For our SharePoint websites, you don't have to put in your username and password each time	Brought to you by **Lisa Schwaiger** - DOPM HelpDesk Triage and Computer Tech

SITUATION:

I use a DOPM-based SharePoint website (or the DOPM-AdminDB website) a lot.

Do I really have to put in my username and password every time?

SOLUTION:

For most people, no you don't. ☺

Just spend 2 minutes changing your browser settings as described here: time-saver-tip-sharepoint
