Subject: Tip of the Week - New Remotes in Conference Rooms

Announcement
**New wireless presentation Mice
located in conference rooms**

Brought to you by
Adim Premani
- one of the Student
Techs in MT-111

We have recently acquired new presentation mice for Conference Rooms 605, 634, and 646.

(Note: You will still be able to use existing mice; old presentation remotes have been removed from the conference rooms.)

These mice have many capabilities including wireless mouse control, volume up/down, laser pointer, and more!

Located near these new presentation mice in the conference rooms is a diagram overview of all the functions and capabilities.

Was this helpful? Do you have suggestions for a future Tip of the Week? Do you have any other comments?
