual attention is provided for each student.

### **Eligibility**

Submission of completed application form, available in BEC 219 or from one of the contact people below:

- Resume demonstrating characteristics that support a successful sales career (strong work ethic, etc);

- Achievement of an overall 2.0 G.P.A. and be in good academic standing with the university;
- Commitment to extra-curricular involvement in the Professional Sales Program activities;
- Complete a panel interview with the Professional Sales Program Leadership Team members.

### **Requirements**

Courses required for the Professional Sales Certificate are:

- BUS 101 or BUS 102                      BUS 350                      MK 303  
MK 330    MK 420                      MK 425;
- One course covering industry structure (MK 320, FN 452, or similar courses);
- MK 495 (Optional, but encouraged);
- A 2.0 overall GPA is required in certificate courses.

### **Benefit**

In addition to the shadowing, business contacts, and internship opportunities in the program, students will graduate with valued sales and service skills. Earning a Sales Certificate differentiates students in a competitive hiring environment.

### **Contacts**

Dr. Kenneth Miller (klmiller@uab.edu)  
Dr. Bob Robicheaux (bobr@uab.edu)  
Ms. Kristen Craig (kcraig@uab.edu)

Dr. Karen Kennedy (knk@uab.edu)  
Dr. Tom DeCarlo (tdecarlo@uab.edu)

## **UAB School of Business 2+2 Degree Program**

The UAB School of Business, partnering with Jefferson State Community College at the Shelby Campus, offers Jefferson State students the opportunity to complete a B.S. degree with a major in Management. This management major allows students class location flexibility without sacrificing the quality of an AACSB International accredited school. Students can take UAB courses on-line, through distance education and face-to-face with world class UAB School of Business faculty.

Students enrolled in the **2+2 Degree Program**, will have access to resources available to traditional UAB students, including on-site advising, Career Services, and excellent scholarship and internship experiences, without the commute downtown.

### **Eligibility**

- Admission to UAB as a transfer student (declaring a management major). Apply [online](http://www.uab.edu/apply) to UAB [www.uab.edu/apply](http://www.uab.edu/apply). The on-line application has the **2+2 Degree Program** designation;
- Achievement of an overall 2.0 GPA (includes all colleges attended);
- Completion of at least 45 semester hours before making application to UAB;
- Submission of transcripts from each college or university attended to the UAB Office of Undergraduate Admissions

### **Requirements**

- A total of 60 applicable semester hours from community college(s) will be applied toward the B.S.;
- UAB School of Business policy requires that a minimum of 15 semester hours in the major, 50% of all required business courses (30 to 33 semester hours) and at least 30 semester hours must be completed at UAB (includes courses taught on partnering campus) or appear as a UAB course on a UAB transcript. These hours **exclude** nine hours of economics and six hours of statistics.

### **For information, contact:**

Lauren Johnson  
Telephone: (205) 934-2453  
E-mail: [ldjohnson@uab.edu](mailto:ldjohnson@uab.edu)

## Admission Requirements

### Beginning Freshmen

Beginning freshmen, admitted with conditional or unconditional status, may enroll in the School of Business.

### Two-Year College Transfers

Students considering transferring to UAB from a two-year college should consult with their two-year college advisor about specific courses that are transferable to UAB and the School of Business. UAB's School of Business requirements include those defined in the Alabama General Studies articulation program for a major in business. The public speaking requirement may be taken as part of Area II and the business calculus course may be taken as part of Area III. Students planning to major in industrial distribution should see the footnoted exceptions to the Core Curriculum requirements in regard to elective hours.

In cases where enrollment has been interrupted by one year or more, transfer students are expected to meet catalog requirements in effect at the time that they enter UAB.

Only 60 applicable semester hours of two-year college coursework can be applied toward a UAB degree.

### Transfers from Other Institutions

Admission to the School of Business is restricted to those students who are admitted to UAB as degree-seeking students. Students must have a minimum 2.0 cumulative grade point average. Before an upper-level business course may be attempted, a minimum grade of **C** in the stated prerequisite(s) for the School of Business course(s) is required.

### Transfers within UAB

Degree-seeking students changing their major from schools and the college within UAB will be admitted to the School of Business provided they have a minimum 2.0 overall grade point average and a minimum 2.0 UAB grade point average. Before an upper-level business course may be attempted, a minimum grade of **C** in the stated prerequisite(s) for the School of Business course(s) is required.

### Students Readmitted to UAB

Degree-seeking students, non-degree seeking students and post-baccalaureate students readmitted to UAB may be admitted to the School of Business provided they have a minimum 2.0 overall grade point average and a minimum 2.0 UAB grade point average.

Former students are expected to meet catalog requirements in effect at the time they re-enter UAB, when one year or more of enrollment at UAB has lapsed or when another college has been attended since last enrolling at UAB.

### Non-Degree Seeking Students

Admission of non-degree seeking students to the School of Business is restricted to those students who already have a four-year degree from a regionally accredited college or university. The following policies apply:

1. Post-baccalaureate students not seeking a UAB business degree will be classified in the major that was selected on the application or as a School of Business undeclared major. They may enroll in any undergraduate business course in which the stated course prerequisite(s) has been completed with a minimum grade of **C**. Students having less than a **C** in prerequisite courses or those who completed the prerequisites many years earlier are advised to repeat the prerequisites (see specific major for any deviation).
2. Post-baccalaureate students seeking a UAB undergraduate business degree will be classified in the appropriate major. Once the decision to seek a business degree is made, post-baccalaureate students are expected to meet all catalog requirements in effect at the time of their admission or readmission to UAB.
3. Students are responsible for providing transcripts to their advisors for verification of prerequisites.

Area III: Natural Sciences	Select two of the following courses (with laboratories): <b>AST 101/AST 111</b> <b>CH 115/CH 116</b> <b>AST 102/AST 112</b> <b>CH 117/CH 118</b> <b>AST 103/AST 113</b> <b>ENV 108/ENV 109</b> <b>AST 105/AST 115</b> <b>ES 101/ES 102</b> <b>BY 101/BY 102</b> <b>ES 103/ES 104</b> <b>BY 111/BY 112</b> <b>PH 201/201L</b> <b>BY 123 /BY 123L</b> <b>PH 202/202L</b> <b>BY 124/BY 124L</b> <b>PH 221/221L</b> <b>CH 105/CH 106</b> <b>PH 222/222L</b> <b>CH 107/CH 108</b> <b>PHS 101</b> <i>NOTE: ID and MESD majors contact ID Advisor for requirements (1)</i>	8
Area IV: History	Select one of the following courses: <b>HY 101</b> <b>HY 104</b> <b>HY 120</b> <b>HY 102</b> <b>HY 105</b> <b>HY 121</b>	3
Area IV: Economics	Take the following courses: <b>EC 210</b> <b>EC 211</b>	6
Area IV: Anthropology, Psychology, and Sociology	Select one of the following courses: <b>ANTH 101</b> <b>PY 101</b> <b>SOC 100</b>	3
<b>Total Core Curriculum Requirements:</b>		<b>41</b>

#### LOWER LEVEL SCHOOL OF BUSINESS REQUIREMENTS

Requirement	Fulfilled By:	Hrs.
Communication Studies / Business Calculus Requirements	Take the following courses: <b>CM 101</b> <b>MA 109</b> <i>Note: Completing CM 101 will automatically satisfy the Core Curriculum Area II: Fine Arts/Humanities requirement. Completing MA 109, with a C, will automatically satisfy the Core Curriculum Area III: Math Requirement.</i>	6
GPA Requirement	Students must have at least: 2.0 overall GPA (includes all UAB and transfer courses); 2.0 UAB GPA (all UAB courses); Obtain a minimum grade of C in all lower-level business courses. The UAB forgiveness policy may be applied only <b>once</b> to each of four different courses with a <b>C</b> or below. See major listing for specific grade requirements relating to selected major.	-
Lower Level Business Courses	Take the following courses (must earn at least a grade <b>C</b> in each) See above GPA requirement: <b>AC 200</b> <b>EC 210</b> <b>LS 246</b> <b>QM 214</b> <b>BUS 101 or BUS 102</b> <b>AC 201</b> <b>EC 211</b> <b>IS 103</b> <b>QM 215</b> <i>Note: Completing EC 210 and EC 211 will automatically satisfy 6 hrs. of the Core Curriculum Area IV: Economics requirement.</i>	26-27
<b>Total Lower Level Business Requirements:</b>		<b>32-33</b>

Note: **Total Lower Level Business Requirements** hours include required core courses

## UPPER LEVEL SCHOOL OF BUSINESS REQUIREMENTS

Requirement	Fulfilled By:	Hrs.
Required Courses	Take the following courses <b>BUS 350   FN 310   MG 302   IS 303   MK 303</b> <b>MG 403 (2)</b>	18
International Business (3)	<i>One 400-level international business (IB) course</i>	3
Economics by major (4)	<i>One 300- or 400-level EC course approved</i>	3
Major Courses (5)	<i>Major Courses</i>	21-27
Major Capstone Course (6)	<i>Major Capstone Course</i>	3
Electives (7)	<i>Elective Courses</i>	6-12
<b>Total Requirements:</b>		<b>60</b>

(1) *Industrial Distribution (ID) majors select two natural sciences from: CH 105/106, CH 107/108, PH 201/201L, PH 202/202L, and PHS 101.*

*Medical Equipment and Supplies Distribution concentration (MESD) majors take one BY and one CH.*

(2) *Finance majors take QM 350, Quantitative Methods for Finance.*

(3) *All majors must complete one international business course from: IB 407, International Economics, IB 412, International Financial Management, IB 415, International Business Dynamics or IB 416, International Marketing. Finance majors take IB 412. Economics and Quantitative Methods majors take IB 407. IB 495, Business Study Abroad, may be used with permission of student's department chair.*

(4) *Accounting and Information Systems majors take EC 301, Money and Banking or EC 310, Managerial Economics or EC 420, Applied Forecasting. Economics and Quantitative Methods majors take EC 310, Managerial Economics. Financial Management and Real Estate majors take EC 304, Microeconomics or EC 310, Managerial Economics. Investments and Institutions majors take EC 301, Money and Banking. Marketing, Industrial Distribution and Medical Equipment and Supplies Distribution majors take EC 301, Money and Banking or EC 320, Behavioral Economics or EC 330, Cooperation and Competition or EC 420, Applied Forecasting.*

(5) *See requirements listed under individual departments.*

(6) *Capstone courses: Accounting majors take AC 495. Information Systems majors take IS 495. Financial Management and Real Estate majors take FN 496. Investments and Institutions majors take FN 495. Marketing majors take MK 450. Industrial Distribution and Medical Equipment and Supplies Distribution majors take MK 435. Economics, Management and Quantitative Methods majors take BUS 450.*

(7) *Industrial Distribution majors take ME 101 as an elective.*

*Medical Equipment and Supplies Distribution (MESD) majors take BY 115, Human Anatomy as an elective.*

*Additional electives must be approved by advisor. Hours vary by major.*

## Academic Requirements

The following general requirements and policies apply to all students majoring in the School of Business.

1. Students may enroll and receive a grade (**A, B, C, D, or F**) for any business course a maximum of **three** times. Enrollment is determined by a grade other than **W** on a student's transcript.
2. A business course (upper or lower level) in which a grade has been earned at UAB cannot be repeated at another institution (including cooperative institutions).
3. Courses regularly offered at UAB may not be taken for credit at another institution (including cooperative institutions) while a student is simultaneously enrolled at UAB without prior written permission of the appropriate department chair and the Director of Student Services. Failure to receive such permission may result in the non-applicability of courses completed elsewhere.
4. To attempt upper-level business courses (numbered 300 and above), students must have a cumulative 2.0 GPA and a 2.0 GPA at UAB. In addition, students must have a grade of **C** or better in the stated prerequisites for each School of Business course. **Students must also meet any specific grade requirements within their major.**
5. In cases where one year or more of non-enrollment at UAB has lapsed or when another school has been attended since the last enrollment at UAB, students are expected to meet catalog requirements in effect at the time they re-enter UAB.

## GPA Graduation Requirement

The School of Business GPA (grade point average) graduation requirement is in addition to the general UAB requirements.

### Accounting, Finance and Information Systems Majors

1. Earn at least a cumulative 2.0 GPA in all accounting, finance, and information systems major courses.
2. Earn a minimum grade of **C** in all courses used in the accounting, finance, and information systems majors.
3. Earn a cumulative 2.0 GPA (transfer and UAB courses) and a 2.0 GPA at UAB

Students may opt to utilize the university's course forgiveness policy to calculate the GPA for the accounting, finance, and information systems majors. Using this policy, courses taken at UAB may be repeated at UAB, and the grade for the first attempt will be excluded from the calculation of the GPA. Only courses for which the student has received a **grade of C or below** may be repeated with this option. The transcript will show the original grade for the course and the repeated grade for the course, however, only the grade points and credit hours earned when the course is repeated will be counted toward degree completion and averaged into the student's GPA. **The forgiveness policy may be used a maximum of four (4) times, only once for any course, allowing a student to use the forgiveness for four different courses.**

Students should process all repeats **before** applying for degree to insure a correct graduation GPA calculation.

### Economics, Industrial Distribution, Management, and Marketing Majors

1. Earn at least a cumulative 2.0 GPA in all courses required for the above listed majors.
2. Earn a cumulative 2.0 GPA (transfer and UAB courses).
3. Earn a 2.0 GPA at UAB.

Students may opt to utilize the university's course forgiveness policy to calculate the GPA for economics, industrial distribution, management, and marketing majors. Using this policy, courses taken at UAB may be repeated at UAB, and the grade for the first attempt will be excluded from the calculations of the GPA. Only courses for which the student has received a **grade of C or below** may be repeated with this option. The transcript will show the original grade for the course and the repeated grade for the course, however, only the grade points and credit hours earned when the course is repeated, will be counted toward degree completion and averaged into the student's GPA. **The forgiveness policy may be used a maximum of four (4) times, only once for any course, allowing a student to use the forgiveness policy for four different courses.**

Students should process all repeats **before** applying for degree to insure a correct graduation GPA calculation.

## Residency Requirement

Of the 21 to 27 semester hours of upper-level major courses required for a departmental major, at least 15 semester hours must be completed at UAB. In addition, 50 percent (30 to 33 semester hours) of business hours required must be taken at UAB. These hours exclude nine hours of economics and six hours of statistics.

## Business Minors

The School of Business offers minors in accounting, business administration, economic analysis and policy, finance, information systems, management, marketing, and quantitative methods. These minors are available to all UAB Students. The College of Arts and Sciences houses an alternative economics minor.

The following requirements apply to minors:

1. Students must meet the following grade point requirements:
  - Have a 2.0 cumulative GPA (includes all schools attended)
  - Have a 2.0 UAB GPA
2. Students must have the following:
  - A minimum grade of **C** in all lower level business courses required for the minor, including minor courses transferred. All minors allow the use of the university's course forgiveness policy;

- A minimum overall average of **C** in UAB business courses required for the minor, (check specific minor for any deviations)
  - At least 12 semester hours of the minor courses taken in the UAB School of Business (the accounting, finance, and information systems minors have additional requirements).
3. All required 200-level business courses listed for selected minor must be completed, with a grade of **C**, prior to enrollment in the 300 and 400- level courses listed (check specific minor for any deviations)
  4. Students may enroll and receive a grade of (**A, B, C, D, or F**) for any business course a maximum of 3 (three) times only.
  5. Students who wish to take upper-level business courses other than those specified in the selected minor must meet all prerequisites for those courses and have permission from the School of Business, Office of Student Services. (Room 203, BEC)
  6. School of Business majors may also earn a School of Business minor, **with the exception** of the minor in Business Administration. The minor must include at least nine semester hours beyond the requirement of the student's selected business major. The School of Business undergraduate advisors can assist School of Business majors in tailoring a School of Business minor.

#### MINOR REQUIREMENTS FOR ACCOUNTING

Requirement	Fulfilled By:	Hrs.
Accounting Lower-Level Requirements	Take the following courses (must earn grade of <b>C</b> or better and overall GPA of 2.0 in these courses): <b>AC 200 AC 201 BUS 101 or BUS 102</b>	8-9
Accounting Upper-Level Requirements	Take the following courses (must earn a grade of <b>C</b> or better in each course and have overall GPA of 2.0 in courses required for this minor): <b>AC 300 AC 304 AC 310 AC 401</b>	12
<b>Total Minor Requirements:</b>		<b>20-21</b>

#### MINOR REQUIREMENTS FOR BUSINESS ADMINISTRATION

Requirement	Fulfilled By:	Hrs.
Business Administration Lower-Level Requirements	Take the following course (must earn grade of <b>C</b> or better): <b>BUS 101 or BUS 102</b>	2-3
Business Administration Upper-Level Requirements	Take the following courses (must earn a grade of <b>C</b> or better in BUS 310 & 311 and have overall GPA of 2.0 in all courses required for this minor): <b>BUS 310 BUS 311 BUS 410</b>	9
Business Administration Electives	Select two courses from the following (must earn overall GPA of 2.0 in these courses): <b>BUS 350 EC 211 FN101 IS 396 MG 358</b> <b>EC 210 EC320 IS 103 LS 246 MK 303</b>	6
<b>Total Minor Requirements:</b>		<b>17-18</b>

#### MINOR REQUIREMENTS FOR ECONOMICS - ECONOMIC ANALYSIS & POLICY

Requirement	Fulfilled By:	Hrs.
Economics Lower-Level Requirements	Take the following courses (must earn a grade of <b>C</b> or better and have overall GPA of 2.0 in these courses): <b>EC 210 EC 211 QM 214 BUS 101 or BUS 102</b>  <i>Note: <b>EC 210</b> and <b>EC 211</b> may also apply to Core Curriculum Area IV; check the Core Curriculum for your particular major. Also note that the prerequisite for <b>QM 214</b> is <b>MA 109</b>, with a C.</i>	11-12
Economics Upper-Level Requirements	Take the following courses (must earn a grade of <b>C</b> or better in stated prerequisite courses and have overall 2.0 GPA in all courses required for this minor): <b>EC 304 EC 305</b>	6
Economics Upper-Level Elective	Select one 300-level or higher <b>Economics (EC)</b> course (must earn a grade of <b>C</b> or better in stated prerequisites and have overall 2.0 GPA in all courses required for this mi-	3
<b>Total Minor Requirements:</b>		<b>20-21</b>

### MINOR REQUIREMENTS FOR FINANCE

Requirement	Fulfilled By:	Hrs.
Finance Lower-Level Requirements	Take the following courses (must earn grade of <b>C</b> or better and have overall GPA of 2.0 in these courses):  <b>AC 200 EC 210 BUS 101 or BUS 102</b> <i>Note: EC 210 may also apply to Core Curriculum Area IV. Check the Core Curriculum for your particular major.</i>	8-9
Finance Upper-Level Requirements	Take the following course (must earn a grade of <b>C</b> or better):  <b>FN 310</b>	3
Finance Upper-Level Elective	Select three 300-level or higher <b>Finance (FN)</b> courses (must earn a grade of <b>C</b> or better in each course and have overall GPA of 2.0 in all courses required for this minor)	9
<b>Total Minor Requirements:</b>		<b>20-21</b>

### MINOR REQUIREMENTS FOR INFORMATION SYSTEMS

#### IS MINOR #1 - Business Majors

Requirement	Fulfilled By:	Hrs.
Information Systems Lower-Level Requirements	Take the following courses, (must earn grade of <b>C</b> or better and have overall 2.0 GPA in these courses) : <b>BUS 101 or BUS 102 IS 295</b>	5-6
Information Systems Upper-Level Requirements	Take the following courses (must earn grade of <b>C</b> or better in each course and have overall 2.0 GPA in all courses required for this minor): <b>IS 301 IS 321 IS 396</b>	9
<b>Total Minor Requirements:</b>		<b>14-15</b>

#### IS MINOR #2 - Computer Science Majors

Requirement	Fulfilled By:	Hrs.
Information Systems Lower-Level Requirements	Take the following courses, (must earn grade of <b>C</b> or better and have overall 2.0 GPA in these courses):  <b>BUS 101 or BUS 102 IS 295</b>	5-6
Information Systems Upper-Level Requirements	Select one of the following sets of required electives (must earn grade of <b>C</b> or better in each course and have overall 2.0 GPA in all courses required for this minor): Forensics Electives - <b>LS 471, IS 472 or 491, 473</b> Information Security Electives - <b>IS 302, 472 or 491, 477</b> Systems Development Electives - <b>IS 321, 396, 422</b> <b>IS 303 - Required IS Elective</b> (must earn grade of <b>C</b> or better in this course and have overall 2.0 GPA in all courses required for this minor)	9    3
<b>Total Minor Requirements:</b>		<b>17-18</b>

#### IS MINOR #3 - All Other Majors

Requirement	Fulfilled By:	Hrs.
Information Systems Lower-Level Requirements	Take the following courses, (must earn grade of <b>C</b> or better and have overall 2.0 GPA in these courses):  <b>BUS 101 or BUS 102 IS 295</b>	5-6
Information Systems Upper-Level Requirements	Take the following courses (must earn grade of <b>C</b> or better in each course and have overall 2.0 GPA in all courses required for this minor): <b>IS 301 IS 303 IS 321 IS 396</b>	12
<b>Total Minor Requirements:</b>		<b>17-18</b>

### MINOR REQUIREMENTS FOR MANAGEMENT

Requirement	Fulfilled By:	Hrs.
Management Lower-Level Requirements	Take the following courses (must earn a grade of <b>C</b> or better and have overall GPA of 2.0 in these courses):  <b>AC 200   EC 210   LS 246   BUS 101 or BUS 102</b>  <i>Note: <b>EC 210</b> may also apply to Core Curriculum Area IV. Check the Core Curriculum for your particular major.</i>	11-12
Management Upper-Level Requirements	Take the following courses (must earn grade of <b>C</b> or better in MG 302 and have overall GPA of 2.0 in all courses required for this minor):  <b>MG 302   MG 403   MG 409</b>	9
<b>Total Minor Requirements:</b>		<b>20-21</b>

### MINOR REQUIREMENTS FOR MARKETING

Requirement	Fulfilled By:	Hrs.
Marketing Lower-Level Requirements	Take the following courses (must earn grade of <b>C</b> or better and have overall GPA of 2.0 in these courses):  <b>AC 200   BUS 101 or BUS 102   EC 210   LS 246</b>  <i>Note: <b>EC 210</b> may also apply to Core Curriculum Area IV. Check the Core Curriculum for your particular major.</i>	11-12
Marketing Upper-Level Requirements	Take the following course (must earn a grade of <b>C</b> or better):  <b>MK 303</b>	3
Marketing Upper-Level Electives	Select two 300-level or higher <b>Marketing (MK)</b> courses (must earn an overall GPA of 2.0 in all courses required for the minor)	6
<b>Total Minor Requirements:</b>		<b>21</b>

### MINOR REQUIREMENTS FOR QUANTITATIVE METHODS

Requirement	Fulfilled By:	Hrs.
Quantitative Methods Lower-Level Requirements	Take the following courses (must earn a grade of <b>C</b> and an overall GPA of 2.0 in these courses):  <b>EC 210   EC 211   QM 214   QM 215   BUS 101</b>  <i>Note: <b>EC 210</b> and <b>EC 211</b> may also apply to Core Curriculum Area IV; check the Core Curriculum for your particular major. Also note that the prerequisite for <b>QM 214</b> is <b>MA 109</b>, with a <b>C</b>.</i>	15
Quantitative Methods Upper-Level Requirements	Select two of the following courses must earn a grade of <b>C</b> in stated prerequisite courses and an overall 2.0 GPA in all courses required for the minor):  <b>QM 400   QM 410   QM 420   QM 425   QM 442</b>	6
<b>Total Minor Requirements:</b>		<b>21</b>

### Minor in Human Resource Management

The human resource management minor is available to all students at UAB except management majors.

### MINOR REQUIREMENTS FOR HUMAN RESOURCE MANAGEMENT

Requirement	Fulfilled By:	Hrs.
Human Resource Management Lower-Level Requirement	Take the following course (must earn grade of <b>C</b> or better and have overall GPA of 2.0 in this course):  <b>BUS 101 or BUS 102</b>	2-3
Human Resource Management Upper-Level Requirements	Take the following courses (must earn grade of <b>C</b> or better in MG 302 and have overall GPA of 2.0 in all courses required for this minor):  <b>MG 302*   MG 409   MG 411   MG 412   MG 413*</b>	15

Foreign Language Requirement	Select two courses in a foreign language (preferably with a conversational emphasis)	6
<b>Total Minor Requirements:</b>		<b>18</b>

### Course Descriptions

#### Business (BUS) Lower Level

##### **BUS 100 – Special Topics in Business – 1 to 3 hrs.**

This an introductory course presenting the topics of business from a cross-disciplinary perspective. Open to all UAB students.

##### **BUS 101 - Introduction to Business - 3 hrs.**

This course will enable entering students to understand the breadth of business opportunities and careers as well as assist in their transition to college and the School of Business through the inclusion of Freshman Year Experiences (FYE).

##### **BUS 102 - Business Foundations - 2 hrs.**

This course will enable students to understand the types of business careers available, various functions of business and the culture within the business discipline. Should be taken if a FYE course has been completed in another school or college. Consult School of Business Advisor to determine requirement.

#### Upper Level

##### **BUS 300 - Introduction to Leadership Seminar - 3 hrs.**

First of three required courses for students participating in the School of Business Honors Program. Course provides student with overview of leadership literature and with necessary research, writing, and communication skills for successful completion of the honors program. *Prerequisites:* Acceptance into the School of Business Honors Program and second semester of junior year.

##### **BUS 310 - Accounting and Finance for Non-Business Majors - 3 hrs.**

An introduction to accounting, financial reporting and the basic principles of business finance. *Prerequisite:* C or better in BUS 101 or BUS 102. Not open to majors in the School of Business.

##### **BUS 311 - Creating and Delivering Customer Value - 3 hrs.**

An introduction of managerial and marketing principles used to create and deliver customer value in organizations. *Prerequisite:* C or better in BUS 101 or BUS 102. Not open to majors in the School of Business.

##### **BUS 350 - Business Communications - 3 hrs.**

Review of grammar and organization with emphasis on conventions, formats, and style of written business communication. Relies on both in and out of class writing assignments, research methods and analysis, and collaborative writing. *Prerequisite:* C or better in EH 102.

##### **BUS 410 - Integrating Business Functions - 3 hrs.**

This course integrates the various elements that impact the success of business enterprises. *Prerequisites:* C or better in BUS 310 and BUS 311. Not open to majors in the School of Business.

##### **BUS 450 - Strategic Management Capstone - 3 hrs.**

Senior seminar integrating functional business fields of accounting, economics, finance, information systems, management, marketing, production policy and decision making. This course is writing intensive and students must demonstrate an ability to write to appropriate audiences and incorporate pertinent external sources. Strong emphasis on ethical reasoning and decision-making and relating material to contemporary business events and issues. *Prerequisite:* Must be senior in last term.

**BUS 495 - Business Honors Seminar, I - 3 hrs.**

Study of the strategy-setting process for a business or other complex organization with emphasis on role of chief executive officer and other leaders in that process. Research, analysis, communications, and presentation skills practiced. *Prerequisites:* Good standing in the School of Business Honors Program and first semester senior standing.

**BUS 496 - Business Honors Seminar, II - 3 hrs.**

Continuation of BUS 495, overview of business ethics and emphasis on skills required to complete final work project for the School of Business Honors Program. *Prerequisites:* Good standing in the School of Business Honors Program and second semester senior standing.

**International Business (IB)****IB 407 - International Economics - 3 hrs.**

Analysis of theoretical principles underlying international trade and investment, and international monetary relations. Study includes the effects on domestic and foreign economies of commercial, monetary and fiscal policies. *Prerequisites:* C or better in AC 201, EC 210, EC 211, IS 103, LS 246, and QM 215.

**IB 412 - International Financial Mgt - 3 hrs.**

Financial analysis and decision making in international context. All traditional areas of corporate finance explored. *Prerequisite:* C or better in FN 310.

**IB 415 - International Business Dynamics - 3 hrs.**

Business and managerial problems of international business activity. Emphasis on relating current international information to problems and opportunities for business firms. *Prerequisites:* C or better in AC 201, BUS 101 or BUS 102, EC 210, EC 211, IS 103, LS 246, QM 215 and MG 302.

**IB 416 - International Marketing - 3 hrs.**

International marketing activities such as environmental issues, marketing strategy, and tactical considerations in entering foreign markets. *Prerequisite:* C or better in AC 201, EC 210, EC 211, IS 103, LS 246, QM 215 and MK 303.

**IB 495 - Business Study Abroad - 3 hrs.**

Academic course of study in a business discipline which takes place in a foreign location. *Prerequisite:* Sophomore standing, UAB GPA minimum 2.7 and permission of UAB School of Business faculty sponsor or Director of Student Services.

**Department of Accounting and Finance**

**Chair:** Jenice Prather-Kinsey

**Faculty:** Adkins, Burns, Casey, Cowart, T. Edmonds, Grice, Johnston, Klock, Messina, O. Powers, A. Rauterkus, S. Rauterkus, Ryan, Singleton, Smith, Springer, D. Tanju, M. Tanju, Tsay, Turpen, Walker, Wilburn, Worrell

The Department of Accounting and Finance is responsible for activities in accounting and finance.

**Mission Statement**

The Department of Accounting and Finance is committed to providing a high-quality, practice-oriented educational experience to a largely urban population. The department will offer an educational foundation that will prepare students for professional careers or enable them to pursue graduate studies. The department will contribute to the understanding and application of knowledge through the scholarship activities of the faculty. The department will maintain a continuing relationship with the professional community while supporting the internal activities of the University.

**Uniform CPA Exam**

The State of Alabama requires that applicants for the Uniform CPA Exam hold a baccalaureate degree from an accredited institution and possess a total of 150 semester hours of post-secondary education, including at least 33 semester hours of accounting at the upper-division or graduate level.

There are two ways that UAB students can meet these requirements:

1. By obtaining a Master of Accounting degree. The Department of Accounting and Finance offers a master's program that is fully accredited by AACSB International. Under the state's 150-hour law, holders of graduate degrees from accredited accounting programs automatically qualify to sit for the Uniform CPA Exam. Students interested in this option should refer to the UAB Graduate School Catalog for admission policies.

- By obtaining an undergraduate accounting degree (or its equivalent) and completing certain additional coursework as specified under the state's 150-hour law. Students interested in this option should contact an undergraduate advisor in the Office of Student Services for specific guidance. Students interested in this option and hold degrees from other institutions should contact an undergraduate business advisor as well as apply to the university as an undergraduate seeking a second degree.

## Other Professional Accounting Certifications

Other examinations leading to professional certification (CMA, CIA, etc.) generally do not require academic coursework beyond the baccalaureate degree. Students interested in other accounting certifications should contact an undergraduate business advisor or any member of the accounting faculty for further information.

## Accounting Major

The objective of the major in accounting is to provide basic conceptual accounting and business knowledge as a foundation for beginning professional careers as accountants in the fields of public accounting, private or industrial accounting, and governmental accounting, or for pursuing study at the graduate level. In the senior year, students may specialize to a limited extent by taking one or more advanced courses in a particular field.

Students must have a minimum grade of C in all accounting courses numbered 200 or above. The grade of C is a prerequisite for all accounting courses numbered 300 and above. In addition, students must have a minimum grade of C and have an overall C average in all major courses. At least 15 hours of the major must be taken at UAB. The university's course forgiveness policy may be applied in this major.

### UPPER LEVEL BUSINESS REQUIREMENTS FOR ACCOUNTING

Requirement	Fulfilled By:	Hrs.
Upper-Level Requirements	Take the following courses (must earn a grade of <b>C</b> or better in the stated prerequisites of each School of Business course and have an overall 2.0 GPA):  <b>BUS 350 IS 303 MG 403</b> <b>FN 310 MG 302 MK 303</b>	18
Capstone (AC)	See specific requirements for capstone course: <b>AC 495</b>	3
International Business Requirement	Select one of the following courses: <b>IB 407 IB 412 IB 415 IB 416</b>	3
Economics Requirement	Select one of the following courses: <b>EC 301 EC 310 EC 420</b>	3
<b>Total Upper-Level Requirements:</b>		<b>27</b>

### MAJOR REQUIREMENTS FOR ACCOUNTING

Requirement	Fulfilled By:	Hrs.
Accounting Requirements  *May be taken concurrently	Take the following courses (must earn a grade of <b>C</b> or better in each course, have an overall 2.0 GPA, and have an overall 2.0 GPA in all major courses) :  <b>AC 300* AC 310 AC 402</b> <b>AC 304* AC 401 AC 413</b>	18
Accounting Major Electives	Select six hours from 400-level or higher <b>Accounting (AC)</b> courses, (considered part of the major, minimum grade of <b>C</b> in each course and have overall 2.0 GPA in major courses)	6
<b>Total Major Requirements:</b>		<b>24</b>

### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
Admissions Requirement	Students must be admitted to the School of Business. Please review the School of Business Admissions Requirements.
School of Business Requirements	Students must adhere to all School of Business Academic Requirements and Accounting major requirements. The university's course forgiveness policy allowed in this major.
Free Electives	If the courses taken to satisfy all of the requirements will not meet the minimum credit hour requirement to graduate, free electives may be taken to reach the required number of hours.
Optional Concentrations	For <b>AC majors</b> (CPA) For <b>AC and IS majors</b> (Forensic AC and IT Auditing)

### Concentration in Forensic Accounting and Information Technology Auditing

The increased attention focusing on inappropriate and fraudulent behavior within the business community in recent years has led to the creation of a concentration in Forensic Accounting and Information Technology Auditing at UAB. This concentration introduces accounting and information systems students to the basics of fraud, IT audits, fraud examination and forensic accounting. Although of value to anyone in the financial information professions, it is designed to appeal to those students with an interest in becoming Certified Fraud Examiners (CFEs).

Accounting and information systems majors may choose, (as a part or in addition to the courses required for the major), the following series of courses which make up the concentration:

Requirement	Fulfilled By:	Hrs.
Concentration Requirements	Take all of the following courses: <b>AC/IS 472      AC/IS 474</b> <b>AC/IS 473      LS 471</b>	12
<b>Total Concentration Requirements:</b>		<b>12</b>

### Finance Major

The finance curriculum is designed to provide an understanding of financial operating and investment problems in both financial and non-financial businesses. Careers are available in areas such as government, securities businesses, banking, insurance, real estate, savings and other financial intermediaries, and in the financial management of non-financial businesses.

Finance majors must earn a minimum grade of **C** and have an overall 2.0 GPA in all major courses. At least 15 hours of the major must be taken at UAB. The university course forgiveness policy may be applied to any finance concentration.

#### UPPER LEVEL BUSINESS REQUIREMENTS FOR FINANCE

Requirement	Fulfilled By:	Hrs.
Upper-Level Requirements	Take the following courses (must earn a grade of <b>C</b> or better in the stated prerequisites of each School of Business course and have an overall 2.0 GPA): <b>BUS 350   IS 303   MK 303</b> <b>FN 310   MG 302   QM 350</b>	18
Capstone Courses	*Capstone courses for FN majors must be taken by seniors in their last term. <b>*FN 495 - (I&amp;I)   *FN 496 - (FNFM and RE)</b>	3
International Business Requirement	Take the following course: <b>IB 412</b>	3
Economics Requirement: Financial Management, or Real Estate, or Investments & Institutions	<b>EC 304</b> or <b>EC 310</b> for <b>FNFM</b> <b>EC 310</b> for <b>RE</b> <b>EC 301</b> for <b>I &amp; I</b>	3
<b>Total Upper-Level Requirements:</b>		<b>27</b>

Finance majors should select a concentration in **Financial Management** or **Investments and Institutions** or **Real Estate** as a major.

## Financial Management

Students who expect to own and/or operate small businesses, or who wish to seek employment as financial analysts in large corporations, should select this concentration. Topics studied include financial analysis and forecasting, capital budgeting, working capital management, valuation theory, and other specialized areas in finance.

### MAJOR REQUIREMENTS FOR FINANCE WITH FINANCIAL MANAGEMENT CONCENTRATION

Requirement	Fulfilled By:	Hrs.
Finance Requirements	Take the following courses (must earn a grade of <b>C</b> or better in each course, have overall 2.0 GPA, and have overall 2.0 GPA in all major courses): <b>AC 320    FN 311    FN 350    FN 411</b> <b>AC 401    FN 320    FN 410    FN 453</b>	24
Finance Major Elective	Select one 300-level or higher <b>AC, EC or FN</b> course approved by finance advisor. Must earn a grade of <b>C</b> or better in course, have an overall 2.0 GPA, and an overall 2.0 GPA in all major courses. <i>Note: Students may <b>not</b> apply any course to satisfy this requirement and a requirement in the Upper-Level Business Requirements. EACH COURSE USED ONLY ONCE.</i>	3
<b>Total Major Requirements:</b>		<b>27</b>

## Investments and Institutions

Students who wish to prepare for careers in financial institutions (such as banks, thrifts, insurance companies, and credit unions), or the securities industry (such as a stockbroker, portfolio manager, financial planner, or securities analyst), should select this concentration. Topics include commercial bank management, credit analysis, trust services, securities markets, and portfolio management, economic forecasting, and real estate.

### MAJOR REQUIREMENTS FOR FINANCE, WITH INVESTMENTS & INSTITUTIONS CONCENTRATION

Requirement	Fulfilled By:	Hrs.
Finance Requirements	Take the following courses (must earn a grade of <b>C</b> or better in each course, have overall 2.0 GPA, and have overall 2.0 GPA in all major courses.): <b>AC 320    FN 320    FN 351    FN 420 or FN 452</b> <b>EC 420    FN 350    FN 410    FN 453</b>	24
Finance Major Elective	Select one 300-level or higher <b>EC, FN or AC</b> course approved by finance advisor. Must earn a grade of <b>C</b> or better in course, have overall 2.0 GPA, and have overall 2.0 GPA in all major courses. <i>Note: Students may <b>not</b> apply any course to satisfy this requirement and a requirement in the Upper-Level Business Requirements. EACH COURSE USED ONLY ONCE.</i>	3
<b>Total Major Requirements:</b>		<b>27</b>

### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
Admissions Requirement	Students must be admitted to the School of Business. Please review the School of Business Admissions Requirements.
School of Business Requirements	Students must adhere to all School of Business Academic Requirements and major requirements. The university's course forgiveness policy is allowed in this major.
Free Electives	If the courses taken to satisfy all of the requirements will not meet the minimum credit hour requirement to graduate, free electives may be taken to reach the required number of hours.

## Real Estate

Students who wish to focus on real estate finance and investment analysis should select this concentration. Topics included, but not limited to, are the commercial real estate industry and preparation for related entry positions with developers, lenders, appraisers, brokers, investment bankers, real estate advisors, real estate trusts and consulting firms, both nonprofit organizations and government agencies.

### MAJOR REQUIREMENTS FOR FINANCE WITH REAL ESTATE CONCENTRATION

Requirement	Fulfilled By:	Hrs.
Finance Requirements	Take the following courses (must earn a grade of <b>C</b> or better in each course, have overall 2.0 GPA, and have overall 2.0 GPA in all major courses): <b>AC 320    FN 320    FN 370    FN 410</b> <b>FN 470    FN 475    FN 350 or FN 452</b>	21
Finance Major Elective	Select two 300-level or higher <b>EC, FN, MK, or QM</b> course approved by finance advisor. Must earn a grade of <b>C</b> or better in each course, have overall 2.0 GPA and have 2.0 GPA in all major courses.  <i>Note: Students may <b>not</b> apply any course to satisfy this requirement and a requirement in the Upper-Level Business Core Requirements. EACH COURSE USED</i>	6
<b>Total Major Requirements:</b>		<b>27</b>

### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
Admissions Requirement	Students must be admitted to the School of Business. Please review the School of Business Admissions Requirements.
School of Business Requirements	Students must adhere to all School of Business Academic Requirements and Finance major GPA requirements. Use of the university's course forgiveness policy is allowed in this major.
Free Electives	If the courses taken to satisfy all of the requirements will not meet the minimum credit hour requirement to graduate, free electives may be taken to reach the required number of hours.

## Course Descriptions

### Accounting (AC) Lower Level

#### **AC 200 - Principles of Accounting I - 3 hrs.**

Basic concepts with focus on how accounting events affect financial statements. Emphasizes both preparation and use of external financial reports. Accrual versus cash, receivables, payables, inventory, long-term operational assets, long-term liabilities, stockholders' equity, recording procedures, and financial statement analysis. Not open to entering freshmen. Quantitative Literacy is a significant component of this course (QEP).

#### **AC 201 - Principles of Accounting II - 3 hrs.**

Basic concepts associated with internal reporting. Use of relevant information for planning, control, and decision making. Cost behavior, cost allocation, product costing, budgeting, responsibility accounting, and capital budgeting. *Prerequisite:* C or better in AC 200.

### Upper Level

#### **AC 300 - Financial Accounting I - 3 hrs.**

Accounting cycle, environment of financial accounting, conceptual framework of financial accounting, financial statements, time value of money, cash and receivables. *Prerequisites:* C or better in AC 201, AC 304, and junior standing (60 sem. hrs. credit) (AC 304 may be taken as a co-requisite).

#### **AC 304 - Accounting Information Systems - 3 hrs.**

Transaction processing cycles of accounting system; internal control, development, and control of information systems; emerging development of information technology. *Prerequisites:* C or better in AC 201 and junior standing (60 sem. hrs. credit).

#### **AC 310 - Financial Accounting II - 3 hrs.**

Continuation of AC 300. Inventories, plant assets, intangible assets, current liabilities, long-term debt and stockholders' equity. *Prerequisites:* C or better in AC 300 and AC 304.

**AC 320 - Financial Accounting Survey - 3 hrs.**

Accounting cycle, financial accounting theory, financial statements, cash and receivables, inventories, plant assets, intangible assets, current liabilities, long-term debt, stockholders' equity, investments, income taxes, pension benefits, leases, error correction, and reporting of accounting changes and earnings per share. Not open to accounting majors. *Prerequisite:* C or better in AC 201.

**AC 401 - Cost Accounting - 3 hrs.**

Basic theory and procedures involving cost determination, analysis, and control. Cost allocation, application of overhead, budgeting, standard costs, job order, process and by-product costing, spoilage, and quantitative techniques. *Prerequisites:* C or better in AC 320 or C or better in AC 300 and AC 304 and junior standing (60 sem. hrs. credit).

**AC 402 - Income Taxation I - 3 hrs.**

Fundamentals and basic concepts of taxation of various entities, with emphasis on federal income taxation of individuals. *Prerequisites:* C or better in AC 201 and junior standing (60 sem. hrs. credit).

**AC 413 - Internal Auditing - 3 hrs.**

Theory and practice of internal auditing and application of internal auditing principles and techniques to selected audit problems. *Prerequisites:* C or better in AC 300 and AC 304.

**AC 414 - Governmental and Not-For-Profit Accounting - 3 hrs.**

Budgetary and fund accounting as applied to municipalities, other governmental units, and institutions operating as nonprofit entities. *Prerequisites:* C or better in AC 300 and AC 304.

**AC 423 - External Auditing - 3 hrs.**

Study of the external audit function and the essential standards that govern audit practice. *Prerequisites:* C or better in AC 310 and AC 413 (AC 413 may be taken as a co-requisite).

**AC 430 - Financial Accounting III - 3 hrs.**

Dilutive securities, earnings per share, investments, accounting for income taxes, accounting changes and error analysis, statement of cash flows, retirement benefits, leases and selected disclosures. *Prerequisite:* C or better in AC 310.

**AC 452 - Income Taxation II - 3 hrs.**

Completion of fundamentals of taxation for individuals. Basic concepts and laws applicable to partnerships and corporations. Tax research techniques and tax planning concepts. *Prerequisite:* C or better in AC 402.

**AC 464 - Accounting Internship - 3 hrs.**

Work experience enabling students to better integrate academic knowledge with practical applications by exposure to accounting practice and business environment. *Prerequisites:* C or better in AC 300 and AC 304, permission of instructor, 2.85 grade point average in AC courses and 2.50 overall grade point average.

**AC 472 - Forensic Accounting and IT Auditing - 3 hrs.**

Introduction to the practice of forensic accounting and its relationship to auditing in settings characterized by extensive reliance on information technology. An emphasis on audit methodology as applied to accounting information systems. *Prerequisite:* C or better in AC 304.

**AC 473 - Fraud Examination - 3 hrs.**

Advanced forensic accounting concepts with a primary focus on occupational fraud and abuse--its origins, perpetration, prevention, and detection. *Prerequisite:* C or better in AC 304.

**AC 474 - Forensic Accounting Practicum - 1 to 3 hrs.**

Work experience requiring the application of forensic accounting concepts and methods. Permission of instructor and senior standing. *Prerequisites:* C or better in AC 472, AC 473, and LS 471.

**AC 480 - Advanced Accounting - 3 hrs.**

Business combinations, consolidated financial statements, multinational accounting, and partnerships. *Prerequisite:* C or better in AC 430.

**AC 490 - Advanced Topics in Accounting - 3 hrs.**

Contemporary professional accounting issues. *Prerequisite:* Permission of instructor.

**AC 495 - Accounting Capstone - 3 hrs.**

Course brings together in one setting the learned skills and knowledge needed in a professional career in accounting. Permission of the Department Chair. *Prerequisites:* C or better in AC 300, AC 304, AC 310, AC 401, AC 402, and AC 413 or permission of the Department Chair of ACFN.

**AC 499 - Directed Readings - 1 to 3 hrs.**

Readings and independent study in selected areas.

## Course Descriptions

### Finance (FN) Lower Level

#### **FN 101 - Personal Finance - 3 hrs**

Selected aspects of finance encountered by an individual during his or her lifetime. Lower-level elective credit only. Not applicable to the finance major. Open to all UAB students.

#### **FN 102 – Essentials of Financial Literacy – 3 hrs**

Study of the mathematics of money and financial literacy. Topics and applications include trade discounts, cash discounts, markups/markdowns, simple interest and discount, compound interest, present and future value of annuities, savings, loans and mortgages, credit cards and personal budgeting. Basic number operations as well as, basic calculus and arithmetical progressions reviewed. Lower level elective credit only. Open to all UAB students.

### Upper Level

#### **FN 301 - Survey of Finance/Non-Bus Major - 3 hrs**

A survey course of financial management principles emphasizing time value of money, relationship between risk and return, security valuation, and capital budgeting. Intended for users of financial information. Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* C or better in AC 200 and EC 210.

#### **FN 310 - Fundamentals of Financial Management - 3 hrs**

Basic principles of financial management emphasizing time value of money, stock and bond valuation, and capital budgeting; risk/return analysis, cost of capital, capital structure, and cash flow analysis. *Prerequisites:* C or better in AC 201, EC 210, EC 211, IS 103, LS 246, and QM 215.

#### **FN 311 - Short-Term Financial Management - 3 hrs**

Multidisciplinary approach to analysis of financial statements and working capital management. Financial planning, corporate liquidity, and short-term financial policy issues. *Prerequisites:* C or better in AC 201, EC 210, EC 211, IS 103, LS 246, and QM 215.

#### **FN 320 - Financial Research Methods - 3 hrs**

Introduction to commercial and publicly available financial research databases and the basics of data analysis. *Prerequisites:* C or better in EC 301, FN 310 and IS 303.

#### **FN 340 - Principles of Insurance - 3 hrs**

Insurance from purchaser's point of view. Risk-insuring devices and insurance industry. *Prerequisites:* C or better in AC 201, EC 210, EC 211, IS 103, LS 246, and QM 215.

#### **FN 350 - Equity Portfolio Management - 3 hrs**

Investment theory with emphasis on risk-return tradeoff; equity investment instruments and environment, sources and interpretation of investment information, portfolio theory, market indices, options and futures, and international investing. *Prerequisite:* C or better in FN 310.

#### **FN 351 - Bond Portfolio Management - 3 hrs**

Fixed income markets and instruments, including valuation and portfolio strategies. Derivatives of fixed income securities. *Prerequisite:* C or better in FN 310.

#### **FN 370 - Principles of Real Estate - 3 hrs**

Upper division course designed to provide the student with a solid foundation for making real estate decisions. Course involves computer-based assignments. *Prerequisite:* C or better in FN 310.

#### **FN 410 - Advanced Financial Management - 3 hrs**

Analysis of long-term corporate financial management; detailed stock and bond valuation, cost of capital, capital budgeting, cash-flow analysis, capital structure, and dividend policy. *Prerequisite:* C or better in FN 310.

#### **FN 411 - Case Studies in Financial Management - 3 hrs**

Case method approach to study of applied and special topics in financial management; spreadsheet applications used in analysis of initial public offerings, imbedded options, leases, mergers, bankruptcy, and pension plan management. *Prerequisite:* C or better in FN 410.

#### **FN 412 - International Financial Management - 3 hrs**

Financial analysis and decision making in international context. All traditional areas of corporate finance explored. *Prerequisite:* C or better in FN 310.

#### **FN 420 - Financial Sales & Trading - 3 hrs**

This course introduces interactive trading in financial instruments. Students learn the principles of asset price discovery through real-time trading in a variety of markets, including equities, bonds, options and derivatives. Topics addressed include asset valuation, portfolio management, and risk management in the context of real-time trading of financial instruments. *Prerequisites:* C or better in FN 350 and FN 351.

**FN 452 - Management Financial Intermediaries - 3 hrs**

Roles, activities, and functions of financial institutions and their interrelationships. *Prerequisites:* C or better in EC 301 and FN 310.

**FN 453 - Financial Risk Management - 3 hrs**

Domestic and international risk management issues. Tools to measure and manage interest rate; exchange rate and commodity price risks. *Prerequisites:* C or better in FN 350, FN 410, and FN 412/IB 412.

**FN 460 - Finance Internship - 3 hrs**

A work experience to enable students to better integrate academic knowledge with practical applications and to enhance students' educational experiences by making subsequent study more meaningful. *Prerequisites:* C or better in FN 310, 3.0 Finance G.P.A., and permission of instructor.

**FN 470 - Real Estate Finance - 3 hrs**

A study of the instruments, techniques and institutions of real estate finance and the use of financial analysis in real estate decisions. *Prerequisite:* C or better in FN 370.

**FN 475 - Real Estate Investments - 3 hrs**

A study of investment analysis for real estate decisions, including taxation, risk, financial leverage, land use, and market analysis will be covered in depth. *Prerequisite:* C or better in FN 370.

**FN 490 - Advanced Topics in Finance - 3 hrs**

Issues and problems in selected areas of finance.

**FN 495 - Invest & Institutions Capstone - 3 hrs**

This course consists of selected case studies to be presented in class by student teams. The objective is to encourage the students to develop the ability to identify problems, apply the tools of finance, evaluate alternatives and arrive at viable solutions to the problems in each case. *Prerequisites:* C or better in FN 320, FN 350, FN 351, AC 320, IB 412/FN 412 and EC 420/QM 420.

**FN 496 - Financial Management Capstone - 3 hrs**

This course requires students to integrate, extend, analyze, and apply knowledge gained in the financial management curriculum to demonstrate mastery of the financial management discipline. Concepts from working capital management, capital budgeting, capital structure, dividend policy, and financial risk management, among other special topics, will be considered. The course is conducted in a seminar format through case analysis and a major research project. *Prerequisites:* C or better in FN 311, FN 320, FN 350, FN 410, FN 411, FN 453, AC 320, and FN 412/IB 412.

**FN 499 - Directed Readings in Finance - 1 to 3 hrs**

Supervised study of specific areas of finance.

## Department of Management, Information Systems and Quantitative Methods

**Chair:** Molly McLure Wasko

**Faculty:** Bos, Boyer, Cox Edmondson, Crigler, Howard, Jack, Johnston, Key, McKissock, Munchus, Musa, Oliver, Rivera, Singh, Singleton, Stanford, VanMatre, Wech

The Department of Management, Information Systems and Quantitative Methods supports the mission of the School of Business through the department's majors and course offerings. The department will offer an educational foundation that will prepare students for professional careers and enable them to pursue graduate studies.

The department is responsible for activities in management, information systems, and quantitative methods.

### UPPER LEVEL BUSINESS REQUIREMENTS FOR MANAGEMENT, INFORMATION SYSTEMS AND THE QUANTITATIVE METHODS CONCENTRATION

Requirement	Fulfilled By:	Hrs.
Upper-Level Requirements	Take following courses (must earn a grade of <b>C</b> or better in all stated prerequisites for all business courses and have an overall 2.0 GPA): <b>BUS 350 IS 303 MG 403</b> <b>FN 310 MG 302 MK 303</b>	18
*Capstone ( <b>MG &amp; QM</b> only)	<b>BUS 450*</b> (must be taken as a senior in last term)	3
*Capstone ( <b>IS</b> )	<b>IS 495*</b> (see IS section for prerequisites)	3
International Business Requirement	Select one of the following courses (must earn a grade of <b>C</b> or better in all stated prerequisites for all business courses and have an overall 2.0 GPA). <b>QM</b> majors take <b>IB 407</b> : <b>IB 407 IB 412 IB 415 IB 416</b>	3

Economics Requirement	<b>MG</b> majors take one 300-level or higher <b>Economics (EC)</b> course. <b>IS</b> majors take <b>EC 301</b> or <b>EC 310</b> or <b>EC 420</b> . <b>QM</b> majors take <b>EC 310</b> . <i>Note: Students may NOT apply IB/EC 407 to this requirement and the IB requirement. COURSE USED ONLY ONCE.</i>	3
<b>Total Upper-Level Requirements:</b>		<b>27</b>

## Management Major

The management major is designed to provide students with the ability to be effective decision makers in an organizational setting. The objective of the major is to enable students to acquire the knowledge and skills necessary for gaining entry into a management career and for sustaining successful performance throughout that career. Internships and elective courses in entrepreneurship are also available.

Students must earn at least a grade of C in all stated prerequisite courses for all of the management concentrations. An overall 2.0 GPA in all courses used in the major is also required. At least 15 hours of the major courses must be taken at UAB. The university's course forgiveness policy may be applied to all management major concentrations.

Management majors should select one of the following concentrations, **Business Administration** or **General Management** or **Human Resource Management**, as a major.

## Business Administration

The business administration concentration is designed for students who seek more flexibility within the management major by allowing them to select courses from other disciplines to round out the major. Besides providing greater flexibility, the student can select advanced studies in other areas of business such as finance, information systems, economics and marketing.

### MAJOR REQUIREMENTS FOR MANAGEMENT WITH BUSINESS ADMINISTRATION CONCENTRATION

Requirement	Fulfilled By:	Hrs.
Required Management Courses	Take the following courses (must earn a grade of <b>C</b> or better in all stated prerequisites for all major courses, have overall 2.0 GPA and have overall 2.0 GPA in all major courses): <b>MG 401</b> <b>MG 409</b>	6
Required Information Systems Elective	Select one: <b>IS 321</b> <b>IS 396</b>	3
Required Economics Elective	Select one: <b>EC 304</b> <b>EC 320</b>	3
Required Finance Elective	Select one: <b>FN 350</b> <b>FN 370</b> <b>FN 410</b>	3
Required Marketing Elective	Select One: <b>MK 312</b> <b>MK 320</b> <b>MK 330</b> <b>MK 410</b> <b>MK 421</b>	3
Required Upper-Level School of Business Electives	Select two 300 or higher business courses approved by the MISQ department. <i>Note: Students may NOT apply the same IB course to this requirement and the IB Requirement. COURSE USED ONLY ONCE.</i>	6
<b>Total Major Requirements:</b>		<b>24</b>

### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
Admissions Requirement	Students must be admitted to the School of Business. Please review the School of Business Admissions Requirements.
School of Business Requirements	Students must adhere to all School of Business Academic Requirements and major requirements. The university's course forgiveness policy is allowed in this major.
Free Electives	If the courses taken to satisfy all of the requirements will not meet the minimum credit hour requirement to graduate, free electives may be taken to reach the required number of hours.

## General Management

The general management concentration is designed for students who seek to develop a broad exposure to the management discipline rather than pursue any emphasis. This major includes courses in human resources, planning and control, and quality.

### MAJOR REQUIREMENTS FOR MANAGEMENT WITH GENERAL MANAGEMENT CONCENTRATION

Requirement	Fulfilled By:	Hrs.
Required Management Courses	Take the following courses (must earn a grade of <b>C</b> or better in all stated prerequisites for all major courses, have overall 2.0 GPA and have overall 2.0 GPA in all major courses): <b>MG 358 MG 401 MG 409</b>	9
Human Resources * May be taken concurrently	Take the following courses (must have <b>C</b> or better in <b>MG 409*</b> ): <b>MG 410* MG 413</b>	6
Production and Quality	Take the following courses (must have <b>C</b> or better in all stated prerequisites and in <b>MG 403</b> ): <b>MG 416 MG 417</b>	6
Management Elective	Select one 400-level <b>Management (MG)</b> course approved by the department.  <i>Note: Students may NOT apply MG/IB 415 to this requirement and the IB requirement. COURSE USED ONLY ONCE</i>	3
<b>Total Major Requirements:</b>		<b>24</b>

### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
Admissions Requirement	Students must be admitted to the School of Business. Please review the School of Business Admissions Requirements.
School of Business Requirements	Students must adhere to all School of Business Academic Requirements and major requirements. The university's course forgiveness policy is allowed in this major.
Free Electives	If the courses taken to satisfy all of the requirements will not meet the minimum credit hour requirement to graduate, free electives may be taken to reach the required number of hours.

## Human Resource Management

The human resource management concentration is designed for students who wish to pursue a career in human resources, to develop knowledge of employee relations for continuing career development, or to gain skills in the increasingly important area of the overall management task.

### MAJOR REQUIREMENTS FOR MANAGEMENT WITH HUMAN RESOURCE MANAGEMENT CONCENTRATION

Requirement	Fulfilled By:	Hrs.
Required Management Courses	Take the following courses (must earn a grade of <b>C</b> or better in all stated prerequisites for all major course, have an overall 2.0 GPA, and have an overall 2.0 GPA in all major courses): <b>MG 358 MG 401 MG 409*</b>	9
Human Resources Courses *May be taken concurrently	Take the following courses (must have <b>C</b> or better in <b>MG 409*</b> ): <b>MG 410* MG 411 MG 412 MG 413</b>	12
Required HR Elective	Select one: <b>EC 303 MG 445 MG 493</b>	3
<b>Total Major Requirements:</b>		<b>24</b>

### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
Admissions Requirement	Students must be admitted to the School of Business. Please review the School of Business Admissions Requirements.
School of Business Requirements	Students must adhere to all School of Business Academic Requirements and Finance major GPA requirements. Use of the university's course forgiveness policy is allowed in this major.
Free Electives	If the courses taken to satisfy all of the requirements will not meet the minimum credit hour requirement to graduate, free electives may be taken to reach the required number of hours.

### Information Systems Major

The information systems major is designed to provide students with the foundational knowledge and managerial skills to pursue a career in an information systems user department or as a professional responsible for the analysis and design and/or the implementation of a complex information system.

Students must have a minimum grade of **C** in all information systems courses, numbered 200 and above, that are applied to the major. The grade of **C** is a prerequisite for all information systems courses numbered 300 or above. In addition, students must have a grade of **C** or better and an overall **C** average in all major courses. At least 15 hours of the major must be taken at UAB. The university's course forgiveness policy may be applied to this major.

### MAJOR REQUIREMENTS FOR INFORMATION SYSTEMS

Requirement	Fulfilled By:	Hrs.
Information Systems Requirements	Take the following courses (must earn a grade of <b>C</b> or better in each course, have an overall 2.0 GPA, and have overall 2.0 GPA in major courses):  <b>IS 295    IS 301    IS 321    IS 396</b>	12
Information Systems Elective Requirements	Select one of the following sets of required electives (must earn a grade of <b>C</b> or better in each course, have an overall 2.0 GPA, and have overall 2.0 GPA in major courses):  Forensics Electives - <b>LS 471, IS 472, 473</b> Information Security Electives - <b>IS 302, 472, 477</b> Applications Development Electives - <b>IS 304, 305, 491</b> Systems Development Electives - <b>IS 304, 422, 491</b>	9
Information Systems Major Elective	Select three hours from 300-level or higher <b>Information Systems (IS)</b> courses (must earn a grade of <b>C</b> or better in course, have an overall 2.0 GPA, and have an overall 2.0 GPA in major courses).	3
<b>Total Major Requirements:</b>		<b>24</b>

### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
Admissions Requirement	Students must be admitted to the School of Business. Please review the School of Business Admissions Requirements.
School of Business Requirements	Students must adhere to all School of Business Academic Requirements and Information Systems major requirements. The university's course forgiveness policy is allowed in this major.
Free Electives	If the courses taken to satisfy all of the requirements will not meet the minimum credit hour requirement to graduate, free electives may be taken to reach the required number of hours.

## Concentration in Forensic Accounting and Information Technology Auditing

The increased attention focusing on inappropriate and fraudulent behavior within the business community in recent years has led to the creation of a concentration in Forensic Accounting and Information Technology Auditing at UAB. This concentration introduces accounting and information systems students to the basics of fraud, IT audits, fraud examination and forensic accounting. Although of value to anyone in the financial information professions, it is designed to appeal to those students with an interest in becoming Certified Fraud Examiners (CFEs).

Accounting and information systems majors may choose, (as a part or in addition to the courses required for the major), the following series of courses which make up the concentration:

Requirement	Fulfilled By:	Hrs.
Concentration Requirements	Take all of the following courses: <b>AC/IS 472      AC/IS 474</b> <b>AC/IS 473      LS 471</b>	12
<b>Total Concentration Requirements:</b>		<b>12</b>

## Quantitative Methods

The quantitative methods concentration trains students to use a variety of quantitative techniques to solve real-world problems related to business, economics, and the sciences. This training prepares students for a number of careers in a rapidly growing profession. The concentration also conveys the skills essential to success in virtually any graduate research program.

Students must earn at least a grade of C in all stated prerequisite courses for the major. An overall 2.0 GPA in all courses used in the major is also required. At least 15 hours of these courses must be taken at UAB. The university's course forgiveness policy may be applied to this major.

### MAJOR REQUIREMENTS FOR QUANTITATIVE METHODS CONCENTRATION

Requirement	Fulfilled By:	Hrs.
Quantitative Methods Requirements	Take the following courses (must earn a grade of <b>C</b> or better in the stated prerequisites, have an overall 2.0 GPA, and an overall 2.0 GPA in major courses): <b>QM 400    QM 420    QM 425</b>	9
Statistics/Sampling	Select one of the following courses (must earn a grade of <b>C</b> or better in the stated prerequisites, have an overall 2.0 GPA, and have overall 2.0 GPA in major courses): <b>QM 410    QM 416</b>	3
Quantitative Methods Major Electives	Select three courses from the following (must earn a grade of <b>C</b> or better in the stated prerequisites, have an overall 2.0 GPA, and have an overall 2.0 GPA in major courses. Also, other courses may be approved by Quantitative Methods advisor): <b>AC 401    MK 408    QM 416*    QM 442    SOC 370</b> <b>EC 409    QM 410*    QM 430    QM 490</b> <i>Note: Students may NOT apply any course to this requirement and the Upper-Division Economics Requirement. *Select course not taken as Statistics/Sampling requirement above.</i>	9
<b>Total Major Requirements:</b>		<b>21</b>

### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
Admissions Requirement	Students must be admitted to the School of Business. Please review the School of Business Admissions Requirements.
School of Business Requirements	Students must adhere to all School of Business Academic Requirements and Information Systems major requirements. The university's course forgiveness policy is allowed in this major.
Free Electives	If the courses taken to satisfy all of the requirements will not meet the minimum credit hour requirement to graduate, free electives may be taken to reach the required number of hours.

## Course Descriptions

### Management (MG) Upper Level

#### **MG 302 - Management Processes and Behavior - 3 hrs**

Planning and decision making; organization of process and design concepts; leadership and communication within organizations; motivation, job attitudes, and performance evaluation; process of control. *Prerequisites:* Junior standing (60 sem. hrs. credit).

#### **MG 358 - Business and Society - 3 hrs**

Economic and social consequences of contemporary issues such as public policy, management of legal/political process, standard-setting for ethical behavior, and environmental changes in 1990s. Emergence of global competition and effects on social and economic interests of multinational corporations. *Prerequisite:* Junior standing (60 sem. Hrs. credit).

#### **MG 401 - Organizational Behavior - 3 hrs**

Theories of human motivation with applications; intra- and intergroup processes and leadership theories with applications; organizational environment and classical design theory; planned change with applications; organizational development and culture. *Prerequisite:* C or better in MG 302.

#### **MG 403 - Operations Management - 3 hrs**

Operations management as related to manufacturing and non-manufacturing enterprises. Forecasting, inventory theory, scheduling, production control, facility layout, job design, and supporting functions. *Prerequisites:* C or better in AC 201, BUS 101 or BUS 102, EC 210, EC 211, IS 103, LS 246, QM 215 and MG 302.

#### **MG 409 - Human Resource Management - 3 hrs**

Managerial problems associated with acquisition, development, motivation, and compensation of human resources. Personnel problems such as employment, employee education and training, labor relations, industrial health and safety, and wage and salary administration; personnel research cases reviewed. *Prerequisite:* C or better in MG 302.

#### **MG 410 - Labor-Management Relations - 3 hrs**

Managerial issues and opportunities associated with development of industrial and labor relations policy. Impact of public policy, significance of pressure groups, negotiation and administration of collective bargaining agreements, and review of NLRB/arbitration cases. *Prerequisite:* MG 409 or may be taken concurrently with MG 409.

#### **MG 411 - Compensation Administration - 3 hrs**

Problems of compensation administration in public and private organizations, with emphasis on determination of range, salary levels, and structures. Job analysis, worker-trait-requirement analysis, job evaluation, incentive pay systems, employee benefits development, and wage and salary control. *Prerequisite:* C or better in MG 409.

#### **MG 412 - Employee Selection/Development - 3 hrs**

Employee selection, placement, and development functions within organizations. Recruitment, selection techniques, and state and federal laws and regulations affecting selection, performance appraisal, and development of manpower within organization. *Prerequisite:* C or better in MG 409.

#### **MG 413 - Employment Law - 3 hrs**

Impact of legislation, regulations, and court decisions on management of human resources in public and private organizations. Equal employment opportunity, health and safety, pension reform legislation, employment insurance, and social security. *Prerequisite:* Junior standing (60 sem. hrs. credit).

#### **MG 415 - International Business Dynamics - 3 hrs**

Business and managerial problems of international business activity. Emphasis on relating current international information to problems and opportunities for business firms. *Prerequisites:* C or better in AC 201, BUS 101 or BUS 102, EC 210, EC 211, IS 103, LS 246, QM 215 and MG 302.

#### **MG 416 - Supply Chain Management - 3 hrs**

Course takes operational view of the mechanism for matching supply and demand through the management of material and information flow. This framework is used to understand strategic, design and operational issues in supply management. *Prerequisite:* C or better in MG 403.

#### **MG 417 - Project Management - 3 hrs**

Course discusses project management principles, methods, techniques and tools from manager's point of view. Topics include: planning, scheduling, organizing and controlling non-routine activities to achieve schedule, budget and performance objectives. Also discussed: socio-technical aspects of projects, role of project managers, project teams and scheduling and executing projects under uncertainty. *Prerequisite:* C or better in MG 403.

#### **MG 418 - Quality Management - 3 hrs**

Concepts, techniques, and organizational requirements to ensure that quality is provided to consumer. Breadth of quality efforts, statistical quality control methods, quality circle principles, and quality assurance activities in various enterprises. *Prerequisite:* C or better in MG 403.

#### **MG 421 - Entrepreneurship - 3 hrs**

Analytical and critical examination of functions and environments where new organizational development takes place. Role of entrepreneurship in creation and development of new economic entities. *Prerequisites:* C or better in AC 201, BUS 101 or BUS 102, EC 210, EC 211, IS 103, LS 246, QM 215 and MG 302.

**MG 422 - Management Planning and Control - 3 hrs**

Relationship among long-, intermediate-, and short-range plans emphasizing managerial decision making. Acquisition, allocation of resources, and methods for evaluating proper utilization. *Prerequisites:* C or better in AC 201, BUS 101 or BUS 102, EC 210, EC 211, IS 103, LS 246, QM 215 and MG 302.

**MG 430 - Management and Leadership in Sports Organizations - 3 hrs**

Management and leadership theories and practices as they relate to sports organizations. Provides a foundation in the research and application of human resource management and leadership principles for success in the sports industry. *Prerequisite:* Junior standing (60 sem. hrs. credit)

**MG 440 - Small Business Consulting/Research - 3 hrs**

Applied field work integrating functional business fields of management, finance, accounting, marketing, economics, production policy, and decision making related to small business enterprises. *Prerequisites:* C or better in FN 310, MG 302, and MK 303.

**MG 442 - Statistics Quality/Productivity - 3 hrs**

Application of statistics to improve quality and productivity throughout organization. Process analysis and improvement via numerical and graphical procedures illustrated with construction and interpretation of control charts. Tolerances, specifications, process capability studies, and elements of total quality program as espoused by Deming and Ishikawa. *Prerequisite or Co-requisite:* C or better in MG 403.

**MG 445 - Management Internship - 3 hrs**

Offers qualified undergraduate students the chance to gain first-hand experience in a local business while receiving academic credit. Must be a management major, at least junior standing, B or better in MG 302 and GPA of 2.5 overall. Sponsoring business may require additional courses. *Prerequisites:* C or better in AC 201, BUS 101 or BUS 102, EC 210, EC 211, IS 103, LS 246, QM 215 and MG 302.

**MG 490 - Management Seminar - 1 to 3 hrs**

Selected management topics. *Prerequisites:* C or better in AC 201, BUS 101 or BUS 102, EC 210, EC 211, IS 103, LS 246, QM 215 and MG 302.

**MG 492 - Current Topics Production/Operations Management - 3 hrs**

Selected topics in production and operations management. *Prerequisite:* C or better in MG 403.

**MG 493 - Current Topics Human Resource Management - 3 hrs**

Current development and issues in human resource management. *Prerequisite:* C or better in MG 409.

**MG 499 - Directed Readings in Management - 1 to 3 hrs**

Specific areas in management.

**Course Descriptions****Information Systems (IS) Lower Level****IS 103 - Applied Information Technology - 3 hrs.**

Use of microcomputers, business applications in office automation, analysis of business problems, and retrieval and presentation of information. *Prerequisite:* C or better in MA 105.

**IS 295 - Programming Logic - 3 hrs.**

Provides an introduction to the technical aspects of programming using common programming logic concepts and object-oriented programming concepts.

**Upper Level****IS 301 - Introduction to Database Management Systems - 3 hrs.**

An introductory course on database management systems. Emphasis is placed on providing students with the fundamental knowledge necessary to model business data needs, design logical data models, and design, implement, and use of a physical database in application development. *Prerequisite:* C or better in IS 295.

**IS 302 - Telecommunications Management - 3 hrs.**

A study of data communications technologies used for business. The technologies include local and wide area networks, as well as telephony. Network management and security are also emphasized.

**IS 303 - Information Systems - 3 hrs.**

Theory and application of management information systems. Planning, design, development, and implementation of and strategic issues in information systems, World Wide Web, Internet, and knowledge-based systems. *Prerequisite:* Junior standing (60 sem. hrs. credit).

**IS 304 - Introduction to Business Programming - 3 hrs.**

An introductory course addressing the concepts, structures, and use of an event-driven programming language to implement business solutions. Emphasis is placed on developing general problem-solving strategies and implementing solutions through algorithm development.

**IS 305 - Introduction Application Development - 3 hrs.**

A course addressing the concepts, structures, and use of object-oriented problem solving and the C# programming language. Emphasis is placed on developing general problem-solving strategies and implementing solutions through algorithm development using object class models and C#. *Prerequisites:* C or better in IS 295, IS 301, and IS 304.

**IS 321 - Systems Analysis - 3 hrs.**

Focuses on the planning, decision making tasks and requisite skills necessary for the analysis of information systems.

**IS 383 - Current Programming Languages - 3 hrs.**

A course addressing the concepts, structures, and features of a programming language currently in demand by area businesses and organizations. Emphasis is placed on developing general problem solving strategies and implementing solutions through algorithm development using the programming language. *Prerequisite:* C or better in IS 295.

**IS 396 - Introduction to Project Management - 3 hrs.**

A course addressing the concepts and application of project management techniques and tools. Emphasis is placed on the Project Management Institute's body of knowledge, information technology project management, and preparing the student for the Project Management Professional certification exam.

**IS 422 - Advanced Systems Analysis/Design - 3 hrs.**

Focuses on the planning, decision making, tasks, and requisite skills necessary for the design of information systems. *Prerequisites:* C or better in IS 295, IS 301 and IS 321.

**IS 464 - IS Internship - 3 hrs.**

Work experience enabling students to better integrate academic knowledge with practical applications by exposure to accounting practice and the business environment. *Prerequisite:* 2.75 GPA in IS courses and permission of instructor.

**IS 472 - Forensic Accounting and IT Auditing - 3 hrs.**

Introduction to the practice of forensic accounting and its relationship to auditing in settings characterized by extensive reliance on information technology. An emphasis on audit methodology as applied to accounting information systems. *Prerequisite:* Permission of instructor and junior standing (60 sem. hrs. credit).

**IS 473 - Fraud Examination - 3 hrs.**

Advanced forensic accounting concepts with a primary focus on occupational fraud and abuse--its origins, perpetration, prevention, and detection. *Prerequisites:* Permission of instructor and junior standing (60 sem. hrs. credit).

**IS 474 - Forensic Accounting Practicum - 1 to 3 hrs.**

Work experience requiring the application of forensic accounting concepts and methods. *Prerequisites:* C or better in IS 472, IS 473 and LS 471 and senior standing (90 sem. hrs. credit), and permission of instructor.

**IS 477 - Introduction to Systems Security - 3 hrs.**

A study of data communications technologies used for business. The technologies include local and wide area networks, as well as telephony. Network management and security are also emphasized. *Prerequisite:* C or better in IS 302.

**IS 491 - Current Topics in Information Systems - 3 hrs.**

A study of selected current developments in information systems emphasizing development and managerial implications. *Prerequisite:* Permission of instructor.

**IS 495 - IS Capstone Systems Development - 3 hrs.**

Team systems development project with special emphasis on information management from organizational perspective. *Prerequisites:* C or better in IS 295, IS 301, IS 321 and IS 396.

**IS 499 - Directed Readings - 1 to 3 hrs.**

Readings and independent study in selected areas.

**Quantitative Methods (QM) Lower Level****QM 214 - Quantitative Analysis I - 3 hrs**

Basic statistical concepts applied to business problems. Descriptive statistics, index numbers, basic probability, Binomial, normal, Poisson, sampling, statistical inference, distributions, and estimation. Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* C or better in IS 103 and MA 109.

**QM 215 - Quantitative Analysis II - 3 hrs**

Continuation of QM 214. Hypothesis testing, Chi-square distribution, simple regression and multiple regression. Other topics include: analysis of variance, time series, nonparametric statistics and quality control. *Prerequisite:* C or better in QM 214.

**Upper Level****QM 350 - Quantitative Methods for Finance - 3 hrs**

Development of the mathematical foundations of undergraduate level financial modeling and analysis, including applications of calculus, probability theory, linear algebra and Monte Carlo simulation to the measurement of asset returns and the assessment of risk, to the pricing of options and other financial derivatives, and to the solution of important financial optimization problems. *Prerequisites:* C or better in IS 103 and QM 215.

**QM 400 - Survey of Management Science - 3 hrs**

Application of mathematical and statistical techniques to management problems. Network planning techniques, linear programming, inventory systems, queuing theory, simulation, and decision analysis. *Prerequisites:* C or better in AC 201, BUS 101 or BUS 102, EC 210, EC 211, IS 103, LS 246 and QM 215.

