Subject: Computer Tip of the Week -- Useful accessibility options

l	Jseful accessibility options	Brought to you by Adim Premani - HelpDesk Computer Tech (in MT-403)		
SITUA	TION:			
can he	, the standard mouse pointer is not elp you locate it whenever you lose	it.	iture that	
SOLU	TION:			
Ease of	of Access Center has replaced Acces	sibility Options in the 'Control Panel'.		
1.	To open Ease of Access Center pre	ess 'Windows' logo key +'U'		
2.	2. Select 'Make the mouse easier to use'			
3.	. Select 'Mouse Settings' under See also.			
4.	Select the Pointers tab. Here you c easily see.	can customize your mouse pointer to one	you can	
5.	Select the 'Pointer Options' tab.			
6.	'Show location of pointer when I press the Ctrl key' allows you to locate the mouse pointer by pressing the Ctrl key, click to select or press 'Alt' + 'S'.			
	Visibility Display pointer trails Short Unit Content of the second secon	ng		

There are other settings that you may find useful. The Visibility settings allow you to improve the visibility of the mouse pointer on the screen.

7. To turn on Display pointer trail press 'Alt' + 'D' or click to select.

Show location of pointer when I press the CTRL key

8. To hide the mouse pointer when typing turn on Hide pointer while typing, press 'Alt' + 'H' or click to select.
