Fast way to close all running programs in Windows	Brought to you by Lisa Schwaiger-HelpDesk Triage and Computer Tech (in MT-403)

SITUATION:

Sometimes I have a lot of programs open.
I want a fast way to close them all, without having to go to the [X] on each one.

SOLUTION:

[Alt] + [F4]
…will close most programs
Just hold down [Alt] and press [F4] as many times as needed.