**QM 410 - Nonparametric Statistics - 3 hrs**

Nonparametric methods applied to business decisions. Nonparametric tests for medians using one and two samples; tests for randomness and independence. Contingency tables and goodness of fit tests. All applications in area of behavioral sciences, particularly marketing and management. *Prerequisites:* C or better in EC 210, EC 211 and QM 215.

**QM 416 - Sampling Techniques - 3 hrs**

Sampling procedures and application to estimation problems in business. Simple random, stratified, and cluster sampling review. *Prerequisites:* C or better in EC 210, EC 211 and QM 215.

**QM 420 - Applied Forecasting - 3 hrs**

Practical use of various forecasting techniques on business and economic data. Topics include dynamic regression models, exponential smoothing, forecast criteria, moving averages, seasonality, and univariate Box Jenkins ARIMA modeling. *Prerequisites:* C or better in AC 201, EC 210, EC 211, IS 103, LS 246, and QM 215.

**QM 425 - Applied Regression Analysis - 3 hrs**

Simple, multilinear, and polynomial regression analysis. Model selection, inferential procedures, and application with computer. *Prerequisites:* C or better in EC 210, EC 211, and QM 215.

**QM 442 - Statistics Quality/Productivity - 3 hrs**

Application of statistics to improve quality and productivity throughout organization. Process analysis and improvement via numerical and graphical procedures illustrated with construction and interpretation of control charts. Tolerances, specifications, process capability studies, and elements of total quality program as espoused by Deming and Ishikawa. *Prerequisites:* C or better in MG 403.

**QM 490 - Advanced Topics in Statistics/Management Science - 3 hrs**

Statistics/management science application to problems in business and economics.

**QM 499 - Directed Readings in Quantitative Methods - 1 to 3 hrs**

Readings and independent study in selected areas. *Prerequisites:* C or better in EC 210, EC 211 and QM 215.

## Department of Marketing, Industrial Distribution, and Economics

**Chair:** Robert A. Robicheaux

**Faculty:** Angner, Ayers, Culver, Dasgupta, DeCarlo, Feldman, Friend, Gee, Gelber, Hadley, Kennedy, Lee, Menachemi, Miller, Pang, T. Powers, Ross, Skinner, Yoder

The Department of Marketing, Industrial Distribution, and Economics supports the mission of the School of Business through the department's majors and course offerings. Majors within the department are designed around a curriculum that instructs a discipline-based theory and real-world application provided through our relationships with the business community.

The department is responsible for activities in marketing, industrial distribution, economics, and legal studies.

### UPPER LEVEL BUSINESS REQUIREMENTS FOR MARKETING, INDUSTRIAL DISTRIBUTION, ECONOMICS AND THE MEDICAL EQUIPMENT AND SUPPLIES DISTRIBUTION CONCENTRATION

Requirement	Fulfilled By:	Hrs.
Upper-Level Requirements	Take the following courses, (must earn a grade of <b>C</b> or better in all stated prerequisites for all business courses and have an overall 2.0 GPA): <b>BUS 350 FN 310 IS 303 MG 302</b> <b>MG 403 MK 303</b>	18
*Capstone ( <b>MK</b> ) *Capstone ( <b>ID</b> )	<b>MK 450*</b> <b>MK 450*or BUS 450</b>  *To attempt MK 450, must have completed with a grade of C or better BUS 350, FN 310, MK 312, MK 320, MK 408 and MK 410 or obtain permission of the Department Chair of MIDE and instructor.	3
*Capstone ( <b>EC</b> )	<b>BUS 450*</b> Must be taken as a senior in last term	

International Business Requirement	Select one of the following courses: ( <b>EC</b> majors take <b>IB 407</b> ) <b>IB 407    IB 412    IB 415    IB 416</b>	3
Economics Requirement	<b>MK</b> and <b>ID</b> majors select one of the following courses: <b>EC 301    EC 320    EC 330    EC 420</b> <b>EC</b> majors take: <b>EC 310</b>	3
<b>Total Upper-Level Requirements:</b>		<b>27</b>

## Marketing Major

The objective of the major in marketing is to prepare students for a wide range of marketing jobs in both business and not-for-profit organizations and to place our graduates in rewarding and productive careers. Graduates find career opportunities in commercial and industrial distribution, marketing management, marketing research, supply chain management, purchasing, promotion, and advertising. The major is an excellent foundation for graduate work in marketing, Law School or a M.B.A. degree. Students may concentrate in an area of marketing through elective courses offered by the MIDE department.

Students must earn at least a grade of **C** in all stated prerequisite courses for the marketing requirements. A 2.0 GPA for all courses applied to the major is also required. At least 15 hours of the major courses must be taken at UAB. The UAB forgiveness policy may be applied to this major.

### MAJOR REQUIREMENTS FOR MARKETING

Requirement	Fulfilled By:	Hrs.
Required Marketing Courses	Take the following courses (must earn a grade of <b>C</b> or better in stated prerequisites for all major courses, have an overall 2.0 GPA, and have overall 2.0 GPA in all major  <b>MK 312    MK 320    MK 330    MK 408    MK 410</b> <b>MK 421</b>	18
Marketing Electives	Select two courses from 300-level or higher <b>Marketing (MK)</b> courses.  <i>Note: Students may NOT apply MK/IB 416 to this requirement and the IB requirement. COURSE USED ONLY ONCE.</i>	6
<b>Total Major Requirements:</b>		<b>24</b>

### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
Admissions Requirement	Students must be admitted to the School of Business. Please review the School of Business Admissions Requirements.
School of Business Requirements	Students must adhere to all School of Business Academic Requirements. The university's course forgiveness policy is allowed in this major.
Free Electives	If the courses taken to satisfy all of the requirements will not meet the minimum credit hour requirement to graduate, free electives may be taken to reach the required number of hours.

## Industrial Distribution Major

Industrial Distribution programs are joint-degree programs offered by MIDE with the UAB School of Medicine, the UAB School of Health Professions and the UAB School of Engineering. The business-engineering program major focuses on the total industrial distribution (ID) business. Technical and engineering education, along with a solid foundation in the arts and sciences, complement the broad business core. Majors complete five engineering courses specifically tailored for ID students and four ID management courses, which includes an internship/practicum with a host distributor or manufacturing firm.

Industrial distribution graduates are prepared for entry-level positions leading to careers with distributors in technical and industrial sales, sales management, materials and warehouse management, operations, purchasing, inventory management, and branch management. Careers with manufacturers include sales and marketing, procurement, operations, supply chain management and account representative positions.

Students must earn at least a grade of C in all stated prerequisite courses for the Industrial Distribution major requirements and for the Medical Equipment and Supplies Distribution concentration requirements. A 2.0 GPA for all courses used in each major is also required. At least 15 hours of the major courses must be taken at UAB. The UAB forgiveness policy may be applied to these majors.

### MAJOR REQUIREMENTS FOR INDUSTRIAL DISTRIBUTION

Requirement	Fulfilled By:	Hrs.
Lower Level Engineering	Take the following course: <b>ME 101</b>	1
Advanced Engineering	Take the following courses: <b>EE 305 ME 301 ME 302 MSE 350</b>	10
Required Marketing Courses  *May be taken concurrently	Take the following courses: (must earn a grade of <b>C</b> or better in stated prerequisites, have an overall 2.0 GPA and overall 2.0 GPA in all major courses):  <b>MK 320 MK 330 MK 408 MK 430* MK 435*</b> <b>MK 495</b>	17
<b>Total Major Requirements:</b>		<b>28</b>

### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
Admissions Requirement	Students must be admitted to the School of Business. Please review the School of Business Admissions Requirements.
School of Business Require-	Students must adhere to all School of Business Academic Requirements. The university's course
Free Electives	If the courses taken to satisfy all of the requirements will not meet the minimum credit hour requirement to graduate, free electives may be taken to reach the required number of hours.

### Industrial Distribution Electives

The industrial distribution program permits students to choose the following area of emphasis through the selection of approved electives:

#### INDUSTRIAL DISTRIBUTION, MARKETING, & SALES\*

Requirement	Fulfilled By:	Hrs.
Industrial Distribution Electives	Take the following courses: <b>MK 312 MK 421</b> <b>MK 410 MK 450</b>  <i>*Completion of this sequence constitutes a double major in Industrial Distribution and Marketing.</i>	<b>12</b>
<b>Total Elective Requirements:</b>		<b>12</b>

### Medical Equipment and Supplies Distribution

The Medical Equipment and Supplies program integrates the Business curriculum with pre-medicine classes and health professions classes to prepare graduates for careers in the medical equipment and supplies industry. Many students come to UAB to pursue careers in health care. A Medical Equipment and Supplies Distribution concentration is designed to provide students with the skills necessary to succeed in the health care industry as a direct service provider in the supply chain, in purchasing, supply chain management or distribution operations.

**MAJOR REQUIREMENTS FOR INDUSTRIAL DISTRIBUTION WITH MEDICAL EQUIPMENT AND SUPPLIES DISTRIBUTION CONCENTRATION**

<b>Requirement</b>	<b>Fulfilled By:</b>	<b>Hrs.</b>
Lower Level Biology Requirement	Take the following course: (cannot be used in Core Area III): <b>BY 115</b>	4
Allied Health Requirement	Take the following courses: <b>AHS 330 AHS 350</b>	6
Allied Health Requirement	Select one of the following courses: <b>AHS 416 AHS 435</b>	3
Required Marketing Courses  *May be taken concurrently	Take the following courses (must earn a grade of <b>C</b> or better in stated prerequisites, have an overall 2.0 GPA, and have an overall 2.0 GPA in all major courses):  <b>MK 320 MK 330 MK 408 MK 430*</b> <b>MK 435* MK 495</b>	17
<b>Total Major Requirements:</b>		<b>30</b>

### Economics Major

The major in economics is designed to provide students with a solid grounding in economic analysis and quantitative decision making. These skills allow students to follow many career paths in business and government. Also, this major provides excellent training for students planning to pursue graduate work in economics, law, or business.

Students must earn at least a grade of **C** in all stated prerequisite courses any in both economics major concentrations. A 2.0 GPA in all courses used in the major is also required. At least 15 hours of these courses must be taken at UAB. The university's course forgiveness policy may be applied to both economics major concentrations.

Economics majors should select a concentration in **Economic Analysis and Policy**, or **Philosophy and Political Economy** as a major.

### Economic Analysis & Policy

This concentration is suited for students who desire an understanding of the functions of the economy at the micro and macro levels. The analytical skills acquired provide excellent preparation for graduate work or for a variety of careers in industry and government.

Students must earn a minimum grade of **C** in all stated prerequisite courses for any economics major concentration. A 2.0 GPA in all courses applied to the major is also required. At least 15 hours of these courses must be taken at UAB. The university's course forgiveness policy may be applied to either economics major concentration.

**MAJOR REQUIREMENTS FOR ECONOMICS WITH ECONOMIC ANALYSIS & POLICY CONCENTRATION**

<b>Requirement</b>	<b>Fulfilled By:</b>	<b>Hrs.</b>
Economics Requirements	Take the following courses (must earn a grade of <b>C</b> or better in stated prerequisites, have overall 2.0 GPA, and have overall 2.0 GPA in all major courses): <b>EC 304 EC 305</b>	6
Economics Major Electives	Select six courses from the following (must earn a grade of <b>C</b> or better in stated prerequisites, have overall 2.0 GPA, and have overall 2.0 GPA in all major courses):  300-level or higher <b>Economics (EC)</b> courses <b>FN 412</b> Maximum of two 400-level <b>QM</b> courses <i>Note: Students may NOT apply any course to this requirement and the Upper-Division Economics Requirement and/or IB requirement, EACH COURSE USED ONLY ONCE.</i>	18
<b>Total Major Requirements:</b>		<b>24</b>

### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
Admissions Requirement	Students must be admitted to the School of Business. Please review the School of Business Admissions Requirements.
School of Business Requirements	Students must adhere to all School of Business Academic Requirements and major requirements. The university's course forgiveness policy is allowed in this major.
Free Electives	If the courses taken to satisfy all of the requirements will not meet the minimum credit hour requirement to graduate, free electives may be taken to reach the required number of hours.

### Philosophy and Political Economy

The Philosophy and Political Economy concentration focuses on topics in the intersection of philosophy, economics and political science. This concentration trains students to attack a wide range of problems using rigorous analytical techniques. It is an excellent basis for graduate study, whether in philosophy, economics or political science, as well as for those planning to attend law school or for those anticipating careers in journalism, politics, management, intelligence, marketing, industrial organization and many other fields.

Students must earn at least a grade of **C** in all stated prerequisite courses for an economics major concentration. A 2.0 GPA in all courses used in the major is also required. At least 15 hours of these courses must be taken at UAB. The university's course forgiveness policy may be applied to either economics major concentration

### MAJOR REQUIREMENTS FOR ECONOMICS WITH PHILOSOPHY AND POLITICAL ECONOMY CONCENTRATION

Requirement	Fulfilled By:	Hrs.
Philosophy Requirements	Take the following courses: <b>PHL 120 PHL 230 PHL 470</b>	9
Philosophy Requirements	Select one of the following courses: <b>PHL 135 or PHL 235 or one 300 or higher PHL course</b>	3
Economics Requirements	Take the following courses (must earn a grade of <b>C</b> or better in stated prerequisites, have overall 2.0 GPA, and have overall 2.0 GPA in all major courses): <b>EC 304 EC 305</b>	6
Philosophy and Political Economy Requirements	Take the following courses (must earn a grade of <b>C</b> in the stated prerequisites, have overall 2.0 GPA, and overall 2.0 GPA in all major courses): <b>EC 320 EC 330 EC 450</b>	9
Economics Major Electives	Select three courses from the following (must earn a grade of <b>C</b> or better in the stated prerequisites and have overall 2.0 GPA in major courses): 300-level or higher <b>Economics (EC)</b> courses <b>FN 412</b> maximum of two 400-level <b>QM</b> courses <i>Note: Students may NOT apply any course to this requirement and the Upper-Level Economics Requirement and/or IB requirement, EACH COURSE USED ONLY ONCE.</i>	9
<b>Total Major Requirements:</b>		<b>36</b>

### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
Admissions Requirement	Students must be admitted to the School of Business. Please review the School of Business Admissions Requirements.
School of Business Requirements	Students must adhere to all School of Business Academic Requirements and major requirements. The university's course forgiveness policy is allowed in this major.
Free Electives	If the courses taken to satisfy all of the requirements will not meet the minimum credit hour requirement to graduate, free electives may be taken to reach the required number of hours. <b>PHL</b> requirements for this concentration may be used as free electives.

## Course Descriptions

### Marketing (MK) Lower Level

#### **MK 101 - Intro to Consumer Marketing - 3 hrs**

Survey course designed to provide understanding of business marketing practices and consumer decision making processes. Open to all UAB Students.

### Upper Level

#### **MK 303 - Basic Marketing - 3 hrs**

Survey course of the modern business process for planning, distributing, promoting and pricing of products (goods and services) for domestic and international organizations. *Prerequisites:* C or better in BUS 101 or BUS 102, MA 105, AC 200, and EC 210.

#### **MK 312 - Retail Marketing - 3 hrs**

Business to consumer marketing with consideration for location, organization, buying, receiving stock inventory and control, policies, pricing, services, control and personnel management within retail establishments. *Prerequisite:* C or better in MK 303.

#### **MK 313 - Business to Business Marketing - 3 hrs**

Role of supply chain management and industrial marketing. Planning, organizing, implementing and controlling channels of distribution. *Prerequisites:* C or better in AC 201, EC 211, IS 103, LS 246, QM 215 and MK 303.

#### **MK 314 - Consumer Behavior - 3 hrs**

Determinants of consumer behavior, cultural, social, family, economic and business environments within which consumer purchase decisions are made. *Prerequisites:* C or better in AC 201, EC 211, IS 103, LS 246, QM 215 and MK 303.

#### **MK 320 - Industrial Distribution Mgt - 3 hrs**

Introduction to basic problems, concepts, and management practices of industrial distribution firms and manufacturing relationships. History of types of distributor organizations, functions, and role of industrial distribution in economy. *Prerequisites:* C or better in AC 200, BUS 101 or BUS 102, EC 210 and MA 105.

#### **MK 330 - Professional Selling - 3 hrs**

This course combines personal selling theory with actual practice. Students are required to give sales presentations, interact with professional sales representatives, analyze cases, participate in a variety of experiential exercises, use technology extensively, and practice both written and oral business communication. *Prerequisite:* C or better in MK 303.

#### **MK 333 - Sports Marketing - 3 hrs**

Strategic analysis, positioning and marketing of professional and amateur sports events and organizations. The goal is to provide students with a comprehensive view of all that is required to successfully market a sporting organization or event. *Prerequisite:* Junior standing (60 sem. hrs. credit).

#### **MK 408 - Marketing Research - 3 hrs**

Research techniques in marketing with application of research findings to decision making and formulation of marketing strategies. *Prerequisites:* C or better in AC 201, EC 211, IS 103, LS 246, QM 215 and MK 303.

#### **MK 410 - Integrated Marketing Communication - 3 hrs**

Considers the organizations coordinated and strategic use of communication tools used in marketing including advertising, sales promotion, direct marketing, interactive media, publicity/public relations, sponsorship marketing, point-of-purchase communications and personal selling. *Prerequisites:* C or better in AC 201, EC 211, IS 103, LS 246, QM 215 and MK 303.

#### **MK 416 - International Marketing - 3 hrs**

International marketing activities, including environmental issues, marketing strategy and tactical considerations in entering foreign markets. *Prerequisites:* C or better in AC 201, EC 211, IS 103, LS 246, QM 215 and MK 303.

#### **MK 418 - Intro to E-Commerce - 3 hrs**

Management of Internet Technology into the marketing function of organization. Web-based business models, customer support, on-line quality, product pricing, and Internet based channels of distribution development studied. *Prerequisites:* C or better in AC 201, EC 211, IS 103, LS 246, QM 215 and MK 303.

#### **MK 419 - Services Marketing - 3 hrs**

Understanding service customers, customer satisfaction, motivating service employees, improving service quality and role of services in strategy planning. *Prerequisites:* C or better in AC 201, EC 211, IS 103, LS 246, QM 215 and MK 303.

#### **MK 420 - Sales Management - 3 hrs**

Management of personal sales force including recruiting, selecting, training, compensating, and evaluating sales personnel; planning, implementing, and controlling selling strategies. *Prerequisites:* C or better in AC 201, EC 211, IS 103, LS 246, QM 215 and MK 303.

**MK 421 - Entrepreneurship/Marketing Plan - 3 hrs**

Deals with the starting, managing and nurturing a new business venture. Emphasis on development of marketing/ business plans including market/industry/competitor analysis. Project based course. *Prerequisites:* C or better in AC 201, EC 211, IS 103, LS 246, QM 215 and MK 303.

**MK 425 - Advanced Professional Selling - 3 hrs**

Course extends the knowledge and skills needed in a professional career in selling. *Prerequisites:* C or better in MK 320 (or equivalent for other majors), MK 330, MK 420, BUS 350 and admittance into the Professional Sales Certificate Program.

**MK 430 - Industrial Distribution Operations - 3 hrs**

Concepts of value added, profitability, inventory management, scheduling, decision support systems, facilities, and warehouse operations integrated with financial control of distributor operations. Case studies and industrial speakers. *Prerequisites:* C or better in AC 201, EC 211, IS 103, LS 246, QM 215, MK 303 and MK 320.

**MK 435 - Industrial Distribution Policy/Quality - 3 hrs**

Cases incorporating current approaches and procedures for attaining optimum manufacturer/distributor/customer relationships. Methods for planning, implementing, and controlling distribution strategies. Market demand analysis, profitability and multi-branch operations, quality assurance, TQM concepts, and forecasting. *Prerequisites:* C or better in AC 201, EC 211, IS 103, LS 246, QM 215, MK 303, MK 320 and MK 430 (MK 430 may be taken as co-requisite).

**MK 440 - Small Business Consulting/Research - 3 hrs**

Applied field work integrating functional business fields of management, finance, accounting, marketing, economics, production policy, and decision making related to small business enterprises. *Prerequisites:* C or better in FN 310, MG 302 and MK 303.

**MK 445 - Marketing Internship - 3 hrs**

Offers qualified undergraduate students the chance to gain first-hand experience in a local business while receiving academic credit. Must be a marketing major, at least junior standing, B or better in MK 303 and GPA of 2.5 overall. Sponsoring business may require additional courses. *Prerequisites:* C or better in AC 201, EC 211, IS 103, LS 246, and QM 215. Must be a marketing major, junior standing (60 sem. hrs. credit), B or better in MK 303 and GPA of 2.5 overall. Sponsoring business may require additional courses.

**MK 450 - Strategic Marketing - 3 hrs**

Course addresses problems of marketing management with emphasis on planning, implementing and controlling marketing activities with individual firms. *Prerequisites:* C or better in BUS 350, FN 310, MK 312, MK 320, MK 408, and MK 410 or obtain permission of the Department Chair of MIDE and instructor.

**MK 490 - Special Topics in Marketing - 3 hrs**

Selected marketing topics not covered in other marketing courses. *Prerequisite:* C or better MK 303.

**MK 495 - Industrial Distribution Directed Study/Practicum - 2 hrs**

Problems in management of industrial distribution firms, both as suppliers for and customers of manufacturers and other businesses. Students work with host distributor/manufacturer on current and future distribution problem areas.

**MK 499 - Directed Readings in Marketing - 1 to 3 hrs**

Specific areas in marketing.

**Economics (EC) Lower Level****EC 110 - Economics and Society - 3 hrs**

Economic principles and development of economic analysis. Combines key elements of EC 210 and 211. Primarily intended for majors in School of Education seeking to meet certification requirements; also open to students outside School of Business who wish to survey economics in one course. Not open to entering freshmen; not open to majors in School of Business or economics majors in the College of Arts and Sciences.

**EC 210 - Principles of Microeconomics - 3 hrs**

Theory of production and value, including problems of monopoly, oligopoly, and distribution of income. Not open to entering freshmen. (CORE AREA IV).

**EC 211 - Principles of Macroeconomics - 3 hrs**

Economic analysis and its use in dealing with business and governmental problems. National income, price-level, employment, governmental fiscal policies, and international economics. Not open to entering freshmen. *Prerequisite:* C or better in EC 210. (CORE AREA IV).

**Upper Level****EC 301 - Money and Banking - 3 hrs**

Money supply, banking system, and other financial institutions; how money affects aggregate economic activity. *Prerequisites:* C or better in AC 201, EC 210, EC 211, IS 103, LS 246 and QM 215.

**EC 303 - Labor Economics - 3 hrs**

Economic analysis in dealing with major aspects of such problems as employment, wages, hours, unionism, labor-management relations, and social security. Influence of psychological and institutional factors. *Prerequisites:* C or better in AC 201, EC 210, EC 211, IS 103, LS 246 and QM 215.

**EC 304 - Microeconomics - 3 hrs**

Advanced economic principles underlying value and distribution with additional training in application of these principles to problems of analysis. *Prerequisites:* C or better in AC 201, EC 210, EC 211, IS 103, LS 246 and QM 215.

**EC 305 - Macroeconomics - 3 hrs**

Forces determining level of income and employment in economic systems, with special reference to United States. Causes and cures of unemployment. Role of government in maintaining high level of employment. *Prerequisites:* C or better in AC 201, EC 210, EC 211, IS 103, LS 246 and QM 215.

**EC 308 - Economics of Environment - 3 hrs**

Use of economic analysis to examine interaction between economic institutions and physical environment. Specific topics: social costs and benefits of economic growth, interactions between private business and public welfare, and socioeconomic systems and goals. *Prerequisites:* C or better in AC 201, EC 210, EC 211, IS 103, LS 246 and QM 215.

**EC 310 - Managerial Economics - 3 hrs**

Economic theory and its application to managerial decision making process. Demand analysis, estimation, cost analysis, market analysis, pricing strategy. *Prerequisites:* C or better in EC 210, EC 211 and QM 214.

**EC 320 - Behavioral Economics - 3 hrs**

Incorporation of psychology into models of economic behavior. These models are applied to a variety of fields including industrial organization, marketing, and negotiation. *Prerequisite:* C or better in EC 210.

**EC 330 - Cooperation and Competition - 3 hrs**

An introduction to game theory, teaching basic concepts necessary for application to problems in intermediate microeconomics (bargaining, cartels, auctions, incentives, contracts). Mathematics used is either self-contained within the course or restricted to the level of introductory microeconomics. Theory is applied to sample problems from business, politics and social life. An introduction to evolutionary game theory is included. Quantitative Literacy is a significant component of this course (QEP). *Prerequisite:* C or better in EC 210.

**EC 401 - Mathematical Approach to Econ/Business - 3 hrs**

Mathematical approach in economics and business. *Prerequisite:* C or better in EC 304.

**EC 403 - Monetary Economics - 3 hrs**

Current theories of monetary policy and management, historical development of theory and practice, contemporary policies employed by monetary authorities, institutions concerned, evaluation of policies and reform, and interrelations between monetary factors and economic processes. *Prerequisites:* C or better in EC 304 and EC 301 or EC 305.

**EC 404 - Topics in Public Policy - 3 hrs**

Topics in Public Policy. *Prerequisite:* C or better in EC 304.

**EC 405 - Economic Development and Growth - 3 hrs**

Problems of economic development; growth of less developed economies compared with those of advanced economies. Theories of economic development. Policy measures to promote development of growth, with emphasis on measures to accelerate development of countries. *Prerequisite:* C or better in EC 304.

**EC 407 - International Economics - 3 hrs**

Analysis of theoretical principles underlying international trade and investment, and international monetary relations. Study includes the effects on domestic and foreign economies of commercial, monetary and fiscal policies. *Prerequisites:* C or better in AC 201, EC 210, EC 211, IS 103, LS 246 and QM 215.

**EC 408 - Topics History of Economic Theory - 3 hrs**

The development of economic thought from antiquity to the end of the twentieth century, with emphasis on the synthesis of evolving ideas constituting current economic theory. *Prerequisites:* C or better in EC 210 and EC 211.

**EC 409 - Survey of Econometrics - 3 hrs**

Econometric methods emphasizing mathematical formulation and statistical testing of economic theories. Problems and corrective procedures in single-equation regression estimation, such as multicollinearity, autocorrelation, heteroscedasticity, and lagged variables. Identification, estimation, and applications of simultaneous-equation models. *Prerequisites:* C or better in EC 301 or EC 305.

**EC 411 - Public Finance - 3 hrs**

Principles of taxation, government expenditures, borrowing, and fiscal administration. *Prerequisites:* C or better in EC 304.

**EC 413 - Urban Economics - 3 hrs**

Economic issues and structure of metropolitan areas. Economic growth and decay of urban regions. Specific topics: housing, education, employment, political economy, and public safety. *Prerequisites:* C or better in AC 201, EC 210, EC 211, IS 103, LS 246, and QM 215.

**EC 414 - Industrial Organization - 3 hrs**

Structure and performance of monopolistic and oligopolistic industries, emphasizing efficiency, pricing policies, and investment decisions. Extent and nature of concentration in economy as whole. *Prerequisite:* C or better in EC 304.

**EC 420 - Applied Forecasting - 3 hrs**

Practical use of various forecasting techniques on business and economic data. Topics include dynamic regression models, exponential smoothing, forecast criteria, moving averages, seasonality, and univariate Box Jenkins ARIMA modeling. *Prerequisites:* C or better in AC 201, EC 210, EC 211, IS 103, LS 246 and QM 215.

**EC 425 - Applied Regression Analysis - 3 hrs**

Simple, multi-linear, and polynomial regression analysis. Model selection, inferential procedures, and application with computer. *Prerequisites:* C or better in AC 201, EC 210, EC 211, IS 103, LS 246 and QM 215.

**EC 440 - Economics for Educators - 3 hrs**

Students will gain an understanding of both basic economic principles and entrepreneurship and learn innovative methods of transferring economic knowledge to elementary and secondary students. Students will also become well-versed in the National and Alabama State standards of learning. Only open to education majors and certified teachers in K-12. This class is not open to economics or business majors.

**EC 450 - Economics, Institutions & Law - 3 hrs**

The course will study the microeconomic and macroeconomic consequences of different institutional environments and arrangements of designed incentives. This will include political, regulatory and legal structures and rules, both as pertain to actual institutions at the macro level (e.g., the Federal Reserve, the IMF, the World Bank) and regulated structures at the micro level (households and firms). The presumed conceptual frameworks will be based on intermediate microeconomics and introductory macroeconomics. Normative justification of institutional designs will be addressed. *Prerequisites:* EC 211 and EC 304.

**EC 460 - Economics Internship - 3 hrs**

The economics internship program offers qualified students the opportunity to gain first-hand experience in local organizations for a term while receiving academic credit. Participating organizations are expecting to receive high-quality work from the students they sponsor. The active participation by students in actual business decisions of the sponsoring organization is the primary interest of the internship. *Prerequisites:* EC 210, EC 211, EC 304 and 305, 3.0 Economics GPA and permission of instructor.

**EC 490 - Advanced Topics in Economics - 3 hrs**

Selected topics in economics. Quantitative Literacy is a significant component of this course (QEP).

**EC 491 - Co-op Educational Work Program - 3 to 6 hrs****Legal Studies (LS) Lower Level****LS 246 - Legal Environment of Business - 3 hrs.**

Background and survey of current legal system; legal process, contracts, torts, product liability, employment law, securities, anti-trust, and ethics. *Prerequisite:* Sophomore standing (30 sem. hrs. credit).

**Upper Level****LS 457 - Business Law for Accountants - 3 hrs.**

Legal forms of business organization, including partnerships and corporations. Commercial paper, especially negotiable instruments; sales under Uniform Commercial Code; other CPA examination material. *Prerequisites:* C or better in LS 246 and junior standing (60 sem. hrs. credit).

**LS 471 - Legal Elements of Fraud Investigation - 3 hrs.**

Key legal principles and courtroom procedures relevant to forensic accounting, and survey of related topics--criminology theory, evidence management, and litigation services. *Prerequisite:* C or better in LS 246.

The School of Engineering provides professional education in engineering through the Departments of Biomedical Engineering; Civil, Construction, and Environmental Engineering; Electrical and Computer Engineering; Materials Science and Engineering; and Mechanical Engineering.

Each undergraduate curriculum is comprised of four components: the UAB Core Curriculum as specified for engineering majors, basic mathematics and science courses; a series of engineering courses intended to provide a breadth of technical education; and concentrated study in a particular engineering discipline. The curricula are designed to prepare the graduate to practice the profession of engineering and effectively participate as a member of society. All undergraduate programs are accredited by the Engineering Accreditation Commission (EAC) of the Accreditation Board for Engineering and Technology (ABET), the national accrediting agency for

engineering programs, 111 Market Place, Suite 1050; Baltimore, MD 21202-4012; telephone (410) 347-770.

At the graduate level, the School of Engineering offers programs of study leading to the Master of Science in Biomedical Engineering, the Master of Science in Civil Engineering, the Master of Science in Electrical Engineering, the Master of Science in Materials Engineering, and the Master of Science in Mechanical Engineering. A Master of Engineering degree is offered with concentrations in Construction Engineering Management and Information Engineering Management. The Doctor of Philosophy degree in Biomedical Engineering and the Doctor of Philosophy degree in Interdisciplinary Engineering are also offered. Joint Doctor of Philosophy degrees are offered in Materials/Metallurgical Engineering, Materials Science, and Civil Engineering. A shared Doctor of Philosophy degree in Computer Engineering is available.

In order to keep pace with accreditation standards as well as educational and technological developments, the School of Engineering reserves the right to make changes in its degree requirements. Changes may be applied to students already enrolled, but, in such cases, every effort will be made to give the student the benefit of the new educational program without imposing undue hardships.

Students are expected to know and follow the most up-to-date set of guidelines as detailed in the current School of Engineering Guidelines for Admission, Academic Progress and Academic Conduct. A copy of this manual may be obtained from the School of Engineering Office of Academic Programs, or may be accessed on line at <http://main.uab.edu/soeng/Templates/Inner.aspx?pid=114689>.

## Vision

To be a nationally and internationally recognized research-oriented School of Engineering, a first choice for undergraduate and graduate education.

## Mission

To prepare engineering graduates to be immediately productive and able to adapt and to lead in a rapidly changing environment, and also to create and apply knowledge for the benefit of society.

## Goals

- Provide an excellent educational experience for a community of highly capable students that reflect the diversity of our society;
- Develop an education and research program that fosters the development of a community of scholars capable of defining and solving problems to benefit society;
- Develop an internationally recognized research program focused in distinctive multi-discipline areas;
- Develop extensive and mutually beneficial relationships that foster understanding, respect, and a sense of common responsibility;

Birmingham, Alabama 35294-4440  
Telephone: 205-934-8410  
E-mail: [info@uab.edu](mailto:info@uab.edu)

### UAB Admissions Office

Hill University Center  
1400 University Boulevard Room 260  
Birmingham, Alabama 35294-1150  
Telephone: 205-934-8221  
E-mail: [undergradadmit@uab.edu](mailto:undergradadmit@uab.edu)

## Pre-college Preparation

The recommended program of high school preparation for the study of engineering includes four units of English; four units of mathematics (including algebra, geometry, trigonometry, and calculus); four units of science (biology, chemistry, and physics are strongly recommended); and four units of social science (history, psychology, sociology, etc.). Mechanical drawing, keyboarding, and computer science are also excellent preparatory courses.

## Admission to the School of Engineering

All freshmen students who meet the University's requirements for unconditional admission as a degree seeking student (as stated in the current UAB catalog), and wish to major in engineering, are admitted as Pre-Engineering students, and are designated as Pre-Biomedical, Pre-Civil, Pre-Electrical, Pre-Materials, or Pre-Mechanical Engineering based on their intended major. Undecided students are designated as Pre-General Engineering.

Students admitted to UAB conditionally or on academic probation may be admitted to Biomedical, Civil, Electrical, Materials or Mechanical Engineering only upon successful completion of the requirements for advancement listed below.

All transfer students or students seeking re-admission to UAB must have a cumulative GPA of 2.20. These students are not admitted directly to an engineering major but are designated as Pre-Biomedical, Pre-Civil, Pre-Electrical, Pre-Materials, or Pre-Mechanical Engineering based on their intended major.

Students currently enrolled in other UAB schools or divisions seeking admission to engineering but who have not complete the requirements to advance to an engineering major may be admitted to a pre-engineering category if their institutional (UAB) GPA is a 2.20 or greater.

## Requirements for Advancing from Pre-Engineering to Civil, Electrical, Materials or Mechanical Engineering

In order to advance from pre-engineering to one of the engineering majors listed above, students must meet the following minimum requirements:

- Sophomore standing (completion of at least 32 hours)
- Completion (C or better) of MA 125 Calculus I and MA 126 Calculus II
- Completion (C or better) of two required science courses with appropriate labs
- Completion of EGR 110 and EGR 111 Introduction to Engineering I and II (or EGR 200) and ME 102 Engineering Graphics, and EGR 150 Computer Methods and Engineering
- An institutional (UAB) GPA of 2.20

Transfer students receive a Pre-Engineering designation for a minimum of one semester following admission to UAB, and are then admitted to their chosen department upon completion of the minimum requirements listed above.

If a student is not eligible to advance into an engineering major after completing a maximum of 64 hours of course work with pre-engineering status, he or she is required to transfer to a major outside the School of Engineering. If a student fails to change major at this time, he or she will be administratively moved to General Studies (Exploratory Studies) and may not seek readmission to the School of Engineering until another baccalaureate degree is earned.

## Requirements for Advancing from Pre-Engineering to Biomedical Engineering

In order to advance from pre-engineering to Biomedical Engineering, students must meet all of the following minimum requirements:

- Sophomore standing (the completion of at least 32 hours)
- Completion (C or better) of MA 125 Calculus I and MA 126 Calculus II
- Completion (C or better) of two required science courses with appropriate labs
- Completion of EGR 110 and EGR 111 Introduction to Engineering I and II (or EGR 200)
- Completion of ME 102 Engineering Graphics
- An institutional (UAB) GPA of 3.20 (transfer students must also have an overall GPA of 3.20)

Transfer students receive a Pre-Engineering designation for a minimum of one semester following admission to UAB, and are then are admitted to their chosen department upon completion of the minimum requirements listed above.

If a Pre-Biomedical or Pre-Engineering student is not eligible to advance into Biomedical Engineering after completing a maximum of 64 hours of course work, they may advance into another engineering major if the qualifications for that major (as listed above) are met. Pre-Biomedical or Pre-Engineering students not eligible to advance into an engineering major after completing a maximum of 64 hours of course work are required to transfer to a major outside the School of Engineering. If a student fails to change major at this time, he or she will be administratively moved to General Studies (Exploratory Studies) and may not seek readmission to Biomedical Engineering until another baccalaureate degree is earned.

## **Direct Admission to Biomedical Engineering**

Freshmen with an ACT score of 28 or higher (or SAT equivalent), and a high school GPA of 3.20 or higher, may be admitted directly to the Biomedical Engineering program.

## **Transient Students**

Transient students who wish to enroll in engineering courses must provide evidence that prerequisites have been satisfied through transcripts and/or grade reports. See University policy on non-degree seeking student status for additional information.

## **Change of Major within the School of Engineering**

Students changing majors within the School of Engineering should complete a Change of School/Major Request Form in the School of Engineering Office of Academic Programs. Students must meet the requirements for advancement listed previously.

## **Reasonable Progress**

All courses required for a degree in engineering, as well as any preparatory courses which individual students may be required to take, must be successfully completed within three attempts. Withdrawal from a course constitutes an attempt. Failure to do so will result in transfer to Exploratory Studies. This policy applies to all courses taken after admission to UAB.

Completion of required mathematics courses and any preparatory mathematics courses that engineering students may be required to take is essential to reasonable progress toward an engineering degree. Engineering students enrolled in MA 125 Calculus I who meet any one of the following criteria must enroll in EGR 125R Engineering Applications of Calculus I.

- earned a C in MA 107
- repeating MA 125 Calculus I
- taking MA 125 Calculus I as their first college math course with an ACT math subscore less than 27 (SAT subscore less than 620)

Engineering students enrolled in MA 126 Calculus II who meet either of the following criteria must enroll in EGR 126R Engineering Applications of Calculus II

- earned a C in MA 125
- repeating MA 126 Calculus II

All students in the School of Engineering must continually make reasonable progress toward the completion of their academic programs. Reasonable progress for engineering students with the exception of students majoring in biomedical engineering is defined as maintaining a GPA of at least 2.0 in all UAB courses, and all UAB engineering courses. Biomedical engineering majors must maintain an institutional (UAB) GPA of at least 3.0. In addition, a student must successfully complete two courses applicable to an engineering program within a 12-month period. A student dismissed from the School of Engineering after failing to meet the requirements to advance to an engineering major after attempting 64 hours of pre-engineering may not seek readmission to the School of Engineering until another baccalaureate degree is earned.

Additional information can be found in the *UAB School of Engineering Guidelines for Admission, Academic Progress and Conduct*. A copy of this manual may be obtained from the School of Engineering Office of Academic Programs, or may be accessed on line at <http://main.uab.edu/soeng/Templates/Inner.aspx?pid=114689>.

## Academic Warning, Probation, and Suspension

The School of Engineering follows the UAB Policy for Academic Warning, Probation, and Suspension with the following additions:

1. Students on Academic Warning or Probation are advised to register for no more than 14 semester credit hours per term.
2. While on Academic Warning or Probation, students may only register for 100 and 200 level engineering courses, or repeat courses for which they previously earned a grade of D or F.
3. Students suspended from the University will be removed from the School of Engineering and returned to General Studies (Exploratory Studies) if another major is not specified at the time of suspension. Students may not seek readmission to the School of Engineering unless and until the requirements for advancing from Pre-Engineering to Civil, Electrical, Materials, Mechanical, or Biomedical Engineering (as specified in Section I) are met.
4. First-term freshmen students in Biomedical Engineering who have an institutional (UAB) GPA below a 3.0 will be placed on Academic Warning. If their institutional (UAB) GPA is not a 3.0 or greater after the next term enrolled, the student will be placed on Academic Probation in Biomedical Engineering. Biomedical students (excluding first-term freshmen) who have an institutional (UAB) GPA below a 3.0 will be placed on Academic Probation. Biomedical Engineering students who do not attain an institutional (UAB) GPA of 3.0 in their next term attempted will be reclassified as Pre-General Engineering.

## Graduation Requirements

In addition to satisfying the general UAB graduation requirements (Baccalaureate Degrees), all engineering students must earn an engineering grade point average (GPA) of at least 2.00 in order to graduate. The engineering grade point average includes all engineering course work, applicable to the degree, attempted at UAB. Students who are on academic warning or probation cannot graduate from the School of Engineering. The School of Engineering follows the University's Course Repeat and Forgiveness Policy as stated in this catalog.

## Minors in Engineering

A student majoring in one of the disciplines offered through the Schools of Arts and Humanities, Natural Sciences and Mathematics, or Social and Behavioral Sciences may select a minor in engineering to become familiar with topics including biomedical engineering, electrical systems, engineering materials, thermodynamic sciences, statics, and dynamics. Because technology greatly affects most aspects of society, the study of technology in conjunction with the pursuit of a non-engineering major can provide a worthwhile career-oriented educational experience.

Because enrollment in engineering courses is restricted, it is essential that students with declared minors in engineering receive an approved program of study. These students should visit the School of Engineering Office of Academic Programs to receive relevant information. Students planning to minor in engineering should exercise care in the selection of courses to meet the requirements of their major as well as concurrently satisfying prerequisite requirements for engineering courses. Students should be particularly aware of the mathematics and natural sciences prerequisites.

To satisfy the minor requirements, a minimum grade point average of 2.0 is required for all engineering coursework attempted for all programs except biomedical engineering which requires a minimum GPA of 3.0 in all engineering coursework. Transfer students wishing to earn a minor in engineering must take at least nine (9) semester hours at UAB and earn a minimum GPA of 2.0 in UAB engineering courses attempted with the exception of biomedical engineering. For the biomedical engineering minor, students must earn a minimum GPA of 3.0 in UAB engineering coursework attempted and must take at least nine (9) semester hours at UAB. Students who are not majoring in biomedical engineering but wish to enroll in 300- or 400-level BME courses must fulfill course prerequisites, have an institutional (UAB) GPA of at least 3.00, and be approved by the BME Undergraduate Program Director.

A non-engineering major who wishes to minor in engineering may choose one of the minor programs listed here.

### MINOR REQUIREMENTS FOR APPLIED MECHANICS

Requirement	Fulfilled By:	Hrs.
Grade Requirement	A minimum GPA of 2.0 is required for all engineering coursework. Transfer students must earn a minimum GPA of 2.0 in UAB engineering courses attempted.	-
Required Engineering courses	Take all of the following courses: <b>CE 210 CE 220 CE 360 ME 215</b>	12
Civil Engineering electives	Select three of the following courses: <b>CE 420 CE 460 CE 461 CE 462 CE 464</b>	9
<b>Total Minor Requirements:</b>		<b>21</b>

### MINOR REQUIREMENTS FOR BIOMEDICAL ENGINEERING

Requirement	Fulfilled By:	Hrs.
Grade Requirement	A minimum GPA of 3.0 is required for all engineering coursework. Transfer students must earn a minimum GPA of 3.0 in UAB engineering courses attempted.	-
Required Engineering courses	Take all of the following courses: <b>BME 210 BME 401 EGR 200 or (EGR 110 and EGR 111)</b>	6
Biomedical Engineering electives	Select three of the following courses: <b>BME 310 BME 312 BME 313 BME 333 BME 340 BME 350</b>	9
	Select two of the following courses: <b>BME 408 BME 417 BME 435 BME 446 BME 462</b> <b>BME 412 BME 420 BME 442 BME 450 BME 471</b> <b>BME 414 BME 423 BME 443 BME 461 BME 480</b>	6
<b>Total Minor Requirements:</b>		<b>21</b>

### MINOR REQUIREMENTS FOR CIVIL ENGINEERING

Requirement	Fulfilled By:	Hrs.
Grade Requirement	A minimum GPA of 2.0 is required for all engineering coursework. Transfer students must earn a minimum GPA of 2.0 in UAB engineering courses attempted.	-
Required Civil Engineering courses	Take all of the following courses: <b>CE 210 CE 220 CE 230 CE 236</b>	12
Civil Engineering electives	Select three of the following courses: <b>CE 332 CE 360 CE 450 CE 455 ME 215</b> <b>CE 345 CE 395 CE 453 CE 457</b>	9
<b>Total Minor Requirements:</b>		<b>21</b>

### MINOR REQUIREMENTS FOR ELECTRICAL ENGINEERING

Requirement	Fulfilled By:	Hrs.
Grade Requirement	A minimum GPA of 2.0 is required for all engineering coursework. Transfer students must earn a minimum GPA of 2.0 in UAB engineering courses attempted.	-
Required Electrical Engineering Courses	Take all of the following courses: <b>EE 210 EE 300 EE 316 EGR 150</b> <b>EE 233 EE 312 EE 351</b>	23
<b>Total Minor Requirements:</b>		<b>23</b>

### MINOR REQUIREMENTS FOR ENGINEERING SCIENCE

Requirement	Fulfilled By:	Hrs.
Grade Requirement	A minimum GPA of 2.0 is required for all engineering coursework. Transfer students must earn a minimum GPA of 2.0 in UAB engineering courses attempted.	-
Required Engineering courses	Take all of the following courses: <b>CE 210 EE 312 EGR 200 or (EGR 110 and EGR 111) ME 241 MSE 280</b>	14
Engineering electives	Select two of the following courses: <b>EE 210 ME 215 ME 321 MSE 281</b>	6
<b>Total Minor Requirements:</b>		<b>20</b>

### MINOR REQUIREMENTS FOR ENVIRONMENTAL ENGINEERING

Requirement	Fulfilled By:	Hrs.
Grade Requirement	A minimum GPA of 2.0 is required for all engineering coursework. Transfer students must earn a minimum GPA of 2.0 in UAB engineering courses attempted.	-
Required Civil Engineering courses	Take all of the following courses: <b>CE 236 CE 337 CE 430 CE 480</b>	12
Engineering electives	Select three of the following courses: <b>CE 344 CE 434 CE 485</b> <b>CE 433 CE 437 CH 371</b>	9
<b>Total Minor Requirements:</b>		<b>21</b>

### MINOR REQUIREMENTS FOR MATERIALS ENGINEERING

Requirement	Fulfilled By:	Hrs.
Grade Requirement	A minimum GPA of 2.0 is required for all engineering coursework. Transfer students must earn a minimum GPA of 2.0 in UAB engineering courses attempted.	-
Required Materials Engineering courses	Take all of the following courses: <b>MSE 280 MSE 380 MSE 382</b> <b>MSE 281 MSE 381 MSE 465</b>	19
Materials Engineering electives	Select one of the following courses: <b>MSE 413 MSE 430 MSE 464 MSE 470</b>	3
<b>Total Minor Requirements:</b>		<b>22</b>

### MINOR REQUIREMENTS FOR MECHANICAL ENGINEERING - THERMAL SYSTEMS

Requirement	Fulfilled By:	Hrs.
Grade Requirement	A minimum GPA of 2.0 is required for all engineering coursework. Transfer students must earn a minimum GPA of 2.0 in UAB engineering courses attempted.	-
Required Engineering courses	Take all of the following courses: <b>ME 241 ME 242 ME 321 ME 322</b>	12
Mechanical Engineering electives	Select nine hours from courses approved by Mechanical Engineering Undergraduate Program Director.	9
<b>Total Minor Requirements:</b>		<b>21</b>

## MINOR REQUIREMENTS FOR MECHANICAL ENGINEERING - MECHANICAL SYSTEMS

Requirement	Fulfilled By:	Hrs.
Grade Requirement	A minimum GPA of 2.0 is required for all engineering coursework. Transfer students must earn a minimum GPA of 2.0 in UAB engineering courses attempted.	-
Required Engineering courses	Take all of the following courses: <b>CE 210   CE 220   ME 370   ME 371</b> <b>ME 215</b>	15
Mechanical Engineering electives	Select six hours from courses approved by Undergraduate Program Director.	6
<b>Total Minor Requirements:</b>		<b>21</b>

## MINOR REQUIREMENTS FOR SOFTWARE ENGINEERING

Requirement	Fulfilled By:	Hrs.
Grade Requirement	A minimum GPA of 2.0 is required for all engineering coursework. Transfer students must earn a minimum GPA of 2.0 in UAB engineering courses attempted.	-
Required Electrical Engineering courses	Take all of the following courses: <b>EE 210   EE 333   EE 432</b> <b>EE 233   EE 337   EGR 150</b>	19
Electrical Engineering Electives	Select one of the following courses: <b>EE 433   EE 447   EE 452</b>	3
<b>Total Minor Requirements:</b>		<b>22</b>

## Office of Academic Programs

**Director:** Melinda M. Lalor

The freshman year program is similar among the engineering curricula at UAB. It is based upon substantial high school preparation in English, mathematics, and natural sciences. Students must enroll in appropriate English, chemistry, mathematics, or physics sequences according to placement. Incomplete preparation at the high school level is not unusual, and coursework to strengthen the student's academic background is routinely offered by UAB. Advice on this subject may be obtained from the Office of Academic Programs.

### Suggested Freshman Year

		Sem. Hrs.
EGR	110/111*	2
EGR	150	3
ME	102	2
CH	115	3
CH	116	1
CH	117**	3
CH	118†	1
EH	101	3
EH	102	3
MA	125	4
MA	126	4
PH	221/221L	4
<b>Total semester hours</b>		<b>33</b>

\*Transfer students may substitute EGR 200 Introduction to Engineering Design for EGR 110/EGR 111.

\*\* Except for EE. †Except for EE and ME.

## Honors Programs

**Honors programs are offered by all undergraduate degree programs in the School of Engineering:**

- Biomedical Engineering
- Civil Engineering
- Electrical Engineering
- Materials Engineering
- Mechanical Engineering

### **Purpose**

The Honors Programs are intended to enrich educational opportunities for talented students in the School of Engineering.

### **Eligibility**

Students who have earned a GPA of at least 3.25 have successfully completed or are enrolled in MA 227 Calculus III or EGR/MA 265 Mathematical Tools for Engineering Problem Solving and receive departmental endorsement may be eligible to participate in an engineering honors program. Invitations are extended by the Dean's office in January of each year.

### **Requirements**

Honors programs require nine credit hours of honors coursework above the 128 hours required for a bachelor's degree.

- Students enroll in two one-hour courses no later than the junior year.
  - EGR 301 Honors Research I and
  - EGR 302 Honors Research II
- Students enroll in a one-hour departmental seminar which can be taken at any time in their course of study.
- Students complete six hours of credit in honors research

### **Benefits**

Students who complete an engineering honors program will have earned nine additional credit hours in honors coursework. Honors research beyond the required six hours may be applied as graduate credit. Students who complete an honors program in engineering with a minimum GPA of 3.0 will receive a bachelor's degree "with Honors" in addition to any University honors designations.

### **Contact**

For more information about Engineering Honors Programs, contact Dr. Melinda M. Lalor, Associate Dean of Engineering, School of Engineering, Birmingham, AL 35294-4440. Telephone (205) 934-8410

## Pre-Health Program Option

A number of students choose a pre-health curriculum before pursuing a course of study in one of the health disciplines, such as medicine, dentistry, or optometry. As health professions become more technologically based, engineering provides an excellent undergraduate preparation for these fields. All courses necessary for passage of professional-school entrance examinations should be completed by the end of the sophomore year.

The additional coursework for this option includes the following:

BY	123	Introductory Biology I
BY	124	Introductory Biology II
BY	271	The Biology of Microorganisms (pre-optometry only)
BY	XXX	Elective (for pre-dental only)
CH	235	Organic Chemistry I
CH	236	Organic Chemistry I Laboratory
CH	237	Organic Chemistry II
CH	238	Organic Chemistry II Laboratory

Other courses in psychology, sociology, and computer science may be required. UAB School of Optometry requires one semester of psychology and two semesters of additional courses in any social and behavioral science. UAB School of Dentistry encourages additional courses to enhance manual dexterity (sculpting, painting, etc.) You are advised to check with the Admissions Office of the specific schools to which you are applying for further details.

Any undergraduate program in engineering can be configured to satisfy pre-health requirements but requires additional coursework. Further information on pre-health program options can be obtained from:

Dr. Dale S. Feldman  
School of Engineering Pre-Health Program Coordinator  
Hoehn Engineering Building  
Office of Academic Programs  
1075 13<sup>th</sup> Street South  
Room 370  
Birmingham, Alabama 35294-4440

## **Business Administration Minor for Non-Business Majors**

Engineering students may choose to pursue a Minor in Business Administration. This minor combined with an undergraduate engineering degree and co-op/internship experience provides a powerful and highly sought-after combination in today's competitive economy. Engineering students interested in exploring the Business Administration Minor, should contact the academic advisor in the School of Engineering [(205) 934-8410].

### **Course Descriptions Engineering (EGR)**

#### **EGR 110 - Introduction to Engineering I - 1**

Introduction to profession of engineering, engineering specialties; education requirements; team work and present and future societal demands on profession. *Prerequisites:* (may be taken concurrently) MA 102 or MA 105 or MA 106 or MA 107 or MA 125.

#### **EGR 125R - Engineering Applications of Calculus I - 1**

An application based course designed to reinforce concepts from MA 125.

#### **EGR 126R - Engineering Applications of Calculus II - 1**

An application based course designed to reinforce concepts from MA 126.

#### **EGR 150 - Computer Methods in Engineering - 3**

An introduction to engineering computation using MATLAB language and Excel. Basic programming skills using built-in functions is emphasized. Generation and manipulation of vectors and matrices, operations on vectors/matrices, plotting, iterations calculations. If/else and other logical constructs, and data input/output are covered. Engineering applications are used throughout the course. *Prerequisites:* MA 106 or MA 107 or MA 125 (may be taken concurrently)

#### **EGR 200 - Introduction to Engineering Design - 2**

Profession of engineering, ethics and safety, engineering specialties and career opportunities, educational requirements, introduction to engineering design, team work and technical communications, and present and future societal demands on profession.

#### **EGR 265 - Math Tools for Engineering Problem Solving - 4**

Designed to allow engineering majors to utilize the terminology and problem-solving approaches inherent to engineering, while completing their mathematical preparation. This course is equivalent to MA 227 and MA 252. *Prerequisites:* MA 126

#### **EGR 301 - Honors Research I - 1**

Introduces students to research methodology, ethics, data analysis, and technical communication. Students must be invited into program in order to enroll. *Prerequisites:* MA 227 or EGR 265

#### **EGR 302 - Honors Research II - 1**

Introduces honors students to research possibilities available in School of Engineering departmental honors programs. *Prerequisites:* EGR 301

#### **EGR 400 - Special Topics in (Study Away) - 0 to 9**

Independent studies in various subject and/or service areas outside the state of Alabama or the continental United States.

#### **EGR 490 - Special Topics in (Area) - 0 to 3**

Special Topics in engineering.

#### **EGR 499 - Industrial Distribution Senior Design Project - 4**

Capstone design project: interdisciplinary design teams, ethics, materials selection, the design process, development of a proposal, project planning and scheduling, project execution and resource scheduling. Successful completion and oral defense of a design project. Limited to students majoring in Industrial Distribution.

### CORE CURRICULUM FOR THE SCHOOL OF ENGINEERING

Requirement	Fulfilled By:	Hrs.
Area I: Written Composition	Take both of the following courses (must earn a C or better): <b>EH 101    EH 102</b>	6
Area II: Literature	Select one of the following courses: <b>EH 216    EH 217    EH 218    EH 221    EH 222    EH 223    EH 224</b>	3
Area II: Fine Arts	Select one of the following courses: <b>ARH 101    ARH 204    MU 120    THR 105</b> <b>ARH 203    ARH 206    THR 100    THR 200</b>	3
Area II: Fine Arts/Humanities	Select one of the following courses: <b>AAS 200    CHI 102    EH 221    FR 201    ITL 102    PHL 115    SPA 202</b> <b>ARA 101    CHI 201    EH 222    FR 202    ITL 201    PHL 116    THR 100</b> <b>ARA 102    CHI 202    EH 223    GN 101    JPA 101    PHL 120    THR 105</b> <b>ARH 101    CM 101    EH 224    GN 102    JPA 102    PHL 125    THR 200</b> <b>ARH 203    CM 105    FLL 120    GN 201    JPA 201    PHL 203</b> <b>ARH 204    EH 216    FLL 220    GN 202    JPA 202    SPA 101</b> <b>ARH 206    EH 217    FR 101    GN 204    MU 120    SPA 102</b> <b>CHI 101    EH 218    FR 102    ITL 101    PHL 100    SPA 201</b>	3
Area III: Mathematics	Take the following course: <b>MA 125</b>	4
Area III: Natural Sciences	Take both of the following courses (with laboratories): <b>PH 221    PH 222</b>	8
Area IV: History	Select one of the following courses: <b>HY 101    HY 102    HY 104    HY 105    HY 120    HY 121</b>	3
Area IV: Social & Behavioral Sciences	Select one of the following courses: <b>ANTH 101    EC 210    HY 101    HY 121    PSC 121    PY 101    SOC 245</b> <b>ANTH 106    EC 211    HY 102    ITS 101    PSC 122    PY 212    WS 100</b> <b>ANTH 120    GEO 121    HY 120    ITS 205    PSC 212    SOC 100</b>	3
Area IV: Social & Behavioral Sciences (Non-History)	Select one of the following courses: <b>ANTH 101    EC 210    ITS 101    PSC 122    PY 212    WS 100</b> <b>ANTH 106    EC 211    ITS 205    PSC 212    SOC 100</b> <b>ANTH 120    GEO 121    PSC 121    PY 101    SOC 245</b>	3
Sequence Requirement:	As part of Area II or Area IV, students must complete a two-course sequence. Courses must have the same prefix and must be sequential, if possible.	-
<b>Total Core Curriculum Requirements:</b>		<b>36</b>

### UNIVERSITY REQUIREMENTS FOR THE SCHOOL OF ENGINEERING

Requirement	Fulfilled By:
Credit Hours	In order to receive a degree in the School of Engineering at UAB, a student must have at least 128 semester hours of acceptable credit.

## Department of Biomedical Engineering

**Chair:** Timothy M. Wick

**Faculty:** Dobbins, Eberhardt, Fast, Feldman, Jun, Lemons, Lucas, Pollard, Rigney, Rogers, Smith, Song, Stokely, Twieg, Yao

Biomedical engineering (BME) is the application of engineering principles and technology to the solution of problems in the life sciences and medicine. Graduates create and apply knowledge at the interface of life sciences and engineering for the benefit of society. The BME undergraduate program prepares graduates to be immediately productive and able to adapt to a rapidly changing environment. The curriculum includes basic engineering core courses, mathematics, calculus-based physics, biology and chemistry, fine arts, humanities, history, social and behavioral sciences, as well as biomedical engineering core courses and electives. The curriculum culminates in a capstone design experience where interdisciplinary teams apply knowledge to solve real-world engineering problems. A bachelor's degree in BME from UAB provides a foundation in medical devices, biomedical implants, biomaterials, and biomedical instrumentation to compete in an increasingly technical medical field, as well as preparing students for graduate or professional school.

The Biomedical Engineering program is accredited by the Engineering Accreditation Commission (EAC) of the Accreditation Board for Engineering and Technology, Inc. (ABET), 111 Market Place, Suite 1050; Baltimore, MD 21202-4012; telephone (410) 347-7700.

Freshmen with an ACT score of 28 or higher (or SAT equivalent) and a high school GPA of 3.20 or higher may be admitted directly to the Biomedical Engineering program. All other freshmen and transfer students who meet the University requirements for unconditional admission as a degree seeking student (as stated in the current UAB Undergraduate Catalog) and wish to major in engineering are admitted as pre-engineering students and could be designated as Pre-Biomedical Engineering.

In order to advance from pre-engineering to Biomedical Engineering, students must meet all of the following minimum requirements:

- Sophomore standing (completion of at least 32 hours)
- Completion (C or better) of Calculus I and II
- Completion (C or better) of two required science courses with appropriate labs
- Completion of Introduction to Engineering (EGR 110 and EGR 111 or EGR 200)
- Completion of Engineering Graphics (ME 102)
- An institutional (UAB) GPA of 3.20 (transfer students must also have an overall GPA of 3.20)

Students can transfer into Biomedical Engineering from other programs within UAB once the minimum requirements to advance stated above have been met. Transfer students from other institutions (universities, colleges, junior colleges, community colleges) receive a Pre-Engineering designation for a minimum of one semester following admission to UAB, then are admitted to their chosen department upon completion of the minimum requirements listed above. Students admitted as degree-seeking post baccalaureate, however, will be considered on an individual basis.

BME students must maintain an institutional (UAB) GPA of at least 3.00 or higher. Students who do not meet this requirement will be put on BME probation for one term, during which time the student must raise their institutional GPA above 3.00. If at the end of the probation term, the institutional (UAB) GPA is not above 3.00 the student will be reclassified as PEGR (Pre-General Engineering). To be re-admitted to the BME program, the student must have an institutional (UAB) GPA of at least 3.20 and make a formal application for readmission.

BME students must have an institutional (UAB) GPA of at least 3.00 and completed at least 64 hours of course work applicable to degree before they may register for 300-level and 400-level BME courses. BME students must also have an institutional (UAB) GPA of 3.00 or higher and have earned a grade of C or better in all BME courses to graduate.

In addition to fulfilling course prerequisites, non-BME students or students seeking a BME minor who wish to enroll in 300-level and 400-level BME courses must have an institutional (UAB) GPA of 3.00 as well as permission of the BME Undergraduate Advisor. Non-BME majors may not enroll in BME 423, BME 498, or BME 499. In addition a minimum overall GPA of 3.00 is required for all engineering course work applied to a BME minor. Transfer students seeking a BME minor must take at least nine (9) semester hours and earn a minimum GPA of 3.00 in UAB engineering courses attempted.

Highly qualified undergraduate students may be admitted to the BME Honors Program, which offers students an opportunity to develop research skills while earning graduate credit towards a Masters of Science degree in Biomedical Engineering (MSBME) and/or a Doctor of Philosophy degree (PhD). Acceptance into the BME Honors program requires that students complete at least 32 hours (including MA 227 Calculus III or EGR 265 Mathematical Tools for Engineering Problem Solving), with at least an earned 3.4 GPA in those courses. To graduate with BME Honors, students must complete the BME undergraduate curriculum plus additional seminar courses and at least 6 credits of Honors Research, culminating in a written thesis and public defense. Students who successfully complete the program will receive an Honors certificate at the UAB Honors Convocation Recognition and transcript will read "Graduation with Honors in Biomedical Engineering".

**Vision**

To be an internationally recognized, research oriented Department of Biomedical Engineering: a top choice for undergraduate and graduate education.

**Mission**

To improve healthcare by making scientific discoveries, solving problems and advancing technology using quantitative methods; to prepare graduates to succeed in the evolving fields of biomedical engineering and biotechnology

**Educational Objectives**

Graduates of the Biomedical Engineering undergraduate program will:

1. Further their education in graduate or professional school, or gain employment in engineering and/or health related professions.
2. Pursue opportunities for professional growth and development.
3. Serve their profession and community.

The following requirements are in addition to the core requirements found on page 418.

**LOWER DIVISION REQUIREMENTS FOR BIOMEDICAL ENGINEERING**

Requirement	Fulfilled By:	Hrs.
General Chemistry Requirement	Take both of the following courses (with laboratories): <b>CH 115/CH 116      CH 117/CH 118</b>	8
Required Courses	Take all of the following courses: <b>BY 123    BY 409    MA 126</b> <b>BY 210    EGR 265    MA 260</b>	22
<b>Total Lower Division Requirements:</b>		<b>30</b>

**MAJOR REQUIREMENTS FOR BIOMEDICAL ENGINEERING**

Requirement	Fulfilled By:	Hrs.
Required Engineering Courses	Take all of the following courses: <b>CE 210    EGR 150    ME 102    MSE 280    EE 312</b> <b>EGR 200 or (EGR 110 and EGR 111)      ME 215</b>	19
Required Biomedical Engineering Courses	Take all of the following courses: <b>BME 210    BME 313                      BME 350    BME 499</b> <b>BME 310    BME 333/333L              BME 423</b> <b>BME 312    BME 340                      BME 498</b>	30
Biomedical Engineering Electives	Select six hours of <b>Biomedical Engineering (BME)</b> courses. <b>BME 408    BME 417    BME 442    BME 450    BME 471</b> <b>BME 412    BME 420    BME 443    BME 461    BME 490</b> <b>BME 414    BME 435    BME 446    BME 462    BME 495*</b> *Student must be enrolled in BME Honors Program	6
Engineering (EGR) Electives	One of these may satisfy three hours of BME electives but should be chosen in consultation with the primary BME advisor. Other electives may also be selected but in consultation with the primary BME advisor. <b>CE 337    CE 420    ME 360    ME 405    MSE 484</b> <b>CE 360    EE 411    ME 371    MSE 380</b>	3
Math/Science (MA/SCI) Electives	Other electives may be selected in consultation with the primary BME advisor. <b>BY 216    CH 235    CH 355    MA 360    MA 445</b> <b>BY 261    CH 237    MA 261    MA 444    MA 453</b>	3
Biomedical Engineering Seminar	Take one hour of Biomedical Engineering Seminar: <b>BME 401</b>	1
<b>Total Major Requirements:</b>		<b>62</b>

## ADDITIONAL REQUIREMENTS FOR BIOMEDICAL ENGINEERING

Requirement	Fulfilled By:
School of Engineering Admission, Academic Progress, and Academic Conduct	Students are required to follow the most up-to-date set of guidelines as detailed in the most current School of Engineering Guidelines for Admission, Academic Progress, and Academic Conduct.
School of Engineering Reasonable Progress Requirement	All students in the Department of Biomedical Engineering must maintain an institutional UAB GPA of at least 3.0.
School of Engineering Graduation Requirements	Students must have a 3.0 GPA in all UAB coursework in order to graduate with a degree in Biomedical Engineering. All required courses failed at UAB must be repeated at UAB in order for a student to receive credit.

### Curriculum for the Bachelor of Science in Biomedical Engineering (B.S.B.M.E.)

Freshman Year	Sem Hrs	Sophomore Year <sup>1</sup>	Sem. Hrs.
BY 123	4	BME 210	3
CH 115	3	BY 210	3
CH 116	1	CE 210	3
CH 117	3	EE 312	3
CH 118	1	EGR 265**	4
EH 101	3	MA 260	3
EH 102	3	EGR 150	3
EGR 110/111*	2	MSE 280	3
MA 125	4	PH 221	3
MA 126	4	PH 221L	1
ME 102	2	PH 222	3
<b>Total semester hours</b>	<b>30</b>	PH 222L	1
		<b>Total semester hours</b>	<b>33</b>

\*Transfer students may substitute EGR 200, Introduction to Engineering Design for EGR 110/EGR 111.

\*\*Students may also take MA 227-Calculus III and MA 252-Differential Equations instead of EGR 265 Mathematical Tools for Engineering Problem Solving and a 3-hour BME/Math/Science elective.

\*\*\* Please refer to the Core Curriculum as specified for engineering majors on page 418.

<sup>1</sup> Supplemental sophomore career advising is offered by BME faculty in addition to the academic advising provided by the School of Engineering Office of Academic Programs (OAP). Schedule approval must be obtained through the academic advisors in the OAP until a student met the requirements to advance to BME as a major. BME faculty advise and approve schedules for BME students in good standing.

Junior Year <sup>2</sup>	Sem. Hrs.	Senior Year	Sem. Hrs.
BME 310	3	BME 401	1
BME 312	3	BME 3XX/4XX	3
BME 313	3	BME 4XX	3
BME 333	3	BME 4XX	3
BME 340	3	BME 423	3
BME 350	3	BME 498	3
BY 409	4	BME 499	3
ME 215	3	HFA II	3
Elective	3	HFA III	3
HFA I	3	SBS II	3
SBS I	3	SBS III	3
<b>Total semester hours</b>	<b>31</b>	<b>Total semester hours</b>	<b>31</b>

\*\*\* Please refer to the Core Curriculum as specified for engineering majors on page 418.

<sup>2</sup> Students using this curriculum as a pre-health professional program (pre-med, pre-dental or pre-optometry) should take BY 124 Intro to Biology II, CH 235/236 Organic Chemistry I and CH 237/238 Organic Chemistry II to prepare for professional school entrance exams. Three credit hours from the organic chemistry sequence may count toward the BME degree if taken as the BME/EGR/MA/SCI elective. Additionally, BY 261 Microbiology and BY 330 Cell Biology are highly recommended.

<sup>3</sup> Seminars may be taken during any semester depending on the student's schedule

<sup>4</sup> Must be chosen from the approved list of electives.

## Course Descriptions

### Biomedical Engineering (BME)

#### **BME 011- Coop/Internship in BME**

Engineering workplace experience in preparation for student's intended career.

#### **BME 210 - Engineering Biology - 3**

Application of engineering to the study of biology on the cellular and molecular level. Engineering solutions in genomics, proteomics, and nanotechnology to investigate cellular and molecular process. *Prerequisites:* BY 123 and PH 222 and (BY 210 or BY 116)

#### **BME 310 - Biomaterials - 3**

Wide range of materials used for biomedical applications. Physical, chemical and mechanical properties of biomaterials. *Prerequisites:* BME 210 and MSE 280

#### **BME 312 - Biocomputing - 3**

A survey course in practical computational techniques used in biomedical engineering. *Prerequisites:* [(MA 227 and MA 252) or EGR 265] and MA 260 and (EGR 150 or EE 134 or ME 130)

#### **BME 313 - Bioinstrumentation - 3**

An introduction to instrumentation used to make biological and physiological measurements. Techniques include acquisition and analysis of bioelectric signals and several imaging modalities. *Prerequisites:* EE 312 and [(MA 227 and MA 252) or EGR 265]

#### **BME 330 - Biomechanics - 3**

Application of solid and fluid mechanics to biomedical engineering problems, statics, dynamics, and mechanics of solids and fluids. Stress-strain of bone; viscoelasticity of tissues; Non-Newtonian behavior of blood. *Prerequisites:* CE 220 and ME 251 and [(MA 227 and MA 252) or EGR 265]

#### **BME 333 - Biomechanics of Solids - 3**

Application of mechanics of solids principles to biomedical engineering problems; stress-strain of bone; viscoelasticity and constitutive equations of tissues; mechanics of the cell; introduction of molecular mechanics. Lecture and laboratory. *Prerequisites:* (ME 215 or CE 215) and [(MA 227 and MA 252) or EGR 265]

#### **BME 340 - Bioimaging - 3**

Provides an overview of diagnostic imaging examining the major imaging modalities such as X-Ray/CT, Nuclear Imaging, Ultrasound, and Magnetic Resonance and in vivo molecular imaging approaches. Discusses physical principles of image formation, image interpretation and patient safety. *Prerequisites:* BME 210 and EE 312 and [(MA 227 and MA 252) or EGR 265]

#### **BME 350 - Biological Transport Phenomena - 3**

Basic mechanisms and mathematical analysis of transport processes with biological and biomedical applications. Analysis flow, transport and reaction processes for biological fluids and biological molecules with applications towards development of artificial organs, drug delivery systems, and tissue engineering products. *Prerequisites:* PH 222 and BME 210 and (BY 409 or BY 116) and (ME 215 or CE 215) and [(MA 227 and MA252] or EGR 265)

#### **BME 395 - Honors Research Practicum - 1 to 6**

Research opportunities for undergraduate students in the Biomedical Engineering Honors Program. Research areas include cardiac electrophysiology, brain imaging, and biomedical implants.

#### **BME 401 - Undergraduate BME Seminar - 1**

Undergraduate seminar.

#### **BME 405 - Biomedical Product Development - 2**

Design and development issues for the medical-products industry. Consideration of the impact of legal regulatory issues and marketing issues will be addressed. Business ethics and economics will also be covered.

#### **BME 408 - Biofluids - 3**

Application of fluid mechanics in blood flow in the circulatory system; cardiovascular fluid mechanics, wall shear stress and the development of atherosclerosis, viscoelastic behavior of the arteries, Non-Newtonian character of blood. *Prerequisites:* (ME 251 or BME 350) and (CE 220 or BME 333) and [(MA 227 and MA 252) or EGR 265]

#### **BME 412 - Biomechanical Measurements - 3**

Observation, measurement and analysis of basic biomechanical variables such as stress, strain, pressure and flow. Emphasis on basic experimental examples and using the computer for data acquisition, processing, analysis, and preparation of laboratory reports. *Prerequisites:* (ME 251 or BME 350) and (CE 220 or BME 333)

#### **BME 414 - Biocomputing II - 3**

Basics of computer modeling. Students will identify a specific physiological phenomenon, implement the mathematical equations to represent the phenomena in a computer model, and then test and validate the model including comparison with published experimental data. *Prerequisites:* BME 312

**BME 417 - Engineering Analysis - 3**

Solutions to engineering problems involving ordinary and partial differential equations; Laplace transform, power series, Bessel functions, Legendre polynomials, Fourier series, Fourier integral and transform, Sturm-Liouville and separation of variables  
*Prerequisites:* [(MA 227 and MA 252) or EGR 265]

**BME 420 - Implant-Tissue Interactions - 3**

An overview of implant biocompatibility including tissue histology, histopathology of implant response and the regulatory process for medical devices. Emphasis placed on ethical issues related to design, development, and implementation of biomedical implants. *Prerequisites:* BME 210 and BME 310 and MSE 280

**BME 423 - Living Systems Analysis - 3**

Basic concepts and techniques of measurement processing and analysis of data from living systems. Statistics, analysis of variance, regression analysis. Labs include blood flow data acquisition and analysis, implant biocorrosion testing, evaluation and analysis of cell proliferation and apoptosis. Emphasis is placed on writing lab reports in a style similar to research papers. *Prerequisites:* BME 498 or may be taken concurrently

**BME 435 - Tissue Engineering - 3**

Principles underlying strategies for regenerative medicine such as stem-cell based therapy, scaffold design, proteins or genes delivery, roles of extracellular matrix, cell-materials interactions, angiogenesis, tissue transplantation, mechanical stimulus and nanotechnology. *Prerequisites:* BME 210 and BME 310

**BME 442 - Principles of Medical Imaging - 3**

For medical imaging energies: principles and physics of interaction of ionizing radiation with matter, Bremsstrahlung, attenuation coefficients, Compton scatter, nuclear disintegration of radionuclides, and generation of medical radionuclides. *Prerequisites:* PH 222 and EE 312 and [(MA 227 and MA 252) or EGR 265]

**BME 443 - Medical Image Processing - 3**

A lab-based introduction to processing, analysis and display techniques for medical imaging. *Prerequisites:* PH 222 and EE 312 and [(MA 227 and MA 252) or EGR 265]

**BME 446 - Principles of MRI - 3**

Technical fundamentals of NMR imaging and applications. Physical fundamentals, MR imaging techniques, and clinical role of MR imaging. *Prerequisites:* MA 260, PH 222, and [(MA 227 and MA 252) or EGR 265]

**BME 450 - Computational Neuroscience - 3**

This course examines the computational principles used by the nervous system. Topics include: biophysics of axon and synapse, sensory coding (with an emphasis on vision and audition), planning and decision-making, and synthesis of motor responses. There will be an emphasis on systems approach throughout. Homework includes simulations. *Prerequisites:* BME 312

**BME 461 - Bioelectric Phenomena - 3**

Quantitative methods in electrophysiology of neural, cardiac, and skeletal muscle systems. *Prerequisites:* [(PH 222 and BME 312)] or (PH 222 and [(MA 227 and MA 252) or EGR 265] and EGR 150 or ME 130 or EE 134)

**BME 462 - Cardiac Electrophysiology - 3**

Semi-quantitative methods in cardiac electrophysiology. Analysis of the electrocardiogram (ECG), cellular dynamics, propagation in the heart including spiral waves, and the effect of electric fields on the heart. *Prerequisites:* PH 222 and [(MA 227 and MA 252) or EGR 265]

**BME 471 - Continuum Mechanics of Solids - 3**

Matrix and tensor mathematics, fundamentals of stress, momentum principles, Cauchy and Piola-Kirchoff stress tensors, static equilibrium, invariance, measures of strain, Lagrangian and Eulerian formulations, Green and Almansi strain, deformation gradient tensor, infinitesimal strain, constitutive equations, finite strain elasticity, strain energy methods, 2-D Elasticity, Airy Method, viscoelasticity, mechanical behavior of polymers. *Prerequisites:* (CE 220 or BME 333) and [(MA 227 and MA 252) or EGR 265]

**BME 480 - Biomolecular Modelling - 3**

Computational methods to understand molecular mechanisms of normal function and disease related biological phenomena. Fundamentals of structural biology: genetic sequence to protein structure and function, nucleic acid membrane structure and function. Major techniques and their principles and algorithms for biomolecular modeling including molecular dynamics. Monte Carlo simulations, and electrostatics. Laboratories and projects will provide students hands-on experience in using different software packages such as VMD, GROMACS, and APBS. Lecture and laboratory. *Prerequisites:* BME 312 and BME 210 and CH 117 and BME 417 and [(MA 227 and MA 252) or EGR 265]

**BME 489 - Undergraduate Research in BME - 0**

Undergraduate research experiences in biomedical engineering.

