**Subject:** Computer Tip of the Week -- How to see all Excel formulas

## How to see all Excel formulas

Brought to you by  
**Lisa Schwaiger**  
- DOPM HelpDesk Triage and  
Computer Tech in MT-403

### SITUATION:

How can I see all the formulas in my Excel sheet at all once?

### SOLUTION:

To toggle this on/off:

[Ctrl] plus accent grave (which looks like a reverse apostrophe), circled in image here.

Once the formulas are shown, you can do Find (or Replace) for multiple formulas.
