Into the Streets

"As president of the African-American Studies Student Organization working as a site leader for "Into The Streets", myself and other AASO officers volunteered at Norwood Elementary. We got the incredible opportunity to help with beautification efforts of the school and made a good connection with the school's principal. We built a great relationship within a very short time, and mutually agreed to come back within the near future as an entire organization to help as volunteer tutors. Without "Into The Streets", the opportunity probably would not have come into fruition. However, because of this event we hope to have a lasting partnership with Norwood Elementary."

-Darrell Forte, President, AASO