**BME 490 - Special Topic in BME - 3**

Special Topic in BME.

**BME 491 - Individual Study in (Area) - 1 to 6**

Individual Study in BME

**BME 494 - Honors Research I - 1 to 3**

Research experiences for undergraduates enrolled in the departmental honors program. The student should write a proposal and make a presentation based on the proposal. *Prerequisites:* EGR 301 and EGR 302

**BME 495 - Honors Research II - 1 to 3**

Research opportunities for undergraduate students in the Biomedical Engineering Honors Program. Research areas include cardiac electrophysiology, brain imaging, biomedical implants, and tissue engineering. *Prerequisites:* BME 494 or BME 395

**BME 496 - BME Honors Seminar - 1**

Must be enrolled in BME Honors Program.

**BME 498 - Capstone Design I Product Development- 3**

Design and development issues for the medical-products industry. Consideration of the impact of legal regulatory issues and marketing issues will be addressed. Business ethics and economics will also be covered. Emphasis is placed on communication in both an oral and written format to targeted audiences. Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* (BME 310 and BME 312 and BME 313) may be taken concurrently and (BME 333 or CE 220)

**BME 499 - Capstone Design II - 3**

Capstone design project; interdisciplinary design team; ethics; materials selection; design process; development of proposal; project planning and scheduling; project execution and resource scheduling; communication of design; interim and final design reviews with oral and written reports. Emphasis is placed on communication of design and design justification in both an oral and written format to targeted audiences. *Prerequisites:* BME 498 and ME 102

## Department of Civil, Construction, and Environmental Engineering

**Chair:** Fouad H. Fouad

**Faculty:** Du, Hitchcock, Kirby, Lalor, Peters, Salama, Sisiopiku, Uddin, Waldron

The Department of Civil, Construction, and Environmental Engineering offers a broad-based program in civil engineering, which covers mechanics and structures, soils, surveying, transportation, water resources, environmental engineering, and construction engineering management. Computer applications are emphasized in all areas. The program is based on a strong foundation of mathematics, physical sciences, humanities, and social sciences and is supported by a series of basic courses from other engineering disciplines. The primary objective of the program is to prepare students for entry into the civil engineering profession as a design engineer. The Civil, Construction, and Environmental Engineering program is accredited by the Engineering Accreditation Commission (EAC) of ABET (Accreditation Board for Engineering and Technology, Inc.), 111 Market Place Suite 1050; Baltimore, MD 21202-4012; telephone: (410) 347-7700.

Electives in the academic program may be selected from courses in structural engineering, construction engineering management, environmental engineering, geotechnical engineering, and transportation engineering. These courses allow students to emphasize a particular area in their undergraduate academic program. Judicious selection of these electives may be used as additional preparation for a specific design career or for entry into a specialized civil engineering certificate or engineering graduate program.

Qualified, motivated undergraduate students may also participate in the Departmental Honors Program.

**Vision**

The Vision of the Department of Civil, Construction, and Environmental Engineering is to be a nationally and internationally recognized, research-oriented department; a first choice for graduate and undergraduate education.

**Mission**

The Mission of the Department of Civil, Construction, and Environmental Engineering is to prepare graduates to be immediately productive and able to adapt to a rapidly changing environment, and to create and apply knowledge for the benefit of society.

**Educational Objectives**

The Civil Engineering Undergraduate Program will prepare graduates to:

- Advance in their careers
- Continue to grow professionally
- Actively participate in professional service

The following requirements are in addition to the core requirements found on page 418.

**LOWER DIVISION REQUIREMENTS FOR CIVIL ENGINEERING**

<b>Requirement</b>	<b>Fulfilled By:</b>	<b>Hrs.</b>
General Chemistry Requirement	Take both of the following courses (with laboratories): <b>CH 115/CH 116      CH 117/CH 118</b>	8
Required Courses	Take all of the following courses: <b>EE 312    EGR 150    EGR 265    MA 126    ME 251</b> <b>EGR 110/111      EH 300    ME 102</b>	22
<b>Total Lower Division Requirements:</b>		<b>30</b>

**MAJOR REQUIREMENTS FOR CIVIL ENGINEERING**

<b>Requirement</b>	<b>Fulfilled By:</b>	<b>Hrs.</b>
Required Civil Engineering Courses	Take all of the following courses: <b>CE 200    CE 221      CE 236/236L    CE 344    CE 395    CE 455    ME 215</b> <b>CE 210    CE 222      CE 332/332L    CE 345    CE 430 or CE 480    CE 497</b> <b>CE 220    CE 230/230L    CE 337      CE 360    CE 450    CE 499/499L</b>	53
Civil Engineering Electives	Choose nine hours from <b>Civil Engineering (CE)</b> courses at the 400-level or above. <b>Construction Engineering Management Electives</b> <b>CE 600    CE 601      CE 604      CE 606    CE 631    CE 658</b> <b>CE 601    CE 603      CE 605      CE 607    CE 649    CE 692</b> <b>Environmental Engineering Electives</b> <b>CE 430*    CE 433      CE 434      CE 437    CE 480*    CE 485</b> <i>*Either of these courses will fulfill required undergraduate course.</i> <b>Geotechnical Engineering Electives</b> <i>The following elective courses are recommended for students who are interested in applications in geotechnical engineering:</i> <b>CE 390    CE 426      CE 442</b> <b>Structural Engineering Electives</b> <i>The following elective courses are recommended for students who are interested in applications in structural engineering:</i> <b>CE 416    CE 426      CE 454      CE 457    CE 461    CE 464      CE 468</b> <b>CE 420    CE 453      CE 456      CE 460    CE 462    CE 467</b> <b>Transportation Engineering Electives</b> <i>The following elective courses are recommended for students who are interested in applications in transportation engineering:</i> <b>CE 442    CE 443      CE 444      CE 457</b>	9
<b>Total Major Requirements:</b>		<b>62</b>

**ADDITIONAL REQUIREMENTS FOR THE SCHOOL OF ENGINEERING**

<b>Requirement</b>	<b>Fulfilled By:</b>
School of Engineering Guidelines for Admission, Academic Progress, and Academic Conduct	Students are required to follow the most up-to-date set of guidelines as detailed in the most current School of Engineering Guidelines for Admission, Academic Progress, and Academic Conduct.
School of Engineering Reasonable Progress Requirement	All students in the School of Engineering must maintain an Institutional GPA of 2.0 in all UAB courses, and all UAB Engineering courses applicable to the degree.
School of Engineering Graduation Requirements	Students must have a 2.0 GPA in all UAB coursework and all UAB engineering coursework applicable to degree in order to graduate with a degree from the School of Engineering. All required courses failed at UAB must be repeated at UAB in order for a student to receive credit.

## Curriculum for the Bachelor of Science in Civil Engineering (B.S.C.E.)

Freshman Year			Sophomore Year		
		Sem. Hrs.			Sem. Hrs.
CH 115	General Chemistry I	3	CE 200	Engineering Geology	2
CH 116	General Chemistry I Laboratory	1	CE 210	Statics	3
CH 117	General Chemistry II	3	CE 220	Mechanics of Solids	3
CH 118	General Chemistry II Laboratory	1	CE 221	Mechanics of Solids Laboratory	1
EGR 110/111*	Introduction to Engineering	2	ME 215	Dynamics	3
EH 101	English Composition	3	EGR 150	Engineering Computations	3
EH 102	English Composition	3	EGR 265**	Engineering Problem Solving	4
MA 125	Calculus I	4	PH 222/222L	General Physics II and Laboratory	4
MA 126	Calculus II	4	CE 236/236L	Environmental Engineering and Laboratory	3
ME 102	Engineering Graphics	2	Area II Core Curriculum requirement <sup>1</sup>		3
PH 221/221L	General Physics I and Laboratory	4	Area II Core Curriculum requirement <sup>1</sup>		3
<b>Total semester hours</b>		<b>30</b>	<b>Total semester hours</b>		<b>32</b>

\*Transfer students may substitute EGR 200, Introduction to Engineering Design for EGR 110/EGR 111 Introduction to Engineering I and II.

\*\* Students may also take MA 227-Calculus III and MA 252-Differential Equations instead of EGR 265 Mathematical Tools for Engineering Problem Solving and a 400-level CE elective.

<sup>1</sup>Please refer to the Core Curriculum as specified for Engineering majors.

Junior Year			Senior Year		
		Sem. Hrs.			Sem. Hrs.
CE 222	Civil Engineering Materials Laboratory	1	CE 430	Water Supply & Drainage <b>or</b>	
CE 230/230L	Plane Surveying & Laboratory	3	CE 480	Water & Wastewater Treatment	3
CE 337	Hydraulics	3	CE 450	Structural Steel Design	3
CE 344	Civil Engineering Analysis	3	CE 455	Reinforced Concrete Design	3
CE 345	Transportation Engineering	3	CE 497	Construction Engineering Management	3
CE 360	Structural Analysis	3	CE 499/499L	Civil Engineering Design Project	3
EE 312	Electrical Systems	3	Area II Core Curriculum requirement <sup>1</sup>		3
CE 332/332L	Soils Engineering and Laboratory	4	EH 300	Engineering Communications	2
CE 395	Engineering Economics	3	CE 4XX	Civil Engineering Elective (400 level)*	3
ME 251	Introduction to Thermal Sciences	2	CE 4XX	Civil Engineering Elective (400 level)*	3
Area IV Core Curriculum requirement <sup>1</sup>		3	CE 4XX	Civil Engineering Elective (400 level)*	3
Area IV Core Curriculum requirement <sup>1</sup>		3	Area IV Core Curriculum requirement <sup>1</sup>		3
<b>Total semester hours</b>		<b>34</b>	<b>Total semester hours</b>		<b>32</b>

<sup>1</sup> Please refer to the Core Curriculum as specified for engineering majors.

\* Any 400-level UAB Civil Engineering courses not included as a requirement in Civil Engineering curriculum may be selected.

## Certificate Programs in the Department of Civil, Construction, and Environmental Engineering

The Department of Civil, Construction, and Environmental Engineering offers five Category A Certificates in the following areas:

- Certificate in Construction Engineering Management
- Certificate in Environmental Engineering
- Certificate in Geotechnical Engineering
- Certificate in Structural Engineering
- Certificate in Transportation Engineering

### The requirements are as follows:

- Students must be admitted to the Department as either undergraduate or graduate students in Civil, Construction and Environmental Engineering.
- Certificates require a minimum of 15 semester hours consisting of one required undergraduate course (which will also count toward the BSCE degree at UAB) and four graduate level elective courses in the area of specialization.

- Graduate level elective courses taken may be applied to the certificate as well as a MSCE degree.
- One course, up to three semester hours, may be transferred from another institution. This may be the required course or one of the graduate level courses.
- Only one course listed with an asterisk (\*) may be applied to a certificate. As an example, for the transportation certificate, students may apply either CE 649 Engineering Liability or CE 658 Engineering Management.
- Courses taken from UA and UAH by IITS may be applied to certificates.
- Elective course may be taken at the 500, 600, or 700 level.

### **Certificate in Construction Engineering Management**

- Required course (3 semester hours) CE 497 Construction Project Management or equivalent.
- Select electives from the following list to earn 12 semester hours  
(Refer to UAB Graduate Catalog for course descriptions)

CE 600	Sustainable Engineering Design	CE 607	Engineering Entrepreneurship
CE 601	Construction Methods	CE 608	Green Building Design
CE 602	Construction Contracting, Bidding, and Estimating	CE 609	Advanced Topics in Engineering Law
CE 603	Construction Accounting and Financial Management	CE 631	Environmental Law
CE 604	International Construction Contracts and Law	CE 649	Engineering Liability
CE 605	Project Management	CE 658	Engineering Management
CE 606	Advanced Project Management	CE 692	Civil Engineering Capstone

### **Certificate in Environmental Engineering**

- Required course (3 semester hours): CE 236 Introduction to Environmental Engineering or equivalent:
- Select electives from the following list to earn 12 semester hours

CE 530	Water Supply and Drainage Design	CE 639	Sediment Sources and Controls
CE 533	Solid and Hazardous Wastes	CE 640	Wastewater Treatment Engineering
CE 534	Air Quality Modeling and Monitoring	CE 649	Engineering Liability*
CE 537/537L	Environmental Experimental Design and Field Sampling and Laboratory	CE 658	Engineering Management*
CE 544	Civil Engineering Analysis II	CE 681	Environmental Chemistry
CE 580	Introduction to Waste and Wastewater Treatment	CE 682	Water Treatment Engineering
CE 631	Environmental Law*	CE 683	Water and Wastewater Treatment Unit Processes
CE 632	Industrial Water and Wastewater Treatment	CE 685	Engineering Hydrology
CE 636	Stormwater Pollution Management	CE 686	Engineering Hydrogeology
CE 638	Water and Wastewater Chemistry	CE 687	Stormwater Detention Pond Design

\*Only one course listed with an asterisk may be applied to this certificate.  
(Refer to UAB Graduate Catalog for course descriptions.)

### **Certificate in Geotechnical Engineering**

- Required course (3 semester hours): CE 332 Soil Engineering or equivalent
- Select electives from the following list to earn 12 semester hours

CE 526	Foundation Engineering	CE 649	Engineering Liability*
CE 544	Civil Engineering Analysis	CE 658	Engineering Management*
CE 557	Concrete Technology	CE 690	Special Topics in Advanced Geotechnical Engineering

\*Only one course listed with an asterisk may be applied to this certificate.  
(Refer to UAB Graduate Catalog for course descriptions.)

## Certificate in Structural Engineering

- Required course (3 semester hours): CE 360 Structural Analysis or equivalent:
- Select electives from the following list to earn 12 semester hours

### Structural Analysis Electives (Minimum 3 hours)

CE 516	Mechanical Vibrations	CE 612	Theory of Elasticity
CE 520	Advanced Mechanics	CE 615	Theory of Elastic Stability
CE 560	Structural Mechanics	CE 617	Theory of Plates and Shells
CE 561	Introduction to the Finite Element Method	CE 662	Advanced Structural Analysis
CE 562	Advanced Structural Analysis	CE 663	Finite Element Methods
CE 564	Structural Dynamics		

### Structural Design Electives (Minimum 3 hours)

CE 526	Foundation Engineering	CE 567	Wind and Seismic Loads
CE 553	Design of Wood Structures	CE 568	Bridge Engineering
CE 554	Design of Masonry Structures	CE 650	Advanced Structural Steel Design
CE 556	Prestressed Concrete Design	CE 655	Advanced Reinforced Concrete

### Other Electives (Maximum 3 hours)

CE 542	Highway Materials and Construction*	CE 649	Engineering Liability*
CE 557	Concrete Technology*	CE 658	Engineering Management*

\*Only one course listed with an asterisk may be applied to this certificate.  
(Refer to UAB Graduate Catalog for course descriptions.)

## Certificate in Transportation Engineering

- Required course (3 semester hours): CE 345 Transportation Engineering or equivalent
- Select electives from the following list to earn 12 semester hours

CE 542	Highway Materials and Construction	CE 624	Simulation Models for Transportation Applications
CE 543	Pavement Design and Construction	CE 625	Intelligent Transportation Systems*
CE 544	Civil Engineering Analysis II	CE 646	Traffic Engineering Operations
CE 557	Concrete Technology	CE 648	Urban and Transportation Planning
CE 568	Bridge Engineering	CE 649	Engineering Liability*
CE 622	Traffic Flow Theory	CE 658	Engineering Management*
CE 623	Non-Motorized Transportation Design and Planning		

\*Only one course listed with an asterisk may be applied to this certificate.  
(Refer to UAB Graduate Catalog for course descriptions.)

## Course Descriptions

### Civil Engineering (CE)

#### CE 011 - Coop/Internship in CE - 0

Engineering workplace experience in preparation for the student's intended career.

#### CE 120 - Engineering the Environment - 3

Introduction to environmental engineering issues, structural engineering, and other civil engineering disciplines. Laboratories conducted to compliment lectures and introduce practical hands-on research aspects of civil engineering. Not available for credit toward engineering major.

#### CE 200 - Engineering Geology - 2

The solid earth, the nature of the earth's crust and surficial processes.

#### CE 210 - Statics - 3

Newton's laws of motion. Vector algebra. Concepts of position and moment vector. Equivalent force systems. Free body concept. Equations of equilibrium. Analysis of pin-connected trusses. Friction. Properties of surfaces. Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* MA 126 and PH 221 and [(EGR 110 and EGR 111 or EGR 200)]

**CE 220 - Mechanics of Solids - 3**

Variation of stress at a point. Equilibrium requirements and body force concepts. Variation of strain at a point. Strain gages and rosettes. Stress-strain relationships. Analysis of axially loaded bars, circular shafts in torsion, bending of beams, buckling of columns, and stability of rotating shafts. Analysis of simple, statically determinate and indeterminate structures. *Prerequisites:* CE 210

**CE 221 - Mechanics of Solids Laboratory - 1**

Strain gage installation and applications. Standard tensile, torsion, bending, and column tests. Measurement of forces, displacements, strains, and other variables. *Prerequisites:* CE 220 (may be taken concurrently)

**CE 222 - Civil Engineering Materials Laboratory- 1**

Materials testing laboratory evaluating properties of materials of construction such as cement, concrete, masonry, and asphalt. Design of Portland cement concrete and asphaltic concrete mixes. *Prerequisites:* CE 220 (maybe taken concurrently)

**CE 230 - Plane Surveying - 3**

Care and use of surveying instruments, surveying methods, error theory, traversing, stadia, mapping techniques, circular and parabolic curves, areas, and volumes. *Prerequisites:* MA 125

**CE 230L - Plane Surveying Laboratory - 0**

To provide the student with an understanding of the principles of land measurement, the instruments and techniques used in surveying, theory of errors and mathematical precision in engineering analysis and design. To provide an introduction to route surveying, and the principles of horizontal and vertical curves. Companion laboratory to CE 230 and must be taken concurrently.

**CE 236 - Environmental Engineering - 3**

Air/water pollution and solid waste. Quality of environment. Environmental health. Regulations and legal considerations. Must have a grade of C or better to complete this course. *Prerequisites:* CH 117 and MA 125

**CE 236L - Environmental Engineering Laboratory - 0**

Laboratory equipment and methods. Biological, chemical, and physical tests to determine characteristics of water and wastewater. Companion laboratory to CE 236 and must be taken concurrently.

**CE 332 - Soil Engineering - 4**

Soil identification and properties, stress concepts, permeability settlement analysis, soil compaction, bearing capacity, shear strength of soil. *Prerequisites:* CE 200 and CE 220

**CE 332L - Soil Engineering Laboratory - 0**

Soil classification, strength tests, permeability and consolidation tests. Companion laboratory to CE 332 and must be taken concurrently.

**CE 337 - Hydraulics - 3**

Fundamentals of hydraulics including properties of water; hydrostatic forces and pressures; flow, head losses, and related phenomena in pipes; river hydrograph routing; statistical hydrology; flow in open channels; culvert design; applied hydraulic modeling. Must have a grade of C or better to complete the course. *Prerequisites:* MA 126

**CE 344 - Civil Engineering Analysis I - 3**

Inspection and treatment of data using exploratory data analysis. Introduction to probability. Basic data analysis using comparisons and regression. Quality control and reliability analyses. Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* MA 126

**CE 345 - Transportation Engineering - 3**

Function, influence, characteristics, and operation of transportation systems and facilities.

**CE 360 - Structural Analysis - 3**

Reactions, shears, moments, and axial forces in determinate and indeterminate structures. Influence lines; moment area and energy methods of computing deflections; methods of truss and frame analysis. Computer applications. Must have a grade of C or better to complete the course. *Prerequisites:* CE 220

**CE 390 - Computer Methods in CE - 3**

Selected electronic computer techniques for solution of problems in geotechnical engineering, structural engineering, surveying, and transportation. *Prerequisites:* [(MA 227 and MA 252) or EGR 265]

**CE 395 - Engineering Economics - 3**

Fundamental concepts of engineering economy. Introduction to cost and revenue estimating and cash flow analysis for engineering projects. Choosing between alternatives taking into account the time value of money, depreciation, inflation, income taxes and risk factors. *Prerequisites:* MA 125

**CE 410 - FE Review for Civil Engineers - 1**

Review concepts of the engineering core and civil engineering in preparation for the Fundamentals of Engineering (FE) exam.

**CE 420 - Advanced Mechanics - 3**

Variation of stress at point including determination of principal and maximum shear stresses. Basic problems involving symmetrical deformation; thickwall cylinders, spheres, and rotating disks. Torsions of noncircular sections. Curved beams. Failure Theories. Unsymmetrical bending and shear center. *Prerequisites:* CE 220

**CE 421 - Transportation Egr Seminar - 1**

Seminar focusing on student research and guest presentations of various topics of interest to transportation engineering students.

**CE 426 - Foundation Engineering - 3**

Application of principles of soil mechanics to: determine bearing capacity and settlement of spread footings, mats, single piles and pile groups; site investigation, evaluate data from field and tests; estimation of stresses in soil masses; lateral resistance of piles and pile group; retaining walls, sheet piles, and coffer-dams. *Prerequisites:* CE 332

**CE 430 - Water Supply/Drainage Design - 3**

Water requirements; wastewater characteristics. Hydraulics and design of sewers; distribution and reuse of water. Development of water supplies; design considerations. *Prerequisites:* CE 337

**CE 433 - Solid and Hazardous Wastes Mgt - 3**

Overview of waste characterizations, regulations, and management options.

**CE 434 - Air Quality Modeling/Monitoring - 3**

Atmospheric pollutant effects, reactions and sources. Air dispersion modeling. Ambient monitoring. *Prerequisites:* ME 251

**CE 437 - Environmental Experimental Design and Field Sampling - 3**

Experimental design, sensitivity analyses, water sampling, and flow monitoring. Receiving water chemical reactions. Field investigations. Lecture and laboratory. *Prerequisites:* CE 344

**CE 437L - Environmental Experimental Design and Field Sampling Laboratory - 0**

Laboratory experiences for environmental experimental design and field sampling. Companion laboratory to CE 437 and must be taken concurrently.

**CE 440 - CE Honors Research - 3**

Departmental honors students work closely with faculty researchers and graduate students in departmental concentration specialties to develop research skills.

**CE 441 - CE Honors Seminar - 1**

Seminar focusing on student research and guest presentations of various topics of interest to civil and environmental engineering students.

**CE 442 - Highway Materials and Construction - 3**

Properties of materials used in highway construction. Construction methods and management. *Prerequisites:* CE 332 and CE 345

**CE 443 - Pavement Design and Const - 3**

Analysis of stresses and strains in pavement systems. Design and construction of flexible and rigid pavements, base courses, and sub-grades. Effects of loading on pavement life. *Prerequisites:* CE 345

**CE 444 - Civil Engineering Analysis II - 3**

Sampling and experimental design. Hypothesis testing, decision analysis, multiple regression analysis; nonparametric methods, Analysis of experimental data in civil engineering research; regression, experimental design and non-parametrical analysis. *Prerequisites:* CE 344

**CE 447 - Engineering Optimization and Modeling - 3**

Mathematical techniques for analysis of systems. Project scheduling, optimization, and simulation applied to civil engineering system analysis. *Prerequisites:* CE 344 and (EE 134 or ME 130 or EGR 150)

**CE 450 - Structural Steel Design - 3**

Tension members, columns, beams, and beam columns. Simple connections. Load Resistance Factor Design (LRFD) approaches. *Prerequisites:* CE 360

**CE 453 - Design of Wood Structures - 3**

Design and detailing of timber structures. Properties and specifications for dimension and glulam timber. Design of beams, columns, beam-columns, connections (nail and bolts), roof diaphragms, and shear walls. Design of timber structures to meet the requirements of the National Design Specification Standards. *Prerequisites:* CE 360

**CE 455 - Reinforced Concrete Design - 3**

Beams, slabs, columns, and beam columns. Frames and footings. *Prerequisites:* CE 360

**CE 456 - Prestressed Concrete Design - 3**

Principles and concepts of design in pre-stressed concrete including elastic and ultimate strength analyses for flexural, shear, bond, and deflection. Principles of concordancy and linear transformation for indeterminate pre-stressed structures. *Prerequisites:* CE 455

**CE 457 - Concrete Technology - 3**

Properties of concrete in relation to specifying, purchasing, and evaluating concrete materials. Fresh and hardened concrete properties. Concrete mix design procedures. Effects of finishing, curing, weather conditions, and various construction procedures. Ready mix concrete production and field placement techniques. Specification writing to ensure good quality concrete and field inspection procedures. Case studies of problems in concrete construction. *Prerequisites:* CE 222

**CE 460 - Structural Mechanics - 3**

Elastic beam deflections, beam columns, lateral torsional buckling, column stability, plastic design, plate bending, and yield line theory. *Prerequisites:* CE 360

**CE 461 - Introduction to Finite Element Method - 3**

Concepts and applications of finite element method. Development and application of basic finite elements. Software use. *Prerequisites:* CE 220

**CE 464 - Structural Dynamics - 3**

Closed form and numerical solutions to single-degree-of-freedom structural models. Analysis of multistory frames. Computer applications and seismic analysis. Techniques of modal analysis. *Prerequisites:* CE 360 and ME 215

**CE 467 - Wind and Seismic Loads - 3**

Methods for calculating loads on structures caused by extreme winds and earthquakes. Calculation of wind loads on various types of structures according to theory and codes. Determination of earthquake loads on structures using structural dynamics and codes. *Prerequisites:* CE 360

**CE 468 - Bridge Engineering - 3**

Bridge loads, steel beam bridges, composite beam bridges, bridge bearings, reinforced and pre-stressed concrete slab and T-beam bridges, bridge evaluations and ratings, and upgrade methodologies; computer applications. *Prerequisites:* CE 450 and CE 455

**CE 480 - Introduction Water and Wastewater Treatment - 3**

Physical unit operations and chemical/biological unit processes for water and wastewater treatment. Design of facilities for treatment. Treatment and disposal of sludge. *Prerequisites:* CE 236

**CE 485 - Engineering Hydrology - 3**

Hydrologic principles including the hydrologic cycle, precipitation data and stream-flow measurements. Applications to engineering problems: stream-flow analysis, and watershed management. *Prerequisites:* CE 337

**CE 489 - Undergraduate EGR Research**

Undergraduate research experiences in civil, construction and/or environmental engineering.

**CE 490 - Special Topics in (Area) - 3**

Special Topics in (Area)

**CE 491 - Individual Study in (Area) - 3**

Individual Study in (Area)

**CE 496 - Construction Methods & Technology - 3**

Provide students with a fundamental understanding of the construction methods employed to bring the concepts to physical reality. The focus areas include earth moving, heavy construction, building construction, and process plants. Students will understand the planning and development of equipment, materials, labor, and subcontractors required in the construction process. The course will be strengthened with guest lectures from industry practitioners.

**CE 497 - Construction Engineering Management - 3**

Concepts of design of construction process; formwork, scaffolds, etc. May include field trips to sites of construction in progress. Guest speakers from leaders in the construction industry to cover construction related topics. *Prerequisites:* CE 395

**CE 499 - Civil Engineering Design Project - 3**

Team design of project. Normally taken during last term before graduation. Includes Fundamentals of Engineering Review taught as a concurrent laboratory. (3.0 ED) *Prerequisites:* (CE 450 or CE 455) and [(CE 430 or CE 480) and CE 497] may be taken concurrently.

**CE 499L - FE Exam Review - 0**

Review of materials covered on the Fundamentals of Engineering (FE) Exam. This is a companion laboratory to CE 499 and must be taken concurrently. Students who have already passed the FE Exam are exempt from this laboratory.

## Department of Electrical and Computer Engineering

**Interim Chair:** Gregg L. Vaughn

**Faculty:** Callahan, Franklin, Green, Jannett, Lokey, Marstrander, Nelson, Tanik

The Electrical Engineering program in the Department of Electrical and Computer Engineering at UAB embodies a curriculum of 128 semester hours that is accredited by the Engineering Accreditation Commission (EAC) of the Accreditation Board for Engineering and Technology (ABET); 111 Market Place, Suite 1050; Baltimore, MD 21202-4012; telephone (410) 347-7700. In addition to courses in pre-engineering, mathematics, calculus-based physics, chemistry, and the humanities/social sciences, students take a core of fundamental engineering coursework outside of electrical engineering; a core of courses in the breadth of electrical engineering; and electrical engineering elective courses. A bachelor's degree in electrical engineering (B.S.E.E.) can provide the foundation that a student will need in any of the areas of electrical engineering, including advanced analog and digital electronics, microprocessor applications, biomedical instrumentation, digital computer systems, software systems, electric utility power systems, industrial power systems, digital control, industrial electronics, and machinery control.

Each student must complete a senior design team project that comprises three (EE 497) or six (EE 498 and EE 499) semester hours of coursework.

### Vision

The Vision of the Department of Electrical and Computer Engineering is to be a nationally recognized Department of Electrical and Computer Engineering; a first choice for undergraduate and graduate education.

### Mission

The Mission of the Department of Electrical and Computer Engineering is to prepare graduates to be immediately productive and able to adapt to a rapidly changing environment while also creating and applying knowledge for the benefit of Birmingham, the state, and beyond.

### Electrical Engineering Program Objectives

The Electrical Engineering undergraduate program prepares graduates to

- A. succeed in a **career** in electrical engineering or in further education,
- B. approach problem-solving with an **engineering** mind set, and
- C. grow **professionally**.

The following requirements are in addition to the core requirements found on page 418.

### LOWER DIVISION REQUIREMENTS FOR ELECTRICAL ENGINEERING

Requirement	Fulfilled By:	Hrs.
General Chemistry Requirement	Take both of the following courses (with laboratories): <b>CH 115/CH 116</b>	4
Required Courses	Take all of the following courses: <b>CE 210 EGR 200 EGR 265 ME 102</b> <b>EE 312 EGR 150 MA 126 ME 251</b>	23
<b>Total Lower Division Requirements:</b>		<b>27</b>

### MAJOR REQUIREMENTS FOR ELECTRICAL ENGINEERING

Requirement	Fulfilled By:	Hrs.
Required Electrical Engineering Courses	Take all of the following courses: <b>EE 210 EE 316/316L EE 341 EE 431</b> <b>EE 233 EE 318 EE 351/351L EE 485</b> <b>EE 254 EE 333 EE 361/361L EE 498 and EE 499 or</b> <b>EE 300 EE 337/337L EE 426 EE 497 + EE 4XX Elective</b>	53
Electrical Engineering Electives	Choose 9 hours of upper level <b>Electrical Engineering (EE 4XX)</b> courses that are listed as required courses above.	9
<b>Total Major Requirements:</b>		<b>62</b>

## ADDITIONAL REQUIREMENTS FOR THE SCHOOL OF ENGINEERING

Requirement	Fulfilled By:
School of Engineering Guidelines for Admission, Academic Progress, and Academic Conduct	Students are required to follow the most up-to-date set of guidelines as detailed in the most current School of Engineering Guidelines for Admission, Academic Progress, and Academic Conduct.
School of Engineering Reasonable Progress Requirement	All students in the School of Engineering must maintain a Institutional GPA of 2.0 in all UAB courses and all UAB Engineering courses applicable to the degree.
School of Engineering Graduation Requirements	Students must have a 2.0 GPA in all UAB coursework and all UAB engineering coursework applicable to degree in order to graduate with a degree from the School of Engineering. All required courses failed at UAB must be repeated at UAB in order for a student to receive credit.
Department of Electrical and Computer Engineering Residency Requirement	Students are required to take EE 421, EE 426, EE 431, EE 497, or EE 499, and nine (9) hours of EE 4XX upper level electives at UAB.

### Curriculum for the Bachelor of Science in Electrical Engineering (B.S.E.E.)

Freshman Year		Sem. Hrs.	Sophomore Year		Sem. Hrs.
CH 115	General Chemistry I	3	EE 233	Engineering Programming Methods	3
CH 116	General Chemistry I Laboratory	1	EE 300	Engineering Problem Solving	3
EGR 150	Engineering Computations	3	EE 312	Electrical Systems	3
EE 210	Digital Logic	3	EE 316/316L	Electrical Networks and Laboratory	4
EGR 110/111*	Introduction to Engineering I & II	2	CE 210	Statics	3

			<b>Total semester hours</b>		<b>31</b>

\*Transfer students may substitute EGR 200, Introduction to Engineering Design for EGR 110/EGR 111.

\*\* Students may also take MA 227 Calculus III and MA 252 Differential Equations instead of EGR 265 Mathematical Tools for Engineering Problem Solving and EE 254 Applied Numerical Methods.

<sup>1</sup>Please refer to the Core Curriculum as specified for Engineering majors in this catalog.

<sup>11,12,13</sup> Students may select any EE 4XX course that is not required.

## Course Descriptions

### Electrical Engineering (EE)

#### EE 011 Coop/Internship in EE - 0

Engineering workplace experience in preparation for the student's intended career.

#### EE 210 - Digital Logic - 3

Number systems and codes. Boolean algebra and combinational logic. Arithmetic and logical circuits. Memory elements. Synchronous and asynchronous sequential logic. Lecture and computer laboratory. *Prerequisites:* MA 106 or MA 107 or MA 125 or MA 126

#### EE 233 - Engineering Programming Method - 3

Program design techniques, data structures, coding and documentation standards, product design, life cycle, data structures, file I/O, testing, database, software tools, and features of department computers. Students design, code, and test medium-size programs individually. Lecture and computer laboratory. *Prerequisites:* (MA 106 or MA 107 or MA 125 or MA 126) and (EGR 150 or EE 134 or ME 130)

#### EE 254 - Applied Numerical Methods - 3

Selected mathematical and computational topics appropriate to the numerical solution of engineering problems. *Prerequisites:* MA 125 and MA 126 and [(MA 227 and MA 252) or EGR 265] and EGR 150 with a minimum of C.

#### EE 300 - Engineering Problem Solving II - 3

Selected mathematical and computational topics appropriate to solution of engineering problems including probability and statistics. *Prerequisites:* MA 125 and MA 126 and [(MA 227 and MA 252) or EGR 265]

#### EE 305 - Fundamentals of Electrical Engineering - 2

Survey of topics fundamental to field of electrical engineering. For non-engineering majors. Not available for credit toward engineering major. *Prerequisites:* MA 109

#### EE 312 - Electrical Systems - 3

Introduction to DC circuit analysis, AC steady-state analysis, and AC polyphase machines. *Prerequisites:* MA 125 and MA 126 and PH 221

#### EE 316 - Electrical Networks - 4

Polyphase circuits, analysis of circuits using classical differential/integral techniques and Laplace Transforms; two-port network parameters. EE 316L must be taken concurrently. Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* EH 101 and PH 222 and MA 125 and MA 126 and [(MA 227 and MA 252) or EGR 265] and (EE 312 or EE 314)

#### EE 316L - Electrical Networks Laboratory - 0

Companion laboratory for EE 316 which must be taken concurrently.

#### EE 318 - Methods of System Analysis - 3

Signal analysis, system representations, and system simulation. Transient responses; discrete-time systems. Application of Laplace and Z transform methods to systems. *Prerequisites:* EE 300 and (EE 312 or EE 314) and EE 316 and [(MA 227 and MA 252) or EGR 265]

#### EE 333 - Engineering Programming using Objects - 3

Software development emphasizing object-oriented methods. Students design and develop programs using existing classes and create their own classes using Java programming language. Java graphical user interface framework will be used as extensive example of Object Oriented System. *Prerequisites:* EE 233

#### EE 337 - Introduction to Microprocessors - 4

Application of microcomputers to engineering problems such as data acquisition and control. Topics include CPU architecture and assembly language, serial and parallel I/O devices, system architecture, and bus interfacing. EE 337L must be taken concurrently. *Prerequisites:* EE 210 and EE 233

#### EE 337L - Introduction to Microprocessors Lab - 0

Micros I Laboratory which must be taken concurrently.

#### EE 341 - Electromagnetics - 3

Mathematical techniques used to solve electromagnetic problems. Concepts fundamental to dynamic electromagnetic problems. Application of concepts to static problems. Techniques used to solve dynamic problems. Transmission, reflection, and refraction of uniform plane waves. Transient analysis, steady-state analysis, and tuning of transmission lines for harmonic waves. *Prerequisites:* PH 222 and EE 300 and (EE 312 or EE 314) and EE 316 and [(MA 227 and MA 252) or EGR 265]

#### EE 351 - Electronics - 4

Solid-state electronics. Bipolar junction and field-effect transistor (FET) properties; biasing and Q point determination in elementary amplifier circuits; frequency response; single and multistage amplified circuits. EE 351L must be taken concurrently. *Prerequisites:* [(MA 227 and MA 252) or EGR 265] and PH 222 and (EE 312 or EE 314) and EE 316

#### EE 351L - Electronics Laboratory - 0

Laboratory component for EE 351 Electronics and must be taken concurrently

**EE 361 – Machinery 1 – 4**

Fundamentals of magnetic circuits; analysis of transformers; rotating magnetic fields. Synchronous machine operation and performance analysis using equivalent circuits and characteristic curves. Analysis of induction motors using equivalent circuits. Calculation of motor speed, torque, power, and efficiency; starting compensators. EE 361L must be taken concurrently. *Prerequisites:* (EE 312 or EE 314) and EE 316 and [(MA 227 and MA 252) or EGR 265] and PH 222

**EE 361L - Machinery I Laboratory - 0**

Laboratory component of Machinery I and must be taken concurrently.

**EE 411 - Facilities Engineering - 3**

General engineering project planning, apply codes and standards, preliminary design, economic forecasting, environmental planning reports, site selection, population displacement, cash flow, specifications plans.

**EE 418 - Wireless Communications - 3**

Wireless communication system topics such as propagation, modulation techniques, multiple access techniques, channel coding, speech and video coding, and wireless computer networks. *Prerequisites:* EE 300 and (EE 312 or EE 314) and EE 316 and EE 318

**EE 421 - Communication Systems - 3**

Signal and system representation in time and frequency domains. Fourier transform and spectral density; amplitude and angle modulation; sampling and pulse modulation. Lecture and laboratory. *Prerequisites:* EE 300 and (EE 312 or EE 314) and EE 316 and EE 318

**EE 423 - Digital Signal Processing - 3**

Digital filter analysis and design. FFT algorithms. Applications of DSPs in engineering problems such as data acquisition, control, and I/O. Lecture and computer laboratory. *Prerequisites:* EE 300 and (EE 312 or EE 314) and EE 316 and EE 318

**EE 426 - Control Systems - 3**

Theory of linear, continuous-feedback control systems using complex frequency techniques. Block diagram manipulation, performance measures, stability, root locus, construction and locating roots (positive and negative feedback), gain adjustment, and altering dynamic properties. Discrete transforms using z-transform and z-plane root locus. *Prerequisites:* EE 300 and (EE 312 or EE 314) and EE 316 and EE 318 and CE 210

**EE 427 - Industrial Control - 3**

Power control devices and applications. Relay logic and translation to other forms. Programmable logic controllers. Proportional-integral-derivative (PID) control techniques. Modern laboratory instrumentation and man-machine interface software. *Prerequisites:* EE 233 and (EE 312 or EE 314) and EE 316 and EE 318 and EE 351 and (EGR 150 or EE 134 or ME 130)

**EE 431 - Analog Integrated Electronics - 4**

Advanced analysis and design using op-amps, with emphasis on error analysis and compensation. Applications include signal conditioning for instrumentation, instrumentation amplifiers, nonlinear and computational circuits, Butterworth and Chebyshev filter design, power amplifier design, voltage regulator design, and oscillators. A-to-D and D-to-A conversion methods. Laboratory exercises emphasize design techniques. *Prerequisites:* EE 210 and EE 300 and (EE 312 or EE 314) and EE 316 and EE 318 and EE 351

**EE 432 - Introduction to Computer Networking - 3**

Computer networking and engineering standards related to networking. Network hardware, Ethernet, token ring, ISDN, ATM, networking protocols including TCP/IP protocol suite. Internetworking, LANS, and typical applications. *Prerequisites:* (EGR 150 or ME 130 or EE 134) and EE 210

**EE 433 - Engineering Software Solutions - 3**

Project planning, specification, design, implementation, and testing of software solutions for engineers. Waterfall model of development and agile development methods will be covered. Lecture and computer laboratory. Four projects. *Prerequisites:* (EGR 150 or ME 130 or EE 134) and EE 233 and EE 333

**EE 437 - Microprocessor Applications - 3**

Applications of microprocessors in engineering problems such as data acquisitions control, and real-time input/output. *Prerequisites:* EE 210 and EE 233 and EE 337 and (EGR 150 or EE 134 or ME 130)

**EE 438 - Intermediate Microprocessors - 3**

Advanced microprocessor topics including cache design, pipelining, superscalar architecture, design of control units, microcoding, and parallel processors. Comparison of advanced contemporary microprocessors from Intel and IBM. *Prerequisites:* EE 210 and EE 233 and EE 337

**EE 442 - Computer Networking Protocols - 3**

Hands-on laboratory course covering topics in networking. TCP/IP, routing, LAN configurations, windows and Linux configurations, protocol analysis. *Prerequisites:* (EGR 150 or ME 130 or EE 134) and EE 210 and EE 432

**EE 446 - IC Projects Information Age - 3**

In-depth group and individual projects in industrial control with emphasis on information systems applications. Projects in areas such as programmable logic controllers, distributed control systems, factory automation, man-machine interface software and hardware, intelligent control, real-time systems, database applications, and distributed computing. *Prerequisites:* EE 427

**EE 447 - Inter/Intranet App Development - 3**

Development of applications and models using Internet/Intranet technologies such as Java, JavaScript, conferencing systems, Dynamic HTML, server side scripting, multi-tier models, and XML. Lecture and laboratory. *Prerequisites:* EE 233

**EE 448 - Software Engineering Projects - 3**

Builds on the Object-Oriented concepts covered in EE 333. Coverage for Unified Modeling Language is expanded and design patterns are incorporated. Provides a project environment for implementation of systems using Object-Oriented techniques. *Prerequisites:* EE 233 and EE 333

**EE 452 - VHDL Digital Systems Design - 3**

Computer design automation using VHDL. Architectural, behavioral, and logical descriptions of digital systems. Logic verification and simulation. Projects involve designing complex integrated circuits using modern DA tools. *Prerequisites:* EE 210 and EE 233 and EE 337

**EE 458 - Medical Instrumentation - 3**

Fundamental operating principles, applications, and design of electronic instrumentation used in measurement of physiological parameters. Class design project. *Prerequisites:* (EE 312 or EE 314) and EE 316 and EE 351

**EE 461 - Machinery II - 3**

Physical principles of DC machines. Mathematical analysis of generator designs using equivalent circuits and magnetization curves. Calculation of motor speed, torque, power, efficiency, and starting requirements. Solid-state speed control systems. *Prerequisites:* (EE 312 or EE 314) and EE 316 and EE 361

**EE 471 - Power Systems I - 3**

Components of power systems. Performance of modern interconnected power system under normal and abnormal conditions. Calculation of inductive and capacitive reactances of three-phase transmission lines in steady state. *Prerequisites:* (EE 312 or EE 314) and EE 316 and EE 361

**EE 472 - Power Systems II - 3**

Modeling of generators, transformers, and transmission lines for system studies. Introduction to symmetrical components. Calculation of short-circuit currents due to balanced and unbalanced faults. Determination of interrupting ratings of circuit breakers. Transient stability of power systems. Derivation of swing equation and solution by numerical method. Equal area criterion. Power system design project required. *Prerequisites:* (EE 312 or EE 314) and EE 316 and EE 361 and EE 471

**EE 473 - Protective Relaying Power Sys - 3**

Operating principles of protective relays. Protection of transmission lines, generators, motors, transformers, and buses. *Prerequisites:* (EE 312 or EE 314) and EE 316 and EE 361

**EE 474 - Industrial Power Systems - 3**

One-line diagrams/load analysis. Medium and low voltage feeder design, voltage regulation, and short-circuit analysis. Selection of protective devices. Grounding and lightning protection. Term project. *Prerequisites:* EE 471 and (EE 312 or EE 314) and EE 316 and EE 361

**EE 485 - Engineering Operations - 3**

Economic, procedural, planning, and control aspects of engineering projects.

**EE 489 - Undergraduate Engineering Research - 0**

Undergraduate research experiences in electrical and/or computer engineering. *Prerequisites:* (EGR 110 and EGR 11 or EGR 200) and MA 125 and PH 221

**EE 490 - Special Topics in (Area) - 1 to 3**

Topic assigned with course.

**EE 491 - Special Problems in (Area) - 1 to 3**

Topic assigned with course.

**EE 492 - Honors Research I - 1 to 3**

Departmental honor students conduct background research under the direction of faculty researchers and graduate students. *Prerequisites:* EGR 301 and EGR 302

**EE 493 - Honors Research II - 1 to 3**

Departmental honors students work closely with faculty researchers and graduate students in departmental concentration specialties to develop research skills. *Prerequisites:* EGR 301 and EGR 302

**EE 497 - Team Design Project - 3**

Senior Design Team Project Course. Analysis, design, and implementation of assigned team project, including design documentation and design review. Must have an approved Application for Degree on file and must be in final year of his/her program. *Prerequisites:* EE 210 and EE 233 and EE 300 and (EE 312 and EE 314) and EE 316 and EE 318 and EE 333 (may be taken concurrently) (may be taken concurrently) and EE 337 and EE 341 (may be taken concurrently) and EE 351 and EE 361 (may be taken concurrently) and EE 421 (may be taken concurrently) and EE 426 (may be taken concurrently) and EE 431 (may be taken concurrently) and EE 485

**EE 498 - Team Design Project I - 3**

Senior Design Team Project Course Part I. Analysis and design of assigned team project, including design documentation and design review. Must have an approved Application for Degree on file and must be in final year of his/her program. *Prerequisites:* EE 210 and EE 233 and EE 300 and (EE 312 or EE 314) and EE 316 and EE 318 and EE 337 and EE 351 (may be taken concurrently) and EE 426 (may be taken concurrently) and EE 485

**EE 499 - Team Design Project II - 3**

Senior Design Project Course Part II. Design and implementation of assigned team project, including design review, demonstration, and documentation. Must have an approved Application for Degree on file and must be in final year of his/her program. *Prerequisites:* EE 210 and EE 233 and EE 300 and (EE 312 or EE 314) and EE 316 and EE 318 and EE 333 (may be taken concurrently) and EE 337 and EE 341 (may be taken concurrently) and EE 351 and EE 361 (may be taken concurrently) and EE 421 (may be taken concurrently) and EE 426 (may be taken concurrently) and EE 431 (may be taken concurrently) and EE 485 and EE 498

## Department of Materials Science and Engineering

**Chair:** J. Barry Andrews

**Faculty:** Chawla, Dean, Druschitz, Dwyer, Foley, Janowski, Pillay, Scripa, Vaidya

Materials engineering involves the development, production, modification, and application of engineering materials to meet the specific needs of society. It is based on an understanding of the structures and forces that control the engineering properties of metals, ceramics, polymers, and composites. Through the development of this understanding, the student learns how to control the properties of materials through various industrial manufacturing processes, how to select the optimum material and predict its behavior under various environmental and service conditions, and how to alter this behavior through materials design, research, and development. Materials Engineers are employed in every major industry, including aerospace, chemical, automotive, metals casting, biomedical, and microelectronics.

The materials engineering program at UAB has a curriculum of 128 semester credit hours that has been continuously accredited since 1971 by the Engineering Accreditation Commission of Accreditation Board for Engineering and Technology, Inc. (ABET), 111 Market Place, Suite 1050; Baltimore, MD 21202-4012; telephone (410) 347-7700. In addition to courses in mathematics, calculus-based physics, chemistry, and the humanities/social sciences, students take a core of fundamental engineering course work and a sequence of materials engineering courses. The required materials engineering courses address ceramics, polymers, composite materials, and metals. They emphasize the relationships among properties, structure, processing, and performance. Materials engineering elective courses are also offered to introduce students to leading-edge materials engineering topics. The curriculum prepares graduates to directly enter the professional practice of materials science and engineering, to pursue graduate studies in materials science and engineering, or enter a professional school, such as medicine or dentistry. The department has very active research programs in metal casting and composite materials.

The department also offers courses of study leading to the Master of Science and Doctor of Philosophy degrees in materials engineering. These programs are described in the UAB Graduate School Catalog.

**Vision**

The Vision of the Department of Materials Science and Engineering is to be an internationally recognized research-oriented department – a first choice for undergraduate and graduate education.

**Mission**

The Mission of the Department of Materials Science and Engineering is to excel in research for the benefit of society while educating students at all levels to be immediately productive.

**Educational Objectives**

Our Materials Engineering undergraduate program will produce functioning professionals who:

1. Succeed in materials engineering and related professional positions,
2. Continue to develop intellectually and professionally,
3. Interact and communicate well with individuals of varied backgrounds.

The following requirements are in addition to the core requirements found on page 418.

### LOWER DIVISION REQUIREMENTS FOR MATERIALS ENGINEERING

Requirement	Fulfilled By:	Hrs.
General Chemistry Requirement	Take both of the following courses (with laboratories): <b>CH 115/CH 116      CH 117/CH 118</b>	8
Required Courses	Take all of the following courses: <b>CE 210    EE 312                                  EGR 265    ME 251</b> <b>CE 220    EGR 150                                  MA 126</b> <b>CE 344    EGR 200 or EGR 110/111    ME 102</b>	29
<b>Total Lower Division Requirements:</b>		<b>37</b>

### MAJOR REQUIREMENTS FOR MATERIALS ENGINEERING

Requirement	Fulfilled By:	Hrs.
Required Materials Engineering Courses	Take all of the following courses: <b>MSE 280          MSE 381    MSE 430/430L          MSE 484</b> <b>MSE 281/281L    MSE 382    MSE 464/464L          MSE 498</b> <b>MSE 310          MSE 401    MSE 465/465L          MSE 499</b> <b>MSE 380          MSE 413    MSE 470</b>	46
Materials Engineering Elective	Choose three hours of <b>Materials Science and Engineering (MSE)</b> courses.	3
Engineering/Mathematics/Science Electives	Select six hours from MSE, Engineering, Computer Science (CS), or Natural Sciences as approved by the Department Chair or designee	6
Biomaterials	Students who wish to study applications in biomaterials must comply with the curriculum for BSMtE, except that appropriate electives are selected in consultation with the MSE advisor	
<b>Total Major Requirements:</b>		<b>55</b>

### ADDITIONAL REQUIREMENTS FOR THE SCHOOL OF ENGINEERING

Requirement	Fulfilled By:
School of Engineering Guidelines for Admission, Academic Progress, and Academic Conduct	Students are required to follow the most up-to-date set of guidelines as detailed in the most current School of Engineering Guidelines for Admission, Academic Progress, and Academic Conduct.
School of Engineering Reasonable Progress Requirement	All students in the School of Engineering must maintain an institutional GPA of 2.0 in all UAB courses and all UAB Engineering courses applicable to the degree.
School of Engineering Graduation Requirements	Students must have a 2.0 GPA in all UAB coursework and all UAB engineering coursework applicable to degree in order to graduate with a degree from the School of Engineering. All required courses failed at UAB must be repeated at UAB in order for a student to receive credit.

### Curriculum for the Bachelor of Science in Materials Engineering (BSMtE)

Freshman Year	Sem. Hrs.	Sophomore Year	Sem. Hrs.
CH 115      General Chemistry I	3	CE 210      Statics	3

\*Transfer students may substitute EGR 200 Introduction to Engineering Design for EGR 110/EGR 111 Introduction to Engineering I and II.

\*\* Students may also take MA 227 Calculus III and MA 252 Differential Equations instead of EGR 265 Mathematical Tools for Engineering Problem Solving and one SCI/MA/EGR elective

<sup>1</sup>Please refer to the Core Curriculum as specified for Engineering majors.

<sup>17,18</sup> Course must be approved by MSE Chair.

## Course Descriptions

### Materials Science Engineering (MSE)

#### **MSE 011 - Coop/Internship in MSE - 0**

Engineering workplace experience in preparation for the student's intended career.

#### **MSE 280 - Engineering Materials - 3**

Fundamentals of materials engineering, including terminology, mechanical testing and behavior, heat treating, and processing of metals, ceramics, polymers, and composites. Degradation of materials and criteria for materials selection. Course requires completion of 4 credits of Area III Science.

#### **MSE 281 - Physical Materials I - 4**

Structure of metals, ceramics and polymers; crystal bonding; phase diagrams, diffusion, dislocations and grain boundaries. Applications to the iron-carbon system, including heat treatment. MSE 281L must be taken concurrently. *Prerequisites:* MA 125 and MSE 280

#### **MSE 281L - Physical Materials I Laboratory - 0**

Materials Engineering Laboratory I must be taken concurrently with MSE 281

#### **MSE 310 - Materials Engineering Laboratory II - 2**

Processing of metals, ceramics, and composites. Thermal, mechanical, and elastic properties and their measurement. *Prerequisite:* MSE 381

#### **MSE 350 - Introduction to Materials - 3**

Concepts and applications, crystal structure of materials, formation of microstructures, and selected structure-property relationships. Not available for credit toward engineering major. For non-engineering majors only.

#### **MSE 380 - Thermodynamics of Materials - 3**

First, second, and third laws of thermodynamics. Gibbs free energy, heat capacity, enthalpy, entropy, and relationships between thermodynamic functions. Free-energy versus composition relationships; behavior of ideal and non-ideal solutions; concept of thermodynamic activity of components in solution. Applications to materials systems. *Prerequisites:* CH 117 and CH 118 and MA 126 and MSE 280

#### **MSE 381 - Physical Materials II - 3**

Microstructural changes in response to temperature and time; vacancies, annealing, diffusion, nucleation and growth kinetics. Equilibrium and non-equilibrium microstructures. Applications to precipitation hardening and solidification of metals. *Prerequisites:* MSE 281

#### **MSE 382 - Mechanical Behavior of Materials - 3**

Microscopic deformation mechanisms in materials leading to macroscopic properties of fatigue; creep; ductile, transitional, and brittle fracture; friction; and wear. CE 220 (Mechanics of Solids) is recommended as a prerequisite for this course. *Prerequisites:* MSE 281

**MSE 401 - Materials Processing - 3**

Processing of metals, glasses, ceramics, and composites. Powder processing, casting, welding, rapid solidification, and other advanced methods. *Prerequisites:* CE 220, MA 125 and MSE 280

**MSE 402 - Frontiers of Materials - 3**

Recent advances in materials technology and application. Novel processing, structures, properties, and performance issues. *Prerequisites:* MSE 281

**MSE 403 - Degradation of Materials - 3**

Issues in long-term utilization of materials. Corrosion, high-temperature oxidation, creep, fatigue, and their interactions. *Prerequisites:* MSE 281

**MSE 407 - Interpretation of Microstructure - 3**

Interpretation of metal and ceramic microstructures with respect to their general type, their origin and their relationship to their composition, type of phase diagram, processing, and the driving forces and kinetics of their evolution. The student will learn to identify the prior processing of a material and design means of modification to produce alternate structures. *Prerequisite:* MSE 381

**MSE 408 - Nanomaterials - 3**

The emphasis of this course will be to introduce the basic tools of nanotechnology, building blocks of nanostructured materials, the behavior of materials with nanoscale structures and their technological applications, including automotive, medical and electronic, etc. *Prerequisite:* MSE 280

**MSE 409 - Principles of Metal Casting - 3**

Production and evaluation of cast ferrous metals (gray iron, ductile iron, steel) and non-ferrous metals (brass, bronze, aluminum). Design of castings and molds. Laboratory on the gating, risering and molten treatment, analysis and handling techniques required to produce high quality castings. MSE 409L must be taken concurrently. *Prerequisites:* MSE 280

**MSE 409L - Principles of Metal Casting Laboratory - 0**

Laboratory component for MSE 409 and must be taken concurrently.

**MSE 410 - Materials Engineering Lab III - 2**

Design of experiments. Processing of steels, cast irons, and aluminum alloys. Structure-property relationships in composites. MSE 310 (Materials Engineering II Lab) and MSE 465 (Characterization of Materials) are recommended as a prerequisite for this course.

**MSE 413 - Composite Materials - 3**

Processing, structure, and properties of metal-, ceramic-, and polymer-matrix composite materials. Roles of interfacial bond strength, reinforcement type and orientation, and matrix selection in physical and mechanical properties of composite materials. MSE 382 (Mechanical Behavior of Materials) is recommended as a prerequisite for this course. *Prerequisites:* MSE 281

**MSE 430 - Polymeric Materials - 3**

Processing methods, structure/engineering/property relationships, and applications of polymeric materials. *Prerequisites:* CH 117 and CH 118 and MSE 281

**MSE 430L - Polymeric Materials Laboratory - 0**

Laboratory component of MSE 430 and must be taken concurrently.

**MSE 433 - Nondestructive Evaluation of Materials - 3**

Principles, applications, and limitation of ultrasonic vibrations, acoustic emission, radiographic, magnetic particle, eddy current, and other nondestructive testing methods. Intelligent sensors and health monitoring of real structures. *Prerequisites:* MSE 465

**MSE 464 - Metals and Alloys - 4**

Microstructures, properties, heat treatment, and processing of ferrous and nonferrous materials. *Prerequisites:* MSE 281

**MSE 464L - Metals and Alloys Laboratory - 0**

Laboratory component of MSE 464 and must be taken concurrently.

**MSE 465 - Characterization of Materials - 4**

Theory and practice of materials characterization, with emphasis on optical metallography, quantitative metallography, scanning electron microscopy, crystallography, and x-ray diffraction. Specific applications in metals and ceramics considered. *Prerequisites:* MSE 281

**MSE 465L - Characterization of Materials Laboratory - 0**

Laboratory component of MSE 465 and must be taken concurrently.

**MSE 470 - Ceramic Materials - 3**

Structure, processing, properties, and uses of ceramic compounds and glasses. Mechanical, thermal, and electrical behavior of ceramic materials in terms of microstructure and processing variables. *Prerequisites:* CH 117 and CH 118 and MSE 281

**MSE 484 - Electronics/Magnetic/Thermal Properties of Materials - 3**

Fundamentals of electron band structure, mechanisms behind rectifying junctions, transistors, and other electronic devices. Magnetic and thermal properties of materials. *Prerequisites:* MSE 280 and PH 221

**MSE 489 - Undergraduate Research in MSE - 0**

Undergraduate research experiences in materials science and/or engineering.

**MSE 490 - Special Topics in (Area) - 1 to 6**

Special Topics in (Area)

**MSE 491 - Individual Study in (Area) - 1 to 6**

Individual Study in (Area)

**MSE 496 - MSE Honors Seminar - 1**

Research presentations by faculty, students, and invited guests on topics related to Materials Science and Engineering.

**MSE 497 - MSE Honors Research - 2 to 6**

Honors students develop materials engineering research skills by working closely with faculty and graduate students.

*Prerequisites:* EGR 301 and EGR 302

**MSE 498 - Capstone Design Project I - 2**

Capstone design project: interdisciplinary design teams, ethics, materials selection, design process, development of proposal, project planning and scheduling, project execution and resource scheduling, and communication of design. *Prerequisites:* MSE 401 or MSE 405

**MSE 499 - Capstone Design Project II - 3**

Continuation of MSE 498 which must be taken in the previous term. Interim and final design reviews with written and oral reports. *Prerequisites:* MSE 498

## Department of Mechanical Engineering

**Chair:** Bharat K. Soni

**Faculty:** Boylan, Cheng, Ito, Kim, Koomullil, Littlefield, McDaniel, McInerny, Meakin, Moore, Nichols, Oliver, Ross, Santoro, Shih, Walsh

Mechanical engineering is a broad-based discipline that embraces two major topic areas—mechanical systems and thermal systems. With an understanding of the phenomena associated with these topics, mechanical engineers conceive and design a wide variety of devices, machines, and systems to meet the needs and desires of a modern economy. Mechanical engineers also engage in other engineering functions such as applied research, development, and management. During the next decade and beyond, mechanical engineers will have a primary role in addressing the problems relating to manufacturing, productivity and safety in the workplace, supply and efficient utilization of energy, transportation, enhancement of the environment, and human rehabilitation.

The Mechanical Engineering program is accredited by the Engineering Accreditation Commission of ABET (Accreditation Board for Engineering and Technology, Inc.), 111 Market Place Suite 1050; Baltimore, MD 21202-4012; telephone: (410) 347-7700. The Mechanical Engineering Program embodies a curriculum of 128 semester credit hours. In addition to courses in pre-engineering, mathematics, calculus-based physics, chemistry, humanities, and social sciences, the mechanical engineering curriculum also includes a core of fundamental engineering coursework and advanced courses in thermodynamics, fluid mechanics, heat transfer, mechanics of machinery, and mechanical design. Laboratory experiences are provided in each area to illustrate the application of theory in engineering practice. During the senior year, the curriculum provides for electives that allow specializations in the areas of mechanical systems or energy systems or for further exposure in both areas. With additional coursework, the mechanical engineering program can also be utilized as a pre-health curriculum.

**Vision**

To be a nationally and internationally recognized research-oriented mechanical engineering department – a first choice for undergraduate and graduate education.

**Mission**

To prepare students to be immediately productive and able to adapt to and lead in a rapidly changing environment and to create and apply knowledge for the benefit of society.

## Curriculum for the Bachelor of Science in Mechanical Engineering

Freshman Year		Sem. Hrs.	Sophomore Year		Sem. Hrs.
CH 115	General Chemistry I	3	CE 210	Statics	3
CH 116	General Chemistry I Laboratory	1	ME 215	Dynamics	3
EGR 110/111*	Introduction to Engineering I & II	2	CE 220	Mechanics of Solids	3
EH 101	English Composition I	3	CE 221	Mechanics of Solids Laboratory	1
EH 102	English Composition II	3	CH 117	General Chemistry II	3
MA 125	Calculus I	4	EGR 265**	Engineering Problem Solving	4
MA 126	Calculus II	4	ME 241	Thermodynamics I	3
ME 102	Engineering Graphics	2	ME 242	Thermodynamics II	3
EGR 150	Engineering Computations	3	PH 222/222L	General Physics II and Laboratory	4
PH 221/221L	General Physics I and Laboratory	4	Area IV Core Curriculum requirement <sup>1</sup>		3
Area II Core Curriculum requirement <sup>1</sup>		3	Math/Science Elective***		3

\*Transfer students may substitute EGR 200 Introduction to Engineering Design for EGR 110/EGR 111 Introduction to Engineering I and II.

\*\* Students may also take MA 227 Calculus III and MA 252 Differential Equations instead of EGR 265 Mathematical Tools for Engineering Problem Solving and approved Math/Science elective.

\*\*\*Course must be approved by ME Undergraduate Program Director.

<sup>1</sup>Please refer to the Core Curriculum as specified for Engineering majors.

<sup>2</sup>Thermal fluid electives include ME 411, 445, 448, 449, and 455.

<sup>3</sup>Mechanical systems electives include ME 430, 464, 475.

<sup>4</sup>Electives with computer-aided engineering content include ME 464 or 483

## Course Descriptions

### Mechanical Engineering (ME)

#### ME 011 - Coop/Internship in ME - 0

Engineering workplace experience in preparation for the student's intended career.

#### ME 101 - Drawing for Industrial Distribution - 1

Technical sketching and reading of engineering drawings for non-engineering majors. *Prerequisites:* MA 109 or MA 125 (May be taken concurrently)

#### ME 102 - Engineering Graphics - 2

Basic concepts in technical sketching, computer-aided drawing and design, projections, sections and dimensioning. *Prerequisites:* (May be taken Concurrently) MA 105 or MA 106 or MA 107 or MA 125

#### ME 215 - Dynamics - 3

Kinematics of particles in Cartesian, cylindrical, and path coordinates. Simple relative motion. Second law application in rectilinear translation. Projectile motion. Energy and momentum principles for particles and for rigid bodies in plane motion. *Prerequisites:* CE 210

**ME 241 - Thermodynamics I - 3**

Thermodynamic definitions, properties of a pure substance, ideal, and real gases, work, and heat. Fundamental laws of thermodynamics, entropy, reversible power and refrigeration cycles, irreversibility, and energy. *Prerequisites:* CH 115 and CH 116 and MA 126 and PH 221

**ME 242 - Thermodynamics II - 3**

Application of thermodynamic principles to engineering systems; vapor power cycles; gas turbine cycles; Otto and Diesel cycles; refrigeration cycles; mixtures of ideal gases; psychrometrics; combustion; chemical equilibrium. *Prerequisites:* ME 241 and EGR 150

**ME 251 - Introduction to Thermal Sciences - 2**

Introduction to thermodynamics and heat transfer for non-mechanical engineering majors. *Prerequisites:* MA 126 and PH 221

**ME 301 - Design/Measurement/Enhancement of Systems - 2**

Systems involving human performance. For non-engineering majors. Not available for credit toward engineering major.

**ME 302 - Overview Mechanical Components - 3**

Transformation of energy, thermodynamics, heat transfer, and fluid mechanics. For non-engineering majors. Not available for credit toward engineering major.

**ME 321 - Introduction to Fluid Mechanics - 3**

Fluid properties, fluid statics, fluid in motion (control volume method), pressure variation in flowing fluids (Bernoulli equation), principles of momentum and energy transport, dimensional analysis and similitude, surface resistance, flow in conduits. *Prerequisites:* CE 210, EGR 150, ME 241, and [(MA 227 and MA 252) or EGR 265].

**ME 322 - Introduction to Heat Transfer - 3**

Basic concepts of thermodynamics and heat transfer, steady heat conduction, transient heat conduction, numerical methods in heat conduction, forced convection, natural convection, and introduction to radiation. *Prerequisites:* ME 321

**ME 360 - System Modeling & Controls - 3**

Control systems, feedback, and transfer function concepts. Sensitivity and performance criteria. Laplace transform of mechanical and electrical systems. Stability, steady state, and transient response. Root locus and Nyquist and Bode plots. *Prerequisites:* ME 215 and ME 364

**ME 361 - Thermo-Fluids Systems - 3**

Pressure, temperature, fluid flow, and heat transfer instrumentation and their application to measurements of mass, heat, and momentum transport, flow characterization, heat engine and refrigeration cycles, and other thermal-fluids experiments. Experimental uncertainty analysis. Writing proficiency is required. ME 361 Lab must be taken concurrently. *Prerequisites:* ME 321 and ME 322 (may be taken concurrently)

**ME 361L - Thermo-Fluids Laboratory - 0**

Laboratory component of ME 361-Thermo-Fluids and must be taken concurrently

**ME 364 - Linear Algebra & Numerical Methods for Engineers - 3**

Linear equations and matrices, real vector bases, matrix decompositions, linear transformations; determinants, eigenvalues, eigenvectors; numerical methods for linear systems of equations, integration, ordinary differential equations; approximation, interpolation, least squares fits. *Prerequisites:* (EGR 150 or ME 130 or EE 134) and [(MA 227 and MA 252) or EGR 265]

**ME 370 - Kinematics and Dynamics of Machinery - 3**

Displacement, velocity, acceleration, and force analysis using vectors. Kinematic and dynamic analysis of cams, rolling contact mechanisms, and gears. *Prerequisite:* ME 102 and ME 215

**ME 371 - Machine Design - 4**

Body stress, deflection and fatigue strength of machine components. Failure theories, safety factors and reliability, surface damage. Application to welded joints, threaded fasteners, keys, pins, shafts, springs, bearings and gears, as well as design and selection of other machine components. *Prerequisites:* CE 220 and ME 102 and (EGR 150 or ME 130 or EE 134)

**ME 405 - Manufacturing Processes - 3**

Processing of metals, glasses, ceramics, and composites. Power processing, casting, welding, rapid solidification, and other advanced methods. *Prerequisites:* CE 220 and MSE 280 and MA 125

**ME 411 - Intermediate Fluid Mechanics - 3**

Applications of fluid dynamic principles to engineering flow problems such as turbo-machinery flow and one-dimensional compressible flow. Vorticity and viscosity, potential flow, viscous flow, Navier-Stokes, solutions and boundary layers. *Prerequisites:* ME 321 and ME 364

**ME 421 - Introduction to Computational Fluid Dynamics Basics - 3**

Governing equations for fluid flows, classifications of flow regimes, and approaches to analyze fluid flow problems. Introduction to Computational Fluid Dynamics (CFD), mesh generation, boundary conditions, numerical solution of equations governing fluid flows, and visualization. Hands-on exercises using a commercial CFD solver. *Prerequisites:* ME 321

**ME 430 - Vehicular Dynamics - 3**

Introduction to the basic mechanics governing vehicle performance, analytical methods, and terminology. *Prerequisites:* ME 215 or CE 215

**ME 445 - Combustion - 3**

Theory and applications of combustion. Thermochemistry, mass transfer, chemical kinetics, analysis of reacting systems, conservation equations, premixed flames, diffusion flames, droplet combustion, solid-fuel combustion, pollutant emissions, and detonations. *Prerequisites:* ME 242 and ME 321 and ME 322

**ME 448 - Internal Combustion Engines - 3**

Fundamentals of reciprocating internal combustion engines: engine types, engine components, engine design and operating parameters, thermochemistry of fuel-air mixtures, properties of working fluids, ideal models of engine cycles, engine operating characteristics, gas-exchange processes, fuel metering, charge motion within the cylinder, combustion in spark-ignition and compression ignition engines. *Prerequisites:* ME 242 and ME 215

**ME 449 - Power Generation - 3**

Application of thermodynamics, fluid mechanics, and heat transfer to conversion of useful energy. Includes terrestrial and thermodynamic limitations, fossil fuel power plants, renewable energy sources, and direct energy conversion. *Prerequisites:* ME 242

**ME 454 - Heating, Ventilating, and Air Conditioning - 3**

Fundamentals and practice associate with heating, ventilating, and air conditioning; student of heat and moisture flow in structures, energy consumption, and design of practical systems. *Prerequisite:* ME 322

**ME 455 - Thermal Systems Design - 3**

Comprehensive design problems requiring engineering decisions and code/Standard compliance. Emphasis on energy system components: piping networks, pumps, heat exchangers. Includes fluid transients and system modeling. *Prerequisites:* ME 322 and ME 364

**ME 461 - Mechanical Systems - 3**

Dynamic measurement using force, displacement, and acceleration transducers. Data acquisition and signal conditioning. Applications of motors and mechanical drives. Design of experiments. Writing proficiency is required. ME 461L must be taken concurrently. *Prerequisites:* CE 220, EE 312, and ME 215

**ME 461L - Mechanical Systems Laboratory - 0**

Laboratory component of ME 461 and must be taken concurrently.

**ME 464 - Introduction to Finite Element Method - 3**

Concepts and applications of finite element method. Development and applications of basic elements used in engineering mechanics. Use of finite element analysis software. Application of finite element method to several areas of mechanics. *Prerequisites:* ME 371 and ME 364

**ME 475 - Mechanical Vibrations - 3**

Free and forced single-degree-of-freedom systems. Multi-degree-of-freedom systems. Simple continuous systems. *Prerequisites:* [(MA 227 and MA 252) or EGR 265] and (ME 215 or CE 215) and ME 360

**ME 476 - Failure Analysis - 3**

Procedures for failure analysis, failure mechanisms, examples of service failures, and methods to prevent failures. *Prerequisites:* CE 220 and MSE 280

**ME 483 - Computer-Aided Engineering - 3**

Computer aided engineering concepts including geometry design, solid modeling and computer aided design (CAD) systems. Their applications to mechanical engineering problems in design and mechanical, thermal, power, and energy systems, and computational field simulations explored. *Prerequisites:* ME 321 and CE 220 and (EGR 150 or ME 130 or EE 134)

**ME 489 - Undergraduate Research in ME**

Undergraduate research experiences in mechanical engineering.

**ME 490 - Special Topics in (Area) - 1 to 4**

Special Topics in (Area)

**ME 491 - Individual Study in (Area) - 1 to 4**

Individual Study in (Area)

**ME 494 - ME Seminar - 1**

Required for ME undergraduate Honors Program students. Presentations by students, faculty, and guests regarding current research.

**ME 496 - Honors Research - 1 to 6**

Research opportunities for undergraduate students in the Mechanical Engineering Honors Program. *Prerequisites:* EGR 301 and EGR 302

**ME 498 - Capstone Design Project I - 2**

Capstone design project: interdisciplinary design teams, ethics, materials selection, design process, development of proposal, project planning and scheduling, project execution and resource scheduling, and communication of design. Must have an Application for Degree filed. *Prerequisites:* ME 371 and (ME 405 or MSE 401 - may be taken concurrently)

**ME 499 - Capstone Design Project II - 3**

Continuation of ME 498. Interim and final design reviews with written and oral reports. ME 498 must be taken the term immediately before ME 499. *Prerequisites:* ME 498

# School of Health Professions

Dean: Harold P. Jones, Ph.D.  
Associate Dean: Donna J. Slovensky, Ph.D.

The School of Health Professions delivers educational programs to prepare health personnel who will improve the services in health care and the systems through which these services are provided. In keeping with the mission of the University of Alabama at Birmingham, the resources and programs of the school are dedicated to excellence in teaching, research, and scholarly activity and to service to the institution, the community, and the professions represented by programs of the school.

Degree options in the School of Health Professions include undergraduate, master's, and doctoral programs sponsored by five academic departments – Clinical and Diagnostic Sciences, Health Services Administration, Nutrition, Occupational Therapy, and Physical Therapy. In addition certificate options are available in some specialized areas.

The School of Health Professions provides the professional phase (upper division coursework) for the following programs leading to a Bachelor of Science degree: cytotechnology, health information management, health sciences, medical technology, nuclear medicine technology, and respiratory therapy. The pre-professional phase of these programs may be completed by taking the prescribed coursework at UAB or any other accredited university or college. All eligible undergraduate programs have been continuously accredited since their inception by the appropriate professional accrediting bodies.

At the graduate level, the School of Health Professions offers Doctor of Philosophy degree programs in administration/health services (offered jointly with the UAB School of Business) and nutrition sciences; Doctor of Science in administration/health services; and a Doctor of Physical Therapy; Master of Science degree programs in clinical laboratory sciences, clinical nutrition, genetics counseling health administration, health informatics, occupational therapy, surgical physician assistant; and a Master of Nurse Anesthesia. Post-baccalaureate certificates are also offered in biotechnology, dietetic internship, and low vision rehabilitation.

