## Record my meeting or presentation

Brought to you by

(in MT-403)

### SITUATION:

It would be helpful to have a recording of my next meeting or presentation.

### SOLUTION:

If you conduct your meeting in MT605 or MT634 just let me (Rich) know and you will get a video formatted like the screenshot below. I can also cut out parts you don't want, add titles and make it ready for streaming.

There is no cost associated with this.

Was this helpful? Do you have suggestions for a future Tip of the Week? Do you have any other comments?
