QUESTION:

I like these “Tips of the Week”, and I save all of them -- you know, just in case I need to refer back to one. That’s what I should be doing, right?

ANSWER:

Actually there’s really no need for that.

The idea behind these “Tips of the Week” (TotW) is just to give you bite-sized bits of info that you can glance at and understand in a moment’s time.

Then if you ever need to refer back to one, they are all saved on a page of our [HelpPages](#).

(The link to that page is below – on all “Tip of the Week” emails.)

Was this helpful? Do you have suggestions for a future Tip of the Week? Do you have any other comments?
