QUESTION:

I know that Windows 7 is going away, and that Windows 10 is “the Standard” now, but I’m not really familiar with it.

Will I be able to easily transition from Windows 7 to Windows 10?

ANSWER:

There are enough differences between Win 7 & Win 10 that it might not be intuitive. Things are in different places and menus have changed.

In an effort to reduce some of the potential frustration, we recommend investing a little time to watch a video about it. Here are three options of varying length:

- 3 minutes: <https://www.youtube.com/watch?v=fcBZCSs9lrQ>
- 17 minutes: <https://www.youtube.com/watch?v=8d9FY3LpR4E>
- 38 minutes: <https://www.youtube.com/watch?v=FZqKyhfD7-E>