The School of Health Professions is committed to the practice of ethical standards of conduct. School policies, procedures, and regulations reflect this commitment and are in compliance with those of the University of Alabama at Birmingham. To ensure continued practice of ethical standards, the administration and the standing committees of the school (Faculty Affairs, Academic Affairs) regularly review school policies and procedures. All research endeavors are in compliance with policies of the UAB Institutional Review Board.

## SHP Admissions

Entrance requirements for the individual educational programs of SHP vary greatly. Persons desiring admission to a particular program should consult the appropriate section of the [School of Health Professions Catalog](#) for specific entrance requirements, application, and program information. Students who attend an institution other than UAB are encouraged to seek academic advisement from the SHP program of their interest as early as possible to plan for completion of program prerequisites.

Application for admission to UAB to complete program entrance or pre-professional requirements at UAB may be made to the Office of Undergraduate Admissions, University of Alabama at Birmingham, Hill University Center, Room 260, 1400 University Boulevard, Birmingham, Alabama 35294-1150, Telephone: (205) 934-8221. Admission to UAB does not guarantee admission to the professional phase of any SHP program.

The School of Health Professions welcomes applications from all individuals who are prepared for the programs offered. All applicants must offer acceptable evidence of ability and intent to meet the academic standards specified by the particular program into which admission is desired. In addition, certain immunizations are required prior to enrollment; see [UAB Student Health and Insurance Programs](#) and [UAB Immunization Policy](#). Applicants are considered regardless of race, color, religion, sex, sexual orientation, national origin, disability unrelated to program performance, disabled veteran status, or Vietnam era veteran status (see [UAB Equal Opportunity Policy](#)). Persons who have not yet decided upon a specific health career may obtain information from the SHP Office of Student Services, School of Health Professions Building, Room 475, 1705 University Boulevard; telephone: (205) 934-4194.

## SHP Mission, Vision, Values

The mission of the School of Health Professions is "To improve health care through teaching, research and translation of discoveries into practice in partnership with the UAB community." The School vision is, "To be recognized as the leading school of health professions – shaping the future of healthcare." Fulfilling the mission requires faculty and staff to embrace the following organizational values:

- Accountability
- Collaboration/Cooperation
- Diversity
- Excellence
- Innovation/Creativity
- Integrity/Ethical behavior
- Open communication
- Professional behavior

## SHP First Year Experience

All freshmen declaring a pre-health major (any School of Health Professions undergraduate program or pre-SHP with undeclared major) are required to complete a first year experience course during their first fall term. The course HRP 101 is designed to ease the transition between high school and university experiences and to prepare students for success in health professions majors. The course is three semester hours credit, and is designed to be delivered in a seminar format. Students interact with faculty, advisors, and other students to learn academic skills and personal lifestyle management tactics to make their freshman experience positive and academically rewarding. Social interaction and engagement in the UAB community are key goals as well.

## Core Curriculum

All SHP majors are required to comply with the UAB core curriculum for a baccalaureate degree. However, most professional curricula in the school include specific prerequisite coursework that should be considered in making choices about options within the core curriculum. Students are strongly encouraged to make early contact with academic advisors in the School of Health Professions to plan their course schedules to meet the dual requirements of the core curriculum and the requirements of their chosen major. The courses identified in Area V of the core curriculum (Elective and Pre-professional Credits) differ greatly by major, and are subject to change as programs respond to changes in workforce requirements. Students should work closely with their academic advisors to plan their programs of study during the freshman and sophomore years.

### CORE CURRICULUM

Requirement	Fulfilled By:	Hrs.
Area I: Written Composition	Take both of the following courses <b>EH 101 EH 102</b>	6
Area II: Literature	Select one in sequence of the following courses: <b>EH 217 EH 220 EH 223</b> <b>EH 218 EH 221 EH 224</b>	3
Area II: Fine Arts	Select one of the following courses: <b>ARH 101 ARH 107 ARH 109 THR 100 THR 200</b> <b>ARH 106 ARH 108 MU 120 THR 105</b>	3
Area II: Fine Arts/Humanities	Select two of the following courses: 2 <sup>nd</sup> Literature (in sequence) Any Fine Art/Humanities Elective Listed in the AGSC Approved Courses	6
Area III: Mathematics	Select one of the following courses: <b>MA 105</b>	3
Area III: Natural Sciences	Select two of the following courses (with laboratories): Any science course with laboratories listed in the AGSC approved courses. [NOTE: Programs may have specified courses for major.]	8
Area IV: History and Social and Behavioral Sciences	Select one of the following courses: <b>HY 101 HY 102 HY 104 HY 105 HY 120 HY121</b> Any Social/Behavioral Science Electives listed in the AGSC Approved Courses.	3

Area V: Required prerequisites	Select the following required courses: Specific to program– see major requirements.	-						
Sequence Requirement:	As part of Area II or Area IV, students must complete a two course sequence in either Literature or History. Approved sequences are listed below:  <table border="0" style="width: 100%;"> <tr> <td style="text-align: center;"><b>EH 217-218</b></td> <td style="text-align: center;"><b>HY 101-102</b></td> </tr> <tr> <td style="text-align: center;"><b>EH 220-221</b></td> <td style="text-align: center;"><b>HY 104-105</b></td> </tr> <tr> <td style="text-align: center;"><b>EH 223-224</b></td> <td style="text-align: center;"><b>HY 120-121</b></td> </tr> </table>	<b>EH 217-218</b>	<b>HY 101-102</b>	<b>EH 220-221</b>	<b>HY 104-105</b>	<b>EH 223-224</b>	<b>HY 120-121</b>	-
<b>EH 217-218</b>	<b>HY 101-102</b>							
<b>EH 220-221</b>	<b>HY 104-105</b>							
<b>EH 223-224</b>	<b>HY 120-121</b>							
<b>Total Core Curriculum Requirements:</b>		<b>41</b>						

### School-Wide Core / Capstone

The School of Health Professions does not specify a common core for all programs. Students must comply with the UAB core curriculum and the degree requirements for their chosen major. All programs include capstone experiences, either a supervised practicum, a didactic course, or a combination of both.

### UNIVERSITY REQUIREMENTS

Requirement	Fulfilled By:
Credit Hours	In order to receive a degree at UAB, a student must have a minimum 120 semester hours of acceptable credit.

### Interdisciplinary Majors / Minors

Interdisciplinary majors are not offered by the School of Health Professions. With the exception of the Health Sciences Program, undergraduate majors in the School prepare graduates for licensure or certification and professional practice in specific health professions disciplines. Curricula for these programs are prescribed by their accrediting bodies. Students may elect to pursue any minor available at UAB in addition to their major, but minor study is not required. The Health Sciences Program offers a minor with a focus on health care management.

### SHP Honors Program

The School of Health Professions Honors Program provides opportunities for students in professional degree programs to develop leadership and research skills to prepare for careers in health care. Students participate in two semester credits of interdisciplinary seminars and four semester credits in honors projects under the direction of a faculty mentor. Projects may involve research, service learning, or leadership activities. The student's project, whether scholarly, service, or leadership, is presented publicly in an appropriate professional forum. A limited number of students are accepted into the Honors Program each year following a June 1 application deadline. Admission criteria include a 3.25 GPA, recommendation by the director of the student's major, and a letter of support from their faculty mentor. Students who successfully complete the program graduate with School Honors.

## Major: Cytotechnology

**Program Director:** Pijuan-Thompson

**Medical Director:** Eltoun

**Faculty:** Pijuan-Thompson, Brock

The SHP Cytotechnology Program is the only degree granting program of its kind in Alabama. Cytotechnologists assist pathologists by performing microscopic evaluation of cellular samples from virtually all organs of the body to detect microorganisms, infectious lesions, cancer, and related diseases. Cytotechnologists also perform various specialized techniques used in collecting, preparing, and staining cellular samples. The program is accredited by the Commission on Accreditation of Allied Health Education Programs in collaboration with the Cytotechnology Programs Review Committee of the American Society of Cytopathology. Graduates are eligible to apply for the cytotechnologist certification examination of the Board of Registry of the American Society of Clinical Pathologists.

**Admission Requirements:** The student usually will have completed 70 semester hours before enrolling in SHP for three semesters of professional courses. Acceptance is based upon the student's academic ability and aptitude for a career as a cytotechnologist. The candidate is expected to satisfy the following requirements:

- have a minimum cumulative grade point average of 2.4 (A=4.0) in Area I Written Composition, Area II Humanities and Fine Arts, and Area IV History, Social, and Behavioral Sciences core curriculum prerequisites,
- have a minimum grade point average of 2.4 in Natural Sciences and Mathematics prerequisites in Area III and Area V of the core curriculum, calculated on all hours attempted,
- have a minimum grade of C in each course in the UAB/Program Core Curriculum,
- complete an interview with the selection committee
- document a visit to a cytotechnology lab,
- if accepted, complete the UAB medical history questionnaire and physical, provide proof of required immunizations, and receive satisfactory screening by the UAB Medical Center Student Health Service and
- if accepted, a background check and/or drug screening may be required prior to clinical placement.

**Application Procedure:** Completed applications received by April 15 preceding the expected term of enrollment for the professional phase are given first priority. Applications received after April 15 are considered on a space-available basis. Applicants should submit the following materials:

**To the UAB Undergraduate Admissions Office:**

- completed UAB undergraduate application form, indicating pre-cytotechnology as the major, and application fee, if applicable (if enrolled at UAB in another major, complete a Change of School/Major Request indicating pre-cytotechnology as the major; form available from the Office of Registration and Academic Records), and
- official transcripts from each college or university attended.

**To the Cytotechnology Program Office, School of Health Professions:**

- completed application to the professional phase of the Cytotechnology Program (form available at [www.uab.edu/ct](http://www.uab.edu/ct)).
- Cytotechnology Laboratory Visit Form

## Course Descriptions

### Cytotechnology (CT)

#### **CT 401 - Gynecologic Cytopathology I - 5**

Cytology as a health profession; historical development, purpose, and ethics of cytology; proper use of the microscope; classification of cells and tissue; cell activity, injury, adaptation, degeneration, and death; cytogenetics; inflammation and repair; basic immunology; blood and hemodynamic disorders; anatomy, histology, and normal cytology of the female genital tract; cyclic changes in vaginal, cervical, and endometrial epithelium; histology and cytology of pregnancy and menopause; vaginal flora and parasites; hormonal cytology; and cytologic effects of parasites, viruses, bacteria, and fungi; reporting systems.

#### **CT 402 - Gynecologic Cytopathology II - 5**

Neoplasia and general criteria of malignancy; cytology of precancerous lesions and malignant tumors of the female genital tract with reference to clinical aspects, degrees, and types of tumors; effects of radiation and chemotherapy; rare/unusual diagnostic entities; and seminar and journal club on related topics.

#### **CT 403 - Laboratory Operations - 2**

Gynecologic and non-gynecologic specimen handling; routine and special preparatory techniques, special stains and ancillary diagnostic procedures; IHC, EM, Flow Cytometry, FISH, record keeping, QA/AC procedures, litigation, proficiency testing, automation, teamwork and conflict management

#### **CT 411 - Non-Gyn Cytopathology I - 5**

Anatomy, histology, and normal and abnormal cytology of neoplastic and non-neoplastic lesions of the respiratory tract, urinary tract and gastrointestinal tract including rare/unusual diagnostic entities and seminar and journal club on related topics. *Prerequisites:* CT 402 and CT 422

#### **CT 412 - Non-Gyn Cytopathology I - 5**

Anatomy, histology, and normal and abnormal cytology of neoplastic and non-neoplastic lesions of the serous cavities, central nervous system and aspiration cytology from all areas of the body including rare/unusual diagnostic entities and seminar and journal club on related topics. *Prerequisites:* CT 402 and CT 422

#### **CT 421 - Gynecologic Cytopath I Lab - 2**

Microscopic evaluation of anatomy, histology, and normal cytology of the female genital tract; cyclic changes in vaginal, cervical, and endometrial epithelium; histology and cytology of pregnancy and menopause; vaginal flora and parasites; hormonal cytology; and cytologic effects of parasites, viruses, bacteria, and fungi.

#### **CT 422 - Gynecologic Cytopath II Lab - 3**

Microscopic evaluation of cytology of precancerous lesions and malignant tumors of the female genital tract, degrees, and types of tumors; effects of radiation and chemotherapy.

#### **CT 424 - Non-Gyn Cytopathology I Lab - 2**

Microscopic evaluation of normal and abnormal cytology of neoplastic and non-neoplastic lesions of the respiratory tract, urinary tract and gastrointestinal tract including rare/unusual diagnostic entities. *Prerequisites:* CT 402 and CT 422

#### **CT 425 - Non-Gyn Cytopathology II Lab - 3**

Microscopic evaluation of normal and abnormal cytology of diseases involving serous cavities with particular reference to tumor types and primary site of tumors; anatomy, histology, and normal and abnormal cytology of the central nervous system; aspiration cytology; and rare/unusual diagnostic entities. *Prerequisites:* CT 402 and CT 422

#### **CT 490 Clinical Practicum I - 4**

Practice in preparation of cytologic specimens, evaluation of cytologic material and initial diagnostic workup under close supervision. The purpose is to provide the student with experience obtained in a professional setting *Prerequisites:* CT 412 and CT 425

#### **CT 491 Clinical Practicum II - 4**

Intermediate level field experiences in all areas pertinent to the cytology laboratory. The purpose is to provide the student with experience obtained in a professional setting. *Prerequisite:* CT 412 and CT 425

#### **CT 492 Clinical Practicum III - 4**

Advanced practice in all areas pertinent to the cytology laboratory. The purpose is to provide the student with experience obtained in a professional setting. The student will be performing at an entry level capacity upon completion of this rotation. *Prerequisite:* CT 412 and CT 425

# Major: Health Information Management

**Program Director:** Clements

**Faculty:** Clements, Garrie, Gorham, Houser, Kinnerson, Paustian, Ray, Spath

The Health Information Management Program prepares students to evaluate and improve the quality of health information resources. Health information managers (HIMs) work with administrative and clinical staffs in health care facilities to provide the best possible information resources, a necessity for quality health care. HIMs design and maintain health information systems to collect, assess, and disseminate clinical and administrative data. The program is accredited by the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM). Program graduates are eligible to apply for the Registered Health Information Administrator credentialing examination given by the American Health Information Management Association.

**Admission Requirements:** Students are eligible for admission to the professional program only in the fall term of the junior year after completion of the prerequisites with a minimum of 60 semester hours, exclusive of physical education.

All candidates must satisfy the following requirements:

- have a minimum cumulative grade point average of 2.5 (A=4.0),
- have a minimum grade of C in each course in the UAB/Program Core Curriculum,
- be accepted by the University of Alabama at Birmingham,
- if accepted, complete the UAB medical history questionnaire and physical, provide proof of required immunizations, and receive satisfactory screening by the UAB Medical Center Student Health Service, and
- if accepted, a background check and/or drug screening may be required prior to clinical placement.

**Application Procedure:** Completed applications for the professional phase of the program received by March 1 preceding the expected term of enrollment in the professional phase are given priority; after March 1, applications are considered on a space-available basis.

Applicants should submit the following materials:

**To the UAB Undergraduate Admissions Office:**

- completed UAB undergraduate application form, indicating pre-health information management as the major, and application fee, if applicable (if enrolled at UAB in another major, complete a Change of School/Major Request indicating pre-health information management as the major; form available from the Office of Registration and Academic Records), and
- official transcripts from each college or university attended.

**To the Health Information Management Program Office, School of Health Professions:**

- completed application to the professional phase of the program (form available from the program office or from the HIM Program web page: <http://www.uab.edu/him>).

Minor	No minor required
General Electives	Students must take general electives to reach the 120 semester hour requirement.

### Typical Program Professional Phase

The following courses, except for clinicals and internship, may be completed at UAB or by Internet by using distance learning technology.

#### First Year

			Sem. Hrs.
<b>Fall</b>			
AHS	405	Human Resources Management in HCO	4
HIM	405	Clinical Information I	3
HIM	415	Introduction to Health Information Management	3
HIM	416	Health Data Concepts	3

#### Spring

AHS	318	Law for Health Care Professionals	3
AHS	435	Survey of Clinical/Administrative Information Systems	3
HIM	410	Clinical Information II	3
HIM	440	ICD-9-CM Coding	4

#### Summer

AHS	416	Financial Management in Health Care Organizations	3
HIM	430	Clinical Experience I	1
HIM	460	Coding/Classification Systems	3
HIM	425	Epidemiology/Applied Statistics in HCO	3
HIM	458	Clinical Terminologies and Vocabularies	2

#### Second Year

<b>Fall</b>			
HIM	431	Clinical Experience II	1
HIM	450	Clinical Research Methods	3
HIM	455	Reimbursement and Regulatory Requirements for HIM	3
HIM	465	Clinical Evaluation & Outcomes Research	3
HIM	443	Information Resource Management	3

#### Spring

HIM	470	Data Management and the EHR	3
HIM	480	Internship	6
HIM	481	Issues in Health Information Management	3

### Course Descriptions

#### Health Information Management (HIM)

##### **HIM 318 - Survey Human Anatomy/Physiology - 4**

Survey course on the structure and function of the body. A systems approach emphasizing physiology of the whole body.

##### **HIM 405 - Clinical Information I - 3**

Study of diseases with emphasis on medical terminology relevant to clinical documentation in inpatient and outpatient health care settings. Course content includes manifestation of disease, diagnostic and therapeutic procedures, and pharmacology for cardiovascular, respiratory, blood, lymphatic, immune, musculoskeletal, integumentary, and endocrine body systems and sense organs, oncology and psychiatry.

**HIM 410- Clinical Information II - 3**

Study of diseases with emphasis on medical terminology and pathology relevant to clinical documentation in health care settings. Course content includes manifestation of disease, diagnostic and therapeutic procedures, and pharmacology for digestive, urinary, reproductive and nervous systems and pharmacology, and radiological procedures. Remaining body systems are covered in Clinical Information II.

**HIM 415 - Intro to Health Info Mgt - 3**

Study of HIM profession and employment opportunities; functions of a HIM department and ancillary hospital departments; professional ethics; HIM professional associations; applications of principles of management to the efficient administration of health information services; numbering, filing and preservation of records; master patient index and the role of JCAHO and other accrediting agencies.

**HIM 416 - Health Data Concepts - 3**

Study of the origin, uses, content, and format of health care data across the continuum of health care, including both paper and electronic health records; accreditation, certification, and licensure standards applicable to health care data; qualitative and quantitative analysis of health care data; forms and screen design and control.

**HIM 425- Epidemiology/Application Stat in Health Care Org - 3**

Concepts of epidemiology; basic biostatistics; vital statistics; data collection and data presentation; study designs. Quantitative Literacy is a significant component of this course (QEP).

**HIM 430 - Clinical I - 1 to 2**

Supervised projects/assignments at approved professional practice sites where student applies theory from HIM courses. Projects/assignments include: filing and retrieval, registration processes, assembly/analysis of paper/ electronic records; confidentiality and release of medical information; security, storage and retention of health records; HIM department systems analysis and workflow; HIM department organization and functions; and paper/electronic forms design.

**HIM 431- Clinical II - 1**

Supervised projects/assignments at approved professional practice sites where student applies theory from HIM courses. Projects/assignments include: identification of statistical reporting and data requirements; regulatory, compliance and quality responsibilities/functions; case management or utilization management functions, ICD-9-CM/CPT-4 coding; case mix management; revenue cycle; and HIM department productivity.

**HIM 440 - ICD-9-CM Coding - 4**

Diagnostic and procedural coding, including the principles of ICD-9-CM coding and UHDDS guidelines. *Prerequisites:* HIM 405 and (BY 115 and BY 116 or HIM 315)

**HIM 443 - Information Resource Mgt - 3**

Overview of information management functions related to obtaining, managing, and using information to improve patient outcomes and health care facility performance in patient care, governance, management, and support processes.

**HIM 450 - Clinical Research - 3**

Study of design concepts and information systems to support clinical and health services research and investigation, e.g. drug companies, genetic engineering firms, academic institutions and individual researchers; major national research policy-making bodies, their research protocols and their management of information. Students will perform statistical analysis and display of data and results and will critically evaluate published reports of clinical and epidemiological studies. *Prerequisites:* HIM 425

**HIM 455 - Reimburse/Regulatory Requirements for HIM - 3**

Financial aspects of healthcare involving prospective reimbursement; managing the coding function in healthcare organization; quality assurance of coded data; DRGs and other case mix systems; security issues under HIPAA. *Prerequisites:* HIM 440 and 460. *Prerequisites:* HIM 440 and HIM 460

**HIM 458 - Clinical Terminology and Voc - 2**

Overview of clinical terminologies, vocabularies and classification systems including purposes, organization and structures, mappings in the electronic health record (EHR), and future roles in eHIM. *Prerequisites:* HIM 440

**HIM 460 - Coding/Classification Systems - 3**

Ambulatory care coding CPT 4, HCPCS, ICPC for outpatient facilities and physician offices and secondary nomenclatures and classifications schemes, including: Systematized Nomenclature of Human and Veterinary Medicine (SNOMED); International Classification of Disease Oncology; (ICD O); Diagnostic and Statistical Manual for Mental Disorders (DSM IV); and Federal Coding and reporting requirements for ambulatory care. *Prerequisites:* HIM 405 and HIM 415

**HIM 465 - Clinical Eval/Outcomes Res - 3**

Review of current approaches to measuring, evaluating, and reporting clinical outcomes in health care organizations.

**HIM 470 - Data Management - 3**

Data collection for enterprise; reportable and specialized databases; data mining of healthcare data; data information; file structures; data security; and data retrieval. *Prerequisites:* AHS 435 and HIM 415

**HIM 480 - Internship - 6**

Focused internship in approved health care facility; emphasis on evaluation of managerial organization of facility and Health Information Management Department (HIM), and management responsibilities of director of HIM services. Must have completed all didactic HIM courses.

### **HIM 481 - Issues in HIM Seminar - 3**

A seminar that emphasizes management skills/tools used in HIM practice and highlights current developments in HIM. Emphasis on writing documents (e.g. memo, policy, team charter, teaching plan); emphasis on calculating productivity, FTEs and costs for alternative solutions to reduce backlog in a designated function; and emphasis on the HIM professional's role in advocacy for current national issues in HIM practice, such as privacy and security of health information and the personal health record.

## **Major: Health Sciences**

**Program Director:** Paustian

**Faculty:** Elder, Garrie, Giardina, Hamer, Powell, Slovensky, Smith, Spath, Trimm

The B.S. in Health Sciences program curriculum is designed to provide students with the necessary industry knowledge and job skills needed by mid-level managers in health care organizations. Program graduates are prepared for mid-level management positions in all types of health care organizations, including hospitals, ambulatory care centers, long term care facilities, and home health care agencies.

Admission options are based on the student's previous academic work, current professional status, and personal interests. Curriculum tracks include Pre-Professional, Clinical Manager, Long Term Care Administrator, and General Manager. Students who plan to see admission to graduate level health professions programs may apply to the Pre-Professional options. Prerequisites for admission to identified graduate programs can be incorporated into the program of study for this track in B.S. Health Sciences degree. The clinical manager option is restricted to individuals who are credentialed or licensed in a health professions discipline. The Long Term Care Administrator track prepares graduates to work in nursing homes and other long term care facilities. All other students should consider the General Manager option. The program is a Full Certified Undergraduate Member of the Association of University Programs in Health Administration.

**Admission Requirements:** The candidate is expected to satisfy the following requirements:

- for the Clinical Manager option, be a graduate of a certificate and/or associate degree health professions program or the equivalent, including associate degree or diploma registered nursing program, and be licensed, registered, or certified in the health specialty (not required for the other tracks);
- for the Clinical Manager or General Manager options, have a minimum cumulative grade point average of 2.5 (A=4.0); for the Pre-Professional or Long Term Care Administrator options, have a minimum cumulative grade point average of 2.75 (A=4.0);
- have a minimum grade of C in all previous professional coursework to be applied to the degree;
- complete the UAB/Program Core Curriculum with a minimum grade of C in each course;
- if accepted, complete the UAB medical history questionnaire and physical, provide proof of required immunizations, and receive satisfactory screening by the UAB Medical Center Student Health Service and
- if accepted, a background check and/or drug screening may be required prior to clinical placement.

**Application Procedure:** Applications are accepted at any time, and students may be enrolled during any term. Applicants should submit the following materials:

#### **To the UAB Undergraduate Admissions Office:**

- completed UAB undergraduate application form, indicating SHP as the school, and application fee, if applicable (if enrolled at UAB in another major, complete a Change of School/Major Request indicating SHP as the school; form available from the Office of Registration and Academic Records), and
- official transcripts from each college or university attended.

#### **To the Health Sciences Program Office, School of Health Professions:**

- completed application to the professional phase of the B.S. in Health Sciences Program (form available from the program office or from the BSHS Program web page: [www.uab.edu/bshs](http://www.uab.edu/bshs)), and
- if applying to the Clinical Manager option, a photocopy of current license, registry, or certification in a health specialty.

The student should request an appointment with a program advisor prior to the term of initial enrollment. It is essential to have transcripts of previous coursework during the enrollment interview.

## **Minor: Health Sciences**

The health sciences program offers a minor option for undergraduate students matriculating in programs in the School of Health Professions. The minor requires completion of 21 semester hours of course work, including 15 hours of health care management courses. Students must apply to the Health Sciences program for admission to the minor, and must have a 2.5 GPA to qualify. All courses must be completed with a grade of C or better.

The following courses are required to earn the minor:

- AHS 330 Health Care Systems – 3 hours
- AHS 401 Organizational Studies in Health Care – 4 hours
- AHS 403 Operations Management in Health Care Organizations – 4 hours
- AHS 405 Human Resources Management in Health Care Organizations – 4 hours
- AHS 407 Strategic Management in Health Care Organizations – 3 hours
- AHS 415 Ethics for the Health Professional – 3 hours

## **Course Descriptions**

### **Health Sciences (AHS)**

#### **AHS 300 - Survey of Health Professions - 2**

Survey of graduate and undergraduate health professions that provide patient care and other services in health care delivery system; designed to assist undergraduate students in career investigation.

#### **AHS 302 - Principles of Management in Health Care - 3**

Basic management concepts; oral & written communication; planning & goal setting; decision-making & problem solving; personnel selection; performance appraisal.

#### **AHS 318 - Law for Health Care Prof - 3**

Principles of law and U.S. legal system as applied in health care organizations; documentation, privacy, security, and release of health information; liability, consent, and malpractice.

#### **AHS 320 - Microcomputer Applications Health Care Professionals - 3**

Spreadsheet, database, file management, information systems, Internet, and presentation applications in managerial functions. Mandatory attendance at orientation session.

#### **AHS 330 - Health Care Systems - 3**

Overview of U.S. health care system; implications of environmental trends and health care policy on health care organizations; introduction to financing of health care.

**AHS 360 - Statistics for Healthcare Managers - 3**

Basic descriptive and inferential statistics as applied in managerial processes; computer-based graphic analysis of data; use of computer-based statistical software; application of statistical process control tools. Course also offered via Internet. Quantitative Literacy is a significant component of this course (QEP). *Prerequisite:* MA 105 or MA 110.

**AHS 375 - Managerial Epidemiology - 3**

The course will familiarize students with the methods and applications of managerial epidemiology. It will also equip students with an understanding of the measurement and epidemiologic tools that inform health care management decisions. *Prerequisites:* AHS 330

**AHS 401 - Org Studies in Health Care - 4**

Behavioral science concepts including leadership, managing change, negotiating and conflict resolution, team building, organizational assessment, marketing, and entrepreneurship. *Prerequisites:* AHS 330

**AHS 403 - Operational Mgt in Health Care Org - 4**

Operational functions of mid-level managers including work design and re-engineering; systems theory; development, planning, and analysis; ergonomics and work environment; quality improvement techniques. *Prerequisites:* AHS 401

**AHS 405 - HR Mgt in Health Care Org - 4**

Managerial activities related to job descriptions, recruiting, interviewing, hiring, firing, orientation, benefits, appraisal, discipline, and developing clinical and non-clinical personnel. *Prerequisites:* AHS 401 and AHS 403

**AHS 407 - Strategic Mgt in Health Care Org - 3**

Overview of strategic management process; strategic planning in health care organizations from perspective of mid-level manager; emphasis on operational level implementation and control. *Prerequisites:* AHS 401 and AHS 403 and AHS 435

**AHS 410 - LTC Facilities Management - 3**

Overview of administrative responsibility for physical facilities; environmental safety; emergency preparedness and response; interdependence and functioning of medical, nursing, social, dietary, and other key resident services.

**AHS 411 - Bio/Psych/Soc Issues of Aging - 3**

Overview of current gerontological-geriatric information; special needs of the elderly in receiving health care services. *Prerequisites:* AHS 330

**AHS 415 - Ethics for the Health Prof - 3**

Overview of major ethical theories; ethical decision-making models; application to patients rights, confidentiality, informed consent, professional relationships, and allocation of scarce resources. *Prerequisites:* AHS 318 and AHS 330

**AHS 416 - Fin Mgt in Health Care Org - 3**

Overview of financial management functions at departmental level; budgeting and cost analysis for department-level operations and capital expenditures. Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* AC 200 and AC 201 and AHS 320 and AHS 330

**AHS 417 - Financial Management for LTC Administrators - 2**

Overview of financial management practices and reimbursement issues and methodologies in long term care facilities. *Prerequisites:* AHS 416 and AHS 421

**AHS 420 - LTC Resident Care & Quality of Life - 2**

Planning, managing, and evaluating programs that enhance resident quality of life in long-term care facilities.

**AHS 421 - Introduction to Long Term Care Administration - 2**

Introduction to the long term care industry and nursing facility operations through seminars, independent media research, and experiential learning.

**AHS 430 - Documentation Requirements in Long Term Care - 2**

Overview of clinical documentation requirements in long term care facilities, including the Resident Assessment Instrument, Minimum Data Set, and Patient Care Plan. Additional focus on information privacy and security. *Prerequisite:* AHS 421

**AHS 432 - Continuum of Long Term Care - 3**

Survey of providers of long term and elder care, including scope of services provided, review of reimbursement methodologies, clientele served, and political issues affecting their operational practices.

**AHS 435 - Clinical/Admin Info Systems - 3**

Overview of information systems and applications in health care organizations; issues and challenges in system design and implementation. *Prerequisites:* AHS 320 and AHS 330

**AHS 450 - Quality Mgt in Health Care - 3**

Concepts of monitoring and evaluating the quality and appropriateness of patient care and services provided in health care organizations; overview of regulatory guidelines and industry standards; current issues in quality measurement and outcomes. *Prerequisites:* AHS 330

**AHS 460 - Research Methods - 3**

Use of statistical methodology in health professions research; overview of research methodologies; guidelines for critiquing published research; development of research proposal. Prerequisite: Basic statistics *Prerequisites:* AHS 330 and AHS 360 and MA 180 and PY 214 and QM 214

**AHS 481 - Management Internship - 3 to 6**

Supervised experience in managerial functions in selected health care organization. *Prerequisites:* AHS 401 and AHS 403 and AHS 405 and AHS 407

**AHS 482 - Current Issues Seminar - 3**

Identification of current issues in health care industry, emphasis on analyzing organizational impact. Prerequisite: Concurrent enrollment in AHS 481 preferred. *Prerequisites:* AHS 481

## Major: Medical Technology

Established in 1945, the Medical Technology Program was one of the first programs developed in the UAB Medical Center, as well as one of the first programs to train medical technologists in the U.S. Medical Technologists (MT) assume major responsibility for analyzing body fluids and other specimens to aid physicians in the diagnosis of disease and therapeutic monitoring of treatment. The MT assesses, controls, and manages quality laboratory service and information and performs preventive maintenance and trouble-shooting of typical laboratory problems.

The program is accredited by the National Accrediting Agency for Clinical Laboratory Sciences. Program graduates are eligible to apply for the certification examinations of the National Certification Agency for Medical Laboratory Personnel and the Board of Registry of the American Society of Clinical Pathologists.

**Admission Requirements:** The student usually will have completed approximately 60 semester hours (or equivalent to two years) before applying to SHP for five semesters of professional courses. Acceptance is based upon the student's academic ability and aptitude for a career in laboratory sciences. The candidate is expected to satisfy the following requirements:

- have a minimum cumulative grade point average of 2.3 (A=4.0),
- have a minimum cumulative grade point average of 2.3 in Natural Sciences and Mathematics prerequisites in Area III and Area V, calculated on all hours attempted, and
- if accepted, complete the UAB medical history questionnaire and physical, provide proof of required immunizations, and receive satisfactory screening by the UAB Medical Center Student Health Service, and
- if accepted, a background check and/or drug screening may be required prior to clinical placement.

The MT program offers early acceptance (CEAP) for entering UAB freshman and sophomore students with good academic records. Interested students should contact the Medical Technology Program for further information and for an application. Certified MLTs who have graduated from a NAACLS accredited program and who wish to obtain a baccalaureate degree in medical technology can apply to the Clinical Laboratory Sciences (CLS) Articulation Program. Through this program, students receive credit for approved MLT coursework toward a Bachelor of Science degree in medical technology from the School of Health Professions.

**Application Procedure:** Applicants should submit the following materials:

**To the UAB Undergraduate Admissions Office:**

- completed UAB undergraduate application form, indicating pre-medical technology as the major, and application fee, if applicable (if enrolled at UAB in another major, complete a Change of School/Major Request indicating pre-medical technology as the major; form available from the Office of Registration and Academic Records), and
- official transcripts from each college or university attended.

**To the Medical Technology Program Office, School of Health Professions:**

- completed application to the professional phase of the Medical Technology Program (form available online at <http://main.uab.edu/shrp/default.aspx?pid=76597>).

## Course Descriptions

### Medical Technology (MT)

#### **MT 400 - Health and Safety Management - 1**

Review of infection control principles focused on bloodborne, airborne, drug-resistant and opportunistic pathogens, and general health and safety guidelines and standards.

#### **MT 403 - Body Fluids - 1**

Diagnosis and monitoring of renal and systemic disease through the physical, biochemical, and microscopic analysis of urine and feces. Diagnosis of central nervous system and systemic disease through cerebrospinal fluid analysis. Diagnosis of metabolic and infectious disease through analysis of peritoneal fluid, synovial fluid, transudates, and exudates. Fertility Testing using semen analysis.

#### **MT 404 - Body Fluid Lab - 1**

Diagnosis and monitoring renal and systemic disease through the physical, biochemical, and microscopic analysis of urine and feces. Diagnosis of central nervous system and systemic disease through cerebrospinal fluid analysis. Diagnosis of metabolic and infectious disease through analysis of peritoneal fluid, synovial fluid, transudates, and exudates. Fertility testing

#### **MT 405 - Laboratory Management - 3**

Roles and functions of clinical laboratories and practitioners; professionalism and ethics; educational methodology and training; professional and interpersonal communication; behavioral aspects of management; leadership styles and management theory; team-building; legal issues related to employment; recruitment, interview and selection of personnel; organizational culture and behavioral change; laboratory operations; safety, governmental regulations, standards and compliance; marketing, outreach, and business plan; budget, cost analysis, reimbursement; critical pathways, decision-making, test utilization; performance improvement, quality assessment; risk management, evidence-based laboratory medicine.

#### **MT 406 - Laboratory Techniques - 2**

Overview of issues and skills surrounding working in the modern laboratory environment; includes safety, collection of specimens, equipment, mathematics, measurements, microscopy, dilutions, quality assurance, basic spectrophotometry, phlebotomy, automation of laboratory testing and lab computers

#### **MT 418 - Immunology - 4**

Physiology of immune responses to infectious agents, tumors, and transplants; abnormal responses: hypersensitivity, autoimmunity, immunoproliferative disorders, and immunodeficiencies; antigen-antibody reactions; complement

#### **MT 419 - Immunology Laboratory - 1**

Specimen requirements, principle, procedure, clinical significance, and sources of error of common clinical immunology tests; performance and interpretation of tests; application of results to clinical situations.

#### **MT 423 - Clinical Microbiology - 3**

Reservoirs, modes of transmission, disease associations, and morphological and biochemical characteristics of microorganisms commonly isolated in the clinical laboratory; methods used to isolate and identify bacteria, parasites, and fungi.

#### **MT 424 - Clinical Microbiology Lab - 1**

Performance of techniques and tests used in the isolation and identification of bacteria, fungi, and parasites commonly seen in a clinical microbiology laboratory.

#### **MT 426 - Instrumentation and Automation - 3**

This course includes the study of the theory and principles of automation and instrumentation used in laboratories. An emphasis will be placed on quality control, quality assurance, instrumentation principles, basic statistics, and the regulatory and economic issues encountered in laboratories including, clinical labs, health labs, government labs, private labs, and other laboratories.

**MT 427 - Instrumentation & Automation Lab- 1**

This course includes the practical application of automation and instrumentation used in laboratories. An emphasis will be placed on quality control, quality assurance, instrumentation principles, basic statistics, and the regulatory, and economic issues encountered in laboratories including, clinical labs, health labs, government labs, private labs and other laboratories.

**MT 428 - Hematology I - 4**

Systematic examination of blood cells: normal function; recognizing their microscopic appearance; blood cell disorders; standard and special clinical hematology laboratory procedures; validation of laboratory data; interpretation of results, quality assurance.

**MT 430 - Immunoematology - 4**

Covers blood group antigen-antibody reactions; donor blood collection and testing; serological characteristics and immunogenetics of the major blood group systems; pretransfusion testing, basic and advanced techniques of antibody identification and problem-solving; transfusion therapy; laboratory evaluation of hemolytic disease of the newborn; and the investigation of immune coating of red cells in vivo, including autoimmune hemolytic anemia. Application of theory and problem-solving skills is emphasized.

**MT 431 - Immunoematology Laboratory - 1**

This course covers tests used to perform the following blood bank procedures: red cell phenotyping, antibody detection and identification, pretransfusion testing, and laboratory investigation to diagnosis and treat hemolytic anemias.

**MT 438 - Infectious Diseases - 3**

Pathogenic mechanisms of infectious diseases; normal flora and pathogens of various body sites; methods for collection, transport, and culturing different types of clinical specimens; interpretation of cultures.

**MT 439 - Infectious Diseases Laboratory - 2**

Performance and interpretation of direct Gram stains; culturing various types of clinical specimens for isolation of bacteria; performing and interpreting tests used in the culture results; antimicrobial susceptibility and resistance testing.

**MT 442 - Molecular Diagnostics - 3**

Molecular diagnostics is a relatively new discipline that is slowly, but surely, entering the clinical laboratory. The course will focus on the development of knowledge in: molecular biochemistry, medical genetics, molecular pathophysiology, and the theory of molecular tests.

**MT 443 - Molecular Diagnostics Lab - 1**

Molecular diagnostics is a relatively new discipline that is slowly, but surely, entering the clinical laboratory. The course will focus on the development of knowledge in: isolation of nucleic acids, analysis of nucleic acids and protein, cytogenetics, and the interpretation of various molecular methods.

**MT 451 - Clinical Chemistry - 3**

Theory of clinical laboratory techniques to identify and quantitate chemical analytes in body fluids and the correlation of these analytes to human disease.

**MT 452 - Clinical Chemistry Lab - 1**

Performance of laboratory techniques used to identify and quantitate chemical analytes in body fluids and the correlation of these analytes to human disease.

**MT 455 - Research Principles - 2**

Clinical research principles and methods relevant to laboratory medicine assays; applications of descriptive and inferential statistics with diagnostic assay accuracy studies; development of competencies for critical analyses of empirical research papers to determine quality of empirical evidence and the operating characteristics of the diagnostic assays studied and the planning process for verification studies of diagnostic assays. Quantitative Literacy is a significant component of this course (QEP).

**MT 460 - Clinical Correlations - 3**

Correlate clinical, technical and analytical proficiencies that comprise clinical laboratory science practice. Analyze and interpret case studies through selection, application, and interpretation of clinical laboratory protocols. *Medical Technology Students Only.*

**MT 470 - Certification Review - 1**

Review of medical technology/clinical laboratory science body of knowledge with required comprehensive trial certification final examination using self-directed online materials. Experience with the development of a personal certification maintenance plan to meet requirements defined by national certification agencies in Clinical Laboratory Sciences. *Medical Technology Students Only.*

**MT 495 - Clinical Practices - 1-12**

Directed clinical practice in immunoematology, Immunology, Hematology, Microbiology, and Chemistry; laboratory procedures and methods, problem solving, quality assurance, preventive maintenance, and safety. *Medical Technology Students Only.*

## Major: Nuclear Medicine Technology

**Program Director:** Bolus

**Medical Director:** Bender

**Faculty:** Bolus, George, Jones-Thomas, Navarrete,

The SHP Nuclear Medicine Technology Program is the only program of its kind in Alabama. The nuclear medicine technologist (NMT) uses radioactive drugs to obtain information that will aid physicians in diagnosing disease and monitoring therapy. NMTs have direct patient contact and use a variety of radiation detection equipment and computers to acquire and process data. They also participate in quality control, preparation of radioactive drugs, and compliance with radioactive materials licensing requirements. The program is accredited by the Joint Review Committee on Educational Programs in Nuclear Medicine Technology. Program graduates are eligible to apply for the certification examination of the Nuclear Medicine Technology Certification Board (NMTCB).

**Admission Requirements:** The student usually will have completed approximately 60 semester hours before transferring to SHP for five to six semesters of professional courses. Acceptance is based upon the student's academic ability and aptitude for a career in nuclear medicine technology. The candidate is expected to satisfy the following requirements:

- be accepted by UAB,
- have a minimum cumulative overall grade point average of 2.5 (A=4.0),
- have a minimum cumulative grade point average of 2.5 (A=4.0) in Natural Sciences and Mathematics prerequisite courses in Area III and Area V (under special circumstances and with permission of the faculty, this requirement may be waived),
- have a minimum grade of C in each prerequisite course,
- complete a personal interview with the selection committee
- if accepted, complete the UAB medical history questionnaire and physical, provide proof of required immunizations, and receive satisfactory screening by the UAB Medical Center Student Health Service, and
- if accepted, a background check and drug screening will be required prior to clinical placement.

**Application Procedure:** Applications received in the NMT Program office by February 15 preceding the expected term of enrollment for the professional phase are given first priority. Applications received after February 15 are considered on a space-available basis. Applicants should submit the following materials:**To the UAB Undergraduate Admissions Office:**

- completed UAB undergraduate application form, indicating pre-nuclear medicine technology as the major, and application fee, if applicable (if enrolled at UAB in another major, complete a Change of School/Major Request indicating pre-nuclear medicine technology as the major; form available from the Office of Registration and Academic Records), and
- official transcripts from each college or university attended.

**To the Nuclear Medicine Technology Program Office, School of Health Professions:**

- completed application to the professional phase of the Nuclear Medicine Technology Program (form available on-line or from the program office), and
- completed clinical tour form (form available from the program office).

### Course Descriptions

#### Nuclear Medicine Technology (NMT)

##### **NMT 400 - Intro Clinic Nuclear Med Tech - 2**

Overview of professional organizations and nuclear medicine , hospital organization; medical terminology; medical records; introductions to other aspects of nuclear medicine technology including ethics concerning the hospital setting; writing assignments on professionalism and hospital ethics.

##### **NMT 401 - Introduction to MRI Clinic - 2**

This course is designed to provide students with the practical aspect of Magnetic Resonance Imaging. The role of MRI technologists, patient management, MRI screening and safety procedures, quality assurance procedures and FDA guidelines will be discussed. *Prerequisite:* NMT 424 with a grade of C

**NMT 404 - Patient Care - 2**

Basic patient care theory and techniques including standard precautions, infection control, vital signs, venipuncture, patient transfer techniques, immobilization techniques, aseptic and nonaseptic techniques, oxygen administration, and medical emergencies which are required for radiation therapy and nuclear medicine students prior to entering clinical training.

**NMT 405 - Cross-Sectional Anatomy - 3**

This course is designed to integrate the student's knowledge of gross anatomy with the identification and location of structures in cross-sectional images. Computer Tomography (CT), Magnetic Resonance (MR), and Diagnostic Ultrasound (US) images in various anatomical planes will be used to locate and identify anatomical structures.

**NMT 421 - Instrumentation I - 3**

Theoretical and practical concepts in radiation detection and instrumentation; calibration; maintenance standards; practical uses of gaseous detectors, scintillation detectors, and multichannel analyzers; quality assurance testing for nuclear medicine instrumentation including GM detectors, ionization chambers and scintillation detectors; gamma spectrometry of all commonly used nuclear medicine radionuclides. Principles of in vivo and in vitro counting and imaging using probe counters, well counters, and scintillation gamma cameras; scintillation gamma camera quality control; types of collimators used in nuclear medicine, their use and function.

**NMT 421L—Instrumentation I Lab - 1**

This lab will introduce the nuclear medicine student to basic radiation and nuclear counting instrumentation. This includes proper calibration and use of the Multi-Channel Analyzer (MCA) and Geiger Muller (G-M) Counter. The student will learn how to determine the proper operating voltage, detector efficiency, window width, and amplifier gain and energy resolution of the MCA. Proper counting statistics and dual isotope counting labs will emphasize the importance of proper use of nuclear counting instrumentation.

**NMT 422 - Comp Appl/Adv Instrumentation II - 3**

This course applies computer fundamentals to the acquisition and processing of nuclear medicine patient data. Quantitative planar studies as well as SPECT/PET image reconstruction, filtering, and attenuation correction are presented. Quality control of SPECT and PET camera system is also included. *Prerequisites:* NMT 421

**NMT 423 - Computed Tomography - 3**

This course is designed to provide the students with the theoretical principles of Computed Tomography (CT). The historical development of CT and the physical principles underlying CT scanning will be discussed. CT Instrumentation, data acquisition, data processing and image quality will also be emphasized.

**NMT 424 - Physics/Instrumentation of Nuclear Magnetic Resonance - 3**

Fundamental physical principles of nuclear magnetic resonance phenomenon, including structure of atom, concept of resonance, Larmor frequency, gyromagnetic ratio,  $T_1$  and  $T_2$ , and methods of generating magnetic fields; theory of operation of NMR spectrometers and imagers, including function of basic components, effects of linear gradients, signal processing, slice definition, and image reconstruction.

**NMT 431 - Nuclear Medicine Procedures I - 4**

This course is the first of a two course series that teaches students how various nuclear medicine procedures are performed and what the nuclear medicine technologist's responsibilities are in completing a procedure. In this first course, procedures involving the skeletal, respiratory, endocrine, gastrointestinal and genitourinary systems are presented. Anatomy and relevant concepts in physiology are reviewed and applied to each procedure. Common pathologies demonstrated with each procedure are also discussed.

**NMT 432 - Nuclear Medicine Procedures II - 4**

This course is the second of two course series that teaches students how various nuclear medicine procedures are performed and what the nuclear medicine technologist's responsibilities are in completing a procedure. In this course, procedures involving nuclear cardiology, oncology, central nervous and hematopoietic systems, and applications of positron emission tomography are presented. Anatomy and relevant concepts in physiology are reviewed and applied to each procedure. Common pathologies demonstrated with each procedure are also discussed. The basics of three-and twelve-lead ECGs will also be covered. *Prerequisites:* NMT 431

**NMT 433 - Computed Tomography Procedures - 3**

This course is designed to provide students with a solid foundation of Computed Tomography (CT) Procedures. Basic CT scanning concepts and image quality will be reviewed along with detailed discussions about CT positioning criteria, specific selections, and options in protocols. Advanced CT concepts such as interventional imaging, virtual reality imaging, positron emission tomography, and special procedures will also be emphasized.

**NMT 434 - MRI Scanning and Sequence - 3**

This course will provide the students with a solid foundation of the magnetic resonance imaging (MRI) modality. Basic MRI theory will be reviewed along with detailed discussion about the imaging sequences, parameter optimizations, and imaging procedures will be extensively discussed. Advanced concepts such as flow imaging, and MR spectroscopy will also be discussed. *Prerequisites:* NMT 405 and NMT 417 with a grade of C

**NMT 441 - Radiation Protection and Biology - 3**

Principles and methods of radiation protection, health physics units, measurement, and dose-limiting regulations for occupationally and non-occupationally exposed individuals; radiation surveys; techniques and decontamination methods; monitoring of radioactive waste, radiation dose measurements, and radionuclide accountability; special topics, including precautions with brachytherapy patients, with patients receiving therapeutic amounts of radionuclides, and in management of accidentally contaminated individuals. Physical, chemical, and biological mechanisms involved in action of different types of radiations on living cells and their components are covered. Emphasis is given to being able to interpret how to respond to a malicious radiological exposure incident in an appropriate manner. Quantitative Literacy is a significant component of this course (QEP).

**NMT 442 - Applications of Radiation Protection and Biology - 1**

This course will introduce the nuclear medicine student to basic radiation physics and radiation protection experiments. Emphasis will be placed of the ALARA concept and how that relates to radiation biology concepts learned in class. The student will learn basic concepts of radiation safety (including time, distance and appropriate shielding), half-lives, half value layers for different absorbers and radioisotopes, the inverse square law, semi-log graphing and calibration and use of nuclear counting instrumentation. This includes proper calibration and use of the Multi Channel Analyzer (MCA) and Geiger Muller (G-M) Counter. The student will learn how to determine the proper operating voltage, detector efficiency, and window width. Proper counting statistics and dual isotope counting labs will emphasize the importance of proper use of nuclear counting instrumentation.

**NMT 443 - Regulatory Issues - 2**

This course provides students with the necessary education and background to plan for and participate in successful radiation safety compliance management program in Nuclear Medicine laboratories in the country. At the conclusion of the course, students will have basic knowledge of appropriate rules, regulations, and work practices governing the use of radioactive materials in the medical setting.

**NMT 451 - Communication Skills - 1**

This course explores the nature of the patient- technologist relationships, technologist-hospital professional relationship and the role of the technologist as a patient educator. Therapeutic communication skills, interviewing skills, and the psychosocial aspects of being a patient are discussed.

**NMT 452—Health Law for NMT – 1**

This course is an introduction to medical law and ethics. It will present an overview of major ethical theories and their relation to health law. Ethical dilemmas and ethical decision making models and their application to clinical practice will be discussed. Selected legal principles and their application to healthcare, as well as issues concerning professional liability, informed consent, and malpractice are also discussed.

**NMT 460 - Radiopharmacy and Pharmacology - 2**

This course presents the fundamentals of radiopharmacy including radionuclide generator design and operation, labeling and quality control of Tc-99m labeled compounds, unit dose preparation, and a review of federal regulations pertinent to radionuclides and radiopharmaceuticals. Radiopharmaceutical design and the IND process as well as the basic concepts of internal radiation dosimetry are also included.

**NMT 461 - Radiopharmacy and Pharmacology - 1**

This lab course presents the fundamentals of radiopharmacy including radionuclide generator design and operation, labeling and quality control of Tc-99m labeled compounds, unit dose preparation, and a review of federal regulations pertinent to radionuclides and radiopharmaceuticals. Radiopharmaceutical design and the IND process as well as the basic concepts of internal radiation dosimetry are also included.

**NMT 491 - Clinical Practice I - 5**

Directed clinical practice: in vivo procedures; instrumentation quality control; radiopharmacy; applied radiation safety procedures.

**NMT 492 - Clinical Practice II - 7**

Directed clinical practice: in vivo procedures; instrumentation quality control; radiopharmacy; applied radiation safety procedures. *Prerequisites:* NMT 491

**NMT 493 – Clinical Practice III – 10**

Directed clinical practice: in vivo procedures; instrumentation quality control; radiopharmacy; applied radiation safety procedures. *Prerequisites:* NMT 492

**NMT 494 – CT Clinical Practice - 12**

The CT clinical component of the nuclear medicine program provides the student with the opportunity to observe, work and train to become certified in CT. This experience is dependent upon many variables. It is the goal of the program to guide and not direct the students, as well as the clinical affiliates, in this process. As such, clinical experiences, level of performance evaluations, final evaluation, and a self-assessment by the students are used to evaluate the experience

**NMT 495 – MRI Clinical Practice - 12**

The MRI clinical component of the nuclear medicine program provides the student with the opportunity to observe, work and train to become certified in MRI. This experience is dependent upon many variables. It is the goal of the program to guide and not direct the students, as well as the clinical affiliates, in this process. As such, clinical experiences, level of performance evaluations, final evaluation, and a self-assessment by the students are used to evaluate the experience.

### **NMT 499 - Correlative Imaging -3**

This NMT Program Capstone Course encompasses all aspects of the student's educational experience within the NMT Program. This course consists of the three aspects of the University Quality Enhancement Plan (QEP) including Ethics and Civic Responsibility, Writing and Quantitative Literacy. The core focus of this course will be investigating the multifaceted nature of disease diagnosis and treatment in the United States. Current trends in healthcare costs and payment methods will be discussed and analyzed. Healthcare disparities associated with these imaging tests and treatments will also be analyzed and discussed.

## **Major: Respiratory Therapy**

**Program Director:** Granger

**Medical Director:** McArdle

**Faculty:** Granger, King, Laken, Waugh,

The Respiratory Therapy Program prepares graduates to work in all clinical settings where respiratory therapy services are provided, collaborating with physicians and other health professionals to diagnose and treat patients with disorders associated with the respiratory and cardiovascular systems. The SHP program is one of only two baccalaureate respiratory therapy programs in Alabama, and is accredited by the Commission on Accreditation for Respiratory Care (CoARC). Students must take and pass the Entry Level Examination administered by the National Board for Respiratory Care (NBRC) and recognition as a Certified Respiratory Therapist (CRT) prior to graduation. Upon graduation of the program the graduate is eligible to apply for the Advanced Practitioner Examination of the NBRC and recognition as a Registered Respiratory Therapist (RRT).

**Admission Requirements:** Acceptance will be based upon the student's academic ability and aptitude for a career as a respiratory therapist. Admission is determined by the following criteria:

- have a minimum grade of C in each prerequisite course,
- have a minimum cumulative grade point average of 2.5 (A=4.0),
- complete a personal interview with members of the selection committee,
- complete a clinical visit to a respiratory department prior to admission interview (strongly recommended),
- if accepted, complete the UAB medical history questionnaire and physical, provide proof of required immunizations, and receive satisfactory screening by the UAB Medical Center Student Health Service and,
- if accepted, a background check and drug screening will be required prior to clinical placement.

**Application Procedure:** Application to the professional phase of the program may be made at any time during the year. Applications are considered on a space available basis. Applications will be reviewed and considered for acceptance as they are received. Applicants should submit the following materials:

#### **To the UAB Undergraduate Admissions Office:**

- completed UAB undergraduate application form, indicating pre-respiratory therapy as the major, and application fee, if applicable (if enrolled at UAB in another major, complete a Change of School/Major Request indicating pre-respiratory therapy as the major; form available from the Office of Registration and Academic Records), and
- official transcripts from each college or university attended.

#### **To the Respiratory Therapy Program, School of Health Professions:**

- completed application to the professional phase of the Respiratory Therapy Program (form available from the program office), and

## Typical Program Professional Phase

### First Year

#### Fall

		<b>Sem. Hrs.</b>
RST 311	Principles of Patient Assessment	3
RST 312	Basic Respiratory Care Procedures	4
RST 313	Basic Respiratory Care Procedures Laboratory	3
RST 314	Respiratory Care Pharmacology	3
MT 400	Health and Safety Management	1

#### Spring

RST 321	Clinical Practicum in Respiratory Care I	4
RST 322	Cardiopulmonary Anatomy & Physiology	3
RST 323	Airway Management	2
RST 324	Pulmonary Pathology	2
RST 325	Directed Study in Respiratory Care I	1
RST 326	Airway Management Laboratory	2

#### Summer

RST 331	Clinical Practicum in Respiratory Care II	4
RST 332	Mechanical Ventilation	4
RST 333	Mechanical Ventilation Laboratory	3
RST 334	Critical Care Monitoring	2

### Second Year

#### Fall

RST 411	Clinical Practicum in Respiratory Care III	4
RST 412	Advanced Mechanical Ventilation	4
RST 413	Special Procedures & Pulmonary Function Testing	3
RST 414	Special Procedures Laboratory	2
RST 415	Directed Study in Respiratory Care II	2

#### Spring

RST 421	Clinical Practicum in Respiratory Care IV	4
RST 422	Long Term & Preventive Care	2
RST 423	Perinatal/Pediatric Respiratory Care	3
RST 424	Long Term & Pediatric Laboratory	2
RST 425	Laboratory Proficiency Practice	2
RST 426	CRT Exam Review	1
RST 427	Review of Critical Care Concepts	1

#### Summer

RST 431	Clinical Internship	5-6
RST 432	Directed Study in Respiratory Care III - Capstone Course	2

#### Select one of the following based on career goals:

RST 440	Asthma Education Certification	4
RST 445	Educational Methods in Respiratory Care	4
RST 433	Research for Respiratory Therapists	4

## Course Descriptions

### Respiratory Therapy (RST)

#### RST 311 - Principles of Patient Assessment - 3

Patient care procedures, physical assessment, laboratory assessment, communication skills and charting, and patient care issues. Ethics, professionalism, cultural diversity and civic responsibility in Respiratory Care. Designated QEP ECR Course.

#### RST 312 - Basic Respiratory Care Proc - 4

Review of physical concepts and laws governing fluids; composition and percentages of atmospheric gases. Principles, operations, maintenance, and identifying characteristics of primary gas systems. Rationale, indications, contraindications, hazards, and maintenance of common Medical Gas delivery systems. Humidity and humidifiers; aerosol and nebulizers; administration of aerosolized solutions; gas analysis and analyzers. Incentive spirometry, IPPB, and other hyperinflation techniques. Advanced oxygen and aerosol therapy, bedside patient assessment, postural drainage, and vibropercussion.

**RST 313 - Basic Respiratory Cre Proc Lab - 3**

Laboratory practice of respiratory care procedures included in RST 311 and RST 312; reinforcement of material covered in RST 314 by using hands-on Instruction and evaluation of the student's psychomotor skills. Also involves audiovisual programs and computer assisted instruction.

**RST 314 - Respiratory Care Pharmacology - 3**

Legal aspects, terminology, use of pharmacology references, routes of administration, solutions and dosages, pharmacodynamics, autonomic nervous system, alpha and beta receptors, bronchodilators, mucolytics, respiratory stimulants, and neuromuscular blocking agents, expectorants, cough and cold medications, steroids, cormolyn sodium and anti-infective agents.

**RST 321 - Clinical Prac Respiratory Care - 4**

Practical application of respiratory care performed under supervision at clinical sites and proficiency evaluations of selected respiratory care procedures.

**RST 322 - Cardiopulm Anatomy/Physiology - 3**

Structure of airways, lung parenchyma, chest wall, pulmonary and systemic circulations, diaphragm, heart, and kidneys. Physiology of pulmonary blood flow, ventilation, gas diffusion, gas transport, ventilation/perfusion relationships, control of ventilation, hemodynamics, pressure and flow relationships, arterial blood gases and acid-base balance, electrical properties of heart, contractile properties of heart, cardiac output, regulation of arterial blood pressure, and renal physiology.

**RST 323 - Airway Management - 2**

Selection, application, maintenance, and discontinuance of various artificial airways, including intubation, extubation, tracheostomy care, and suctioning.

**RST 324 - Pulmonary Pathology - 2**

Diseases affecting the respiratory system, genetics and genetic diseases of the respiratory system, including symptoms, signs, laboratory tests, etiology, and treatment; emphasis on diseases commonly encountered by practicing respiratory therapists.

**RST 325 - Directed Study Respiratory Care I - 1**

Study of conditions and therapeutic measures frequently confronting respiratory care practitioners; student case study presentations and discussions. The Student will also submit an article to the Focus Journal (Magazine) on a Respiratory Therapy topic as part of the course assessment.

**RST 326 - Airway Mgt Adv Procedures Lab - 2**

Laboratory practice of respiratory care procedures and reinforcement of material covered in RST 312, RST 322, RST 323 and RST 324 by using hands-on Instruction and evaluation of the student's psychomotor skills.

**RST 331 - Clinical Prac Resp Care II - 4**

Clinical refinements of concepts and procedures in cardiopulmonary care with emphasis on advanced procedures in adult and pediatric care.

**RST 332 - Mechanical Ventilation - 4**

Basic physics and mechanics of artificial ventilation; theory and practical application of manual resuscitators and mechanical ventilators; ventilator classification and general operational characteristics.

**RST 333 - Mechanical Ventilation Lab - 3**

Laboratory practice of mechanical ventilation procedures and reinforcement of material covered in RST 332.

**RST 334 - Critical Care Monitoring - 2**

Assembly and operation of hemodynamic monitoring systems, safety precautions, quality control, and troubleshooting of equipment; measurement, interpretation, and application of hemodynamic parameters.

**RST 411 - Clinical Prac Respir Care III - 4**

Clinical refinement of concepts and procedures in cardiopulmonary care with emphasis on special procedures; pulmonary rehabilitation; and home respiratory care, diagnostic testing, and advanced adult, pediatric, and neonatal critical care procedures and functions.

**RST 412 - Adv Mechanical Ventilation - 4**

Advanced mechanical ventilation techniques, including advanced concepts in adult and neonatal mechanical ventilators, transport, and homecare; overview of advanced mechanical ventilation techniques, such as liquid ventilation.

**RST 413 - Spec Proc/Pulmon Fctn Testing - 3**

Pulmonary function testing procedures including equipment, spirometric measurement of pulmonary function, lung volume measurements, pulmonary mechanics tests, gas distribution studies, lung diffusion studies, exercise testing, bronchial provocation testing, interpretation and application of test results, and case studies. Assistant functions in tracheostomy and thoracostomy tube insertion, bronchoscopy, thoracentesis, tracheotomy, and pulmonary artery catheterization; insertion of arterial cannulae; and introduction to neurodiagnostic procedures and sleep studies.

**RST 414 - Special Procedures Lab - 2**

Laboratory practice in respiratory care practitioner's role in fiberoptic bronchoscopy, thoracentesis, tracheotomy, arterial cannulation, transtracheal catheter placement, and sleep studies; laboratory practice of basic pulmonary function procedures.

**RST 415 - Directed Study Respiratory Care II - 2**

Study of bedside calculations frequently confronting respiratory care practitioner; student discussion and demonstration of data interpretation including graphic representation of the data. Student demonstrates ability to use calculated bedside data in clinical problem-solving and ability to change therapy based conclusions. Designated QEP Quantitative Literacy Course.

**RST 421 - Clin Prac Respiratory Care IV - 4**

Continuation of previous clinical practice with further refinement of concepts and procedures in cardiopulmonary care with emphasis on special procedures, pulmonary function testing, pulmonary rehabilitation, home care therapy, diagnostic testing, hemodynamic monitoring, advanced mechanical ventilation procedures.

**RST 422 - Long Term and Preventive Care - 2**

Components of rehabilitation programs, patient education and motivation, home care concepts, reimbursement, gerontology, specialized home care procedures, and preventive care procedures. This course will also include the ethical aspects of alternative care site management and civic responsibility related to long term and preventive care.

**RST 423 - Perinatal/Pediatric Resp Care - 3**

Anatomy, physiology, embryonic development of human fetus, with emphasis on embryonic lung development; transition from fetal to extra-uterine life; prenatal and perinatal history. Etiology, pathophysiology, clinical presentation, radiologic assessment and management of neonatal and pediatric lung diseases. Obstructive airway diseases in infants and children. Congenital heart diseases; sudden infant death syndrome and apnea disorders; Reye's Syndrome and other neurologic/neuromuscular disorders.

**RST 424 - Long Term and Pediatric Lab - 2**

Laboratory practice of respiratory care procedures and reinforcement of material covered in Long Term and Preventative care and Pediatrics.

**RST 425 - Lab Proficiency Practice - 2**

Laboratory course designed to give senior student chance to practice all of laboratory proficiencies taught throughout curriculum prior to taking Laboratory Proficiency Exit Examination.

**RST 426 - CRT Exam Review - 1**

Review of all respiratory therapy topics covered on the CRT written level exam.

**RST 427 - Review Critical Care Concepts - 1**

Concepts involved in care of critically ill patients, including hemodynamic monitoring, fluid and electrolyte studies, metabolic studies, and mechanical ventilation concepts. A discussion of the ethics of critical care and termination of life support.

**RST 431 - Clinical Internship - 5 to 6**

Final clinical experience before graduation; student will choose specialization area, such as neonatal, adult critical care, pediatrics, and pulmonary function.

**RST 432 - Dir Study Respiratory Care III Capstone Course - 2**

Study of conditions and therapeutic measures frequently confronting respiratory care practitioner; student case study presentations and discussions. The case study presentations will include applicable bedside calculations required for proper patient assessment. Each student will be required to write and submit an original Review of the Literature paper for publication in a Respiratory Care Journal. Class presentations will include discussions of ethics and civic responsibility in the health care settings as it pertains to the Respiratory Therapy Professional.

**RST 433 - Research for Respiratory Therapists - 4**

This course will introduce the student to clinical research methods and review concepts involved in descriptive and inferential Statistics. Topics covered include, overview of the research process, literature review, research hypothesis, research designs, sample selection, measurement methods, descriptive statistics, and inferential statistics.

**RST 440 - Asthma Certification Prep Crs - 4**

The content of this course will cover the asthma condition, pathophysiology of asthma, factors that contribute to acute and chronic asthma, patient history, physical examination of the asthma patient, objective measures to identify and assess asthma severity, how to assess the patient's education needs, asthma management, medications and delivery devices, proper spirometry techniques and performance and asthma protocols.

**RST 445 - Educ Methods Respiratory Care - 4**

This course will introduce the student to patient education and health promotion. Topics covered will include how to write learning objectives, how to evaluate patient education, how to prepare and present a topic for an inservice presentation, how to present a lecture in a classroom and in the laboratory environment along with patient teaching.

**RST 460 - Polysomnographic Technology I - 2**

Course designed to provide entry-level didactic and laboratory training in polysomnographic technology basics. topics covered: medical terminology, instrumentation setup and calibration, recording and monitoring techniques, documentation, professional issues, and patient-technologist interactions related to polysomnographic technology. Laboratory sessions teach entry-level polysomnographic technologist skills.

**RST 461 - Polysomnographic Tech Clin I - 2**

Course provides student with patient contact in sleep lab. Student will observe, perform (under supervision), and evaluate entry-level aspects of sleep studies.

**RST 462 - Polysomnography Technology II - 2**

Advanced topic in lecture and laboratory on techniques used in the Polysomnography clinical setting. This includes calibration, recording, and scoring of sleep study data. Patient disease states commonly diagnosed in the sleep laboratory.

**RST 463 - Polysomnography Technology Clinical II - 2**

This course provides the student with advanced patient contact in several local Sleep Laboratory Centers. The student will observe, perform (under supervision), and evaluate advanced aspects of sleep study analysis.

# School of Nursing

Dean: Doreen C. Harper, PhD, RN, FAAN  
Associate Dean for Academic Affairs: Elizabeth Stullenbarger, DSN, RN  
Interim Associate Dean for Clinical Affairs and Partnerships: Anne Foote, DSN, APN-BC

## Mission of the School of Nursing

The University of Alabama at Birmingham School of Nursing, as part of a research university and academic health center, prepares nurse leaders to excel as clinicians, researchers, and educators; and advances knowledge and the delivery of high quality health care in Alabama and worldwide.

## Approvals/Accreditation

The University of Alabama at Birmingham (UAB) is accredited by the Southern Association of Colleges and Schools (SACS). The School of Nursing is approved by the Alabama Board of Nursing and is accredited by the Commission on Collegiate Nursing Education (CCNE).

## Bachelors in Nursing (BSN) Degree

Baccalaureate preparation in nursing is the basic educational level for entry into professional nursing practice. This foundational education includes both academic and professional nursing courses that provide a base for clinical competence and informed judgments about health and patient care in a variety of settings. These settings include, but not limited to, home/community agencies, outpatient/ambulatory care, and hospital-based practice ranging from chronic to high acuity. Baccalaureate nursing education builds upon knowledge acquired from the humanities and biological, physical, social, and behavioral sciences. By engaging in state-of-the-art technologies, simulations, and other teaching strategies, the graduate is prepared to care for families and individuals of all ages. The integration of principles of nursing research and principles of leadership and management also assist the graduate to function as an informed member of an interdisciplinary health team. Graduates of the program are eligible to take the National Council Licensure Examination for Registered Nurses (NCLEX-RN) to become a registered nurse (RN).

## Student Learning Outcomes

The BSN Curriculum is designed to prepare graduates for entry into professional nursing practice. This foundation offers both academic and professional nursing courses that provide the base for clinical competence and informed judgments about health care situations and care of patients in both in- and out-patient settings. The curriculum prepares nurses who:

- Apply theoretical and empirical knowledge from nursing, scientific, and humanistic disciplines to make evidence-based practice decisions.
- Participate in quality improvement processes to provide high quality, safe nursing care in a variety of settings.
- Engage in critical inquiry to improve the nursing care of individuals, families, groups, and communities.
- Use information technology and patient data for ethical clinical decision-making.
- Advocate for the healthcare needs of society in a changing economic, demographic, and cultural environment.
- Demonstrate effective communication and collaboration skills with patients and inter-professional teams to improve healthcare outcomes.
- Provide professional nursing care to individuals and populations that include health promotion and maintenance, illness care, end-of-life care, restoration, and rehabilitation.
- Demonstration of a commitment to professional nursing values, ethical practice, and life-long learning.
- Demonstrate the ability to independently and collaboratively apply the problem-solving process to facilitate patient, family, and community adaptation to internal and external environmental variables for the purpose of achieving maximum health.

# Admission to the School of Nursing

## Step 1

All students interested in pursuing the Bachelor of Science in Nursing (BSN) degree at the University of Alabama at Birmingham must first meet the University's admission requirements for regular status and be admitted as a pre-nursing student.

## Step 2

There is a separate process for admission into the School of Nursing. The application materials for admission to the BSN program are obtained from the student's assigned UAB Pre-Nursing advisor (Office of Exploratory Studies). Applications will be distributed to students when appropriate pre-nursing prerequisite courses have been completed or are in the last term of enrollment and the designated GPAs have been attained. Admission to the BSN program is available for the fall and spring term.

## BSN Admission for Traditional Students\*

Admission decisions are competitive based on the applicant's overall academic record and criteria described below

### Admission Criteria

- The minimum cumulative GPA **and** minimum foundation cumulative GPA for all traditional BSN applicants is **2.75** at the time of application (includes transfer students). Admission is competitive and is based on space available. A minimum cumulative GPA of 2.75 **does not guarantee** admission to the School of Nursing.
- **Students are eligible to apply when they have successfully completed a minimum of 41 semester credit hours.** Successful completion of all pre-nursing foundation courses with a "C" or above must be met prior to matriculation into the nursing program.

Students offered admission to the SON who are enrolled in pre-nursing coursework must make a "C" or better in every foundation course for the nursing major. The final minimum cumulative/overall *Nursing Foundation Coursework* GPA must be a 2.75 or greater on all coursework must be met prior to matriculation into the nursing program.

- Admission decisions are highly competitive and based on the applicant's academic record and application at the time of the application deadline. *\*All grades (UAB and other colleges/universities) from previous terms must be posted on applicant's UAB transcript by the application deadline.*
- **A resume**, outlining health care interest/experience, campus/community involvement, leadership, employment, etc. will be due by the application deadline. Resumes should not be more than one page in length and should only include activities after graduation from high school.
- Applicants are strongly encouraged to provide **proof of work/volunteer experience in a healthcare setting** as part of the application process. The healthcare work is to be documented by letters from a supervisor (on agency letterhead) and/or time sheets and must consist of a minimum of 60 hours of paid or volunteer work in a healthcare setting. Completion of a nursing skills course does not meet this criterion for BSN applicants.
- Applicants to the School of Nursing are strongly recommended to demonstrate a **record of full-time study** and a **minimum number of course repeats/grade forgiveness options**.

### **Special Options for Traditional BSN Admission**

- **UAB Nursing Scholars Program for Entering Freshmen** is a special early admission option for academically qualified high school seniors who have an ACT score of 25 or above or a composite SAT score of 1130 *and* a minimum cumulative GPA of 3.25. This option insures admission to the nursing program as long as a minimum GPA of 3.25 is maintained in the BSN foundation courses and a minimum cumulative GPA of 3.0 is maintained. Students who apply for this program can only use 12 hours of dual enrollment coursework from high school.
- **UAB Pre-Nursing Scholars Program** is a special option for native UAB students (attended UAB for all university coursework). Students who maintain a 3.2 GPA on all BSN foundation coursework and who have a cumulative 3.0 GPA are guaranteed admission to the nursing program. Students who apply for this program can only use 12 hours of dual enrollment coursework from high school.

### **UAB High School Nurse Scholars**

<http://www.uab.edu/nursing/student-information/acad-prog/honors-and-scholars-programs/nursing-scholars-program>

### **UAB Pre-Nursing Scholars**

<http://www.uab.edu/nursing/student-information/acad-prog/honors-and-scholars-programs/pre-nursing-scholars-program>

### **Prior to Enrollment for Upper Division Nursing Courses**

CPR certification will be due **prior to registration** for upper division courses (listed are approved courses)  
American Heart Association's Healthcare Provider Course (Course C or BLSC)  
American Red Cross' Professional Rescuer Course

Medical Clearance, a Background Check, and a Drug Screen are required prior to beginning class for all upper division nursing courses and must be maintained throughout the program until the student graduates. Failure to comply may result in administrative withdrawal from the program.

### **Application Deadlines:**

2010 Fall admission	April 2, 2010
2011 Spring admission	September 3, 2010

Applicants will receive an admissions decision a minimum of 4 weeks after application for the semester for which they are applying.

Future updates on the BSN admission process will be posted on the School of Nursing website ([www.uab.edu/son](http://www.uab.edu/son)) and will be available from your Pre-Nursing Advisor. If you have any questions concerning these changes, please feel free to contact the School of Nursing Office of Student Affairs at <http://www.uab.edu/nursing/student-information/contact-us>.

\*Traditional Students are those students who seek to enter the Undergraduate BSN program and are not a RN.

### **Forgiveness policy to Pre-Nursing and Nursing students**

**Pre-Nursing:** Since repeating courses has been linked to lack of success within the BSN Program, the School of Nursing strongly recommends limiting the number of forgiveness options utilized in all courses that precede admission into the nursing program. (Implementation of this option is not recommended for more than one course). For the purpose of admission to the BSN Program, if a course is repeated, the grade achieved on the second attempt of a BSN Foundation course will be utilized in the calculation of the BSN Foundation GPA.

