Waiver Reminders

- Remember, if you don’t fill out a waiver, you will start to see the insurance charge on your student financial account starting **August 1st**
- If you complete an approved waiver before **September 15th**, this charge will be removed
- If you do not fill out a waiver by **September 15th** you will be enrolled in the student health insurance plan and be responsible for the cost of coverage
- A fall waiver is good for an entire academic year- you don’t need to re-do your waiver for the spring or summer term
- New students for the spring or summer will complete the same process as outlined. The dates for these new student waiver deadlines will be posted on the SHS website
- If you lose coverage during the year, this is called a qualifying life event, and you can sign up for the student health insurance plan outside of the usual enrollment period. If this happens to you, contact Student Health as soon as possible for assistance with enrollment.
If you click the link to enroll in insurance, it will take you to a similar process to enroll in coverage.
