**Subject:** Computer Tip of the Week - For our SharePoint websites, you don't have to put in your username and password each time

**For our SharePoint websites,  
you don't have to put in your  
username and password each time**

(This is an **encore** Tip of the Week. Re-sending it because it's potentially so useful to so many people.)

Brought to you by

**Lisa Schwaiger**

- DOPM HelpDesk Triage and  
Computer Tech in MT-403

**SITUATION:**

I use a DOPM-based SharePoint website (or the DOPM-AdminDB website) a lot.  
Do I really have to put in my username and password every time?

**SOLUTION:**

For most people, no you don't. 😊

Just spend 2 minutes changing your browser settings as described here: [time-saver-tip-sharepoint](#)
