How to better know the equipment in MT634, including recent upgrades

Brought to you by Rich Searles
- Computer Tech (now in MT-403)

SITUATION:

How can I easily learn more about MT634 equipment, including the Smart Board and Video Conferencing?

SOLUTION:

Good question. Glad you asked.

Rich will host an information session, including training on the use of the equipment, on March 8 at 2pm.

If you can't make that date, other sessions after that will be: April 12, May 10, June 14, July 12.
(All are on Wednesdays. All sessions start at 2pm.)
