

Get Ready for the Classroom

STUDENT CLASSROOM HEALTH AND SAFETY CHECKLIST

This checklist will help you have a healthy and safe semester with UAB's campus safety plan. To get you started, we've measured each classroom to encourage proper social distancing, provided sanitizing wipes and installed equipment to support hybrid and remote learning.

BEFORE YOU ARRIVE TO YOUR CLASSROOM

- Read **UAB safety strategies** at [UAB United \(uab.edu/uabunited\)](https://uab.edu/uabunited)
- Look to your **UAB email** (including Greenmail on Wednesdays) for information and updates
- Wear a **face covering properly**, covering your nose and mouth
- Complete your **Healthcheck every day and get your Passport on the final screen**
 - If your passport is red, do not go to class until cleared by Student Health
- Be sure this is your assigned **Attendance Day** for this class

EXPECTATIONS FOR STUDENTS IN THE CLASSROOM

- Wear a **mask properly** (covering mouth and nose); no eating will be permitted
 - Students without face coverings will be required to leave
- Use the **hand sanitizer stations** nearby on your way into the classroom
- Wipe down your chair/desk** with provided sanitizing wipes
- Take your seat promptly and maintain your social distancing
- Prepare to show your **Healthcheck passport**
 - Do not show your passport at the door to avoid groups
 - You can print your passport from a PC if necessary
 - Once seated and when requested by the instructor, show your Healthcheck passport. If necessary, "zoom in/enlarge" your name/date on the screen.

If you have a **red screen, an out-of-date screen or no screen**, you should leave immediately

- If you refuse, the instructor has the right to cancel class and must report your non-compliance to Student Conduct for progressive discipline; OneCards can be shut off due to non-compliance

- If you witness **non-compliance** with safety requirements, alert your instructor. You can also [report non-compliance anonymously](#) or to [Student Conduct](#).
- At the end of class, wipe down your chair/desk and maintain social distancing as you leave