**CORE CURRICULUM FOR NURSING**

<b>Requirement</b>	<b>Fulfilled By:</b>	<b>Hrs.</b>
Area I: Written Composition	Take both of the following: <b>EH 101    EH 102</b>	6
Area II: Literature	Select one of the following courses (student needs either a 6 hour sequence of literature or history; if literature sequence, select 2 course sequence): <b>EH 216    EH 218    EH 222    EH 224                    EH 221 + EH 222</b> <b>EH 217    EH 221    EH 223    EH 217 + EH 218    EH 223 + EH 224</b>	3 (6)
Area II: Fine Arts	Select one of the following courses: <b>ARH 101    ARH 204    MU 120    THR 105</b> <b>ARH 203    ARH 206    THR 100    THR 200</b>	3
Area II: Humanities	Select one of the following courses: <b>AAS 200    FR 101    GN 102    ITL 102    PHL 100    PHL 203</b> <b>CHI 101    FR 102    GN 201    JPA 101    PHL 115    SPA 101</b> <b>CHI 102    FR 201    GN 202    JPA 102    PHL 116    SPA 102</b> <b>CM 101    FR 202    GN 204    LA 101    PHL 120    SPA 201</b> <b>CM 105    GN 101    ITL 101    LA 102    PHL 125    SPA 202</b>	3
Area II: Elective If taking only 3 hours of literature and not the literature sequence, select one course not previously selected from Area II as an elective:	<b>AAS 200    CHI 102    EH 221    FR 201    GN 204    PHL 125    THR 100</b> <b>ARH 101    CM 101    EH 222    FR 202    MU 120    PHL 203    THR 105</b> <b>ARH 203    CM 105    EH 223    GN 101    PHL 100    SPA 101    THR 200</b> <b>ARH 204    EH 216    EH 224    GN 102    PHL 115    SPA 102</b> <b>ARH 206    EH 217    FR 101    GN 201    PHL 116    SPA 201</b> <b>CHI 101    EH 218    FR 102    GN 202    PHL 120    SPA 202</b>	3 (0)
Area III: Mathematics	Select one of the following courses: <b>MA 105    MA 107    MA 110    MA 126    MA 252</b> <b>MA 106    MA 109    MA 125    MA 227    MA 260</b>	3
Area III: Natural Sciences	Take the following course with laboratory: <b>CH 105 + CH 106</b>	4
Area III: Natural Sciences	Select one of the following courses with laboratories (If a student takes Microbiology at UAB, please contact your pre-nursing advisor for appropriate required course). <b>BY 101 + BY 102            CH 107 + CH 108            PH 201 + PH 201L</b> <b>BY 111 + BY 112            CH 115 + CH 116            PH 202 + PH 202L</b> <b>BY 123                            CH 117 + CH 118            PH 221 + PH 221L</b> <b>BY 124                            ENV 108 + ENV 109    PH 222 + PH 222L</b>	4
Area IV: History	Select one of the following courses (student needs either a 6 hour sequence of literature or history; if history sequence, select 2 course sequence): <b>HY 101    HY 102    HY 120    HY 121    HY 101 + HY 102</b> <b>HY 120 + HY 121</b>	3 (6)
Area IV: Psychology	Select the following course: <b>PY 101    PY 212</b>	6
Area IV: Elective If taking only 3 hours of history, and not the history sequence, select one course not previously selected from Area IV as an elective:	<b>ANTH 101    EC 210    HY 101    HY 121    PSC 121    SOC 100</b> <b>ANTH 106    EC 211    HY 102    ITS 101    PSC 122    SOC 245</b> <b>ANTH 120    GEO 121    HY 120    ITS 205    PSC 212    WS 100</b>	3
Sequence Requirement:	As part of Area II or Area IV, students must complete a two course sequence in Literature or History. Approved sequences are listed below: <b>EH 217 + EH 218            HY 101 + HY 102</b> <b>EH 221 + EH 222            HY 120 + HY 121</b> <b>EH 223 + EH 224</b>	-
<b>Total Core Curriculum Requirements:</b>		<b>41</b>

### PRE-NURSING REQUIREMENTS

Requirement	Fulfilled By:	Hrs.
Required Pre-Nursing Courses	Take all of the following courses: <b>BY 115 BY 261</b> <b>BY 116 NTR 222</b>	15
Statistics	Select one of the following courses: <b>MA 480 PY 214 QM 214 JS 120</b>	3
<b>Total Pre-Nursing Requirements:</b>		<b>18</b>

### REQUIREMENTS FOR MAJOR IN NURSING

Requirement	Fulfilled By:	Hrs.
Required Nursing	Take all of the following courses (NUR): <b>345L 365 376 396L 446L</b> <b>346 366L 385 435 455</b> <b>355 370 386L 436L 456L</b> <b>356L 374 395 445</b>	59
Nursing Electives	Select three hours from <b>Nursing (NUR)</b> courses that are not required.	3
<b>Total Major Requirements:</b>		<b>62</b>

### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
Pre-application minimum of 41 semester hours to submit an application	Successful completion of all core and pre-nursing requirements and a minimum of 41 semester hours are prerequisites for admission to the School of Nursing. Final coursework may be in progress.
Grade of C or greater	Required for all core, pre-nursing and major in nursing courses <b>and</b> a minimum of a 2.75 for the core, pre-nursing and major in nursing courses.
Pre-application mandatory meeting with pre-nursing advisor	In order to apply to the School of Nursing, all students <u>must</u> meet with their pre-nursing advisor to evaluate completion of all School of Nursing requirements for application and receive a Certificate of Advisement used to obtain an application for the School of Nursing.
Freshman Year Experience	Students entering UAB with less than 24 credit hours who plan to enter the nursing program are required by the University to take a 2 hour approved Freshman Year Experience course in order to graduate. This increases the total number of credit hours to 123 that is required for graduation from the BSN program for these students.

## BSN Course Requirements

### BSN Foundation Courses

Grades for these courses will be used to calculate the BSN Foundation grade point average used in the determination for admission to the BSN program; a minimum grade of C is required in each course.

		Semester Hrs.
BY 115/115L	Human Anatomy with Lab	4
BY 116/116L	Human Physiology with Lab	4
BY 261 /261L	Introduction to Microbiology with Lab	4
CH 105/106	Introductory Chemistry I, Inorganic with Lab	4
CH 107/108	Introductory Chemistry II, Organic* with Lab	4
EH 101	English Composition	3
EH 102	English Composition	3
MA 105	Precalculus I or MA 110 Finite Mathematics	3
PY 212	Developmental Psychology	3
MA 480/PY 214	Descriptive Statistics	3
NTR 222	Nutrition	3

**\*If a student takes microbiology at UAB, please contact your pre-nursing advisor for appropriate required course. Otherwise, a second science with lab may be substituted (excludes Astronomy and Geology).**

## Additional General Studies Courses

Arts	3
History*	3 (or 6)*
Humanities	3
Literature*	3 (or 6)*
Elective, Area II	3
Elective, Area IV	3
NUR 100 or other approved FYE Course	2

**\*Student needs either a 6 hour sequence of literature or history**

## Professional Nursing Courses

**These courses are taught after admission into the School of Nursing**

### Fall/Spring admission

NUR 355	Foundations of Professional Nursing	4
NUR 356L	Foundations of Professional Nursing Practicum	3
NUR 345L	Basic Nursing and Health Assessment Skills	4
NUR 346	Pathophysiology for Professional Nursing	3
NUR 365	Maternal-Newborn & Women's Health Nursing	3
NUR 366L	Maternal-Newborn & Women's Health Practicum	2
NUR 368	Honors Seminar I: Intro to Nursing Scholarship & Informatics	1*
NUR 370	Clinical Pharmacology	3
NUR 374	Informatics & Research for Nursing Practice	4
NUR 385	Nursing of the Psychiatric Mental Health Client	3
NUR 386L	Nursing of the Psychiatric Mental Health Client Practicum	2
NUR 395	Community & Public Health Nursing	3
NUR 396L	Community & Public Health Nursing Practicum	2
NUR 376	Nursing of the Older Adult	3
NUR 435	Nursing of the Adult	4
NUR 436L	Nursing of the Adult Practicum	3
NUR 445	Nursing of the Child and Adolescent	3
NUR 446L	Nursing of the Child and Adolescent Practicum	2
NUR 455	Leadership & Management in Professional Nursing	3
NUR 456L	Leadership & Management in Professional Nursing Practicum	5
NUR 484	Honors Seminar II: Project Development	3*
NUR 486	Honors Seminar III: Project Implementation	3*
NUR ____	Elective	3

**\*Honors sequence only for those accepted into the Honors in Nursing Program.  
NUR 486 may also be taken for graduate credit.**

## Departmental Honors in Nursing

### Purpose

To offer students in nursing an opportunity to develop additional skills in clinical nursing research or innovative clinical practice as preparation for a professional nursing career and/or graduate study in nursing.

### Eligibility

Acceptance into the Nursing Honors Program requires the student to:

- Be accepted into the School of Nursing;
- Have earned a 3.40 GPA in pre-nursing courses;
- Have earned a 3.00 GPA UAB and overall;
- Have submitted the Honors Program Application Form; and
- Have been selected by Honors Committee from application, transcript evaluation, and interview;
- Second degree students and RN-BSN Mobility students are eligible for participation in the nursing honors program.

## **Requirements**

- Maintenance of a 3.00 GPA (UAB) and a 3.25 GPA in nursing courses through graduation.
- Completion of a minimum of 7 credit hours designated for honors clinical courses/seminars.
- Participation in three Honors Seminars to include completion of an honors project.
- A formal written report in the form of a scholarly paper based on the honors project.
- An oral or poster presentation at a designated meeting in the School of Nursing, professional meeting or scientific session.

## **Benefits**

Students benefit from the opportunity to participate in a clinical or research-focused scholarly work that fosters inquiry, initiative, independence, and integration of prior course requirements into a specific role of the professional nurse. Additionally, students who successfully complete the program will receive a certificate of acknowledgement at the UAB Honors Convocation and will graduate "With Honors in Nursing." Students who complete requirements for the UAB Honors Program and the School of Nursing Honors program will graduate "With University Honors in Nursing."

**Contact:** For more information and/or admission to the Nursing Honors Program, please contact:

Dr. Teena McGuiness, Ph.D., R.N.  
Coordinator of Honors in Nursing  
UAB School of Nursing  
Telephone: (205) 934-0630  
Email: [tmcg@uab.edu](mailto:tmcg@uab.edu)

## **Admission Requirements for the BSN Degree: RN-BSN Mobility Option**

The RN-BSN Mobility Program for registered nurses (RNs) is distance-accessible program. The program is designed to provide an opportunity for advanced placement in the program of nursing studies for individuals with previous nursing knowledge and/or experience. The Mobility Program is open to any student who has submitted evidence of successful completion of an accredited diploma or associate degree nursing program and who is licensed to practice as an RN. Admission to the RN-BSN Mobility option is available in the fall, spring, and summer terms.

Upon admission to the School of Nursing, RNs can earn their BSN in as few as 2 terms; however, the curriculum plan can be individualized for students who choose to decelerate their pace due to other commitments (average time for completion is 3 to 4 terms).

### **Requirements for admission include the following:**

- Admission to UAB as a regular pre-RN mobility student through the Office of Undergraduate Admissions.
- Application for admission to the School of Nursing RN Mobility Program.
- Admission grade point average of at least 2.5 on a 4.0 scale. Admission GPA will be determined by overall GPA or the last 60 hours of coursework, or the Foundation GPA.
- A grade of at least "C" in Human Anatomy, Human Physiology, Microbiology, and Descriptive Statistics. There are no time limits on general studies courses for RN Mobility students.
- Evidence of successful completion of an accredited diploma or associate degree nursing program and a current license to practice as a registered nurse in the state in which you will do your practicum course.
- Advisement with the Student Nurse Recruiter at the School of Nursing (can be done before applying to UAB).
- RN-BSN Mobility students are eligible for the Honors in Nursing Program.

Admission is based upon the academic record, admission application (and all supporting documents) and space availability.

Additionally: RN Mobility students entering the RN Mobility program who have a ***Bachelor's degree from a regionally accredited school*** with a minimum of 120 credit hours will be exempt for all general studies requirements except for Area V requirements. Students can ask for an exemption from Area V courses based on a review of transcripts and resume/ CV by the RN Mobility Program Coordinator. Descriptive statistics would not be included in this exemption.

## Core Curriculum Requirements

Please see Core Curriculum for Nursing under the BSN Generic/Traditional Option

### PRE-NURSING REQUIREMENTS

Requirement	Fulfilled By:	Hrs.
Required Pre-Nursing Courses	Take all of the following courses : <b>BY 115 PY 212</b> <b>BY 116 BY 261</b>	15
Statistics	Select one of the following courses: <b>MA 480 PY 214 QM 214 JS 120</b>	3
Elective	Any course not used to satisfy another requirement may be taken from any area. Recommended courses include NTR 222, SOC 100, SOC 245, PHL 125 or a foreign language, especially Spanish.	3
<b>Total Pre-Nursing Requirements:</b>		<b>21</b>

### REQUIREMENTS FOR MAJOR IN NURSING (RN-BSN MOBILITY)

Requirement	Fulfilled By:	Hrs.
	Select all courses below. A block of 32 credit hours for previous nursing experience and coursework is awarded after completion of these courses: <b>NUR 347 NUR 381 NUR 474 NUR 475</b>	15
Required Nursing for Mobility	Take all of the following courses: <b>NUR 378 NUR 397 NUR 457 NUR 458L</b>	12
Nursing Electives	Select three hours from <b>Nursing (NUR)</b> courses not used to satisfy other requirements.	3
<b>Total Major Requirements:</b>		<b>30</b>

### ADDITIONAL REQUIREMENTS

Requirement	Fulfilled By:
RN License	Only students who are licensed RNs may complete the Mobility curriculum.
Pre-Application Advisor Contact	Students interested in the RN Mobility program should contact the Student Nurse Recruiter who advises the RN Mobility students. Please call 205-934-5491 to speak to the advisor.

## Progression Requirements

The RN student who has successfully completed all prerequisite courses along with NUR 474, 475, 381, and 347 will receive equivalency credit of 32 semester hours for specified clinical nursing courses.

## Flexible Scheduling

This distance-accessible option offers RNs the flexibility to complete the BSN requirements while maintaining work and family responsibilities. Faculty are available in person or in virtual classroom format.

## Practicum Course

There is one practicum (clinical) course in the RN Mobility Program. This course is designed to enable RN students to build on their existing clinical expertise, broaden their exposure to different specialty areas, and apply theory learned throughout the curriculum. Faculty will assist the RN in planning experience that meet the clinical course objective. For students who live outside the Birmingham area, faculty will assist in arranging preceptored clinical experience. This 3 semester hour course can be completed over 1, 2, or 3 terms.

## RN-BSN Mobility Course Requirements

### BSN Foundation Courses

Grades for these courses will be used to calculate the BSN Foundation grade point average for admission into the School of Nursing;

		Semester Hrs.
BY 115	Human Anatomy	4
BY 116	Human Physiology	4
BY 261	Introduction to Microbiology	4
CH 105 and 106 Lab	Introductory Chemistry I, Inorganic	4
	Additional lab science course	4
EH 101	English Composition	3
EH 102	English Composition	3
MA 105	Precalculus I or MA 110 Finite Mathematics	3
PY 212	Developmental Psychology	3
	Descriptive Statistics	3
	Nutrition (RN Mobility students can substitute another course)	3

### Additional General Studies Courses

Fine Arts		3
Literature*		3 (or 6)*
Humanities		3
History*		3 (or 6)*
Introduction to Psychology		3
Elective from Area IV or History (If literature sequence completed, can do an elective from Area IV)*		3
Elective from Area II or Literature (If literature sequence completed, can do an elective from Area IV)*		3

**\*Student needs either a 6 hour sequence of literature or history.**

### Professional Nursing Courses:

NUR 347	Pathophysiology for Professional Nursing Practice for RNs	3
NUR 381	Informatics and Research for Nursing Practice for RNs	4
NUR 378	Nursing of the Older Adult for RNs	3
NUR 397	Community and Public Health Nursing for RNs	3
NUR 457	Leadership and Management in Professional Nursing for RNs	3
NUR 458L	Clinical Practicum for RNs	3
NUR 474	Transition to Professional Nursing Practice	4*
NUR 475	Health Assessment Across the Lifespan for RNs	4
NUR ____	Elective	3

**\*32 credits of validated courses from previous nursing content will be awarded after successful completion of NUR 474, NUR 475, NUR 381, and NUR 347.**

## Admission Requirements for the RN-BSN-MSN Mobility Option

Admission to the RN-BSN-MSN option is available in the fall, spring, and summer terms. Students will apply to the MSN program during their last term prior to completing requirements for the BSN degree.

Requirements for admission to the RN-BSN-MSN degree:  
For study leading to the BSN degree:

- Admission to UAB as a regular pre-RN Mobility student through the UAB Admissions Office;
- Application for admission to the School of Nursing RN Mobility Program;
- Admission grade point average of at least 2.5 (4.0 scale), the last 60 hours of coursework, or the foundation GPA;
- A grade of at least "C" in Area V courses (human anatomy, human physiology, microbiology, descriptive statistics, and an elective).
- RN Mobility students entering the RN-BSN- MSN Program must have descriptive statistics prior to taking the graduate level research course;
- Evidence of successful completion of an accredited diploma or associate degree nursing program and a current license to practice as a registered nurse in the state in which you will do your practicum course; and
- Advisement with the Student Nurse Recruiter at the School of Nursing (can be done before applying to UAB).
- Admission to the RN Mobility Program does not guarantee admission to the MSN program.

For admission in good standing to the MSN program:

- Cumulative grade point average of at least 3.0 on a 4.0 scale, or on the last 60 semester hours;
- A score of 410 on the MAT; or a combined score of 1000 on the verbal and quantitative sections of the Graduate Record Examination (GRE) or a score of 480 on the GMAT;
- Letters of professional reference attesting to the applicant's potential for graduate study;
- Pre-admission interview with graduate faculty.

GRE, GMAT, and MAT are waived for students with a 3.2 or better GPA. For complete details, please visit [http://www.uab.edu/nursing/images/stories/info\\_sa/gre\\_mat\\_waiver.pdf](http://www.uab.edu/nursing/images/stories/info_sa/gre_mat_waiver.pdf). The GRE/GMAT/MAT Waiver Process allows eligible candidates for masters' study to have the requirement of satisfactory GRE, GMAT or MAT scores waived for admission if the student has BSN Grade Point Average (GPA) of 3.2 or above on a 4.0 scale. Students in the RN-BSN-MSN option must maintain a cumulative grade point average of at least 3.0 and follow their approved curriculum plan.

**Meeting minimum School of Nursing admission requirements does not guarantee admission to the program.** Admission is based upon the academic record, admission application (and all supporting documents), and space availability. When the number of applicants who meet minimum requirements exceeds the number of student spaces available, the best-qualified applicants will be admitted.

### Progression Requirements

The RN student who has successfully completed all prerequisite course along with NUR 474, 475, 381, and 347 will receive equivalency credit of 32 semester hours for specified clinical nursing courses.

Students in the RN-BSN-MSN option must maintain a cumulative grade point average of at least 3.0 and follow their approved curriculum plan.

### RN-BSN-MSN Course Requirements

#### BSN Foundation Courses

Grades for these courses will be used to calculate the BSN Foundation grade point average used for admission to the School of Nursing;

	Semester Hrs.
BY 115 Human Anatomy	4
BY 116 Human Physiology	4
BY 261 Introduction to Microbiology	4
CH 105 and 106 Lab Introductory Chemistry I, Inorganic	4
Another lab science course	4
EH 101 English Composition	3

EH 102 English Composition	3
MA 105 Pre-calculus I or MA 110 Finite Mathematics	3
PY 212 Developmental Psychology	3
Descriptive Statistics	3
Nutrition (RN Mobility students can substitute another course)	3

### Additional General Studies Courses

Fine Arts	3
Literature	3
Humanities	3
History	3
Introduction to Psychology	3
Elective or History (If literature sequence completed, can do an elective from Area IV)	3
Elective from Area II or Literature (If literature sequence completed, can do an elective from Area IV)	3

**\*Student must complete either a 6 hour sequence of literature OR history. If the student elects to complete a history sequence, student can take an Area II elective. If the student elects to complete a literature sequence, student can take an Area IV elective.**

### Professional Nursing Courses:

NUR 347 Pathophysiology for Professional Nursing Practice For RNs	3
NUR 381 Informatics and Research for Nursing Practice	4
NUR 378 Nursing of the Older Adult for RNs	3
NUR 397 Community and Public Health Nursing for RNs	3
NUR 458 Clinical Practicum for RNs	3
NUR 474 Transition to Professional Nursing Practice	4
NUR 475 Health Assessment Across the Lifespan for RNS	4
NUR 601 Role Development for Advanced Nursing Practice	3
NUR 602 Issues Affecting Advanced Nursing Practice	3

Additional graduate courses are required to complete the MSN, specific courses are dependent upon program of study selected. For additional information, contact the School of Nursing Office of Student Affairs, (205) 975-7529.

### Second Degree BSN Students Course Requirements

**Traditional Entry** <http://www.uab.edu/nursing/student-information/acad-prog/bsn/admission-requirements>

**Accelerated Entry** (<http://main.uab.edu/sites/nursing/programs/36755>)

Individuals who have completed a previous undergraduate degree, outside the field of nursing, and who have met the UAB criteria for School of Nursing admissions, may be considered for admission to the School of Nursing at the University of Alabama at Birmingham (UAB) Bachelor of Science of Nursing (BSN) program or the Accelerated Master's into Nursing Pathway (AMNP). Second-degree students seeking the BSN degree are admitted fall and spring terms.

### Second-degree applicant requirements:

- Earned at least a bachelor's degree in a major other than nursing at a regionally accredited institution.
- A pre-nursing foundation course GPA of at least 2.75 and an overall GPA of 2.75  
OR
- A pre-nursing foundation course GPA of at least 2.75 and a GRE General Test score of: 1000 on the Verbal and Quantitative Sections and; 4 or better on the analytical writing skills portion.
- Submit all material, follow the same processes, and adhere to the same deadlines/requirements as all other undergraduate BSN applicants.
- Admission as a degree-seeking, pre-nursing student through the UAB Office of Undergraduate admissions. The on-line application for the UAB Office of Undergraduate Admissions is available at <https://studentaffairs.sass.uab.edu/admissions/application/> along with contact information.
- Advisement with an assigned Pre-Nursing Advisor is a requirement for application to the School of Nursing.

- Once admitted as an undergraduate pre-nursing student to UAB, you will be notified through an offer of admission letter to contact your assigned Pre-Nursing Advisor in the Office for Exploratory Studies at (205) 934-6135 for pre-nursing academic advisement.
- Second degree students are eligible for the Honors in Nursing Program.

The following prerequisite courses (32 credit hours) **must be successfully completed** (with a grade of C or greater) prior to the student being considered for admission to the undergraduate program in the School of Nursing:

- BY 115 Human Anatomy with Lab (4 hours)
- BY 116 Human Physiology with Lab (4 hours)
- BY 261 Introduction to Microbiology with Lab (4 hours)
- CH 105 and 106 Lab Introductory Chemistry I, Inorganic (4 hours\*)
- CH 107 and 108 Lab Introductory Chemistry II, Organic (4 hours\*)
- MA 105 Pre-Calculus I or MA 110 Finite Mathematics (3 hours)
- PY 212 Developmental Psychology (3 hours)
- Descriptive Statistics (3 hours)
- Nutrition (3 hours)

**\*If a student takes Microbiology at UAB, please contact your pre-nursing advisor for appropriate required course. Otherwise, a second science with lab may be substituted (excluding Geology and Astronomy).**

Second-degree applicants must submit all material, follow the same processes and adhere to the same deadlines and requirements as all other undergraduate BSN applicants. The upper-division Nursing course requirements (62 credit hours) and the length of the program (five semesters) for second-degree applicants/students are the same as for the basic BSN applicants/students.

**For information related to specific programs of study please refer to the School of Nursing catalog at <http://www.uab.edu/nursing/current-students/academic-resources> .**

## Course Descriptions

### Nursing (NUR)

#### **NUR 100-Student Success in Nursing-2**

NUR 100 will provide instruction regarding the competencies developed by the university to assist pre-nursing freshman students in making the transition from high school to college. Within the competencies specified by the university, students will be exposed to related topics in the School of Nursing (SON). Faculty expectations and student responsibilities will not only focus on the pre-nursing general studies but also will facilitate a platform for introducing expectations of faculty in the SON. Students will be prepped for the SON admission process, emphasizing the importance of good study habits, time management, and test taking skills. Student will visit the SON historical archive and the Lister Hill Library to view the Nightingale letters. CPR, basic skills, and a shadowing experience will give the students a sense of the holistic approach to the nursing model of care.

#### **NUR 101 - Survey of the Profession of Nursing - 2**

NUR 101 will provide a greater knowledge of the nursing profession to assist pre-nursing freshman students in making their final decision regarding their application to nursing school. Within the competencies specified by the university, students will also be exposed to related topics in the School of Nursing (SON). Faculty expectations and student responsibilities will not only focus on careers in nursing but also will facilitate a platform for introducing students to nursing regulation and career opportunities. The nursing curriculum will be presented and pedagogical links will be made between select websites and the need for that knowledge for future registered nurses. Students will also be prepped for the licensure process, emphasizing the importance of high moral character. Guest speakers representing select Advanced Practice Nursing Roles will be available to answer questions and discuss their experiences as advanced practice nurses. Students will conclude the semester with a scholarly paper on the topic of their choice.

#### **NUR 305 - Principles of Oncology Nursing - 3**

This course provides a theoretical base for students to diagnose and manage oncology health problems in adults. Emphasis is placed on integration of knowledge of pathophysiology, clinical assessment, and nursing and medical management.

*Prerequisites:* NUR 346

#### **NUR 333 - Growth and Development - 3**

The content of this course is centered around major theories of development; including physiological, psychoanalytic, social, stimulus-response, cognitive and moral. Current areas and findings of research are investigated and research designs and methods are critiqued. Self-selected in depth studies are made and shared. Contributions of the study of development functional practice of nursing are demonstrated. Admission to the School of Nursing is required.

**NUR 335 - Issues in Women's Health - 3**

This course will identify a broad range of health issues that are either unique to women or of special importance to women and will examine the roles that women play as both providers and consumers of health care in the United States. The student will also provide with the opportunity to explore health care issues of women from adolescence through old age. The interface of gender, socio-economic disadvantages, and minority status will be discussed. Feminist theory will provide the framework for exploring these issues. A primary object of this course is enabled the student to become an informed consume of health care services.

**NUR 345L - Basic Nursing and Health Assessment Skills - 4**

NUR 345L provides basic nursing and health assessment skills that will form the foundation for more complex knowledge and skills in subsequent nursing courses. Legal and ethical (e.g., confidentiality, documentation), communication, and health concepts are reinforced throughout the course. The role of caregiver is presented as an integral part of the health care team. Learning experiences occur in the nursing skills laboratory and are essential to the course. Although knowledge and skills in this course are focused on adults, many of the concepts are adaptable to care of patients of all ages and target populations.

**NUR 346 - Pathophysiology for Professional Nursing - 3**

This course builds on the knowledge of basic anatomy and physiology to provide the adult learner with an opportunity to apply previously learned principles in explaining physiologic adaptations to pathogenic changes for enhancing nursing care of patients. The first part of the course emphasizes the basic concepts of pathophysiology including cellular level of response, genetic alterations, fluid and electrolytes, acid-base balance, and immune response. The second part of the course focuses on the application of the basic concepts to body systems and disease processes. The relationship between pathophysiologic concepts and nursing care of clients will be emphasized throughout the course. Admission to the School of Nursing is required.

**NUR 347 - Pathophysiology for Professional Nursing Practice for RNs - 3**

This course builds on basic anatomy and physiology to provide the adult learner with an opportunity to apply previously learned principles in explaining physiologic adaptations to pathogenic changes for enhancing nursing care of patients. The first part of the course emphasizes the basic concepts of pathophysiology: cellular level of response, genetic alterations, fluid and electrolytes, acid-base balance, and immune response. The second part of the course focuses on the application of the basic concepts to body systems and disease processes. The relationship between pathophysiologic concepts and nursing care of clients will be emphasized throughout the course. Admission to the RN Mobility Program required.

**NUR 355 - Foundations of Professional Nursing - 4**

NUR 355 focuses on the practice of professional nursing as an evidence-based, goal-directed activity for assisting patients to achieve optimal health by meeting basic human needs, providing holistic care, and engaging in health promotion. Concepts of communication, interpersonal relationships, and nursing process as a clinical decision-making strategy are introduced. Chronic and long-term internal and external environmental variables that affect the health of adults are explored. The professional role of the caregiver is developed in diverse learning experiences.

**NUR 356L - Foundations of Professional Nursing Practicum - 3**

In this practicum component of Foundations of Professional Nursing, students are guided in the application of content studied in the theoretical portion of the course. Competencies needed by the nurse generalist in the care of adult patients are introduced and practiced. Critical thinking and clinical decision-making skills utilized by the nurse caregiver are emphasized in diverse health care settings. Admission to the School of Nursing is required.

**NUR 365 - Maternal-Newborn and Women's Health Nursing - 3**

The purpose of this course is to provide content necessary to promote the care of women, newborns, and the childbearing family. Focus is on knowledge that will be necessary for students to be able to promote, maintain, and restore the adaptation of well and high-risk clients related to, but not limited to, the childbearing experience. Content includes internal and external variables affecting the health of the family during the antepartal, intrapartal, and postpartal phases of childbearing and neonatal period. Content builds upon past knowledge from the scientific and humanistic disciplines and contributes to the body of knowledge necessary for future nursing courses. *Prerequisites:* NUR 355 and NUR 356L and NUR 345L and (NUR 346 or BY 346)

**NUR 366L - Maternal-Newborn and Women's Health Practicum - 2**

This course provides the opportunity for the student to use skills gained in the previous courses. Care of women of childbearing age and their reproductive health involves application of all previously learned assessment and clinical skills, as well as newly acquired ones. In addition, knowledge of family dynamics and cultural diversity is required to provide care for individuals within the family during the childbearing phase of life. This course prepares students with skills in neonatal assessment that are foundational in the care of infants and children. The course expands knowledge of families in preparation for practice in the community. *Prerequisites:* NUR 355, and NUR 356L and NUR 345L and (NUR 346 or BY 346)

**NUR 368 - Honors Seminar I: Introduction to Nursing Scholarship and Informatics - 1**

This course is designed to prepare students with knowledge and skills to begin a scholarly investigation applicable to a clinical or research problem in nursing. Students will (1) discover emerging trends of evidence-based practice and information technology that are transforming nursing practice through presentations by faculty and agency partners (clinicians, researchers, librarians, nursing informatics specialists, international collaborators); (2) locate and evaluate primary source literature relevant to nursing practice; and (3) explore mentorships for Honors work. Admission to the Honors in Nursing Program required.

**NUR 370 - Clinical Pharmacology - 3**

This course focuses on the analysis and utilization of principles of pharmacology and pharmacokinetics for the purpose of planning, implementing, and evaluating therapeutic pharmacological interventions as they relate to nursing practice. The unique characteristics of special populations related to therapeutic needs, as well as drug absorption, metabolism, and excretion are defined. *Prerequisites:* NUR 355 and NUR 356L and NUR 345L and (NUR 346 or BY 346)

**NUR 371 - Health Teaching Across the Lifespan - 3**

This elective course emphasizes the choice of appropriate teaching strategies, which are specific to learning needs identified in clients across the lifespan. Principles of client teaching in a variety of health care settings will be discussed. Approaches to writing behavioral objectives, development of teaching materials that match selected teaching methods/techniques, and methods of evaluation will be examined. Economic, social, political, and cultural issues related to health teaching will be discussed.

**NUR 372 - Camp Nursing - 3**

The purpose of this course is to provide the student with opportunities to apply the nursing process in a camp setting. Focus is on integrating health history, medication administration and provision of nursing care to children who are adapting in a camp setting. Course content includes readings on health and safety standards, common health problems, treatment of common illnesses occurring in camp population and exploration of developmental considerations. Students gain knowledge of the role of professional nursing through clinical experiences in a camp setting. The course introduces the nursing process in a camp setting designed for special needs children and adults. *Prerequisites:* NUR 345L and NUR 355 and NUR 356L and (NUR 346 or BY 346)

**NUR 373 - Peri-Operative Nursing - 3**

This elective course allows application of nursing process in a peri-operative setting. Emphasis is placed on mastery of aseptic technique and hemodynamic monitoring of patients experiencing surgery.

**NUR 374 - Informatics and Research for Nursing Practice - 4**

This course is designed to prepare students with the knowledge and skills to (1) locate and evaluate research relevant to nursing practice; (2) use a problem solving approach to examine questions identified in nursing practice, and; (3) identify technological solutions to enhance patient safety outcomes. Quantitative Literacy is a significant component of this course (QEP). *Prerequisites:* NUR 355 and NUR 356L and NUR 345L and (NUR 346 or BY 346).

**NUR 375 - Critical Care Nursing of the Adult - 3**

This elective course provides theoretical concepts for students to understand essential information related to nursing care of adults with critical or life-threatening health conditions. Students will analyze patient care situations related to nursing diagnoses, therapeutic interventions, and factors associated with achievement of desired clinical outcomes in clients with high acuity, critical health situations. *Prerequisite:* NUR 435

**NUR 376 - Nursing of the Older Adult - 3**

NUR 376 focuses on the unique needs of older adult patients who require nursing care in a variety of health care settings. The older adult as a heterogeneous, holistic person is emphasized in light of current and future health care needs. Concepts of healthy aging, and care in the preventive, restorative, acute and chronic domains will be explored. The professional role of the nurse as advocate is developed in diverse learning activities. *Prerequisites:* NUR 355 and NUR 356L and NUR 345L and (NUR 346 or BY 346)

**NUR 378 - Nursing of Older Adults for RNs - 3**

NUR 378 focuses on the unique needs of older adult patients who require nursing care in a variety of health care settings. The older adult as a heterogeneous, holistic person is emphasized in light of current and future health care needs. Concepts of healthy aging, and care in the preventive, restorative, acute and chronic domains will be explored. The professional role of the nurse as advocate is developed in diverse learning activities. Admission to the RN Mobility Program required.

**NUR 380 - Spanish for Health Professionals - 3**

Intensive conversation to acquaint health professionals with intermediate structure of Spanish. The course focuses on practical vocabulary, idiomatic expressions, medical terminology and cultural patterns of Spanish-speaking patients.

**NUR 381 - Informatics and Research for Nursing Practice for RNs - 4**

This course is designed to prepare students with the knowledge and skills to: (1) locate and evaluate research relevant to nursing practice; (2) use a problem solving approach to examine questions identified in nursing practice, and; (3) identify technological solutions to enhance patient safety and outcomes. Admission to the RN Mobility program is required. Quantitative Literacy is a significant component of this course (QEP).

**NUR 383 - Health Literacy Identifying Risk Populations - 3**

NUR 383 is designed to provide students with a greater understanding and an improved knowledge level regarding the importance of health literacy and the challenges presented by low health literacy. Interventions and planned programs that are effective in the identification of low health literacy in America will be introduced to the student. The course will provide insight to the multidimensional nature of low health literacy and provide examples of multidisciplinary research in health literacy.

**NUR 385 - Nursing of the Psychiatric Mental Health Client - 3**

Content in NUR 385 will emphasize communication and therapeutic nursing interventions for clients adapting to internal and external environmental variables affecting mental health and psychopathology. The course focuses on the use of critical thinking and clinical decision-making skills in the promotion, maintenance and restoration of optimum mental health of individuals and families. Emphasis is placed on the independent and collaborative roles of nursing in identifying risk factors for mental disorders, assessing mental health status, and designing and implementing psychobiological and psychosocial interventions associated with expected therapeutic outcomes. *Prerequisites:* NUR 355 and NUR 356L and NUR 345L and (NUR 346 or BY 346). Pre or Co-requisites: NUR 370; Co-requisites: NUR 386L.

**NUR 386L - Nursing of the Psychiatric Mental Health Client Practicum– 2**

This clinical course is focused on promotion, maintenance and restoration of mental health of individuals and families. Clinical experiences provide students with opportunities to utilize skills in the therapeutic use of self, critical thinking, and nursing process with clients in psychiatric mental health clinical settings. *Prerequisites:* NUR 355 and NUR 356L, NUR 345L and (NUR 346 or BY 346). *Pre or Co-requisites:* NUR 370 and *Co-requisite:* NUR 385.

**NUR 390 - Independent Study in Nursing - 1 to 6**

Individually designed learning experiences. Must be a junior year nursing student and have a written Independent Study contract signed by the faculty and the Associate Dean for Academic Affairs.

**NUR 391 - Independent Study in Nursing - 1 to 6**

Individually designed clinical learning experiences. Must be a junior year nursing student and have a written Independent Study contract signed by the faculty and the Associate Dean for Academic Affairs.

**NUR 395 - Community and Public Health Nursing - 3**

In this theory course, students will analyze theories, processes, issues, demographic data and epidemiological trends that affect the population aggregates within communities. Emphasis is on professional role development to promote nursing care focused on illness and injury prevention, health promotion, health maintenance, health education, and coordination of care for aggregate groups in various community settings. *Prerequisites:* All Level 1 and Level 2 courses. *Pre or Co-requisite:* NUR 376, *Co-requisite:* 396L.

**NUR 396L - Community and Public Health Nursing Practicum - 2**

In this practicum course, students participate in the practice of nursing at assigned community-based clinical facilities and apply community and public health concepts in simulated clinical activities. Students analyze theories, processes, issues, and trends that affect the delivery of healthcare to population aggregates within communities. Emphasis is on professional role development to promote nursing care focused on illness and injury prevention, health promotion, health maintenance, health education, and coordination of care for aggregate groups in various community settings. *Prerequisites:* All Level 1 and Level 2 courses. *Pre or Co-requisite:* NUR 376; *Co-requisite:* NUR 396L.

**NUR 397 - Community and Public Health Nursing for RNs - 3**

In this theory course, students will analyze theories, processes, issues, demographic data and epidemiological trends that affect the population aggregates within communities. Emphasis is on professional role development to promote nursing care focused on illness and injury prevention, health promotion, health maintenance, health education, and coordination of care for aggregate groups in various community settings. *Prerequisites:* NUR 381 and NUR 474 and NUR 475

**NUR 419 - Health Issues in Culturally Diverse Populations in the United States - 3**

This course provides students with an overview of health issues and health disparities confronting culturally diverse populations in the United States. The course also addresses genetic, cultural, historical and demographic factors that influence these health issues and disparities, implications for culturally effective health care, and for development of health policy. *Prerequisites:* School of Nursing Undergraduate who has completed NUR 365 and 366L or permission of the instructor.

**NUR 435 - Nursing of the Adult - 4**

NUR 435 focuses on patients across the adult lifespan who require nursing care in high acuity health care settings. Internal and external environmental variables that have implications for long-term and episodic care are studied in this course. Emphasis is placed on the use of the problem-solving process in health promotion, meeting physiological needs, and providing holistic care during illness and at the end of life. The professional role of the caregiver is further developed in increasingly complex learning experiences. *Prerequisites:* All Level 1 and Level 2 courses. *Co-requisite:* 436L.

**NUR 436L - Nursing of the Adult Practicum - 3**

In the practicum component of Nursing of the Adult, students apply content learned in the companion theory course. Competencies needed by the nurse generalist in the care of adult patients are developed in increasingly complex learning experiences. Critical thinking and clinical decision-making skills utilized by the nurse caregiver in a variety of health care settings are emphasized. *Co-requisite:* NUR 435

**NUR 437 - Principles of Genetics - 3**

This elective course provides the foundation to examination, integration, and evaluation of genetic principles to future advances in genetic health and counseling. Opportunity is given to apply ethical principles in decision making related to nursing care of families with genetic health patterns or problems. Must be enrolled in the School of Nursing.

**NUR 442 - Health, Education and Social Welfare in a Global Community - 3**

The purpose of this course is to provide students with a cross-cultural experience in which they will spend time in a selected global community while learning about health, educational and social welfare issues. Students will participate in pre-trip seminar in Birmingham or on-line prior to travel. The seminar(s) will focus on an overview of the course, a model of assessing culture and an overview of selected global community's culture. Students will also participate in seminars on a variety of health, education and social welfare topics provided by the course instructor and by resource persons from the selected global community. *Prerequisites:* Level 1 courses.

**NUR 444 - Principles of Developmental Care Newborn Infants - 3**

Provides students with an overview of principles of individualized care for newborns and infants. The course also addresses principles of family-centered care as a key component of developmental care. Students review concepts and theories related to molecular biology, fetal, infant and family development, psychology, and sociology in assessing and planning care to promote optimal development of high-risk infants and families. Students explore roles of nurses and other interdisciplinary team members in developmental care, are assessed, and develop plans to promote organizational change in order to incorporate developmental care principles in a clinical setting. *Prerequisite:* NUR 365 and 366L.

**NUR 445 - Nursing of the Child and Adolescent - 3**

NUR 445 Nursing of the Child and Adolescent provides knowledge that is essential for the professional nursing care of children from infancy through adolescence within the context of the family. Students examine the physical, nutritional, developmental, psychological, cognitive, psychosocial, educational, and spiritual needs of children and adolescents adapting to common and complex environmental variables that affect health. Students explore the roles of the professional nurse as caregiver, educator, advocate, and collaborator in providing nursing care to children and adolescents in a variety of settings. *Prerequisites:* All Level 1 and Level 2 courses. *Co-requisite:* NUR 446L.

**NUR 446L - Nursing of the Child and Adolescent Practicum - 2**

NUR 446L provides clinical nursing practice opportunities with children/adolescents within the context of the family in selected hospital and community settings and the nursing simulations laboratory. Students apply knowledge of physical, nutritional, developmental, psychological, cognitive, psychosocial, educational, and spiritual needs of children adapting to common and complex environmental variables that affect health. Students implement the roles of the professional nurse as caregiver, educator, advocate, and collaborator in providing nursing care to children and adolescents in a variety of settings. *Prerequisites:* All Level 1 and Level 2 courses. *Co-requisite:* NUR 445.

**NUR 455 - Leadership and Management in Professional Nursing - 3**

This course focuses on leadership and management theories and models, resource allocation and management, delegation, conflict resolution, legal implications of practice, managed care, evaluation of practice, continuous quality improvement, healthcare systems, and contemporary issues in the workplace. Emphasis is placed on the integration of all professional role behaviors, application of research, and leadership/management of care as the transition is made from the student role to that of practicing professional nurse. *Prerequisites:* All courses in the nursing program, except NUR 395 and NUR 396L which may be taken prior to or concurrently with NUR 455. *Co-requisite:* NUR 456L.

**NUR 456L - Leadership and Management in Professional Nursing Practicum - 5**

This course focuses on direct and indirect clinical performance in the areas of nursing process, leadership and management, evidence-based practice, and the demonstration of professional nursing role behavior as the transition is made from student role to practicing nurse professional. *Prerequisites:* *Prerequisites:* All courses in the nursing program, except NUR 395 and NUR 396L which may be taken prior to or concurrently with NUR 456L. *Co-requisite:* NUR 455.

**NUR 457 - Leadership and Management in Professional Nursing for RNs - 3**

This course focuses on leadership and management theories and models, resource allocation and management, delegation, conflict resolution, legal implications of practice, managed care, evaluation of practice, continuous quality improvement, healthcare systems, and contemporary issues in the workplace. Emphasis is placed on the integration of all professional role behaviors, application of research, and leadership/management skills. *Prerequisites:* NUR 397

**NUR 458 - Clinical Practicum for RNs - 1 to 3**

This practicum is designed to enable RN students to build on their existing clinical expertise, broaden their exposure to different specialty areas, and apply knowledge learned throughout the BSN curriculum to meet the needs of individual clients, client groups, other health care providers, and the society. As a capstone course for the RN Mobility program, specific experiences will provide the student with opportunities to develop leadership/management skills while working with aggregate groups within the community and to demonstrate discipline-specific proficiency related to writing, quantitative literacy and ethic/civic responsibility. *Co or Prerequisite:* NUR 397.

**NUR 465 - Concepts of Management of the High Risk Neonate - 3**

This course provides theoretical concepts essential to the nursing management of high-risk neonates and families. Students examine the impact of environmental variables on the biophysical, psychological, socio-cultural, spiritual, development, and educational needs of the neonate. The focus of the course is on the concepts of health promotion, maintenance, and restoration of the high-risk neonate and family as they adapt to environmental variables. Students examine legal, historical, political, socio-cultural, ethical, technological, and economic issues related to the care of high-risk neonates and their families. In addition, students analyze current research and the role of the professional nurse in providing care to high-risk neonates and families. *Prerequisites:* NUR 365 and NUR 366L

**NUR 466 - Camp Nursing of Special Populations - 3**

This elective course allows the application of nursing process in a camp setting with clients who have special needs. Focus is on caring for campers and provision of nursing care to children who are adapting to special internal and external environmental variables. *Prerequisite:* Required completion of NUR 435 or permission of instructor.

**NUR 474 - Transition to Professional Nursing Practice - 4**

Using an online format, this course is designed to enhance the registered nurse's knowledge of the role of the professional nurse in meeting the health needs of society. Historical, legal, political, and ethical issues affecting the profession will be examined. The relationship between selected issues, trends, and theories and professional nursing practice will be analyzed. Students will examine behaviors related to various roles of the professional nurse, including caregiver, teacher, advocate, research consumer, and counselor. Admission to the RN Mobility Program is required.

**NUR 475 - Health Assessment Across the Lifespan for RNs - 4**

The structure of the course allows the student opportunity for directed and self-directed learning experiences. In an online classroom, students are guided in a series of learning activities designed to increase the knowledge and skill of the professional nurse related to health assessment of individuals and family. In addition to physical assessment, students will review other components of a holistic assessment including spiritual, cultural, psychological, and developmental assessment. Admission to the RN Mobility Program is required.

**NUR 478 - Sexuality Issues in Health and Illness: A Lifespan Approach - 3**

This elective course includes the ethical, social, biological and psychological concepts of human sexuality. Open to non-nursing majors with permission of instructor.

**NUR 481 - Advanced Spanish for Health Professionals - 3**

This advanced course emphasizes and expands intensive conversation, technical readings and vocabulary pertinent to the medical field. The course focuses on practical vocabulary, idiomatic expressions, medical terminology and cultural patterns of Spanish-speaking patients.

**NUR 484 - Honors Seminar II: Project Development - 3**

This required course for Honors Program students provides opportunities for innovative practice that examines holistic client needs and nursing roles regarding those needs. Students analyze a clinical problem or topic and design a strategy to develop evidence-based nursing practice relative to it. Course content includes clinical or research mentorship experiences, critical application of evidence-based sources, and discussion leading to student project design and initiation. Students complete training in protection of human participants in research and apply those protections to project design and approval processes. Good standing in Honors in Nursing Program required. *Prerequisite:* NUR 368

**NUR 486 - Honors Seminar III: Project Implementation- 3**

This required course for Honors Program students provides opportunities for implementation of an innovative evidence-based practice strategy that integrates human responses to health and illness and professional practice roles. Course content includes clinical or research experiences in innovative practice approaches, discussions of implications for evidence-based practice and professional nursing roles, and guidelines for preparation of manuscript and presentations. Professional expectations include dissemination of findings through a public forum and collaboration with agencies for integration of findings into practice.

**NUR 490 - Independent Study in Nursing - 1 to 6**

Independent Study in Nursing. Must be a senior year nursing student and have a written Independent Study contact signed by the Associate Dean for Academic Affairs.

**NUR 491 - Independent Study in Nursing - 1 to 6**

Independent Study in Nursing. Must be a senior year nursing student and have a written Independent Study contact signed by the Associate Dean for Academic Affairs.

**NUR 499 - Living With Loss - 3**

This elective course includes loss, grief, body-image changes, loss due to chronic conditions, and loss of life in childhood and adulthood, explored from the viewpoint of health-care professionals.

# UAB Honors Academy

## University Honors Program

The University Honors Program draws on the wide range of resources available at a comprehensive research university and concentrates those resources within a small, personal, liberal arts setting. Designed for students who want to satisfy their intellectual curiosity both inside and outside the classroom, the program accepts about 50 students a year representing a wide variety of disciplines, backgrounds, and interests. The program offers an innovative, interdisciplinary arts and sciences curriculum taught by faculty who are known for their excellence in teaching and scholarship. Without delaying progress toward a degree, the University Honors Program provides students an opportunity to participate in a community of committed scholars, to form close relationships with faculty, to explore new ideas, and to share their ideas and interests in the friendly confines of the Spencer Honors House.

### Benefits

Students in the University Honors Program receive a more intensive and innovative education than is available in the regular curriculum. Students take interdisciplinary courses and honors seminars on topics not offered in the regular academic departments. Since honors seminars are limited to 16 students University Honors Program students have close personal contacts with their instructors and with other students, providing a sense of community and identity within the larger university context. University Honors Program students have the opportunity to meet and get to know not only a wide variety of faculty and administrators on campus, but important figures in the community and distinguished visitors from throughout the world. Honors students receive priority registration and have privileged access to faculty research and scholarship. The Spencer Honors House, with all of its facilities, belongs to the honors students and is accessible to them at all times. Students have the opportunity to travel and to participate in a wide variety of cultural, social, and scholarly events. After completing the program, they graduate with the special designation "With University Honors" on their transcripts and in the commencement program. In addition, Honors students are recognized annually at the university-wide Honors Convocation and at Honors Day. Graduation from the University Honors Program, with its broad interdisciplinary arts and sciences curriculum gives students a distinct advantage when applying for graduate or professional schools.

### Spencer Honors House

The center of identity and community for the University Honors Program is the Spencer Honors House, located on campus in the spacious and attractive environment of the Old Church at 1190 10th Avenue South. All instructional and social activities of the University Honors Program take place there. The Spencer Honors House is also available for day-to-day use by honors students for recreation, studying, meeting, and relaxing. The facilities include a kitchen, lounge areas, library, computer clusters, and pool and ping-pong tables. The offices of the director, associate director, and assistant director are also in the house.

### Honors Coursework

Instead of the 41 semester hours of Core Curriculum requirements, students in the University Honors Program take 33 semester hours of honors coursework and three semester hours in mathematics. In addition, they participate in a variety of special events, most of which are centered in the Spencer Honors House. While in no way delaying progress toward a degree or interfering with commitment to a major, the University Honors Program provides a stimulating range and depth of scholarly pursuits within an interdisciplinary arts and sciences context. Students have frequent individual contact with the teaching faculty and have unusual opportunities for independent projects and research.

Honors students have two options for completing their 33 semester hours in honors:

- two 9-semester-hour fall-semester interdisciplinary honors courses plus five 3-semester-hour honors seminars (only two of which can be related to the student's major or minor); or
- two 9-semester-hour fall-semester interdisciplinary honors courses, a minimum of three 3-semester-hour honors seminars (not related to the student's major or minor), and up to six semester hours of departmental honors coursework within the student's major (with the total number of semester hours adding up to 33).

The interdisciplinary honors courses are offered during the fall semester and are open only to University Honors students. These courses are team-taught by faculty members (usually six) from different schools in the university and by guest lecturers from the medical center, the business, and other areas. Each interdisciplinary course is organized thematically and designed to cover a broad range of material so the student is introduced to all areas covered by the Core Curriculum and to a wide variety of other areas as well. Topics of past interdisciplinary courses have included "Minds and Realities," "In Search of Human nature," "It's About Time," and "The Anatomy of Desire." As part of the course, each student works on an independent project related to the central theme. Since instructors are committed to full-time teaching of this course, students receive ample advice and guidance on their projects.

The University Honors program offers about 18-20 different honors seminars each year. Some are cross-listed in other departments and so are open to all students at UAB. These seminars are offered during the fall semester, spring semester, and summer term and are limited to 16 students. Honors seminars are available in a variety of different fields and focus on issues that are of major interest within the field and also have implications and applications beyond it. Examples of honors seminars which have been taught are "Ethnographic Filmmaking," "China's Next phase," "Cognitive Brain Imaging," Philosophy, Psychology, and the Economics of Happiness," Existentialism and Modern Literature."

## **Additional Information About the Curriculum**

### **Core Requirement in Mathematics**

In addition to the honors coursework, University Honors Program students must fulfill the mathematics requirement of Area III of the Core Curriculum.

### **Credit for Participation in Honors**

Students may receive up to three semester hours of credit, graded on a pass/fail basis, for participating in the range of special events sponsored by the University Honors Program. Those events include the monthly lecture, First Thursday Lecture series, afternoon receptions for visiting speakers, the fall film series, workshops, and field trips.

### **Credit for Community Service**

Students may receive up to three semester hours of credit, graded on a pass/fail basis, for completing long-term service projects. Available projects are announced before each semester and typically include work at a recycling center, homeless shelter, or public school as well as regular meetings to reflect on these service projects.

### **Independent Study**

Students may propose an internship or independent study project in place of one seminar. An example of such a project is an internship at city hall, leading to a policy proposal on some area of city government. Proposals for these projects must be approved by the Honors Council.

### **Honors Research**

Students can register for one, two, or three credit hours of Honors Research, and receive a letter grade for their research. Students arrange for a research mentor and conduct a project under the guidance of a faculty mentor.

## **Continuation in the Program**

A student who leaves the University Honors Program for any reason will receive full credit toward graduation for all coursework completed in the program. The director of the University Honors Program will designate which of the Core Curriculum requirements have been fulfilled by the individual student's honors coursework. An honors student is expected to maintain a 3.0 average in University Honors Program coursework. If the average falls below 3.0, the student will have one year to raise his or her average up to a 3.0 in order to remain in the program. A student must have an overall 3.0 average in the program and at UAB to graduate "With University Honors"; a student who has a 3.0 average in the program but a lower UAB GPA will graduate "With Honors in Interdisciplinary Studies."

## **Who Should Apply**

Any student entering or already enrolled at UAB is eligible to apply for the University Honors Program. Although most students entering the program are full-time freshmen, part-time students are also eligible, and students may enter the program as sophomores or juniors. Non-traditional students are encouraged to apply. Honors students are selected on the basis of the following criteria:

- academic ability, as indicated by high school or previous college grades;

- creativity or talent—in science, music, art, drama, leadership, etc.;
- intellectual promise, as indicated by standard aptitude and/or achievement tests;
- recommendations of knowledgeable instructors;
- competence in grammar, English composition, and mathematics; and
- evidence of any of the above as disclosed in a personal interview.

Any student who has a genuine interest in the kind of education that the University Honors Program provides should apply, even if the student may not feel that he or she has demonstrable evidence of the above criteria. There are no rigid minimum requirements for being accepted into the University Honors Program, which is intended to attract bright, curious, dedicated students who can both profit from and contribute to an intensive learning experience. Such students cannot always be identified on the basis of any objective set of criteria; therefore, all applicants will be given careful consideration on the basis of whatever evidence they present, both in a written application and in a personal interview.

## Scholarships

The Hess-Abroms Honors Scholarships, awarded annually, are valued at \$24,000 each and provide \$6,000 per year. Application is open to incoming freshmen. The award is based on superior academic achievement, creativity or talent, strong motivation, character, and intellectual promise. Application materials are made available at the time of interview. The University Honors Program also has a number of smaller (\$1,000-\$2,000) annual scholarships that are awarded in May each year. Students who have committed to entering the program can apply for these scholarships that are distributed based on merit and need.

Students interested in applying for admission to the University Honors Program should go to the UAB Honors Academy Website at: <http://www.uab.edu/honorsacademy>. There you will find an application form that can be filled out on-line. Students interested in the University Honors Program should just check the UHP box. Students can apply to more than one university-wide honors program but only participate in one. A student in the University Honors Program can however be a member of the EMSAP, EOSAP, or EDSAP early-acceptance programs. If you have questions about the University Honors Program in particular please feel free to call (205) 934-8733 or email ([sloane@uab.edu](mailto:sloane@uab.edu)) the Director, Dr. Mike Sloane. General inquiries should be address to the Program Coordinator at (205) 934-3228 or e-mail [honorsprogram@uab.edu](mailto:honorsprogram@uab.edu). Priority consideration will be given to applications received by December 15 but we will accept applications up till January 1. Students must apply to UAB separately and are encouraged to do so by November 1 to be automatically considered for scholarships.

## Science and Technology Honors Program

The Science and Technology Honors Program at UAB revolutionizes the undergraduate experience. Acceptance to the program places students in the company of fellow scholars and world-renowned researchers. Science and Technology Honors students take part in unique academic and research experiences specifically designed to give them a head start on a scientific or technical career.

This unique program is the only one of its kind in Alabama. It is designed for the best and brightest students whose academic and extracurricular achievements demonstrate intellectual curiosity, energy, creativity, and leadership abilities. As a graduate of the Science and Technology Honors Program, a student is well prepared for graduate study at the Master's or Doctoral level.

## Benefits

Students in the Science and Technology Honors Program work closely with research faculty and have the opportunity to participate in original scientific research. During the first two years, the program prepares students with the knowledge and skills they need to get started in research. Beginning as early as the freshman or sophomore year, students work closely with a faculty mentor on an individualized project, learning about research through apprenticeship. Science and Technology Honors students are encouraged to attend national conferences and to publish their research in scientific journals.

The program is a closely knit community with a maximum of 50 undergraduate students each year. The small number encourages collaboration among students, interaction with faculty, and sharing of ideas. Students receive priority registration and take science and technology focused versions of core courses such as English Composition II (EH102 and Public Speaking (CM101).

Students who successfully complete the four year Science and Technology Honors Program are guaranteed a two-year tuition and fees scholarship for any UAB doctoral program to which they are admitted (this scholarship does not apply toward professional schools). In addition, Science and Technology Honors students can earn graduate credit, providing an advantage when pursuing an advanced degree.

## Science and Technology Honors Facilities

The Science and Technology Honors Program facility is on the 5<sup>th</sup> floor of Heritage Hall. Students have full 24-hour access to the facilities where there is a state-of-the art computer lab. A kitchen, individual study space, conference rooms and a large lounge area are also available for Science and Technology Honors students.

## Science and Technology Honors Coursework

The academic portion of the Science and Technology Honors Program builds upon UAB's research strengths in science and technology. Special interdisciplinary courses examine topics from many scientific and technical perspectives, illustrating how scientists integrate multiple fields of study when approaching research and development questions.

Students discover the methodologies and techniques used in a variety of research areas, including biology, cell biology, chemistry, complex information systems, engineering, neuroscience, psychology, physics, and more. In their Research Approaches courses, students get hands-on experience in laboratory techniques and visit laboratories to observe researchers up close and in action.

Exclusive seminars put students face to face with UAB's best known researchers, who share their insights and experiences from the lab and the field. The entire curriculum is designed to encourage independent thinking, questioning of ideas, creative problem-solving, and skill in scientific communication. Science and Technology Honors coursework also integrates seamlessly with honors programs in science and technology majors.

The Science and Technology Honors Program culminates in a two year intensive research experience under the direction of UAB faculty. Students build upon the methods they have learned in their courses and seminars to propose and conduct an independent research project in collaboration with their faculty mentor. This project becomes the student's Honors Thesis. The Honors Thesis is prepared for publication in a scientific journal and for presentation at a national conference. Thus, many Science and Technology Honors students will both publish a scientific paper and present at a national conference before graduating from UAB. Students in the Science and Technology Honors Program take 30 hours of Honors coursework, which includes 12 hours of Science and Technology Honors courses and at least 8 hours of Independent Study under the direction of a faculty mentor to complete their Honors Thesis research. Honors versions of core courses have been developed and contribute to the 30 hours of honors credit required.

Each student in the program takes the following Science and Technology Honors Program coursework during their first two years in the program to prepare for their independent research experience.

**Introductory Seminar.** (Fall semester Freshman Year; 1 credit hour). Students work in teams to analyze current scientific problems under investigation by UAB faculty, learning about how scientists approach problems and conduct their research, including ethics and institutional review of human and animal research.

**Interdisciplinary Seminar.** (Fall semester Sophomore Year; 3 credit hours). Team-taught course with faculty from several disciplines addressing how a complex problem is approached by multiple disciplines. This course illustrates the synergy achieved by interdisciplinary analysis of problems. Example topics include Neurobiology of Learning and Memory, Energy Generation and Conservation, and Central Nervous System Disorders.

**Research Approaches I and II.** (Spring semester Freshman and Sophomore Years; 3 credit hours each). Systematic training in foundational research methodologies and opportunity to application of the methods in research laboratories. Students choose among a Biotechnology Training Lab, Advanced Chemical Analysis, or Engineering Design and Materials Analysis in their freshman year and rotate through laboratories chosen to match their research interests in their sophomore year.

**Statistics and Design Overview,** (3 credit hours). Introduction to principles of research design and statistical analysis, including a statistics laboratory for hands on experience.

**Science and Technology Honors research:** (8 or more hours).

## Student Activities

Science and Technology Honors students contribute to the direction of the program through participation in student committees and active dialogue with the director. Student committees include Scientific Journal Club and Program Meetings, New Student Orientation and Recruiting, Peer Mentoring and Peer Tutoring, Social Activities, Community Outreach, Newsletter, Website Design, and Program Archives.

## Continuation in the Program

Science and Technology Honors students are required to maintain a 3.0 average UAB GPA in their undergraduate coursework through graduation. If their GPA falls below the 3.00, the student will have one year to raise his or her average to at least 3.0 in order to remain in the program.

## Who Should Apply

The Science and Technology Honors Program is best suited for students who are intensely curious about science and excited about the prospect of becoming a generator of new knowledge in their field. In addition to curiosity about science, successful applicants generally have a strong academic record and plan to pursue a career in science or technology. Science and Technology Honors students typically have a grade point average 3.5 or higher in high school academic courses and ACT or SAT scores at or above the 90<sup>th</sup> percentile in math and science. Because the program values diversity and strives to accommodate talented students, applications are reviewed individually and invited applicants are personally interviewed.

## Scholarships

If admitted to UAB by the scholarship application deadline, Science and Technology Honors Program Applicants are eligible for all university wide undergraduate scholarships; many schools and majors within UAB also offer their own awards to outstanding students. Students who successfully complete the Science and Technology Honors Program will be awarded a two year scholarship covering tuition and fees for (nonprofessional) doctoral study in any UAB science or technology graduate program into which they are accepted.

## Application

Applications and letters of reference must be received by January 1 of the student's senior year of high school. Students interested in applying for admission to the Science and Technology Honors Program should write or call;

Diane C. Tucker, Ph.D.  
Director, Science and Technology Honors Program  
540 Heritage Hall, 1530 3<sup>rd</sup> Avenue South  
Birmingham, AL 35294-1260  
Phone: 205-996-5701  
Email: [sthonors@uab.edu](mailto:sthonors@uab.edu)

## Early Medical Schools Acceptance Program (EMSAP)

The Early Medical Schools Acceptance Program (EMSAP) offers superior high school seniors the assurance that after completing undergraduate studies at UAB, they will enter the UAB School of Medicine, Dentistry, or Optometry. EMSAP students can complete an excellent undergraduate program and reserve their place in world-renowned medical programs.

To be considered for admission to EMSAP, students must have the following:

- four years of English,
- four years of mathematics,
- at least one year each of chemistry or physics and biology, preferably AP or IB level.
- a grade point average of at least 3.5 (on a 4.0 scale) in academic subjects, and
- an ACT composite score of at least 30 or an SAT score of at least 1,320 (counting only the math and verbal part of the new SAT exam).
- be a U.S. citizen or have a green card

Selected candidates who meet the academic criteria are interviewed by members of the Admissions committee of the respective professional schools. In making its final selections, the committee considers maturity and exposure to medicine, as well as letters from teachers. Students can only apply for EMSAP programs as seniors in high school and must apply by December 15th, and for scholarships, December 1st. For further information, including criteria for remaining in good standing in EMSAP, please see the EMSAP web site at: <http://main.uab.edu/show.asp?durki=27435> or contact the Office of Undergraduate Admission, (205) 934-4076.

## **Global and Community Leadership (GCL) Honors Program**

Joining UAB's Honors Academy in Fall 2007, Global and Community Leadership (GCL) Honors is designed for students who are searching for a deeper understanding of global and community issues and who seek to relate those issues academically to their own values and life goals. In the Global and Community Leadership Honors Program a student investigates, analyzes, and addresses the challenges and concerns confronted by societies around the world. Faculty mentoring, specially designed courses, service learning courses and experiential learning in international and community settings prepare students to take leadership roles in campus and community organizations. In addition, students form a community with like-minded peers who share their goals for transforming the world.

### **Goals for Global and Community Leadership Honors Students:**

- To acquire a deeper knowledge and understanding of global and community issues
- To reflect on and evaluate personal values and life goals in order to promote personal growth and clarify moral ideals
- To engage in experiential and service learning in an international or community environment
- To undertake leadership roles in campus and community organizations
- To participate in social opportunities and develop a sense of community with like-minded peers
- To maintain high academic standards and prepare for leadership in challenging careers or for further academic study.

### **Benefits**

Students in the Global and Community Leadership Honors Program work closely with GCL faculty and staff to design a personal plan of study focused on a global or community issue of interest, usually within their major field of study. Students also gain hands-on experience and conduct independent research during the process. During the first two years, the Program exposes students to an array of global and community issues through courses that explore and analyze social, political, economic and cultural systems. At the end of the second year, each student selects his/her issue of interest (See "Issue of Interest"). The final two years are then devoted to further academic study on this topic of choice, extensive hands on experiences through service-learning classes and/or internships, and the successful completion of a senior thesis project, which permits the student to share his/her unique knowledge with UAB and the broader community. Accordingly, students become immersed in their personal issue of interest while also pursuing their major field of study. Graduates may then take their new knowledge directly into the work force, or elect to explore this knowledge more deeply in a graduate or professional school. All students who complete the GCL Honors Program's course of study will graduate with *Honors in Global and Community Leadership*.

Because of the Program's scope and requirements, students receive a great amount of personal contact, both with GCL and academic faculty and advisors who act as mentors to students. This close personal contact is also evident among students who share similar interests and life goals, resulting in a strong sense of community. During the program, students have 24-hour access to facilities in Heritage Hall for study and recreation; stipends for academic presentations; on-campus benefits such as early-registration and preferred housing; and exposure to a variety of guest lecturers and cultural events.

### **Global and Community Leadership Honors Facilities**

In January 2009, the Global and Community Leadership Honors Program moved into Heritage Hall, the newest building on UAB's campus, located at 1401 University Blvd. The new facility includes GCL Honors staff offices, as well as classroom space, a conference room, computer lab, kitchen, study lounge, and recreational area shared with Science and Technology Honors. GCL students have 24-hour access to this space.

### **Global and Community Leadership Honors Coursework**

GCL Honors builds upon the breadth of UAB's academic offerings, providing a depth of study not otherwise found in the typical curriculum. The coursework is composed of 30 hours of GCL Honors credit, as well as three (3) hours of Honors Academy credit in the study of leadership. The exact coursework is tailored to the individual student and his/her major, using the framework described below.

<b>33 Hours of GCL Honors Credit</b>	
Two, 3-credit hour GCL signature courses (GCLH 105 and 301)	6 hours
Honors designated courses <ul style="list-style-type: none"> <li>• 3 core classes (9 hours) selected for your personal development plan.</li> <li>• 6 hours from Departmental Honors or Honors Option</li> </ul>	15 hours
Honors thesis on global or community leadership topic within major field	3 hours
Two, 1-credit hour GCL Leadership courses (GCLH 101 and 201)	3 hours
Four, 1-credit hour Portfolio development courses	4 hours
Three, 1-credit hour honors academic leadership seminars, taken in conjunction with other Honors Academy students (HAC 101, 201, 301)	3 hours

As outlined above, Global and Community Leadership Honors students complete coursework in several categories, or types of learning opportunities, which are more fully described below. Please note that much of the coursework is fully integrated into the student's course of study and the academic major. Therefore most of the upper level coursework can apply to the completion of any major a student chooses.

### **A) Global and Community Leadership Honors Signature Courses**

Each incoming GCL class takes two signature courses as a cohort, the first during Fall Term of Year 1, and the second during Fall Term of Year 3. These courses follow the mission of Global and Community Leadership Honors by informing students about social, economic, cultural, and public policy issues that are current in both a local and an international context.

The first GCL Signature Course is "Exploring Birmingham: Change and Power." This course views Birmingham in a global context and examines the different ways that social, economic and political systems have allocated power and created urban societies. Through readings, films, discussions, lectures, and actual experiences in the city itself, students learn how to gather and analyze information, think critically about tough and contentious issues, and gain new perspectives on some old yet contemporary problems.

The second GCL Signature Course occurs at the student's discretion after the first semester of the second year. This course, GCLH 301, Leadership and Community, has been developed in conjunction with the UAB Office of Service Learning. The course is largely conducted in a variety of sites in the Birmingham metropolitan community where GCL Honors students explore and experience their Issue of Interest with a personally selected community partner. Students will spend a minimum of 3-4 hours per week for 10 weeks (or 33 hours total for the semester) in service to a community or local government agency that has a direct relationship to the student's chosen issue. The class also meets on a regular basis, at least every other week, to share reflections and analyze and discuss lessons learned from the community experience and how they relate to current concerns and challenges, as well as the student's chosen field of study.

### **B) GCL-Approved Courses**

GCL Honors seeks to build upon current course offerings, providing GCL Honors students with four ways of fulfilling 15 credit hours towards GCL Honors approved courses. One is through "personal development" core courses, which apply towards the [UAB core curriculum](#) requirement of 41 hours and at the same time satisfy the GCL core requirement. Three personally selected core courses fulfill nine (9) of the required 18 hours. Students must articulate the academic and personal goals that will be addressed by these core courses, which are generally included in the Core Areas for Arts and Humanities and for History and Social and Behavioral Sciences.

The second way to meet this requirement is to take an approved honors course within a [departmental honors](#) program. Credit in these honors class may count towards fulfillment of both the individual departmental honors program and the GCL Honors Program. To qualify for GCL Honors credit, departmental honors courses must have a demonstrated direct application to the student's declared Issue of Interest.

Finally, the third possible source of GCL-approved courses is to contract an honors option within a regular course. Again, the "Honors Option" course must be related to the student's Issue of Interest in order to qualify for GCL. To meet honors expectations for such a class, the student must first complete an Honors Option Proposal, providing the course syllabus, a description of what additional work (for example, additional research or directed reading on the Issue of Interest) that he/she plans to do for the honors credit, as well as evaluation procedures. After review by the GCL Honors Program staff, the proposal must be signed by the student, the professor of record for the course, and the GCL Honors Director.

### **C) Study Abroad, Study Away, Internship, or Service Learning**

Students in GCL Honors may also complete an Honors Option in a study abroad, study away, internship, or service-learning course setting. In order to qualify for this option, the student must arrange with a faculty mentor to direct an Honors Option course in one of these alternative learning environments. In addition, this option must be related to the student's Issue of Interest, and the learning outcomes must contribute to the student's research and experience for the final GCL Honors thesis or Senior Project. GCL Honors will work closely with each student to identify the most beneficial placement for their own academic major, area of specialization, and especially for their Issue of Interest. We work one-on-one with each student and potential partners to assess mutual interests; research local, national, and international placements -- whether they be another university, a nonprofit, or a governmental agency -- and work through the process of contracting such placements and making arrangements for appropriate academic study or internships. Such individual placement insures that students will find an opportunity that both matches their interest and passion and at the same time provides a challenging learning opportunity.

Likewise, service-learning opportunities exist across many disciplines at UAB, and are managed by the Office for Service Learning. This Office can also place students in a community setting in conjunction with an academic class for which they may receive GCL Honors credit. All study abroad, internship or service-learning course options must be approved in advance by the GCL Honors Program and must demonstrate a connection to the student's Issue of Interest in order to earn credit towards completion of the Program requirements, or to be eligible for scholarship assistance in the case of Study Away or Study Abroad Honors Options.

### **D) Honors Thesis**

As noted above in "GCL-Approved Courses," at least 6 hours of coursework in the major field of study must be completed through a departmental honors course or through Honors Option courses approved by the GCL Director that will be enhanced for additional research and reading and will also contribute to a deeper understanding of the student's Issue of Interest. This coursework, combined with off campus experiences in the field, constitutes a concentrated two-year learning process that culminates with an Honors Thesis or Senior project. Through the Thesis/Senior Project the GCL student formally shares the body of knowledge about his or her Issue of Interest with other students and faculty. The goal is for the GCL Honors graduate to develop an expertise about the chosen Issue of Interest in a particular field of knowledge, which may either be transferred directly to the workforce or pursued in further study in graduate or professional school. Each GCL student will be personally advised throughout this final stage of the Program to ensure a successful completion of the thesis requirement.

### **E) Honors Academy and GCL Leadership Seminars**

Students in the UAB Honors Academy take three, one-hour Leadership seminars beginning with the first year and ending with the third. These seminars allow Academy students to study and practice Leadership with scholars from the other university-wide honors programs, and they are coordinated by the Directors from each of the programs. The last course in this sequence, HAC 301, is an applied leadership course and requires that each student, working with a team of other Honors Academy students, develops and executes a project that demonstrates a practical application of their leadership skills. The goals for HAC 301 are to provide students experience in planning and leading a project; provide practical experience in working with a team; and encourage active reflection on personal strengths and leadership challenges that directly impact the project. For GCL Honors students, HAC 301 will provide an excellent opportunity to explore a potential Issue of Interest. This course may also be taken in conjunction with GCLH 301, if the student's leadership project and his/her service learning experience are closely related. Finally, HAC 301 will also provide students an opportunity to study abroad or arrange an internship if the chosen leadership project fits either of these learning options and is also directly related to the student's Issue of Interest.

In addition to these Honors Academy seminars, GCL Honors students must complete two one-hour **GCL Leadership** seminars. The seminar in the Spring Term of the first year is *Thinking like a Leader*. The key objective of this course is to work toward a clear understanding of what it means to be a leader in all the many different aspects of our life, personally, as well as in the community and the world. The fundamental idea, derived from psychologist Howard Gardner, is that leadership begins within each one of us, in the development of our own minds throughout our lifetime. Leadership emerges from our most fundamental life story: in how we see ourselves, how we think about the matters that are most important to us, and in how we seek to have others understand the world in the same way that we do. Accordingly, leaders strive to change the world to be more like their vision of what it should be, rather than the way it currently is.

- The seminar in the second year is *Thinking Locally and Globally*. This seminar explores current critical issues and the leadership challenges they present. Students learn that if change in the world is to be affected, it will only be through leadership, either on their part or on the part of others. Therefore if they want the world to be different they will need to act to make it so. It is during this second seminar that

students begin the process to determine their own Issue of Interest and develop their strategy for engaging this issue more deeply.

## **Issue of Interest**

The essential objective in Global and Community Leadership Honors is for students to pursue a significant topic or issue about which they have a special concern or passion, and then applying what they are learning in their coursework towards this specific area of deep interest. During the junior year or before, every student in Global and Community Leadership Honors will choose an area of concentration in his or her major field of study, or in a field of personal scholarly interest. This scholarly work will address an issue with relevance to one or more of the themes or topic areas which are listed below.

Working with a faculty mentor, the student will develop an Honors Thesis or Senior Honors Project that will advance scholarly knowledge in the chosen field of study, and that will also have a demonstrated application to the chosen area of global concern.

### **Global Areas of Concern for Scholarly Concentration:**

- Poverty
- Education
- Health and welfare of children
- Healthcare systems
- Public Health
- Mental Health
- Food and Nutrition
- Cultural, racial and ethnic diversity
- Human and civil rights
- Energy
- Environment and biodiversity
- Geopolitics and International Relations
- War and Peace
- Politics and Law
- Terrorism
- Economy and economic development
- Economics and trade
- Religion
- Aging and end of life concerns
- Science and Technology

Within each of these larger thematic issues, or others that can be proposed, a student will choose to explore a carefully defined Issue of Interest related to his/her own major field of study.

Current GCL Honors students are majoring in every academic field, from biology to neuroscience and bio-medical engineering; from international studies to theatre and art. They are studying and researching a variety of Issues of Interest, including: healthcare services for the homeless, community gardens and childhood obesity and nutrition; the lack of mental health services for rural Alabama communities; and a comparative study of the quality and effectiveness of elder care facilities in Alabama and Spain. Such specialization is supported mainly through carefully targeted honors courses or other courses that would be enhanced to challenge honors students, and also through study away and/or internship opportunities. Most of the GCL-related coursework a student pursues during the junior and senior terms are directed towards a deeper knowledge and understanding of the Issue of Interest.

