### **Statement on Hazing**

*Office of Student Involvement and Leadership

A fraternity/sorority who believes in true brotherhood/sisterhood and the ideas taught in his/her fraternity/sorority ritual, could not possibly haze a pledge/associate member or brother/sister. Every national fraternity has outlawed hazing. The State of Alabama has enacted legislation making hazing a criminal offense.

The UAB administration is unconditionally opposed to any situation created to produce mental and/or physical discomfort, embarrassment, harassment or ridicule. Members of the Fraternity and Sorority community are expected not to participate in any hazing activity, and to report immediately any such activity of which they become aware. Failure to report hazing is in effect giving approval of it.

Hazing may be caused by either overt or covert coercion. When any hazing activity is suggested by a fraternity or member of a fraternity, to new or trial members, covert coercion will be established, even if the activity is said to be "voluntary".

Fraternity and Sorority Life complies with all university policies, local, state, and federal laws related to hazing. The university's Hazing Policy for Student Organizations can be found online using this [LINK](#).
