Free software available	Brought to you by **Rich Searles** - Computer Tech (in MT-403)

SITUATION:
I hear there is some free software available to people, including **Tableau software**
Can you tell me more about how to go about getting that?

SOLUTION:
UAB does provide this, and other free software for use on your DOPM computer.

Glance at your options here:
- Specifically for Tableau Software at https://uabprod.service-now.com/service_portal?id=sc_cat_item&sys_id=c2d8f6603753934024a67c1643990ebb
- Generally at https://uabprod.service-now.com/service_portal
- For free software at https://uabprod.service-now.com/service_portal?id=search&t=&q=free%20software&search=

Fill out the form to request it.
Then once you receive an email stating the software is available, you can download the software but will *not* be able to install it on your DOPM computer yourself. At that point, contact us (at dopmHelp@uabmc.edu or 934-7662) and we can assist you.