## **Student Activities**

In addition to students' individual activities, GCL Honors host or participates in a number of events each semester. Whether serving as a group through campus-wide service events such as "Into the Streets", or gathering for dinner at a cookout, GCL Honors offers opportunities for group participation in a variety of educational, recreational, and service activities. Many of these events are planned by the GCL Honors Leadership Council, a student-run group composed of several committees. Students are encouraged to participate in the committees, which include Service Projects, Social Activities, Academics, Recruitment, Intercollegiate Involvement, Marketing and Public Relations, and Mentors. GCL Honors also has extracurricular requirements, including service hours, leadership activities, and attendance at UAB and community cultural events. Students are strongly encouraged to attend monthly meetings designed to present new knowledge and to encourage fellowship. Through such activities, each student must earn "Participation in Honors" credit, up to a minimum of 6 points per semester. These points are extracurricular, and the value assigned to each activity or event will be determined beforehand and communicated to the student. To assist students in obtaining the required points, GCL Honors facilitates opportunities for group participation in a variety of educational, recreational, and service activities, all of which will be announced in a weekly newsletter sent electronically to each student.

## **Academic Achievement and Continuation in the Program**

Global and Community Leadership Honors students are required to maintain a 3.0 grade point average both in their overall undergraduate coursework and in their GCL Honors coursework. If one's average falls below a 3.0, the student will have a period of one year to raise his or her average up to a 3.0 in order to remain in the program. A student must have an overall 3.0 average in the program and at UAB to graduate with *Honors in Global and Community Leadership*.

## **Who Should Apply**

Global and Community Leadership Honors enhances the college experience for students with passion, motivation, ideas and initiative, and a desire to work towards the common good. Our students think critically about tough issues, challenging the way things are by asking "why," and trying to determine if a better solution exists in a given situation. If these traits describe you, then GCL Honors is your opportunity to connect your ideas and initiative with your academic interests to prepare for local, national, and even global leadership. Typically students will enter the GCL Honors Program in the first semester of their first year. However, current first year students enrolled at UAB may be considered on an individual basis for admission to the Program if there are available positions. Interested current students should contact the GCL Honors Program office for application information before the beginning of Spring Term.

## **Scholarships**

If admitted to UAB by November 1, Global and Community Leadership Honors Program applicants are eligible for all university-wide undergraduate scholarships. In addition, many schools and academic departments within UAB also offer their own awards to outstanding students. A significant number of GCL Honors students earn scholarships or additional assistance after their first semester at UAB. Current Global and Community Leadership Honors students are also eligible to apply for study away/internship scholarships. Students interested in these awards should contact GCL program staff for more information.

## **Application**

Students interested in applying for admission to the Global and Community Leadership Honors Program should apply during their senior year of high school. The priority deadline is December 15, and the extended deadline is January 1. Applications can be found online at [www.uab.edu/honorsacademy](http://www.uab.edu/honorsacademy), or interested students should write or call:

Director, GCL Honors Program  
HHB 542  
UAB, 1530 3<sup>rd</sup> Avenue South  
Birmingham, AL 35294-1152

## Experiential Learning Scholars (ELS) Program

The newest honors option in UAB's Honors Academy, Experiential Learning Scholars Program is designed for students who are searching for a way to intentionally enhance their academic course work with applicable, real-life experiences. In the Experiential Learning Scholars Program, students will thoughtfully construct learning plans suited to their unique academic, personal, and career aspirations. Overall, a unique combination of faculty mentoring, specially designed courses, service learning experiences, undergraduate research opportunities and experiential learning in international and local community settings will allow students to create a unique educational opportunity to meet their academic, career and personal goals.

### Goals for Experiential Learning Scholars Program Students:

- To reflect on and evaluate personal values and life goals in order to promote personal growth and clarify academic, career and personal goals
- To construct and implement personal development plans in areas unique to individual interests and goals
- To identify and complete approved experiences inside and outside the classroom that meet individual academic, career and personal goals
- To participate in an approved ELSP Freshman Learning Community (FLC) or Freshman Year Experience (FYE) course
- To become involved in experiential and service learning opportunities in an international, local community, or campus environment
- To participate in social opportunities and develop a sense of community with like-minded peers
- To maintain high academic standards and prepare for leadership in challenging careers or for further academic study.

### Benefits

Students in the Experiential Learning Scholars Program will work closely with faculty and staff to design a targeted plan of study focused on enhancing their major coursework with a set of applicable, real-life experiences. Students will be required to annually evaluate their academic, career, and personal goals and will adjust their learning plan accordingly. Students will be required to identify and complete a set of approved ELSP experiences from various study away opportunities, service learning experiences, as well as undergraduate research, co-ops, internships, and mentorships opportunities. The overall goal of these experiences is the successful completion of a senior synthesis project. Graduates may then take their new knowledge and set of experiences directly into the work force or progress towards graduate or professional school. All students who complete the Experiential Learning Scholar program's requirements will graduate as an *Experiential Learning Scholar*.

Because of the program's scope and requirements, students receive a great amount of personal contact, both with ELSP and academic faculty and advisors who act as mentors to students. This close personal contact is also evident among students who share similar interests and life goals, resulting in a strong sense of community. During the program, students have 24-hour access to the program facilities for study and recreation. Students will also have various on-campus benefits such as early-registration, preferred housing, and exposure to guest lecturers and cultural events.

### Experiential Learning Scholars Program Facilities

The Experiential Learning Scholars Program Facilities are located at 1701 9th Avenue South. This space will include the ELS program offices as well as a conference room, kitchen, study lounge, and a relaxing lobby area to meet and chat with other ELSP students. Students have full 24-hour access to the facilities.

### Experiential Learning Scholars Program Coursework and Requirements

The ELS Program builds upon the breadth of UAB's academic offerings and provides the opportunity for an increased depth of study not otherwise found in the typical undergraduate curriculum. The main focus of the ELS program is to help students design a customized learning plan that intentionally enhances their existing academic course work with applicable, real-life experiences. This enhanced learning experience is accomplished through a combination of ELSP required courses, approved honors enhanced courses, and a set of ELSP approved experiences. Please note that much of this coursework will be fully integrated into the student's regular course of study and major and should therefore present no obstacle to the completion of any major a student may chose.

## A) ELSP-Approved Courses

The required ELSP coursework is composed of:

- An ELSP approved Freshman Learning Community (FLC) or Freshman Year Experience (FYE) course taken during their freshman fall semester.
- A sequence of three 1-credit hour Honors Academy Leadership Seminar courses which are required for all Honors Academy students.

### Optional ELSP coursework:

Additional honors coursework can be approved and tailored to the individual student's goals based on their approved learning plan. For instance, one way to enhance existing academic coursework is to take honors courses within a [departmental honors](#) program. Credit in these honors classes may count towards fulfillment of both the individual departmental honors program as well as the ELS Program. To qualify for ELSP credit, departmental honors courses must have a demonstrated direct application to the student's declared learning plan and goals.

A second source of optional ELSP-approved courses is to complete a regular course as an honors course. In order to meet honors expectations for such a class, the student must first complete an *Honors Option Proposal*. In this proposal, students are required to provide the course syllabus, a description of what additional work that he/she plans to do for the honors credit, as well as evaluation procedures. After review by the ELSP staff, the proposal must be signed by the student, the professor of record for the course, and the ELSP Director.

## B) Types of ELSP Experiences

The Experiential Learning Scholars Program is, ultimately, an opportunity for students to intentionally enhance their academic course work with applicable, real-life experiences. Examples of relevant real-life experiences may include, but are not limited to, significant service learning projects, undergraduate research, study abroad or study away opportunities, internships, co-ops, mentorships, and significant participation in off-campus as well as on-campus organizations. These approved experiences will be linked to a student's academic, personal and career goals through thoughtfully constructed learning plans. In order to meet ELSP expectations for these experiences the student must complete an *ELSP Experience Proposal*. In this proposal, a student must provide a description of the experience, a list of experience objectives, a description of what activities he/she plans to do during this experience, a rationale as to how this experience fits into their learning plan, and a description of any evaluation procedures, deliverables, or work products to be produced during the experience. After review by the ELSP staff, this proposal must be signed by the student and the Director of the ELS Program before the experience commences. Once the experience is completed, a formal write-up must be submitted by the student to the ELS program for final evaluation and assessment towards receiving ELSP credit for that experience.

Overall, this program's unique combination of faculty mentoring, carefully targeted honors courses, service learning courses, undergraduate research opportunities and experiential learning in international and local community settings will allow students to create a unique educational opportunity to meet their academic, career and personal goals.

## C) Study Abroad, Study Away, Internship, or Service Learning

Students in the ELSP may fulfill some of their program requirements by participating in experiences in a study abroad, study away, internship, or service-learning settings. Although the Study Abroad Office connects students with numerous opportunities across many disciplines, we recognize that there may be a more fitting study abroad/study away opportunity not available among the current selections. For that reason, the ELSP will work closely with each student to identify the most beneficial placement for their own academic, career and personal goals. We work one-on-one with a student and potential partners to assess mutual interests; research local, national, and international placements - whether they be through another university, a nonprofit, or a governmental agency - and walk through the process of contacting such placements and making arrangements for appropriate academic study or internships. Such individual help insures that students will find an opportunity that both matches their interest and passion and at the same time provides a challenging learning opportunity. Likewise, service-learning opportunities exist across many disciplines at UAB, and are managed by the Office for Service Learning. This Office can also place students in a local community setting in conjunction with an academic class for which they may receive ELSP credit. Please note that all study abroad, internship or service-learning options must be approved in advance by the ELS program in order to earn credit towards completion of the ELS Program.

## **D) ELSP Synthesis or Thesis Project**

As noted above in A), some of the ELSP credit may be achieved through participation in departmental honors courses or through enhanced honors-level courses approved by the ELSP Director. This coursework, combined with relevant real-world experiences in the field, constitutes a concentrated learning experience that should culminate with an ELSP synthesis or thesis project. Through this thesis or synthesis project, the ELSP student formally shares the body of knowledge about his or her set of unique experiences with other students and faculty. The goal is for the ELSP graduate to develop an expertise in a particular field of knowledge that may be transferred directly to the workforce or pursued in further study in graduate or professional school. Each ELSP student will be personally advised throughout this final stage of the program to help ensure a successful completion of this requirement.

## **Student Activities**

In addition to a student's individual activities, the ELS program will host or participate in a number of events each year. Many of these events will be planned by a student-run leadership group which is composed of several committees. All ELSP students are encouraged to actively participate in these committees. Whether serving as a group through annual campus-wide service events such as "Into the Streets", or gathering for dinner at someone's home, the ELS program offers opportunities for group participation in a variety of educational, recreational, and service activities.

## **Continuation in the Program**

Experiential Learning Scholars Program students are required to maintain a 3.0 average both in their overall undergraduate coursework and in any approved ELSP coursework. Students are also required to maintain adequate progress toward accomplishing their programmatic experiences at a rate of approximately one approved ELSP experience per semester. If a student's average GPA falls below a 3.0, or if they do not maintain adequate progress towards completing their required programmatic experiences, then the student will be placed on programmatic probation and have up to one semester to address these deficiencies in order to remain in the program. At the time of graduation, a student must have at least an overall UAB and programmatic GPA of 3.0 and must have completed the required number of ELSP experiences to graduate as an *Experiential Learning Scholar*.

## **Who Should Apply?**

The Experiential Learning Scholars Program enhances the college experience for students with a desire to create a unique educational experience. Our students think critically about their academic, career and personal goals and creatively look for experiential learning opportunities to meet their goals. If these traits describe yourself, then the Experiential Learning Scholars program is your opportunity to creatively combine your academic goals with applicable, real-life experiences. Typically students will enter the ELS program in their first year. However, current UAB students and transfer students may be considered on an individual basis for admission to the Program if there are available positions. Interested students should contact the ELS program office for application information before the beginning of Spring Term if possible.

## **Scholarships**

If admitted to UAB by December 1, Experiential Learning Scholars Program applicants are eligible for all university-wide undergraduate scholarships. In addition, many schools and majors within UAB also offer their own awards to outstanding students. Current Experiential Learning Scholars students are also eligible to apply for study away and internship scholarships. Students interested in these awards should contact program staff for more information.

## **Application**

Students interested in applying for admission to the Experiential Learning Scholars program should apply during their senior year of high school. The application deadline is December 15. Applications can be found online at [www.uab.edu/honorsacademy](http://www.uab.edu/honorsacademy), or interested students should write or call:

# Student Academic Engagement

## Office for Study Away

**Director:** Josh Carter

The UAB Office for Study Away offers students the opportunity to compliment and enhance their degree programs by earning credit toward their degree requirements while studying and living outside the Birmingham, Alabama area.

### Mission

The UAB Office for Study Away's mission is to prepare our undergraduate students to be **active and responsible global citizens** through academically sound international and domestic educational exchange opportunities.

### Vision

Our vision is to be recognized as a quality **provider of innovative & engaging educational exchange experiences in a variety of multicultural settings**. We transform our students into catalyst for change in local, national, and global arenas.

### What is Study Away?

Study Away is defined as any academically sound program of study which takes place in a foreign location which shall be defined as any location outside the boundaries of the 50 United States of America. U.S. Protectorates such as the U.S. Virgin Islands and Puerto Rico are included in the definition of such foreign locations. Study Away is also defined as any academically sound program of study which takes place through domestic exchange programs such as the National Student Exchange or The Washington Center. Other similar programs may fall under this definition and may be approved on a case-by-case basis by the UAB Office for Study Away. These programs of study include but are not limited to undergraduate or graduate level coursework toward the completion of a degree program, internships and/or research projects carrying academic credit or which are a component of a degree program, field studies which are part of a particular class, clinical or observational externships which fulfill curricular requirements.

### Eligibility

1. Good Academic Standing and at least Sophomore level.
2. Minimum Cumulative GPA of 2.7 or above (The UAB Office for Study Away will consider students with a lower GPA if the program to which the student is applying requires a lower minimum GPA.)
3. Permission of UAB Office for Study Away and/or Faculty Leader

### Types of Programs

**International Reciprocal Exchanges** are programs for which UAB has an established affiliation agreement with a foreign university. Upon consultation with the UAB Office for Study Away Director and approval by their academic advisor, chair of the department in which an equivalent course would be offered and the chair of the department responsible for the student's major; students may enroll in a combination of the following course levels:

100-199 SA Level I Special Topics	400-499 SA Level IV Special Topics
200-299 SA Level II Special Topics	500-599 SA Grad Level I Special Topics
300-399 SA Level III Special Topics	600-699 SA Grad Level II Special Topics

**NOTE:** Study Away International Reciprocal Program prefixes will begin with IN ( to indicate that the course took place away) and a two-letter code such as ME (Mechanical Engineering), GN (German), SP (Spanish), etc. to indicate the subject area that was studied:

INAB – Study Away Arabic	INJP – Study Away Japanese
INAH – Study Away Art History	INME – Study Away Mechanical Engineering
INAR – Study Away Art Studio	INMG – Study Away Management
INBY – Study Away Biology	INMK – Study Away Marketing
INCH – Study Away Chinese	INPE – Study Away Physical Education
INEH – Study Away English	INPS – Study Away Political Science
INGN – Study Away German	INPY – Study Away Psychology
INHY – Study Away History	INSP – Study Away Spanish
INIS – Study Away International Studies	INTL – Study Away Special Topics

**Faculty-Led Short-Term Programs** are UAB classes that are developed and taught by UAB faculty members. Faculty-led study programs are typically between two and four weeks in duration, with additional pre-departure and re-entry academic work.

**3rd Party International Programs** offer a large selection of study away programming to suit the particular needs of most students. Once these study away courses have been approved by the UAB Office for Study Away Director and by the student’s academic advisor, chair of the department in which an equivalent course would be offered and the chair of the department responsible for the student’s major; and upon successful completion of said program and receipt of the official transcript from the foreign institution, course grades and credits will be treated as Transfer Credit and will be posted as follows:

INTL 100-199 SA Level I Special Topics	INTL 400-499 SA Level IV Special Topics
INTL 200-299 SA Level II Special Topics	INTL 500-599 SA Grad Level I Special Topics
INTL 300-399 SA Level III Special Topics	INTL 600-699 SA Grad Level II Special Topics

**National Student Exchange (NSE)** is a consortium of 190 member colleges and universities in the U.S., Canada, and Puerto Rico. UAB was accepted as a member in July, 2007. Once these study away courses have been approved by the UAB Office for Study Away Director and by the student’s academic advisor, chair of the department in which an equivalent course would be offered and the chair of the department responsible for the student’s major; and upon successful completion of said program and receipt of the official transcript from the host institution, course grades and credits will be treated as UAB Credit and will be posted as follows:

NSE 100-199 SA Level I Special Topics	NSE 400-499 SA Level IV Special Topics
NSE 200-299 SA Level II Special Topics	NSE 500-599 SA Grad Level I Special Topics
NSE 300-399 SA Level III Special Topics	NSE 600-699 SA Grad Level II Special Topics

**NOTE:** *NSE course prefixes will also be designated with the letter A or B (NSEA or NSEB) to indicate the enrollment/payment method chosen by each student. A (0 tuition/fee hours) indicates that students pay tuition and fees to host institution and B (0 to 18 tuition/fee hours) indicates that students pay tuition and fees to UAB.*

**The Washington Center (TWC)** provides diverse, highly motivated interns to thousands of organizations in government, business and the non-profit sector. They contribute significantly to their placements and often prove to be of longer-term interest as prospective employees. More broadly, The Washington Center maintains a vital role in service to society as a whole, developing the workforce of the future and encouraging all of its participants to be informed, public-spirited and civically engaged. For this reason, The Washington Center has support from a growing array of states, federal agencies, corporations, foundations, and private donors. Once these study away courses have been approved by the UAB Office for Study Away Director and by the student’s academic advisor, chair of the department in which an equivalent course would be offered and the chair of the department responsible for the student’s major; and upon successful completion of said program and receipt of the official transcript from the host institution, course grades and credits will be treated as Transfer Credit and will be posted as follows:

**Internship (TWC 300)** The full-time (minimum **35 hours per week**) internship: Evaluation is based upon submission to TWC of student portfolio documents, agency supervisor evaluations (midterm and final) and evaluations by the student's TWC’s program manager (initial and end). The student's agency supervisor recommends a grade and TWC program supervisor gives an overall evaluation of the student's work (including the portfolio) and recommends a final internship grade. 3 to 12 semester hours of credit.

**Washington Center Evening Course (TWC 301)** TWC evening course required of all interns: This course, taught by a qualified instructor at the master's level or higher, requires a combination of regular attendance, active class participation, written work (research paper, essays, examinations, etc.) and class projects. Students are given a list of courses prior to arrival and indicate their choice of courses. Classes meet up to **3 hours each week** and are held in TWC offices or other convenient locations. 3 semester hours of credit

**Washington Forum (TWC 300L)** The Washington Forum (**required half-day academic programming**): This includes student attendance at the Presidential Lecture Series, Congressional Speakers Series, Embassy Visit Program, briefings, tours, workshops and other activities. The purpose of The Washington Forum is to help all students better understand the world of the nation's capital—its peoples and institutions, its political processes, the issues debated and the policies forged there—and the potential impact of these endeavors on the students' future professional lives. 0 credit lab.

### **2 Week TWC Academic Seminars (TWC 302)**

**Academic Seminars (January, May and/or August Only)** Academic seminars are short-term participatory learning programs that involve major speakers, site visits, small group discussion sessions, workshops and other planned activities allowing students to explore specific topics under the guidance of qualified faculty. Some programs have additional components, such as fieldwork assignments & mentor-for-a-day activities. Students are required to attend seminar sessions, complete reading requirements, complete a structured academic journal and prepare an essay. In the past few years, TWC has been presenting seminars called **Inside Washington that focus on politics, the presidency, the Congress and the media**. During presidential election years, [TWC] usually runs a series of **seminars that focus on the presidential race in January, followed by programs on-site at the Democratic and Republican National Conventions, culminating with a special January program on the presidential inauguration**. Enrollments in the January Seminars and Convention Programs are separate. 3 semester credits.

**Academic credit is awarded based on the evaluation provided by TWC.** In 2008, Academic Seminars are only offered in January and August.

**NOTE:** *Students MUST arrange for a consultation with the UAB Study Away Director to discuss academic credit transfer issues to ensure the proper posting of coursework earned from each type of study away experience. These programs are available to any UAB student, but this broad availability does not guarantee that coursework will articulate to UAB or count toward completion of a degree. In all cases the UAB Office for Study Away works in tandem with Academic Programs and Policy and the UAB Schools to provide a multitude of possible course equivalencies so that students can more smoothly integrate a study away experience into their degree program (s).*

Application, enrollment circumstances, credit evaluation, credit transfer, and deadlines vary according to individual programs and are coordinated through the UAB Office for Study Away. Contact the UAB Office for Study Away Director at (205) 975-6611, or via the UAB Office for Study Away website at [www.studyabroad.app.uab.edu](http://www.studyabroad.app.uab.edu) for further information concerning various programs, the resource library, references for peer consultation and academic advising, and financial aid applicability and contacts.

## **Study Away Grading Policy**

### **Grade Assignments**

Auditing of any UAB Study Away approved classes/courses/programs will not be permitted. This policy has been put into effect to ensure full participation by all students on such approved programs. This policy includes faculty-led, 3rd party, and reciprocal exchange programs.

For those programs in which a UAB faculty member is teaching a class, the faculty member/instructor will assign the final grade as is normally done for any regular UAB class taught on campus. See the Grading Policies and Practices section of the UAB Catalog of Undergraduate Programs.

In most cases letter grades shall be assigned. Assignment of a pass/fail grade will be left to the discretion of the faculty leader/instructor of the course and will be determined on a case-by-case basis.

In all cases, students must participate fully in all course activities and meet all stated course requirements. In cases where a student is receiving final grade evaluation from an approved institution, UAB will honor the U.S. equivalent of the final grade that is assigned by that host institution and posted to the official transcript of said host institution. If an institution assigns a pass/fail grade on the official host institution transcript, then the UAB transcript will reflect such a pass/fail final grade.

## **Posting of Grades**

International Student Exchange/Study Abroad UAB Students enrolled in an approved study abroad program are treated in one of three ways:

1. Coursework completed by students participating in third party programs are posted as transfer credit.
2. Students participating in reciprocal exchange and are enrolled at UAB for tuition and enrollment verification purposes, and coursework earned at the exchange institution is posted as UAB credit with a course prefix of INxx
3. UAB faculty-led courses are designated with SA following the course title

National Student Exchange UAB Students enrolled in the National Student Exchange for a given term will be enrolled at UAB for either NSEA 001 (if paying tuition and fees at a NSE member school) or NSEB 001 (if paying tuition and fees at UAB) for tuition enrollment verification purposes. Actual course work earned at the exchange institution will be articulated to UAB course work and posted as UAB credit.

The Washington Center UAB Students enrolled in The Washington Center (TWC) for a given term will be considered transient students and will not be enrolled at UAB. Actual course work earned through TWC will be articulated to UAB course work, and upon receipt of students' portfolio and final evaluation by TWC, grades will be posted as transfer credit.

## Office for Service Learning

### What is Service Learning?

UAB's Office for Service Learning promotes service-learning courses in which students engage in service within the community as an integrated aspect of a for credit course. Students participate in an organized service activity and reflect on that activity in such a way as to gain further understanding of course content, a broader appreciation of the discipline, and an enhanced sense of personal and social responsibility

### Mission, Vision, and Learning Objectives

**The Mission of Service Learning** is to produce participatory citizens through opportunities that integrate academic learning and civic engagement for the mutual benefit of students and community. The Office for Service Learning's mission is to promote such opportunities.

**The Vision of Service Learning** is that through participation in service learning UAB students will become active participants in the civic affairs and social life of the community at the local, state, and national levels.

#### Key Learning Outcomes of Service Learning are:

1. **Attitudinal:** A student who participates in service learning develops an enhanced appreciation of community issues/needs
2. **Behavioral:** A student who participates in service learning increases his or her involvement with community affairs
3. **Cognitive:** A student who participates in service learning gains an understanding of how the knowledge, skills, and abilities learned in the course apply to every day life

#### Benefits to Students of Service Learning are:

- A better understanding of course material and a greater ability to apply course concepts outside the classroom
- Higher gains in academic skills, life skills, and personal and social responsibility
- Increased engagement, curiosity and reflective practice
- Clarification of career goals

#### Service-Learning Courses offered at UAB

UAB faculty is continually evolving their courses to include service learning pedagogy. Eligibility to participate in a service learning course depends on the particular course requirements as established by the Department and faculty member concerned. Below are some examples of such courses.

[Pathfinders: The Path from Sophomore to Professional UNIV 204-56](#)

[Biology Field and Lab Science Education and Mentoring BY 399](#)

[Capstone in Psychology PY 490](#)

[Civic Engagement SBS 303](#)

[Community-Based Practicum in Psychology PY 397](#)

[Dollars and Sense: An Introduction to Business, Economics, and Personal Finance LCB 101](#)

[ETHNOGRAPHIC FILM-MAKING DCS 401/HON 316/ARS 406 & 407](#)

[\\*\\*EXPLORING BIRMINGHAM LCS 101-607 Freshman Seminar](#)

[Foreign Language Internship/Service Learning FLL 333](#)

[Homelessness: Its Causes and Consequences SOC 472](#)

[Impacting Community Through Service Learning LCSL 101 613](#)

[Peer Education HE 490](#)

[Physical Activity Programming for Individuals with Disabilities PE 450](#)

[Practicum in Social Work SW 490](#)

[Public Health Nursing Theory Practicum NUR 395 and 396](#)

[SCT Tech Honors: Internships/Community Projects STH 396](#)

[Service-Learning/Sociological Practice SOC 488](#)

[Social Work Values Lab SW 222](#)

[\\*\\*SPECIAL TOPICS: PERCEPTIONS OF POVERTY IN AMERICA SBS 399](#)

[\\*\\*STUDENT SUCCESS IN NURSING NUR 100](#)

[Untold Stories: Finding and Telling Stories You Haven't Been Told In History Class HY291 DCS 291](#) such courses.

## **Honors Academy Opportunities**

**Global and Community Leadership Honors Program** - The GCL Honors Program is constructed to have Service Learning as an integral part of the program. By the time students reach their junior year, they will have identified an issue of community and global significance applying knowledge to a particular issue. In Junior year students will take a 10 week service-learning course in which they will be connected to a community organization and will engage in structured reflection. This will be required and then after that they'll do something off campus focusing on their particular issue in preparation for their thesis.

**University Honors Program** - Students participating in the University Honors Program have various opportunities to engage in Service Learning, including through a Seminar in which University Honors students work with middle school students at Arrington Middle School

**Science And Technology Honors Program** Community Outreach Development (CORD) is working in conjunction with Dr. Diane Tucker, Director Science and Technology Honors Program, to develop a for credit service learning course providing service learning opportunities for students in the hard sciences

**Experiential Learning Scholars Program** – Students in this Honors Program have the opportunity to include Service Learning as a core freshman learning community course and encouraged to register for other service-learning courses consistent with their curriculum throughout their undergraduate degree.

## **Study Away Service Learning Opportunities**

UAB is part of the National Student Exchange through which our students have the opportunity to go to other universities and to be involved in service-learning at other campuses.

International Service-Learning Opportunities include:

- UAB in Zambia International Service Learning Program
- Child Family Health International (HIV/AIDS in India)
- International Partnership for Service-Learning
- Engineers without Borders
- School of Nursing - Global and Community Health in Honduras

## **Undergraduate Research**

**Director:** Christopher Reaves

### **What is Undergraduate Research?**

Undergraduate research is a student-faculty collaboration to examine, create and share new knowledge or works in ways commensurate with practices in the discipline. The projects may involve inquiry, design, investigation, scholarship, discovery, application and/or performance. Each project typically concludes with the production of a substantial work product.

### **Mission**

The mission of the Office for Undergraduate Research is to advance student learning through research.

### **Vision**

The vision of the Office for Undergraduate Research is that all undergraduate students interested in engaging in research, scholarship or a creative activity in collaboration with a mentor are provided the opportunity to do so.

### **Description**

The Office serves as a one-stop clearinghouse for undergraduate research. We define research quite broadly to include undergraduate scholarly works and creative activities. We promote and facilitate research by undergraduate students across all the various disciplines at UAB. The Office provides information and tools necessary to educate undergraduate students about research, help them find and engage in fulfilling research opportunities, and assist students in communicating their findings. We strive to educate and train undergraduates to become professionals in their respective disciplines by having them work closely with experts in the field and developing the practical skills needed to be a practitioner of the discipline. Additionally, we work closely with faculty to support ongoing undergraduate research efforts, as well as to assist those interested in adopting a research pedagogy and/or serving as a mentor.

### **What are the responsibilities of Office for Undergraduate Research?**

- Facilitating connection between faculty and students interested in undergraduate research
- Providing outlets and opportunities for communicating results of student research
- Promoting undergraduate research to internal and external audiences
- Coordinating central support for undergraduate research

### **Undergraduate Research Courses offered at UAB**

Research has always been a mainstay of the undergraduate education experience. Participation in a research course is dependent on each particular course requirements as established by the associated Department and faculty member. Below are some examples of such courses.

#### **Art Studio**

##### **ARS 362 - Creative Strategy for Advertising Design - 3**

Creative concepts and strategy for design of advertising campaigns. Research and presentations. *Prerequisite:* ARS 350, EH 102, MC 101, or approved substitute. 3 hours. This course is cross listed as MC 320.

##### **ARS 387 - Field Study in Art Studio - 3**

On-site research at art venues such as prominent museums, galleries, and studios, some of which are typically unavailable to the general public, and other related sites either in the United States or in foreign countries. Preliminary meetings in Birmingham, and significant studio and written assignments required. *Prerequisite:* ARS 200

##### **ARS 487 - Field Study in Art Studio - 3**

On-site research at art venues such as prominent museums, galleries, and studios, some of which are typically unavailable to the general public, and other related sites either in the United States or in foreign countries. Preliminary meetings in Birmingham, and significant studio and written assignments required. *Prerequisite:* ARS 200

## Business

### **BUS 400 - Business Honors Seminar - 3 hrs**

This course will facilitate completion of an accepted Business Honors Thesis/Project Proposal. Students conduct independent research and present work in progress. *Prerequisite:* Acceptance into the School of Business Honors Program and BUS 300. *Prerequisites:* BUS 300

## Health Education

### **HE 490 - Special Projects in Health Education - 1 to 6**

Exploration of health-related topic via professional literature or research project.

## Engineering

### **EGR 301 - Honors Research I - 1**

Introduces students to research methodology, ethics, data analysis, and technical communication. Students must be invited into program in order to enroll. *Prerequisites:* MA 227 or EGR 265

### **EGR 302 - Honors Research II - 1**

Introduces honors students to research possibilities available in School of Engineering departmental honors programs. *Prerequisites:* EGR 301

### **BME 495 - Honors Research II - 1 to 3**

Research opportunities for undergraduate students in the Biomedical Engineering Honors Program. Research areas include cardiac electrophysiology, brain imaging, biomedical implants, and tissue engineering. *Prerequisites:* BME 494 or BME 395

### **CE 440 - CE Honors Research - 3**

Departmental honors students work closely with faculty researchers and graduate students in departmental concentration specialties to develop research skills.

## Health Sciences

### **AHS 421 - Independent Study - 1 to 3**

Media research to develop paper and oral presentation on approved topic.

## Biology

### **BY 398 - Undergraduate Research - 1 to 3**

Research project under supervision of faculty sponsor. May be repeated for a total of 3 semester hours credit. *Prerequisites:* 12 semester hours of BY with GPA of 3.0 and permission of instructor.

### **BY 498 - Honors Research - 1 to 6**

Research project for students admitted to Honors Research Program. Two or three terms required during which minimum of 6 semester hours must be earned. Grade assigned at completion of program. *Prerequisites:* 18 hours of biology with minimum GPA of 3.5 in biology classes and admission to Honors Research Program.

### **MESC 491 - Research on Special Topics - 1 to 6**

Enrollment by special arrangement in any subject listed. *Prerequisite:* Permission of MESC representative, Department of Biology.

## Chemistry

### **CH 497 - Senior Research - 3**

Research project under supervision of chemistry faculty sponsor. Two semesters are required for minimum accumulation of 6 semester hours. A comprehensive written report in ACS format is required. *Prerequisites:* CH 237 and CH 238; GPA 2.5 or greater in chemistry courses; permission of instructor, and chemistry academic advisor.

## Computer and Information Sciences

### **CS 398 - Undergraduate Honors Research - 1 to 3**

Research project under supervision of faculty sponsor. *Prerequisite:* 18 semester hours in computer science with grade point average of 3.5 in computer science and permission of instructor.

## Mathematics

### **MA 498 - Research in Mathematics - 1 to 12**

Topics vary; may be repeated for credit.

### **MA 499 - Research in Mathematics - 1 to 12**

Topics vary; may be repeated for credit

## Physics

### **PH 495 - Honors Research - 3**

Research in an area of active research, under the direction of a faculty sponsor and the Honors Committee. May be repeated.

### **PH 498 - Directed Research - 1 to 6**

Directed Research.

## Nursing

### **NUR 493 - Honors Seminar I: Research Option - 2**

Content focuses on the development of a researchable project. Admission to the School of Nursing Departmental Honors Program. NUR 361 Honors is a pre or co-requisite.

### **NUR 495 - Honors Seminar II: Research Option - 2**

Content focuses on the completion of the research project developed in NUR 493. Continuation in the School of Nursing Departmental Honors Program is required.

## Digital Community Studies

### **DCS 401 - Ethnographic Filmmaking - 6**

This course is an interdisciplinary course in which students pair up to produce a short documentary film which represents a community in the Birmingham area. The course contains four key elements: 1) community outreach 2) introduction to social science theory and methods, 3) film theory and the aesthetics of filmmaking, and 4) technical aspects of camera work and digital video editing. *Prerequisites:* DCS 101 and DCS 201

### **DCS 450 - Advanced Digital Community Studies - 3**

This course will serve as a continuation of DCS 401, offering students the opportunity to develop more in-depth projects and will receive instruction in advanced technical skills for multimedia production. *Prerequisites:* DCS 401

### **DCS 460 - Independent Digital Community Studies - 3**

This course will provide an opportunity for advanced students to pursue individual projects in multimedia studies. *Prerequisites:* DCS 401

### **DCS 470 - Internship in Digital Community Studies - 3**

Students will engage with community partners and organizations through service and research partnerships. *Prerequisite:* DCS 401

## Gerontology

### **GER 488 - Sociological Practice - 3**

Students will be involved in community research projects related to intergenerational relations, aging, medicine, and/or health. Placement in community organizations, e.g. schools, senior centers, to focus on research methods related to social policy. *Prerequisites:* SOC 100

### **GER 490 - Independent Study: Sociology - 1 to 3**

Individually designed programs for students wishing to conduct semi-independent research or guided reading in gerontology.

### **GER 491 - Independent Study: Sociology - 1 to 3**

Individually designed programs for students wishing to conduct semi-independent research or guided reading in gerontology.

## **International Studies**

### **ITS 497 - Honors Research in International Studies - 3**

Directed honors research by International Studies Honors students. *Prerequisite:* open only to International Studies Honors students by permission of ITS director.

## **Women's Studies**

### **WS 491 - Dir Studies Women's Studies - 1 to 3**

Independent research with faculty guidance on selected gender-related issues.

## **Anthropology**

### **ANTH 498 - Honors Thesis Research - 3 to 6**

Independent development of research project.

## **Political Science**

### **PSC 496 - Independent Study/Special Projects - 1 to 3**

Selected Reading or research under supervision of member of PSC department.

### **PSC 497 - Hon Res in Political Science - 3 to 6**

Directed research by Political Science Honors student. *Prerequisites:* PSC 401 or PSC 402 or PSC 403 or PSC 404

## **Urban Affairs**

### **UA 496 - Urban Research - 3**

Directed research for students with adequate background in methods and statistics; classroom introduction to research methodology and directed group research for those without significant research statistics background.

### **UA 497 - Urban Research - 3**

Directed research for students with adequate background in methods and statistics; classroom introduction to research methodology and directed group research for those without significant research statistics background.

## **History**

### **HY 401 - Honors Thesis - 3**

Independent research project for honors students in history, directed by faculty advisor. Course taken twice to produce thesis for Honors in History.

## **Justice Sciences**

### **JS 490 - Indep Res in Criminal Justice - 1 to 3**

Independent readings, research or project approved and directed by a criminal justice faculty member who supervises proposed plan of study. Permission of Department Chair.

### **JS 491 - Indep Res in Criminal Justice - 1 to 3**

Independent readings, research or project approved and directed by a criminal justice faculty member who supervises proposed plan of study. Permission of Department Chair.

## **Psychology**

### **398 - Research Practicum in Psychology - 1 to 6**

Project or research activity supervised by faculty. Cannot be taken Pass/Fail. *Prerequisite:* permission of Director of Undergraduate Studies or PY Advisor

## **Sociology**

### **SOC 488 - Sociological Practice - 3**

Students will be involved in community research and/or service-learning projects related to a substantive area of sociology or gerontology. Placement in community organizations to focus on research or practice related to social policy. *Prerequisites:* SOC 100

### **SOC 490 - 495 - Independent Study: Sociology - 1 to 3**

Individually designed programs for semi-independent research or guided readings in areas and subjects otherwise unavailable. Irregularly offered courses on special topics in sociology. Varies in content. May be repeated for credit but topic may not be repeated. *Prerequisites:* SOC 100

## **UAB Honors Academy**

### **UAB Honors**

#### **Independent Study**

Students may propose an internship or independent study project in place of one seminar. An example of such a project is an internship at city hall, leading to a policy proposal on some area of city government. Proposals for these projects must be approved by the Honors Council.

#### **Science and Technology Honors**

**Research Approaches I and II.** (Spring semester Freshman and Sophomore Years; 3 credit hours each). Visit research laboratories to observe and learn research methodologies used by scientists in diverse disciplines. Students can elect brief (four week) apprenticeships in research laboratories or outreach settings.

#### **Further Information**

For further information on the UAB Office for Undergraduate Research contact Dr. Christopher W. Reaves at (205) 934-8667 or visit the web site at [www.uab.edu/undergraduate-research](http://www.uab.edu/undergraduate-research)

# The Division of General Studies

**Director:** Nancy Walburn

The Division of General Studies is a primary source of academic support for students. Through two offices—The Office of Exploratory Studies and The Office of Student Academic Success, the division coordinates and offers academic programs and services to enhance the academic experience and support the academic success of undergraduate students. The Office of Exploratory Studies includes academic advising services for three key areas—advising for students who are undecided about their major, students pursuing a major in pre-nursing and students with a professional goal of medicine, dentistry or optometry; the Office of Student Academic Success coordinates the freshmen year experience course, University 101 and other academic support programs such as Supplemental Instruction, Academic Coaching and General Study Strategy Sessions, which are designed to assist students in strengthening their academic skills necessary for success in the University.

## Exploratory Studies

The Exploratory Studies advising system provides a comprehensive program for students who are undecided about a major and students who are completing the requirements for admission to programs in nursing and business. Advisors assist students in identifying their educational and career goals and in selecting courses and supporting activities to achieve these goals. Students work with their advisor to assess their skills, clarify their goals and develop an individual plan for their chosen program of study.

Academic advising is provided in individual sessions and in group sessions during New Student Orientation. Advisors provide students with information regarding academic policies and procedures, explanations of university expectations and descriptions of options and opportunities available to help them achieve their academic goals. Additionally, advisors assist students in developing skills for successful academic performance.

The following majors are advised in Exploratory Studies:

### **Undeclared (UDEC)**

Students who have not yet decided on a major have the opportunity to explore options for majors while taking courses that count toward a degree. Undeclared students in Exploratory Studies may select any of the undergraduate majors in the university; however, they must select a major by the completion of 60 semester hours of course work. Advisors in Exploratory Studies work with each student to choose a field of study that is compatible with the student's skills, interests and priorities.

### **General Studies Business (GSB)**

Students who have identified a major in the School of Business but do not meet the grade point average requirements work with a Exploratory Studies advisor toward the goal of becoming eligible for admission to the School of Business or identifying other options that are achievable.

### **Pre-Nursing (PNUR)**

Students who have identified Nursing as a major must complete prerequisites and achieve a competitive grade point average for admission to the School of Nursing. Advisors work with each student to become a competitive applicant or to consider appropriate options for their educational goals.

Students should call (205) 934-6135 or visit the office (Room 318, Hill University Center) to make an appointment.

## **Pre-Health Professions Advising**

Pre-Health advising is recommended for students who plan to apply to medical, dental, or optometry school. The Pre-Health Advising Program is designed to help students become competitive applicants for health professional programs beyond graduation. Pre-Health advisors assist students in major fields of study across the university as they prepare for the competitive application process to professional schools. Beginning with group meetings at freshman orientation, students see the pre-health advisors in information sessions, group meetings by class level, and seminars in addition to individual advising sessions throughout the student's undergraduate preparation. Each student, with an advisor, creates an individual plan to develop the high level of academic and interpersonal skills critical to successful application to professional school. Opportunities are available for students to participate in assessment interviews with admissions committee members, an active national pre-health honor society, and a number of leadership and community service activities as they develop the interpersonal skills necessary for a professional career in healthcare. The pre-health advisors coordinate the preparation of required letters of evaluation at the time of a student's application to professional school.

While there is not a specific pre-health major at UAB, most undergraduate programs of study easily accommodate the pre-requisite courses required for admission to schools of medicine, dentistry and optometry. In principle, students may select any of the undergraduate majors listed in this catalog. Students are encouraged to pursue individual academic interests by the professional school admissions committees.

## Academic Program

The Pre-Health advisors work in collaboration with the student's academic advisor to plan individual academic programs according to the requirements of the students' chosen majors. In addition, students will incorporate the following courses that are required by medical, dental, and optometry schools:

Courses Required by most Medical, Dental, or Optometry Schools:

English	EH 101, 102
Biology	BY 123 & 124 (with labs)
Chemistry	CH 115 (116 lab), 117 (118 lab), 235 (236 lab), 237 (238 lab)
Mathematics	Two semesters of college math. (May include statistics or computer science) We recommend math through pre-calculus (MA106).
Physics	PH 201(211lab) & 202 (212 lab); or 221(231 lab) & 222 (232 lab)

The UAB School of Optometry requires Biochemistry (CH 460), The Biology of Microorganisms (BY 271), one semester of calculus, one semester of statistics, one courses in psychology, and two semesters of additional courses in social and behavioral sciences.

The UAB School of Dentistry requires 12 semester hours in biology. As a result, one additional biology course is required: BY 210, 256, 271, 314, and 330 are recommended choices. Biochemistry is strongly recommended (CH 460). Calculus and analytical geometry (MA 125) is also strongly recommended.

Students should take these courses during their freshman and sophomore years in order to be prepared to take the required admissions tests as juniors and are encouraged to consult the catalogs of specific professional programs in which they have an interest in order to be certain that they complete all requirements for admission prior to application to a particular professional program.

## Alternative Careers

Students should bear in mind that admission to schools of medicine, dentistry, or optometry is highly competitive. Satisfactory completion of pre-professional requirements in no way guarantees acceptance by the professional schools. The undergraduate major should therefore be chosen with care so that alternative career paths are available if admission to the desired professional school is not granted. Students should also keep in mind alternative health professions in which a doctorate may be earned, such as pharmacy, podiatric medicine, or veterinary medicine. The Pre-Health advisors work with students and provide resource materials to explore options and develop individual plans.

## Completion of Bachelor's Degree

In addition to the prerequisite courses for admission to a school of medicine, dentistry, or optometry, students must also satisfy the requirements for completion of a degree including requirements for a major. In rare situations a student may be accepted to an accredited medical, dental, or optometry school before completing the requirements for a baccalaureate degree. These students, upon successful completion of their first year of professional study, may then receive a Bachelor of Science degree with a major in natural science.

## **Student Academic Success Programs**

The programs offered through the Office of Student Academic Success are designed to assist students in refining and strengthening the academic skills necessary for success in the University. The staff works closely with other departments and offers the following programs:

### **University 101**

Designed to promote the academic success of entering freshmen, University 101 is a three semester hour course offered as elective credit toward degree requirements. It is a component of the Freshman Year Experience Program and focuses on critical thinking skills and the academic tools needed for success in core curriculum courses and for success in navigating the transition into the university.

The course is also related to three goals of the University's Quality Enhancement Plan:

- Quantitative Literacy
- Oral and Written Communication
- Civic Responsibility

The course is open to regularly admitted student and required of conditionally admitted students.

The critical thinking skills are taught in relation to three areas of a student's university career:

- Success in core curriculum courses
- Personal academic planning and decision making
- Development of a university experience

### **Supplemental Instruction**

Supplemental Instruction is an academic support program involving a series of weekly review sessions for students taking historically difficult courses. Sessions are designed to reinforce the content of the course while developing course-specific problem solving skills and test preparation strategies. Attendance in Supplemental Instruction sessions is voluntary and free of charge.

### **Study Strategy Sessions**

Designed to help students identify their individual learning style preferences and develop efficient study practices, these sessions are led by trained peer leaders. Additional topics of discussion may include time management, note taking and test preparation. Open to any student with an interest in improving their study practices, these sessions are offered each term and are free of charge.

### **Academic Coaching**

Academic Coaches assist students in gaining a better understanding of the learning process and reinforce skills and behaviors necessary for academic success. While study strategy sessions focus on study techniques, academic coaching sessions focus on empowering students to implement those techniques consistently. Topics for exploration may include motivation, self-discipline, and perseverance.

### **Peer Mentoring Program for First Year Students**

The UAB Peer Mentoring Program is designed to keep first year students connected to the university and supported through their transition to UAB during the time immediately following Goin' Green New Student Orientation through the end of their first semester. The program is a joint initiative of the Office of New Student Orientation and the Office for Student Academic Success.

### **Jump Start Program**

UAB's Jump Start Program offers incoming first year students an opportunity to complete English and mathematics courses necessary for progression toward completion of core curriculum courses. The program is held during the Summer 09 nine-week term.

## **Course Descriptions**

### **University (UNIV)**

#### **UNIV 101 - The University Experience - 3**

Students receive training, experience and prescriptive feedback on critical thinking skills and their applications to Core Curriculum courses in the following ways: lecture, discussion, readings, and exercises. Students interact with academic advisors in supportive, diagnostic and prescriptive ways to determine individual needs for academic success. Students participate in activities outside the classroom that will support critical thinking and integration into the university.

#### **UNIV 201 - Exploring your Options: Finding the Right Major - 1**

Students will explore their values and priorities as well as their academic and career options in order to select a major suited to their educational and professional goals. Students will also learn about and utilize University resources to enhance their college experience and discover how to connect their educational goals to life after college.

#### **UNIV 301 - Leadership for Peer Mentors - 0 to 1**

Students explore the knowledge, skills, and attitudes which are foundational for meaningful and effective peer mentoring relationships. The course will examine the role of the peer mentor in the university community and in the matriculation and retention process for first year students.

### **Advising (ADV)**

#### **ADV 101 - Introduction to Academic Advising I - 0**

An online environment for first term freshmen students to support your academic advising relationship with tools to complete advising assignments, define your interests and goals, discuss your degree requirements, review your educational plan, and clarify your career goals.

#### **ADV 201 - Academic Advising: First Term Sophomore - 0**

An online environment for first term sophomore students to support your academic advising relationship with tools to complete advising assignments, define your interests and goals, discuss your degree requirements, review your educational plan, and clarify your career goals.

#### **ADV 301 - Academic Advising: Juniors**

An online environment for junior students to support your academic advising relationship with tools to complete advising assignments, define your interests and goals, discuss your degree requirements, review your educational plan, and clarify your career goals.

#### **ADV 401 - Academic Advising: Seniors**

An online environment for senior students to support your academic advising relationship with tools to complete advising assignments, define your interests and goals, discuss your degree requirements, review your educational plan, and clarify your career goals.

# **ROTC**

## **Army ROTC**

**Faculty:** Donna, Green, Jamison, Parker, Ransaw, Scott,

The Army Reserve Officers Training Corps (ROTC) program offered at UAB under federal laws and Acts of Congress. Students may compete for two, three, or four year full tuition ROTC scholarships just by attending an ROTC class.

ROTC develops leadership and problem solving skills training, through hands-on training and classroom instruction by experienced, active-duty Army officers and non-commissioned officers. Students learn the necessary skills to become successful civilian or military professionals. Students apply leadership, organizational and personnel management skills in a variety of challenging environments.

Qualified students may obtain a commission as a Second Lieutenant, with the opportunity to serve as either full time in the active Army, or full or part time in the National Guard or U.S. Army Reserve.

## **Enrollment**

All students are eligible to apply to the program. The Army ROTC program offers several courses that may be counted as electives. The Lower Division is designed to benefit students with a broad range of professional goals. The Upper Division leads to a presidential commission as a Second Lieutenant in the U.S. Army. Enrolled students who actively pursue a commission may earn a Minor in Military Science.

## **Lower Division**

Lower Division courses are normally taken in the freshman and sophomore years. Veterans may take a compressed version of the Lower Division sequence in the summer as a six-week, all-expense-paid leadership seminar. Successful completion of the Lower Division gives students the credentials necessary for enrollment in the Upper Division.

## **Upper Division**

Upper Division courses are taken during the final two years of college and include an advanced summer seminar between the junior and senior years. Students in the Upper Division are paid \$450 to \$500 per month while enrolled, and earn a salary for all summer internships.

## **Scholarship Program**

Army ROTC offers opportunities for scholarships covering full tuition. Students may apply for three-year or two-year scholarships. Each scholarship covers tuition, provides an annual allotment of \$1,200 for books and fees, and gives students a tax-free allowance each month classes are in session. The allowance increases each year: \$300 per month during the student's freshman year, \$350 per month during the sophomore year, \$450/month during the junior year, and \$500 per month during the senior year. Army ROTC scholarships are awarded on the basis of merit. Family income has no bearing on eligibility for an award. For more details, see the Financial Aid section of this catalog or contact the scholarship advisor at the ROTC Department, Telephone (205) 934-7215.

## **Partnership in Nursing Education**

Army ROTC also offers a unique scholarship opportunity for UAB School of Nursing students under the Partnership in Nursing Education (PNE) program. These scholarships not only cover tuition, books and fees, and the monthly allowance, but also guarantee progression into the upper division clinical nursing classes. Two-year, three-year, or four-year scholarships are available for all qualified nursing majors. See the Financial Aid section of this catalog or contact the scholarship advisor at the ROTC Department, Telephone (205) 934-7215.

## **Veterans**

Students with prior military experience can fulfill credit requirements for the ROTC Lower Division sequence. If credit is granted, and provided the student is not on a three-year Army ROTC Scholarship, veterans may bypass the freshman and sophomore years of ROTC and enroll directly in the Upper Division sequence. Students with prior service may be eligible for special veteran scholarships. In addition to any financial assistance from ROTC, veterans are still qualified to receive any and all GI Bill, Army College Fund, or VEAP benefits to which they are entitled.

## Simultaneous Membership Program

Students may take advantage of the Simultaneous Membership Program (SMP), which allows participation in ROTC and enlistment in the Army National Guard or Reserve at the same time. SMP Students serve as officer trainees in a Guard or Reserve unit and perform duties commensurate with the grade of Second Lieutenant. SMPs are paid at the rate of at least a Sergeant E-5 for Guard or Reserve service.

## Minor in Military Science

Students who are actively pursuing a commission as a Lieutenant (active duty or reserve duty) may pursue a minor in Military Science. Contact the Department of Military Science, (205) 934-7215, or UAB Academic Programs and Policy for more information.

## Honors Program

As part of the Military Honors Program, military science students with outstanding qualities of leadership, academics, and high moral character may be designated by the Professor of Military Science as "Distinguished Military Students." Upon earning a commission as a Second Lieutenant and a baccalaureate degree, select students may be designated "Distinguished Military Graduates."

## Further Information

For further information on the UAB Army ROTC program, contact the Professor of Military Science at (205) 934-7215 or 934-8749, or visit the web site at <http://www.uab.edu/armyrotc>.

## Course Descriptions

### Military Science (MS)

#### Lower Division Courses

##### **MS 101-102 - Military Leadership - 1**

Emphasizes personal organization, time management, and goal-setting skills. Designed to help students determine priorities and succeed in college and in life. Also introduces students to the role of the military in American society and government.

##### **MS 103 - Military Science I – 2**

Physical training, leadership, and communication skills. For students unable to take MS 101 and 102. *Prerequisite:* permission of Professor of Military Science.

##### **MS 201-202 - Military Leadership – 1**

Emphasizes individual skills necessary to be a successful leader and manager. Instruction on written and interpersonal communications, briefing/presentation skills, hands-on office equipment and computer software training. Leadership dynamics, individual and group behavioral processes, and team building. Analysis of professional values and ethics. Focus on decision-making and problem-solving skills.

##### **MS203 - Leadership and Management – 2**

Physical training, leadership and communication skills. For students unable to take MS 201 and 202. *Prerequisite:* permission of Professor of Military Science.

##### **MS250 - Leadership Training Course, LTC – 6**

Summer, off-campus, all-expense-paid, hands-on seminar. Trains students in MS 100 and 200 level skills. Attending students qualify to compete for special two-year full scholarships to UAB. *Prerequisite:* permission of Professor of Military Science.

## Upper Division Courses

##### **MS301 - Military Leadership – 3**

Instruction and application of advanced map reading and land navigation skills; patrolling, calling for, and adjusting indirect fire; writing and presenting operations orders. Preparation for Advanced Camp at Fort Lewis, Washington. *Prerequisites:* completion of Lower Division courses.

##### **MS302 - Military Leadership – 3**

Basic military tactics and troop-leading procedures; survival keys and code of conduct; leadership doctrine, professional values, and platoon defensive and offensive measures; platoon movement techniques and command and staff functions. Preparation for Advanced Camp at Fort Lewis, Washington. *Prerequisites:* completion of Lower Division courses.

**MS303- Military Science III – 3**

Platoon defensive and offensive measures; platoon movement techniques and command and staff functions. Incorporates all cadet skills for the Leadership Development and Assessment Course at Fort Lewis, Washington. *Prerequisites:* completion of lower division courses and permission of the Professor of Military Science.

**MS401 - Military Leadership– 3**

Oral and written presentation skills, including writing and reviewing selections of military correspondence; forms; presentation of performance-oriented training; conduct of briefings and meetings; analysis of organizational morals and ethics. *Prerequisites:* MS 301, 302.

**MS402 - Military Leadership– 3**

Military justice system and junior officer's use of it; Army personnel management, logistics system, and personal support agencies. *Prerequisites:* MS 301, 302.

**MS403 - Military Science IV – 3**

Oral and written presentation skills; presentation and briefing skills; leadership and ethical analyses supported by case studies; military justice system, personnel, and supply management systems. *Prerequisites:* MS 301, 302, and permission of the Professor of Military Science.

## Air Force ROTC

The Air Force Reserve Officer Training Corps (ROTC) program provides college men and women with the opportunity to compete for a commission as a Second Lieutenant in the United States Air Force upon graduation. The program is divided into the General Military Course and the Professional Officer Course. The General Military Course includes courses offered during the first two years of the program and is open to all students without military obligation. The Professional Officer Course includes junior and senior level courses and is restricted to those who meet entry requirements or have special permission from the Professor of Aerospace Studies. Air Force ROTC students can gain confidence, leadership training, communication skills, and an appreciation for the role of the military in contemporary society. Call (205) 726-2859 for complete information.

### General Military Course

The General Military Course consists of AFS 101, AFS 102, AFS 201, and AFS 202. These courses are open to all students regardless of qualifications for military service or intent to compete for commission. As part of the General Military Course, students examine the basic organization and structure of the Air Force, appreciate the historical significance of air power, apply basic communication skills, and receive an introduction to total quality management. Each course is one semester hour credit.

### Additional Programs

ROTC cadets also compete for additional training programs such as FREEFALL (parachuting), SOAR (glider training), ASSIST (Officer Shadow Program), Nurse Orientation Program (NOP), Flight Nurse NOP, Survival Training, Overseas Base Orientation, and Engineering Orientation Program. These programs take place between the freshman-sophomore and junior-senior years. They allow cadets to see real-world Air Force officers operating on a daily basis and provide exposure to opportunities they might not otherwise receive.

### Scholarship Programs

Four-year college scholarships are available to highly qualified high school seniors. Interested students should contact their local Air Force recruiter or the nearest Air Force ROTC program for application booklets. Applications are due by December 1 of the senior year in high school.

Three-year and two-year scholarships are also available to college students. Air Force ROTC scholarships pay college tuition, laboratory fees, incidental fees, and books. Scholarship students also receive a monthly tax-free stipend ranging from \$150 to \$400 depending on academic year in school. Family income has no bearing on eligibility for an award. For additional information, contact the Aerospace Studies Department at (205) 726-2859. Uniforms and textbooks for all aerospace studies courses are provided at no charge.

## Leadership Laboratory

Leadership Laboratory is an integral part of the Air Force ROTC program. It provides an opportunity for students to apply classroom teachings to actual environments. Each course has an associated leadership laboratory. The laboratory meets for two hours each week during the term. Instruction is conducted within the framework of an organized cadet corps with a progression of experiences designed to develop leadership potential. Leadership Laboratory involves a study of the life and work of Air Force junior officers. Students develop their leadership potential in a practical, supervised laboratory, which typically includes field trips to Air Force installations throughout the United States.

The first two years of Leadership Laboratory involve activities classified as initial leadership experiences. This includes studying Air Force customs, courtesies, drill, and ceremonies; giving military commands; instructing, correcting, and evaluating the preceding skills; studying the environment of an Air Force base; and learning about career opportunities available to commissioned officers. The last two years of Leadership Laboratory consist of activities classified as advanced leadership experiences. They involve planning, organizing, coordinating, directing, and controlling the military activities of the cadet corps; preparing and presenting briefings and other oral and written communications; and providing interviews, guidance, and information to increase the understanding, motivation, and performance of other cadets

## Field Training

Air Force ROTC field training is offered during the summer months at selected Air Force bases throughout the United States. Students in the four-year program participate in four weeks of field training, usually between their sophomore and junior years. Students applying for entry into the two-year program must successfully complete six weeks of field training prior to enrollment in the Professional Officer Course. The major areas of study in the four-week field training program include officership training, aircraft and air-crew orientation, career orientation, survival training, base functions and the Air Force environment, and physical training. The major areas of study included in the six-week field training program are essentially the same as those conducted in four-week field training and in the General Military Course, including Leadership Laboratory.

## Minor in Aerospace Studies

To earn a Minor in Aerospace Studies, the student must have a 3.0 GPA or better in all Aerospace Studies courses, and a "C" or better in all required classes. No grade below a "C" will count towards the Minor in Aerospace Studies. This must include at least two courses of the Military Science 300 Sequence (6 semester hours), and two courses of the Military Science 400 sequence (6 semester hours).

### AEROSPACE STUDIES MINOR

II. **AFROTC Field Training – NOT WAIVERABLE.** Failure to successfully complete Field Training will prevent a student from earning a Minor in Military Science.

## **Course Descriptions**

### **Aerospace Studies (AFS)**

#### **AFS 101 - The Air Force Today I - 1**

Topics relating to Air Force and national defense. Purpose, structure, and career opportunities in United States Air Force. Written communications. Students must also take AFS 101 Laboratory.

#### **AFS 102 - The Air Force Today II - 1**

Interpersonal communications. Effective listening techniques and verbal and nonverbal communications. Practical exercises and group projects to demonstrate barriers to effective communication and techniques to overcome barriers. Students must also take AFS 102 Laboratory.

#### **AFS 201 - The Air Force Way I - 1**

Historical survey of technological innovation in warfare. Emergence of air power and significance in war and national security policy implementation. Students should also take AFS 201 Laboratory.

#### **AFS 202 - The Air Force Way II - 1**

Leadership and followership traits in context of modern military force. Ethical standards of military officers and Air Force core values. Total quality management. Students must also take AFS 202 Laboratory.

#### **AFS 250 - Field Training - 8**

Six-week training and evaluation course to select potential candidates for Professional Officer Course. Includes all topics in AFS 101, 102, 103, 201, 202, and 203. Rigorous physical training. Prerequisite: permission of Professor of Aerospace Studies.

#### **AFS 300 - Field Training - 2**

Four-week training and evaluation course to select potential candidates for Professional Officer Course. Rigorous physical training. Prerequisite: permission of Professor of Aerospace Studies.

#### **AFS 301 - Air Force Leadership and Management I - 3**

Selected concepts, principles, and theories of quality Air Force leadership and management. Individual leadership skills and personal strengths and weaknesses as applied to Air Force environment. Students must also take AFS 301 Laboratory. Classes conducted on Samford University campus.

#### **AFS 302 - Air Force Leadership and Management II - 3**

Selected Air Force officer's duties and responsibilities as subordinate leader. Responsibility and authority of Air Force officer. Students must also take AFS 302 Laboratory. Classes conducted on Samford University campus.

#### **AFS 401 - National Security Affairs I - 3**

Basic elements of national security policy and process. Roles and missions of air power in implementing national security policy. Students must also take AFS 401 Laboratory. Classes conducted on Samford University campus.

#### **AFS 402 - National Security Affairs II - 3**

Contemporary roles for military in society and current issues affecting military profession. Comparative analysis of civil and military justice systems. Students must also take AFS 402 Laboratory. Classes conducted on Samford University campus.

# Non-Academic Policies

## Equal Opportunity Policy

January 7, 2010

(Replaces Policy dated January 1, 2007)

See also the UAB "Sexual Harassment Policy."

### Policy Statement

The University of Alabama at Birmingham (UAB) hereby reaffirms its policy of equal opportunity in education and employment.

### Equal Employment Opportunity

The University of Alabama at Birmingham is expressly committed to maintaining and promoting nondiscrimination in all aspects of recruitment and employment of individuals at all levels throughout UAB. UAB prohibits, and will not tolerate, discrimination in any personnel actions, UAB programs, and UAB facilities on the basis of race, color, religion, sex, sexual orientation, national origin, disability unrelated to job performance, veteran status, or genetic or family medical history. UAB also complies with the Age Discrimination in Employment Act which prohibits employment discrimination against persons 40 years of age or older. UAB will not tolerate any conduct by an administrator, supervisor, faculty, or staff member which constitutes any form of prohibited discrimination. All personnel actions, programs, and facilities are administered in accordance with UAB's equal opportunity commitment and affirmative action plan.

UAB will state its position as an equal opportunity/affirmative action employer in all solicitations and advertisements for employment vacancies placed by, or on behalf of, UAB. UAB will broadly publish and circulate its policy of equal employment opportunity including a statement in all media communication and printed matter for employment purposes. Further, UAB will consider, through appropriate established procedures, complaints of any individual who has reason to believe that he or she has been affected by prohibited discrimination. See also the "Complaints" section below.

### Equal Education Opportunity

As an institution of higher education and in the spirit of its policies of equal employment opportunity, UAB hereby reaffirms its policy of equal educational opportunity. UAB prohibits, and will not tolerate, discrimination in admission, educational programs, and other student matters on the basis of race, color, religion, sex, sexual orientation, age, national origin, disability unrelated to program performance, veteran status, or genetic or family medical history. Complaints by any applicant or student who has reason to think he or she has been affected by discrimination will be considered through appropriate established procedures. See also the "Complaints" section below.

This policy must be included in all student handbooks and catalogs. The following summary statement may be printed in other UAB publications:

*The University of Alabama at Birmingham prohibits discrimination in admission, educational programs, and other student matters on the basis of race, color, religion, sex, sexual orientation, age, national origin, disability unrelated to program performance, veteran status or genetic or family medical history.*

### Complaints

For purposes of this policy, a "complaint" is a formal notification (usually in writing) of the belief that prohibited discrimination has occurred. Prior to filing a formal complaint, an individual is strongly encouraged to resolve a discrimination allegation through an informal process.

*UAB Staff, Faculty, and Students:* The procedure for resolving allegations when both the individual making the complaint and the person against whom the complaint is made are employed or enrolled at UAB is described in the sections entitled "Informal Resolution Procedure" and "Submitting a Formal Complaint."

*All Others:* Situations that involve other individuals (for example, visitors, patients, alumni or former students, applicants for admission or employment, or former employees) who believe they have been discriminated against by someone either employed by, or enrolled at, UAB are to be addressed through the process entitled "Informal Resolution Procedure."

## **Informal Resolution Procedure**

(NOTE: Procedures similar to the following informal process are also included in UAB's "Problem Resolution Procedure for Nonfaculty Employees" and in the UAB *Faculty Handbook and Policies*.)

Although none of the actions set forth below is required before an individual is eligible to file a formal complaint, UAB encourages use of these mechanisms for informal resolution of the complaint. This list is not exhaustive. Actions taken using any of these mechanisms do not necessarily constitute a finding of discrimination.

1. **One-on-one Meeting.** The person making the complaint is encouraged to meet with the person whose behavior is considered discriminatory to discuss the situation and to seek resolution.
2. **Intervention by Supervisor, Manager, or Department/Unit Head.** The person making the complaint is encouraged to contact his/her supervisor to request assistance with resolving the allegation of discrimination.
3. **Facilitated Conversation.** If one-on-one meetings or intervention by departmental officials as indicated above do not resolve the discrimination allegation, the individual making the complaint may contact the appropriate office to request the assistance of a "facilitator." Facilitated conversations allow the parties involved to discuss the relevant issues in order to seek mutually agreeable solutions.

Individuals may contact the following for assistance with any aspect of the Informal Resolution Procedure:

*Employees* may contact their assigned HR Consultant or Employee Relations.

*Faculty* employees may contact the Office of the Provost or Employee Relations.

*Students* may contact the Office of the Vice President for Student Affairs.

*Disability Support Services* is available for consultation in any instances involving disabilities.

*The Office of the Vice President for Equity and Diversity* is also available for consultation.

Should the above mechanisms fail to resolve the matter satisfactorily, a complaint may be filed by *Staff, Faculty and Students* through the formal complaint process.

## **Submitting a Formal Complaint**

Before filing a formal complaint of alleged discrimination, the relevant parties are encouraged to use one or more of the options outlined above for informal resolution of the allegation. If one chooses to proceed with a complaint, the complaint may be submitted in writing to one of the following, as appropriate:

### *Staff and Faculty*

HR Consultant/Employee Relations  
Office of the Chief Human Resources Officer  
Office of the Provost  
Office of the Vice President for Equity and Diversity

### *Students*

Non-academic Judicial Affairs Officer  
Disability Support Services (for disability discrimination)  
Office of the Vice President for Student Affairs

All complaints will be handled confidentially and addressed in accordance with UAB policy. The complaints will be referred to the appropriate area for review and investigations will be conducted in a timely manner. In instances where staff, faculty and student issues overlap, the areas listed above will confer and/or work collaboratively to resolve the issue.

All individuals may use the procedures without penalty or fear of retaliation.

Also, any inquiries or complaints concerning the application of the Americans with Disabilities Act (ADA); Title VII of the Civil Rights Act of 1964; Executive Order 11246, as amended; Title IX of the Education Amendments of 1972; the Rehabilitation Act of 1973; or other legislation and its implementing regulations as they relate to the University of Alabama at Birmingham should be directed to one of the officials listed above.

### **Overall Implementation**

The Office of the Vice President for Financial Affairs and Administration and the Office of the Provost are responsible for submitting revisions to be considered for this policy. This policy may be accessed on the web at <http://www.iss.uab.edu/Pol/EeoEtab.pdf>.

## **Immunization Policy**

**March 20, 2002**

(Replaces Policy dated December 4, 2000)

[Edited February 11, 2009, for change in unit name]

### **Introduction**

The American College Health Association recommends that students be immunized against certain diseases. Therefore, UAB hereby establishes this policy on immunization.

For purposes of this policy, immunization against Rubeola (Red Measles) includes an initial vaccine plus a second dose of vaccine (see below).

### **First-time Entering UAB Students**

All first-time entering students born on or after January 1, 1957, who enroll in credit courses on UAB's main campus must show proof of immunization against Rubeola (Red Measles). (*Two doses are required for proof of previous immunization: Dose 1 must have been given at 12 months after birth or later, and Dose 2 must have been given after 1980.*) Enrolling students must show proof of these immunizations with either an official certificate of immunization, a photocopy of an immunization certificate, or written documentation from their physician. If the person has never been immunized, two injections of the vaccine at least one month apart are required.

### **International Students and International Scholars**

Because of the disparity of immunization requirements among foreign countries, all UAB international students and international scholars are required to be immunized against Tetanus, Diphtheria, Mumps, Rubeola (Red Measles), and Rubella (German Measles). In lieu of being re-immunized, such individuals may present proof of having had such immunizations. If they do not have such proof or have not been immunized, they must be immunized against these diseases prior to attending, enrolling, or participating in UAB academic, research, observing, or clinical programs and activities.

Furthermore, all international students and international scholars must show proof of a non-reactive Tuberculin skin test (or appropriate treatment if positive) within three months prior to enrollment or visiting. Individuals who have a history of reactive Tuberculin skin testing must provide a current chest x-ray (taken since their last reactive skin test but within three months prior to enrollment or visiting) indicating that the person currently is clear of Tuberculosis.

### **Students Enrolled in Health-Related Schools**

Because of the nature of their work, students engaged in health professional training programs could have a higher risk of contracting Rubeola, Rubella, Mumps, Tetanus, Diphtheria, Varicella (Chickenpox), Tuberculosis, and Hepatitis B. Therefore, all UAB students in the Joint Health Sciences programs and in the Schools of Medicine, Dentistry, Optometry, Public Health, Nursing, and Health Professions are required to be immunized against Tetanus, Diphtheria, Varicella (Chickenpox), Mumps, Rubeola (Red Measles), Rubella (German Measles), and Hepatitis B. In lieu of being re-immunized, such individuals may present proof of having had such immunizations. Proof must be either official medical documentation or certificates of immunization or positive titer. If students do not have such proof or have not been immunized, they must begin the immunization process against these diseases prior to being admitted, attending, enrolling, or participating in UAB academic, research, or clinical programs and activities.

Students completing their Hepatitis B series of vaccines must obtain Hepatitis B titer 1 to 2 months after their third vaccine to see if additional boosters are necessary. If the titer is negative, students will be given the option to either repeat the entire Hepatitis B series or to take 1 to 2 Hepatitis B "booster" shots to try to attain a positive titer. Students who have completed their Hepatitis B vaccine series prior to matriculation are required to take a Hepatitis B titer prior to participating in a clinical environment to see if additional boosters or labs are required.

All students enrolled in the health-related schools must have had a Tuberculin skin test with negative results (or appropriate treatment if positive) within three months prior to matriculation. Students participating in clinical environments with patients will be required to obtain a two-step Tuberculin skin test before starting clinical rotations and are mandated to renew their Tuberculin one-step skin test once per year.

### **General**

The UAB Student Health Service will provide such immunizations and titer testing on a fee-for-services basis for any student who needs to meet his or her UAB immunization or titer requirements. Students may choose to fulfill these requirements at the Jefferson County Health Department or with a private physician.

Individual UAB schools may impose additional immunization requirements as needed for their students.

### **Exceptions**

Exceptions to this policy will be made only for those students who can document medical or religious contraindications to the vaccine. Such documentation must be submitted to the appropriate admissions or registration office as indicated in the procedures to implement this policy.

### **Implementation**

The Provost (in conjunction with the Vice President/Dean, School of Medicine and the Assistant Vice President for Enrollment Services and University Registrar) is responsible for procedures to implement this policy for students in the Joint Health Sciences programs and in the School of Medicine, Dentistry, Optometry, Public Health, Nursing, and Health Professions.

The Vice President for Student Affairs (in conjunction with the Assistant Vice President for Enrollment Services and University Registrar and the Associate Vice President for Enrollment Management) is responsible for procedures to implement this policy for all other UAB students.

The Office of International Scholar and Student Services is responsible for procedures to implement this policy for international students and international scholars.

## **Non-Resident Tuition Policy**

**February 9, 1990**

(Edited may 18, 2007, to reflect changes in organization structure)

### **Introduction**

The Board of Trustees has established a "non-resident Tuition Policy" which addresses non-resident tuition, certification of residency status by campus officials, and establishment of campus policies to administer an appeals process. This UAB policy implements certain provisions of that Board policy.

### **Policy Statement**

The Division of Student affairs, the Graduate School, and the admissions/registration offices of the Health affairs schools, as appropriated, are designated as the offices empowered at UAB to determine and certify "resident" or "non-resident" student status. These offices are responsible for documenting each residency status evaluation and for maintaining the records used to substantiate that evaluation.

As the provisions of section II. of the Board policy indicate, "though certification of an address and an intent to remain in the state indefinitely are prerequisites to establishing status as a resident, ultimate determination of that status shall be made by the institution by its evaluation of the presence of absence of connections with the state of Alabama..." However, meeting the specific criteria included in section II. of the Board policy may not in

all circumstances result in certification as a "resident student." Also, according to the provisions of the Board policy, UAB has been given the authority to, and has by separate Board resolution, expanded the definition of "resident student" to encompass all the categories in sections III.A. and III.B. of the Board policy.

The decision by an admission or registration officer concerning certification of residency status may be appealed in writing by the student to the Vice President for Student Affairs who may overrule the decision or may, at his or her discretion, convene a review committee composed of appropriate university officials. If the decision of the review committee is appealed by the student, the Vice President for Student Affairs may add a recommendation of concurrence or non-concurrence with the review committee and forward the findings to the President for determination. The decision of the President is final.

## **Drug-Free Campus Policy for Students**

### **December 14, 1991**

(Replaces Policy dated September 26, 1990.)

NOTE: See also the following related policies:

Drug-free Workplace Policy;  
Drug Screening Policy for Student Athletes;  
School of Medicine "Policy on Impairment and Chemical Substance Abuse";  
School of Dentistry "Policy on Impairment and Chemical Substance Abuse";  
School of Nursing "Policy on Impairment and Chemical Substance Abuse";

### **Policy Statement**

This Policy is applicable to all students enrolled in credit course(s) or degree-granting programs at the University of Alabama in Birmingham and to all students receiving academic credit at UAB (other than for continuing education units) for study in a program in a foreign country conducted by UAB alone or in conjunction with a foreign university.

Unlawful possession, use manufacture, distribution, or dispensing of illicit drugs, controlled substances, or alcoholic beverages by any UAB student on UAB property or as part of any UAB-sponsored or UAB-sanctioned activity is prohibited. The legal possession, use, or distribution of alcoholic beverages on UAB property or at UAB sponsored or UAB-sanctioned activities is governed by the UAB General Policy Regarding the Use and Consumption of Alcoholic Beverages and applicable local, state, and federal laws.

In certain situation, the University is required to report the activities prohibited by this policy to appropriate law enforcement authorities. In all cases, the University may report activities prohibited by this policy to appropriate law enforcement authorities if it appears that the activity is a violation of law

### **Disciplinary Actions**

Violations of this policy constitute nonacademic misconduct and will be subject to established disciplinary action for nonacademic misconduct in accordance with stipulations in the **Direction** Student Handbook or other applicable procedures. Violations of this policy by students should be reported to the appropriate student affairs office or other office handling student nonacademic misconduct in the same manner in which other instances of non-academic misconduct are reported.

In some cases of violation of this policy for unlawful use, a student may be given, at the discretion of the University, the option to participate satisfactorily in an approved drug or alcohol abuse assistance or rehabilitation program in lieu of dismissal. Participation in such an assistance or rehabilitation program is at the expense of the student.

### **Drug-free Awareness Program**

At least annually, UAB shall inform students of the dangers of drug and alcohol abuse on campus, of the existence of this policy statement and its penalties for violations, and of available drug and alcohol counseling, rehabilitation, and assistance through the following activities:

1. Publication, at least annually, of this policy in appropriate student publications and distribution to students in UAB's foreign programs and to students in programs conducted in conjunction with foreign universities;

2. Inclusion of this policy in future editions of student class schedules and/or registration materials, student handbooks, and student catalogs;
3. Dissemination of this policy and of information at student orientation and assistance programs regarding the dangers of drug and alcohol use and abuse and available rehabilitation programs; and
4. Continuation, and expansion, of the UAB drug and alcohol awareness program which includes sponsorship of the "Alcohol/Drug Awareness Week" and publication of pamphlets and other materials.

