Computer Tech in MT-403

### QUESTION:

Tell me all about how to add “signature lines” in email (Outlook and webmail).  
(And while you’re at it, remind me again of the meaning/differences of the terms **email** and **Outlook** and **webmail**.)

What are UAB’s standards/requirements for email signatures?

### BACKGROUND:

You can get to and use your [@uabmc.edu](mailto:@uabmc.edu) email account in multiple ways:

- You can do it using **Outlook** – which is a program (app) that’s actually installed and configured on your work computer (and it remembers your email password)
- Or through **webmail** – which is just a website (<https://webmail.uabmc.edu>) that requires your email username and password each time.

### ANSWER:

How to add or alter a signature line:

Oddly enough, if you use both **Outlook** and **webmail**, you will need to set up signature lines for **each** of those, since they don’t affect each other. (You can do copy and paste to make that easier).

For Outlook	Instructions are at <a href="https://support.office.com/en-us/article/create-and-add-a-signature-to-messages-8ec5d4f4-68fd-464a-a1c1-0e1c80bb27f2">https://support.office.com/en-us/article/create-and-add-a-signature-to-messages-8ec5d4f4-68fd-464a-a1c1-0e1c80bb27f2</a> (See 1 minute video at the bottom of that page)
For Webmail	<a href="https://webmail.uabmc.edu">https://webmail.uabmc.edu</a> <ol style="list-style-type: none"><li>1. Gear on top right </li><li>2. [Options]</li><li>3. [Email signature] on left</li><li>4. And put what you want there.</li></ol>

### BEST PRACTICES:

- The email signature is a vital tool in presenting UAB as a unified brand, and consistency supports this message.
- See preferred font, colors, etc at <https://www.uab.edu/toolkit/uab-brand/templates/email-signatures>
- 6 months ago, UAB changed its branding from “Knowledge that will change your world” to “UAB. Powered by will”. **Therefore, please remove the old tagline from your email signature.**
- There are two templates for email signatures – the standard and the abbreviated version:

Standard	<p><b>Name   Title</b>  Office/Department Name  UAB   The University of Alabama at Birmingham  BLDG Abbreviation Suite #   Mailing or Physical  Address   Birmingham, AL ZIP  P: 205.555.5555   <a href="mailto:yourblazerid@uab.edu">yourblazerid@uab.edu</a>   uab.edu</p>
Abbreviated	<p><b>Name   Title or Office/Department Name</b>  UAB   The University of Alabama at Birmingham  P: 205.555.5555   M: 205.444.4444   uab.edu</p>

Here is an example of Justin Kamerow’s email signature:

**Justin A Kamerow, MBA, MPA, aPHR | Personnel Generalist**  
Division of Preventive Medicine | Department of Medicine  
UAB | The University of Alabama at Birmingham  
MT 505G | 1717 11th Avenue South | Birmingham, AL 35294-4410  
P: 205.934.2370 | F: 205.996.1549 | [jkamerow@uab.edu](mailto:jkamerow@uab.edu)

[uab.edu/medicine/dopm](http://uab.edu/medicine/dopm)

**UAB.** Powered by will.

- **Additional Guidelines:**
  - You can use either the standard or abbreviated signature for your email.
  - Phone and email options can be changed as necessary to your preferred contact method (P-phone, O-office, M-mobile, F-fax, etc.)
  - The UAB logo or images should not be included in the signature.
  - Have the correct information in your signature; if you move, be sure to update it.

We’ll be happy to assist with setting up your signatures.

Just let us know ([dopmHelp@uabmc.edu](mailto:dopmHelp@uabmc.edu) or 934-7662), and we’re happy to remote assist. It should only take a few minutes.
