Subject: Computer Tip of the Week -- See all Apps (programs) that are open

How to see all Apps (programs) that are open on your computer

Brought to you by

Lisa Schwaiger

- DOPM HelpDesk Triage and
Computer Tech in MT-403

SITUATION:

I want to see images of everything (all programs) that I have open.
(The icon on the task manager is not enough information sometimes.)

SOLUTION:

Use this shortcut: Ctrl+Alt+Tab.
In other words, hold down [Ctrl] and [Alt] keys and then press the [Tab] key.

(Then you can click on the one that you want to go to.)

If interested, see this short section of this [video](#)

Was this helpful? Do you have suggestions for a future Tip of the Week? Do you have any other comments?