### **Applicability to Other Policies**

Other drug-free policies created to cover specific areas of the University may be more restrictive than this policy but may not be less restrictive. At a minimum, other such policies must include, or reference, the provisions of this policy. Violators will be subject to the provisions of the more stringent policy but will not be punished under more than one policy for the same offense.

This policy does not revoke or otherwise interfere with policies in the health professional schools designed to determine whether health care professionals are impaired and to offer rehabilitation, subject to the above provisions.

The wording in the "Non-academic Conduct" section of the Direction student handbook which relates to causes of dismissal due to the use, possession, etc. of illicit drugs, controlled substances, or alcoholic beverages references only certain provisions of this more extensive policy. The entire policy is applicable in all cases even if the policy itself is not printed in full.

### **Attachments**

The "Applicable Legal Sanctions," "Drug and Alcohol Use Health Risks," and "Drug and Alcohol Counseling, Treatment, and Rehabilitation Programs" attached to this policy are a part of the policy but may be revised from time to time without affecting the policy itself.

### **Effective Date and Implementation**

This policy is effective immediately upon its being signed by the President.

The offices of the appropriate Vice Presidents are responsible for the development and maintenance of procedures to implement this policy within their areas of responsibility.

In addition to being distributed to students on the UAB campus, this policy will be distributed to students in UAB's foreign programs and to students in programs conducted in conjunction with foreign universities. The Vice President for Student Affairs is responsible for all distributions to students covered by this policy.

## **Attachment A** **"Applicable Legal Sanctions"** **December 14, 1991**

### **Federal Penalties and Sanctions for Illegal Possession of a Controlled Substance** (55 Federal Register 33589)

*21 U.S.C. 844 (a)*

First conviction: Up to 1 year imprisonment and fined at least \$1,000 but not more than \$100,000, or both.

After 1 prior drug conviction: At least 15 days in prison, not to exceed 2 years and fined at least \$2,500 but not more than \$250,000, or both.

After 2 or more prior drug convictions: At least 90 days in prison, not to exceed 3 years and fined at least \$5,000 but not more than \$250,000, or both.

Special sentencing provisions for possession of crack cocaine: Mandatory at least 5 years in prison, not to exceed 20 years and fined up to \$250,000, or both, if:

- (a) First conviction and the amount of crack possessed exceeds 5 grams.

- (b) Second crack conviction and the amount of crack possessed exceeds 3 grams.
- (c) Third or subsequent crack conviction and the amount of crack possessed exceeds 1 gram.

*21 U.S.C. 853 (a) (2) and 881 (a) (7)*

Forfeiture of personal and real property used to possess or to facilitate possession of a controlled substance if that offense is punishable by more than 1 year imprisonment. (See special sentencing provisions re: crack.)

*21 U.S.C. 881 (a) (4)*

Forfeiture of vehicles, boats, aircraft, or any other conveyance used to transport or conceal a controlled substance.

*21 U.S.C. 844a*

Civil fine of up to \$10,000 (pending adoption of final regulations).

*21 U.S.C. 853a*

Denial of Federal benefits, such as student loans, grants, contracts, and professional and commercial licenses, up to 1 year for first offense, up to 5 years for second and subsequent offenses.

*18 U.S.C. 922(g)*

Ineligible to receive or purchase a firearm.

*Miscellaneous*

Revocation of certain Federal licenses and benefits, e.g., pilot licenses, public housing tenancy, etc., are vested within the authorities of individual Federal agencies.

*Note:* See Attachment A.1 for additional Federal drug trafficking penalties and information.

*Note:* These are only Federal penalties and sanctions. Additional *State* penalties and sanctions may apply.

## **Attachment A. Continued**

### **Summary of State Penalties and Sanctions**

Under Alabama law, the possession, purchase, or consumption of alcoholic beverages by a person under 21 years of age is punishable by a fine of up to \$500 and by up to three months in jail. Also under Alabama law, for a first offense, unlawful possession of a controlled substance (that is, illegal drugs) may be punished by imprisonment up to ten years and a \$5,000 fine and unlawful distribution of controlled substances may be punished by imprisonment up to 20 years and a \$10,000 fine. Subsequent offenses may carry more stringent sentences.

### **Drug-Free Schools and Communities Act**

Illegal drug and alcohol use, consumption, distribution, etc. on college and university campuses also are covered by the provisions of the United States Drug-Free Schools and Communities Act Amendment of 1989 (Public Law 101-226).

### **Legal Sanctions in Foreign Countries**

Students in a program in a foreign country conducted by UAB alone or in conjunction with a foreign university also may be subject to sanctions under foreign law or under the Uniform Code of Military Justice. Although the legal sanctions described in this policy under United States law may not apply to students in a foreign country, UAB will nevertheless hold such students to the same standards as students within the United States and will take the disciplinary actions described in this policy for violations of these standards.

# Federal Trafficking Penalties

As of November 18, 1988

CSA	PENALTY		Quantity	DRUG	Quantity	PENALTY	
	2nd Offense	1st Offense				1st Offense	2nd Offense
I and II	Not less than 10 years. Not more than life.  If death or serious injury, not less than life.  Fine of not more than \$4 million individual, \$10 million other than individual.	Not less than 5 years. Not more than 40 years.  If death or serious injury, not less than 20 years. Not more than life.  Fine of not more than \$2 million individual, \$5 million other than individual.	10-99 gm or 100-999 gm mixture	METHAMPHETAMINE	100 gm or more or 1 kg <sup>1</sup> or more mixture	Not less than 10 years. Not more than life.  If death or serious injury, not less than 20 years. Not more than life.  Fine of not more than \$4 million individual, \$10 million other than individual.	Not less than 20 years. Not more than life.  If death or serious injury, not less than life.
			100-999 gm mixture	HEROIN	1 kg or more mixture		
			500-4,999 gm mixture	COCAINE	5 kg or more mixture		
			5-49 gm mixture	COCAINE BASE	50 gm or more mixture		
			10-99 gm or 100-999 gm mixture	PCP	100 gm or more or 1 kg or more mixture		
			1-10 gm mixture	LSD	10 gm or more mixture		
			40-399 gm mixture	FENTANYL	400 gm or more mixture		
10-99 gm mixture	FENTANYL ANALOGUE	100 gm or more mixture					
	Drug	Quantity	First Offense		Second Offense		
	Others <sup>2</sup>	Any	Not more than 20 years. If death or serious injury, not less than 20 years, not more than life. Fine \$1 million individual, \$5 million not individual.		Not more than 30 years. If death or serious injury, life. Fine \$2 million individual, \$10 million not individual.		
III	All	Any	Not more than 5 years. Fine not more than \$250,000 individual, \$1 million not individual.		Not more than 10 years. Fine not more than \$500,000 individual, \$2 million not individual.		
IV	All	Any	Not more than 3 years. Fine not more than \$250,000 individual, \$1 million not individual.		Not more than 6 years. Fine not more than \$500,000 individual, \$2 million not individual.		
V	All	Any	Not more than 1 year. Fine not more than \$100,000 individual, \$250,000 not individual.		Not more than 2 years. Fine not more than \$200,000 individual, \$500,000 not individual.		

<sup>1</sup>Law as originally enacted states 100 gm. Congress requested to make technical correction to 1 kg.

<sup>2</sup>Does not include marijuana, hashish, or hash oil. (See separate chart.)

# Federal Trafficking Penalties - Marijuana

As of November 18, 1988

Quantity	Description	First Offense	Second Offense
1,000 kg or more; or 1,000 or more plants	<b>Marijuana</b> Mixture containing detectable quantity*	Not less than 10 years, not more than life. If death or serious injury, not less than 20 years, not more than life. Fine not more than \$4 million individual, \$10 million other than individual.	Not less than 20 years, not more than life. If death or serious injury, not less than life. Fine not more than \$8 million individual, \$20 million other than individual.
100 kg to 1,000 kg; or 100-999 plants	<b>Marijuana</b> Mixture containing detectable quantity*	Not less than 5 years, not more than 40 years. If death or serious injury, not less than 20 years, not more than life. Fine not more than \$2 million individual, \$5 million other than individual.	Not less than 10 years, not more than life. If death or serious injury, not less than life. Fine not more than \$4 million individual, \$10 million other than individual.
50 to 100 kg	<b>Marijuana</b>	Not more than 20 years. If death or serious injury, not less than 20 years, not more than life. Fine \$1 million individual, \$5 million other than individual.	Not more than 30 years. If death or serious injury, life. Fine \$2 million individual, \$10 million other than individual.
10 to 100 kg	<b>Hashish</b>		
1 to 100 kg	<b>Hashish Oil</b>		
50-99 plants	<b>Marijuana</b>		
Less than 50 kg	<b>Marijuana</b>	Not more than 5 years. Fine not more than \$250,000, \$1 million other than individual.	Not more than 10 years. Fine \$500,000 individual, \$2 million other than individual.
Less than 10 kg	<b>Hashish</b>		
Less than 1 kg	<b>Hashish Oil</b>		

\*Includes Hashish and Hashish Oil.

(Marijuana is a Schedule I Controlled Substance)

**Attachment B**  
**“Drug and Alcohol Use Health Risks”**  
**December 14, 1991**

**General**

Although there has been recent change in American health habits and societal attitudes toward recreational drug and alcohol use, problems continue to exist and experimentation is starting at an earlier age. An important piece of information to surface in recent years is that even moderate, non-prescribed use of alcohol and non-prescribed use of drugs can have an adverse effect on overall health and well-being.

Consider the following facts:

1. Drinking more than one or two alcoholic beverages a week promotes more visible signs of aging;
2. Consuming one and one-half or more alcoholic beverages per day increases the risk of breast cancer;
3. Drinking alcoholic beverages poisons the heart muscle, counteracts the benefits of exercise, increases male impotence, and depresses the body's immune system;
4. Tobacco use is a contributing factor in the development of chronic bronchitis, emphysema, circulatory problems, and coronary disease, as well as being the leading cause of lung cancer;
5. Cocaine use is responsible for kidney damage, stroke, lung and heart diseases, seizures, and intense psychological problems;
6. Many forms of narcotics are highly addictive to users;
7. Marijuana use creates certain dysfunctions related to thinking, learning, and recall; aggravates asthma, bronchitis, and emphysema; contributes to fertility problems; and contributes to the development of lung cancer;
8. The non-prescribed use of tranquilizers, barbiturates, and amphetamines is dangerous and may cause major health problems, including death;
9. Extended drug and/or alcohol use may result in substance dependency and loss of control of an individual's life.

Source: Compiled by UAB Substance Abuse Program from the following resources:

You Can Stop, Jacquelyn Rogers, Simon & Schuster, New York.

**Attachment B.1**  
**Alcohol — Effects**  
(55 Federal Register 33591)

Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol also increase the incidence of a variety of aggressive acts, including spouse and child abuse. Moderate to high doses of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life-threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition, can also lead to permanent damage to vital organs such as the brain and the liver.

Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at greater risk than other youngsters of becoming alcoholics.

**Uses and Effects of Controlled Substances**

See Attachment B.2 for additional information concerning health risks involved in drug use.

Other non-UAB, off-campus services are available in the Birmingham area and in many of the foreign countries in which UAB conducts programs of study. Such counseling, treatment, and rehabilitation services are too numerous to list here, but anyone needing assistance with locating such off-campus or foreign country services may contact one of the programs listed above or the UAB Center for International Programs, as appropriate.

## **Sexual Harassment Policy**

### **January 27, 1999**

(Replaces policy dated April 17, 1996)

### **Introduction**

The University of Alabama at Birmingham is firmly committed to providing an environment that is free of discrimination, including sexual harassment. Sexual harassment includes unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when (1) submission to such conduct is made, either explicitly or implicitly, a term or condition of an individual's employment or academic evaluation, (2) submission to, or rejection of, such conduct by an individual is used as the basis for employment or academic decisions affecting such individual, or (3) such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or of creating an intimidating or hostile working or educational environment. Such behavior may violate federal law and/or give rise to personal liability for the results of such behavior. Consequently, UAB prohibits all forms of sexual harassment and will investigate complaints thoroughly and with the utmost seriousness.

A violation of this policy may result in the taking of disciplinary action up to, and including, discharge.

### **Sexual Harassment in the Workplace**

It is a violation of UAB policy for any employee, including faculty, to engage in sexual harassment in the workplace or in work-related situations. Employees who believe that they have been sexually harassed by a supervisor, co-worker, or other employee of UAB should report the incident promptly to the Human Resource Management Relations Office. Only Human Resource Management has the responsibility for coordinating and conducting an investigation of sexual harassment claims in the workplace and also for recommending corrective action to the UAB administration.

### **Sexual Harassment in the Instructional Setting**

UAB prohibits sexual harassment of students by the teaching staff or other employees of UAB. For purposes of this policy, the term "teaching staff" means all those who teach at UAB and includes, but is not limited to, full-time faculty, part-time faculty, students functioning in teaching roles (such as graduate assistants), and academic administrators.

A student who believes that he or she has been sexually harassed should report the incident promptly to the Vice President for Student Affairs.

Sexual harassment by a student is considered nonacademic misconduct, and the alleged student offender will be subject to the disciplinary process contained in the *Direction: Student Handbook*.

### **Sexual Harassment--General**

Full and prompt reporting is necessary for effective implementation of this policy, and UAB encourages such reporting. However, UAB's duty to protect employees and students exists when UAB's supervisory personnel know, or have reason to know, of unreported sexual harassment. Supervisors therefore are directed to take all appropriate steps to prevent sexual harassment in their areas of responsibility and to take corrective action, including disciplinary action, in response to inappropriate behavior which may constitute sexual harassment even in the absence of a complaint.

This policy seeks to encourage students, staff, and faculty to express freely and responsibly, through established procedure, complaints of sexual harassment. All such complaints shall be treated as confidential information and shall be disclosed only to those with a need to know as part of the investigatory and resolution process. Any act of interference, retaliation, or coercion by a UAB employee against a student or employee for using this policy interferes with such free expression and is itself a violation of this policy.

## **Implementation**

This policy will be published regularly in the *UAB Reporter* and in the *Class Schedule*. The policy will be included in revisions of handbooks relating to staff, faculty, and students.

The Vice President for Financial Affairs and Administration is responsible for implementation of this policy as it relates to sexual harassment in the workplace. The Vice President for Student Affairs is responsible for implementation of this policy as it relates to sexual harassment in the instructional setting.

## **Ownership Intellectual Property Rights**

UAB recognizes that research and scholarship should be encouraged and carried out without regard to financial gain from licensing fees, royalties, or other such income. However, UAB also recognizes that patentable inventions, discoveries, software programs, and other intellectual property often arise from UAB-related staff or faculty efforts.

The policies governing the administration of inventions are included in the Board of Trustees Rule 509. Other institutional policies govern other forms of intellectual property including computer software. Those policies also provide recognition and incentive to inventors and at the same time ensure that UAB shares in the rights pertaining to inventions in which it has an investment. Any income accruing to UAB is used in the furtherance of its academic mission. Disclosure of discoveries and inventions which appear to have commercial value and/or utility should be made to the UAB Research Foundation. Any such invention or discovery (1) which is the result of research carried on by, or under the direction of, any employee of the University and/or having the costs thereof paid from University funds or from funds under the control of, or administered by, the University, or (2) which is made by an employee of the University and which relates to the inventor's field of work at the University, or (3) which has been developed in whole or in part by the utilization of resources or facilities belonging to the University shall be assigned to the University. Therefore, employees or students may not themselves assign or grant any option to any such intellectual property developed during the course of their employment without a release from UAB.

Questions concerning intellectual property rights should be directed to the UAB Research Foundation.

## **Data Protection and Security Policy**

**March 19, 2007**

(Replaces policy entitled "Electronic Data Processing Security Policy" dated August 5, 1985)

### **Introduction**

In the course of doing business at UAB, electronic information assets (data) are created and must be protected and maintained in accordance with all applicable federal and state laws and university policies. The intent of this policy is to provide a framework that ensures that electronic data, in all of its forms, are adequately protected. This policy specifically outlines:

- The roles and responsibilities of the UAB community for data protection and security;
- Additional requirements associated with the use and maintenance of systems containing sensitive information.

### **Scope and Applicability of Policy**

Managing and protecting data are responsibilities shared by all members of the UAB community. This policy applies to:

- All individuals (faculty/staff/students/visitors), schools, departments, affiliates, and/or other similar entities;
- All UAB data and systems including, but not limited to, centralized institutional systems, departmental united systems, systems created or operated by third part vendors under the direction of UAB, and UAB data in any and all of those systems.

## **Policy Statement**

### **General Data Protection**

Availability of data to the UAB community is critical to conducting business. All members of the UAB community should learn to protect their individual data and data under their control or use by viewing the online UAB General Data Security training program and periodically reviewing all applicable data security, confidentiality, and acceptable use policies.

### **Protection of Sensitive Data**

When sensitive data are used or stored electronically, additional care must be taken to ensure security and confidentiality.

#### **Sensitive Data Defined**

Sensitive data include, but are not limited to:

- Individually identifiable information (Example: name and date of birth—see “information Disclosure and Confidentiality Policy”)
- Social Security numbers
- Credit card numbers
- Driver’s license numbers
- Proprietary research data
- Privileged legal information
- Data protected by law such as student and patient records

#### **Specific Roles and Responsibilities for Protecting and Maintaining Sensitive Data**

The following information is provided for members of the UAB community as a guide in understanding their roles and responsibilities in the protection of sensitive UAB data:

##### **Data Custodians**

UAB’s central Information Technology (IT) units are responsible for protecting all sensitive information maintained/stored in the institutional information systems. While it is not recommended that sensitive information be stored outside centrally maintained servers and systems, any UAB department or unit that retains sensitive UAB data on departmental/unit servers, personal computer (desk and laptop), personal digital assistants (PDAs), thumb drives, or computer disks also will be responsible for protecting and securing those data. In the case of information stored in department/unit systems, the department/unit head is charged with responsibility for data protection and designated as the data custodian. A minimal list of the Data Custodian’s responsibilities may be found on the UAB UT web site <http://www.uab.edu/it/datasecurity>.

##### **System Administrators**

System Administrators are individuals within the central IT units or school/department units with day-to-day responsibility for maintaining information systems. They are responsible for following all data security and protection procedure and practices. (See IT Security Practices at [http://www.uab.edu/it/policies/UAB\\_IT\\_Security\\_Practices.doc](http://www.uab.edu/it/policies/UAB_IT_Security_Practices.doc).) System Administrators are further responsible for reporting any data security breaches or compromises to their immediate supervisor. As required by the Data Custodian or department head, they perform risk assessments and data backups. They also provide secure storage, execute disaster recovery plans, and provide system documentation. System Administrators successfully complete specific security and other IT training as required.

##### **Data Users**

Data Users are individuals within a department/unit who access/use UAB information systems and data. The UAB data users are responsible for following the acceptable use policies for specific systems in use as well as all other applicable policies. Data users should reuse or save sensitive data on their desktop or laptop computer without approval and appropriate security safeguards in place. Data users are further charged with reporting to their supervisors or managers any activities that could compromise the protection of UAB data.

## **Incident Reporting and Response Relative Data Security**

Any breach or compromise of UAB data must be reported immediately, especially when it involves sensitive data. Anyone who becomes aware of a breach or compromise should report the incident to his or her immediate supervisor or manager. Department/unit heads are responsible for reporting breaches to the Data Security Office in the Office of the Vice President for Information Technology. Specific procedures for reporting a suspected or actual breach/compromise of data are maintained on the Data Security web site at <http://www.uab.edu/it/datasecurity/index.html>. Upon receiving the report, the Data Security Office will be responsible for conducting or coordinating the investigation, making or assessing a recommendation for corrective action, reporting the incident to the Incident Response Committee or other administrative units as needed, and maintaining documentation of the incident.

### **Risk Assessment and Risk Management**

Department/unit heads are responsible for assessing (in conjunction with UAB Information Technology) the business processes and technical risks associated with implementing any planned or proposed electronic information system or data collection system. Such risk assessments are required when sensitive data are involved and must be updated periodically. Risk assessments must identify specific procedures to manage risks. Approval for the dissemination of sensitive information will be in accordance with the UAB Information Disclosure and Confidentiality policy.

### **Other Data Security Policies at UAB**

Other data security policies implemented at UAB (campus-wide or locally by/for a specific department, school, or system) may be more restrictive than this UAB-wide policy but may not be less restrictive.

### **Implementation**

Data Custodians located both centrally and within departments/units are responsible for implementation of this policy within their areas of responsibility. The Vice President for Information Technology is responsible for overall procedures related to the implementation of this policy and for providing implementation assistance to Data Custodians.

### **Policy Violation**

A violation of this policy by employees, including faculty, shall result in disciplinary actions, up to and including discharge, according to established UAB disciplinary procedures. A violation of this policy by a student constitutes nonacademic misconduct, and the student will be subject to established disciplinary action.

# **Student E-Mail Address Policy**

**November 10, 2003**

## **See also:**

*Electronic Data Processing Security Policy*  
*Acceptable Use Policy* (Published at "UAB Information Security"  
World Wide Web site)

*Network Usage Guidelines* (Published at "UAB DC/NS Help  
Desk" World Wide Web site)

## **Purpose**

UAB provides electronic mail resources in support of its instruction, research, and service activities. The purpose of this policy is to establish the use of electronic mail (e-mail) as one of the official methods for communicating with UAB students.

## **Official Communications Using E-Mail Addresses**

In a similar manner as mail distribution of paper communiqués to a student's "permanent" address is considered an official method for distributions to students, so also are official e-mail messages sent by UAB to a student's "@UAB.EDU" e-mail address considered an official distribution method. For purposes of this policy, "official" communiqués or e-mails as used here are those established as "official" through other approval mechanisms in place at UAB.

## **Student Requirements and Responsibilities**

Every student enrolled at UAB must have an e-mail address that ends with "@UAB.EDU". Such an e-mail address is required for a student to register for UAB credit courses. It is the student's responsibility to obtain an official UAB e-mail address in a timely manner from the UAB e-mail registering system (BlazerID World Wide Web site). This will require the student also to have a valid, current, and reliable electronic mailbox through an Internet Service Provider (ISP) or portal, or on a server administered by the student's academic department, or on the central mail service provided by the Office of the Vice President for Information Technology. It is the student's responsibility to check his or her e-mail regularly for distribution of official UAB communiqués. UAB recommends that e-mail be checked at least once a day, when practicable. UAB is not responsible for lost, rejected, or delayed e-mail forwarded by UAB from a student's "@UAB.EDU" address to off campus or unsupported e-mail services or providers. Such lost, rejected, or delayed e-mail does not absolve the student from responsibilities associated with an official UAB communiqué sent to the student's official UAB e-mail address ("@UAB.EDU"). If there is a change in a student's e-mail address to which the "@UAB.EDU" alias address is re-directed, it is the student's responsibility to make the changes in the UAB e-mail registering system.

## **UAB Responsibilities**

UAB will ensure that all students have access to an e-mail account and will provide means for students who do not otherwise have access to e-mail-capable computers to be able to check their e-mail through such mechanisms as computer labs, the UAB libraries, and public terminals. UAB will provide mechanisms to allow students to request that their e-mail addresses not be published in a similar way that other student directory information is not published. However, unpublished e-mail addresses will be used for sending official UAB communiqués to students including communications to a group of students such as a course e-mail list. Students also will be provided mechanisms for requesting that their e-mail addresses not be used for general UAB mailings that are not official communications with students. UAB is not responsible for the handling or mishandling of students' e-mail by non-UAB providers or by unofficial (non-@UAB.EDU) e-mail servers.

## **Student Records Policy**

The General Education Provisions Act, Section 438, as amended, and the regulations promulgated for the enforcement of the act, found at 45 Federal Register 30911, as amended at 45 Federal Register 86296, provide that all students enrolled or previously enrolled at the University of Alabama at Birmingham have the following rights in relation to their educational records:

### **I. General Policy**

No information from records, files, or other data directly related to a student, other than public information defined below, shall be disclosed to individuals or agencies outside the university without the written consent of the student, except those disclosures set forth in paragraph IX.

### **II. Definition of Educational Record**

Student educational records are defined as those records, files, documents, and other material which contain information directly related to students and which are maintained by UAB or a party acting for UAB. Records of instructional, supervisory, and administrative personnel which are in the sole possession of the maker and accessible only to the maker or a substitute are specifically excluded from this definition of educational record. Educational records of students are not available to UAB Police personnel, and records of the University Police, which, at UAB, are maintained separately from educational records, are maintained solely for purpose of law enforcement, and are not disclosed to individuals other than law enforcement personnel of the same jurisdiction, are not part of the educational record. Records which are made or maintained by physicians, psychiatrists, psychologists, or other professionals or paraprofessionals and which are maintained in connection with treatment and are not available to anyone else are also excluded from a student's educational record, but such records are available to another physician or appropriate professional of the student's choice if requested. Records which only contain information relating to a person after that person is no longer a student are not considered part of the student's educational record.

### **III. Definition of Student**

For the purpose of this policy a student is defined as any individual currently or previously enrolled in any academic offering of UAB. It does not include prospective students.

### **IV. Public Information**

The following is a list of public information which may be made available by the university without prior consent of the student and which is considered part of the public record of the student's attendance: Name, telephone number, email address, date and place of birth, major field of study, participation in officially recognized activities and sports, dates of attendance, degrees and awards received, and institution most recently previously attended. The information will not be made available if a student directs a written instruction to the appropriate records official prior to the end of the registration period for any given term.

### **V. Types and Location of Records**

Each school maintains a file on each student enrolled, containing applications, grade reports or other performance evaluations, and correspondence. Some departments or programs maintain similar files. The counseling service, career services, and financial aid offices maintain a file on students who use those services. The university has designated the following officials as responsible for student records within their respective areas: University Registrar, Room 207, Hill University Center; Dean, Graduate School, Room 511, Hill University Center; Director of Student Affairs, School of Dentistry, Room 207, School of Dentistry Building; Assistant Director/Registrar,, School of Medicine, Room P100, Volker Hall; Director of Student Affairs, School of Optometry, Room 104, School of Optometry Building; The above shall hereinafter be referred to as "records officials." Each of these records officials is responsible for maintaining a listing of student records within such records official's area of responsibility, indicating the location and general content of the records. Any student request concerning records or files, including requests that public information not be disclosed, requests for disclosure to third parties, and requests for access by the student should be directed to this official. Forms for all such requests may be obtained from these officials. These persons will also act as hearing officers when the content of a record is challenged as provided below.

## **VI. Disclosure of Student Records to the Student**

The student is accorded the right to inspect, in the presence of a university staff member, records, files, and data primarily and directly related to the student. To inspect a file a student should go to the office of the appropriate records official and initiate a request in writing. If a student desires to obtain copies of the items in the educational record rather than personally reviewing the record, the written request to the records official for copies must be signed and notarized to prevent disclosure to persons other than the student. A time for inspection shall be granted within forty-five days of the date of the request, and copies will be mailed within the same time period. Copies shall be made and provided to the student at a cost to the student equal to actual cost of reproduction and payable in advance.

The right of inspection does not include financial statements of parents, confidential recommendations placed in the file prior to January 1, 1975, provided that such recommendations were solicited with a written assurance of confidentiality or sent or retained with a documented understanding of confidentiality and used only for the purpose solicited, and other confidential recommendations, access to which has been waived by the student in accordance with paragraph VIII.

## **VII. Challenging the Contents of the Record**

UAB will respond to any reasonable request for an explanation or interpretation of any item in a student's file. Requests for such explanation or interpretation should be addressed in writing to the appropriate records official. If, after inspecting a record, a student believes that information contained in the educational record is inaccurate or misleading or violates his or her privacy, the student may request that the record be amended by presenting such request in writing to the appropriate records official. A request that the record be amended shall be answered by the records official within fifteen days of its receipt with information that the record has been amended as requested or that the record has not been amended and that the student has a right to a hearing on the matter. A written request for a hearing should be addressed to the appropriate records official as listed in V, who will set a date and time for hearing with reasonable notice of same to the student within forty-five days of receiving the request. The request for hearing should identify the item or items in the file to be challenged and state the grounds for the challenge, e.g., inaccuracy, misleading nature, inappropriateness. The records official shall examine the contested item, shall hear the person responsible for placing the item in the file if appropriate, and shall examine any documents or hear any testimony the student wishes to present. A student may be assisted or represented by individuals of his or her choice, including an attorney, at his or her own expense. The records official may decide that the item should be retained or that it should be deleted or altered. The records official shall issue a written decision, based solely on the evidence presented at the hearing, within ten days of the conclusion of the hearing. If the decision is adverse to the student, the notice of decision shall include a statement that the student has the right to place a statement in the record commenting on the information and/or setting forth reasons for disagreeing with the decision.

## **VIII. Waiver of Access**

UAB may request that a student waive the student's right to inspect confidential recommendations respecting that student's application for admission, provided that the student be notified, upon request, of the names of all those providing the recommendations, the recommendations are used only for the purpose solicited, and the waiver is not a condition of admission or any other benefit. Confidential recommendations respecting application for employment or the receipt of an honor or other recognition may also be waived.

A waiver may be revoked with respect to actions occurring after revocation by so notifying the records official in writing.

## **IX. Providing Records to Third Parties**

The general policy of UAB is to refuse access to or disclosure of information from student records to third parties without the written consent of the student. Should a student wish to have such records released, a signed and dated written request must be directed to the proper records official, specifying the records to be released, the reason for release, the party or class of parties to whom records are to be released, and a request for copies to the student, if desired. UAB will then transfer or grant access to the information. The transferred information shall contain a statement that the information may be used by the receiving party or, if an organization, by its officers, agents, and employees for the purpose requested, but that the party shall not transfer the information to any other party except with the written consent of the student. A charge not to exceed the actual cost of reproduction will be assessed against the student when copies are made for the party or the student.

Student records are available to the following persons with the accompanying conditions without written consent of the student:

1. Instructional or administrative personnel whose duties include responsibilities to students which in the institution reasonably require access to student records.
2. Officials of other schools in which a student seeks to enroll. UAB will make a reasonable attempt to notify the student of the transfer, as well as the student's right to a copy, upon request, and the right to a hearing to challenge the contents if desired.
3. Certain representatives of federal departments or agencies or state educational authorities as provided by the law. In absence of consent or specific authorization by federal law of the collection of personally identifiable data, data collected by excepted officials shall be protected in a manner which will not permit personal identification of students and parents by other than those officials, and personally identifiable data shall be destroyed when no longer needed.
4. Financial aid officers or their assistants in connection with the application for or receipt of financial aid, provided that personally identifiable information may only be disclosed for the purpose of determining eligibility, amount, and conditions and to enforce terms and conditions.
5. Organizations conducting studies for administrative evaluation, tests, etc., provided that studies are not conducted in a manner which will permit personal identification of students or their parents by other than representatives of the organization and that the information will be destroyed when no longer needed for the purposes collected.
6. Accrediting organizations.
7. Other appropriate persons in an emergency to protect health or safety of students or others. In determining appropriateness of disclosure, consideration will be given to the seriousness of the threat to health or safety of the student and others, the need for information to meet the emergency, whether the parties requesting information are in a position to deal with the emergency, and the extent to which time is of the essence.
8. In response to lawful subpoena or court order.

UAB will keep a record, indicating the name and legitimate interest, of all disclosures except those made to a student, those made pursuant to written consent, those designated as public information, and those made to persons at UAB with a legitimate educational interest. This record of disclosure will become a part of the educational record, subject to inspection and review.

**X.** The UAB Student Records Policy shall be published in the catalog of each school, and a copy shall be displayed prominently on a bulletin board in each school. In order to comply with the requirement that UAB give annual notice of this policy to enrolled students, a short notice of the policy shall be included in the Class Schedule for each term.

**XI.** Any student who believes that UAB has violated his or her right to access or privacy of educational records as established by the Family Education Rights and Privacy Act of 1974, as amended, the accompanying regulations published at 45 Federal Register 30911, as amended at 45 Federal Register 86296, and this policy may address a complaint to:

The Family Educational Rights and Privacy Act Office  
Department of Education  
400 Maryland Avenue, S.W.  
Washington, D.C. 20202

John T. Oliver, Jr.

Martha S. Rambo

Yetta G. Samford, Jr.

Cleophus Thomas, Jr.

John Russell Thomas

Dr. Cordell Wynn

### **Chancellor**

Dr. Malcolm Portera

### **Secretary of the Board**

Michael A. Bownes

## **UAB Administration**

**Carol Z. Garrison**, Ph.D., President

**Eli Capilouto**, D.M.D., M.P.H., Sc. D., Provost

**Louis Dale**, Ph.D., Vice President, Equity and Diversity

**William Ferniany**, Ph.D., Chief Executive Officer, UAB Health System

**Shirley Salloway Kahn**, Ph.D., Vice President, Development, Alumni, and External Affairs

**Richard B. Marchase**, Ph.D., Vice President, Research and Economic Development

**Richard L. Margison**, Vice President, Financial Affairs and Administration

**Robert R. Rich**, M.D., Vice President, Medicine

**Doug Rigney**, Ph.D., Interim Vice President, Information Technology

**Jean Ann Linney**, Ph.D., Interim Dean, College of Arts and Sciences, School of Education

**David R. Klock**, Ph.D., Dean, School of Business

**Huw F. Thomas**, B.D.S., M.S., Ph.D. Dean, School of Dentistry

**Linda C. Lucas**, Ph.D., Dean, School of Engineering

**Harold P. Jones**, Ph.D., Dean, School of Health Professions

**Robert R. Rich**, M.D., Dean, School of Medicine

**Doreen Harper**, PhD, RN, Dean, School of Nursing

**John F. Amos**, O.D., Dean, School of Optometry

**Max Michael III**, M.D., Dean, School of Public Health

**Bryan D. Noe**, Ph.D., Dean, Graduate School

**Harlan M. Sands**, Associate Provost, Administration and Financial Affairs

**Brent Gage**, Ph.D., Associate Provost, Enrollment Management

**Claire Peel**, Ph.D., Associate Provost, Faculty Development and Faculty Affairs

**Glenna Brown**, Ph.D., Associate Provost for Planning and Analysis

**Philip Way**, Ph.D., Associate Provost for Undergraduate Programs

## **UAB Faculty**

**Abbott, Gypsy, Professor of Educational Psychology and Research; 1982**

B.A. (Birmingham-Southern), M.A., Ph.D. (Alabama)

**Abrams, Marshall, Assistant Professor of Philosophy; 2007**

A.B. (California-Davis), Ph.D. (Chicago)

**Acre, Gail, Instructor of Nursing; 2003**

B.S.N. (University of Central Arkansas), M.S.N (UAB)

**Adams, Cara C., Associate Professor Emeritus of Physical Therapy; 1969**

M.S. (Case Western Reserve)

**Adkins, Nell, Associate Professor of Accounting; 1999**

B.S., M.A. (Southern Mississippi), Ph.D. (Florida State), C.P.A.

**Agresti, David G., Professor Emeritus of Physics; 1969**

B.S. (Ohio State), M.S., Ph.D. (California Institute of Technology)

**Ahmad, Wajih, Assistant Professor of Health Education; 1998**

B.S., M.Ph., Ph.D. (UAB)

**Akins, Perry Wesley, Assistant Professor of Social Work; 1999**

B.S.S.W. (Auburn), M.S.W. (Florida State)

**Aldridge, Jerry T., II, Professor of Early Childhood Education; 1986**

B.S. (Livingston), M.A., M.A., Ed.D. (Alabama)

**Alexander, James R., Professor of Art; 1978**

B.Arch., M.Arch. (Cornell), M.F.A. (Louisiana State)

**Alexandrov, Anne, Professor of Nursing; 2007**

B.S.N., M.S.N. (University of Texas), Ph.D. (Texas Woman's University)

**Allison, Carol, Instructor of Special Education (Visual Impairment); 1999**

B.A. (Northwestern State), M.A. (UAB)

**Allison, Kelly, Professor of Theatre; 1998**

B.F.A. (Minnesota), M.F.A. (Stephens)

**Amsbary, Jonathan H., Associate Professor of Communication Studies; 1988**

B.A. (New Mexico), M.A., Ph.D. (Indiana)

**Amsler, Charles D., Jr., Professor of Biology; 1994**

A.B. (Duke), M.S. (North Carolina-Wilmington), Ph.D. (California-Santa Barbara)

**Amthor, Franklin R., Professor of Psychology; Associate Professor of Biomedical Engineering; 1981**

B.S. (Cornell), Ph.D. (Duke)

**Anderson, Daniel, Associate Professor of English; 2007**

B.A. (Cincinnati), M.A. (Johns Hopkins)

**Andrews, J. Barry, Professor of Materials Science and Engineering;  
Chair, Department of Materials Science and Engineering; 1976**

B.S. (UAB), M.E., Ph.D. (Florida), P.E. (Alabama)

**Angner, Erik, Assistant Professor of Philosophy and of Economics; 2005**  
B.A. (Uppsala), Ph.D. (Pittsburgh)

**Angus, Robert A., Professor of Biology; 1978**  
B.S. (Wisconsin), Ph.D. (Connecticut)

**Appel, Susan, Associate Professor of Nursing; 2003**  
B.S.N. (University of North Carolina), M.S.N. (University of South Carolina), Ph.D. (North Carolina, Chapel Hill)

**Appleton, Joseph H., Distinguished Service Professor Emeritus of Civil Engineering; 1959**  
B.C.E. (Auburn), M.S., Ph.D. (Illinois), P.E. (Alabama)

**Ard, Jamy D., Associate Professor and Vice-Chair of Clinical Nutrition Sciences; 2003**  
M.D. (Duke)

**Arnold, N. Scott, Professor of Philosophy; 1982**  
B.A. (Pennsylvania), M.A., Ph.D. (Massachusetts)

**Atigadda, Venkatram, Research Assistant Professor of Chemistry; 2003**  
B.S. (Gulbarga-India), M.S., Ph.D. (Auburn)

**Austin, Erika L., Assistant Professor of Sociology; 2006**  
B.A. (James Madison), M.A. (Michigan), Ph.D. (Virginia)

**Ayers, Douglas J., Associate Professor of Marketing and Industrial Distribution; 1999**  
B.S., M.B.A. (Tennessee), Ph.D. (Kentucky)

**Azuero, Andres, Assistant Professor of Nursing; 2008**  
B.Sc. (University de Los Andes), M.B.A. (Louisiana State University), Ph.D. (UAB)

**Bach, Rebecca Ann, Professor of English; 1994**  
B.A., M.A., Ph.D. (Pennsylvania)

**Bailey, Kirstin, Research Assistant Professor of Psychology; 2005**  
B.S. (Birmingham Southern), M.S., Ph.D. (Washington State)

**Bak, Nelleke, Associate Professor of Philosophy; 2004**  
B.A. (Pretoria), M.A. (Natal), Ph.D. (University of the Western Cape)

**Baker, Lisa, Assistant Professor of Social Work, 2005**  
B.A. (Georgia), M.S.W. (Florida International Univ), Ph.D. (Georgia)

**Baker, Tracey A., Associate Professor of English; 1984**  
B.A. (Indiana), M.A., Ph.D. (Purdue)

**Ball, Karlene K., Interim Chair, Department of Psychology, University Professor of Psychology; Director, Center for Research in Applied Gerontology; 1996**  
B.A. (Indiana), M.S., Ph.D. (Northwestern)

**Bangalore, Purushotham, Associate Professor of Computer and Information Sciences; 2003**  
B.E. Bangalore-India, M.S., Ph.D. (Mississippi State)

**Barnard, Anthony C. L., Professor Emeritus of Computer and Information Sciences; 1968**  
B.S. (Birmingham, England), M.B.A. (UAB), Ph.D., D.Sc. (Birmingham, England)

**Barrett, Doug, Assistant Professor of Art; 2008**  
B.F.A. (Central Florida), M.F.A. (Florida)

- Barstow, Elizabeth A., Assistant Professor, Occupational Therapy Program; 2004**  
B.S., O.T. (Minnesota)
- Basilico, David Anthony, Associate Professor of English; Director, Linguistics Program, Department of English; 1993**  
B.A. (Brown), Ph.D. (Arizona)
- Baulos, Doug, Assistant Professor of Art; 2003**  
B.F.A. (UAB), M.F.A. (New Orleans)
- Bauman, Robert P., Professor Emeritus of Physics; 1967**  
B.S., M.S. (Purdue), Ph.D. (Pittsburgh)
- Beard, Craig W., Associate Librarian, Reference Services, Mervyn H. Sterne Library; 1990**  
B.A. (Harding), M.A.R. (Harding Graduate School of Religion), M.L.S. (Florida State)
- Becker, Brooke A., Senior Assistant Librarian, Reference Services, Mervyn H. Sterne Library; 2003**  
B.S. (Samford), M.L.S. (Alabama)
- Bej, Asim K., Professor of Biology; 1991**  
B.S., M.Sc. (Calcutta), Ph.D. (Louisville)
- Bellis, Peter, Professor of English; Chair, Department of English; 2007**  
B.A. (Amherst), M.A. (Texas-Austin), M.A., Ph.D. (Johns Hopkins)
- Benditt, Theodore M., Professor of Philosophy; 1978**  
B.A., J.D., M.A. (Pennsylvania), Ph.D. (Pittsburgh)
- Berner Weiss, Eta S., Professor, Health Informatics Program; 1986**  
Ed.D. (Harvard)
- Betros, Cecil, Instructor of Communication Studies; 2007**  
B.S., M.S. (University of Montevallo), D.Sc. (Columbia Pacific)
- Bickel, C. Scott, Assistant Professor, Physical Therapy; 2006**  
Ph.D. (Georgia)
- Biasini, Fred J., Interim Director, Developmental Psychology Doctorial Program,  
Research Associate Professor of Psychology; 1983**  
B.A., M.S., (St. Vincent), Ph.D. (Alabama)
- Blacksher, Manford, Instructor of English; 2007**  
B.A., M.A. (McGill)
- Blokh, Alexander, Professor of Mathematics; 1992**  
Ph.D. (Kharkov State)
- Blythe, Clyde Randolph, Jr., Instructor of English; 2000**  
B.A., M.A. (UAB), M.F.A., Ph.D. (Alabama)
- Bodin, Mary Beth, Instructor of Nursing; 2004**  
B.S. (University of West Alabama), B.S.N., M.S.N. (UAB)
- Bodon, Jean, Professor of Communication Studies; 1997**  
B.A. (Birmingham-Southern), M.A. (Alabama), Ph.D. (Florida State)
- Boggiano, Mary M., Associate Professor of Psychology; 2000**  
B.A., M.A., Ph.D. (Texas at El-Paso)

- Bokobza, Serge, Associate Professor of French; 1980**  
Licence-ès-Lettres, Maîtrise-ès-Lettres (Paris-X: Nanterre), M.A., Ph.D. (Illinois)
- Bolus, Norman E., Assistant Professor and Program Director, Nuclear Medicine Technology Program; 1999**  
CNMT, M.P.H. (University of Alabama at Birmingham)
- Bond, Margaret D., Instructor of French; 2009**  
B.A. (Virginia), B.A., M.A. (UAB)
- Borch, Casey, Assistant Professor of Sociology; 2007**  
B.A. (Connecticut State), M.A. (South Carolina); Ph.D. (Connecticut)
- Bos, Theodore, Professor of Quantitative Methods; 1982**  
B.Ec. (Queensland), Ph.D. (Illinois)
- Bosarge, Pennie, Instructor of Nursing; 1992**  
B.S.N. (Samford University), M.S.N. (UAB)
- Bowen, Pamela, Instructor of Nursing; 2005**  
B.S.N. (UAB), B.A. (Faulkner University), M.S.N. (UAB)
- Boyar, Scott L., Professor of Management; 2009**  
B.S. (Keene State College), M.B.A. (University of San Diego), Ph.D. (Mississippi State)
- Boylan, Douglas M., Research Professor of Mechanical Engineering; 2005**  
B.S., M.S., Ph.D. (Tulane)
- Brande, Scott, Associate Professor of Geology; 1979**  
B.S. (Rochester), M.S. (California Institute of Technology), Ph.D. (SUNY-Stony Brook)
- Brasher, Holly, Associate Professor of Government; 2003**  
B.A. (Louisiana State), M.A. (Florida), Ph.D. (North Carolina)
- Braswell, Mary Flowers, Professor of English; 1969**  
B.A., M.A. (Alabama), Ph.D. (Emory)
- Britt, Sylvia E., Assistant Professor of Nursing and AMNP Program Coordinator; 2007**  
B.S.N. (Medical College of Georgia), M.S.N., D.S.N. (UAB)
- Brock, Joanne, Assistant Professor of Cytotechnology Program; 2006**  
M.A.E. (UAB)
- Brooks, Amy, Instructor of Nursing; 2009**  
B.S.N., M.S.N. (UAB)
- Brooks, Michael, Assistant Professor of Counseling; 2004**  
B.A. (Morehouse College), M.A. (Central Florida), Ph.D. (Central Florida)
- Brooks, C. Michael, Professor Emeritus, School of Health Professions; 1975**  
Ed.D. (Kentucky)
- Brouillette, Christie G., Research Professor of Chemistry; 2006**  
B.S. (West Florida), Ph.D. (Kansas)
- Brouillette, Wayne J., Professor of Chemistry; 1979**  
B.S. (West Florida), M.S., Ph.D. (Kansas)
- Brouwer, Bert, Professor of Art; 1997**  
B.S., M.F.A. (Wisconsin)

**Brown, M. Amanda, Assistant Professor and Program Director, Dietetic Internship Program; 1999**  
Ph.D. (Auburn)

**Brown, Kathleen, Chair Community Health, Outcomes and Systems & Professor of Nursing; 1979**  
B.S.N. (Louisiana State University), M.S. (Boston University), Ph.D. (Case Western Reserve)

**Brown, Michelle, Assistant Professor of Clinical Laboratory Sciences Program; 2008**  
M.S. (UAB)

**Brown, Richard, Instructor of Nursing; 2005**  
B.S. (Birmingham Southern), B.S.N., M.S.N. (UAB), J.D. (Birmingham School of Law)

**Bryant, Barrett R., Professor of Computer and Information Sciences; Associate Chair, Department of Computer and Information Sciences; 1983**  
B.S. (Arkansas-Little Rock), M.S., Ph.D. (Northwestern)

**Bryant, Pamela, Instructor of Nursing; 2009**  
B.S.N., M.S.N. (UAB)

**Burke, Darrell, Associate Professor of Health Informatics Program, 2008**  
Ph.D. (Virginia Commonwealth)

**Burkhardt, Jeffrey H., Professor and Program Director, Health Services Administration; 2000**  
PhD. (Michigan)

**Burns, Joseph C., Associate Professor of Elementary and High School Education; 1984**  
B.S. (Grove City), M.Ed., Ed.D. (Georgia)

**Burns, Richard M., Professor of Finance; 1987**  
B.S. (Alabama), M.B.A. (UAB), Ph.D. (Georgia)

**Butcher, Daniel L., Instructor of English; 2001**  
B.A. (Mississippi), M.L.I.S., M.A. (Louisiana State)

**Calhoun, Charles, Associate Professor of Elementary Education; Chair, Department of Curriculum and Instruction; Assistant Dean, Urban Education; 1989**  
B.A. (Earlham), M.Ed., Ph.D. (Georgia State)

**Callahan, Dale, Associate Professor of Electrical and Computer Engineering; Director, Information Engineering and Management Program; 2000**  
B.E.E. (Auburn), MBA (Auburn-Montgomery), M.S.E.E. (UAB), Ph.D. (Alabama)

**Camata, Renato, P., Associate Professor of Physics; 2000**  
B.S. (Universidade de Sao Paulo), M.S., Ph.D. (California Institute of Technology)

**Camp, Sherman V., Instructor of English; 2006**  
B.S. (Alabama), M.A. (UAB)

**Cannon, Joseph J., Assistant Professor of Theatre; 2004**  
B.A. (UAB), M.F.A. (Arizona)

**Carlito, Delores, Senior Assistant Librarian, References Services, Mervyn H. Sterne Library; 2001**  
B.A. (UAB), M.A., M.Ed. (UAB), M.L.S. (Alabama)

**Carlson, Gregory, Assistant Professor, Health Services Administration; 2009**  
Ph.D. (South Carolina)

**Cartright, Pamela C., Assistant Professor and Program Director, Radiation Therapy Program; 2001**  
M.A.Ed. (UAB)

**Casanova, Todd, Associate Professor of Clinical Laboratory Sciences Program; 2008**  
Ph.D. (Louisiana State)

**Casey, Joseph F., Instructor of Finance; Assistant Dean of Corporate Relations and Administration; 2008**  
B.S. (Northeastern), M.S. (Southern California)

**Cash, Julie, Instructor of Nursing; 2009**  
B.S.N. (Clemson University), M.S.N. (Medical College of Georgia)

**Catledge, Shane A., Research Assistant Professor of Physics; 2004**  
B.S. (California State –Sacramento), Ph.D. (UAB)

**Celaya, Leandra, Instructor of Health Services Administration; 2008**  
M.S. (Salford)

**Centeno, María Jesús, Instructor of Spanish; 2006**  
B.A. (Universidad Autónoma de Madrid), M.A. (Georgia)

**Chambless, Krista, Visiting Assistant Professor of Spanish; 2006**  
B.A., M.A., Ph.D. (Alabama)

**Chaney, Suzanne P., Assistant Professor of Justice Sciences; 2004**  
B.S., M.S. (Nevada), Ph.D. (SUNY Albany)

**Chang, Pi-Ling, Associate Professor of Nutrition Sciences; 1994**  
Ph.D. (UAB)

**Chang, Tracey F. H., Associate Professor of Labor Studies; 1998**  
B.A. (Fu-Jen University-Taiwan), M.A., Ph.D. (Iowa)

**Channer, Lisa E., Visiting Associate Professor of Theatre; 2006**  
B.A. (Massachusetts), M.F.A. (Yale)

**Chapman, Alison, Associate Professor of English; 2000**  
B.A. (Davidson), M.A., Ph.D. (Pennsylvania)

**Chapman, Gary H., Professor of Art; 1990**  
B.S., B.A. (Berea), M.F.A. (Cranbrook Academy)

**Chawla, Krishan Kumar, Professor of Materials Science and Engineering; 1998**  
B.S. (Banaras Hindu, India), M.S., Ph.D. (Illinois, Urbana-Champaign)

**Cheng, Chih Hsiung (Gary), Assistant Professor of Mechanical Engineering; 2001**  
B.S. (Tamkang University, Taiwan) M.S., Ph.D. (Kansas)

**Chernov, Nikolai, Professor of Mathematics; 1994**  
M.S., Ph.D. (Moscow State, Russia)

**Chiasera, Janelle, Associate Professor and Program Director, Clinical Laboratory Sciences; 2006**  
Ph.D. (Ohio State)

**Childs, Gwendolyn, Assistant Professor of Nursing; 2007**  
B.S.N. (Lander University), M.S.N. (Medical College of Georgia), Ph.D. (University of South Carolina)

**Chirsty, Jennifer Braswell, Assistant Professor of Physical Therapy; 2004**  
Ph.D. (Miami)

- Cho, June, Assistant Professor of Nursing, 2008**  
B.S.N. (Catholic University), M.S.N. (Yonsei University), Ph.D. (University of North Carolina Chapel Hill)
- Christian, Becky J., Professor of Nursing, 2009**  
B.S.N., M.S.N. (University of Missouri), Ph.D. (University of Texas)
- Clair, Jeffrey Michael, Associate Professor of Sociology; 1989**  
B.A., M.A. (San Diego); Ph.D. (Louisiana State)
- Clark, Diane E., Assistant Professor, Physical Therapy; 2007**  
D.Sc.P.T. (UAB)
- Clay, Olivio, Assistant Professor of Psychology; 2007**  
B.S., M.A., Ph.D. (UAB)
- Clements, Kay, Associate Professor and Program Director, Health Information Management Program; 2004**  
M.A. (UAB)
- Cockerham, William C., Distinguished Professor of Sociology; Professor of Medicine; Co-Director, Center for Social Medicine and STDs; 1991**  
B.A. (Oklahoma), M.A., Ph.D. (California-Berkeley)
- Collins, Loucrecia, Associate Professor of Educational Leadership; 2000**  
B.S., M.A., Ed.D. (Mississippi State)
- Collins, Robert J., Associate Professor of English; Director, Creative Writing Program; 1980**  
A.B. (Xavier), M.A., Ph.D. (Ohio State)
- Conley, Carolyn A., Professor of History; Chair, Department of History; 1985**  
B.A. (Duke), M.A. (Chicago), Ph.D. (Duke)
- Conner, David A., Professor Emeritus of Electrical and Computer Engineering; 1978**  
B.E.E., M.S. (Auburn), Ph.D. (Georgia Institute of Technology), P.E. (Alabama, Georgia, Tennessee, Kentucky)
- Cook, Edwin, Associate Professor of Psychology; 1986**  
B.S. (Pennsylvania), M.S., Ph.D. (Wisconsin)
- Cook, Masako, Instructor of Japanese; 2007**  
B.A. (Kanto Gakuin, Japan)
- Copeland, Philip L., Associate Professor of Music; 2001**  
B.M. (Mississippi), M.M. (Mississippi College), D.M.A. (Southern Baptist Theological Seminary)
- Copes, J. Heath, Associate Professor of Justice Sciences; 2001**  
B.S. (Southwestern Louisiana), M.A., Ph.D., (Tennessee)
- Corbetta, Renato, Assistant Professor of Government; 2005**  
B.A., M.A. (Portland State), Ph.D. (Arizona)
- Cormier, Loretta, Associate Professor of Anthropology; 2000**  
B.S. (Florida), M.A. (UAB), Ph.D. (Tulane)
- Cotten, Shelia, Associate Professor of Sociology; Associate Director, Center for Social Medicine and STDs; 2005**  
B.A. (Wake Forest), M.S. (NC State), Ph.D. (NC State)
- Cowart, Larry, Assistant Professor of Finance; 2007**  
B.S. (Athens), M.B.A. (Samford), Ph.D. (Georgia)

- Cox, James E., Associate Professor of Psychology; 1981**  
B.A. (Lawrence), M.S., Ph.D. (Yale)
- Cox Edmondson, Vickie, Associate Professor of Management; 1996**  
B.A. (Spelman), M.B.A. (Mercer), Ph.D. (Georgia)
- Cracco, Derek A., Associate Professor of Art; 1999**  
B.F.A. (Louisiana State), M.F.A. (Syracuse)
- Crawford, Martin, Professor Emeritus of Materials and Mechanical Engineering; 1968**  
B.S., M.S. (Tennessee), Ph.D. (Georgia Institute of Technology), P.E. (Alabama)
- Crigler, Paul, Instructor of Information Systems; 2004**  
B.S. (Auburn), B.S. (UAB), M.S. (UAB)
- Crowe, Michael, Assistant Professor of Psychology; 2006**  
B.S. (Illinois), M.A., Ph.D. (Southern California)
- Cuevas, Eugene, Instructor of English; 2005**  
B.A. (Southern Mississippi), M.A. (UAB)
- Culver, Sarah E., Associate Professor of Economics; 1993**  
B.S., M.A., Ph.D. (Houston)
- Cummings, Cathleen A., Assistant Professor of Art; 2006**  
B.A. (Mills College), M.A. (University of London), M.A. and Ph.D. (Ohio State)
- Cusic, Anne M., Associate Professor of Biology; 1988**  
B.S. (UAB), M.S. (Samford), Ph.D. (UAB)
- Dahle, Karen B., Associate Professor of Special Education, 1999**  
B.S. (James Madison), M.S. (Radford), Ed.D. (VA Polytec Institute State)
- Dale, Louis, Professor of Mathematics; Vice President for Equity and Diversity; 1973**  
B.A. (Miles), M.S. (Atlanta), Ph.D. (Alabama)
- Dallow, Jessica, Associate Chair, Department of Art and Art History; 2002**  
B.A. (San Diego), M.A., Ph.D. (North Carolina-Chapel Hill)
- Daniel, Melanie, Instructor of Nursing; 2008**  
B.S.N., M.S.N., (UAB)
- Daniélou, Catherine F., Associate Professor of French;  
Associate Dean of Academic Affairs, College of Arts and Sciences; 1990**  
Licence-ès-Lettres, Maîtrise-ès-Lettres (Sorbonne), M.A., Ph.D. (Michigan State)
- DasGupta, Manabendra, Associate Professor of Economics; 1990**  
B.A., M.A. (Calcutta), M.A., Ph.D. (Southern Methodist)
- Dashiff, Carol, Professor of Nursing; 1991**  
B.S.N. (Florida State University), M.N. (University of Florida), Ph.D. (Florida State University)
- Davey, Kimberly S., Instructor of Nursing; 2008**  
B.A., B.S., M.B.A. (Samford University), M.A. (Seton Hall University)
- Davis, Colin J., Professor of History; 1991**  
B.A. (Warwick-Coventry, England), M.A., Ph.D. (SUNY-Binghamton)

- Dawson, Martha, Instructor of Nursing; 2008**  
B.S.N., M.S.N. (UAB)
- Dean, Derrick R., Associate Professor of Materials Science and Engineering; 2004**  
B.S., M.S. (Tuskegee), Ph.D. (Illinois, Urbana-Champaign)
- DeCarlo, Thomas E., Professor of Marketing and Industrial Distribution;  
Ben S. Weil Chair of Industrial Distribution; 2007**  
B.S. (N. Carolina State), Ph.D. (Georgia)
- DeLuca, Maria, Assistant Professor of Nutrition Sciences; 2003**  
Ph.D. (Calabria, Italy)
- DeLuca, Stephanie C., Assistant Professor, Occupational Therapy; 2007**  
Ph.D. (UAB)
- Denton, Betty, Associate Professor Emeritus of Physical Therapy; 1983**  
M.A.E. (University of Alabama at Birmingham)
- Deupree, Joy, Instructor of Nursing, ; 1999**  
B.S.N., M.S.N., (UAB)
- DeVore, Todd E., Instructor of Physics; 1998**  
B.S. (Lewis and Clark), M.S. PhD. (UAB)
- DiCecco, Jennifer, Instructor of Nursing; 2007**  
B.S. (Grand Canyon University) B.S.N., M.S.N. (University of Arizona)
- DiLorenzo, Thomas M., Professor of Psychology; Dean of College of Arts and Sciences;  
Dean of the School of Education; 2010**  
B.A., B.S. (Pittsburgh), M.A., Ph.D. (West Virginia)
- Dixon, William Scott, Instructor of Mathematics; 2007**  
B.S. (Jacksonville State), M.Ed. (Alabama)
- Dobbins, Allen C., Associate Professor of Biomedical Engineering; 1996**  
B.Sc. (Dalhousie), B.S.E., M.S.E., Ph.D. (McGill)
- Dorsey, Amanda D., Instructor, Health Informatics Program; 2006**  
M.S. (UAB)
- Doss, Harriet E. Amos, Associate Professor of History; 1978**  
B.A. (Agnes Scott), M.A., Ph.D. (Emory)
- Downs, Chuck, Instructor of Nursing; 1997**  
B.S.N., M.S.N. (UAB)
- Drace, William R., Assistant Professor, Surgical Physician Assistant Program; 2003**  
B.S. (University of Alabama at Birmingham), M.A.Ed. (University of Phoenix)
- Dretea, Patricia, Associate Professor of Sociology; 1999**  
B.A. (Wisconsin), M.A., Ph.D. (Ohio State)
- Druschitz, Alan, Professor of Materials Science and Engineering; 2007**  
B.S., Ph.D. (Illinois Institute of Technology)
- Du, Lianzing, Assistant Professor of Civil, Construction and Environmental Engineering; 2008**  
B.S. (Hunana Univ. China); MSCE (Southwest Jiaotong Univ., China), Ph.D. (Univ. of Texas at Austin)

- Dudley, Patricia, Instructor of Nursing; 2006**  
B.S.N, M.S.N. (Samford University)
- Dwyer, Zoe. B., Assistant Professor of Materials Science and Engineering;  
Director, Outreach and Retention for School of Engineering; 1999**  
B.S., M.S., Ph.D. (UAB)
- Earwood, Martha, Instructor of Justice Sciences; Internship Coordinator; 2003**  
B.S., M.S. (Georgia State)
- Eaves, Yvonne, Assistant Professor of Nursing; 2006**  
B.S.N. (St. Xavier College), M.S. (Northern Illinois University), Ph.D. (University of Michigan)
- Eberhardt, Alan, Professor of Biomedical Engineering; Undergraduate Program Director for Biomedical Engineering;  
1991**  
B.S., M.S. (Delaware), Ph.D. (Northwestern)
- Edmonds, Thomas P., Alumni and Friends Professor of Accounting; 1986**  
B.B.A. (Georgia State), M.B.A. (St. Mary's), Ph.D. (Georgia State)
- Eidson, Christopher A., Assistant Professor, Occupational Therapy; 2006**  
M.S. (UAB)
- Elder, Keith T., Assistant Professor, Health Sciences Program; 2007**  
Ph.D. (Maryland)
- Elias, Beth L., Assistant Professor of Nursing; 2009**  
B.S. (State University of New York), M.S. (University of Virginia), Ph.D. (University of Virginia)
- Ellis, Cassandra, Assistant Professor of English; 2002**  
A.B. (Syracuse), M.A., Ph.D. (Columbia)
- Emfinger, Kay, Assistant Professor of Early Childhood Education; 2003**  
B.S., M.A.Ed. (Auburn), Ph.D. (UAB)
- Enah, Comfort, Assistant Professor of Nursing; 2009**  
B.S.N. (Berea College), M.S.N., Ph.D. (University of Cincinnati)
- Ertas, Nevbahar, Assistant Professor of Government; 2009**  
B.S., MS (METU, Ankara), Ph.D. (Georgia State U and GA Institute of Technology)
- Evans, Retta, Associate Professor of Health Education; 2003**  
B.S., (Fort Hays), M.S. (Northeastern), Ph.D. (Arkansas)
- Faki, Belita, Instructor of Spanish; 2005**  
B.A. (Cornell), M.A. (Middlebury)
- Fambrough, R. Eugene, Assistant Professor of Music; Assistant Director of Bands; 2001**  
B.M. (Georgia), M.M. (East Carolina), D.M.A. (Alabama)
- Fast, Vladimir G., Associate Professor of Biomedical Engineering; 1997**  
Diploma in Physics (Moscow Institute), Ph.D. (Moscow Institute for Physics and Technology)
- Fedorov, Vladimir V., Research Assistant Professor of Physics; 2007**  
M.S. (Moscow Institute of Physics), Ph.D. (Russian Academy of Science)
- Feldman, Dale S., Associate Professor of Biomedical Engineering; 1985**  
B.S. (Northwestern), M.S. (Dayton), Ph.D. (Clemson)

- Feldman, Glenn A., Associate Professor of Labor Studies; 1996**  
B.A., B.S. (Birmingham-Southern), M.A., Ph.D. (Auburn)
- Fernandez, Jose R., Associate Professor and Vice-Chair of Nutrition Sciences; 2001**  
Ph.D. (Pennsylvania State)
- Fidopiastis, Cali, Assistant Professor of Physical Therapy; 2009**  
Ph.D. (Central Florida)
- Fischer, Robert, U. Jr., Professor of Biology; Chair, Department of Biology; 2008**  
B.S. (SUNY ESF), M.A. (Buffalo), Ph.D. (South Carolina)
- Foley, Kathleen T., Assistant Professor, Occupational Therapy; 2006**  
M.S. (Indiana)
- Foley, Robin D., Research Associate Professor of Materials Science and Engineering; 1990**  
B.S., M.S. (Illinois, Urbana-Champaign), Ph.D. (Wisconsin-Madison)
- Ford, Matthew P., Assistant Professor, Physical Therapy; 2001**  
Ph.D. (Pennsylvania State)
- Fordham, Pam, Chair Family/Child Health and Caregiving & Assistant Professor of Nursing; 1979**  
B.S.N. (University of Alabama in Huntsville), M.S.N., D.S.N. (UAB)
- Forman, Michele, Instructor of Digital Community Studies; 2010**  
B.A. (Harvard), M.A. UAB
- Foster, Linda, Assistant Professor of Counseling; 2007**  
B.A. (Samford), M.A., E.d.S, (UAB) Ph.D. (Mississippi State)
- Fouad, Fouad H., Professor of Civil, Construction and Environmental Engineering; Chair, Department of Civil, Construction and Environmental Engineering; Associate Director, University Transportation Center for Alabama; 1981**  
B.S.C.E. (Alexandria, Egypt), M.S.C.E. (Texas), Ph.D. (Texas A&M), P.E. (Alabama, Texas)
- Franklin, Gregory A., Assistant Professor of Electrical and Computer Engineering; 2007**  
BSEE, MSEE, Ph.D. (UAB)
- Friend, Edward M. III, Assistant Professor of Business Law and Executive in Residence; 2005**  
B.A., J.D. (University of Alabama)
- Fu, Yuchang, Assistant Professor of Nutrition Sciences; 2003**  
Ph.D. (Kyushu)
- Gainer, Hugh S., Associate Professor, Health Services Administration; 1987**  
M.S.H.A (UAB)
- Gainey, Denise, Associate Professor of Music; 2002**  
B.M.E. (Florida State), M.M. (North Texas), D.M.A. (Kentucky)
- Gampher, J. Eric, Assistant Professor of Psychology; 2008**  
B.S. (Florida State), Ph.D. (UAB)
- Gardner, Elizabeth A., Assistant Professor of Justice Sciences; 2007**  
B.S. (Penn State), PhD. (Michigan State)
- Gargiulo, Richard M., Professor of Special Education; 1982**  
B.A. (Hiram Scott), M.S. (Wisconsin-Milwaukee), Ph.D. (Wisconsin)
- Garrie, Robert L., Associate Professor, Health Information Management Program; 2008**  
M.P.A. (Roosevelt)

**Garvey, W. Timothy, Professor and Chair, Department of Nutrition Sciences; 2003**  
M.D. (St Louis University)

**Gauld, Virginia D., Assistant Professor of Educational Leadership; Vice President for Student Affairs; 1977**  
B.S. (Emory), M.A., Ph.D. (Alabama)

**Gee, Morris M. (Mickey), Instructor of Marketing and Industrial Distribution; 2001**  
B.S., M.A. (Alabama)

**Geiger, Brian, Professor of Health Education; 1993**  
B.S. (Tulane), M.A. (Loyola), Ed.D. (South Carolina)

**Gelber, Jacob, Instructor of Marketing; 2009**  
B.A. (Duke), M.B.A. (Cornell), J.D. (University of California)

**George, Paul, Assistant Professor; 2007**  
B.S.M.E., M.S.B.E. (UAB)

**George, Remo, Assistant Professor, Nuclear Medicine Technology Program; 2008**  
M.S. (Mahatma Gandhi University)

**Gerakines, Perry A., Associate Professor of Physics; 2000**  
B.S., Ph.D. (Rensselaer Polytechnic Institute)

**Ghanta, Vithal K., Professor of Biology; 1971**  
B.S. (G.C.W. College), M.S. (Banaras Hinda), Ph.D. (Southern Illinois)

**Giardina, Carol, Associate Professor of Health Sciences; 2006**  
Ph.D. (UAB)

**Gilchrist, Roger L., Associate Professor of Biology; 1999**  
B.S., M.S., Ph.D. (Wyoming)

**Ginter, Peter M., Professor of Health Care Organizations and Policy; Professor of Management; Chair; Department of Health Care Organizations and Policy; 1983**  
B.S., M.B.A. (Auburn), Ph.D. (North Texas State)

**Gladling-Cole, Charnetta, Assistant Professor of Social Work; 2009**  
B.A. (Johnson C. Smith), M.S.W. (South Carolina)

**Glandon, Gerald L., Professor and Chair, Health Services Administration; 2001**  
Ph.D. (Washington)

**Goldman, Jay, Distinguished Service Professor of Engineering; Dean Emeritus, School of Engineering; 1984**  
B.S.M.E. (Duke), M.S.M.E. (Michigan State), D.Sc. (Washington), P.E. (Missouri)

**Goldman, Renitta L., Professor of Special Education; 1984**  
B.A. (Washington), M.S. (North Carolina State), Ph.D. (Missouri)

**Goodwin, Linda B., Instructor, Occupational Therapy Program; 2007**  
B.S. (Florida Gulf Coast)

**Gower, Barbara A., Professor of Nutrition Sciences; 1997**  
Ph.D. (Utah)

**Graham, Cecilia L., Associate Professor, Physical Therapy Program; 2003**  
Ph.D. (Texas A&M)

- Grall, Jeremy N., Assistant Professor of Music; 2009**  
B.F.A (Memphis), M.M. (Yale), D.M.A (Memphis)
- Granger, Wesley M., Associate Professor and Program Director, Respiratory Therapy Program; 1996**  
Ph.D. (Medical College of Georgia)
- Grant, Joan, Professor of Nursing; 1980**  
B.S.N. (University of North Alabama), M.S.N., D.S.N. (UAB)
- Graveline, Jeffrey D., Senior Assistant Librarian, Reference Services, Mervyn H. Sterne Library; 2006.**  
B.A. (Virginia Tech), M.A. (Alabama), J.D. (Alabama)
- Graves, David E., Professor of Chemistry; Associate Dean for Research and Faculty Development, College of Arts and Science; 2003**  
B.S., Ph.D. (UAB)
- Graves, Lila V., Associate Professor of English; 1976**  
B.S., M.A., Ph.D. (Auburn)
- Gray, Gary M., Professor of Chemistry; 1983**  
B.S., Ph.D. (Lehigh)
- Green, David G., Instructional Associate Professor of Electrical and Computer Engineering; 1981**  
B.S.E., M.S.E (Alabama in Huntsville)
- Greenup, Patsy E., Associate Professor, Clinical Laboratory Sciences Program; 1977**  
Ph.D. (UAB)
- Greenwood, Rebecca, Assistant Professor of Nursing; 2004**  
B.S.N (University of New Hampshire), M.S.N (Northeastern University), Ph.D. (Boston College)
- Grice, Steve, Associate Professor of Accounting; 2007**  
B.S. (Troy), Ph.D. (Alabama)
- Griffith, Elizabeth M., Research Assistant Professor of Psychology; 2005**  
B.S. (Haverford), M.A., Ph.D. (Denver)
- Griffith, Nichole, Assistant Professor of English; 2005**  
B.A. (Georgia College and State University), M.A. (Northwestern), Ph.D. (Wisconsin-Milwaukee)
- Grimes, John W., Teaching Assistant Professor of Justice Sciences; Pre-Law Program Director; 2000**  
B.S. (UAB), J.D. (Cumberland)
- Grimes, L. Kyle, Associate Professor of English; 1990**  
B.A. (Dartmouth), M.A., Ph.D. (Illinois)
- Grimes-Robison, Cindy, Instructor of Nursing; 2003**  
B.A. (University of Alabama), B.S.N (UAB), M.Ed. (University of Montevallo), M.S.N (Troy State University)
- Guest, Kristi C., Research Assistant Professor of Psychology; 2003**  
B.S., M.A., Ph.D. (UAB)
- Gunther-Canada, Wendy A., Professor of Government; Chair, Department of Government; 1993**  
B.A. (Utah), M.A., Ph.D. (Rutgers)
- Hadley, Mark, Professor of Surgery and Professor of Marketing and Industrial Distribution, Spinal Surgery and Medical Equipment and Supplies Distribution; 2008**  
B.A. (Stanford), M.D. (Albany Medical College)

**Haeberle, Steven H., Associate Professor of Government; Chair, Department of Government; 1982**  
B.A. (Marshall), M.A., M.A., Ph.D. (Duke)

**Hainzl, Christian, Assistant Professor of Mathematics; 2005**  
M.Sc. (Tech. Univ. Vienna), Ph.D. (Vienna)

**Hakima, Rabi'a, Instructor of English; 2008**  
B.A. (Kent State University), M.A. (Alabama)

**Hall, Cheryl D., Assistant Professor of Theatre; 1989**  
B.A. (Southern Illinois), M.F.A. (Arizona)

**Hall, Janice D., Associate Professor Emeritus of Diagnostic and Therapeutic Sciences  
(currently Clinical and Diagnostic Sciences); 1980**  
M.A.E. (University of Alabama at Birmingham)

**Hall, Jeremy, Assistant Professor of Government; 2005**  
B.A. (Central College), M.P.A., (Kentucky), Ph.D. (Kentucky)

**Hall, Randa S., Instructor, Health Services Administration; 2001**  
M.S.H.A. (UAB)

**Hallman, Melanie, Instructor of Nursing; 1998**  
B.S.N., M.S.N. (UAB)

**Hamilton, Harry, Teaching Assistant Professor of Sociology; 2005**  
B.A., M.A., Ph.D. (UAB)

**Hamilton, Tracy P., Associate Professor of Chemistry; 1991**  
B.S., M.S., Ph.D. (Arkansas)

**Hamilton, Virginia V., Professor and University Scholar Emerita of History; 1965**  
B.A., M.A. (Birmingham-Southern), Ph.D. (Alabama)

**Hammack, Glenn G., Assistant Professor, Health Informatics Program; 2007**  
O.D. (Ferris State)

**Han, Youngshook, Assistant Professor of Nursing; 1996**  
B.S.N. (Chungnam National University), M.S.N., Ph.D. (University of Wisconsin)

**Handley, Donna, Assistant Professor of Government; 2004**  
B.A., M.P.A., Ph.D. (Auburn)

**Haque, Akhlaque, Associate Professor of Government 1995**  
B.S. (Dhaka), M.A., Ph.D. (Cleveland State)

**Harper, Doreen, Professor and Dean of Nursing; 2005**  
B.S.N. (Cornell University), M.S.N. (Catholic University), Ph.D. (University of Maryland)

**Harrelson, Paul M., Assistant Professor, Surgical Physician Assistant Program; 1999**  
M.P.A.S. (Nebraska)

**Harris, Bernard, Instructor, Physical Therapy; 1991**  
M.A.C.N. (UAB)

**Harris, Linda S., Associate Librarian; Head, Reference Services, Mervyn H. Sterne Library; 1984**  
B.A. (Stillman), M.S.L.S. (Atlanta)

**Harris, Tina M., Instructor of English, 2003**  
B.A.(Montevallo), M.A.(UAB)

- Harrison, Joseph G., Associate Professor of Physics; 1986**  
B.S. (Texas A&M), M.S., Ph.D. (Wisconsin - Madison)
- Harvey, Jeremy, Research Assistant Professor of Mechanical Engineering; 2006**  
B.M.E., M.S.M.E., Ph.D. (Georgia Institute of Technology)
- Hataway, Connie, Instructor of Nursing; 2008**  
B.A. (Brenua College), A.S.N. (Troy State University), M.S.N. (Samford University)
- Hawk, James F., Lecturer Emeritus in Physics; 1956**  
B.A. (Virginia), A.M. (Washington)
- Hearld, Larry, Assistant Professor Health Services Administration; 2009**  
Ph.D. (Michigan)
- Heaton, Karen, Assistant Professor of Nursing; 2008**  
BSN (UAB), MSN (University of Louisville) Ph.D. (University of Kentucky)
- Heitt, Tee H., Professor Emeritus of Health Services Administration; 1972**  
Ph.D. (Georgia Institute of Technology)
- Helms, Sara, Assistant Professor of Economics; 2007**  
B.A. (St. Mary's College of Maryland), M.A., Ph.D. (Maryland)
- Hernandez, S. Robert, Professor and Program Director, Health Services Administration; 1973**  
D.P.H. (North Carolina at Chapel Hill)
- Hesse, Brian, Professor Emeritus of Anthropology; 1979**  
B.A. (Columbia College), MPhil (Columbia), Ph.D. (Columbia)
- Hester, Donna J., Associate Professor of Physical Education; 1983**  
B.S., M.A., Ph.D. (Ohio State)
- Hettich, Dana L., Senior Assistant Librarian, Reference Services, Mervyn H. Sterne Library; 2008**  
B.A., M.A., M.L.I.S. (Alabama)
- Hicks, Kristine K., Research Assistant Professor of Biomedical Engineering; 1997**  
B.S. (Central Arkansas), Ph.D. (Arkansas for Medical Sciences)
- Hickson, Mark, III, Professor of Communication Studies; 1987**  
B.S., M.A. (Auburn), M.A. (Mississippi State), Ph.D. (Southern Illinois)
- Hill, Aubrey, Research Assistant Professor of Computer and Information Sciences; 2000**  
M.S. (Mississippi State), M.S. (Jackson State), Ph.D. (UAB)
- Hill, Gail, Associate Professor of Nursing; 1984**  
B.S. (University of Alabama), B.S.N., Ph.D. (UAB), M.S.N. (Texas Woman's University)
- Hilton, David, Assistant Professor of Physics; 2007**  
B.S., M.S. (Rochester), M.S., Ph.D. (Cornell)
- Hitchcock, Wilbur A., Professor of Civil, Construction and Environmental Engineering; 2005**  
B.S. (U.S. Military Academy), M.E.C.E., Ph.D. (Texas A&M)
- Hodgens, J. Bart, Research Assistant Professor of Psychology; 2005**  
B.A., M.A., Ph.D. (Auburn)
- Hodges, Ashley, Assistant Professor of Nursing; 2009**  
B.S.N. (University of Alabama), M.A. (Seton Hall University), M.S.N., Ph.D. (UAB)

- Hoff, Ann K., Assistant Professor of English; 2003**  
B.A. (Columbia), M.A., Ph.D. (CUNY)
- Hoffman, Jacqueline, Instructor of Nursing; 2006**  
B.S.N. (University of Tampa), M.S.N. (State University of New York at Stony Brook)
- Holcomb, Lygia, Associate Professor of Nursing; 2006**  
B.S.N., M.S. (University of Missouri), D.S.N. (UAB)
- Holcombe, Judith, Associate Professor of Nursing, Assistant Dean for Program Evaluation, and Program Coordinator for DNP Program; 2008**  
B.S.N. (Drury College), M.S.N., D.S.N. (UAB)
- Holcombe, Mark, Instructor of Philosophy; 2007**  
B.A. (Winthrop), M.A. (Georgia State)
- Holmes, Robert E., Professor of Management; 1999**  
B.B.A. (Texas), M.B.A. (North Texas), Ph.D. (Arkansas)
- Holt, R. Lynn, Assistant Professor and Program Director, Genetic Counseling Program; 2007**  
M.S. (South Carolina)
- Hoobler, Terry R., Associate Professor Emeritus of Physical Therapy; 1976**  
M.A.E. (University of Alabama at Birmingham)
- Hopkins, Maria, Assistant Professor of Psychology; 2007**  
B.S., M.A., Ph.D. (UAB)
- Houser, Howard W., Professor of Health Services Administration, Associate Dean, School of Health Professions; 1970**  
Ph.D. (Iowa)
- Houser, Shannon, Associate Professor of Health Information Management Program; 2004**  
M.P.H. (University of Alabama at Birmingham), Ph.D. (UAB)
- Howard, Jack Lee, Professor of Management; 2009**  
B.S., A.M., Ph.D. (University of Illinois at Urbana-Champaign)
- Howell-Moroney, Michael, Associate Professor of Government; 2003**  
B.S. (Northern Arizona), M.B.A. (Eastern College), Ph.D., (Delaware)
- Huechtker, Edward D., Associate Professor and Chair, Clinical and Diagnostic Sciences; 2002**  
Ph.D. (Kennedy-Western)
- Hunter, Gary R., Professor of Physical Education; 1984**  
B.S. (Eastern Michigan), M.A., Ph.D. (Michigan State)
- Hurst-Wajszczuk, Kristine, Assistant Professor of Music; 2007**  
B.M., M.M. (Westminster Choir-Rider), D.M.A. (Colorado-Boulder)
- Hutchings, John William, Professor of English; 1981**  
A.B. (Transylvania), M.A., Ph.D. (Kentucky)
- Hutchison, Jeanne S., Assistant Professor of Mathematics; 1970**  
B.S. (Creighton), M.A., Ph.D. (California-Los Angeles)
- Hutson, Susan Perkins, Associate Professor Emeritus of Diagnostic and Therapeutic Sciences (currently Clinical and Diagnostic Sciences); 1976**  
M.A.E. (University of Alabama at Birmingham)

- Hwang, Sean-Shong, Professor of Sociology; 1988**  
B.A. (National Taiwan), M.A. (Waterloo), Ph.D. (Texas A&M)
- Hyatt, Robert M., Associate Professor of Computer and Information Sciences; 1988**  
B.S., M.S. (Southern Mississippi), Ph.D. (UAB)
- Ibelema, Minabere, Associate Professor of Communication Studies; 1995**  
B.A. (Wilberforce), M.A., Ph.D. (Ohio State)
- Iddins, Brenda, Instructor of Nursing; 2008**  
BSN & M.S.N. (UAB)
- Irving, Howard L., Professor of Music; 1981**  
B.Mus. (Centenary), M.M., Ph.D. (Louisiana State)
- Ito, Yasushi, Research Assistant Professor of Mechanical Engineering; 2006**  
B.E., M.S., Ph.D. (Tohoku University, Japan)
- Ivankova, Nataliva V., Associate Professor of Educational Psychology and Research; 2004**  
B.S. (Ukraine), M.A. (Nebraska-Omaha), M.A. (Nebraska-Lincoln), Ph.D. (Ukraine, Ph.D. (Nebraska-Lincoln))
- Ivey, Jean, Associate Professor of Nursing; 2002**  
B.S.N. (UAB), M.S.N. (University of Texas at Galveston), D.S.N. (UAB)
- Jack, Eric, Associate Professor of Management; Associate Dean of Faculty Development and Research; 2001**  
B.S. (Georgia Institute of Technology), M.B.A. (Wright State), Ph.D. (Cincinnati)
- Jannett, Thomas C., Professor of Electrical and Computer Engineering; 1984**  
B.S.E., M.S.E. (UAB), Ph.D. (Auburn)
- Janowski, Gregg M., Associate Professor of Materials Science and Engineering; 1990**  
B.S., M.S., Ph.D. (Michigan Technological)
- Jeff, Linda H., Associate Professor, Clinical Laboratory Sciences Program; 1979**  
M.A. (University of Alabama at Birmingham)
- Jenkins, David T., Associate Professor of Biology; 1974**  
B.S., Ph.D. (Tennessee)
- Jenkins, Gavin R., Assistant Professor, Occupational Therapy; 2008**  
M.A. (London Guildhall)
- Jennings, Patricia R., Professor, Surgical Physician Assistant Program; 2003**  
M.H.S. (Duke University), Dr. P.H. (University of Kentucky)
- Johnson, Marlene, Assistant Professor of Theater; 2006**  
B.A. (Asbury), M.A. (Miami-Oxford), M.F.A. (Virginia Commonwealth)
- Johnson, Misty, Instructor of Nursing; 2000**  
BSN (University of North Alabama), M.S.N. (UAB)
- Johnson, Vicki Y., Assistant Professor of Nursing; 1999**  
B.S.N. (Texas Tech University), M.S.N. (UAB), Ph.D. (University of Texas at San Antonio)
- Johnson, Walter, Instructor of Mathematics; 2002**  
B.S.EE. (Auburn), M.A.Ed. (UAB)
- Johnston, Allen, Assistant Professor of Information Systems; 2007**  
B.S. (LSU), M.B.A., Ph.D. (Mississippi)

- Johnstone, John K., Associate Professor of Computer and Information Sciences; 1994**  
B.S. (Saskatchewan-Canada), M.S., Ph.D. (Cornell)
- Jolly, Peggy B., Professor of English; Director, Freshman Composition, Department of English; 1976**  
B.A. (Jacksonville), M.A. (Samford), Ph.D. (Alabama)
- Jones, Carolyn, Instructor of Nursing; 2010**  
B.S. (George Peabody College for Teachers), B.S.N. M.S.P.H. (UAB)
- Jones, Daniel D., Professor Emeritus of Biology; 1970**  
B.S., M.S. (Purdue), Ph.D. (Michigan State)
- Jones, Harold P., Professor and Dean, School of Health Professions; 2001**  
Ph.D. (Duke)
- Jones, James R., Associate Professor Emeritus of Electrical and Computer Engineering; 1981**  
B.S.E.E., M.S.E.E. (Texas A&M), P.E. (Alabama, Mississippi, California, Texas)
- Jones, Linda, Assistant Professor of Nursing; 2007**  
BSN (Jacksonville State University), M.S.N. (Emory University), D.N.P. (UAB)
- Jones, Mary, Instructor of Nursing; 2009**  
B.S.N. (Jacksonville State University), M.S.N. (Samford University)
- Jones, Sharyn R., Assistant Professor in Anthropology; 2006**  
B.A. (California-Berkley), M.A., Ph.D. (Florida)
- Jones, Warren T., Professor Emeritus of Computer and Information Sciences; 1979**  
B.S.E.E. (Georgia Institute of Technology), M.S. (Georgia State), M.S., Ph.D. (Georgia Institute of Technology),  
P.E. (Kentucky)
- Jones-Thomas, Chalonda, Assistant Professor, Nuclear Medicine Technology Program; 2009**  
M.A.Ed. (Phoenix)
- Jun, Ho-Wook, Assistant Professor of Biomedical Engineering; 2006**  
BS, MS (Hanyang University, China), Ph.D. (Rice)
- Kahn, Shirley Salloway, Assistant Professor of Educational Leadership;**  
Vice President for Development, Alumni, and External Relations; 1981  
B.S., M.A., Ph.D. (Alabama)
- Kain, Margaret M., Senior Assistant Librarian, Technical Services, Mervyn H. Sterne Library; 2006**  
B.S. (Auburn), M.L.S. (Alabama)
- Kamii, Constance, Professor of Early Childhood Education; 1984**  
B.S., M.A., Ph.D. (Michigan)
- Kana, Rajesh K., Assistant Professor of Psychology; 2007**  
B.S. (Calicut), M.A. (Annamalai), Ph.D. (Indian Institute of Technology)
- Kapoor, Rakesh, Assistant Professor of Physics; 2005**  
B.Sc, M.Sc. (Delhi), Ph.D. (Bombay)
- Karpeshina, Yulia, Professor of Mathematics; 1995**  
M.S., Ph.D. (Saint Petersburg, Russia)
- Kasman, Yakov, Associate Professor of Music; Artist in Residence; 2002**  
B.M. (Music College of Moscow Conservatory), M.M., D.M.A. (Moscow State Conservatory)
- Kawai, Ryoichi, Associate Professor of Physics; 1991**  
B.S., M.S., Ph.D. (Waseda, Japan)

- Keith, Jeanette N., Associate Professor of Nutrition Sciences; 2007**  
M.D. (Indiana University School of Medicine)
- Keitt, Andrew, Associate Professor of History; 1999**  
B.A. (Duke), M.A., Ph.D. (UC-Berkeley)
- Keltner, Norman, Professor of Nursing; 1990**  
B.S.N., M.S.N. (Fresno State University), Ed.D. (University of San Francisco)
- Kennedy, Karen, Associate Professor of Marketing and Industrial Distribution;  
Associate Dean of Programs and Outreach; 2001**  
B.S. (Blue Mountain), M.S. (Florida State), M.B.A. (Georgia State), Ph.D. (South Florida)
- Kerley, Kent, Assistant Professor of Justice Sciences; 2005**  
B.A. (East Tennessee State), M.A., Ph.D. (Tennessee)
- Key, Susan, Associate Professor of Management; 1995**  
B.A., J.D., M.B.A. (Illinois), Ph.D. (Pittsburgh)
- Khaled, Mohammad A., Professor Emeritus of Nutrition Sciences; 1975**  
Ph.D. (London)
- Kightley, Michael, Assistant Professor of English; 2009**  
B.A. (University of Toronto) MA, (Queen's University), PhD (University of Western Ontario)
- Kilgo, Jennifer L., Professor of Special Education; 1995**  
B.A. (Auburn), M.Ed., M.Ed. (UAB), Ed.D. (Alabama)
- Kim, Jong-Eun, Research Associate Professor of Mechanical Engineering; 2003**  
B.S., M.S. (Hanyang University, Korea), Ph.D. (University of California-Davis)
- Kim, Sue J., Associate Professor of English; 2003**  
B.A. (Dartmouth), M.A., Ph.D. (Cornell)
- Kincaid, Harold, Professor of Philosophy; Chair, Department of Philosophy; 1983**  
B.A., M.A., Ph.D. (Indiana)
- King, Judith L., Associate Professor of Labor Studies; 1981**  
B.A. (Michigan State), M.Ed., M.A. (Illinois)
- Kirby, Jason, Assistant Professor of Civil, Construction and Environmental Engineering; 2005**  
B.S. (Auburn), M.S., Ph.D. (Alabama)
- King, Jerry, Assistant Professor, Respiratory Therapy Program; 2008**  
M.S. (UAB)
- King, Pamela, Instructor of History; 2004**  
B.A. (Samford), M.A. (UAB)
- Kirkland, Lynn, Associate Professor of Early Childhood; 1998**  
B.S., M.A., Ed.S. (UAB), Ed.D. (Alabama)
- Kitchin, Elizabeth M., Assistant Professor of Nutrition Sciences; 1997**  
R.D., M.S. (Virginia Polytech)
- Klock, David R., Professor of Finance; Dean, School of Business; 2008**  
B.S. (Northeastern), M.S., Ph.D. (Illinois)
- Knight, David C., Assistant Professor of Psychology; 2007**  
B.S. (Truman State), M.S., PhD (Wisconsin-Milwaukee)

- Knowles, Ian W., Professor of Mathematics; 1979**  
B.Sc. (Adelaide), M.Sc., Ph.D. (Flinders-South Australia)
- Kohler, Maxie P., Associate Professor of Educational Psychology and Research; 1991**  
B.S. (Univ. Miss. for Women), M.S., Ph.D. (Mississippi State)
- Koomullil, Roy, Associate Professor of Mechanical Engineering; 2002**  
B.Tech. (Mahatma Gandhi University, India), M.Tech. (Indian Institute of Technology, India),  
Ph.D. (Mississippi State)
- Koskinen, Karla, Assistant Professor of Theater; 2007**  
B.A. (Marquette), M.F.A. (Illinois State)
- Krannich, Larry K., Professor Emeritus of Chemistry; 1969**  
B.S., M.S. (Illinois State), Ph.D. (Florida)
- Kravchuk, Elena, Instructor of Mathematics; 2002**  
M.S. (Donetsk State – Ukraine), Ph.D. (NASU, Donetsk – Ukraine)
- Krumdieck, Carlos, Professor Emeritus of Nutrition Sciences; 1967**  
Ph.D. (Tulane)
- Kurata, Marilyn J., Associate Professor of English; Director of Core Curriculum Enhancement; 1978**  
B.S. (Carnegie Mellon), M.A., Ph.D. (Wisconsin)
- Kyle, Chris, Associate Professor of Anthropology; 2000**  
B.A. (Ft. Lewis College), M.A., M.Phil., Ph.D. (Columbia)
- LaGory, Mark, Professor of Sociology; Chair, Department of Sociology and Social Work;  
Professor of Urban Affairs; 1980**  
B.A., M.A., Ph.D. (Cincinnati)
- Laken, Debra E., Associate Professor, Respiratory Therapy Program; 1999**  
M.A. Ed. (UAB)
- Lalor, Melinda M., Associate Professor of Civil, Construction and Environmental Engineering;  
Associate Dean of Engineering; 1989**  
B.S. (Birmingham-Southern), M.S.C.E. (UAB), Ph.D. (Vanderbilt)
- Landry, Amy, Assistant Professor, Health Services Administration; 2008**  
Ph.D. (UAB)
- Langston, Summer, Assistant Professor of Nursing; 2009**  
B.S.N. (University of Southern Mississippi), M.S.N., D.N.P. (UAB)
- Lawson, Christopher M., Professor of Physics; 1993**  
B.S. (Oklahoma State), M.S. (Colorado), Ph.D. (Oklahoma State)
- Lee, Loretta, Instructor of Nursing ; 2002**  
B.S.N. (University of Alabama), M.S.N. (UAB)
- Lee, Seung-Dong, Professor of Economics; 1979**  
B.A., M.A. (Korea), M.A., Ph.D. (Southern Methodist)
- Lesnick, Daniel, Associate Professor Emeritus of History; 1980**  
B.A.(Oberlin), M.A. Ph.D. (Rochester)
- Lewis, Angela K., Associate Professor of Government; 2003**  
B.A. (Alabama), M.P.A., PhD., (Tennessee)

- Lewis, Roger T., Professor Emeritus of Mathematics; 1975**  
A.B. (Tennessee), M.S. (Florida Institute of Technology), Ph.D. (Tennessee)
- Li, JunFang, Assistant Professor of Mathematics; 2008**  
B.A. (Wuhan Univ., China), Ph.D. (Oklahoma)
- Liber, George O., Professor of History; 1987**  
B.A. (Indiana), M.A. (Harvard), Ph.D. (Columbia)
- Link, Dale, Instructor of Nursing ; 2007**  
B.S.N., M.S.N. (UAB), M.N. (Louisiana State University)
- Linney, Jean Ann, Professor of Psychology; Professor of Sociology; 2007**  
A.B. (Hobart & William Smith College), M.A., PhD. (Illinois)
- Linville, JasonG., Teaching Assistant Professor of Justice Sciences; Director, Forensic Science Graduate Program; 2004**  
B.S. (Ohio), M.S., Ph.D. (UAB)
- Littlefield, David L., Professor of Mechanical Engineering; 2005**  
B.S., M.S., Ph.D. (Georgia Institute of Technology)
- Liu, Ray H., Professor Emeritus of Justice Sciences; 1983**  
B.S. (Ohio) LL.B. (Central Police College), Ph.D. ( Illinois - Chicago)
- Loder, Tondra, Assistant Professor of Foundations of Education; 2003**  
B.S. (Birmingham-Southern), M.P.P. (Chicago), Ph.D. (Northwestern)
- Long, C. Ann, Assistant Professor of Nursing; 2009**  
B.S.N. (Tuskegee University), Ph.D. (UAB)
- Long, Jennifer M., Senior Assistant Librarian, Reference Services, Mervyn H. Sterne Library; 1997**  
B. S. (Bowling Green), M.L.S. (Kent State)
- Long, Sheri Spaine, Associate Professor of Spanish; 1992**  
B.A., M.A. (Iowa), Ph.D. (California-Los Angeles)
- Lowman, John D., Assistant Professor, Physical Therapy; 2005**  
Ph.D. (Virginia Commonwealth)
- Lowther, Christopher, Assistant Professor of Art; 2007**  
B.A., M.S., M.F.A. (Indiana)
- Lucas, Linda C., Professor of Biomedical Engineering; Dean, School of Engineering; 1982**  
B.S. (Alabama), M.A., M.S., B.S.E., M.S.E., Ph.D. (UAB)
- Lucius, Aaron L., Assistant Professor of Chemistry; 2006**  
B.S. (Oregon State), Ph.D. (Washington U.)
- Mack, Marianne, Associate Professor of Communication Studies; 2001**  
B.A. (Hollins), M.Ed. (Harvard), M.F.A. (Florida State)
- Macrina, David M., Professor of Health Education; Chair, Department of Human Studies; 1988**  
B.S. (Siena), M.S. (Massachusetts), Ph.D. (Illinois)
- Madden, Kerry, Assistant Professor of English; 2009**  
BA, University of Tennessee, MFA University of Tennessee
- Manning, Maryann M., Professor Emeritus of Elementary Education; 1972**  
B.F.A. (South Dakota), M.Ed. (Wayne State), Ed.D. (Nebraska)
- March, Joe L., Associate Professor of Chemistry; 1999**  
B.S., M.S. (Southwestern Texas), Ph.D. (Texas)

- Martin, Heather, Associate Librarian, Reference Services, Mervyn H. Sterne Library; 1998**  
B.A. (Furman), M.A. and M.L.S. (South Carolina)
- Martin, Kathleen, Assistant Professor of Early Childhood Education; 1999**  
B.A. (Florida State), M.A. (Georgia State), Ph.D. (UAB)
- Mayer, John C., Professor of Mathematics; Associate Chair, Department of Mathematics; 1984**  
B.A. (Randolph-Macon), M.A., Ph.D. (Florida)
- Mayoral-Hernández, Roberto, Assistant Professor of Spanish; 2008**  
*Licenciatura*, M.A. (Universidad Complutense de Madrid), M.A., Ph.D. (Southern California)
- McCarthy, John P., Associate Professor, Physical Therapy; 2002**  
Ph.D. (Wisconsin at Madison)
- McClintock, James G., Endowed Professor of Polar and Marine Biology; 1987**  
B.S. (California), M.S., Ph.D. (South Florida)
- McClure, Craig P., Assistant Professor of Chemistry; 2005**  
B.A. (Northern Iowa), M.S., Ph.D. (Michigan)
- McComiskey, Bruce, Professor of English; 1998**  
B.A., M.A. (Illinois State), Ph.D. (Purdue)
- McConnell, Michael N., Associate Professor Emeritus of History; 1985**  
B.A. (Indiana of Pennsylvania), M.A. (Youngstown), Ph.D. (William and Mary)
- McCroskey, James C., Department of Communication Studies; 2005**  
B. S. (Southern State Teachers College), M.A. (University of South Dakota), Ed.D. (Pennsylvania State University)
- McCutcheon, Martin J., Professor Emeritus of Biomedical Engineering; 1967**  
B.S.E.E., M.S.E.E., Ph.D. (Arkansas), P.E. (Alabama)
- McDaniel, David, Research Assistant Professor of Mechanical Engineering, 2008**  
B.S. (US Air Force Academy); MSME (Geo. Washington Univ.); PhD (Colorado)
- McElderry, Cathy, Assistant Professor of Social Work; 2002**  
B.S. (Montevallo), M.S.W., M.P.H. (Atlanta), PhD., (Alabama)
- McElroy, Ellen, Assistant Professor of Nursing; 2006**  
B.S.N. (University of Alabama in Huntsville), M.S.N., D.S.N. (UAB)
- McFarland, Carl E., Jr., Professor of Psychology; 1975**  
B.A., M.S., Ph.D. (Kansas)
- McGuinness, Teena, Professor of Nursing; 2007**  
B.S.N. (Old Dominion University), M.S. (Virginia Commonwealth University), Ph.D. (University of Pittsburgh)
- McGrath, Shelly L., Assistant Professor of Justice Sciences; 2008**  
B.S. (St. Mary's), M.S. (Ball State), Ph.D. (Southern Illinois)
- McHaney, Faye, Assistant Professor of Nursing; 2008**  
B.S.N., M.S.N. (University of Mobile), D.N.P. (University of South Alabama)
- McInerny, Sally Anne, Professor of Mechanical Engineering; 2007**  
BS (CSU Long Beach), MS, Ph.D. (UCLA)
- McIver, Katherine A., Professor of Art History; 1992**  
B.A. (Oregon), M.A., Ph.D. (California-Davis)
- McKissock, Mary L., Lecturer of Information Systems; 1997**  
B.S. (Houston), M.B.A. (Samford)

- McKnight, Andrew, Assistant Professor of Foundations of Education, 2003**  
B.A. (Virginia Commonwealth), M.A.Ed. (William & Mary), Ph.D. (North Carolina at Greensboro)
- McLain, Rhonda, Assistant Professor of Nursing; 2005**  
B.S.N. (College of Mt. St. Joseph), M.N. (Emory University), D.S.N. (UAB)
- McLernon, Dennis J., Associate Professor of Theatre; 2000**  
B.A. (Allentown), M.Ed. (Auburn-Montgomery), M.F.A. (Alabama-Alabama Shakespeare Festival)
- McNees, M. Patrick, Professor and Associate Dean, School of Health Professions; 2007**  
B.S. (Florida Technology University), M.A. (Middle Tennessee State University), Ph.D. (Kansas)
- McPherson, Heather A., Professor of Art History; 1982**  
B.A. (Oregon), M.A. (Sorbonne), Ph.D. (Washington)
- McWilliams, Tennant S., Professor of History and Dean Emeritus; 1974**  
A.B. (Birmingham-Southern), M.A. (Alabama), Ph.D. (Georgia)
- Meadows, Lee, Associate Professor of High School Education; 1993**  
B.A. (Mississippi), M.A. (Texas), Ph.D. (Georgia)
- Meakin, Robert L., Professor of Mechanical Engineering; 2007**  
BS (Brigham Young), MS, Ph.D. (Stanford)
- Menachemi, Nor, Associate Professor of Health Care Organization and Policy and Associate Professor of Marketing and Industrial Distribution, Health Care Policy and Health Care Marketing; 2008**  
B.S., M.P.H. (State University of NY-Albany), Ph.D. (UAB)
- Meaner, Kristi S., Associate Professor of Physical Education; 2001**  
B.A. (Louisiana), M.A., Ph.D. (New Orleans)
- Menses, Karen, Professor of Nursing and Associate Dean of Research; 2007**  
B.S. (Georgetown University), M.S. Ph.D. (Boston College)
- Merrill, Hugh, Instructor of Communication Studies; 2002**  
B.A., M.A. (Alabama), Ph.D. (Emory)
- Messina, Frank M., Professor of Accounting; 1993**  
B.S. (Livingston), M.Acc., Ph.D. (Mississippi State), C.P.A.
- Millard, Andre J., Professor of History; 1989**  
B.A. (Nottingham-England), M.A. (Mississippi), Ph.D. (Emory)
- Milby, Jesse B., Professor of Psychology; Director, Medical (Clinical) Psychology Doctoral Program; 1968**  
B.A. (Eastern Baptist), Ph.D. (Alabama)
- Miller, E.T., Professor Emeritus of Civil and Environmental Engineering; 1981**  
B.C.E., M.S.C.E. (Georgia Institute of Technology), C.E. (Massachusetts Institute of Technology), Ph.D. (Texas A&M), P.E. (Alabama, Florida, Kentucky)
- Miller, Kenneth, Instructor of Marketing and Industrial Distribution; 2008**  
B.S. (Auburn), M.B.A. (Golden Gate), Ed.D. (Vanderbilt)
- Miller, Stephen, Associate Professor of History; 2001**  
B.A. (Wisconsin-Madison), M.A., Ph.D., (UCLA)
- Miller, Susan B., Assistant Professor of Nutrition Sciences; 2003**  
M.S. (UAB)

- Milligan, Gary, Instructor of Nursing; 2008**  
B.S.N. (Birmingham-Southern College), M.S.N. (Jacksonville State University), M.S.H.A. (UAB)
- Mirov, Sergey B., Professor of Physics; 1993**  
Master (Moscow Power Engineering Institute), Ph.D. (USSR Academy of Sciences)
- Moellering, Douglas, Instructor of Nutrition Sciences, 2008**  
Ph.D. (UAB)
- Mohl, Raymond A., Distinguished Professor of History; 1996**  
B.A. (Hamilton), M.A.T. (Yale), M.A., Ph.D. (NYU)
- Mohr, Robert D., Instructor of Physics; 2003**  
B.S. (North Georgia), M.S. (Clemson), Ph.D. (Alabama)
- Mompont-Williams, Darnell, Instructor of Nursing; 2007**  
B.S.N., M.S.N. (UAB)
- Moneyham, Linda, Professor of Nursing and Rachel Z. Booth Endowed Chair; 2007**  
B.S.N. (Berea College), M.S.N. (University of Kentucky), D.S.N. (Indiana University)
- Moore, Hassan, Assistant Professor of Mechanical Engineering; 2007**  
B.S. (Dillard), M.S. (Xavier Univ. of Louisiana); Ph.D. (Howard University)
- Moore, John K., Associate Professor of Spanish;  
Interim Chair, Department of Foreign Languages and Literatures; 2003**  
B.A. (University of the South), M.A.T. (Middle Tennessee State), Ph.D. (North Carolina-Chapel Hill)
- Moore, Randy, Instructor of Nursing; 2009**  
B.S.N., M.S.N. (UAB)
- Morgan, Kathryn D., Associate Professor of Justice Sciences; Director, Graduate Program in Criminal Justice; 1991**  
B.S., M.A. (Texas Woman's), Ph.D. (Florida State)
- Morgan, Sarah L., Professor of Nutrition Sciences; 1986**  
M.D. (Iowa)
- Morris, David M., Associate Professor, Physical Therapy Program; 1991**  
Ph.D. (UAB)
- Moroney, Michael, Assistant Professor of Government; 2003**  
B.S. (Northern Arizona), M.B.A. (Eastern), Ph.D., (Delaware)
- Mosteller, Paul W., Associate Professor of Music; 1988**  
B.S. (West Chester), M.Ed. (Juilliard), D.M.A. (Iowa)
- Moss, Jacqueline, Associate Professor of Nursing and Assistant Dean of Clinical Simulation & Technology 2002**  
B.S.N. M.S.N (Georgia State University) Ph.D. (University of Maryland)
- Moyers, Penelope A., Professor and Chair, Occupational Therapy; 2004**  
Ed.D. (Ball State)
- Mrug, Sylvie, Assistant Professor of Psychology; 2005**  
B.S., M.S., Ph.D. (Purdue)
- Muccio, Donald D., Professor of Chemistry; 1982**  
B.S., Ph.D. (Ohio State)
- Mumford, Gregory, Assistant Professor of Anthropology; 2007**  
B.S., M.A., Ph.D. (Toronto)

- Munchus, George M., III, Professor of Management; 1976**  
B.S., M.B.A., Ph.D. (North Texas State), A.P.S.
- Murphy, Patrice, Assistant Professor, Physical Therapy; 1977**  
M.S. (Kentucky)
- Murray, Pamela S., Professor of History; 1990**  
B.A. (New Mexico State), M.A., Ph.D. (Tulane)
- Musa, Phillip F., Associate Professor of Management ; 2000**  
B.S., M.S., M.B.A. (Texas Tech)
- Nagy, Timothy R., Professor and Vice-Chair of Nutrition Sciences; 1996**  
Ph.D. (Utah)
- Navarette, Liliana, Assistant Professor, Nuclear Medicine Technology Program; 2008**  
M.S. (Alabama)
- Nealand, Lana, Assistant Professor of Nursing; 2003**  
B.S.N. (University of Maine), M.S.N. (UAB), D.N.P. (University of Tennessee)
- Needham, Belinda, Assistant Professor of Sociology; 2008**  
B.S. (Texas A and M), M.A., Ph.D. (Texas)
- Neilson, Michael J., Professor Emeritus of Geology; 1975**  
B.S., Ph.D. (New England, Australia)
- Neiva, Eduardo, Professor of Communication Studies; 1993**  
B.A. (Catholic University of Rio de Janeiro), M.A., Ph.D. (Federal University of Rio de Janeiro)
- Nelson, Catherine N., Associate Professor of Special Education; 1993**  
B.S. (Millsaps). M. Ed. (Louisiana State), Ph.D. (North Texas)
- Nelson, Dalton S., Assistant Professor of Electrical and Computer Engineering; 1994**  
B.S.E.E., M.S.E.E. Ph.D. (UAB), P.E. (Alabama)
- Newcomer, Bradley R., Associate Professor of Nuclear Medicine Technology Program, Director of UAB Experiential Learning Honors Program; 1997**  
R.M.R.I.T., Ph.D. (Wright State University)
- Newton, Laura E., Assistant Professor of Nutrition Sciences; 2004**  
M.A.Ed. (UAB)
- Nichols, Robert, Research Professor of Mechanical Engineering; 2002**  
B.S. (Mississippi), M.E., Ph.D. (Tennessee)
- Nikles, Jacqueline A., Associate Professor of Chemistry; 2001**  
B.S. (Marietta College), Ph.D. (Case Western Reserve)
- Nkashama, Mubenga N., Professor of Mathematics; 1989**  
B.S., M.S. (National University of Zaire), Ph.D. (Catholic University of Louvain, Belgium)
- Nordlund, Thomas M., Associate Professor of Physics; 1990**  
B.A. (Oregon), M.S., Ph.D. (Illinois)
- Nugent, Kathy L., Assistant Professor of Clinical Laboratory Science; 2009**  
Ph.D. (City University of New York)

- Nunn, Grady H., Professor Emeritus of Government and Public Service; 1949**  
B.A., M.A., Ph.D. (New York)
- O'Beirne, Rosie, Instructor Digital Community Studies; 2010**  
BA. (UAB); M.A. (Alabama)
- O'Connor, Stephen J., Professor, Health Services Administration; 2000**  
Ph.D. (UAB)
- Ogard, William K., Assistant Professor, Physical Therapy; 1996**  
Ph.D. (Iowa)
- O'Leary, Malinda Blair, Instructor of Spanish; 2005**  
B.A., M.Ed. (UAB), Ph.D. (Alabama)
- Olive, J. Fred, III, Head, User Services; Head, Educational Technology Services, Mervyn H. Sterne Library; 1988**  
B.A. (Samford), M.L.S., Ed.S., Ed.D. (Alabama)
- Oliver, Doug, Instructor of Nursing; 2008**  
B.A. (David Lipscomb College), B.S.N. & M.S.N. (University of South Alabama)
- Oliver, Nathan, Instructor of Management; 2003**  
B.S. (UAB), M.B.A. (Alabama A & M)
- Oliver, Tina, Instructor of Mechanical Engineering; 2000**  
B.S.M.E, M.S.M.E (UAB), Ph.D. (Alabama)
- O'Neil, Peter V., Professor Emeritus of Mathematics; 1978**  
B.S. (Fordham), M.S., Ph.D. (Rensselaer Polytechnic Institute)
- Orihuela, Carlos L., Associate Professor of Spanish; 1994**  
B.A. - Licenciatura in Literature (Universidad Nacional Mayor De San Marcos, Lima), M.A., Ph.D. (Pittsburgh)
- Osborn, Kristen, Instructor of Nursing ; 2001**  
B.S.N. (University of Alabama), M.S.N. (UAB)
- Oversteegen, Lex G., Professor of Mathematics; 1980**  
Kandidaat Doctorandus (Amsterdam), Ph.D. (Wayne State)
- Pang, K. C., Instructor of Marketing; 2003**  
B.S., M.B.A. (UAB)
- Panion, Henry, III, University Professor, Department of Music; 1987**  
B.S. (Alabama A&M), M.A., Ph.D. (Ohio State)
- Parcak, Sarah H., Assistant Professor of Anthropology; 2006**  
B.A. (Yale), M.A., PhD. (Cambridge)
- Park, Na-Jin, Assistant Professor of Nursing; 2006**  
B.S.N., M.S.N. (Pusan National Univ, Korea), Ph.D. (UAB)
- Pate, Mary Frances, Associate Professor of Nursing; 2009**  
B.S.N., M.S.N., D.S.N. (UAB)
- Patrician, Patricia, Associate Professor of Nursing & Banton Professorship; 2008**  
B.S.N. (Wilkes University), M.S.N. (University of Texas), Ph.D. (University of Pennsylvania), M.S. (U.S. Army War College)

- Patterson, James C., Assistant Professor of Chemistry; 2007**  
B.A. (Carleton), Ph.D. (California – Santa Barbara)
- Patterson, Janice, Associate Professor of Elementary Education; 1999**  
B.S. (Kentucky), M.A. (Western Kentucky), Ph.D. (Wisconsin)
- Patterson, Jerry L., Professor of Educational Leadership; 1996**  
B.S., M.A. (Kentucky), Ph.D. (Ohio)
- Paustian, Pamela E., Assistant Professor and Program Director, Health Sciences Program; 2001**  
M.S., (Faulkner University)
- Pearce, Patricia Flannery, Assistant Professor of Nursing; 2009**  
B.A. , B.S.N. (Loyola University), M.P.H. (Tulane University), M.S.N. (Mississippi University for Women),  
Ph.D. (University of North Carolina Chapel Hill)
- Peel, Claire, Professor of Physical Therapy; Associate Provost for Faculty Development and Faculty Affairs; 1996**  
Ph.D. (Iowa)
- Peoples, Vanetta, Instructor of Nursing; 2009**  
B.S.N. (UAB), M.S.N. (University of Phoenix)
- Pence, Gregory E., Professor of Philosophy; Coursemaster, Medical Ethics, School of Medicine; 1976**  
B.A. (William and Mary), M.A., Ph.D. (New York)
- Penick, James L., Professor Emeritus of History; 1988**  
B.A. (William and Mary), M.A., Ph.D. (California-Berkeley)
- Perez, Patricia L., Assistant Professor, Physical Therapy; 2001**  
M.S. (UAB)
- Peters, Robert W., Professor of Civil, Construction and Environmental Engineering; 2001**  
B.S. (Northwestern), M.S., Ph.D. (Iowa State)
- Peterson, Dana, Assistant Professor of Biology; 2009**  
B.A. (Missouri,) M.Ed. (Oklahoma,) M.A. (Colorado,) Ph.D. (Maine)
- Petri, Cynthia J., Associate Professor of Health Education; 1992**  
B.A., M.S., Ph.D. (Purdue)
- Phillips, Jennan, Assistant Professor of Nursing; 2008**  
B.S.N. (Samford University), M.S.N., D.S.N. (UAB)
- Phillips, Scott L., Assistant Professor of Music; 2008**  
B.A. (Brigham Young), M.A. (Central Florida), Ph.D. (Iowa)
- Pierce, Cecilia M., Associate Professor of High School Education; 1990**  
B.S. (Alabama), M.Ed. (Montevallo), Ed.D. (Alabama)
- Pijuan-Thompson, Vivian, Assistant Professor and Program Director, Cytotechnology Program; 2000**  
Ph.D. (Miami, Coral Gables)
- Pilkerton, Patty A., Associate Librarian, Technical Services, Mervyn H. Sterne Library; 1988**  
B.S. (Montevallo), M.A. (UAB), M.L.S. (Alabama)
- Pillay, Selvam, Assistant Professor of Materials Science and Engineering; 2007**  
Bach (M L Suttan Technikon), M.S.M.E. (Florida A&M), Ph.D. (UAB)

**Piyathilake, Chandrika J., Associate Professor of Nutrition Sciences; 1997**  
Ph.D. (UAB)

**Pollard, Andrew, Professor of Biomedical Engineering; 1996**  
B.S.E., M.S.E., Ph.D. (Duke)

**Pollard, Elizabeth Ayres, Assistant Professor of Theatre; 2003**  
B.A. (New Mexico State), M.A. (Arizona State)

**Poole, Dorothea, Instructor of Nursing; 1993**  
B.S.N. (Tuskegee University), M.S.N. (UAB)

**Ponder, Amy, Instructor of Nursing; 2009**  
B.S.N. (UAB), M.S.N. (Samford University)

**Powell, Larry, Professor of Communication Studies; 1998**  
B.A., M.A. (Auburn), Ph.D. (Florida)

**Powell, Mickie L., Research Assistant Professor of Biology; 2006**  
B.S., M.S., Ph.D. (UAB)

**Powell, M. Paige, Assistant Professor, Health Sciences Program; 2004**  
Ph. D. (Pennsylvania State)

**Powers, John D., Assistant Professor of Art; 2008**  
B.A. (Vanderbilt), M.F.A. (Georgia)

**Powers, Ollie S., Associate Professor of Accounting; 1975**  
B.S. (Samford), M.A. (Alabama), C.M.A.

**Powers, Thomas L., Professor of Marketing and Industrial Distribution; 1985**  
B.S., M.B.A. (Eastern Michigan), Ph.D. (Michigan State)

**Prather-Kinsey, Jenice; Professor of Accounting; Chair, Department of Accounting and Finance; 2010**  
B.S. (Lindenwood), M.S. (Illinois), Ph.D. (Alabama), C.P.A.

**Price, Marjorie, Associate Professor of Philosophy; 1977**  
A.B. (Barnard), M.A., Ph.D. (New York)

**Price, William, Assistant Professor of Music; 2006**  
B.M.E. (UNA), M.M., D.M.A. (LSU)

**Prince, Charles W., Professor of Nutrition Sciences; Assistant Vice-President for Research; 1984**  
Ph.D. (UAB)

**Pruett, Jill, Assistant Professor of English; 2007**  
B.A. (Warren Wilson), M.A., Ph.D. (Florida)

**Pryor, Erica, Associate Professor of Nursing and PhD Program Coordinator; 2000**  
B.S.N. (University of Alabama in Huntsville), M.S.N. (UAB), Ph.D. (Emory University)

**Qu, Haiyan, Assistant Professor, Health Services Administration; 2007**  
Ph.D. (UAB)

**Quintana, Jose B., Assistant Professor, Health Services Administration; 1989**  
Ph.D. (UAB)

**Quinlan, Kieran, Professor of English; 1986**  
B.A., M.A. (Oxford), M.A., Ph.D. (Vanderbilt)

- Radford, David L., Associate Professor of Elementary and High School Education; Science Education Coordinator, Center for Community Outreach; 1998**  
B.A. (Florida), M.A. (South Florida), Ph.D. (Georgia)
- Randich, Alan, Professor of Psychology; Director, Behavioral Neuroscience Doctoral Program; 1991**  
B.A., M.S. (Syracuse), Ph.D. (Dalhousie)
- Rauterkus, Andreas, Assistant Professor of Finance; 2007**  
Diploma (J. W. Goethe University, Germany), M.B.A. (East Carolina), Ph.D. (Cincinnati)
- Rauterkus, Stephanie, Assistant Professor of Finance; 2007**  
B.S., M.A., M.B.A. (Cincinnati), Ph.D. (LSU)
- Ray, Midge N., Associate Professor, Health Information Management Program; 1983**  
R.N, M.S.N. (UAB)
- Reed, Marc, Assistant Professor of Music; 2009**  
B.M.E. (Drake), M.M., D.M.A. (North Texas)
- Reed, Linda, Interim Chair Adult/Acute Health, Chronic Care & Foundations & Assistant Professor of Nursing; 1980**  
B.S.N., M.S.N. (UAB), Ph.D. (University of Texas)
- Reilly, Kevin D., Professor Emeritus of Computer and Information Sciences; 1970**  
B.S. (Creighton), M.S. (Nebraska), Ph.D. (Chicago)
- Reynolds, Dale, Instructor of Music; Associate Chair, Department of Music; 1998**  
B.M. (Samford), M.M. (Southwestern Baptist Theological Seminary), Post-M
- Reynolds, Jeff W., Associate Professor of Music; Chair, Department of Music; 1998**  
B.M. (Samford), M.M. (Southwestern Baptist Theological Seminary), D.M.A. (Illinois)
- Rice, Marti, Professor of Nursing; 1997**  
B.S.N. (Creighton University), M.S.N. (Medical College of Georgia), Ph.D. (Georgia State University)
- Richmond, Virginia Peck, Professor of Communication Studies; Chair, Department of Communication Studies; 2006**  
B.A. (West Virginia Institute of Technology), M.A. (West Virginia), Ph.D. (Nebraska)
- Ridings, Herbert D., Associate Professor, Surgical Physician Assistant Program; 2004**  
M.A. (Kentucky)
- Rieger, Sonja O., Professor of Art; 1979**  
B.A. (Massachusetts), M.F.A. (Rutgers)
- Rigney, E. Douglas, Professor of Biomedical Engineering; Special Assistant to the Provost; Vice President of Information Technology; 1989**  
B.S.E, B.S.Mt.E, M.S.B.M.E, Ph.D. (UAB), P.E. (Alabama)
- Rinker, Erika H., Instructor of German; 2008**  
B.A. (Wake Forest), M.A. (Washington in Saint Louis)
- Ritchey, Ferris J., Professor Emeritus of Sociology; 1978**  
B.S., M.A. (Alabama), Ph.D. (Texas)
- Rivera, C. Julio, Associate Professor of Information Systems; 1988**  
B.S., M.S. (Texas A&M), M.B.A. (Southern Mississippi), Ph.D. (Mississippi State)
- Roberson, Anthony, Assistant Professor of Nursing; 2007**  
B.A. (University of Alabama), M.S.N. (University of South Florida), M.S. (Troy State University), Ph.D. (University of North Carolina Chapel Hill)

**Roberts, Steve, Assistant Professor of Music; 2007**

B.M. (Oberlin), M.M., D.M.A. (Illinois)

**Robicheaux, Robert A., Professor of Marketing and Industrial Distribution,  
Chair, Department of Marketing, Industrial Distribution, and Economics; 2004**

B.S., M.B.A., Ph.D. (Louisiana State University)

**Robinson, Christopher, Assistant Professor of Psychology; 2004**

B.A. (New College), Ph.D. (UAB)

**Robinson, Robert R., Assistant Professor of Government; 2006**

B.A. (Rhodes), M.A., Ph.D. (Wisconsin-Madison)

**Rogers, Jack M., Associate Professor of Biomedical Engineering; 1994**

B.S., M.S., Ph.D. (California-San Diego)

**Ross, Douglas, Instructor of Mechanical Engineering;**

BSME (Illinois Urbana-Champaign)

**Ross, Jill, Assistant Professor of Nursing; 2002**

B.S.N (College of St. Catherine), M.N. (University of Florida), M.L.S. (University of Nebraska), Ph.D. (University of Kansas Medical Center)

**Rowe, Jan A., Associate Professor, Occupational Therapy; 1989**

O.T.D. (Nova Southeastern)

**Roy, Jane, Associate Professor of Physical Education; 2001**

B.S., M.A., Ph.D. (Alabama)

**Rushton, William James, IV, Assistant Director of the Honors Program and Adjunct Lecturer of English; 1998**

B.A. (Vanderbilt), A.B. (Oxford), M.A., Ph.D. (Virginia)

**Ryan, Allen, Instructor of Economics; 2006**

B.S., B.B.A. (Georgia), M.S.H.A. (UAB)

**Ryan, Cynthia, Associate Professor of English; 1998**

B.S., M.A. (Illinois State), Ph.D. (Purdue)

**Saito, Yoshimi, Professor of Mathematics; 1983**

B.A., M.A., Ph.D. (Kyoto, Japan)

**Saenz, Karen, Assistant Professor of Nursing; 2004**

B.S.N., M.P.H. (UAB), M.S.N. (University of Florida), Ph.D. (University of Central FL)

**Samuels, Sue, Assistant Professor of Music; Director of Bands; 2003**

B.M. (Furman), M.M. (Georgia State), Ph.D. (Auburn)

**Salama, Talat, Assistant Professor of Civil, Construction, and Environmental Engineering; 2005**

B.S.C.E. (Rutgers), M.S. (The American University in Cairo, Egypt), Ph.D. (Rutgers)

**Sánchez-López, Lourdes, Associate Professor of Spanish;**

**Director, Spanish for Specific Purposes Certificate Program; 2001**

B.A. (Universidad de Granada), M.A. (Southern Mississippi), M.A., Ph.D. (Universidad de Jaén)

**Sanspree, Mary Jean. Research Professor of Special Education; 1996**

B.S. (Auburn), M.A.(U.A.B.), Ph.D. (U.A.B.)

**Santoro, Nick J., Research Associate Professor of Mechanical Engineering; 2007**

B.S, M.S., Ph.D. (Alabama)

**Sauer, Maribeth, Instructor of Nursing; 2000**

B.S.N., M.S.N. (UAB)

- Schimizzi, Anthony G., Associate Librarian, Technical Services, Mervyn H. Sterne Library; 1978**  
B.A. (Cornell), M.A. (North Carolina), M.L.S. (Kentucky)
- Schnormeier, Kimberly A., Associate Professor of Theatre; Associate Chair, Department of Theatre; 1991**  
B.F.A. (Miami), M.F.A. (Northwestern)
- Schwarzer, David, Associate Professor of Curriculum and Instruction; 2006**  
B.A. (Tel-Aviv University), M.A. (Tel-Aviv University), Ph. D. (University of Arizona)
- Schwebel, David C., Vice Chair and Director of Undergraduate Studies of Psychology;  
Associate Professor of Psychology; 2000**  
B.A. (Yale), M.A., Ph.D. (Iowa)
- Scripa, Rosalia N., Professor of Materials Science and Engineering; Professor of Biomedical Engineering; 1976**  
B.S. (Alfred), M.S. (Pennsylvania State), M.S., Ph.D. (Florida), P.E. (Alabama)
- Searby, Linda J., Assistant Professor of Educational Leadership; 2005**  
B.A. (Lincoln), M.S. Eastern Illinois, Ph.D. (Illinois State)
- Segner, E. P., Jr., Professor Emeritus of Civil and Environmental Engineering; 1990**  
B.S.C.E., M.S.C.E. (Texas), Ph.D. (Texas A&M), P.E. (Alabama, Texas, Oklahoma, Tennessee)
- Self, William R., Associate Professor of Communication Studies;  
Associate Chair, Department of Communication Studies; 1989**  
B.A. (Montevallo), Ph.D. (Alabama)
- Shackleford, Lee, Assistant Professor of Theatre; 2000**  
B.A. (UAB), M.F.A. (Southern Illinois)
- Sharifov, Oleg F., Research Assistant Professor of Biomedical Engineering; 2005**  
M.D. (Russian State Medical University), Ph.D. (Moscow State University)
- Sharlach, Lisa, Assistant Professor of Government; 2004**  
B.A. (California), M.A. (California), Ph.D. (California - Davis)
- Shaw, Sharon E., Associate Professor and Chair, Physical Therapy Program; 1985**  
Dr. P.H. (UAB)
- Shealy, David L., Professor of Physics; Chair, Department of Physics; 1973**  
B.S., Ph.D. (Georgia)
- Sheets, Patricia M., Instructor in Counselor Education; 1991**  
B.A., M.A. (UAB), Ph.D. (Alabama)
- Shewchuk, Richard M., Professor, Health Services Administration; 1986**  
Ph.D. (Oregon)
- Shores, Melanie L, Assistant Professor of Educational Psychology and Research; 2005**  
B.S. (Auburn), M.A.E. (Auburn), M.A (Auburn), Ph.D. (Auburn)
- Shih, Ming-Hsih (Alan), Research Professor of Mechanical Engineering; 2002**  
B.E. (Tamkang University), M.S., Ph.D. (Mississippi State)
- Shterenberg, Roman G., Assistant Professor of Mathematics; 2007**  
M.S., Ph.D (St. Petersburg State University – Russia)
- Siegel, Daniel, Associate Professor of English; 2002**  
B.A. (Chicago), M.A., Ph.D. (Virginia)

- Simányi, Nándor, Professor of Mathematics; 1999**  
M.S., Ph.D. (Rolánd Eötvös - Hungary), Dr.M.S. (Hungarian Academy of Sciences)
- Simon, Cliff, Associate Professor of Theatre; 2002**  
B.A. (Queens), M.F.A. (Texas-Austin)
- Simpson, Laura Elizabeth, Senior Assistant Librarian, Technical Services, Mervyn H. Sterne Library; 2008.**  
B.A. (Rhodes College), M.L.S. (Indiana)
- Sims, Michele, Associate Professor of Middle School Education; 1999**  
B.A., M.S. (CUNY), Ph.D. (Pennsylvania)
- Sims, Sandra, Assistant Professor of Physical Education; 2005**  
B.S. (Montevallo), M.A. (UAB), Ed.S. (UAB), Ph.D. (Southern Mississippi)
- Singh, Sanjay K., Associate Professor of Information Systems; 1993**  
B.Com. (St. Xavier), M.B.A. (Georgia College), Ph.D. (Georgia)
- Singleton, Tommie, Associate Professor of Information Systems and Accounting; 2003**  
B.S., M.B.A. (North Alabama), Ph.D. (Mississippi)
- Sisiopiku, Virginia P., Associate Professor of Civil, Construction and Environmental Engineering; 2002**  
B.S. (Aristotelian University of Thessaloniki), M.S., Ph.D. (Illinois-Chicago)
- Skinner, Lauren, Assistant Professor of Marketing; 2007**  
B.S. (Tulane), M.B.A. (Samford), Ph.D. (Alabama)
- Skjellum, Anthony, Professor of Computer and Information Sciences;  
Chair, Department of Computer and Information Sciences; 2003**  
B.S., M.S., Ph.D. (California Institute of Technology)
- Slack, James D., Professor of Government; 1999**  
B.A. (Ohio), M.A., Ph.D. (Miami)
- Slaughter, Lauren, Assistant Professor of English; 2007**  
B.A. (Kenyon), M.F.A. (Alabama), M.A. (Montana)
- Slick, Michele, Instructor of Nursing; 2008**  
B.S.N. (Marymount University), M.E. (University of Southern California), M.S.N. (University of Alabama at Huntsville)
- Sloan, John J., III, Associate Professor of Justice Sciences; Chair, Department of Justice Sciences;  
Associate Professor of Sociology; 1988**  
B.S., M.A. (Eastern Michigan), Ph.D. (Purdue)
- Sloan, Kenneth, Associate Professor of Computer and Information Sciences;  
Associate Professor of Biomedical Engineering; 1990**  
Sc.B. (Brown), M.S. (Stevens Institute of Technology), Ph.D. (Pennsylvania)
- Sloane, Michael E., Director, University Honors Program; Associate Professor of Psychology; 1982**  
B.A., M.A. (University College, Dublin), Ph.D. (Northwestern)
- Slovensky, Donna J., Professor of Health Services Administration; Associate Dean, School of Health Professions; 1976**  
R.H.I.A., Ph.D. (UAB)
- Smith, Angel, Instructor of Accounting; 2008**  
B.S., MAc. (UAB)

- Smith, Brent L., Professor Emeritus of Justice Sciences; 1981**  
B.A. (Ouachita), M.S., Ph.D. (Purdue)
- Smith, Dennis G., Associate Professor of Electrical and Computer Engineering; 1977**  
B.S.E. (Alabama), M.S.E. (UAB), Ph.D. (Alabama in Huntsville)
- Smith, Delaine, Instructor of Nursing; 2009**  
B.S.N. (Washburn University), M.S.N. (UAB & Medical University of South Carolina)
- Smith, Glenda, Assistant Professor of Nursing; 2006**  
B.S.N., (North Carolina Central University), M.S.N. (Vanderbilt University), D.S.N. (University of Texas-Houston Health Science Center)
- Smith, Myra, Assistant Professor of Nursing; 2009**  
B.S.N., M.S.N. (UAB), PhD (University of Texas)
- Smith, Tommy G., Associate Professor of High School Education; 1989**  
B.S., M.S., Ed.D. (Auburn)
- Smith, Virginia Whatley, Associate Professor of English; 1991**  
B.S. (North Carolina A&T State), M.A., Ph.D. (Boston University)
- Smith, William M., Professor Emeritus of Biomedical Engineering;; 1994**  
B.S. (Oglethorpe), Ph.D. (Duke)
- Snyder, Scott W., Associate Professor of Research and Early Childhood Special Education, Associate Dean; 1988**  
B.A. (SUNY-Potsdam), M.S., Ph.D. (Purdue)
- Soloario, Thamar, Assistant Professor of Computer Science; 2009**  
B.S. (Universidad Autónoma de Chihuahua, Mexico) M.S. (Instituto Nacional de Astrofísica, Óptica y Electrónica [INAO]) Ph.D. (INAO)
- Song, Yuhua, Assistant Professor of Biomedical Engineering; 2006**  
B.S. (Jilin University of Technology), M.S. (Harbin University of Science and Technology),  
Ph.D. (Harbin Institute of Technology)
- Soni, Bharat K., Professor of Mechanical Engineering; Chair, Department of Mechanical Engineering; 2002**  
B.S., M.S. (M.S. University, India), Ph.D. (Texas-Arlington)
- Spence, Paul H., Professor Emeritus; Mervyn H. Sterne Library; 1970**  
A.B., M.A. (Emory), Ph.D. (Illinois)
- Spezzini, Susan K., Assistant Professor of English as a Second Language; 2005**  
B.A. (California), M.A. (California), Ph.D. (Alabama)
- Sprague, Alan P., Associate Professor of Computer and Information Sciences; Associate Professor of Medicine; 1988**  
B.A. (Oberlin), M.A.T. (Northwestern), M.S., Ph.D. (Ohio State)
- Springer, Beth, Instructor of Accounting; 2007**  
B.S., M.Acc. (Alabama)
- Stanford, Robert E., Professor of Quantitative Methods; 1982**  
B.A. (University of the South), M.A. (Georgia Institute of Technology), Ph.D. (California-Berkeley)
- Stanishevsky, Andrei V., Associate Professor of Physics; 2002**  
M.S. (Minsk Radioengineer Institute-USSR), Ph.D. (Belarus Academy of Sciences –USSR)
- Stanishevskaya, Irina N., Senior Assistant Librarian, Technical Services, Mervyn H. Sterne Library; 2008.**  
B.S. (Belarusian University of Culture), M.L.I.S. (Alabama)

- Stansell, Laura R., Instructor of Mathematics; 2007**  
B.S. (Berry), M.S. (Southern Mississippi), M.S. (UAB)
- Steele, Brian, Assistant Professor of History; 2005**  
B.A. (Tulsa), M.A. (Tulsa), Ph.D. (UNC)
- Stephens, G. Lynn, Professor of Philosophy; 1979**  
B.A. (Harvard), Ph.D. (Massachusetts)
- Stephens, Jerry W., Librarian and Director, Mervyn H. Sterne Library; 1974**  
B.S., M.B.A. (UAB), M.L.S., Ph.D. (Alabama)
- Stocks, Douglas R., Associate Professor Emeritus of Mathematics; 1969**  
B.A., M.A., Ph.D. (Texas)
- Stokely, Ernest M., Professor Emeritus of Biomedical Engineering; Associate Dean Emeritus of Engineering; 1990**  
B.S.E.E. (Mississippi State), M.S.E.E., Ph.D. (Southern Methodist), P.E. (Texas)
- Stolz, Günter, Professor of Mathematics; 1994**  
Ph.D. (Frankfurt, Germany)
- Strevy, Deborah, Assistant Professor of Early Childhood Education; 2004**  
B.S. (UAB), M.A. (UAB), Ph.D. (UAB)
- Stullenbarger, Elizabeth, Professor of Nursing and Associate Dean of Academic Affairs; 1981**  
B.S.N. (Alderson-Broadus College), M.A. (Marshall University), M.S.N., D.S.N. (UAB)
- Sullivan, Jacqueline, Assistant Professor of Philosophy; 2007**  
B.A. (Clark), M.S., Ph.D. (Pittsburgh)
- Sutton, Bryce, Assistant Professor of Economics; 2004**  
B.A. (Indiana), M.A. (Eastern Illinois), Ph.D. (St. Louis)
- Su, Xiaogang, Associate Professor of Nursing; 2010**  
B.S. (Beijing Normal University), M.S., Ph.D. (University of California at Davis)
- Swatzell, Kelley E., Assistant Professor, Surgical Physician Assistant Program; 2006**  
M.P.H. (UAB)
- Talbott, Laura L., Assistant Professor of Health Education, 2005**  
B.S. (Ball State), M.S. (Central Florida), Ph.D. (South Carolina)
- Talbot, Thomas F., Professor Emeritus of Materials and Mechanical Engineering; 1967**  
B.M.E. (Auburn), M.S. (California Institute of Technology), Ph.D. (Georgia Institute of Technology),  
P.E. (Alabama, Georgia, Tennessee)
- Talley, Michele, Instructor of Nursing; 2009**  
B.S.N. (University of Alabama), M.S.N. (UAB)
- Tamura, Tsunenobu, Professor Emeritus, Nutritional Biochemistry & Genomics; 1982**  
M.D. (Fukushima Medical College)
- Tanik, Murat M., Professor of Electrical and Computer Engineering; 1998**  
B.S. (Middle East Technical), M.C.S., Ph.D. (Texas A&M), P.E. (Texas)
- Tanju, Deborah W., Professor of Accounting; 1982**  
B.B.A., M.Acc., Ph.D. (Georgia), C.M.A., C.I.A.

- Tanju, Murat N., Professor of Accounting; 1977**  
B.S. (Academy of Economics and Commercial Sciences, Eskisehir, Turkey), M.Acc.,  
Ph.D. (Georgia), C.M.A., C.P.A.
- Taub, Edward, University Professor of Psychology; 1986**  
B.A. (Brooklyn), M.A. (Columbia), Ph.D. (New York)
- Taylor, Christopher C., Professor of Anthropology and Social Work; 1991**  
B.A. (Yale), M.A. (Paris-X, Nanterre), Ph.D. (Virginia)
- Temple, Cheryl, Instructor of English; 2005**  
B.S. (Missouri), M.A. (Chapman)
- Temple, Gale M., Associate Professor of English; 2001**  
B.S. (Michigan), M.A., Ph.D. (Loyola-Chicago)
- Thacker, Robert W., Associate Professor of Biology; 2000**  
B.S. (Duke), M.S., Ph.D (Michigan)
- Theodore, George M., Assistant Professor of Educational Leadership, 2005**  
B.A. (Birmingham Southern), M.A. (UAB), Ed.S. (UAB), Ph.D. (Alabama/UAB)
- Tollefsbol, Trygve, Professor of Biology; 1998**  
B.S. (Houston), M.S.,D.O., Ph.D. (North Texas Health Sciences Center)
- Treutel, Rita B., Instructor of English; 1998**  
B.S. (Auburn), M.A. (UAB)
- Trigg, Becky, Teaching Assistant Professor of Sociology; 2003**  
B.A., M.A., (UAB)
- Trimm, Jerry M., Associate Professor of Health Sciences; 2006**  
Ph.D. (UAB)
- Tsay, Bor-Yi, Professor of Accounting; 1986**  
B.S. (National Taiwan), M.B.A. (Eastern Washington), Ph.D. (Houston), C.P.A.
- Tsoi, Georgiy, Research Assistant Professor of Physics; 2005**  
M.Sc. (Karkov, Ukraine), Ph.D. (NAS, Ukraine)
- Tucker, Diane C., Director, Science and Technology Honors Program; Professor of Psychology; 1984**  
B.S., M.S., Ph.D. (Iowa)
- Turner, Kevin, Instructor of Music; 1998**  
B.A. (Trinity)
- Turner-Henson, Anne, Professor of Nursing; 1982**  
B.S.N. (Medical College of Georgia), M.N. (Emory University), D.S.N. (UAB)
- Turpen, Richard A., Associate Professor of Accounting; 1993**  
B.S. (Birmingham-Southern), M.A., Ph.D. (Alabama), C.P.A.
- Twieg, Donald B., Professor of Biomedical Engineering; Associate Professor of Cardiovascular Disease/Medicine; 1990**  
B.A., M.S. (Rice), Ph.D. (Southern Methodist)

- Tyson, Lawrence E., Associate Professor of Counselor Education; 1997**  
B. A. (Atlantic Christian), M.Ed. (Rollins), Ph.D. (Mississippi State)
- Uddin, Nasim, Associate Professor of Civil, Construction and Environmental Engineering; 2001**  
B.S. (University of Engineering and Technology, Bangladesh), M.S. (Oklahoma-Norman), Ph.D. (SUNY Buffalo)
- Unlap, M. Tino, Associate Professor of Clinical Laboratory Sciences; 2008**  
Ph.D. (Kansas State)
- Uswatte, Gitendra, Associate Professor of Psychology; 2001**  
B.A. (Princeton), M.A., PhD., (UAB)
- Vaidya, Uday K., Professor of Materials Science and Engineering; 2001**  
B.S.M.E. (Karnataka University, India), M.S. (Shivaji University, India), Ph.D. (Auburn)
- Van Matre, Joseph G., Professor of Quantitative Methods; 1971**  
B.E.E., M.B.A. (Auburn), Ph.D. (Alabama)
- Van Sant, John, Associate Professor of History; 2000**  
B.A., M.A. (UC-Davis), Ph.D. (Oregon)
- Vance, David, Associate Professor of Nursing; 2004**  
B.S. (VA Tech), M.S. (University of New Orleans), M.G.S. (Miami University), Ph.D. (UAB)
- Vaughan, Loy O., Jr., Associate Professor of Mathematics; 1969**  
B.A. (Florida State), M.S., Ph.D. (Alabama)
- Vaughn, Gregg L., Professor of Electrical and Computer Engineering;  
Interim Chair, Department of Electrical and Computer Engineering; 1979**  
B.S.E.E., M.S.E.E, Ph.D. (Alabama), P.E. (Alabama)
- Velu, Sadanandan, Assistant Professor of Chemistry; 2002**  
B.Sc., M.Sc. (Calicut – India), Ph.D. (Madras – India)
- Vetter, Imelda L., Assistant Librarian, Reference Services, Mervyn H. Sterne Library; 2007**  
B.A. (Oberlin), M.L.S. (Indiana)
- Vincent, Janice, Assistant Professor of Nursing; 1983**  
B.S.N. (Samford University), M.S.N. (Medical College of Georgia), D.S.N. (University of Alabama)
- Vines, Adam, Assistant Professor of English; 2006**  
B.A., M.A. (UAB), M.F.A. (Florida)
- Vogtle, Laura K., Professor, Occupational Therapy; 1995**  
Ph.D. (Virginia)
- Vohra, Yogesh K., Professor of Physics and University Scholar; 1992**  
B.S., M.S. (Delhi, India), Ph.D. (Bombay, India)
- Vollmer, Sara H., Research Assistant Professor of Philosophy**  
B.S. (Kansas), Ph.D. (Nebraska), Ph.D. (Maryland)
- Voltz, Deborah L., Associate Professor of Special Education, 2003**  
B.A. (Evanston), M.A. (UAB), Ed.D. (Alabama)
- Vuchinich, Rudy, Professor of Psychology; Associate Director, Medical (Clinical) Psychology Doctoral Program; 2001**  
B.S., (Indiana State), M.A., PhD. (Vanderbilt)

- Vyazovkin, Sergey, Associate Professor of Chemistry; 2001**  
B.M.S., M.A., Ph.D., (Belorussian – Russia)
- Wadas, Theresa, Instructor of Nursing ; 2004**  
B.S.N., (Troy State University), M.S.N. (UAB)
- Wadley, Virginia, ResearchVoltz, Deborah, Associate Professor of Special Education, 2003**  
B.A. (National College of Education-Evanston), M.A. (UAB), Ed.D. (Alabama)
- Walden, Carolyn F., Head, Cataloging, Technical Services, Mervyn H. Sterne Library; 1978**  
B.M., M.A. (Iowa), M.M. (Cincinnati)
- Waldron, Christopher, Assistant Professor of Civil, Construction and Environmental Engineering; 2008**  
BSCE (Drexel); MSCE, PhD (Virginia Tech)
- Walker, Chris D., Assistant Professor of Social Work; 1999**  
B.S.S.W., M.S.W. (Alabama)
- Walker, Deborah Kirk, Assistant Professor of Nursing; 2009**  
B.S.N., M.S.N. (Troy University), D.N.P. (University of South Alabama)
- Walker, Joe, Associate Professor of Finance; 1987**  
B.A., B.S. (Baylor), Ph.D. (Texas A&M)
- Wallace, Gail, Assistant Professor of Sociology; 2008**  
B.A. (California-Davis), M.A. (California State- Sacramento), Ph.D. (Iowa State)
- Walsh, Peter E., Research Professor of Mechanical Engineering; 2002**  
B.S. (Robert College, Turkey), M.A. (Wesleyan University), Ph.D. (Cornell)
- Wang, Pengfei, Assistant Professor of Chemistry; 2005**  
B.E., B.Sc. (Tsinghua, China), M.S. (Illinois-Chicago), Ph.D. (Wisconsin)
- Wang, Yu-mei, Associate Professor of Educational Technology; 2002**  
B.A. (Harbin Normal – China), Ph.D. (Oregon-Eugene)
- Wang, Xujing, Associate Professor of Physics ; 2008**  
B.S. (NanKai , China), Ph.D. (Texas A&M)
- Ward, James R., Jr., Professor of Mathematics; 1989**  
B.A., M.A., Ph.D. (South Florida)
- Warner, Gary, Director of Research in Computer Forensics; 2007**  
B. S. (UAB)
- Warner, Vessela, Assistant Professor of Theater; 2007**  
M.A. (Sofia University, Bulgaria), M.F.A. (National Conservatory of Theater, Bulgaria), Ph.D. (U of Washington)
- Warren, Mary, Associate Professor, Occupational Therapy; 2001**  
M.S. (Kansas)
- Wasko, Molly McLure, Associate Professor of Management;  
Chair, Department of Management, Information Systems, and Quantitative Methods; 2010**  
B.B.A., B.A. (James Madison), M.B.A. (Averett), Ph.D. (Maryland, College Park)
- Watkins, Charles L., Professor of Chemistry; 1970**  
B.S. (Alabama), M.S., Ph.D. (Florida)
- Watson, R. Douglas, Professor of Biology; 1988**  
B.S. (Southern Utah State), Ph.D. (Iowa)

- Watts, Penni, Instructor & Director of Clinical Simulation and Training; 2002**  
B.S.N. (Auburn University), M.S.N. (Troy State University)
- Watts, Stephen A., Professor of Biology; 1987**  
B.S. (Auburn), M.S., Ph.D. (South Florida)
- Waugh, Jonathan B., Associate Professor, Respiratory Therapy Program; 1999**  
Ph.D. (Ohio State)
- Wdowiak, Thomas J., Associate Professor Emeritus of Physics; 1976**  
B.S. (South Florida), Ph.D. (Case Western Reserve)
- Wech, Barbara, Associate Professor of Management; 2001**  
B.S. (Wayne State), M.B.A. (Michigan State), Ph.D. (Louisiana State)
- Weech-Maldonado, Robert, Professor and LR Jordan Endowed Chair, Health Services Administration; 2009**  
Ph.D. (Temple)
- Weikard, Rudi, Professor of Mathematics; Chair, Department of Mathematics; 1990**  
Diploma, Ph.D. (Technical University of Braunschweig, Germany)
- Weissman, Norman W., Professor Emeritus of Health Services Administration; 1997**  
Ph.D. (Maryland)
- Weinstein, Gilbert, Associate Professor of Mathematics; 1991**  
B.A. (Haifa, Israel), M.Ph., Ph.D. (Syracuse)
- Weller, Rosalyn E., Associate Professor of Psychology; 1986**  
B.A. (Pennsylvania State), Ph.D. (Vanderbilt)
- Wenger, Lowell E., Professor of Physics; 2003**  
B.S., M.S., Ph.D. (Purdue)
- Whall, Mary B., Assistant Professor of Philosophy; 1993**  
B.S., B.A. (UAB), Ph.D. (Georgia)
- Wharton, Lawrence G., Associate Professor of English; 1974**  
B.A., M.A. (Oklahoma State), Ph.D. (Utah)
- Wheatley, Bruce P., Professor of Anthropology; 1979**  
A.B. (California-Berkeley), Ph.D. (California-Davis)
- Whitaker, Kerry, Assistant Professor, Surgical Physician Assistant Program; 2009**  
M.S. (George Washington)
- Wibbels, Thane, Professor of Biology; 1993**  
B.S. (Nebraska), M.S. (Houston), Ph.D. (Texas A&M)
- Wick, Timothy M., Professor of Biomedical Engineering; Chair, Department of Biomedical Engineering; 2005**  
B.S. (Colorado), Ph.D. (Rice)
- Williams, Anne, Assistant Professor of Nursing; 1994**  
B.S.N. (Cornell University), M.S., Ph.D. (University of Arizona)

- Wills, Edward L., Research Associate Professor Emeritus of Physics; 1972**  
B.S., M.S. (Auburn), Ph.D. (Virginia)
- Wilson, Kenneth L., Associate Professor of Sociology; 1989**  
B.A. (Iowa), M.A., Ph.D. (Texas)
- Wilson, Lynda, Assistant Dean for International Affairs & Professor of Nursing; 1997**  
B.S.N. (University North Carolina Chapel Hill), M.S.N. (University of Delaware), Ph.D. (University of Tennessee)
- Wilson, Michele, Associate Professor Emerita of Sociology; 1976**  
B.A. (Boston), M.A. (Rhode Island), Ph.D. (Connecticut)
- Wiser, Jr., Frank R., Director of Grants & Contracts and Instructor of Nursing; 2009**  
B.A., M.P.A. (University Central Florida)
- Wittig, John W., Associate Professor of Communication Studies; 1981**  
A.B. (Carson-Newman), M.A. (Florida), Ph.D. (Southern Illinois)
- Wood, Jacqueline, Associate Professor of English, 1999**  
B.A. (Ohio Wesleyan), M.A. (Western Kentucky), M.A. (Florida Atlantic), Ph.D. (Florida)
- Woods, Stephanie, Instructor of Nursing ; 2003**  
B.S.N. (University of Alabama), M.S.N. (UAB)
- Worrell, James L., Assistant Professor of Accounting; 2008**  
B.S., M.Ac., Ph.D. (Florida State)
- Worthington, Lou Anne, Associate Professor of Special Education, Associate Dean, School of Education, Chair, Department of Leadership, Special Education, and Foundations; 1996**  
B.S., M.S. (Auburn), Ph.D. (Alabama)
- Wright, Annette, Assistant Professor of Nursing ; 2002**  
B.S.N. (Auburn University), M.S.N (Troy State University), Ph.D. (UAB)
- Wright, Erin, Associate Professor of Art; Chair, Department of Art and Art History, 2001**  
B.F.A. (Colorado State), M.F.A. (Arizona)
- Wright, Rex A., Professor of Psychology; 1987**  
B.A. (Texas), M.S., Ph.D. (Kansas)
- Wu, Xuxia, Instructor of Nutrition Sciences; 2008**  
Ph.D. (Karolinska Institute)
- Yang, Qinglin, Associate Professor of Nutrition Sciences; 2008**  
Ph.D. (Washington State, Pullman)
- Yao, Xincheng, Assistant Professor of Biomedical Engineering; 2007**  
B.S., M.S. (Harbin Univ. of Tech.), Ph.D. (Institute of Physics of the Chinese Academy of Sciences)
- Yoder, Stephen A., Assistant Professor of Legal Studies; Director, School of Business Honors Program; 2008**  
A.B. (Duke), J.D. (Northwestern University School of Law)
- Yoels, William C., Professor Emeritus of Sociology; 1982**  
B.A. (Queens), M.A., Ph.D. (Minnesota)
- York, Will, Professor of Theatre; Chair, Department of Theatre; 1999**  
B.F.A., M.F.A. (Ohio)

**Young, Jennifer, Instructor of English; 2007**

B.A. (Whittier), M.A. (Tulane)

**Young, John H., Professor Emeritus of Physics; 1969**

B.A. (Gettysburg), M.S. (New Hampshire), Ph.D. (Clark)

**Zahariadis, Nikolaos, Associate Professor of Government; 1998**

B.A. (Slippery Rock), M.A., Ph.D. (Georgia)

**Zayzafoon, Lamia Ben Youssef, Assistant Professor of Foreign Languages ; 2005**

Maîtrise (Université du Centre, Tunisia), M.A., Ph.D. (Michigan State)

**Zeng, Yanni, Associate Professor of Mathematics; 1997**

B.S., M.S. (Zhongshan, China), Ph.D. (New York)

**Zhang, Chengcui, Assistant Professor of Computer and Information Sciences; 2004**

B.S., M.S. (Zhejiang University, China.), Ph.D. (Florida International)

**Zimmerman-Brown, Veronique, Instructor of Leadership, Special Education, and Foundations; 2007**

B.S. (Alabama State University), M.A.E. (UAB)

**Zou, Henghui, Associate Professor of Mathematics; 1994**

B.S. (Xiangtan, P.R.C.), M.S. (Peking, P.R.C.), Ph.D. (Minnesota)

**Zuckerman, Edward D., Associate Professor of Theatre; 1999**

B.A. (Westchester State), M.F.A. (Wayne State)

**Zvanut, Mary E., Professor of Physics; 1992**

B.S., M.S., Ph.D. (Lehigh)
